THE GENERAL MEETING OF SHAREHOLDERS

Items of Business and Reference Matters

<Proposal by the Company (from First Item of Business to Second Item of Business)>

The First Item of Business to the Second Item of Business are proposed by the Company.

<Proposal by the Company>

First Item of Business Appropriation of Surplus

MUFG's basic policies call for continuously seeking to improve shareholder returns, focusing on dividends in the pursuit of an optimal balance with solid equity capital and strategic investment for growth.

MUFG will aim for the stable and sustainable increase in dividends per share through profit growth, with a dividend payout ratio target of 40%. MUFG will flexibly repurchase its own shares as part of its shareholder return strategies in order to improve capital efficiency. Also, in principle, MUFG will hold a maximum of approximately 5% of the total number of issued shares, and cancel the shares that exceed this amount.

Based on these policies, MUFG proposes the year-end dividend of ¥10 per share. Combined with the interim dividend of ¥9 per share, annual dividends will total ¥19 per share, an increase of ¥1 per share over the previous fiscal year.

Matters concerning the year-end dividend:

1. Kind of dividend property

Cash

2. Matters concerning allocation and
the total amount of dividend property

Ordinary Shares ¥10 per share

¥131,934,399,220 in total

3. Date on which dividends from surplus
shall be effective

Composition

The board of directors as a whole shall have an appropriately balanced composition that provides a deep understanding of the Group's business and a wealth of knowledge and expertise on finance, financial accounting, risk management and compliance and so forth in order to ensure its effectiveness, and shall meet the following requirements in particular.

Appropriate balance	The board of directors shall have a balanced composition consisting of internal directors who are familiar with the business of MUFG and independent outside directors who oversee management and directors from an independent and objective standpoint.
Ensure independence	The percentage of Independent outside directors, in principle, shall be at least one third, and the percentage of Non-Executive directors*, in principle, shall be more than half.
Oversight of the Group's management	To ensure the effectiveness of oversight of MUFG Group's management by the board of directors, the Presidents of MUFG Bank, Ltd., Mitsubishi UFJ Trust and Banking Corporation, and Mitsubishi UFJ Securities Holdings Co., Ltd. will, in principle, also serve as directors of the Company.

(*Those who do not concurrently serve as a corporate executive, executive officer, employee or executive directors of the Company or a subsidiary of the Company.)

Policy for Election of Members of Directors

For election of directors, the Nominating and Governance Committee shall set forth director election standards focusing on the following and nominate persons who meet such standards as director candidates.

[Outline of Election Standards for Directors]

Qualities of those entrusted as managers	Directors shall have the qualities required to be able to appropriately fulfill their duty of loyalty and duty of care in the execution of their duties and to contribute to the sustainable growth and the increase of corporate value of MUFG over the medium- to long-term.
Qualities of independent outside director	Independent outside directors shall have a wealth of knowledge and experience in the fields of corporate management, finance, financial accounting and law and the qualities required for oversight of the execution of duties by management from an independent and objective standpoint, meeting the independence standards of the MUFG.
Ability of executive directors	Executive directors shall have extensive knowledge of MUFG Group's business and the ability to appropriately perform management of MUFG.
Term of Office and Concurrent Posts of Directors	

Term of office of directors

The term of office of directors shall be one (1) year. In discussions and decisions by the Nominating and Governance Committee on a candidate for reappointment, the number of years since such candidate assumed the office of a director of MUFG shall be considered.

Directors with concurrent posts

A director may concurrently serve as a director, corporate auditor, executive or corporate officer at a company other than MUFG Group company only to the extent such directors is able to have enough time required to appropriately fulfill the duties as a directors of MUFG, such as understanding the business and other aspects of the MUFG Group, and the directors shall report periodically to the board of directors on such concurrent posts.

Important status in other companies

Advisor of Central Japan International Airport Co., Ltd.

Outside Director of AT-Group Co., Ltd.

Reason for proposing as candidate for Outside Director

Having served in various important positions, including Senior Managing Director of TOYOTA MOTOR CORPORATION and President and CEO of Central Japan International Airport Co., Ltd., Mr. Kawakami has affluent experience, knowledge and wisdom as a corporate manager. The Company proposes his election as outside director since he is expected to contribute to the effective enhancement of the board of directors' decision-making function and oversight function, with the aim of facilitating sustainable growth of the Company and increasing its corporate value over the medium- to long-term.

Supplementary information on independence

Mr. Kawakami meets the Company's Independence Standards for Outside Directors.

Although he had served as a Senior Managing Director of TOYOTA MOTOR CORPORATION in the past, he resigned as a director in June 2008, and has not been involved in its management or business execution for more than 10 years since his resignation. In addition, the Company had business accounting for less than 1% of the TOYOTA MOTOR CORPORATION's consolidated net sales and the Company's consolidated gross profit in fiscal year 2017. In light of this, among other reasons, such relationship would not affect his independence from the Company.

Reason for proposing as candidate for Outside Director

Over the last 30 years since she resigned from The Bank of Tokyo, Ltd. (current MUFG Bank, Ltd.), Ms. Kawamoto has acquired abundant experience and expertise in the financial sector, throughout her career as a management consultant and a professor at the Graduate School of Waseda University. The Company proposes her election as Outside Director since she is expected to contribute to the effective enhancement of the board of directors decision-making function and oversight function, with the aim of facilitating sustainable growth of the Company and increasing its corporate value over the medium- to long-term.

Although she has not been directly involved in the management of a corporation, except as outside Director or outside corporate auditor, the Company believes that she is well qualified to act as an outside Director because of the reason stated above.

Supplementary information on independence

Ms. Kawamoto meets the Company's Independence Standards for Outside Directors.

She currently serves as a professor at the Graduate School of Waseda University, with which the Company had business accounting for less than 1% of Waseda University's revenues and the Company's consolidated gross profit in fiscal year 2017. In light of this, among other reasons, such relationship would not affect her independence from the Company.

Outside Director of VITEC HOLDINGS CO., LTD.

External Auditor & Supervisory Board Member of MITSUI & CO., LTD.

Reason for proposing as candidate for Outside Director

Ms. Matsuyama has extensive experience as an attorney and professional insight on general legal affairs. The Company proposes her election as outside director since she is expected to contribute to the effective enhancement of the board of directors' decision-making function and oversight function, with the aim of facilitating sustainable growth of the Company and increasing its corporate value over the medium- to long-term. Although she has not been directly involved in the management of a corporation, except as outside director or outside corporate auditor, the Company believes that she is well qualified to act as an outside director because of the reason stated above.

Supplementary information on independence

Ms. Matsuyama meets the Company's Independence Standards for Outside Directors.

She currently serves as the Partner of Hibiya Park Law Offices, with which the Company has no advisory contract and has not had transaction since fiscal year 2014 in which she assumed the post of the Company's director. In addition, although there was transaction related to legal advice, etc. between the Company and the concerned law office in fiscal year 2013, before she assumed the post of the Company's director, since the amount of transaction was less than ¥2 million, among other reasons, such relationship would not affect her independence from the Company.

Important status in other companies

Chairman & CEO of Longsight Strategic Advisors LLC

Outside Director of MUFG Americas Holdings Corporation

Outside Director of MUFG Union Bank, N.A.

Reason for proposing as candidate for Outside Director

Mr. Myerson has extensive experience as an attorney and professional insight on the fields of corporate legal affairs and successful mergers, acquisitions, divestiture and takeover transactions. The Company proposes his election as Outside director since he is expected to contribute extensive global outlook to the effective enhancement of the board of directors' decision-making function and oversight function, with the aim of facilitating sustainable growth of the Company and increasing its corporate value over the medium- to long-term.

Supplementary information on independence

Mr. Myerson meets the Company's Independence Standards for Outside Directors.

Although he served as a Partner and Co-Head of the Global Mergers and Acquisitions Group of Paul, Weiss, Rifkind, Wharton & Garrison LLP, he left the Firm in December 2016, and has not been involved in its management after resignation. In addition, although he currently serves as Chairman & CEO of Longsight Strategic Advisors LLC, a strategic advisory firm he established in January 2017, there is no relation between this company and the Company. In light of this and other reasons, such relationship would not affect his independence from the Company.

Member of the Board of Directors (Outside Director) of the Company

(incumbent)

Reason for proposing as candidate for Outside Director

Having served in various important positions, including President and Chairman of J. Front Retailing Co., Ltd., Mr. Okuda has affluent experience, knowledge and wisdom as a corporate manager. The Company proposes his election as Outside Director since he is expected to contribute to the effective enhancement of the board of directors decision-making function and oversight function, with the aim of facilitating sustainable growth of the Company and increasing its corporate value over the medium- to long-term.

Supplementary information on independence

Mr. Okuda meets the Company's Independence Standards for Outside Directors.

Although he had been a Senior Advisor of J. Front Retailing Co., Ltd., he retired in May 2018. The Company had business with J. Front Retailing Co., Ltd. accounting for less than 1% of the J. Front Retailing Co., Ltd. s consolidated net sales and the Company s consolidated gross profit in fiscal year 2017. In light of this, among other reasons, such relationship would not affect his independence from the Company.

