#### **Item 7.01. Regulation FD Disclosure.**

On January 28, 2019, TransDigm Group issued a press release (the "Press Release") relating to the proposed concurrent offerings of senior subordinated notes (the "Senior Subordinated Notes") and senior secured notes (the "Senior Secured

## Edgar Filing: TransDigm Group INC - Form 8-K

Notes and, together with the Senior Subordinated Notes, the Notes ) by TransDigm Inc., its wholly-owned subsidiary, pursuant to separate confidential offering memoranda (the Offering Memoranda ) in private placements under Rule 144A and Regulation S under the Securities Act of 1933 (the Securities Act ). A copy of the Press Release is furnished as Exhibit 99.1 to this Current Report on Form 8-K.

In the Offering Memoranda, TransDigm Group discloses pro forma net sales and pro forma EBITDA As Defined of \$5,892.6 million and \$2,215.8 million, respectively, for the fiscal year ended September 30, 2018. These amounts reflect the Company's estimates that if certain acquisitions, including the Esterline Acquisition (as defined below), had closed at the beginning of that period, the transactions would have contributed additional net sales and

EBITDA As Defined of approximately \$2,081.5 million and \$339.3 million, respectively, for the fiscal year ended September 30, 2018. The reconciliation of net income to EBITDA, EBITDA As Defined and Pro Forma EBITDA As Defined for the year ended September 30, 2018 is furnished as Exhibit 99.2 to this Current Report on Form 8-K.

In addition, the Offering Memoranda contain unaudited pro forma condensed combined financial statements as of and for the year ended September 30, 2018. The unaudited pro forma condensed combined financial statements are furnished as Exhibit 99.3 to this Current Report on Form 8-K.

The Notes will not be registered under the Securities Act or any state securities laws and may not be offered or sold in the United States without registration or an applicable exemption from the registration requirements of the Securities Act and applicable state securities laws. Neither the Press Release nor this Current Report on Form 8-K constitutes an offer to sell or the solicitation of an offer to buy the Notes, nor shall there be any sale of the Notes in any state in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such state. The offerings of Senior Subordinated Notes and Senior Secured Notes are not contingent upon each other and there can be no assurance that the offerings will be consummated or otherwise completed. Any offer to sell the Senior Secured Notes or the Senior Subordinated Notes will be made only by a separate offering memorandum.

TransDigm Inc. intends to use of the net proceeds from the offering of the Senior Subordinated Notes and the offering of the Senior Secured Notes to fund a portion of the purchase price for its acquisition (the Esterline Acquisition ) of all of the outstanding stock of Esterline Technologies Corporation ( Esterline ).

The information in this Current Report on Form 8-K and in the Press Release shall not be deemed filed for purposes of Section 18 of the Exchange Act of 1934 (the Exchange Act ), nor shall it be deemed incorporated by reference in filings under the Securities Act.

### **NON-GAAP FINANCIAL MEASURES**

This Current Report on Form 8-K contains non-GAAP financial measures such as EBITDA, EBITDA As Defined and Pro Forma EBITDA As Defined, none of which are measurements of financial performance under generally accepted accounting principles in the United States ( GAAP ). TransDigm Group defines EBITDA as earnings before interest, taxes, depreciation and amortization, EBITDA As Defined as EBITDA plus certain non-operating items, refinancing costs, acquisition-related costs, transaction-related costs and non-cash charges incurred in connection with certain employee benefit plans and Pro Forma EBITDA As Defined as EBITDA As Defined plus management's estimates of the impact of the acquisition of Esterline and certain other acquisitions as if such acquisitions occurred at the beginning of fiscal year 2018. TransDigm Group presents EBITDA, EBITDA As Defined and Pro Forma EBITDA As Defined because it believes they are useful indicators for evaluating operating performance and liquidity.

