INFORMATION REGARDING FORWARD-LOOKING STATEMENTS

Certain statements contained in this prospectus (including information incorporated by reference) are forward-looking statements and are intended to be covered by the safe harbor provided for under Section 27A of the Securities Act of 1933 (the Securities Act) and Section 21E of the Securities Exchange Act of 1934 (the Exchange Act). Our forward-looking statements include our current expectations and projections about future production, results, performance, prospects and opportunities, including reserves, resources and other mineralization. We have tried to identify these forward-looking statements by using words such as may, might, will, expect, anticipate, believe, intend, plan, estimate and similar expressions. These forward-looking statements are based on information currently available to us and are expressed in good faith and believed to have a reasonable basis. However, our forward-looking statements are subject to a number of risks, uncertainties and other factors that could cause our actual production, results, performance, prospects or opportunities, including reserves, resources and other mineralization, to differ materially from those expressed in, or implied by, these forward-looking statements.

These risks, uncertainties and other factors include, but are not limited to, those set forth in our Annual Report on Form 10-K for the year ended December 31, 2017, and in other SEC reports and in this document, including the following:

a substantial or extended decline in metals prices would have a material adverse effect on us;

we have had losses that could reoccur in the future;

an extended decline in metals prices, an increase in operating or capital costs, mine accidents or closures, increasing environmental obligations, or our inability to convert exploration potential to reserves may cause us to record write-downs, which could negatively impact our results of operations;

global financial events or developments impacting major industrial or developing countries may have an impact on our business and financial condition in ways that we currently cannot predict;

commodity and currency risk management activities could prevent us from realizing possible revenues or lower costs, or expose us to losses;

our profitability could be affected by the prices of other commodities;

our accounting and other estimates may be imprecise;

our ability to recognize the benefits of deferred tax assets is dependent on future cash flows and taxable income;

returns for investments in pension plans and pension plan funding requirements are uncertain;

mining accidents or other adverse events at an operation could decrease our anticipated production;

our operations may be adversely affected by risks and hazards associated with the mining industry that may not be fully covered by insurance;

our costs of development of new orebodies and other capital costs may be higher and provide less return than we estimated;

our ore reserve estimates may be imprecise;

efforts to expand the finite lives of our mines may not be successful or could result in significant demands on our liquidity, which could hinder our growth;

our ability to market our metals production may be affected by disruptions or closures of smelters and/or refining facilities

our business depends on availability of skilled miners and good relations with employees;

our information technology systems may be vulnerable to disruption which could place our systems at risk from data loss, operational failure, or compromise of confidential information;

our foreign activities are subject to additional inherent risks;

our operations and properties in Canada expose us to additional political risks;

we may be subject to a number of unanticipated risks related to inadequate infrastructure;

competition from other mining companies may harm our business;

we face inherent risks in acquisitions of other mining companies or properties that may adversely impact our growth strategy;

the recently completed acquisition of Klondex consumed much of our cash;

our future results may suffer if the combined company following the recently completed acquisition of Klondex does not effectively manage its expanded operations;

the acquisition of Klondex has increased our exposure to gold price volatility;

we may be unable to successfully integrate the operations of the properties we acquire, including the Klondex properties;

we may not realize all of the anticipated benefits from our acquisitions, including the acquisition of Klondex;

the Klondex properties and any others we may acquire may not produce as expected and may not generate additional reserves, and may come with liabilities beyond those known at the time of acquisition;

certain of our mines and exploration properties are located on land that is or may become subject to traditional territory, title claims and/or claims of cultural significance by certain Native American tribes, and such claims and the attendant obligations of the federal government to those tribal communities and stakeholders may affect our current and future operations;

the recently completed acquisition of Klondex may expose us to additional environmental hazards and reclamation obligations;

our joint development and operating arrangements may not be successful;

we are currently involved in ongoing legal disputes that may materially adversely affect us;

we are required to obtain governmental and other approvals in order to conduct mining operations;