Reason for proposing as candidate for Outside Director

Having served in various important positions, including Member of the Board, Senior Vice President and Chief Finance Officer (CFO) of Japan Tobacco Inc. (JT), Executive Vice President and Deputy CEO and CFO of JT International S.A., and Executive Deputy President and Representative Director and Deputy CEO of JT, Mr. Shingai has affluent experience as a global corporate manager and professional insight not only in corporate finance, but also M&A and corporate management after M&A. The Company proposes his election as Outside Director since he is expected to contribute to the effective enhancement of the board of directors decision-making function and oversight function, with the aim of facilitating sustainable growth of the Company and increasing its corporate value over the medium- to long-term.

Supplementary information on independence

Mr. Shingai meets the Company s Independence Standards for Outside Directors.

He resigned as Member of the Board of JT in March 2018 and has not been involved in its management or business execution since his resignation. In addition, the Company had business accounting for less than 1% of the Japan Tobacco Inc. s consolidated net sales and the Company s consolidated gross profit in fiscal year 2017. In light of this, among other reasons, such relationship would not affect his independence from the Company.

<Proposal by Shareholder (from Third Item of Business to Ninth Item of Business)>

Items from the Third Item of Business to the Seventh Item of Business are proposed jointly by three shareholders.

<Proposal by Shareholder>

Third Item of Business Partial Amendment to the Articles of Incorporation (Individual Disclosure of Executive Compensation)

1. Proposal details

The following clause shall be set forth in the Articles of Incorporation:

The Company shall mandatorily disclose the money amount and forms of compensation for each individual director, together with the evaluated monetary value of all compensation in Japanese yen, in the business report and the annual securities report every year.

2. Reasons for proposal

The disclosure of the amount and forms, etc. of compensation for individual executives is extremely important for enabling shareholders to check whether reasonable compensation was paid from the standpoint of maximizing shareholder interests. In the capital markets of developed countries other than Japan, the individual disclosure of compensation is quite commonly required, and inconvenience for investors has never arisen as a result of this practice. The stock price indexes in these capital markets have created a return that is significantly higher than the Nikkei Stock Average and the like in Japan over the past 20 years. Generally, it is not the issue of concern in Japan that executive compensation is high, but that the compensation system has no correlation with shareholder value in the medium- to long-term. If compensation is disclosed individually, the measurement of costs and benefits will become easier and clearer. The same proposal gained support from 48.47% of shareholders at the annual general meeting of shareholders of HOYA CORPORATION in 2011, and if the Company is among the first to undertake the individual disclosure of compensation, it should attract positive attention.

[(The Company's note) Cited above is an English translation of the original text of the proposal details and reasons for proposal described in a form submitted by the shareholders.]

Board of Directors opinion

The Board of Directors objects to this proposal.

The executive compensation system and amount of compensation for individual directors and corporate executives of the Company are deliberated and decided upon by the Compensation Committee in accordance with the Companies Act. The Compensation Committee is composed of independent outside directors as majority and its Chairperson, and in fiscal year 2017, held a total of 10 meetings with a focus on deliberations concerning performance-based indicators accompanying the extension of the stock compensation system and the vision of compensation for top management.

Policy on executive compensation and the total amount of compensation for this fiscal year is as described on pages 68 to page 70 of the Business Report for the Thirteenth Fiscal Year, and we believe that suitability and transparency regarding executive compensation has been adequately secured. In addition, we have disclosed individual compensation for directors (for those with a total amount of consolidated compensation of ¥100,000,000 or more) in accordance with the laws in the annual securities report, with seven persons disclosed in fiscal year 2016: the Chairman, the Deputy Chairman, and the President, etc.

The Company and principal subsidiaries abolished the traditional stock option system in fiscal year 2016, and have introduced a new medium- to long-term performance-based stock compensation plan using a structure called Board Incentive Plan. Indicators for evaluating concrete performance achievement levels (in fiscal year 2018 and thereafter) are the consolidated net business profits, profits attributable to owners of parent, consolidated ROE and consolidated expense ratio, with the standard amount set according to the position ranging from 0 to 150% depending on the degree of performance achievements. The ratio of basic compensation (such as monthly salary) : stock compensation : executive bonuses for the President has been approximately 1:1:1 .

As described above, the Company, as the world's most trusted global financial group, has introduced the executive compensation system with the aim of further sharing common interests with shareholders while avoiding excessive risk taking, and that further raises motivation for contributions to the improvement of business performance.

Therefore, we believe that there is no need to set forth the proposed clause in the Articles of Incorporation.

**Fourth Item of
Business**

Partial Amendment to the Articles of Incorporation

(Separation of roles of Chairman of the Board and Chief Executive Officer)

1. Proposal details

The following clause shall be set forth in the Articles of Incorporation:

The Company shall, in principle, prohibit the Chairman of the Board and the Chief Executive Officer from serving concurrently, and the Chairman of the Board shall be an outside directors. In exceptional cases where the concurrent posts are permitted, it is necessary to make a written disclosure to shareholders in the notice of convocation of the general meeting of shareholders or the reference materials in order to explain that such concurrent posts will be in the best interests of the shareholders, and also a lead outside directors shall be appointed instead. The role of the lead outside directors shall be specified by the board of directors and disclosed to the shareholders.

2. Reasons for proposal

Because the Chief Executive Officer has power over matters such as internal resources and human resources and should be positioned as the most important subject of monitoring, holding the concurrent posts of Chief Executive Officer and Chairman of the Board, which goes against the international direction of strengthening corporate governance, should be avoided as much as possible. Currently, the Company is suspected to have a structure in which executives appointed by the representative corporate executive officer could substantively have a strong influence on the selection of information to be provided for judgment at meetings of the board of directors and the committees. Selection of such information should be done by the Chairman of the Board who are independent from the President, and the Chairman is required to spend more time supervising the Company than the other outside directors do. The purport of this proposal is based on a standard view of scholars and practitioners of corporate governance in North America (the independence of the Chairman of the Board is the second check item in the Corporate Governance Check Points of the board of directors from the Shareholders Perspective in the CFA Examination Handbook [Level II] (Kinzei Institute for Financial Affairs, Inc. 2004, page 177) by Tadashi Ohno), and concept of a lead outside directors is also well known.

[(The Company's note) Cited above is an English translation of the original text of the proposal details and reasons for proposal described in a form submitted by the shareholders.]

Board of Directors opinion

The Board of Directors objects to this proposal.

In the Company, the Chairman (Representative Corporate Executive) serves as the chairman of the board of directors separately from the President & Group CEO (Representative Corporate Executive), in accordance with the MUFG Corporate Governance Policies. We recognize that some are of the opinion that the chairman of the board of directors should be a non-executive such as an independent outside director, and the Company does not deny this. However, the Company believes that the responsibility of the chairman is to lead the board of directors and ensure its effectiveness. In addition, it is an important role of the chairman of the board of directors to set the schedule and agenda of the meeting of the board of directors through exchanging opinions on a daily basis with each director, so that the board of directors can make sound decisions based on adequate information, and as such we have judged that it is optimal for the Chairman (Representative Corporate Executive) to play these roles. Furthermore, the Company has adopted the corporate governance system of a company with three committees, under which the proposals for the election of directors shall be decided by the Nominating and Governance Committee which has a majority of outside directors. In addition, a lead independent outside director is appointed by independent outside directors from among themselves. Also, we have established a framework in which the board of directors can effectively oversee the management members mainly by having 8 out of 15 directors, or a majority, be independent outside directors, when the Second Item of Business is approved as proposed at this Annual General Meeting of Shareholders.

Therefore, we believe that there is no need to set forth the proposed clause in the Articles of Incorporation.

<Proposal by Shareholder>

Fifth Item of Business Partial Amendment to the Articles of Incorporation

(Exercise of Voting Rights of Shares Held for the Purpose of Strategic Shareholdings)

1. Proposal details

The following clause shall be set forth in the Articles of Incorporation:

The Company shall instruct the subsidiaries under its management control, such as banks and securities companies, to exercise the voting rights of shares held for the purpose of Strategic Shareholdings appropriately, such as by seeking the opinions of disinterested proxy advisors.

2. Reasons for proposal

Given that the Group holds trillions of yen in shares on a consolidated basis, it should take measures to manage risks and increase the value of the shares, such as defending the value of shares that have been continuously held by the Group. However, with respect to the exercise of voting rights of shares held for the purpose of Strategic Shareholdings, measures that are remarkably lacking in economic rationality have been continuously taken; e.g., the Group has voted for the proposals of companies without criticism, even for listed companies whose return on equity (ROE) has remained low for a long time. In addition, recently the obligation of institutional investors including banks to fulfill their stewardship responsibilities for companies in which they invest has been explicitly provided as a soft law in the Stewardship Code established by the Tokyo Stock Exchange and the Financial Services Agency, and emphasis is placed on the necessity of a dialogue between institutional investors and listed companies among other measures. Internationally, the fact that such reforms are carried out in that capital market in Japan (where unprecedented judicial decisions like the Murakami Fund case occurred one after another) is remarkably highly valued. The Company should rationally exercise the voting rights of shares held for the purpose of strategic investment and work to enhance the value of the shares it owns. At the annual general meeting of shareholders of Mizuho Financial Group, Inc. in 2015, a similar proposal obtained support from 34% of shareholders.

