NextEra Energy, Inc. Employee Retirement Savings Plan

Juno Beach, Florida

Opinion on the Financial Statements

We have audited the accompanying statements of net assets available for benefits of NextEra Energy, Inc. Employee Retirement Savings Plan (the Plan) as of December 31, 2017 and 2016, the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes (collectively referred to as the financial statements). In our opinion, the financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2017 and 2016, and the changes in net assets available for benefits for the year ended December 31, 2017, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on the Plan's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Plan in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting in accordance with the standards of the PCAOB. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion in accordance with the standards of the PCAOB.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Supplemental Information

Table of Contents

Edgar Filing: NEXTERA ENERGY INC - Form 11-K

The supplemental Schedule H, Line 4i Schedule of Assets (Held at End of Year) as of December 31, 2017 has been subjected to audit procedures performed in conjunction with the audit of NextEra Energy, Inc. Employee Retirement Savings Plan's financial statements. The supplemental schedule is the responsibility of the Plan's management. Our audit procedures included determining whether the information presented in the supplemental schedule reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental schedule. In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the supplemental schedule is fairly stated in all material respects in relation to the financial statements as a whole.

Crowe Horwath LLP

We have served as the Plan's auditor since 2007.

NEXTERA ENERGY, INC. EMPLOYEE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2017 AND 2016

1. Description of the Plan

The following description of the NextEra Energy, Inc. Employee Retirement Savings Plan (the Plan) provides only general information. Participating employees (Participants) should refer to the Summary Plan Description available in their employee handbook (as updated periodically through Summaries of Material Modifications) for a more complete description of the Plan.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan includes a cash or deferred arrangement (Pretax Option) permitted by Section 401(k) of the Internal Revenue Code of 1986, as amended (the Code). The Pretax Option permits Participants to defer federal income taxes on their contributions (Pretax Contributions) until such contributions are distributed from the Plan.

Employees of NextEra Energy, Inc. (the Company/Employer) and its subsidiaries, with the exception of employees in the International Brotherhood of Electrical Workers local 2150 (IBEW 2150) at NextEra Energy Point Beach, LLC (NextEra Energy Point Beach), are eligible to participate in the Plan on the first day of the month coincident with the completion of one full month of service with the Company or certain of its subsidiaries or on the first day of any payroll period thereafter. Employees at NextEra Energy Point Beach represented by IBEW 2150 are eligible to participate in the Plan on the first day of employment or on the first day of any payroll period thereafter. Effective January 1, 2018, employees at NextEra Energy Point Beach represented by IBEW 2150 are eligible to participate in the Plan on the first day of the month coincident with the completion of one full month of service with the Company or on the first day of any payroll period thereafter.

The Plan contains employee stock ownership plan (ESOP) provisions. The ESOP is a stock bonus plan within the meaning of U.S. Treasury Regulation Section 1.401-1(b)(1)(iii) which is qualified under Section 401(a) of the Code and is designed to invest primarily in the common stock, par value \$.01 per share, of the Company (Company Stock).

The Plan has a Dividend Payout Program which enables Participants to choose how their dividends on certain shares of Company Stock held in the Plan are to be paid. The options available to Participants include reinvestment of dividends in Company Stock or distribution of dividends in cash.

Trustee

Fidelity Management Trust Company (Trustee) administers the NextEra Energy, Inc. Employee Retirement Savings Plan Trust (Trust) established to hold the assets and liabilities of the Plan.

Administration of the Plan

The Plan is intended to qualify as a participant-directed account plan under Section 404(c) of ERISA. The Employee Benefit Plans Administrative Committee (as appointed by the Employee Benefits Advisory Committee of the Company) is the named fiduciary responsible for the general operation and administration of the Plan (but not management or control of Plan assets), and the Employee Benefit Plans Investment Committee (as appointed by the Employee Benefits Advisory Committee of the Company) is the named investment fiduciary, but is not directly responsible for the management and control of the Plan assets. The Employee Benefits Advisory Committee acts on behalf of the Company as the Plan Sponsor, as defined by ERISA. Fidelity Workspace Services LLC (Fidelity) provides recordkeeping services with respect to the Plan.