we face substantial governmental regulation, including the Mine Safety and Health Act (the "Mine Act"), various environmental laws and regulations and the General Mining Law of 1872 (the "1872 Mining Law");

our operations are subject to complex, evolving and increasingly stringent environmental laws and regulations. Compliance with environmental regulations, and litigation based on such regulations, involves significant costs and can threaten existing operations or constrain expansion opportunities;

legal challenges could prevent the Rock Creek or Montanore projects from ever being developed;

mine closure and reclamation regulations impose substantial costs on our operations, and include requirements that we provide financial assurance supporting those obligations. These costs could significantly increase;

our environmental obligations may exceed the provisions we have made;

we face risks relating to transporting our products, as well as transporting employees and materials at Greens Creek;

the titles to some of our properties may be defective or challenged;

the price of our stock has a history of volatility and could decline in the future;

our series B preferred stock has a liquidation preference of \$50 per share or \$7.9 million;

we may not be able to pay common or preferred stock dividends in the future;

our existing stockholders are effectively subordinated to the holders of our Senior Notes;

additional issuances of equity securities by us would dilute the ownership of our existing stockholders and could reduce earnings per share;

the issuance of additional shares of our preferred or common stock in the future could adversely affect holders of common stock;

if a large number of shares of our common stock are sold in the public market, the sales could reduce the trading price of our common stock and impede our ability to raise future capital;

the provisions in our Restated Certificate of Incorporation, our Bylaws and Delaware law could delay or deter tender offers or takeover attempts;

our level of debt could impair our financial health and prevent us from fulfilling our obligations under our existing and future indebtedness;

if we cannot meet the New York Stock Exchange (the NYSE) continued listing requirements, the NYSE may delist our common stock;

we may be unable to generate sufficient cash to service all of our indebtedness and meet our other ongoing liquidity needs and may be forced to take other actions to satisfy our obligations under our indebtedness, which may be unsuccessful;

the terms of our debt impose restrictions on our operations;

our Senior Notes are structurally subordinated to all liabilities of our non-guarantor subsidiaries;

our variable rate indebtedness subjects us to interest rate risk, which could cause our indebtedness service obligations to increase significantly;

key terms of the Senior Notes will be suspended if the Senior Notes achieve investment grade ratings and no default or event of default has occurred and is continuing;

we may be unable to repurchase Senior Notes in the event of a change of control as required by the indenture;

federal and state fraudulent transfer laws may permit a court to void the Senior Notes or any of the guarantees, and if that occurs, holders of the Senior Notes may not receive any payments on the notes;

our credit ratings may not reflect all risks associated with an investment in our Senior Notes; and

a lowering or withdrawal of the ratings assigned to our debt securities by rating agencies may increase our future borrowing costs and reduce our access to capital.

Given these risks and uncertainties, readers are cautioned not to place undue reliance on our forward-looking statements. Projections and other forward-looking statements included in this prospectus have been prepared based on assumptions, which we believe to be reasonable, but not in accordance with United States generally accepted accounting principles (GAAP) or any guidelines of the SEC. Actual results may vary, perhaps materially. You are strongly cautioned not to place undue reliance on such projections and other forward-looking statements. All subsequent written and oral forward-looking statements attributable to Hecla Mining Company or to persons acting on our behalf are expressly qualified in their entirety by these cautionary statements. Except as required by federal securities laws, we disclaim any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

Accordingly, the sale of the shares by the selling shareholders will not result in any change in our capitalization. We have prepared this prospectus to facilitate the sale by the selling shareholders, from time to time, in the aggregate, of up to 865,703 shares of Common Stock, which they acquired pursuant to Contribution Agreements between the Company, the selling shareholders and U.S. Bank National Association, as trustee of the selling shareholders. In connection with the Contribution Agreements, we entered into a Registration Rights Agreement with the selling shareholders, pursuant to which we agreed to use our reasonable commercial efforts to cause the registration statement to be declared effective and to maintain its effectiveness until the earliest of (i) the date on which all of the shares covered by this prospectus are sold, and (ii) the fifth anniversary of the date of the Contribution Agreements. This prospectus is part of the registration statement filed in satisfaction of our obligations.