TransDigm Group's management believes that EBITDA, EBITDA As Defined and Pro Forma EBITDA As Defined are useful to investors because they are frequently used by securities analysts, investors and others to measure operating performance among companies with differing capital structures, effective tax rates and tax attributes, capitalized asset values and employee compensation structures, all of which can vary substantially from company to company depending upon, among other things, accounting methods, book value of assets and the method by which assets are acquired. These measures are useful to evaluate TransDigm Group's business between time periods without regard to items such as interest expense, income tax expense and depreciation and amortization. TransDigm Group also believes EBITDA is useful to investors as a measure of comparative operating performance among companies and between time periods as it is reflective of changes in pricing decisions, cost controls and other factors that affect operating performance.

TransDigm Group's management also believes that EBITDA, EBITDA As Defined and Pro Forma EBITDA As Defined are useful as indicators of liquidity because securities analysts, investors, rating agencies and others use

## Edgar Filing: TransDigm Group INC - Form 8-K

EBITDA to evaluate a company's ability to incur and service debt. In addition, EBITDA As Defined is useful to investors because the revolving credit facility under TransDigm Group's senior secured credit facilities requires compliance under certain circumstances, on a pro forma basis, with a financial covenant that measures the ratio of the amount of TransDigm Group's total net indebtedness to the amount of its Consolidated EBITDA, defined in substantially the same manner as it defines EBITDA As Defined herein. This financial covenant is a material term

of the revolving credit facility under TransDigm Group's senior secured credit facilities as the failure to comply with such financial covenant could result in an event of default in respect of its senior secured credit facilities (and such an event of default could, in turn, result in an event of default under the indentures governing its notes).

In addition to the above, TransDigm Group's management uses EBITDA As Defined to review and assess the performance of the management team in connection with employee incentive programs and to prepare its annual budget and financial projections. Moreover, TransDigm Group's management uses EBITDA As Defined to evaluate acquisitions.

Although TransDigm Group uses EBITDA, EBITDA As Defined and Pro Forma EBITDA As Defined as measures to assess the performance of its business and for the other purposes set forth above, the use of these non-GAAP financial measures as analytical tools has limitations, and you should not consider any of them in isolation, or as a substitute for analysis of TransDigm Group's results of operations as reported in accordance with GAAP. Some of these limitations are:

none of EBITDA, EBITDA As Defined or Pro Forma EBITDA As Defined reflect the significant interest expense of, or the cash requirements necessary to service interest payments on, TransDigm Group's indebtedness;

although depreciation and amortization are non-cash charges, the assets being depreciated and amortized will often have to be replaced in the future, none of EBITDA, EBITDA As Defined or Pro Forma EBITDA As Defined reflect any cash requirements for such replacements;

the omission of the substantial amortization expense associated with TransDigm Group's intangible assets further limits the usefulness of EBITDA, EBITDA As Defined and Pro Forma EBITDA As Defined;

none of EBITDA, EBITDA As Defined or Pro Forma EBITDA As Defined include the payment of taxes, which is a necessary element of TransDigm Group's operations; and

EBITDA As Defined and Pro Forma EBITDA As Defined exclude the cash expense we have incurred to integrate acquired businesses into our operations, which is a necessary element of certain of TransDigm Group's acquisitions.

Because of these limitations, EBITDA, EBITDA As Defined and Pro Forma EBITDA As Defined should not be considered as measures of discretionary cash available to TransDigm Group to invest in the growth of its business. Management compensates for these limitations by not viewing EBITDA, EBITDA As Defined or Pro Forma EBITDA As Defined in isolation and specifically by using other GAAP measures, such as net income, net sales and operating profit, to measure TransDigm Group's operating performance. None of EBITDA, EBITDA As Defined or Pro Forma EBITDA As Defined is a measurement of financial performance under GAAP, and none should be considered as an alternative to net income or cash flow from operations determined in accordance with GAAP. TransDigm Group's calculation of EBITDA, EBITDA As Defined and Pro Forma EBITDA As Defined may not be comparable to the calculation of similarly titled measures reported by other companies.
