**CAUTIONARY STATEMENT**

This prospectus supplement, the accompanying prospectus, the documents that are incorporated by reference in this prospectus supplement and the accompanying prospectus and any free writing prospectuses filed by us with the SEC may contain statements that constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements generally relate to our plans, estimates, objectives and expectations for future events, as well as projections, business trends and other statements that are not historical facts. Such forward-looking statements are subject to known and unknown risks and uncertainties, some of which are beyond our control, which may cause our actual results, performance or achievements, or industry results, to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. These risks and uncertainties include but are not limited to:

demand for and market acceptance of our products and services and our ability to successfully implement our business plan;

our dependence on our subsidiary companies (Market Channel Affiliates ( MCAs )) and third party product and service developers and providers, distributors and resellers (Market Channel Partners ( MCPs )) to develop, market and sell our products and services, especially in markets outside the United States;

substantial losses we have incurred and may continue to incur;

the inability to effect suitable investments, alliances and acquisitions, and even if we are able to make acquisitions, the failure to integrate and effectively operate the acquired businesses and the exposure to additional risks, such as unexpected costs, contingent or other liabilities, or weaknesses in internal controls, and issues related to non-compliance with domestic and foreign laws, particularly in acquisitions of foreign businesses;

our dependence on significant customers for a substantial portion of our revenues, including key customers such as JB Hunt Transport Services, Inc., Walmart, Caterpillar Inc., Komatsu Ltd., Hub Group, Onixsat and Satlink S.L.;

our ability to expand our business outside the United States, including risks related to the economic, political and other conditions in foreign countries in which we do business, including fluctuations in foreign currency exchange rates;

our dependence on a few significant vendors, service providers or suppliers, as well as the loss or disruption or slowdown in the supply of products and services from these key vendors, service providers or suppliers, such as our SkyWave business's dependence on its commercial relationship with Inmarsat plc and the services provided by Inmarsat plc, including the continued availability of Inmarsat plc's satellites, the supply of our products produced by Sanmina Corporation, or the supply of application specific integrated circuits ( ASICs ) from S3 Group;

competition from existing and potential telecommunications competitors, including terrestrial and satellite-based network providers, some of whom provide wireless network services to our customers in connection with our products and services;

our reliance on intellectual property rights and the risk that we, our MCAs, our MCPs and our customers may infringe on the intellectual property rights of others;

**Table of Contents**

our inability to operate due to changes or restrictions in the political, legal, regulatory, government, administrative and economic conditions and developments in the United States and other countries and territories in which we provide our services;

legal proceedings;

the failure of our system or reductions in levels of service due to technological malfunctions or deficiencies or other events, such as in-orbit satellite failures, reduced performance of our existing satellites, or man-made or natural disasters and other extreme events;

rapid and significant technological changes, pricing pressures and other competitive factors;

cybersecurity risks;

the level of our indebtedness and the terms of our \$250 million 8.0% senior secured note indenture and our revolving credit agreement, under which we may borrow up to \$25 million, that could restrict our business activities or our ability to execute our strategic objectives or adversely affect our financial performance; and

the other risks described in our filings with the SEC.

We undertake no obligation to publicly revise any forward-looking statements or cautionary factors except as required by law. For more detail on these and other risks, please see **Risk Factors** in this prospectus supplement, the accompanying prospectus and our Annual Report on Form 10-K for the year ended December 31, 2017.

**SUMMARY**

*The following information supplements, and should be read together with, the information contained or incorporated by reference in other parts of this prospectus supplement and the accompanying prospectus. This summary highlights selected information about us and this offering. This summary may not contain all of the information that may be important to you. You should read carefully all of the information contained in or incorporated by reference into this prospectus supplement and the accompanying prospectus, including the information set forth under the caption **Risk Factors** in this prospectus supplement and the accompanying prospectus, as well as our consolidated financial statements and the related notes thereto incorporated by reference in this prospectus supplement and the accompanying prospectus, before making a decision to invest in our common stock.*

**Our Company**

We are a global provider of industrial Internet of Things ( IoT ) solutions, including network connectivity, devices, device management and web reporting applications. These solutions enable optimal business efficiencies, increased asset utilization and reduced asset write-offs, helping customers realize benefits on a worldwide basis. Our industrial IoT products and services are designed to track, monitor, control and enhance security for a variety of assets, such as trailers, trucks, rail cars, sea containers, power generators, fluid tanks, marine vessels, diesel or electric powered generators, oil and gas wells, pipeline monitoring equipment, irrigation control systems, and utility meters, in industries for transportation & supply chain, heavy equipment, fixed asset monitoring, maritime and government. Additionally, we provide satellite Automatic Identification Service ( AIS ) data services to assist in vessel navigation and to improve maritime safety for government and commercial customers worldwide. Through two acquisitions in 2017, we added to our transportation product portfolio vehicle fleet management, as well as in-cab and fleet vehicle solutions. We provide our services using multiple network platforms, including our own constellation of low-Earth orbit ( LEO ) satellites and our accompanying ground infrastructure, as well as terrestrial-based cellular communication services obtained through reseller agreements with major cellular (Tier One) wireless providers. We also offer customer solutions utilizing additional satellite network service options that we obtain through service agreements we have entered into with third party mobile satellite providers. Our satellite-based customer solution offerings use small, low power, mobile satellite subscriber communicators for remote asset connectivity, and our terrestrial-based solutions utilize cellular data modems with subscriber identity modules ( SIMs ). We also resell service using the two-way Inmarsat plc satellite network to provide higher bandwidth, low-latency satellite products and services, leveraging our IsatDataPro technology. Our customer solutions provide access to data gathered over these systems through connections to other public or private networks, including the Internet. We are dedicated to providing what we believe are the most versatile, leading-edge industrial IoT solutions in our markets that enable our customers to run their business operations more efficiently and achieve significant return on investment.

We derive service revenues mostly from monthly fees for industrial IoT connectivity services that consist of subscriber-based, recurring monthly usage fees for each subscriber communicator or SIM activated for use on our satellite network, other satellite networks, and cellular wireless networks that we resell to our customers (i.e., our MCPs, MCAs and direct customers). We also generate AIS service revenues from subscription based services supplying AIS data to customers and resellers. In addition, we earn service revenues from extended warranty service agreements extending beyond the initial warranty period of one year, installation services, royalty fees from

third parties for the use of our proprietary communications protocol charged on a one-time basis for each subscriber communicator connected to our industrial IoT data communications system and fees from providing engineering, technical and management support services to customers. We derive product revenues primarily from sales of complete industrial IoT telematics devices, modems and cellular wireless SIMs (for our terrestrial-communication services) to our resellers (*i.e.*, our MCPs and MCAs) and direct customers.

Customers benefiting from our network, products and solutions include original equipment manufacturers ( OEMs ), such as Caterpillar Inc., Doosan Infracore America, Hitachi Construction Machinery Co. Ltd., John Deere, Komatsu Ltd., and Volvo Construction Equipment; vertical market technology integrators known as value-added resellers ( VARs ) and international value-added resellers ( IVARs ), such as I.D. Systems, Inc. and American Innovations, and Value-added Solutions Providers, such as Onixsat, Satlink and Sascar (collectively referred to as Market Channel Partners ( MCPs )); and end-to-end solutions customers such as Carrier Transicold, Thermo King, C&S Wholesale, Canadian National Railways, CR England, Hub Group, Inc., JB Hunt Transport Services, Inc. ( JB Hunt ), KLLM Transport Services, Marten Transport, Prime Inc., Swift Transportation, Target, Tropicana, Tyson Foods, Walmart and Werner Enterprises.

We preliminarily estimate that our total revenues for the first quarter ended March 31, 2018 will be between \$66 million and \$69 million. This estimate is preliminary, reflects our current good faith estimate, and is subject to the completion of our financial closing procedures as the Company prepares the condensed consolidated financial statements for the quarter. Our actual results may differ materially from this estimate. Accordingly, investors should not place undue reliance on this preliminary estimate.

Our principal executive offices are located at 395 W. Passaic Street, Rochelle Park, New Jersey 07662, and our telephone number is (703) 433-6300. ### **Recently Completed Acquisitions**

#### ***Acquisition of Blue Tree Systems***

On October 2, 2017, we purchased all of the issued share capital of Blue Tree Systems Limited ( Blue Tree ) for an aggregate consideration of (i) \$34.3 million, subject to an additional working capital adjustment; (ii) 191,022 shares of our common stock, valued at \$10.47 per share; and (iii) up to \$5.8 million, subject to certain operational milestones, payable in stock or a combination of cash and stock at our election (the Blue Tree Acquisition ). The Blue Tree Acquisition solidifies our transportation portfolio by adding in-cab and refrigerated truck solutions to our current cargo solution.

#### ***Acquisition of inthinc, Inc.***

On June 9, 2017, we completed the acquisition of substantially all of the assets of inthinc, Inc. ( Inthinc ) for an aggregate consideration of (i) \$34.2 million, subject to a working capital adjustment; (ii) 76,796 shares of our common stock, valued at \$9.95 per share; and (iii) up to \$25.0 million, subject to certain operational milestones, payable in stock or a combination of cash and stock at our election (the Inthinc Acquisition ). The Inthinc Acquisition allows us to offer fleet management and driver safety solutions to enterprises and industrial companies worldwide, who operate large commercial vehicle fleets.