The Contribution Agreements and the Registration Rights Agreement are included as exhibits to the registration statement of which this prospectus is a part, and the descriptions of such agreements contained in this prospectus are qualified by reference to those exhibits.

The registration of the resale of these shares does not necessarily mean that the selling shareholders will sell all or any of the shares registered by the registration statement of which this prospectus forms a part. The selling shareholders may offer and sell all or any portion of the shares covered by this prospectus and any applicable prospectus supplement from time to time but are under no obligation to offer or sell any such shares. Because the selling shareholders may sell, transfer or otherwise dispose of all, some or none of the shares covered by this prospectus, we cannot determine the number of shares that will be sold, transferred or otherwise disposed of by the selling shareholders or the amount or percentage of shares that will be held by the selling shareholders upon termination of any particular offering. The Retirement Trust currently owns a total of 3,336,326 shares of Common Stock, and the LF Trust currently owns a total of 604,876 shares of Common Stock.

The selling shareholders may be deemed to be underwriters as defined in the Securities Act. Any profits realized by the selling shareholders may be deemed to be underwriting commissions.

The Company's Retirement Committee and Pension Committee, to which the Company's Board of Directors has delegated responsibility for the investment of the assets of the Retirement Trust and LF Trust, respectively, have each appointed GreatBanc Trust Company (Investment Manager) to serve as an investment manager and independent fiduciary to the Trusts with respect to the assets of the Trusts consisting of common stock of the Company (Company Common Stock Accounts). The trustee and custodian of the assets of the Trusts is U.S. Bank National Association (Trustee). The Investment Manager will exercise its independent discretionary judgment in connection with retention, acquisition and disposition of Company stock held in the Company Common Stock Accounts in accordance with the requirements of part 4 of Title I of ERISA.

CERTAIN ERISA CONSIDERATIONS

The following is a summary of certain considerations associated with the purchase and holding of the shares by employee benefit plans that are subject to Title I of the United States Employee Retirement Income Security Act of 1974 (ERISA), plans, individual retirement accounts and other arrangements that are subject to Section 4975 of the Internal Revenue Code (the Code) or provisions under any other federal, state, local, non-U.S. or other laws, rules or regulations that are similar to such provisions of ERISA or the Code (collectively, Similar Laws), and entities whose underlying assets are considered to include plan assets of any such plan, account or arrangement (each, a Plan).

General Fiduciary Matters

ERISA and the Code impose certain duties on persons who are fiduciaries of a Plan subject to Title I of ERISA or Section 4975 of the Code (an ERISA Plan) and prohibit certain transactions involving the assets of an ERISA Plan and its fiduciaries or other interested parties. Under ERISA and the Code, any person who exercises any discretionary authority or control over the administration of such an ERISA Plan or the management or disposition of the assets of such an ERISA Plan, or who renders investment advice for a fee or other compensation to such an ERISA Plan, is generally considered to be a fiduciary of the ERISA Plan.

In considering an investment in the shares of a portion of the assets of any Plan, a fiduciary should determine whether the investment is in accordance with the documents and instruments governing the Plan and the applicable provisions of ERISA, the Code or any Similar Law relating to a fiduciary's duties to the Plan including, without limitation, the prudence, diversification, delegation of control and prohibited transaction provisions of ERISA, the Code and any other applicable Similar Laws.

Prohibited Transaction Issues

Section 406 of ERISA and Section 4975 of the Code prohibit ERISA Plans from engaging in specified transactions involving plan assets with persons or entities who are parties in interest, within the meaning of ERISA, or disqualified persons, within the meaning of Section 4975 of the Code, unless an exemption is available. A party in interest or disqualified person who engages in a non-exempt prohibited transaction may be subject to excise taxes and other penalties and liabilities under ERISA and the Code. In addition, the fiduciary of the ERISA Plan that engages in such a non-exempt prohibited transaction may be subject to penalties and liabilities under ERISA and the Code. The acquisition and/or holding of shares by an ERISA Plan with respect to which the issuer or the selling shareholders are considered a party in interest or a disqualified person may constitute or result in a direct or indirect prohibited transaction under Section 406 of ERISA and/or Section 4975 of the Code, unless the investment is acquired and is held in accordance with an applicable statutory, class or individual prohibited transaction exemption.

