Item 2.01 Completion of Acquisition or Disposition of Assets.

As previously disclosed, on July 20, 2018, Sangamo Therapeutics, Inc. (the Company), entered into a Share Purchase Agreement (the SPA) with certain shareholders of TxCell S.A., a French *société anonyme* (TxCell), and the Company and TxCell entered into a Tender Offer Agreement (the TOA), pursuant to which the Company, directly or through a subsidiary, agreed to acquire 100% of the equity interests of TxCell for approximately 72 million, on a debt-free and cash-free basis. Also as previously disclosed, on October 1, 2018, the Company completed the acquisition of 13,519,036 ordinary shares of TxCell (TxCell Ordinary Shares), representing approximately 53% of the outstanding share capital and voting rights of TxCell, pursuant to the SPA (the Block Transaction).

On November 1, 2018, pursuant to the TOA, the Company commenced a cash tender offer (the Offer) to acquire all of the TxCell Ordinary Shares not held by the Company or any subsidiary of the Company for the same per share price paid in the Block Transaction (2.58 per share) (the Offer Price), which Ordinary Shares are being acquired by the Company from time to time during the pendency of the Offer. Pursuant to the Block Transaction, open market purchases and the Offer, the Company had acquired a total of 20,203,733 TxCell Ordinary Shares as of November 1, 2018 for an aggregate purchase price of approximately 52.1 million, representing approximately 79% of the outstanding share capital and voting rights of TxCell. If, following completion of the Offer, as it may be extended, the Company owns at least 95% of the share capital and voting rights of TxCell, the Company plans to acquire the remaining TxCell Ordinary Shares for the Offer Price through a compulsory squeeze-out procedure under French law.

As previously disclosed, the Company has also agreed to: (a) grant to certain employees (including certain members of management) of TxCell stock options to purchase approximately 150,000 shares of Company common stock, which will be granted under the Company's existing 2018 Equity Incentive Plan, with standard vesting conditions; and (b) enter into arrangements with holders of 495,396 free shares of TxCell, pursuant to which the Company will purchase such shares from the holders thereof from time to time through mid-2021. The purchase price for each such free share will be based on the performance of the Company's stock price from the announcement of the transactions contemplated by the SPA and TOA (at which time each free share was valued at 2.58) through the time of purchase (such that, for example, if the Company's stock price doubles during that time period, the value of each free share would similarly double).

The foregoing descriptions of the SPA, the TOA and the transactions contemplated thereby are not complete and are qualified in their entirety by reference to the SPA and TOA, copies of which are included or incorporated by reference as Exhibits 2.1 through 2.4 of this Current Report on Form 8-K, and are incorporated herein by reference.

Forward-Looking Statements

This Current Report on Form 8-K contains forward-looking statements regarding the Company's current expectations. These forward looking statements include, without limitation, statements related to the anticipated completion of the Offer and the Company's plan following the anticipated completion of the Offer to acquire the remaining TxCell Ordinary Shares for the Offer Price through a compulsory squeeze-out procedure under French law. These statements are not guarantees of future performance and are subject to certain risks, uncertainties and assumptions that are difficult to predict. Factors that could cause actual results to differ include, but are not limited to, the Company's ability to complete the Offer and squeeze-out procedure on the proposed terms and schedule and the possibility that the Company may be unable to acquire 100% of the equity interests of TxCell for some period of time, if ever, which may result in increased expenditures and otherwise adversely affect the Company's business and its ability to realize the anticipated benefits of the acquisition of TxCell. Actual results may differ from those projected in forward-looking statements due to these and other risks and uncertainties that exist in the Company's operations and business environments. These risks and uncertainties are described more fully in the Company's Quarterly Report on Form 10-Q for the quarter ended June 30, 2018 as filed with the Securities and Exchange Commission on August 8, 2018. Forward-looking statements contained in this Current Report on Form 8-K are made as of this date, and the Company undertakes no duty to update such information except as required under applicable law.