## **Table of Contents**

### **Our Business Strengths and Competitive Advantage**

Over the past several years, we have grown from a satellite network owner and operator into a leading global provider of industrial IoT solutions. Using our satellite network as a key differentiator, in 2017 we continued our transition to an end-to-end industrial IoT solution provider with the Inthinc Acquisition providing a solid entry point for us into the vehicle fleet management market, while the Blue Tree Acquisition solidified our transportation portfolio by adding in-cab and refrigerated truck solutions to our industry-leading cargo solutions. Through the incremental capabilities, markets and distribution channels acquired through inthinc and Blue Tree, we now provide what we believe is the most complete, integrated transportation solution offering from in-cab fleet vehicles to refrigerated assets to dry vans all visible in a single platform.

With our expanding portfolio of industrial IoT solutions, we are changing the way enterprises track, monitor, protect and control assets around the world in multiple industries. We provide individual application components, such as modems and chip sets, as well as full end-to-end solutions, such as freight transportation monitoring, cold chain compliance, refrigerated asset monitoring, vehicle fleet management, in-cab driver safety and cargo security systems. Our combination of global network services along with our state-of-the-art devices, device management and robust web-based Software-as-a-Service ( SaaS ) applications provides what we believe is the global industrial IoT markets most comprehensive service offering and positions us as a leader and innovator in the global industrial IoT marketplace. In addition, our solution delivery team provides end-to-end customer service from installation to deployment to ongoing customer care to support our diverse customer base. We believe that our approach to industrial IoT solutions is unique in our industry and will enable us to achieve significant growth.

Within the rapidly evolving industrial IoT market, customers have widely divergent requirements for hardware, connectivity, middleware, and software that depend, in part, on specific industry, geography, and price requirements. Leveraging our expertise in the global industrial IoT sector and through our diverse portfolio of devices, network services and SaaS applications, we provide solutions that enable customers to minimize development time, reduce costs and increase operational efficiency, whether by saving on fuel, improving asset turn times, lowering maintenance costs or optimizing asset utilization. We believe that our flexibility in responding to unique customer requirements, as well as our ability to provide all of these products and services ourselves, through our incremental resources, increased capabilities and improved scalability, enhances our competitive positioning and the size of our addressable market.

Our key competitive advantages include a broad range of industrial IoT network connectivity solutions, including cellular network connectivity through our partnerships with Tier One cellular carriers, and global, two-way satellite data communication connectivity through our own network of LEO satellites and accompanying ground infrastructure, as well as through strategic partnerships with Inmarsat and Globalstar.

Through our satellite network, we provide worldwide coverage, including in the open ocean, allowing end-users to access our communications system in areas outside the coverage of terrestrial networks. Our unique, proven technology offers full two-way data communication with minimal line-of-sight limitations and reliable performance. By leveraging our expanded ORBCOMM Generation 2 ( OG2 ) satellite network, we have reduced the time interval in delivering messages and data, or network latency, in most regions of the world. The OG2 capabilities allows for increased data rate and message sizes, as well as enhance our AIS

## **Table of Contents**

capabilities. Using our satellite-based AIS system, which is equipped on each of our OG2 satellites, our customers have access to AIS data well beyond coastal regions in a cost-effective and timely fashion. We provide what we believe is the most comprehensive global AIS data service through a combination of satellite and terrestrial data, enabling government and commercial customers to track more than 200,000 AIS-equipped vessels worldwide per day, facilitating maritime surveillance and intelligence. We intend to continue working with system integrators and maritime information service providers to develop AIS-based value added services and to facilitate the sales and distribution of AIS data.

Our strategic relationships with key distributors and OEMs have enabled us to streamline our sales and distribution channels and, in some cases, shift much of the risk and cost of developing and marketing end-user applications to the OEMs and MCPs. We have established strategic relationships with major OEMs, such as Carrier Transicold, Caterpillar Inc., Hitachi Construction Machinery Co., Ltd., Komatsu Ltd., Volvo Construction Equipment, Oshkosh Corporation / JLG Industries, Inc. and Doosan Infracore America, as well as key VARs and IVARs, such as ID Systems, Precise Innovations and American Innovations in North America along with Onixsat, Satlink S.L. and Sascar in key international markets.

## **Our Strategy**

Our long-term growth strategy capitalizes on expanding our capabilities and distribution through a build, buy or partner approach based on time to market and return on investment. Our growth is a result of our ability to leverage our vast in-house engineering capabilities to design new products as well as reduce costs and improve the functionality of our products through product redesign initiatives. In addition, we continue to identify strategic acquisitions that expand existing business lines, increase our resources and scalability and build collaborative partnerships with fellow industry leaders.

**RISK FACTORS**

*Investing in our common stock offered pursuant to this prospectus supplement involves risk. Before you invest in our common stock you should carefully consider the following risk factors, as well as the other information in this prospectus supplement, the accompanying prospectus and the documents incorporated by reference in this prospectus supplement and the accompanying prospectus, and carefully read the risks described in the documents incorporated by reference in this prospectus supplement and the accompanying prospectus, including those set forth under the caption **Risk Factors** in our Annual Report on Form 10-K for the year ended December 31, 2017, before investing in our common stock. Any of these risks could cause our actual results to vary materially from recent results or from anticipated future results or could materially and adversely affect our business, financial condition and results of operations. This effect could be compounded if multiple risks were to occur. The occurrence of any of these risks might cause you to lose all or part of your investment. Please also refer to the section above entitled **Cautionary Statement** regarding forward-looking statements included or incorporated herein by reference.*

**Risks Related to the Offering**

***Fluctuations in the price of our common stock, including as a result of actual or anticipated sales of shares by stockholders may make our common stock more difficult to resell.***

The market price and trading volume of our common stock have been and may continue to be subject to significant fluctuations due not only to general stock market conditions but also to a change in sentiment in the market regarding the industries in which we operate, our operations, business prospects or liquidity or this offering. During the period from January 1, 2017 to April 4, 2018, our common stock has fluctuated from a high of \$11.99 per share to a low of \$7.77 per share. In addition to the risk factors discussed in our periodic reports, in the accompanying prospectus and elsewhere in this prospectus supplement, the price and volume volatility of our common stock may be affected by actual or anticipated sales of common stock by existing stockholders, including of shares purchased in this offering, whether in the market or in subsequent public offerings. Stock markets in general have experienced extreme volatility recently that has at times been unrelated to the operating performance of particular companies. These broad market fluctuations may adversely affect the trading price of our common stock, regardless of our operating results.

***We have broad discretion as to the use of the net proceeds we receive from this offering and may not use them effectively.***

We retain broad discretion to use the net proceeds from this offering of our common stock for general corporate purposes, which may include, among other things, future acquisitions as part of our strategy to pursue growth opportunities, debt repayment, stock repurchases, working capital and/or capital expenditures. Net proceeds may be temporarily invested before use. Accordingly, you will have to rely upon the judgment of our management with respect to the use of those net proceeds. Our management may spend a portion or all of the net proceeds we receive from this offering in ways that our stockholders may not desire or that may not yield a favorable return. The failure by our management to apply these funds effectively could harm our business. See **Use of Proceeds**.

***There may be future sales or other dilution of our equity, including activity from acquisitions or earn outs related to acquisitions, which may adversely affect the market price of our common stock.***

Except as described under **Underwriting**, we are not restricted from issuing additional common stock, including securities that are convertible into or exchangeable for, or that represent

---

**Table of Contents**

the right to receive, common stock. We are offering 3,000,000 shares of common stock, and potentially an additional 450,000 shares of common stock if the underwriters' option to purchase additional shares is exercised in full. The issuance of additional shares of our common stock in this offering or other issuances of our common stock or convertible or other equity linked securities, including options and warrants, or otherwise, in connection with capital raising transactions, as payment of the consideration for acquisitions or for employee compensation or other purposes will dilute the ownership interest of our common stockholders. As of March 2, 2018, we had 74,751,626 outstanding shares of common stock. As of December 31, 2017: (i) 1,263,214 shares of common stock issuable upon vesting of outstanding restricted share units, (ii) 1,424,582 shares of common stock issuable upon the exercise of outstanding stock appreciation rights with a weighted average exercise price of \$5.45 per share, (iii) an aggregate of 4,821,954 shares of our common stock available for issuance under our 2016 Employee Stock Purchase Plan, (iv) an aggregate of 62,552 shares of common stock deliverable upon conversion of the outstanding Series A convertible preferred stock, (v) 4,484,945 shares of our common stock available for future issuance under our 2016 Long-Term Incentive Plan, and (vi) up to 3,155,873 shares of our common stock potentially issuable for the maximum possible earn-out payments in connection with our past acquisitions if we elect to satisfy the earn-outs in shares of common stock, based on our stock price as of April 4, 2018.

Sales of a substantial number of shares of our common stock or other equity-related securities in the public market could depress the market price of our common stock and impair our ability to raise capital through the sale of additional equity securities. We cannot predict the effect that future sales of our common stock or other equity-related securities would have on the market price of our common stock.