Because of the foregoing, the shares should not be purchased by any person investing plan assets of any Plan, unless such purchase will not constitute a non-exempt prohibited transaction under ERISA and the Code or similar violation of any applicable Similar Laws.

In this regard, the U.S. Department of Labor has issued prohibited transaction class exemptions (PTCEs) that may apply to the acquisition and holding of the shares. These class exemptions include, without limitation, PTCE 84-14 respecting transactions determined by independent qualified professional asset managers, PTCE 90-1 respecting insurance company pooled separate accounts, PTCE 91-38 respecting bank collective investment funds, PTCE 95-60 respecting life insurance company general accounts, and PTCE 96-23 respecting transactions determined by in-house asset managers. In addition, Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code provide relief from the prohibited transaction provisions of ERISA and Section 4975 of the Code for certain transactions, provided that neither the issuer of the securities nor any of its affiliates (directly or indirectly) have or exercise any discretionary authority or control or render any investment advice with respect to the assets of any ERISA Plan involved in the transaction, and provided further that the ERISA Plan pays no more than adequate consideration in connection with the transaction. There can be no assurance that all of the conditions of any such exemptions will be satisfied.

Under ERISA Section 408(e) there is a statutory exception from the prohibited transaction rules for contributions of qualifying employer securities. A qualifying employer security includes stock of the plan sponsor, provided that immediately following the acquisition of the stock (i) the plan does not hold more than 25 percent of the issued and outstanding shares of the plan sponsor and (ii) at least 50 percent of the issued and outstanding shares of such stock is held by parties that are independent of the plan sponsor. In addition, the following requirements must be met: (i) the plan's acquisition of the employer securities must be for adequate consideration, (ii) no commissions may be charged with respect to the acquisition, and (iii) immediately after the acquisition of employer securities, the fair market value of all employer securities held by the plan cannot exceed 10 percent of the fair market value of all plan assets.

Representation

Accordingly, by acceptance of a share, each purchaser and subsequent transferee will be deemed to have represented and warranted that either (i) no portion of the assets used by such purchaser or transferee to acquire or hold the shares constitutes assets of any Plan or (ii) the purchase of the shares or the holding of the shares by such purchaser or transferee will not constitute a non-exempt prohibited transaction under Section 406 of ERISA, Section 4975 of the Code or a similar violation under any applicable Similar Laws.

The foregoing discussion is general in nature and is not intended to be all-inclusive. Due to the complexity of these rules and the penalties that may be imposed upon persons involved in non-exempt prohibited transactions, it is particularly important that fiduciaries, or other persons considering purchasing the shares (and holding the shares) on behalf of, or with the assets of, any Plan, consult with their counsel regarding the potential applicability of ERISA, Section 4975 of the Code and any Similar Laws to such transactions and whether an exemption would be applicable to the purchase and holding of the shares.

Purchasers of the shares have the exclusive responsibility for ensuring that their purchase and holding of the shares complies with the fiduciary responsibility rules of ERISA and does not violate the prohibited transaction rules of ERISA, the Code or Similar Laws.

DESCRIPTION OF CAPITAL STOCK

The following summary is not complete. You should refer to the applicable provisions of our Restated Certificate of Incorporation, as amended, and our Bylaws, as amended, and to Delaware corporate law for a complete understanding of the terms and rights of our common and preferred stock.

Common Stock

We are authorized to issue 750,000,000 shares of common stock, \$0.25 par value per share, of which 480,199,378 shares of common stock were outstanding as of November 28, 2018. All of our currently outstanding shares of common stock are listed on the New York Stock Exchange under the symbol HL.