[(The Company's note) Cited above is an English translation of the original text of the proposal details and reasons for proposal described in a form submitted by the shareholders.]

Board of Directors opinion

The Board of Directors objects to this proposal.

In order to ensure the appropriate exercise of voting rights of shares held for the purpose of strategic investment, the Company and the Group banks make comprehensive decisions on every proposal for the agenda of a shareholders meeting after confirming the following two points.

(1) Will it increase the medium- to long-term corporate value and lead to continuous growth of the relevant corporate business client?

(2) Will it increase the medium- to long-term economic profits of the Company and the Group banks?

Significant agenda items of a shareholders meeting that could have material impact on medium- to long-term improvement of corporate value of the relevant corporate business client and economic benefit for the Company and the Group banks will be determined through measures such as communication with the relevant corporate business client as necessary. Among other things, the following agenda items are considered significant by the Company and the Group banks:

- Agenda items on disposal of surplus (when disposal significantly lacks balance with financial soundness and retained earnings)
- Agenda items on election of directors or corporate auditors (in cases such as where the relevant corporate business client has caused a disgraceful affair or posted a loss for a certain consecutive period)
- Agenda items on retirement benefits for corporate auditors and the like
- Agenda items on organizational restructure
- Agenda items on takeover defense

The status of the exercise of voting rights of the most important Strategic Shareholdings is reported to the board of directors.

Therefore, we believe that there is no need to set forth the proposed clause in the Articles of Incorporation.

<Proposal by Shareholder>

**Sixth Item of
Business**

Dismissal of Director Nobuyuki Hirano

1. Proposal details

Mr. Nobuyuki Hirano shall be dismissed from the position of Director.

2. Reasons for proposal

A subsidiary bank of the Company has concluded a loan agreement for a total of ¥900 million with Kenko Corporation (then Shinjuku-ku, Tokyo), but the corporate manager of Kenko Corporation is committing antisocial acts of soliciting hundreds of women as prostitutes every year, including minors and those who have suspected relationships with antisocial forces, and also paying money to other women as return for intermediation. After this was raised by shareholders, General Manager of the Shinjuku Branch promised to check with the Legal Division, but he has done nothing to the present date, while the Company that was pursued on this issue and made false answer even at the general meeting of shareholders. Being nominally legal is not sufficient in terms of compliance, and it is necessary to abide by comprehensive common wisdom and social norms. In other words, it requires not just to comply with laws and regulations but to meet the needs of society (Nobuo Gohara, a lawyer and a former prosecutor), and with such a level of compliance awareness as described above, the Company could be criticized by overseas human-rights groups and even assume the risk of massive compensation. A person who publicly makes false answer and discredits the proposers is not qualified as Member of the Board of directors.

[(The Company's note) Cited above is an English translation of the original text of the proposal details and reasons for proposal described in a form submitted by the shareholders.]

Board of Directors' opinion

The Board of Directors objects to this proposal.

The Company clearly defines the Group's mission, medium- and long-term vision, and values we should share in its Corporate Vision, which includes responding to the expectations of its customers and society through unified efforts. In addition, under the Corporate Vision, the Company has established Principles of Ethics and Conduct as standards for all Group executives and employees to guide decisions and actions, in which the Company has declared that it would comply with laws and regulations in Japan and overseas, and act fairly and transparently in its business activities in good faith, and support and strengthen the trust and confidence of society. It also appropriately executes individual transactions in accordance with the policy above and internal rules.

Therefore, we believe that there is no reason to dismiss Nobuyuki Hirano from the position of directors.

<Proposal by Shareholder>

**Seventh Item of
Business**

Partial Amendment to the Articles of Incorporation

(Establishment of a Special Investigation Committee on the Overall Reconsideration of Business Relationship with Kenko Tokina Corporation)

1. Proposal details

The following clause shall be stated in the Articles of Incorporation:

The Company shall establish a special investigation committee to thoroughly reconsider the business relationship with Kenko Tokina Corporation through investigation on matters including the historical details and the answers by the management of the Company at the general meeting of shareholders.

2. Reasons for proposal

At the Annual General Meeting of Shareholders last year, the Company was questioned about the appropriateness of transactions with an affiliated company of Kenko Tokina Corporation, on the ground that the representative of such company has committed the act of prostitution with hundreds of women annually, including minors and those who have suspected relationships with antisocial forces, and also paying money as return for intermediation, but the Company made false answer that it confirmed such facts did not exist. However, on the contrary to the Company's answer, the fact was largely admitted by the representative director of the company himself in his own divorce case (refer to lawsuit case records including No. 612 (personal status litigation case) of 2015, Tokyo Family Court), thus it is clear that the statement at the Annual General Meeting of Shareholders of the Company last year itself was false. With such a level of compliance awareness, the Company could be criticized by overseas human-rights groups and even assume the risk of massive liability for damages, and a special investigation committee should be established to verify the appropriateness of such transactions once more.

[(The Company's note) Cited above is an English translation of the original text of the proposal details and reasons for proposal described in a form submitted by the shareholders.]

Board of Directors opinion

The Board of Directors objects to this proposal.

The Company clearly defines the Group's mission, medium- and long-term vision, and values we should share in its Corporate Vision, which includes responding to the expectations of its customers and society through unified efforts. In addition, under the Corporate Vision, the Company has established Principles of Ethics and Conduct as standards for all Group executives and employees to guide decisions and actions, in which the Company has declared that it would comply with laws and regulations in Japan and overseas, and act fairly and transparently in its business activities in good faith, and support and strengthen the trust and confidence of society. It also appropriately executes individual transactions in accordance with the policy above and internal rules.

Since the Articles of Incorporation provide the basic policies of the Company, we believe that it is not appropriate to prescribe the establishment of an investigative committee on individual events, as this would limit the business execution of the Company.

Therefore, we believe that there is no need to set forth the proposed clause in the Articles of Incorporation.

<Proposal by Shareholder (from Third Item of Business to Ninth Item of Business)>

Items of the Eighth Item of Business and the Ninth Item of Business are proposed by one shareholder.

<Proposal by Shareholder>

E i g h t h I t e m o f Partial Amendment to the Articles of Incorporation
Business

(Reconsideration of Customer Service for the Socially Vulnerable)

1. Proposal details

The following clause shall be set forth in the Articles of Incorporation:

Driver's license shall not be requested indiscriminately, taking into consideration injured and sick people and people with disabilities, during customer service at all Group companies.

2. Reasons for proposal

Although the revision to the law has led to stricter standards for presenting ID for transactions, I believe that requiring one to present a driver's license (license) at the very beginning shows no consideration whatsoever for injured and sick people and people with disabilities who are unable to get a license. People like the proposer have been told, "You will not be able to get a license for the rest of your life" since their birth, and have been mocked with "You bespectacled monkey" during childhood and "License, license" after becoming an adult. For the proposer, getting a license is an empty dream he would never be able to fulfill, even though it is nothing unusual in society. There are some people who have their licenses suspended and lose their job due to injury or illness. It should be better to stop saying "license indiscriminately" and say it in another way. Would Mitsubishi staff have no hesitation telling a person on a wheelchair, "Please climb the stairs?"

[(The Company's note) Cited above is an English translation of the original text of the proposal details and reasons for proposal described in a form submitted by the shareholder.]

Board of Directors' opinion

The Board of Directors objects to this proposal.

Since the Articles of Incorporation provide the basic policies of the Company, we believe that it is not appropriate to prescribe matters concerning individual business execution. The Group appropriately carries out identification confirmation of customers using methods including the presentation by customers of a driver's license and/or passport, Individual Number Card and other identification documents stipulated by laws and regulations.

Therefore, we believe that there is no need to set forth the proposed clause in the Articles of Incorporation.

<Proposal by Shareholder>

Ninth Item of Business Partial Amendment to the Articles of Incorporation

(Disclosure of Reason upon Compulsory Termination of Account)

1. Proposal details

The following clause shall be set forth in the Articles of Incorporation:

Specific reasons shall be disclosed in the case of compulsory termination of a customer's account at Group companies.

2. Reasons for proposal

Although I had been conducting transactions with kabu.com Securities for nearly 20 years and had also been recognized as a VIP, my account was suddenly forced to be terminated due to unwitting violation of the terms. I was given the severest punishment of not being allowed to open an account ever again thereafter. Considering that I had been conducting transactions with the securities firm for nearly 20 years, I complained once or twice. However, I have never acted as an unreasonable complainer. If a satisfactory explanation is given, what I said would be taken just as a complaint, and if taken favorably, it would fall within the scope of just an inquiry. All I was told was that the reason for termination would not be disclosed. I believe that the reason cannot be disclosed because such disclosure would give rise to some inconvenience. If my inability to get a driver's license is the reason for such termination, it is severe violation of human rights. I have suffered several millions of yen in damages caused by an inability to make purchases using NISA and opportunity loss due to the termination.