*You will experience immediate dilution in the book value per share of the common stock you purchase.*

Because the price per share of our common stock being offered is substantially higher than the net tangible book value per share of our common stock, you will suffer substantial dilution in the net tangible book value of the common stock you purchase in this offering. After giving effect to the sale by us of 3,000,000 shares of common stock in this offering, and assuming a public offering price of \$9.11 per share (the last reported sale price of our common stock in The Nasdaq Global Market on April 4, 2018) in this offering and a net tangible book value of \$(0.262) per share of our common stock as of December 31, 2017, if you purchase shares of common stock in this offering, you will suffer immediate dilution of \$9.034 per share in the net tangible book value of the common stock. If the underwriters exercise their option to purchase additional shares, you will experience additional dilution. See "Dilution" on page S-15 for a more detailed discussion of the dilution you will incur in connection with this offering.

**Risks Related to Our Business; Risks Related to Our Technology; Risks Related to Our Debt; and Risks Related to an Investment in Our Common Stock**

You should read and consider the risk factors related to our business, our technology, our debt and an investment in our common stock described in Part I, Item 1A, "Risk Factors" included in our Annual Report on Form 10-K for the year ended December 31, 2017.

**Table of Contents**

**USE OF PROCEEDS**

We estimate that the net proceeds from the sale of our common stock in this offering will be approximately \$        million, or approximately \$        million if the underwriters exercise in full their option to purchase additional shares of common stock, in each case, after deducting underwriting discounts and commissions and our estimated expenses related to the offering. We intend to use the net proceeds from this offering for general corporate purposes, which may include, among other things, future acquisitions as part of our strategy to pursue growth opportunities, debt repayment, stock repurchases, working capital and/or capital expenditures. Net proceeds may be temporarily invested before use.

- (2) On September 30, 2014, we entered into a credit agreement with Macquarie CAF LLC which provided secured credit facilities in an aggregate amount of \$160 million, providing for an initial term loan facility, a Term B2 term loan facility, a Term B3 term loan facility, and a revolving loan facility (our Secured Credit Facilities) in order to refinance our \$45 million 9.5% per annum senior notes. On October 10, 2014, we borrowed \$70 million under the initial term loan facility, a portion of which was used to repay in full our \$45 million 9.5% per annum Senior Notes, and \$10 million under the revolving credit facility. On December 30, 2014, we borrowed \$70 million under the Term B3 facility, which was used to partially fund the acquisition of SkyWave Mobile Communications Inc. On January 16, 2015, we borrowed \$10 million under the Term B2 facility, which was used to partially fund the InSync Acquisition.
- On April 10, 2017, we issued \$250 million aggregate principal amount of the Senior Secured Notes due 2024, the proceeds of which were used to repay in full our outstanding obligations under, and to terminate our \$150 million outstanding Secured Credit Facilities. For more

**Table of Contents****DILUTION**

If you invest in our common stock, your interest will be diluted immediately to the extent of the difference between the public offering price per share of our common stock and the as adjusted net tangible book value per share of our common stock after this offering. As of December 31, 2017, our net tangible book value was approximately \$(19.6) million, or approximately \$(0.262) per share of our common stock. Net tangible book value per share is equal to our total net tangible assets, or total net assets less intangible assets, divided by the number of shares of our outstanding common stock. After giving effect to the sale by us of 3,000,000 shares of our common stock in this offering at an assumed public offering price of \$9.11 per share (the last reported sale price of our common stock on The Nasdaq Global Market on April 4, 2018), and after deducting the estimated offering expenses of this offering paid by us, our as adjusted net tangible book value as of December 31, 2017 attributable to common stockholders would have been approximately \$5.893 million, or approximately \$0.076 per share of our common stock. This represents an immediate increase in the as adjusted net tangible book value to our existing stockholders, and an immediate dilution of \$9.034 per share to new investors purchasing shares in this offering. Dilution in the as adjusted net tangible book value per share represents the difference between the offering price per share and the net tangible book value per share of our common stock immediately after this offering. The following table illustrates this per share dilution:

Assumed public offering price per share	\$ 9.11
Net tangible book value per common share before the offering	\$ (0.262)
Change in net tangible book value per share attributable to this offering	\$ 0.338
As adjusted net tangible book value per share after the offering	\$ 0.076
Dilution per common share to new investors	\$ 9.034

If the underwriters exercise their option to purchase additional shares in full, the as adjusted net tangible book value per share as of December 31, 2017 after giving effect to this offering would increase to \$0.125 per share and the dilution per share to new investors would be \$8.985 per share.

The discussion and table above exclude the following:

1,263,214 shares of common stock issuable upon vesting of outstanding restricted stock units as of December 31, 2017;

1,424,582 shares of common stock issuable upon the exercise of outstanding stock appreciation rights with a weighted average exercise price of \$5.45 per share as of December 31, 2017;

An aggregate of 4,821,954 shares of our common stock available for issuance as of December 31, 2017 under our 2016 Employee Stock Purchase Plan;

An aggregate of 62,552 shares of common stock deliverable upon conversion of the outstanding Series A convertible preferred stock;

4,484,945 shares of common stock available for future issuance as of December 31, 2017 under our 2016 Long-Term Incentive Plan; and

Up to 3,155,873 shares of our common stock potentially issuable for the maximum possible earn-out payments in connection with our past acquisitions if we elect to satisfy the earn-outs in shares of common stock, based on our stock price as of April 4, 2018.

**Table of Contents**

If all outstanding options and stock appreciation rights are exercised, in each case, all outstanding restricted stock units vest and all outstanding shares of the Series A convertible preferred stock are converted immediately after this offering, the as adjusted net tangible book value per share as of December 31, 2017 after giving effect to this offering would decrease to \$0.073 per share and the dilution per share to new investors would be \$9.037 per share.

**MATERIAL UNITED STATES FEDERAL INCOME AND ESTATE TAX CONSEQUENCES TO NON-U.S. HOLDERS**

The following is a summary of the material United States federal income and estate tax consequences to a non-U.S. holder (as defined below) of the purchase, ownership and disposition of our common stock as of the date hereof. Except where noted, this summary deals only with common stock sold pursuant to this offering that is held as a capital asset within the meaning of Section 1221 of the Internal Revenue Code of 1986, as amended (the Code), by a non-U.S. holder.

A non-U.S. holder means a beneficial owner of our common stock (other than a partnership or other entity or arrangement treated as a partnership for United States federal income tax purposes) that is not for United States federal income tax purposes any of the following:

an individual citizen or resident of the United States;

a corporation (or any other entity treated as a corporation for United States federal income tax purposes) created or organized in or under the laws of the United States, any state thereof or the District of Columbia;

an estate the income of which is subject to United States federal income taxation regardless of its source; or

a trust if it (1) is subject to the primary supervision of a court within the United States and one or more United States persons have the authority to control all substantial decisions of the trust or (2) has a valid election in effect under applicable United States Treasury regulations to be treated as a United States person.

This summary is based upon provisions of the Code and regulations, rulings and judicial decisions existing as of the date hereof. Those authorities may change or be subject to differing interpretations, and any such change or differing interpretation may be applied retroactively in a manner that could affect the accuracy of the statements and conclusions set forth in this summary. This summary does not address all aspects of United States federal income and estate taxes and does not deal with foreign, state, local or other tax considerations that may be relevant to non-U.S. holders in light of their particular circumstances. This discussion also does not address the alternative minimum tax, the impact of the Medicare contribution tax on net investment income or any United States federal gift taxes. In addition, it does not address all of the United States federal income tax consequences relevant to a non-U.S. holder subject to special treatment under the United States federal income tax laws (including, without limitation, qualified foreign pension funds or entities wholly owned by a qualified foreign pension fund, banks, insurance companies, and other financial institutions, brokers, dealer or traders in securities, traders in securities that elect to use a mark to market method of accounting, tax-exempt entities or governmental organizations, persons subject to special tax accounting rules under Section 451(b) of the Code, United States expatriates and certain former citizens or long-term residents of the United States, controlled foreign corporations, passive foreign investment companies, and partnerships and other pass-through entities for United States federal income tax purposes). We cannot assure you that a change in law will not alter significantly the tax considerations that we describe in this summary.

If a partnership (or other entity or arrangement treated as a partnership for United States federal income tax purposes) holds our common stock, the tax treatment of a partner in the partnership will generally depend upon the status of the partner, the activities of the partnership and certain determinations made at the partner level. If you are a partner of a partnership holding our common stock, you should consult your tax advisors.

## **Table of Contents**

**If you are considering the purchase of our common stock, you should consult your own tax advisors concerning the particular United States federal income and estate tax consequences to you of the ownership of the common stock, as well as the consequences to you arising under the laws of any other taxing jurisdiction or any applicable income tax treaty.**

### **Distributions**

We currently do not intend to make distributions of cash or property with respect to our common stock. However, if we were to make distributions of cash or property with respect to our common stock, such distributions may be subject to the United States federal income tax treatment described below.

Distributions made to non-U.S. holders out of our current or accumulated earnings and profits, as determined for United States federal income tax purposes, generally will constitute dividends for United States federal income tax purposes. Amounts not treated as dividends for United States federal income tax purposes will constitute a return of capital and first be applied against and reduce a non-U.S. holder's adjusted tax basis in our common stock, but not below zero. Any excess generally will be treated as capital gain and generally will be treated as described below under **Gain on Disposition of Common Stock**.