Subject to the rights of the holders of any outstanding shares of preferred stock, each share of common stock is entitled to: (i) one vote on all matters presented to the stockholders, with no cumulative voting rights; (ii) receive such dividends as may be declared by the Board of Directors out of funds legally available therefor; and (iii) in the event of our liquidation or dissolution, share ratably in any distribution of our assets.

Holders of shares of common stock do not have preemptive rights or other rights to subscribe for unissued or treasury shares or securities convertible into such shares, and no redemption or sinking fund provisions are applicable. All outstanding shares of common stock are fully paid and nonassessable.

In September 2011 and February 2012, our Board of Directors adopted a common stock dividend policy that has two components: (1) a dividend that links the amount of dividends on our common stock to our average quarterly realized silver price in the preceding quarter, and (2) a minimum annual dividend of \$0.01 per share of common stock, in each case payable quarterly, when declared. The following table summarizes the common stock dividends declared by our Board of Directors under the policy described above for the years 2015, 2016 and 2017 and the first nine months of 2018:

Edgar Filing: HECLA MINING CO/DE/ - Form S-3ASR

November 7, 2018 \$ \$ 0.0025 \$ \$ 0.0025 \$ 1.0 December 2018

Because the average realized silver prices for all periods in 2015, 2016 and 2017 and the first nine months of 2018 were below the minimum threshold of \$30, according to the policy no silver-price-linked component was declared or paid. Prior to 2011, no dividends had been declared on our common stock since 1990. The declaration and payment of common stock dividends is at the sole discretion of our Board of Directors.

Preferred Stock

Our Restated Certificate of Incorporation authorizes us to issue 5,000,000 shares of preferred stock, par value \$0.25 per share. The preferred stock is issuable in series with such voting rights, if any, designations, powers, preferences and other rights and such qualifications, limitations and restrictions as may be determined by our Board of Directors. The Board may fix the number of shares constituting each series and increase or decrease the number of shares of any series. As of November 28, 2018, 157,816 shares were outstanding, all of which were shares of Series B preferred stock. All of the shares of our Series B preferred stock are listed on the New York Stock Exchange under the symbol HL PB.

Ranking

The Series B preferred stock ranks senior to our common stock and any shares of Series A junior participating preferred stock (none of which have ever been issued) with respect to payment of dividends, and amounts due upon liquidation, dissolution or winding up.

While any shares of Series B preferred stock are outstanding, we may not authorize the creation or issuance of any class or series of stock that ranks senior to the Series B preferred stock as to dividends or amounts due upon liquidation, dissolution or winding up without the consent of the holders of 66 2/3% of the outstanding shares of Series B preferred stock and any other series of preferred stock ranking on a parity with the Series B preferred stock as to dividends and amounts due upon liquidation, dissolution or winding up, voting as a single class without regard to series.

Dividends

Series B preferred stockholders are entitled to receive, when, as and if declared by the Board of Directors out of our assets legally available therefor, cumulative cash dividends at the rate per annum of \$3.50 per share of Series B preferred stock. Dividends on the Series B preferred stock are payable quarterly in arrears on October 1, January 1, April 1 and July 1 of each year (and, in the case of any undeclared and unpaid dividends, at such additional times and for such interim periods, if any, as determined by the Board of Directors), at such annual rate. Dividends are cumulative from the date of the original issuance of the Series B preferred stock, whether or not in any dividend period or periods we have assets legally available for the payment of such dividends. Accumulations of dividends on shares of Series B preferred stock do not bear interest.

All quarterly dividends on our Series B preferred stock for 2015, 2016 and 2017 and the first nine months of 2018 were declared and paid in cash.

Redemption

The Series B preferred stock is redeemable at our option, in whole or in part, at \$50 per share, plus, in each case, all dividends undeclared and unpaid on the Series B preferred stock up to the date fixed for redemption.