[(The Company's note) Cited above is an English translation of the original text of the proposal details and reasons for proposal described in a form submitted by the shareholders.]

Board of Directors' opinion

The Board of Directors objects to this proposal.

Since the Articles of Incorporation provide the basic policies of the Company, we believe that it is not appropriate to prescribe matters concerning individual business execution.

Therefore, we believe that there is no need to set forth the proposed clause in the Articles of Incorporation.

(Reference) Corporate Governance Highlight

Fundamental Concepts

The Company will aim for sustainable growth and the increase of corporate value over the medium- to long-term, in consideration of the perspectives of its stakeholders, including shareholders as well as customers, employees and local communities. The Company will aim to realize effective corporate governance through fair and highly transparent management based on the guidance provided by MUFG Corporate Governance Policies established in May 2015.

Steps to Improve Our Governance Structure

Since its establishment, the Company has worked to build a stable and effective corporate governance structure, putting emphasis on ensuring external oversight. In June 2015, the Company transitioned to the company with three committees governance structure. The functions of oversight and execution in the holding company are separated, thereby strengthening the oversight function of the board of directors and the committee system has also been reorganized for more effective governance. We are aiming for a governance framework that will be more familiar and transparent to overseas stakeholders, in line with our status as a G-SIB (Global Systemically Important Bank Group).

In June 2017, two foreign nationals were appointed as outside directors in an effort to further diversify the board of directors. In addition, upon the approval of the Second Item of Business as proposed at this Annual General Meeting of Shareholders, a majority of the board of directors would consist of outside directors, thus further strengthening the oversight function.

Corporate Governance Development

Evaluation of the Board of Directors

Since 2013, with the aim of enhancing the function of its board of directors, the Company has introduced a framework to regularly evaluate the board of directors' working practices through implementation of a PDCA cycle.

As methods of evaluation, the Company retains third-party external consultants, who conduct prior questionnaires to and interview each director on the composition of the board of directors and committees, advance preparation, the content of discussions, the status of operations of the board of directors, and the contributions of the board of directors, as well as assessment of the execution system. The results of these questionnaires and interviews are discussed by the Nominating and Governance Committee and the board of directors following aggregation of such results.

The summary of the results of the evaluation of the Board of Directors for fiscal year 2016 is as follows:

- (1) Based on the results of the previous fiscal year evaluation undertaken to assess the board of directors activities, the Company implemented various initiatives. As a result, such activities were assessed to have made steady improvements to the management of the board of directors, such as the way it conducts proposals and discussions, contributions made from directors, and the progress of reform.
- (2) Upon perceiving that the business circumstances are globalized and approximately 40% of the shareholders, profits, and employees are from overseas, the Company recognizes that the composition of the board of directors needs further enhancement, by appointing foreign outside directors to take advantage of their extensive global insight and dealing with globalizing the Board. In addition, further development in Group governance structure and the succession plan as well as the cultivation of human resources for the future management were also recognized as important issues.

Initiatives taken during fiscal year 2017 in response to results of the evaluation of the Board of Directors for fiscal year 2016

Some initiatives taken by the Company during fiscal year 2017 based on the results of the evaluation of the board of directors above are presented below.

- Invited 2 foreign outside directors, and responded to the globalization of the operation of the board of directors.
- Confirmed initiatives to eliminate overlapping and inefficient governance functions of the holding company and Group companies.
- Enhanced the succession plan further by expanding the pool of successors with an eye to the future, etc.
-

Deliberated the optimal composition of the board of directors (including factors such as the number and diversity of directors) and the review of the election standards for outside directors, among other items.

- * The results of the evaluation of the board of directors for fiscal year 2017 are scheduled to be disclosed in the Corporate Governance Report to be submitted after this Annual General Meeting of Shareholders.

Business Report for the Thirteenth Fiscal Year (April 1, 2017 to March 31, 2018)

1. Matters Concerning the Current State of the Company

(1) Business Operations and Results of the Group

a. Major Business Matters

The group/MUFG (the Group) is a corporate group that is comprised of the Company, 142 subsidiaries, 68 subsidiary entities, etc., and 56 affiliated corporate entities, etc. The Group conducts business in areas that include mainly commercial banking, trust banking and securities, and also credit cards and consumer finance, leasing, and asset management, and other areas, with the aim of becoming the world's most trusted financial group.

(Note) The Bank of Tokyo-Mitsubishi UFJ, Ltd., has changed its name to MUFG Bank, Ltd., as of April 1, 2018. Accordingly, regarding matters for which The Bank of Tokyo-Mitsubishi UFJ, Ltd. is to be stated in this Business Report, the new name, MUFG Bank, Ltd., is stated.

b. Financial and Economic Environment

An overview of the financial and economic environment in fiscal year 2017 reveals the global economy was exposed to political and geopolitical risks, such as a change in US policy under a new administration, national elections in major European countries and a rise in tensions in the Middle East and surrounding North Korea. Despite this, the global economy continued to recover and grow with comparative stability.

In the US, an improvement in the labor market, a rise in wages and a recovery of corporations' production activities allowed its self-sustained growth to continue. The European economies remained solid, supported by a strong labor market, increased wages and low interest rates, despite underlying uncertainty about the UK's decision to leave the EU. In addition, it appears that the economies of ASEAN (Association of Southeast Asian Nations) and NIEs (Newly Industrialized Economies) remained robust, even China's, which has been experiencing downward pressure from structural adjustments. A recovery of exports, owing to growth in developed economies, and strong demand for infrastructure provided support for Asian economies. Meanwhile, the Japanese economy remained unshaken, despite movements in the political sphere, such as elections for the Tokyo Metropolitan Assembly and the House of Representatives. It continued to expand gradually throughout the fiscal year, becoming the second-longest post-war period of economic growth, surpassing the Izanagi Boom. In the corporate sector, capital expenditure maintained its strong growth due to a high level of corporate profits and a recovery of production, which was aided by completion of inventory adjustments. In the household sector, private consumption remained solid on the back of a favorable labor market and a rise in wages, supported by corporations' strong hiring appetite. In addition, implementation of large-scale economic policies by the government contributed to economic growth throughout the first half of the fiscal year.

Turning our attention to the financial situation, the US dollar-to-Japanese yen exchange rate remained relatively unchanged and stock prices followed an upward trend, supported by a recovery in the global economy until the third quarter. However, in the fourth quarter, concerns about inflation in the US came to the fore and uncertainty about its trade policies rose, leading to appreciation of the Japanese yen and a downward correction of stock prices. In June and December 2017 and March 2018, the US Federal Reserve raised interest rates, and in April 2017 and January 2018, the European Central Bank reduced the size of its asset purchases. On the other hand, the Bank of Japan maintained its Quantitative and Qualitative Monetary Easing with Yield Curve Control, and long-term interest rates remained low.

c. Business Operations and Results of the Group (Results of Fiscal Year 2017)

Under such environments, with respect to the consolidated results of the Group in fiscal year 2017, ordinary profits were ¥1,462.4 billion and profits attributable to owners of parent were ¥989.6 billion. As for MUFG's non-consolidated results, ordinary profits were ¥538.7 billion and profits were ¥541.8 billion.

Consolidated gross profits were ¥3,854.2 billion, marking a decrease of ¥157.5 billion from the previous fiscal year. Despite growth in both overseas lending revenue and deposit revenue, deposit revenue decreased domestically due to continued low interest rates. As a result, net interest income as a whole was ¥1,906.8 billion, marking a decrease of ¥117.6 billion from the previous fiscal year. Net fees and commissions income was ¥1,327.1 billion, almost same as previous fiscal year, owing to a decrease in overseas fees, despite an increase in sales commissions for stocks and consumer finance. Net trading profits and net other business profits were ¥497.6 billion, marking a decrease of ¥39.1 billion from the previous fiscal year. General and administrative (G&A) expenses were ¥2,621.4 billion, marking an increase of ¥27.8 billion from the previous fiscal year, due to an increase in expenses for complying with regulations and personnel expenses overseas. As a result of the above, net business profits totaled ¥1,232.8 billion, marking a decrease of ¥185.4 billion from the previous fiscal year. Total credit costs were ¥46.1 billion, marking a decrease of ¥109.2 billion from the previous fiscal year. Net gains (losses) on equity securities resulted in gains of ¥133.1 billion driven by a progress in sales of equity holdings and equity in gains of the equity method investees amounted to ¥242.8 billion. As for extraordinary gains (losses), losses of ¥53.0 billion were recorded.

As a result of the above, profits attributable to owners of parent were ¥989.6 billion, marking an increase of ¥63.2 billion from the previous fiscal year, surpassing the earnings target of ¥950.0 billion.

Under the regulatory standard (Basel III), Consolidated Common Equity Tier 1 capital ratio, Consolidated Tier 1 capital ratio, and Consolidated Total capital ratio were 12.58%, 14.32%, and 16.56%, respectively. All of these met the required level as of March 31, 2018. The liquidity coverage ratio^{*1} was 144.8%, also meeting the required level.