Dividends paid to a non-U.S. holder of our common stock generally will be subject to withholding of United States federal income tax at a 30% rate or such lower rate as may be specified by an applicable income tax treaty. However, such dividends that are effectively connected with the conduct of a trade or business by the non-U.S. holder within the United States (and, if required by an applicable income tax treaty, are attributable to a United States permanent establishment), are not subject to the withholding tax, provided certain certification and disclosure requirements are satisfied. Instead, such dividends are subject to United States federal income tax on a net income basis in the same manner as if the non-U.S. holder were a United States person as defined under the Code. A non-U.S. holder that is a corporation may also be subject to a branch profits tax at a 30% rate (or such lower rate as may be specified by an applicable income tax treaty) on such effectively connected dividends, as adjusted for certain items.

A non-U.S. holder of our common stock who wishes to claim the benefit of an applicable treaty rate and avoid backup withholding, as discussed below, for dividends will be required (a) to complete Internal Revenue Service ( IRS ) Form W-8BEN or Form W-8BEN-E (or other applicable documentation) and certify under penalty of perjury that such holder is not a United States person as defined under the Code and is eligible for treaty benefits or (b) if our common stock is held through certain foreign intermediaries, to satisfy the relevant certification requirements of applicable United States Treasury regulations. Special certification and other requirements apply to certain non-U.S. holders that are pass-through entities rather than corporations or individuals.

A non-U.S. holder of our common stock eligible for a reduced rate of United States withholding tax pursuant to an income tax treaty may obtain a refund of any excess amounts withheld by timely filing an appropriate claim for refund with the IRS.

### **Gain on Disposition of Common Stock**

Subject to the discussion below of backup withholding and FATCA (as defined below), any gain realized on the disposition of our common stock generally will not be subject to United States federal income tax unless:

the gain is effectively connected with a trade or business of the non-U.S. holder in the United States (and, if required by an applicable income tax treaty, is attributable to a United States permanent establishment of the non-U.S. holder);

## **Table of Contents**

the non-U.S. holder is a nonresident alien who is present in the United States for 183 days or more in the taxable year of that disposition and certain other conditions are met; or

we are or have been a United States real property holding corporation for United States federal income tax purposes and certain other conditions are met.

A non-U.S. holder described in the first bullet point immediately above will be subject to tax on its net gain derived from the disposition in the same manner as if it were a United States person as defined under the Code. In addition, if a non-U.S. holder that is a corporation falls under the first bullet point immediately above, it may be subject to the branch profits tax equal to 30% (or such lower rate specified by an applicable income tax treaty) of its effectively connected earnings and profits, subject to adjustments.

An individual non-U.S. holder described in the second bullet point immediately above will be subject to a flat 30% tax (or such lower rate specified by an applicable income tax treaty) on the gain derived from the disposition, which may be offset by United States source capital losses (even though the individual is not considered a resident of the United States), provided the non-U.S. holder has timely filed United States federal income tax returns with respect to such losses.

With respect to the third bullet point immediately above, we believe we are not and we do not anticipate becoming a United States real property holding corporation for United States federal income tax purposes.

### **Federal Estate Tax**

Shares of our common stock held by an individual non-U.S. holder at the time of death generally will be included in such non-U.S. holder's gross estate for United States federal estate tax purposes, unless an applicable estate tax treaty provides otherwise, and, therefore, may be subject to United States federal estate tax.

### **Information Reporting and Backup Withholding**

Information reporting generally will apply to the amount of dividends paid to each non-U.S. holder and the tax withheld with respect to such dividends, regardless of whether withholding was required. Copies of the information returns reporting such dividends and withholding may also be made available to the tax authorities in the country in which the non-U.S. holder resides under the provisions of an applicable income tax or exchange of information treaty.

A non-U.S. holder will be subject to backup withholding (at the applicable statutory rate) for dividends paid to such holder unless such holder certifies under penalty of perjury that it is a non-U.S. holder (and the payor does not have actual knowledge or reason to know that such holder is a United States person as defined under the Code), or such holder otherwise establishes an exemption.

Information reporting and, depending on the circumstances, backup withholding will apply to the proceeds of a disposition of our common stock within the United States or conducted through certain United States-related financial intermediaries, unless the beneficial owner certifies under penalty of perjury that it is a non-U.S. holder (generally by providing Form W-8BEN or Form W-8BEN-E or a successor form) (and the payor does not have actual knowledge or reason to know that the beneficial owner is a United States person as defined under the Code), or such owner otherwise establishes an exemption.

**Table of Contents**

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against a non-U.S. holder's United States federal income tax liability provided the required information is timely furnished to the IRS.

**FATCA**

Under Sections 1471 through 1474 of the Code (such Sections commonly referred to as the Foreign Account Tax Compliance Act, or "FATCA"), a 30% United States federal withholding tax may apply to any dividends paid on our common stock and, for a disposition of our common stock occurring after December 31, 2018, the gross proceeds from such disposition, in each case paid to (i) a foreign financial institution (as specifically defined in the Code) which does not provide sufficient documentation, typically on IRS Form W-8BEN or Form W-8BEN-E, evidencing either (x) an exemption from FATCA, or (y) its compliance (or deemed compliance) with FATCA (which may alternatively be in the form of compliance with an intergovernmental agreement with the United States) in a manner which avoids withholding, or (ii) a non-financial foreign entity (as specifically defined in the Code) which does not provide sufficient documentation, typically on IRS Form W-8BEN or Form W-8BEN-E, evidencing either (x) an exemption from FATCA, or (y) adequate information regarding certain substantial United States beneficial owners of such entity (if any). If a dividend payment is both subject to withholding under FATCA and subject to the withholding tax discussed above under "Distributions," the withholding under FATCA may be credited against, and therefore reduce, such other withholding tax. You should consult your own tax advisor regarding these requirements and whether they may be relevant to your ownership and disposition of our common stock.

**EACH PROSPECTIVE INVESTOR SHOULD CONSULT ITS OWN TAX ADVISOR REGARDING THE TAX CONSEQUENCES OF PURCHASING, HOLDING AND DISPOSING OF OUR COMMON STOCK, INCLUDING THE CONSEQUENCES OF ANY RECENTLY ENACTED CHANGE IN APPLICABLE LAW, AS WELL AS TAX CONSEQUENCES ARISING UNDER ANY STATE, LOCAL, NON-U.S. OR U.S. FEDERAL NON-INCOME/ESTATE TAX LAWS.**

**UNDERWRITING**

Under the terms and subject to the conditions contained in an underwriting agreement to be entered into with the underwriters named below, for whom Raymond James & Associates, Inc. is acting as representative, the underwriters have severally agreed to purchase, and we have agreed to sell to them, the number of shares of our common stock set forth opposite their names below:

Underwriter	Number of shares
Raymond James & Associates, Inc.	
Canaccord Genuity LLC	
<b>Total</b>	<b>3,000,000</b>

The underwriters are offering the shares of common stock subject to their acceptance of the shares from us and subject to prior sale. The underwriting agreement provides that the obligation of the underwriters to purchase and accept delivery of the common stock offered by this prospectus supplement are subject to approval by its counsel of legal matters and to certain other conditions set forth in the underwriting agreement. The underwriters are obligated to purchase and accept delivery of all of the shares of common stock offered by this prospectus supplement, if any are purchased, other than those covered by the option to purchase additional shares described below.

**Option to Purchase Additional Shares**

We have granted the underwriters an option, exercisable within 30 days after the date of this prospectus supplement, to purchase from time to time up to an aggregate of 450,000 additional shares of common stock, at the same price per share as they are paying for the shares shown in the table above. If the underwriters exercise their option to purchase any of the additional 450,000 shares, each underwriter, subject to certain conditions, will become obligated to purchase a number of additional shares proportionate to that underwriter's initial purchase commitment as indicated in the table above. If purchased, these additional shares will be sold by the underwriters on the same terms as those on which the shares offered by this prospectus supplement are being sold.

**Commissions and Discounts**

The underwriters propose to offer the common stock directly to the public at the public offering price indicated on the cover page of this prospectus supplement and to various dealers at that price less a concession not to exceed \$ \_\_\_\_\_ per share. After this offering, the public offering price, concession and reallowance to dealers may be reduced by the underwriters. No reduction will change the amount of proceeds to be received by us as indicated on the cover page of this prospectus supplement. The shares of common stock are offered by the underwriters as stated in this prospectus supplement, subject to receipt and acceptance by them and subject to their right to reject any order in whole or in part.

The following table summarizes the underwriting compensation to be paid to the underwriters by us. These amounts assume both no exercise and full exercise of the underwriters' option to purchase additional shares. We estimate that the total expenses payable by us in connection with this offering will be approximately \$ \_\_\_\_\_.

	Without exercise	With full exercise
Per Share	\$ _____	\$ _____
Total	\$ _____	\$ _____

### **Indemnification**

We have agreed to indemnify the underwriters against various liabilities, including certain liabilities under the Securities Act of 1933, as amended (the Securities Act), and the Exchange Act of 1934, as amended (the Exchange Act), or to contribute to payments the underwriters may be required to make because of any of those liabilities.