Liquidation Preference

The Series B preferred stockholders are entitled to receive, in the event that we are liquidated, dissolved or wound up, whether voluntary or involuntary, \$50 per share of Series B preferred stock plus an amount per share equal to all dividends undeclared and unpaid thereon to the date of final distribution to such holders (the Liquidation Preference), and no more. Until the Series B preferred stockholders have been paid the Liquidation Preference in full, no payment will be made to any holder of Junior Stock upon our liquidation, dissolution or winding up. The term junior stock means our common stock and any other class of our capital stock issued and outstanding that ranks junior as to the

payment of dividends or amounts payable upon liquidation, dissolution and winding up to the Series B preferred stock. As of December 31, 2017 and 2016, our Series B preferred stock had an aggregate Liquidation Preference of \$7.9 million.

Voting Rights

Except in certain circumstances and as otherwise from time to time required by applicable law, the Series B preferred stockholders have no voting rights and their consent is not required for taking any corporate action. When and if the Series B preferred stockholders are entitled to vote, each holder will be entitled to one vote per share.

Conversion

Each share of Series B preferred stock is convertible, in whole or in part at the option of the holders thereof, into shares of common stock at a conversion price of \$15.55 per share of common stock (equivalent to a conversion rate of 3.2154 shares of common stock for each share of Series B preferred stock). The right to convert shares of Series B preferred stock called for redemption will terminate at the close of business on the day preceding a redemption date (unless we default in payment of the redemption price).

Provisions with Possible Anti-Takeover Effects

The provisions in our Restated Certificate of Incorporation, as amended, our Bylaws, as amended, and Delaware law could make it more difficult for a third party to acquire control of us, even if that transaction would be beneficial to stockholders. These impediments include:

the classification of our Board of Directors into three classes serving staggered three-year terms, which makes it more difficult to quickly replace board members;

the ability of our Board of Directors to issue shares of preferred stock with rights as it deems appropriate without stockholder approval;

a provision that special meetings of our Board of Directors may be called only by our chief executive officer or a majority of our Board of Directors;

a provision that special meetings of stockholders may only be called pursuant to a resolution approved by a majority of our entire Board of Directors;

a prohibition against action by written consent of our stockholders;

a provision that our board members may only be removed for cause and by an affirmative vote of at least 80% of the outstanding voting stock;

a provision that our stockholders comply with advance-notice provisions to bring director nominations or other matters before meetings of our stockholders;

a prohibition against certain business combinations with an acquirer of 15% or more of our common stock for three years after such acquisition unless the stock acquisition or the business combination is approved by our board prior to the acquisition of the 15% interest, or after such acquisition our board and the holders of two-thirds of the other common stock approve the business combination; and

a prohibition against our entering into certain business combinations with interested stockholders without the affirmative vote of the holders of at least 80% of the voting power of the then outstanding shares of voting stock.

PLAN OF DISTRIBUTION

We have registered the shares of common stock to allow the selling shareholders to sell all or a portion of the shares to the public from time to time after the date of this prospectus. Upon instructions from the Trustee, the selling shareholders may sell the shares directly or in negotiated transactions through underwriters, broker-dealers or agents.

The shares may be sold pursuant to the methods described below from time to time by or for the account of the selling shareholders on the New York Stock Exchange, or any other national securities exchange or automated interdealer quotation system on which our common stock is then listed, or otherwise in one or more transactions at:

a fixed price or prices, which may be changed;

market prices prevailing at the time of sale;

prices related to prevailing market prices; or

prices determined on a negotiated or competitive bid basis.

These sales may be effected in any manner permitted by law, including by any one or more of the following methods:

a block trade (which may involve crosses) in which the broker or dealer so engaged will attempt to sell the shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;

purchases by a broker or dealer as principal;

ordinary brokerage transactions and transactions in which the broker solicits purchasers; or

privately negotiated transactions.

The SEC may deem the selling shareholders and any broker-dealers or agents who participate in the distribution of the shares to be underwriters within the meaning of Section 2(11) of the Securities Act of 1933, as amended (the Securities Act). As a result, the SEC may deem any profits made by the selling shareholders as a result of selling the shares and any discounts, commissions or concessions received by any broker-dealers or agents to be underwriting discounts and commissions under the Securities Act. To our knowledge, there are currently no plans, agreements, arrangements or understandings between the selling shareholders and any underwriter, broker-dealer or agent regarding the sale of the shares.