In addition, the risk-monitored loan ratio that shows the soundness of loan assets, remained at a low level of 1.17%.

Annual dividends per common stock for fiscal year 2017 are expected to be ¥19, an increase of ¥1 from the fiscal year 2016^{*2}.

(Operations and Results by Business)

In order to demonstrate the strengths of its comprehensive financial group, the Group has introduced the business group system where the business groups established under the holding company control their subsidiaries to promote strategies across the Group. The business groups for fiscal year 2017 consist of five business segments: Retail Banking, Corporate Banking, Global Banking, Asset Management & Investor Services, and Global Markets. Each group designs strategies that integrate the strengths of group subsidiaries consisting of banks, trust banks, securities companies, credit card companies, consumer financing companies, lease companies and asset management companies, etc., and implements measures in order to meet a broad range of customer needs as a group.

The operations and results by business group for fiscal year 2017 are as follows.

Retail Banking

Business

In the Retail Banking Business Group, we offer a wide range of products and services from housing loans to asset management, inheritance and consumer finance, through MUFG Bank, Ltd., Mitsubishi UFJ Trust and Banking Corporation, Mitsubishi UFJ Morgan Stanley Securities Co., Ltd., Mitsubishi UFJ NICOS Co., Ltd., ACOM CO., LTD., etc., in order to meet various need of individual customers.

		Increased by ¥28.8 billion (2.4%)
Gross profits	¥1,226.9 billion	from the previous fiscal year
		Increased by ¥40.4 billion (17.9%)
Net operating profits	¥266.1 billion	from the previous fiscal year

The gross profits for fiscal year 2017 increased 2.4% (¥28.8 billion) from the previous fiscal year to ¥1,226.9 billion, and net operating profits increased 17.9% (¥40.4 billion) from the previous fiscal year to ¥266.1 billion.

Profits increased from the previous fiscal year due to strong performances for asset management, credit card business and consumer finance, despite a decrease in income from lending and yen deposits against the backdrop of a prolonged low interest environment in Japan.

Regarding shifts from savings to stable asset building, a major initiative, we are stepping up efforts to meet asset management needs and asset building needs according to the life stage of customers. From November last year, we started handling fund wraps at all branches of MUFG Bank, Ltd. We also started handling Tsumitate NISA (Nippon (Japan) Individual Savings Account, a tax exemption program for small investments by individuals) from January of this year. In addition, as a result of growth of other installment-type products, the balance of deposit assets from customers increased by approximately ¥0.6 trillion from the end of the previous fiscal year to ¥26.4 trillion.

As for contribution to revitalizing personal consumption, from November last year, we began handling Mitsubishi UFJ-JCB Debit with an eye to expanding the lineup of debit cards in response to various payment needs of customers.

Corporate Banking

Business

In the Corporate Banking Business Group, we meet the diverse needs of our customers by utilizing our domestic and international networks to perform services for our corporate customers, such as lending, settlements, foreign exchange business and asset management, and through proposals related to business strategies that take advantage of the expertise of each group companies.

Gross profits	¥1,003.2 billion	Decreased by ¥25.9 billion (2.5%) from the previous fiscal year
Net operating profits	¥422.5 billion	Decreased by ¥30.1 billion (6.6%) from the previous fiscal year

The gross profits for fiscal year 2017 decreased 2.5% (¥25.9 billion) from the previous fiscal year to ¥1,003.2 billion*, and net operating profits decreased 6.6% (¥30.1 billion) to ¥422.5 billion.

Owing to the prolonged low interest environment in Japan, in addition to continued intense competition, income from lending and deposits decreased from the previous fiscal year. On the other hand, the lending balance steadily increased by 0.8% from the previous fiscal year.

For large corporate customers, M&A-related event finance performed well. Also, we were in the top class for underwriting of stocks and bonds.

For small and medium business customers, we focused on making proposals for capital strategies that contribute to the smooth succession and growth strategies of business according to the growth stage of companies. We also held large business conferences and theme-based business conferences focused on specific needs. In addition to participation by investment promotion institutions from China, Indonesia, Malaysia and other countries at a large business conference held in Osaka, MUFG Union Bank, N.A. and the Bank of Ayudhya Public Company Limited of Thailand also exhibited their stands at the conference. The conference was well-received by many participating companies.

* Including overseas Japanese companies

Global Banking

Business

In the Global Banking Business Group, through our approximately 1,200 units operating in more than 50 countries, the leading Japanese banking network overseas, the Group meets the financing needs of corporate customers around the world, as well as offering cash management services and various advisory businesses. The Group also offers services for small and medium businesses and individuals through our subsidiaries and affiliates in the U.S., Thailand, Vietnam, and the Philippines.

Gross profits	¥1,279.6 billion	Decreased by ¥23.6 billion (1.8%) from the previous fiscal year
Net operating profits	¥422.3 billion	Decreased by ¥59.9 billion (12.4%) from the previous fiscal year

Gross profits for fiscal year 2017 decreased 1.8% (¥23.6 billion) from the previous fiscal year to ¥1,279.6 billion, and net operating profits decreased 12.4% (¥59.9 billion) from the previous fiscal year to ¥422.3 billion.

A look at the trends by region shows that the competitive environment in East Asia, mainly in China, was harsh and that stagnation in the M&A markets in the Americas and Europe led to a slowdown in related businesses. Meanwhile, large-scale project financing in Asia and Oceania, and auto loans and consumer finance at the Bank of Ayudhya Public Company Limited, performed strongly. In addition, foreign currency deposits, our current focus, have increased steadily.

As part of the growth strategy in Asia and Oceania, MUFG Bank, Ltd. announced the strategic investment in PT Bank Danamon Indonesia, Tbk. (Bank Danamon), a major Indonesian bank, in December last year and acquired 19.9% of Bank Danamon's shares. In the future, MUFG Bank, Ltd. plans to acquire additional shares on two more occasions upon seeking regulatory and other relevant approval. With the completion of such acquisition, MUFG Bank, Ltd. is expected to acquire a majority of shares of Bank Danamon. We will build a strong business foundation in Indonesia through strategic investment in Bank Danamon while strengthening our network in Asia and Oceania as we aim at further development and accelerated growth.

Asset Management
& Investor Services

Business

The Asset Management & Investor Services Business Group engages in management and administration of trust assets such as pension funds and investment trusts, and has made efforts to enhance operation and product development capabilities, utilizing advanced and professional know-how in an effort to meet the various needs of customers.

		Increased by ¥13.6 billion (7.8%)
Gross profits	¥186.7 billion	from the previous fiscal year
		Increased by ¥8.9 billion (14.6%)
Net operating profits	¥69.8 billion	from the previous fiscal year

The gross profits for fiscal year 2017 increased 7.8% (¥13.6 billion) from the previous fiscal year to ¥186.7 billion, and net operating profits increased 14.6% (¥8.9 billion) from the previous fiscal year to ¥69.8 billion. Although the impact from the dissolution of employee pension funds persisted, revenue and profits increased due mainly to the increase in the balance of defined benefit corporate pensions and the expansion of the asset administration business in Japan and overseas.

In the global area, we are meeting diversifying customer needs mainly through one-stop offering of various services to global asset management institutions in the asset administration field under the MUFG Investor Services brand. In addition, in the asset management field, we are utilizing MUFG's global network to expand the customer base.

In the pension area, the Group maintained a top-class share in its pension trust balance, and in defined contribution pensions as well, achieved growth in the balance of assets under administration and the balance of investment management product sales. In addition, the Group is actively making efforts in fields other than conventional products, such as being appointed the management trustee for domestic real estate by the world's largest institutional investor.

In the investment trust area, we focused on efforts to promote shifts from savings to stable asset building. Mitsubishi UFJ Kokusai Asset Management Co., Ltd. provides the largest number of investment-grade Tsumitate NISA products in the industry.

Global Markets

Business

The Global Markets Business Group is in charge of the promotion of market transactions, such as interest, foreign exchange business, debt securities, and derivatives, and ALM operation (operation involving the comprehensive management of capital liquidity risk, interest rate risk and other risks inherent in such assets as lending and such liabilities as deposits).

Gross profits	¥477.2 billion	Decreased by ¥105.7 billion (18.1%) from the previous fiscal year
Net operating profits	¥254.5 billion	Decreased by ¥115.2 billion (31.2%) from the previous fiscal year

The gross profits for fiscal year 2017 decreased 18.1% (¥105.7 billion) from the previous fiscal year to ¥477.2 billion, and net operating profits decreased 31.2% (¥115.2 billion) from the previous fiscal year to ¥254.5 billion.

The Sales and trading business* struggled due to the continued impasse in the market environment, especially the yen interest rate in Japan. In addition, banking income declined in ALM operation due to the prolonged trend of low interest rates in Japan and a cautious stance toward foreign bond investment based on the normalization of U.S. interest rate policies.