### **Lock-up Agreements**

We have agreed that for a period of 75 days commencing after the date of this prospectus (the Lock-Up Period), we will not directly or indirectly, without the prior written consent of Raymond James & Associates, Inc., (1) offer for sale, sell, pledge or otherwise dispose of (or enter into any transaction or device that is designed to, or could be reasonably expected to, result in the disposition by any person at any time in the future) any shares of common stock or securities convertible into or exchangeable for common stock, or sell or grant options, rights or warrants with respect to any shares of common stock or securities convertible into or exchangeable for common stock, (2) enter into any swap or other derivatives transaction that transfers to another, in whole or in part, any of the economic benefits or risks of ownership of such shares of common stock, whether any such transaction described in clause (1) or (2) above is to be settled by delivery of common stock or other securities, in cash or otherwise, (3) file or cause to be filed a registration statement, including any amendments, with respect to the registration for the offer and sale by us of any shares of common stock or securities convertible, exercisable or exchangeable into common stock or any of our other securities, other than a registration statement under the Securities Act in replacement of the existing registration statement on Form S-3 (Registration No. 333-203186) on or prior to its expiration on April 14, 2018, or (4) publicly disclose the intention to do any of the foregoing. The restrictions contained in the preceding sentence shall not apply to (A) the shares of common stock to be sold hereunder, (B) the issuance of shares of common stock, restricted stock units, stock appreciation rights, options to purchase common stock or performance units pursuant to employee benefit plans, qualified stock option or stock purchase plans or other employee compensation plans in effect on the date of the underwriting agreement or pursuant to currently outstanding restricted stock units, stock appreciation rights, options, warrants or rights, (C) the conversion or exchange of options, warrants or other securities convertible into or exchangeable for our common stock outstanding as of the date of the underwriting agreement, (D) the issuance of shares of Series A convertible preferred stock as dividends on outstanding shares of Series A convertible preferred stock or (E) the issuance of shares of common stock in satisfaction of the our earn-out obligations in connection with the acquisitions of inthinc, Inc. and Blue Tree Systems Limited.

Certain of our directors and executive officers have entered into lock-up agreements with Raymond James & Associates, Inc. pursuant to which each of them, will not, without the prior written consent of Raymond James & Associates, Inc., (1) offer for sale, sell, pledge, grant any option to purchase or otherwise dispose of (collectively, a Disposition) any common stock, options, warrants, performance units or other securities convertible into or exchangeable for common stock of the Company (the Company Securities) or any securities convertible into or exercisable or exchangeable for, or any rights to purchase or otherwise acquire, any Company Securities held or acquired after the date of the underwriting agreement, or that may be deemed to be beneficially owned by such director or executive officer (collectively, the Lock-Up Shares), pursuant to the rules and regulations promulgated under the Securities Act and Exchange Act, during the Lock-Up Period, (2) exercise or seek to exercise or effectuate in any manner any rights of any nature that he or she has or may have hereafter to require us to register under the Securities Act his or her sale, transfer or other disposition of any of the Lock-Up Shares, (3) otherwise participate as a selling security holder in any manner in any registration of Lock-Up Shares

effected by us under the Securities Act, including under the registration statement to which this prospectus is a part of, during the Lock-Up Period, or (4) engage in any hedging, collar (whether or not for any consideration) or other transaction that is designed to or reasonably expected to lead or result in a Disposition of Lock-Up Shares during the Lock-Up Period, even if such Lock-Up Shares would be disposed of by someone other than such holder, and such prohibited hedging or other transactions would include any short sale or any purchase, sale or grant of any right (including any put or call option or reversal or cancellation thereof) with respect to any Lock-Up Shares or with respect to any security (other than a broad-based market basket or index) that includes, relates to or derives any significant part of its value from Lock-Up Shares. The restrictions contained in the preceding sentence shall not apply to (A) any transfer of Lock-Up Shares to a family member or trust, (B) any bona fide gift, provided that in the case of any transfer, gift or other disposition pursuant to (A) or (B), the transferee, trust, donee or other recipient agrees to be bound in writing by the terms of the lock-up agreement prior to such transfer and no filing by any party (donor, donee, transferor or transferee) under the Exchange Act shall be required or shall be voluntarily made in connection with such transfer (other than required filings under Section 16(a) and Section 13(d) or 13(g) of the Exchange Act and any filings made after the expiration of Lock-Up Period), (C) any transfer of Lock-Up Shares by will or intestate succession, (D) any transfer of Lock-Up Shares solely to cover applicable withholding taxes due upon the vesting of stock-based awards under our equity compensation plans, (E) the conversion or exchange of convertible or exchangeable Company securities outstanding as of the date of the lock-up agreement, (F) the establishment of a trading plan pursuant to Rule 10b5-1 under the Exchange Act for the transfer of Lock-Up Shares, or (G) the transfer of Lock-Up Shares pursuant to a trading plan established pursuant to Rule 10b5-1 under the Exchange Act prior to the date of the lock-up agreement.

**Price Stabilization, Short Positions and Penalty Bids**

Until this offering is completed, rules of the SEC may limit the ability of the underwriters and certain selling group members to bid for and purchase shares of our common stock. As an exception to these rules, the underwriters may engage in certain transactions that stabilize the price of our common stock. These transactions may include short sales, stabilizing transactions, purchases to cover positions created by short sales and passive market making. A short sale is covered if the short position is no greater than the number of shares available for purchase by the underwriters under the option to purchase additional shares. The underwriters can close out a covered short sale by exercising the option to purchase additional shares or purchasing shares in the open market. In determining the source of shares to close out a covered short sale, the underwriters will consider, among other things, the open market price of shares compared to the price available under the option to purchase additional shares. The underwriters may also sell shares in excess of the option to purchase additional shares, creating a naked short position. The underwriters must close out any naked short position by purchasing shares in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the common stock in the open market after pricing that could adversely affect investors who purchase in the offering. As an additional means of facilitating the offering, the underwriters may bid for, and purchase, shares of common stock in the open market to stabilize the price of the common stock. The underwriting syndicate may also reclaim selling concessions allowed to an underwriter or a dealer for distributing the common stock in the offering, if the syndicate repurchases previously distributed common stock to cover syndicate short positions or to stabilize the price of the common stock. These activities may raise or maintain the market price of the common stock above independent market levels or prevent or retard a decline in the market price of the common stock.

In connection with this transaction, the underwriters may engage in passive market making transactions in the common stock on The Nasdaq Global Market, prior to the pricing and

## **Table of Contents**

completion of this offering. Passive market making is permitted by SEC Regulation M and consists of displaying bids on The Nasdaq Global Market no higher than the bid prices of independent market makers and making purchases at prices no higher than these independent bids and effected in response to order flow. Net purchases by a passive market maker on each day are limited to a specified percentage of the passive market maker's average daily trading volume in the common stock during a specified period and must be discontinued when such limit is reached. Passive market making may cause the price of the common stock to be higher than the price that otherwise would exist in the open market in the absence of such transactions.

The underwriters also may impose a penalty bid. This occurs when a particular underwriter repays to the other underwriter a portion of the underwriting discount received by it because the representatives have repurchased shares sold by or for the account of such underwriter in stabilizing or short covering transactions.

These activities by the underwriters may stabilize, maintain or otherwise affect the market price of our common stock. As a result the price of our common stock may be higher than the price that otherwise might exist in the open market. The underwriters are not required to engage in these activities. If these activities are commenced, they may be discontinued by the underwriters without notice at any time. These transactions may be effected on The Nasdaq Global Market or otherwise.

## **Electronic Distribution**

A prospectus supplement in electronic format may be made available on websites or through other online services maintained by the underwriters of the offering, or by their affiliates. Other than the prospectus supplement in electronic format, the information on the underwriters websites and any information contained in any other website maintained by the underwriters is not part of this prospectus supplement or the registration statement of which this prospectus supplement forms a part, has not been approved and/or endorsed by us or the underwriters in their capacity as underwriters and should not be relied upon by investors.

## **Listing**

Our common stock is listed on The Nasdaq Global Market under the symbol ORBC.

## **Selling Restrictions**

No action has been taken in any jurisdiction (except in the United States) that would permit a public offering of our common stock, or the possession, circulation or distribution of this prospectus supplement, the accompanying prospectus or any other material relating to us or our common stock in any jurisdiction where action for that purpose is required. Accordingly, our common stock may not be offered or sold, directly or indirectly, and none of this prospectus supplement, the accompanying prospectus or any other offering material or advertisements in connection with our common stock may be distributed or published, in or from any country or jurisdiction, except in compliance with any applicable rules and regulations of any such country or jurisdiction.

The underwriters may arrange to sell common stock offered hereby in certain jurisdictions outside the United States, either directly or through affiliates, where they are permitted to do so.

## **Affiliations**

Each of the underwriters and their affiliates have provided, and may in the future provide, various investment banking, financial advisory and other financial services to us and our affiliates

**ABOUT THIS PROSPECTUS**

This prospectus is part of a shelf registration statement that we have filed with the Securities and Exchange Commission, or the SEC. By using a shelf registration statement, we may sell, at any time and from time to time, in one or more offerings, our debt securities, shares of our common stock, shares of our preferred stock, warrants to purchase our debt securities, common stock or preferred stock or units consisting of any combination of the other securities described in this prospectus, up to a maximum aggregate offering price of \$200,000,000. In addition, the selling stockholder may sell, at any time and from time to time, in one or more offerings, up to 3,910,433 shares of our common stock.