To comply with the securities laws of some states, if applicable, the selling shareholders may only sell shares in these jurisdictions through registered or licensed brokers or dealers. In addition, in certain jurisdictions, the shares may not be sold unless they have been registered or qualified for sale in these jurisdictions, or an exemption from registration or qualification is available and complied with. The selling shareholders and any other persons participating in the sales of the shares pursuant to this prospectus may be subject to applicable provisions of the Securities Exchange Act

of 1934, as amended (the Exchange Act) and the rules and regulations under the Exchange Act. Each selling shareholder may also sell shares in reliance upon Rule 144 of the Securities Act, provided it meets the criteria and conforms to the requirements of Rule 144, rather than under this prospectus.

With respect to a particular offering of the shares, to the extent required by law, we will file an accompanying prospectus supplement or, if appropriate, a post-effective amendment to the registration statement of which this prospectus is a part, disclosing the following information:

the amount of shares being offered and sold;

the respective purchase prices and public offering prices and other material terms of the offering;

the names of any participating agents, broker-dealers or underwriters employed by the selling shareholders in connection with such sale; and

any applicable commissions, discounts, concessions and other items constituting compensation from the selling shareholders.

If the selling shareholders sell the shares through underwriters, broker-dealers or agents, we will not be responsible for underwriting discounts, and concessions or commissions (which commissions will not exceed those customary in the types of transactions involved) or agents' commissions. Pursuant to the Registration Rights Agreement, we have agreed to pay all of the expenses incidental to the registration, offering and sale of the shares to the public.

Each selling shareholder may pledge or grant a security interest in some or all of the shares owned by it, and if it defaults in the performance of its secured obligations, the pledgees or secured parties may offer and sell the shares from time to time pursuant to this prospectus. Each selling shareholder also may transfer and donate shares in other circumstances in which case the transferees, donees, pledgees or other successors in interest will be the selling shareholder for purposes of this prospectus.

We entered into a Registration Rights Agreement for the benefit of the selling shareholders to register the shares under applicable federal and state securities laws under specific circumstances and at specific times. The Registration Rights Agreement provides for indemnification of the selling shareholders against specific liabilities in connection with the offer and sale of the shares, including liabilities under the Securities Act.

Under the Registration Rights Agreement, we are obligated to use our reasonable best efforts to cause the shelf registration statement to be continuously effective until the earlier of the date when all securities covered by the shelf registration statement have been sold and the fifth anniversary of the Contribution Agreements.

Our obligation to keep the registration statement to which this prospectus relates available for use is subject to specified, permitted exceptions set forth in the Registration Rights Agreement. In these cases, we may prohibit offers and sales of the shares pursuant to the registration statement to which this prospectus relates. We may suspend the use of this prospectus for a period not to exceed 30 days and not to exceed an aggregate of 60 days in any twelve-month period.

We will not receive any portion of the proceeds of the sale of the shares offered by this prospectus. Our common stock trades on the New York Stock Exchange under the symbol HL.

Item 15. Indemnification of Directors and Officers**Delaware General Corporate Law**

The Registrant is organized as a corporation under Delaware law and is subject to the provisions of the General Corporation Law of the State of Delaware (the "DGCL"). The following description is intended only as a summary and is qualified in its entirety by reference to the Restated Certificate of Incorporation of the Registrant, the Bylaws of the Registrant and the DGCL.

Pursuant to the DGCL, a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of such corporation) by reason of the fact that such person is or was a director, officer, employee or agent of such corporation, or is or was serving at the request of such corporation in such capacity for another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding, if such person acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of such corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful.

The DGCL also permits indemnification by a corporation under similar circumstances for expenses (including attorneys' fees) actually and reasonably incurred by such persons in connection with the defense or settlement of an action by or in the right of such corporation, except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to such corporation unless and only to the extent that the Delaware Court of Chancery or the court in which such action or suit was brought shall determine upon application that such person is fairly and reasonably entitled to indemnity for such expenses which such court shall deem proper.