Employee Contributions

The Plan allows for combined pretax and/or Roth after-tax contributions by eligible employees up to the limit under Code Section 402(g), in whole percentages of up to 50% of their eligible earnings, as defined by the Plan (50% Limit). In addition, eligible employees age 50 or older who contributed the maximum annual amount allowable under the pretax and/or Roth after-tax options in the Plan have the option of contributing an additional pretax catch-up contribution or Roth catch-up contribution in accordance with Code Section 414(v), up to the 50% Limit. The Plan also allows for traditional after-tax contributions up to the 50% Limit.

Vesting

Participants are immediately 100% vested in employee contributions.

The table below presents the vesting schedule for Company matching contributions of the various Participant groups covered by the Plan as of December 31, 2017 and 2016.

Participant Group	Vesting of Company Match
NextEra Energy, Inc. and subsidiaries non-bargaining and bargaining unit employees, not listed below	Company matching contributions are vested 20% for each year of service and are fully vested upon a Participant attaining five years of service
NextEra Energy Seabrook non-bargaining employees hired prior to November 1, 2002	Company matching contributions are fully vested immediately
NextEra Energy Duane Arnold non-bargaining employees hired prior to January 27, 2006	
NextEra Energy Duane Arnold bargaining unit employees existing on the date of acquisition of the Duane Arnold Energy Center (January 27, 2006)	
NextEra Energy Point Beach non-bargaining employees hired prior to September 28, 2007	

NextEra Energy Point Beach bargaining unit employees existing on the date of acquisition of the Point Beach Nuclear Plant (September 28, 2007)

NextEra Energy Seabrook bargaining unit employees hired prior to January 1, 2009

NextEra Energy Maine non-bargaining employees hired prior to August 1, 2006

Company matching contributions are fully vested after attaining six months of service

NextEra Energy Maine bargaining unit employees hired prior to May 15, 2008

NextEra Energy Point Beach bargaining unit employees represented by IBEW 2150 hired on or after September 28, 2007 but prior to January 1, 2018

Company matching contributions are fully vested after attaining one year of service

Upon death, total and permanent disability or certain other circumstances an employee may become 100% vested. In addition, in certain circumstances, such as acquisitions or divestitures, the Plan may recognize previous service for vesting purposes.

Participant Loans

Each Participant may borrow from his or her account a minimum of \$1,000 up to a maximum of \$50,000 or 50% of the vested value of the account (reduced by any outstanding loans), whichever is less. The vested portion of a Participant's account will be pledged as security for the loan. Participants may not have more than two loans outstanding from the Plan at any time. Participant loans have a fixed annual interest rate based on the prime rate which is updated quarterly. Loans outstanding at December 31, 2017 carry an interest rate of 3.25% to 4.25% and mature between 2018 and 2023.

Benefit Payments and Withdrawals

Withdrawals by Participants from their accounts during their employment are permitted with certain penalties and restrictions. The penalties may limit a Participant's contributions to the Plan for varying periods following a withdrawal. Upon termination from employment, Participants are eligible to receive a distribution of the full value of their vested account balance. Terminated Participants can elect to receive a full payment, partial payments, or installments over a period of up to ten years.

DECEMBER 31, 2017 AND 2016

Administrative Expenses

The Company pays a portion of the administrative expenses of the Plan. Additionally, Plan participants pay a fee of \$61 per year to cover some of the administrative expenses of the Plan. All other expenses are paid directly by the Plan through forfeitures or revenue sharing that the Plan receives either directly or indirectly from certain of the Plan's investment options. Any fees paid directly by the Company are not included in the financial statements.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation

The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contracts, which are reported at contract value. Fair value measurement guidance emphasizes that fair value is a market-based measurement, not an entity-specific measurement, and sets out a fair value hierarchy intended to disclose information about the relative reliability of fair value measurements, with the highest priority being unadjusted quoted prices in active markets for identical assets or liabilities.

In some cases, a valuation approach used to measure fair value may include inputs from multiple levels of fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The Plan recognizes transfers into and out of fair value hierarchy levels at the beginning of the period.

The following are descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments held by the Plan.