This prospectus provides you with a general description of the securities we or the selling stockholder may offer and the manner in which we or the selling stockholder may offer them. Each time we or the selling stockholder sell securities, we will provide a prospectus supplement that contains specific information about the terms of those securities and the manner in which they will be offered. The applicable prospectus supplement may also add, update or change information contained in this prospectus. You should carefully read this prospectus and the applicable prospectus supplements together with the additional information described below under the headings **Where You Can Find More Information** and **Documents Incorporated by Reference**.

You should rely only on the information contained in or incorporated by reference in this prospectus and in any applicable prospectus supplement. In the event the information set forth in a prospectus supplement differs in any way from the information set forth in this prospectus, you should rely on the information set forth in the prospectus supplement. Neither we nor the selling stockholder have authorized anyone to provide you with different information and neither we nor the selling stockholder are making an offer of these securities in any jurisdiction where the offer or sale is not permitted. You should not assume that the information in this prospectus or any applicable prospectus supplement is accurate as of any date other than the date of the document or that the information we have filed and will file with the SEC that is incorporated by reference in this prospectus is accurate as of any date other than the filing date of the applicable document. Our business, financial condition, results of operations and prospects may have changed since those dates.

**CAUTIONARY STATEMENT**

This prospectus and the documents that are incorporated by reference in this prospectus that have been filed by us with the SEC may contain statements that constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements generally relate to our plans, estimates, objectives and expectations for future events and other statements that are not historical facts. Such forward-looking statements, including those concerning our expectations and estimates, are subject to known and unknown risks and uncertainties, which could cause actual results to differ materially from the results, projected, expected or implied by the forward-looking statements, some of which are beyond our control, that may cause our actual results, performance or achievements, or industry results, to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. These risks and uncertainties include but are not limited to:

the costs and expenses associated with the acquisition of SkyWave Mobile Communications Inc. ( SkyWave );

failure to successfully integrate SkyWave with our existing operations or failure to realize the expected benefits of the acquisition of SkyWave;

dependence of SkyWave's business on its commercial relationship with Inmarsat plc and the services provided by Inmarsat plc, including the continued availability of Inmarsat plc's satellites;

substantial losses we have incurred and may continue to incur;

demand for and market acceptance of our products and services and the applications developed by us and our resellers;

market acceptance and success of our Automatic Identification System business;

dependence on a few significant customers, including a concentration in Brazil for SkyWave, loss or decline or slowdown in the growth in business from key customers, such as Caterpillar Inc., Komatsu Ltd., Hitachi Construction Machinery Co., Ltd., Union Pacific Railroad and Maersk Lines, and other value-added resellers, or VARs, and international value-added resellers, or IVARs for ORBCOMM and Onixsat, Satlink and Sascar, and other value-added Solution Providers, or SPs, for SkyWave;

dependence on a few significant vendors or suppliers, loss or disruption or slowdown in the supply of products and services from key vendors, such as Inmarsat plc and Amplus Communication Pte Ltd.;

loss or decline or slowdown in growth in business of any of the specific industry sectors we serve, such as transportation, heavy equipment, fixed assets and maritime;

our potential future need for additional capital to execute on our growth strategy;

additional debt service acquired with or incurred in connection with existing or future business operations;

our acquisitions may expose us to additional risks, such as unexpected costs, contingent or other liabilities, or weaknesses in internal controls, and expose us to issues related to non-compliance with domestic and foreign laws, particularly regarding our acquisitions of businesses domiciled in foreign countries;

the terms of our credit agreement, under which we currently have borrowed \$150 million could restrict our business activities or our ability to execute our strategic objectives or adversely affect our financial performance;

the inability to effect suitable investments, alliances and acquisitions or the failure to integrate and effectively operate the acquired businesses;

fluctuations in foreign currency exchange rates;

the inability of our subsidiaries, international resellers and licensees to develop markets outside the United States;

**Table of Contents**

the inability to obtain or maintain the necessary regulatory authorizations, approvals or licenses, including those that must be obtained and maintained by third parties, for particular countries or to operate our satellites;

technological changes, pricing pressures and other competitive factors;

satellite construction and launch failures, delays and cost overruns of our next-generation satellites and launch vehicles;

in-orbit satellite failures or reduced performance of our existing satellites;

our inability to replenish or expand our satellite constellation;

the failure of our system or reductions in levels of service due to technological malfunctions or deficiencies or other events;

significant liabilities created by products we sell;

litigation proceedings;

inability to operate due to changes or restrictions in the political, legal, regulatory, government, administrative and economic conditions and developments in the United States and other countries and territories in which we provide our services;

ongoing global economic instability and uncertainty;

changes in our business strategy; and

the other risks described in our filings with the SEC.

We undertake no obligation to publicly revise any forward-looking statements or cautionary factors except as required by law. For more detail on these and other risks, please see **Risk Factors** in this prospectus and the various factors described in more detail in Part I, Item 1A. **Risk Factors** in our Annual Report on Form 10-K for the year ended December 31, 2014.

**OUR COMPANY**

We are a global provider of machine-to-machine ( M2M ) solutions, including network connectivity, devices and web reporting applications. These solutions enable optimal business efficiencies, increased asset efficiency, utilization, and substantially reduce asset write-offs helping industry leaders realize benefits on a world-wide basis. Our M2M products and services are designed to track, monitor and enhance security for a variety of assets, such as trailers, trucks, rail cars, intermodal containers, generators, fluid tanks, marine vessels, oil and gas wells, pipeline monitoring equipment, irrigation control systems, and utility meters, in the transportation & distribution, heavy equipment, oil & gas, maritime and government industries. Additionally, we provide Automatic Identification Service, or AIS, data services for vessel tracking and to improve maritime safety to government and commercial customers worldwide. We provide these services using multiple network platforms, including our own constellation of 30 low-Earth orbit satellites, comprised of 24 first generation satellites and six next-generation satellites placed into service in September 2014, one AIS microsatellite, and our accompanying ground infrastructure. We also offer customer solutions utilizing additional satellite and terrestrial-based cellular network service options that we obtain through service agreements we have entered into with mobile satellite providers Inmarsat plc ( Inmarsat ) and Globalstar, Inc., as well as several major cellular (Tier One) wireless carriers. Our satellite-based customer solution offerings use small, low power, mobile satellite subscriber communicators for remote asset connectivity, and our terrestrial-based solutions utilize cellular data modems with subscriber identity modules. Customer solutions provide access to data gathered over these systems through connections to other public or private networks, including the Internet. We are dedicated to providing the most versatile, leading-edge M2M solutions that enable our customers to maximize operational efficiency, increase asset utilization and achieve significant return on investment.

Customers benefiting from our network, products and solutions include original equipment manufacturers, or OEMs, such as Caterpillar, Komatsu, Doosan Infracore America, Hitachi, Hyundai Heavy Industries, Walmart and Volvo Construction Equipment; vertical market technology integrators known as value-added resellers ( VARs ) and international value-added resellers ( IVARs ), such as I.D. Systems, Inc., inthinc Technology Solutions Inc., and American Innovations, Ltd.; and leading refrigeration unit manufacturers, such as Carrier and Thermo King, and well-known brands such as Tropicana, Maersk Line, Prime Inc., C.R. England, FFE Transport, Inc., Target, Chiquita, Ryder, J.B. Hunt, Hapag-Lloyd, Golden State Foods, Martin-Brower and Canadian National Railways.

As part of our strategy to expand our global M2M technology platform and extend our presence into new geographies and industry verticals, we regularly evaluate organic investment, partnership, and acquisition opportunities. For example, we are making organic investments in our business to expand and enhance our satellite-based M2M communications network with the launch of our next-generation satellite constellation. Our acquisition strategy is focused on increasing the size of our addressable market by broadening our portfolio of solutions, increasing our worldwide sales and distribution reach, and continuing to strengthen our competitive positioning in key M2M market segments. In furtherance of such strategy, we have also completed eight acquisitions over the last four years including the recent acquisition of SkyWave in January 2015. Based in Ottawa, Canada, SkyWave provides end-to-end M2M solutions including devices, connectivity, and software applications to over 250,000 subscriber units in more than 75 countries worldwide. SkyWave has developed proprietary, patent-protected technology that enables advanced, satellite-based M2M solutions for customers with demanding anytime, anywhere communications requirements, including the next-generation IsatData Pro service that utilizes Inmarsat's satellites. Inmarsat is the leading provider of global mobile satellite communications services. SkyWave has a strong relationship with Inmarsat as a result of SkyWave's suite of unique M2M offerings, including those utilizing the IsatData Pro technology.

**RISK FACTORS**

Investment in any securities offered pursuant to this prospectus involves a high degree of risk. You should carefully consider the information included and incorporated by reference in this prospectus and the applicable prospectus supplement before you decide to purchase these securities, including the risk factors incorporated by reference from our Annual Report on Form 10-K for the year ended December 31, 2014, as updated by periodic and current reports that we file with the SEC after the date of this prospectus. Any of these risks could cause our actual results to vary materially from recent results or from anticipated future results or could materially and adversely affect our business, financial condition and results of operations. The occurrence of any of these risks might cause you to lose all or part of your investment in these securities. Please also refer to the section above entitled **Cautionary Statement** .