The Group began integrated operations of the sales function of banks and securities companies and trading function of Japan and overseas in full scale. We conduct one-stop offering of high quality services and products to customers ranging from business corporations to institutional investors on a global basis.

In ALM operation, we are making efforts Group-wide to bolster our ability to respond to environmental changes and to enhance balance sheet management mainly by further reinforcing global integrated management of the U.S. dollar and foreign currency liquidity management.

We are also reinforcing the business base by making use of ICT and FinTech.

* General term for sales operations involving the provision of financial products and solutions including foreign exchange and derivatives, and trading operations to buy and sell marketable products through inter-bank trading or trading on exchanges.

d. Key Issues

MUFG announced its new medium-term business plan (MTBP) for the three-year period beginning in fiscal 2018.

Background and context

The global economy has achieved steady recovery over the last few years. However, going forward, markets merit close watch for changes which could be triggered by shifts in central bank policies or signs of a turning point in the credit cycle, as well as growing uncertainty caused by geopolitical risks.

Meanwhile, Japan's low growth and ultra-low interest-rate environment are seen as likely to continue on the back of serious challenges such as its aging population, declining birthrate and decreasing population. In addition, the ongoing wave of digital technology-fueled transformations is poised to drastically change society and whole industries including the financial industry.

MUFG publicly announced the outline of its MUFG Re-Imagining Strategy in May 2017. This plan aims to swiftly and flexibly respond to the above-mentioned changes and put the company on a growth track. We commit to steadily improving our business model to satisfy all stakeholders—customers, shareholders and employees—while maintaining a strong business base in Japan and tapping into global growth.

1. Basic company policy

Based on the current MTBP, we at MUFG aim to deliver the best value to all stakeholders through simple, speedy and transparent group-integrated operations.

We will move from group collaboration and group-driven management to group-based, integrated management to foster business transformation. Specifically, in responding to shifting customers' needs in an appropriate manner, we will reorganize business groups into new customer segments in July. At the same time, we will clarify the roles of group companies by functional realignment, strengthening the functionality of products and services as well as increasing the capacity to provide solutions.

We believe that by making full use of management resources, much of the business transformation process can be accomplished in the first half of the new business plan. During this three-year period, we seek to lay a solid foundation for a new future-oriented business platform. By the third year, we hope to realize a tangible sense of success.

From there, we seek to establish a new business growth model which meets everyone's expectations within six years (the end of the next MTBP).

MUFG's Vision ~ Our Corporate Vision Beyond Re-Imagining Initiative

We aim to deliver the best value to all stakeholders through simple, speedy and transparent* group-integrated operations. Also, we will contribute to the realization of sustainable growth and a better society by promoting solution-oriented business.

- (1) Engage in the needs and issues of customers and society, and provide optimized solutions.

- (2) Redefine ideal legal entities and the group, and develop a sustainable business model unique to MUFG.
 - (3) Provide a workplace where each employee can realize his or her talent development.
 - (4) Based on the results achieved above, respond to shareholders' expectations and enhance a reliable relationship with them.
- * Transparent: universal, barrier-free open personnel communications between legal entities, and between company branches and the Head Office, regardless of title and position. It also implies an understanding of MUFG corporate vision.

2. Financial Targets and Capital Policy

We have set mid-to long-term financial targets, along with FY2020 targets, as follows:

- * Estimated CET1 ratio reflecting the RWA increase calculated on the finalized Basel III reforms basis

Our capital policy calls for striking an appropriate balance from three perspectives: solid equity capital maintenance, capital use to strengthen profitability, and the further enhancement of shareholder returns.

Regarding shareholder returns, we have established Basic policies for shareholder returns, which continuously seek to improve shareholder returns, focusing on dividends. MUFG aims for stable and sustainable increase in dividends per share through profit growth, with a dividend payout ratio target of 40%. As part of this policy, MUFG also plans to flexibly repurchase its own shares in order to improve capital efficiency.

3. Group Business Strategies

Eleven Transformation Initiatives have been outlined in the new MTBP as specific initiatives to help the company to weather a difficult business environment, and to get back to a sustainable growth track. Each initiative shares the following features: (1) a large growth potential, (2) the power to enable MUFG to demonstrate its capabilities, (3) the promise to become a main MUFG business, or a support function of a main business. Each legal entity of the Group, business groups and the Corporate Center will promote these initiatives together, with the goal of boosting net operating profits by approximately JPY250 billion.

Additionally, we will establish a new business group focused on Retail and local corporate and SME banking business outside of Japan, aiming to surely and steadily capture the market growth in the United States and Southeast Asia. Under the previous MTBP, we expanded the business of Bank of Ayudhya Public Company Limited, a consolidated subsidiary in Thailand. We also built a solid business platform in South East Asia through our strategic investment in Security Bank Corporation, a large commercial bank in the Philippines, and PT Bank Danamon Indonesia, Tbk, a large commercial bank in Indonesia.

Raising the enterprise value of each of our partner banks as well as ourselves is an important goal. In the process, we will realize synergies by sharing and deploying the advantages and expertise of each partner bank, including MUFG Union Bank N.A. in the U.S., VietinBank in Vietnam, and MUFG itself.

[Eleven Transformation Initiatives]

(1) Digitalization

The use of digital technology is a critical part of our transformation goals. We will develop and implement a wide variety of initiatives to improve top-line results and optimize business processes. Big data will be employed to improve our capabilities in marketing and consulting. Meanwhile, in-branch operations will be streamlined by redeploying our corporate online banking system, shifting to digital channel for our housing loan business, and by actively using robotics and AI to improve productivity.

(2) Channel / BPR

We strive to create a well-balanced UI/UX^(*1) and productivity improvements by fully utilizing digital technology and BPR^(*2). Specifically, we will improve the viability of our online channel, and encourage customers to use it. The entire channel will be developed both online and offline by introducing the function-specific MUFG NEXT bank branch, optimizing branches, and implementing Group co-located branch where a full range of services provided by the Bank, the Trust Bank and the Securities HD^(*3) is available at single location.

(*1) Abbreviation for User Interface (usability of system) and User Experience (users' service experience), respectively.

(*2) Abbreviation for Business Process Re-engineering, a radical restructuring of all existing businesses, including business details and flows.

(*3) The Bank, the Trust Bank, and the Securities HD are short forms of the names of the following legal entities, respectively: MUFG Bank, Mitsubishi UFJ Trust and Banking, and Mitsubishi UFJ Securities Holdings.

(3) Wealth Management

With the integration of the retail and commercial banking units, as well as the group-based, integrated approach by the Bank, the Trust Bank and the Securities HD, we can support rising customer needs for asset management and inheritance services. This is an important consideration for Japan's aging society with low birthrate. Additionally, we will pursue consistently profitable businesses by focusing on fee based asset management. Professionals of the Bank, the Trust Bank and the Securities HD will develop and implement a business model which seamlessly provides various business solutions.

(4) RM-PO Model

In implementing restructuring measures by business function, the corporate loan businesses of the Bank and the Trust Bank have been consolidated. Additionally, the RMs are now referred to as MUFG's RMs^(*1) those who itemize customers' business issues. Meanwhile, the PO^(*2) will extend its expertise, providing optimized solutions for customer needs.

(*1) Abbreviation for Relationship Manager.

(*2) Abbreviation for Product Office, which plans, develops and provides products and services.

(5) Real Estate Value Chain

The Group, in an integrated and continuous manner, provides solutions to satisfy various customer needs with regard to the real estate value chain (*). Branches will assess customer needs so that it can be maximized to enhance brokerage businesses and asset management businesses, adding more value.

(*). The course of business regarding real estate from sales to development to tenant leasing to asset management.

(6) Asset Management

We will offer asset management services to our customers on an integrated group-basis. We will develop competitive products, supply a full product lineup, and expand our talent portfolio to support these moves. Additionally, we will upgrade our asset management business by pushing to be a more globally recognized industry player and by enhancing our talent, products and solutions.

(7) Institutional Investors Business

We will provide a wide range of services to satisfy various professional needs for asset management on an integrated group-basis, while extending business relationships with the institutional investors of each legal entity and business group across the Group.

(8) GCIB Business Model

In order to realize sustainable growth of global CIB^(*) business, we will respond to the needs of global corporate customers, and improve portfolio return by constantly recycling loan assets, etc. In addition, we will be shifting value to quality over quantity through origination and distribution under the integrated platform of the Bank and the Securities HD.

(*) Abbreviation for Corporate and Investment Banking. This business consists of traditional corporate banking (e.g. deposits and loans) and investment banking (e.g. capital markets and M&A etc), and provides sophisticated financial services.

(9) Overseas Operations

We will shift our business focus from region-/ legal entity-based to customer-/ business-based, and reinforce business-driven operations across the Group. Our global branch network will also be upgraded, centralized, and standardized for business administration and systems in order to establish a structure to flexibly address environmental changes.

(10) Human Resources

In addition to the acceleration of personnel allocation and transfers across the Group to drive strategy, the HR Division will be set up to manage domestic and international HR operations, creating a globally integrated HR capability.