Registered investment companies (mutual funds), Company Stock, and common stock: Investments in shares of registered investment companies are valued at quoted market prices in active markets (Level 1 inputs), which represent the net asset value of such shares at year-end. Investments in shares of actively traded money market mutual funds are stated at the net asset value of such shares held at year-end (Level 1 inputs). Company Stock and other publicly traded common stock are valued at their quoted market price in active markets (Level 1 inputs). Certain common stock is valued using significant unobservable inputs (Level 3 inputs).

Collective trust funds: The fair values of participation units held in collective trust funds are based on the net asset value per unit share reported by the fund manager as of the financial statement dates and on recent transaction prices (Level 2 inputs). Each collective trust fund provides for daily redemptions reported at net asset value per unit share, with no advance notice requirement.

The following is a description of the valuation methods and assumptions used by the Plan to report the contract value of the fully benefit-responsive synthetic guaranteed investment contracts held by the Plan.

Investment contracts (wrapper contracts): The Managed Income Fund holds fully benefit-responsive investment contracts (wrapper contracts) (see Note 7 – Managed Income Fund) with various insurance companies and financial institutions in order to provide Participants with a stable, fixed-rate of return on investments and protection of principal from changes in market interest rates. The crediting interest rate resets monthly and is based on an agreed-upon formula with the issuers, but cannot be less than zero. The key factors that influence future rates could include the following: the level of market interest rates, the difference between the fully benefit-responsive investment contracts' book and market values, the amount and timing of Participant contributions, transfers and withdrawals into/out of the fully benefit-responsive investment contracts, and the duration of the underlying investments backing the fully benefit-responsive investment contracts.

Table of Contents

NEXTERA ENERGY, INC. EMPLOYEE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2017 AND 2016

The wrapper contracts within the Managed Income Fund are a synthetic guaranteed investment contract which is valued at the contract value of the underlying investments of the contracts, primarily debt securities and wrapper contracts. The underlying investments in the Managed Income Fund include U.S. Treasury notes, asset-backed and mortgage-backed securities, corporate bonds and government agency notes. The contracts are unallocated in nature and are fully benefit-responsive. Therefore, net assets available for benefits reflects the contract value of the Managed Income Fund. There are no reserves against contract values (which represent contributions made under the contract, plus earnings, less withdrawals and administrative expenses) for credit risk of the contract issuer or otherwise. Wrapper contracts provide the Managed Income Fund with the ability to use contract value accounting to maintain a constant \$1.00 unit price. Wrapper contracts also provide for the payment of participant-directed withdrawals and exchanges at contract value (principal and interest accrued to date) during the term of the wrapper contracts. However, withdrawals prompted by certain events (e.g., layoffs, retirement during specified early retirement window periods, spin-offs, sale of a division, facility closings, plan terminations, partial plan terminations, changes in law or regulation, material breach of contract responsibilities, loss of the Plan's qualified status, etc.) may be paid at fair value which may be less than contract value. Currently, management believes that the occurrence of an event that would cause the Plan to be paid at less than contract value is not probable. A contract issuer may terminate a wrapper contract at any time; however, if the fair value of the contract is less than the contract value, the contract issuer can either hold the contract until the fair value and contract value are equal or make up the difference between the two. If the funds in the wrapper contracts are needed for benefit payments prior to contract maturity, they may be withdrawn without penalty.

Investment Income Recognition

Purchases and sales of investment securities are recorded on the trade date. Gains or losses on sales of investment securities are determined using the average cost method of the securities. The carrying amounts of securities held in Participants' accounts are adjusted daily. Unrealized appreciation or depreciation is recorded to recognize changes in fair value. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits distributed to Participants are recorded when paid.

Participant Loans

Participant loans are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the Participants' account balances in the Plan.

3. Risks and Uncertainties

Investment securities, in general, are exposed to various risks, such as interest rate, credit, liquidity and overall market volatility, which could result in changes in the value of such securities. Due to the level of risk associated with certain types of investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect Participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

4. Nonparticipant-Directed Investments

The Nonparticipant-Directed net assets of the Plan and changes therein represent Employer contributions into the ESOP component of the Plan. Participants have the option to reinvest nonparticipant-directed shares daily among any of the other investment options available under the Plan.