**Table of Contents**

**USE OF PROCEEDS**

Unless otherwise specified in a prospectus supplement accompanying this prospectus, we anticipate that the net proceeds from the sale of the securities offered by us pursuant to this prospectus and any applicable prospectus supplement will be used for general corporate purposes, which may include, among other things, future acquisitions as part of our strategy to pursue growth opportunities, debt repayment, stock repurchases, working capital and/or capital expenditures. Net proceeds may be temporarily invested before use.

The selling stockholder will receive all of the net proceeds from the resale of their shares of our common stock pursuant to this prospectus and any applicable prospectus supplement. We will not receive any proceeds from the sales by the selling stockholder.

**Table of Contents****DILUTION**

If required by SEC rules, we will set forth in a prospectus supplement the following information regarding any material dilution of the equity interests of investors purchasing securities in an offering under this prospectus:

the net tangible book value per share of our equity securities before and after the offering;

the amount of the increase in such net tangible book value per share attributable to the cash payments made by purchasers in the offering; and

the amount of the immediate dilution from the public offering price which will be absorbed by such purchasers.

**CONSOLIDATED RATIO OF EARNINGS TO COMBINED FIXED CHARGES AND PREFERENCE DIVIDENDS**

The following table sets forth our consolidated ratio of earnings to combined fixed charges and preference dividends for each of the periods indicated.

	<b>Fiscal Year Ended December 31,</b>				
	<b>2014</b>	<b>2013</b>	<b>2012</b>	<b>2011</b>	<b>2010</b>
Ratio of earnings to fixed charges	N/A <sup>(1)</sup>	1.2	12.4	1.8	N/A <sup>(1)</sup>
Ratio of earnings to combined fixed charges and preference security dividends	N/A <sup>(2)</sup>	1.2	11.5	1.7	N/A <sup>(2)</sup>

For purposes of this table: Earnings are defined as pre-tax income from continuing operations, adjusted for fixed charges, interest capitalized and income from noncontrolling interests of subsidiaries that have not incurred fixed charges. Fixed charges are defined as interest on borrowings (whether expensed or capitalized), including one-third of net rent expense, which is the portion deemed representative of the interest factor. Preference Security Dividend is defined as the amount of pre-tax earnings required to pay the dividends on our outstanding preferred stock.

- (1) The ratio coverage was less than 1:1 for fiscal years 2014 and 2010. The Company would have needed to generate additional pre-tax earnings of \$8,989 and \$1,632 to achieve coverage of 1:1 for fiscal years 2014 and 2010, respectively.
- (2) The ratio coverage was less than 1:1 for fiscal years 2014 and 2010. The Company would have needed to generate additional pre-tax earnings of \$9,026 and \$1,632 to achieve coverage of 1:1 for fiscal years 2014 and 2010, respectively.

**DESCRIPTION OF DEBT SECURITIES**

We may issue the debt securities offered by this prospectus under an indenture to be entered into between us and a trustee to be selected by us. We have summarized certain provisions of this indenture below. The summary is not complete and is qualified in its entirety by reference to the indenture. The form of indenture is filed as an exhibit to the registration statement for these securities that we have filed with the SEC. If we elect to issue debt securities under another indenture, we will describe certain provisions of that indenture in a prospectus supplement.

When we offer to sell a particular series of debt securities, we will describe the specific terms of the securities in a prospectus supplement.

We encourage you to carefully read the summary below, the applicable prospectus supplements and the indenture.

**General**

Our indenture provides that we may issue debt securities in one or more series and does not limit the amount of debt securities that may be issued. The debt securities may be senior debt securities or subordinate debt securities. We will include in a supplement to this prospectus the specific terms of debt securities being offered, if any, on which debt securities may be convertible into or exchangeable for common stock or other debt securities. Unless we indicate otherwise in the applicable prospectus supplement, the debt securities will be our direct unsecured obligations. Any debt securities designated as senior will rank equally with any of our other senior and unsubordinated debt. Any debt securities designated as subordinated will be subordinate and junior in right of payment to any senior indebtedness. There may be subordinated debt securities that are senior or junior to other series of subordinated debt securities. We may also issue additional amounts of a series of debt securities without the consent of the holders of that series.

The applicable prospectus supplement will describe the terms of any series of debt securities being offered, including the following:

the title and principal amount of the series and whether the series will be senior debt securities or subordinate debt securities;

if other than U.S. dollars, the currency or currencies in which the debt securities are denominated or payable and the manner for determining the equivalent amount in U.S. dollars;

the date or dates on which the principal (and any premium) will be payable, or the method for determining these date(s);

the interest rate or rates, or the method of determining the rate or rates, at which the debt securities will bear interest;

the date or dates from which interest will accrue and the date or dates on which interest will be payable;

the place or places where payments will be made;

any provisions for redemption of the debt securities at our option;

any provisions that would obligate us to redeem or purchase the debt securities pursuant to any sinking fund or analogous provisions or at the option of a holder;

the portion of the principal amount that will be payable upon acceleration of stated maturity, if other than the entire principal amount;

whether we will issue the debt securities in the form of global securities, the depository for global securities and provisions for depository arrangements and other applicable terms;

**Table of Contents**

whether we will pay any additional amounts on the debt securities in respect of any tax, assessment or governmental charge and, if so, whether we will have the option to redeem the debt securities rather than pay those additional amounts;

any provision that would determine payments on the debt securities by reference to an index;

the person to whom we will pay any interest, if other than the record holder on the applicable record date;

the manner in which any interest payable on any temporary global security will be paid on an interest payment date;

any changes in or additions to the events of default or covenants contained in the indenture;

any defeasance or covenant defeasance provisions;

any conversion or exchange features of the debt securities;

whether the debt securities are senior or subordinated and the terms of subordination applicable to any series of subordinated debt securities;

the identity of the trustee, authenticating agent, security registrar and/or paying agent, if other than the trustee;

whether the debt securities will be secured or unsecured and the terms of any security arrangements; and

any other terms of the debt securities (which will not conflict with the terms of the indenture).

We may sell the debt securities, including original issue discount securities, at a substantial discount below their stated principal amount. If there are any material special U.S. federal income tax considerations or other material special considerations applicable to debt securities we sell at an original issue discount, we will describe them in the applicable prospectus supplement. In addition, we will describe in the applicable prospectus supplement any material special U.S. federal income tax considerations and any other material special considerations for any debt securities we sell which are denominated in a currency or currency unit other than U.S. dollars.

**Form and Denominations**

Unless we indicate otherwise in the applicable prospectus supplement, debt securities issued as registered securities will be denominated in U.S. dollars in multiples of \$1,000. The indenture provides that we may issue debt securities in global form and in any denomination. Please see [Global Securities](#) below.

## **Registration, Transfer and Exchange**

A holder may exchange registered debt securities for other registered debt securities of the same series, in authorized denominations and with the same principal amount and terms. Debt securities may be exchanged, and a transfer of registered debt securities may be registered, at the office of the security registrar. We may also designate a transfer agent for this purpose for any series of debt securities. No service charge will be made for any exchange or transfer, but payment of any taxes or other governmental charges will be required. We may change the place for exchange and registration of transfer, and may rescind any designation of a transfer agent, at any time. If debt securities of a series are issuable in registered form, we will be required to maintain a transfer agent in each place of payment for that series. We may at any time designate additional transfer agents with respect to any series of debt securities.

If debt securities of a particular series are to be redeemed, we will not be required to issue, exchange or register the transfer of:

any debt securities of that series, during a period beginning 15 days before selection of debt securities to be redeemed and ending at the close of business on the day the redemption notice is mailed; or

any registered debt security selected for redemption, except the unredeemed portion of any debt security being redeemed in part.

## **Table of Contents**

### **Global Securities**

We may issue one or more series of the debt securities in the form of global securities that will be deposited with a depository. This means that we will not issue certificates to each holder of debt securities of that series. Instead, one or more global securities will be issued to the depository, which will keep a computerized record of its participants (for example, your broker) whose clients have purchased these debt securities. The participant will then keep a record of its clients who purchased these debt securities.

Beneficial interests in global securities will be shown on, and transfers of those interests will be made only through, records maintained by the depository and its participants. We will make payments on the debt securities represented by a global security only to the depository, as the registered holder of these debt securities. All payments to the participants are the responsibility of the depository, and all payments to the beneficial holders of the debt securities are the responsibility of the participants.

Certificates for the debt securities of the series in question may be issued to beneficial holders in some circumstances, including termination of the depository arrangements by us or the depository.

If debt securities are to be issued as global securities, the prospectus supplement will name the depository and will describe the depository arrangements and other applicable terms.

### **Payment and Paying Agents**

Unless otherwise indicated in the applicable prospectus supplement, payments for registered debt securities will be made at the office of the trustee in New York, New York. However, we may choose instead to pay principal by check to the registered owner against surrender of the debt securities or to pay interest on registered debt securities by (i) check mailed to the address of the registered owner or (ii) transfer to an account located in the United States maintained by the registered owner. Unless otherwise indicated in the applicable prospectus supplement, each interest payment on registered debt securities will be made to the person in whose name the debt security is registered at the close of business on the regular record date for the interest payment.