(11) Corporate Center Operations

The Corporate Center function will be reorganized from integrated operations by MUFG and the Bank to that of MUFG, the Bank, the Trust bank and the Securities HD to effectively take advantage of our business resources on a group-integrated basis and actualize low cost operations.

4. Reorganization

We will reorganize the segmentation of the business groups and implement a system for integrated group operation to be facilitated by the Bank, the Trust Bank and the Securities HD, effective July 1, 2018. Current business groups serving as contact points are re-classified into six business groups; four business groups for combinations of Japanese or Non-Japanese and Retail/SMEs or Large Corporates, in addition to Asset Management and Investor Services, and Global Markets.

Policy on Decisions on the Contents of Compensation for Individual Executives, etc. (revised May 15, 2018)**1. Context of the Policy**

The Company's Compensation Committee has prescribed this policy on decisions on the contents of compensation for individual directors, corporate executives and executive officers (Executives, etc.) (the Policy) in accordance with the provisions of the Companies Act with regard to a company with three committees. The outline of the Policy are as below. In addition, major subsidiaries of the Company have each prescribed a similar policy based on the Policy of the Company.

2. Decision-Making Organization for the Policy

The Company, as a company with three committees, has established a Compensation Committee. The Compensation Committee comprises independent outside directors and a director who concurrently serves as President & Group CEO (Representative Corporate Executive) and is chaired by an independent outside director.

The specifics of the compensation for individual executive officers in accordance with the Policy are determined at the Executive Committee.

3. Summary of the Policy (revised May 15, 2018)

1) Philosophy and Objective

The MUFG Group, supported by its consolidated strength, provides prime-quality products and services to respond to any and all financial needs, with the aim to be the world's most trusted global financial group and win strong support from its customers and society.

In an effort to realize such a management policy, we have decided on this Policy on compensation for officers in order to prevent excessive risk-taking and raise motivation of Executives, etc., to contribute not only to the short-term but also to the medium- to long-term improvement of financial results, thereby enabling sustainable growth and the medium- to long-term enhancement of the enterprise value of the MUFG Group. In addition, this Policy has been prescribed in accordance with the business performance and financial soundness of the Company and the MUFG Group and applicable Japanese and overseas regulations regarding compensation of executives.

2) Compensation Level

We determine the level of compensation for executives that is appropriate for the Company and its subsidiaries taking into consideration the economic and social context, industry trend, management environment of the MUFG Group, and status of financial results, as well as human resources markets in the country where the Executives, etc. are appointed and other important factors.

3) Contents of Compensation

- In principle, compensation for the Company's Executives, etc. is composed of three types: basic compensation (fixed), stock compensation (linked to stock price and medium- to long-term performance) and executive bonuses (linked to short-term performance). The proportion of each compensation type is properly specified based on the philosophy and objective above as well as the contents of the duties of such Executives.
- In the stock compensation system, the Company's shares are issued to Executives, etc. by means of the trust structure. Stock compensation has been implemented in fiscal year 2016 as a common Group-wide new medium- to long-term incentive plan.
- The proportion of the President & CEO's compensation since fiscal year 2018 is balanced among these three types of compensation: basic compensation : stock compensation : executive bonus = 1 : 1 : 1 . (In case the stock compensation and executive bonus are paid in base amount).
- Outside directors and directors serving as audit committee members are not eligible to receive stock compensation or executive bonuses in consideration of the contents of their duties.

- * Regarding stock compensation, confiscation of the share issuance points granted or the return of an amount equivalent to the shares issued, etc. may be requested to Executives, etc. who fall under any of the following.
- 1) Those who committed a material breach of delegation agreements, etc. between the Company and Executives, etc. in regard to the duties of Executives, etc.
 - 2) Those who retired for personal reasons during their term of office

Regardless of the above, compensation for Executives, etc. who are hired locally outside Japan is individually designed in order to prevent excessive risk taking, taking into account compensation regulations, compensation practice, the local market rate and other related factors in the relevant overseas region, as well as the job contents and characteristics of the duties of such Executives, etc.

(3) Limited Liability Agreement

Summary of the Operating Status of the System to Ensure Appropriate Conduct of Operations

The summary of the operating status of the Internal Control System mentioned above in fiscal year 2017 (fiscal year ended March 31, 2018) is as follows.

The Company, as a general rule, verifies the Internal Control System once annually, and conducts reviews thereof as necessary. In fiscal year 2017, periodic reviews of the Internal Control System were resolved at the board of directors meeting held on March 2018.

The Company aims to remain a financial group capable of achieving sustainable growth by quickly adapting to structural changes in operating environments at home and abroad. To that end, we announced the MUFG Re-Imagining Strategy in May 2017. Based on this strategy, we have initiated a new medium-term business plan in fiscal year 2018 as the strategy for the next three years.

In line with the revision to Comprehensive Guideline for Supervision of Major Banks, etc. by the Financial Services Agency (FSA), and the revision of Financial Instruments and Exchange Act, we established and announced MUFG Group Information Disclosure Policy in March 2018 as a basic policy on information disclosure of the MUFG Group.

With respect to the Internal Control Systems of the directly owned subsidiaries of the Company, status of review by the board of directors of those subsidiaries is subject to verification by the Company once annually as a general rule. Meanwhile in June 2017, ACOM CO., LTD. completed transition to a company with an Audit & Supervisory Committee to ensure further enhancement of corporate governance system.

(1) Group Management Framework

The Company has established its Corporate Vision as a basic policy forming the basis for the formulation of business strategies and decision making, as well as the Principles of Ethics and Conduct as specific standards for decision-making and conduct which adhere to the Corporate Vision.

Companies subject to direct management control by the Company are stipulated as being directly owned subsidiaries of the Company, and the management of subsidiaries in which the Company does not have direct investment shall be directly managed by the subsidiary which holds the said direct investment, pursuant to the Company rules. The Company shall provide direction and advice regarding management control to the subsidiary that holds the direct investment as required. Additionally, the Company and directly owned subsidiaries of the Company have reached agreement on the prescribed matters relating to management control, and have concluded management control agreements or equivalent arrangements. The Company reviews the agreements once annually, as a general rule.

With regard to internal controls over financial reporting, the Company has documented control activities in accordance with the basic policy, which has been set forth in the company rules. The Company has evaluated the effectiveness of such controls through tests on the status of establishment and operation, and has submitted the results of such evaluation to the Executive Committee upon deliberation by the Disclosure Committee, a committee under the Executive Committee. Additionally, an Accounting Audit Hotline has been established as an internal reporting system for reporting fraudulent accounting, fraud involving internal controls over accounting or accounting audits (e.g. law violations) and inappropriate accounting, or suspected incidents.

(2) Legal and Regulatory Compliance Framework

The Company and directly owned subsidiaries of the Company have created a Corporate Vision and the Principles of Ethics and Conduct. The Corporate Vision has been printed on cards and the Principles of Ethics and Conduct have been made into a booklet and distributed to all officers and employees, in addition to being posted on the Company website and internal networks.

The Company and directly owned subsidiaries of the Company have established divisions to supervise compliance and have been engaged in initiatives to promote compliance through compliance programs and seminars, while at the same time reporting on the status of compliance to the executive committee and the board of directors. As part of efforts to deliberate important matters relating to the development of policies and systems for promoting compliance across the MUFG Group, the Company has also established a Group Compliance Committee under the executive committee, where important compliance issues are being discussed. The Group Compliance Committee, as a general rule, meets twice a year.

The directly owned subsidiaries of the Company have developed internal reporting systems in an effort to detect compliance incidents early so that it leads to correction by taking self-cleansing actions. Furthermore, the Company has established an MUFG Group Compliance Helpline, which includes the Audit Committee as a contact point, to supplement the existing systems of the group companies and made it accessible to the executives and employees of the group companies.

The Company and directly owned subsidiaries of the Company have established a basic policy on the handling of anti-social forces, and based thereon have set forth certain measures in the prescribed company rules. A division in charge of handling anti-social forces has also been established, which implements planning and management measures related to preventing transactions with anti-social forces.

The Company and directly owned subsidiaries of the Company have been keeping a close watch on the legal and statutory developments of each country, in line with the increasingly global nature of its business expansion, and have developed a system for the prevention of money laundering.

(3) Management Framework for Customer Protection, etc.

The Company and the directly owned subsidiaries of the Company have established a management system for protecting customers by creating administration and management divisions for customer protection, formulating related company rules and increasing awareness of customer protection among officers and employees. Matters involving customer protection across the entire Group are also reported to the Executive Committee, as necessary.

With a view to thoroughly implementing customer-first undertakings, the Company has established and disclosed the MUFG Basic Policy for Fiduciary Duties as Group-wide guidelines and has regularly disclosed the contents and status of such initiatives.

Furthermore, the MUFG Group Personal Information Protection Policy and the Conflicts of Interest Management Policy has been formulated and publicly released.

(4) Information Storage Management Framework

Company rules on important documents including minutes and materials for meetings such as the board of directors and management meetings have been determined and important documents are being stored and managed as stipulated in such rules.