To the extent that a present or former director or officer is successful in the defense of such an action, suit or proceeding (or of any claim, issue or matter therein), the corporation is required by the DGCL to indemnify such person for actual and reasonable expenses (including attorneys' fees) incurred thereby.

Expenses (including attorneys' fees) incurred by a director or officer in defending any civil, criminal, administrative or investigative action, suit or proceeding may be paid (on terms and conditions satisfactory to the

II-1

corporation) in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of such person to repay such amount if it is ultimately determined that such person is not entitled to be so indemnified.

The DGCL provides that the indemnification and advancement of expenses described above shall not be deemed exclusive of other indemnification or advancement of expenses that may be granted by a corporation pursuant to its Bylaws, a disinterested director vote, a stockholder vote, an agreement or otherwise.

The DGCL also provides corporations with the power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation in a similar capacity for another corporation, partnership, joint venture, trust or other enterprise, against any liability asserted against such person in any such capacity, or arising out of such person's status as such, whether or not the corporation would have the power to indemnify such person against such liability as described above.

Accordingly, the Bylaws of the Registrant, to the fullest extent permitted by applicable law, indemnify and hold harmless each person (each, a "Covered Person") who is or was a director, officer or employee of the Registrant or, while a director, officer or employee of the Registrant, is or was serving at the request of the Registrant as a director, officer or employee or agent of another corporation, or of a partnership, joint venture, trust, enterprise or non-profit entity, including service with respect to employee benefit plans. However, the Registrant shall be required to indemnify any person seeking indemnification in connection with a proceeding initiated by such person only if such proceeding was authorized by the Board of Directors or is a proceeding to enforce such person's claim to indemnification pursuant to the rights granted by the Bylaws or otherwise by the Registrant. The Registrant may also enter into one or more agreements with any person which provide for indemnification greater or different than that provided in the Registrant's Restated Certificate of Incorporation.

The Bylaws of the Registrant also provide that the Registrant shall, to the fullest extent not prohibited by applicable law, pay the expenses (including attorneys' fees) incurred by a Covered Person in defending any proceeding in advance of its final disposition, provided, however, that, to the extent required by law, such payment of expenses in advance of the final disposition of the proceeding shall be made only upon receipt of an undertaking by such Covered Person to repay all amounts advanced if it should be ultimately determined that such Covered Person is not entitled to be indemnified.

The Bylaws of the Registrant also provide that the Registrant's obligation, if any, to indemnify or to advance expenses to any Covered Person who was or is serving at its request as a director, officer, employee or agent of another corporation, partnership, joint venture, trust, enterprise or non-profit entity shall be reduced by any amount such Covered Person may collect as indemnification or advancement of expenses from such other corporation, partnership, joint venture, trust, enterprise or non-profit entity.

Furthermore, pursuant to the Restated Certificate of Incorporation of the Registrant, as permitted under the DGCL, a director of the Registrant shall not be personally liable to the Registrant or its stockholders for monetary damages for breach of such person's fiduciary duty as a director, except for liability (1) for any breach of such person's duty of loyalty to the Registrant or its stockholders, (2) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (3) under Section 174 of the DGCL or (4) for any transaction from which he or she derived an improper personal benefit.

The DGCL permits, and the Registrant has, liability insurance for the benefit of its directors and officers.

Item 16. Exhibits and Financial Statement Schedules

The exhibits to this registration statement are listed on the Exhibit Index to this registration statement, which Exhibit Index is hereby incorporated by reference.

II-2

Item 17. Undertakings

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement; provided, however, that paragraphs (1)(i), (1)(ii) and (1)(iii) of this section do not apply if the registration statement is on Form S-3 and the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for purposes of determining any liability under the Securities Act of 1933 to any purchaser:

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

- (B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement

will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

- (5) That, for the purpose of determining liability of each registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:

The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (A) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
- (B) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
- (C) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
- (D) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