We may from time to time designate additional offices or agencies for payment with respect to any debt securities, approve a change in the location of any such office or agency and, except as provided above, rescind the designation of any such office or agency.

Payments on any debt securities that are payable in a currency other than dollars may be made in dollars in certain circumstances when that currency is no longer used. The prospectus supplement for any such debt securities will describe the circumstances in which this will occur.

Any moneys we deposit with the trustee or paying agent for the payment of principal (or premium, if any) or interest, if any, on any debt security that remains unclaimed at the end of two years after the payment is due and payable will be repaid to us upon our request. Thereafter, the holder of the debt security will look only to us for that payment.

### **Covenants**

Any covenants pertaining to a series of debt securities will be set forth in a prospectus supplement relating to such series of debt securities. Except for covenants applicable to debt securities as described in the applicable prospectus supplement, there are no covenants or other provisions contained in the indenture that may afford holders of debt securities protection if there is a leveraged buyout or other highly leveraged transaction involving us.

## **Table of Contents**

### **Consolidation, Merger and Sale of Assets**

We may consolidate with or merge into any other corporation, or convey or transfer our properties and assets substantially as an entirety to any other entity, so long as certain specified conditions are met, including:

the corporation surviving the merger or consolidation, or which acquires the assets, is organized under the laws of the United States, or any state of the United States, and expressly assumes our obligations under the indenture; and

after giving effect to the transaction, there is no event of default under the indenture (as defined below) or event which, after notice or lapse of time or both, would become an event of default.

The successor corporation formed by the consolidation or merger, or to which the conveyance or transfer is made, shall succeed to and be substituted for us under the indenture and thereafter we will be relieved of all obligations and covenants under the indenture, the debt securities.

### **Covenant Defeasance**

The prospectus supplement will state whether the indenture's covenant defeasance provisions apply to the series of debt securities being offered. If these provisions apply, (i) we may omit to comply with certain covenants and (ii) the noncompliance will not be deemed to be an event of default under the indenture and the debt securities, if we irrevocably deposit with the trustee, in trust, sufficient money or U.S. government securities to pay the principal of (and premium, if any), interest, if any, and any other sums payable on the debt securities when due. We must also deliver to the trustee an opinion of counsel to the effect that the holders of the debt securities will not recognize income, gain or loss for federal income tax purposes as a result of the deposit and defeasance of certain obligations and will be subject to the same federal income tax consequences as if the deposit, defeasance and discharge had not occurred. Our obligations under the indenture and debt securities, other than with respect to the relieved covenants referred to above, and the events of default, other than the relieved event of default referred to above, will remain in full force and effect.

### **Modification of Indenture and Waiver of Certain Covenants**

Without the consent of the holders of the debt securities of each series affected, we and the trustee may execute a supplemental indenture for limited purposes, including adding to our covenants or events of default, curing ambiguities, appointing a successor trustee and other changes that do not adversely affect the rights of a holder of debt securities.

With the consent of the holders of a majority in principal amount of the outstanding debt securities of each series affected, we and the trustee may also execute a supplemental indenture to change the indenture or modify the rights of the holders of debt securities of any series. However, the consent of the holder of each outstanding debt security affected is required for execution of a supplemental indenture that would (i) change the maturity of principal or interest, if any, on any debt security, reduce the amount of any principal, premium or interest payment, change the currency in which any debt security is payable or impair the right to bring suit to enforce any payment rights, or (ii) reduce the percentage of holders of debt securities of the series whose consent is required to authorize the supplemental indenture.

The holders of a majority of the outstanding principal amount of the debt securities of any series may waive our compliance with certain covenants in the indenture with respect to that series.

The indenture contains provisions for determining whether the holders of the requisite percentage of outstanding principal amount of a series of debt securities have given any request, demand, authorization, direction, notice, consent or waiver, in cases where debt securities were issued at a discount, or where the principal amount was denominated in a foreign currency. In addition, for these purposes, debt securities owned by us or our affiliates are deemed not to be outstanding.

## **Table of Contents**

### **Defaults and Certain Rights on Default**

An event of default with respect to any series of debt securities is defined in the indenture as any of the following events:

failure to pay any interest on the debt securities of the series for 30 days after it is due;

failure to pay principal of (and premium, if any, on) the debt securities of the series when due, whether at maturity, upon acceleration or upon redemption;

failure to perform any other covenant in the indenture for 90 days after notice;

certain events of bankruptcy, insolvency, receivership or reorganization relating to us; or

any other event of default made applicable to a particular series of debt securities and described in the applicable prospectus supplement for that series.

An event of default for a particular series of debt securities does not necessarily constitute an event of default for any other series. We are required to deliver to the trustee annually a written statement as to the fulfillment of our obligations under the indenture.

If an event of default for any series of debt securities occurs and continues, the trustee or the holders of at least 25% of the outstanding principal amount of the debt securities of the series may declare the principal amount of all the debt securities of the series to be immediately due and payable. The declaration may, under certain circumstances, be rescinded by the holders of a majority of the outstanding principal amount of the debt securities of the series.

Other than its duties in case of an event of default, the trustee is not obligated to exercise any of its rights or powers under the indenture at the request of any of the holders of debt securities, unless the holders offer to the trustee reasonable security or indemnity. If they provide this reasonable security or indemnity, subject to certain limitations described in the indenture, the holders of a majority of the outstanding principal amount of the debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee. The holders of a majority of the outstanding principal amount of the debt securities of any series may waive any past default with respect to debt securities of the series except a default in payment on any of the debt securities of the series or a default with respect to a covenant that cannot be modified without the consent of the holder of each debt security affected.

### **Conversion Rights**

If applicable, the terms of debt securities of any series that is convertible into or exchangeable for our common stock or other securities or property will be described in an applicable prospectus supplement. These terms will describe whether conversion or exchange is mandatory, at the option of the holder or at our option. These terms may include provisions pursuant to which the number of shares of our common stock or other securities or property to be received by the holders of debt securities would be subject to adjustment.

**Governing Law**

The indenture and the debt securities will be governed by and construed in accordance with the laws of the State of New York.

**DESCRIPTION OF CAPITAL STOCK**

The following description of our capital stock, as amended or superseded by any applicable prospectus supplement, includes a summary of certain provisions of our restated certificate of incorporation and our amended bylaws. This description is subject to the detailed provisions of, and is qualified by reference to, our restated certificate of incorporation and our amended bylaws, copies of which have been incorporated by reference as exhibits to the registration statement of which this prospectus is a part.

We are authorized to issue (1) 250,000,000 shares of common stock, with a par value of \$0.001 per share, of which 70,224,544 shares were outstanding as of March 2, 2015 and (2) 50,000,000 shares of preferred stock, with a par value of \$0.001 per share, of which 1,000,000 shares are designated as Series A convertible preferred stock and 91,875 shares were outstanding as of March 2, 2015. The authorized shares of our common stock and preferred stock are available for issuance without further action by our stockholders, unless the action is required by applicable law or the rules of any stock exchange or automated quotation system on which our securities may be listed or traded. If the approval of our stockholders is not so required, our board of directors may determine not to seek stockholder approval.

Certain of the provisions described below could have the effect of discouraging transactions that might lead to a change of control of us. These provisions:

establish a classified board of directors whereby our directors are divided into three classes, nearly equal in number as possible, and elected for staggered three-year terms in office so that only a portion of our directors stand for election in any one year;

require stockholders to provide advance notice of any stockholder nominations of directors or any proposal of new business to be considered at any meeting of stockholders;

require a supermajority vote to remove a director or to amend or repeal certain provisions of our restated certificate of incorporation; and

preclude stockholders from amending our bylaws or calling a special meeting of stockholders.

**Common Stock**

*Dividends.* Holders of common stock are entitled to such dividends as may be declared by our board of directors out of funds legally available therefor. Dividends may not be paid on common stock unless all accrued dividends on preferred stock, if any, have been paid or set aside. In the event of our liquidation, dissolution or winding-up, the holders of common stock will be entitled to share pro rata in the assets remaining after payment to creditors and after payment of the liquidation preference plus any unpaid dividends to holders of any outstanding preferred stock.

*Voting.* Each holder of common stock is entitled to one vote for each such share outstanding in the holder's name. No holder of common stock is entitled to cumulate votes in voting for directors.

*Other Rights.* Our restated certificate of incorporation provides that, unless otherwise determined by our board of directors, no holder of shares of common stock will have any right to purchase or subscribe for any stock of any class that we may issue or sell.

**Preferred Stock**

*General.* Our restated certificate of incorporation permits us to issue up to 50,000,000 shares of our preferred stock in one or more series and with rights and preferences that may be fixed or designated by our board of directors without any further action by our stockholders. The designations and the relative rights, preferences and limitations of the preferred stock of each series will be fixed by an amendment to our restated certificate of incorporation relating to each series adopted by our board, including:

the maximum number of shares in the series and the distinctive designation;

the terms on which dividends, if any, will be paid;

the terms on which the shares may be redeemed, if at all, including any restrictions on the repurchase or redemption of such shares by us while there is an arrearage in the payment of dividends or sinking fund installments if applicable;

the terms of any sinking fund for the purchase or redemption of the shares of the series;

the amounts payable on shares in the event of liquidation, dissolution or winding up;

the terms and conditions, if any, on which the shares of the series shall be convertible into our shares of any other class