5. Parties-In-Interest Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer, and certain others.

Dividend income earned by the Plan includes dividends on Company Stock. In accordance with the Plan and the Company's Dividend Reinvestment and Direct Stock Purchase Plan in which the Trustee participates, participants may elect to reinvest dividends in Company Stock or receive dividends in cash. During 2017, dividends on shares of Company Stock held in Participants' accounts totaled \$44,327,677.

Table of Contents**NEXTERA ENERGY, INC. EMPLOYEE RETIREMENT SAVINGS PLAN****NOTES TO FINANCIAL STATEMENTS****DECEMBER 31, 2017 AND 2016**

During 2017, employer contributions of Company Stock credited to Participant s accounts totaled \$52,564,753 which equates to 377,879 shares. At December 31, 2017 and 2016, the number of shares of Company Stock held in Participants accounts totaled 10,958,146 and 11,606,405, respectively, with a fair value of \$1,711,552,781 and \$1,386,501,109, respectively. Realized gains on shares of Company Stock sold by Participants during the Plan year totaled \$31,377,131.

Certain fees were paid by the Plan to the managers of the investments held in the Plan and certain Plan investments are managed by an affiliate of the Trustee or investment advisors of the Plan. These transactions qualify as party-in-interest transactions. The Plan also pays for various administrative expenses to service providers which constitute party-in-interest transactions. Additionally, the Plan reimburses the Company for a portion of the costs incurred in the administration of the Plan which are considered party-in-interest transactions. Participant loans held by the Plan of \$69,958,932 and \$70,823,295 at December 31, 2017 and December 31, 2016, respectively, are also considered party-in-interest transactions.

7. Managed Income Fund

The contract value of fully benefit-responsive investment contracts was \$281,704,258 and \$321,574,692, respectively, at December 31, 2017 and 2016. The contract value of fully benefit-responsive investment contracts includes a government short-term collective investment trust in the amount of \$3,417,857 and \$708,147, respectively, at December 31, 2017 and 2016. The contract value of fully benefit-responsive investment contracts excludes short term investments in registered investment companies that are not covered by the wrapper contracts. These investments are

reported at fair value in the amount of \$4,206,125 and \$2,774,449, respectively, at December 31, 2017 and 2016.

8. Income Taxes

On June 17, 2015, the Internal Revenue Service (IRS) made a favorable determination that the Plan meets the requirements of Section 401(a) of the Code. The Plan has been amended since receiving the favorable determination letter and due to expiry of the determination letter program, no new letter is expected. The Company and the plan administrator believe that the Plan is currently designed and operated in material compliance with the applicable requirements of the Code and that the Plan continues to be tax-exempt. The Trust established under the Plan will generally be exempt from federal income taxes under Section 501(a) of the Code; Company contributions paid to the Trust under the Plan will be allowable federal income tax deductions of the Company subject to the conditions and limitations of Section 404 of the Code; and the Plan meets the requirements of Section 401(k) of the Code allowing Pretax Contributions to be exempt from federal income tax at the time such contributions are made, provided that in operation the Plan and Trust meet the applicable provisions of the Code. Participants are given the option to receive dividend distributions on Company Stock in cash; all vested dividends earned by Participants are deductible by the Company.

Company matching contributions to the Plan on a Participant's behalf, the Participant's Pretax Contributions, and the earnings thereon generally are not taxable to the Participant until such Company matching contributions, Pretax Contributions, and earnings thereon are distributed or withdrawn. Participant's Roth after-tax contributions and the earnings thereon generally are not taxable to the Participant if made as a qualified distribution. Earnings on traditional after-tax contributions are not taxable to the Participant until distributed or withdrawn. A loan from a Participant's account generally will not represent a taxable distribution if the loan is repaid in a timely manner and does not exceed certain limitations.

Accounting principles generally accepted in the United States of America require plan administrators to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, respectively, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities, and an IRS audit is currently in progress for 2014 and 2015. The plan administrator believes it is no longer subject to income tax examinations by the IRS for years prior to 2014.