(5) Risk Management Framework

The Company and its directly owned subsidiaries uphold the basic policy of strengthening group-based management control and comprehensive risk management through the diffusion of a Risk Culture, and are working to enhance risk governance through strengthening the integrated operations across regions and subsidiaries and the holding company. Furthermore, the MUFG Group has adopted the Risk Appetite Framework in order to conduct risk management that effectively supports its business strategies and financial plan, and has been strengthening the MUFG Group's overall risk-return management.

The Company has established the Risk Committee, as an optional committee under the board of directors. The Risk Committee meets each quarter, as a general rule, deliberates Group-wide risk management matters in general to contribute to the resolutions of the board of directors, and reports and makes proposals regarding important matters in the deliberation to the board of directors. In addition, the Company established the Risk Management Committee under the executive committee to deliberate important matters relating to the development of policies and systems for promoting the MUFG Group's overall integrated risk management. The Risk Management Committee meets four times annually, as a general rule.

The Company manages capital allocation system, in an effort to appropriately allocate capital by ensuring financial soundness through the monitoring and control of capital, evaluating capital adequacy versus risk based on business strategies and profit plans, and reflecting such evaluation in its capital policy.

The Company and its directly owned subsidiaries have been conducting Group crisis management by identifying specific crisis incidents that will be subject to crisis management and developing the framework for task forces that manages crisis prior to and after the crisis and controls ongoing crisis management upon occurrence of any crisis.

(6) Framework to Ensure Efficient Execution of Duties

The Management Planning Committee, which reports directly to the executive committee, meets each quarter, as a general rule, to deliberate Group-wide measures, quantitative plans and capital policies, and follow up on the progress being made on the policies and quantitative plans.

As a company with three committees, the Company has been strengthening the board of directors' supervisory functions through the separation of execution and oversight. Meanwhile, in line with their transition to a company with the Audit & Supervisory Committee, the MUFG Bank, Ltd., Mitsubishi UFJ Trust and Banking Corporation, Mitsubishi UFJ Securities Holdings Co., Ltd. and ACOM CO., LTD., have developed a system enabling prompt decision-making through significantly delegating decision-making authority regarding important business execution, from the Board of Directors to executive management.

The Company and the directly owned subsidiaries of the Company have established prescribed company rules which set forth the division of duties, and the corporate executives (Directors, etc. for the directly owned subsidiaries of the Company) execute their duties in accordance with the determined division of duties.

(7) Internal Audit Framework

The Company has instituted an internal audit policy to define the policies of internal audits. Departments in charge of internal audits have been established within the Company and the directly owned subsidiaries of the Company. The scope of verification covers the Group as a whole, and monitoring and oversight of all Group operations by the board of directors of the Company are supported.

The Company has been holding sessions for exchanging views between the departments in charge of internal audits, and the Audit Committee and the Independent Auditor and, when required, sharing information related to audit measures and audit results.

(Framework for Ensuring Effective Audit by the Audit Committee)

(8) Framework related to persons employed to support the duties of the Audit Committee

The Company has established the Audit Committee Office as an organization to assist the duties of the Audit Committee and has accordingly appointed employees to the said Office. Matters regarding personnel arrangements of such employees are made in a manner that respects the wishes of the Audit Committee, considering the independence of the Audit Committee.

(9) Framework for Reporting to the Audit Committee

The Company holds the meetings of the Audit Committee chaired by an outside director, composed of outside directors and internal directors who do not concurrently serve as corporate executives, once a month, as a general rule. The Audit Committee receives reports on the MUFG Group's implementation status of internal audits and the results of audits, and the status of compliance including the operation status of the internal reporting system.

Measures prohibiting unfair treatment of persons making reports on the MUFG Group Compliance Helpline and the Accounting Audit Hotline have been provided for in the company rules and communicated throughout the MUFG Group.

(10) Policy regarding expenses or liabilities arising from the performance of duties of the Audit Committee

Under the Audit Committee Audit Standards, Members of the Audit Committee may request payment for expenses, etc., necessary for the performance of their duties, and the Company in accordance therewith pays the necessary expenses, etc.

(11) Other Frameworks to Ensure Effective Audits by the Audit Committee

Representative corporate executives and members of the Audit Committee conduct regular sessions to share opinions. The divisions responsible for internal audit report on the internal audit plans and internal audit results, through regular meetings with the Members of the Audit Committee, and follow instructions from the members.

The Members of the Audit Committee are entitled to attend the Executive Committee and other important committees, etc., as prescribed in the relevant company rules.

The Company has provided in the Compliance Manual that the matters prescribed in the Audit Committee Rules and the Audit Committee Audit Standards shall be respected, and has communicated this fact to its executives and employees.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Audit Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Company and its consolidated subsidiaries as of March 31, 2018, and the results of their operations for the year then ended in accordance with accounting principles generally accepted in Japan.

Interest

Our firm and the engagement partners do not have any interest in the Company for which disclosure is required under the provisions of the Certified Public Accountants Act.

Audit Report

We, as the Company's Audit Committee, have audited the performance of duties of the Company's Directors and Corporate Executive Officers during the Company's fiscal year from April 1, 2017 to March 31, 2018, and hereby report our audit method and results of the audit as follows:

1. Results of Audit

(1) Results of Audit of the Business Report and others

- A. In our opinion, the Business Report and the supplementary schedules present fairly the conditions of the Company in conformity with the applicable laws and regulations of Japan as well as the Articles of Incorporation of the Company.
- B. In our opinion, there are no fraudulent acts or material facts in the course of the Directors' and Corporate Executive Officers' performance of their duties that violated the applicable laws and regulations or the Articles of Incorporation of the Company.
- C. In our opinion, the details of the resolutions of the Board of Directors regarding the internal control systems are appropriate. Furthermore, we believe that no material issues have been raised concerning items described in the Business Report as well as the performance of the Directors' and Corporate Executive Officers' duties both regarding the internal control systems, including that over financial reporting.

(2) Results of Audit of the Non-consolidated Financial Statements and the Accompanying Supplemental Schedules

In our opinion, the method and the results of the audit conducted by Deloitte Touche Tohmatsu LLC, the Independent Auditors, are appropriate.

(3) Results of Audit of the Consolidated Financial Statements

In our opinion, the method and the results of the audit conducted by Deloitte Touche Tohmatsu LLC, the Independent Auditors, are appropriate.

2. Audit Method Applied by the Audit Committee and Details Thereof

We established the audit policy and audit plans, and received from the Directors, Corporate Executive Officers and other appropriate persons, as well as the Independent Auditors, reports on the performance of their duties, and, when necessary, requested explanations regarding such reports.

In accordance with the audit policy, audit plans and other appropriate policies or plans established by the Audit Committee, the Audit Committee endeavored to gather necessary information and create an improved environment for auditing by taking steps to facilitate communication with the Directors, Corporate Executive Officers and the Internal Audit Division as well as with employees from various sections, including the division responsible for internal control systems and the relevant sections supervising the Company's group businesses, and to utilize the internal audit by the Internal Audit Division. The members of the Audit Committee also attended important meetings, received from the Directors, Corporate Executive Officers, employees and other related persons reports on the performance of their duties (including reports relating to the Company's subsidiaries), requested explanations regarding such reports when necessary, and inspected the documents related to important decisions in order to examine the status of the Company's business and assets. The Audit Committee also received reports from the Directors, Corporate Executive Officers, employees and other related persons, requested explanations when necessary, and expressed opinions, on the contents of resolutions by the Board of Directors regarding the establishment of systems as provided in (b) and (e) of Paragraph 1, Article 416 of the Company Law, and on the status of the development and implementation of the systems established by such resolutions (internal control systems).

With respect to the internal control over financial reporting, the Audit Committee received reports from the Directors, Corporate Executive Officers and other related persons on their self-assessment and from Deloitte Touche Tohmatsu LLC on the status of their audit, and requested explanations regarding such reports when necessary.

The Audit Committee took steps to facilitate communication with the Directors and other related persons, Audit and Supervisory Committees and Corporate Auditors of the Company's subsidiaries and to share information with them. When necessary, the Audit Committee received reports from subsidiaries on their respective businesses. Based on the foregoing method, we examined the Business Report and the supplementary schedules for this fiscal year.

In addition, the Audit Committee oversaw and verified whether the Independent Auditors maintained their independence and conducted their audit in a reasonable manner. The Audit Committee also received from the Independent Auditors reports on the performance of their duties and requested explanations regarding those reports when necessary. The Audit Committee received reports, and when necessary requested explanations on such reports, from the Independent Auditors that they have taken appropriate steps to establish and implement the system for ensuring appropriate execution of its duties (as enumerated in Article 131 of the Company Accounting Regulation Ordinance). Based on the foregoing method, the Audit Committee reviewed the non-consolidated financial statements (namely, the balance sheet as of March 31, 2018 of the Company, and the related statements of income and changes in net assets) and accompanying supplemental schedules, and the consolidated financial statements (namely, the consolidated balance sheet as of March 31, 2018 of the Company, and the related consolidated statements of income and changes in net assets) for the 13th fiscal year from April 1, 2017 to March 31, 2018.
