Item 1.01. Entry into a Material Definitive Agreement

The disclosures under Item 8.01 of this Current Report on Form 8-K relating to the Credit Agreement Amendment are incorporated into this Item 1.01 by reference.

Item 8.01 Other Events

On October 11, 2018, Genesis Energy, L.P. (Genesis) announced that it had completed the previously announced divestiture of its Powder River Basin Midstream business and has received approximately \$300 million in total net cash proceeds. Proceeds from the sale will be used by Genesis to reduce the balance outstanding under its revolving credit facility. In September, to address the unlikely event that the closing of that divestiture might be delayed awaiting government approval, Genesis asked its lenders to amend the leverage ratio covenant for the third and fourth quarters of 2018 under Genesis' existing revolving credit facility (the Credit Agreement Amendment) so long as such closing had not occurred. That amendment, which was executed on October 11, 2018, is no longer applicable now that the transaction has closed. Under Genesis' credit facility, Genesis will receive pro forma credit for the transaction for the period ending September 30, 2018.

The foregoing summary is qualified in its entirety by reference to the Credit Agreement Amendment, which is attached as Exhibit 10.1. The representations and warranties of Genesis in the Credit Agreement Amendment were made only for purposes of that agreement and as of specific dates and were solely for the benefit of the lenders party thereto. The Credit Agreement Amendment is a contractual document that establishes and governs the legal relations among the parties thereto and is not intended to be a source of factual, business, or operational information about Genesis and its subsidiaries. The representations and warranties made by Genesis in the Credit Agreement Amendment may be subject to standards of materiality applicable to the contracting parties that differ from those applicable to investors. Accordingly, investors and security holders should not rely on such representations and warranties as characterizations of the actual state of facts or circumstances.
