Item 1.01 Entry into a Material Definitive Agreement.
Stock Purchase Agreement

On April 23, 2019, Computer Programs and Systems, Inc., a Delaware corporation (CPSI), entered into a Stock Purchase Agreement (the Stock Purchase Agreement) with iNetXperts, Corp., a Maryland corporation doing business as Get Real Health (Get Real Health), the stockholders of Get Real Health listed on Schedule A to the Stock Purchase Agreement (each a Seller and, collectively, Sellers), and Kevin M. Plessner, in his capacity as a representative of Sellers (the Sellers Representative). The Stock Purchase Agreement provides, among other things, that, upon the terms and subject to the conditions set forth therein, (i) CPSI will purchase from Sellers all of the issued and outstanding capital stock of Get Real Health (collectively, the Purchased Stock), (ii) the holders of options to purchase shares of common stock of Get Real Health (the Optionholders) shall surrender the options for cancellation, (iii) the holder of warrants to purchase shares of common stock of Get Real Health (the Warrantholder) shall surrender the warrants for cancellation, and (iv) CPSI will pay the Transaction Consideration as provided in the Stock Purchase Agreement (collectively, the Transactions). Effective upon the consummation of the Transactions (the Closing), Get Real Health will be a wholly-owned subsidiary of CPSI and all outstanding options and warrants to purchase shares of common stock of Get Real Health shall be cancelled and terminated. The Closing is expected to occur during the second quarter of 2019.

The aggregate Transaction Consideration that CPSI has agreed to pay under the Stock Purchase Agreement consists of (i) \$11,000,000 (the Closing Cash Payment), plus or minus, as the case may be, an adjustment amount (the Purchase Price Adjustment) for changes in the levels of cash, working capital and debt of Get Real Health from estimated amounts at the time of the signing of the Stock Purchase Agreement, plus (ii) the Earnout Payment (as described below). All outstanding options and warrants to acquire Get Real Health stock will be cancelled at the Closing in exchange for the payment or potential payment of a portion of the Transaction Consideration to the Optionholders and Warrantholder, respectively. In addition, a total of \$2,150,000 of the Closing Cash Payment will be deposited in an escrow account with an escrow agent, consisting of \$300,000 to be held to secure the payment of any Purchase Price Adjustment, and \$1,850,000 as an indemnity escrow to cover potential breaches of the representations and warranties of the Sellers and Get Real Health and certain unpaid debts, taxes or closing costs of Get Real Health. As an inducement to CPSI entering into the Stock Purchase Agreement, Get Real Health has entered into employment agreements with four of its key employees, which employment agreements are to become effective at the Closing and which provide for a minimum term of one year.

The Earnout Payment represents potential additional consideration to be paid by CPSI to certain of the Sellers and each of the Optionholders within 30 days of the final determination of Get Real Health's EBITDA for the period from January 1, 2019 through December 31, 2019 (the Measurement Period), up to a maximum Earnout Payment of \$14.0 million. EBITDA is defined as the total of the following for Get Real Health for the Measurement Period: net income, plus interest expense, plus income taxes, plus depreciation and amortization, in each case calculated in accordance with generally accepted accounting principles, except as set forth in the Stock Purchase Agreement. Under the terms of the Stock Purchase Agreement, (i) no Earnout Payment will be made if Get Real Health's EBITDA for the Measurement Period is less than \$3,000,000, (ii) the maximum Earnout Payment will be made if Get Real Health's EBITDA for the Measurement Period equals or exceeds \$6,400,000, and (iii) a portion of the Earnout Payment will be made, based on straight-line interpolation between various thresholds, if Get Real Health's EBITDA for the Measurement Period is between \$3,000,000 and \$6,400,000.

The Stock Purchase Agreement contains a two-year non-competition covenant that applies to certain key stockholders of Get Real Health, and a two-year non-solicitation covenant that prohibits the Sellers from soliciting CPSI employees, both subject to limited exceptions.

The Stock Purchase Agreement also contains customary representations, warranties and covenants, including a covenant that each of the parties will use reasonable best efforts to cause the Transactions contemplated by the Stock

Purchase Agreement to be consummated. The Stock Purchase Agreement also requires Get Real Health to conduct its business and operations during the period between the execution of the Stock Purchase Agreement and the Closing according to the ordinary course of business consistent with past practice, and prohibits certain actions by Get Real Health without the consent of CPSI.

The obligations of the parties to consummate the Transactions are subject to satisfaction or waiver of customary closing conditions, including (i) the absence of any law, order or other legal restriction restraining or prohibiting the Transactions, (ii) the absence of any proceeding that would restrain or prohibit the Transactions, (iii) the accuracy of the representations and warranties of the parties to the Stock Purchase Agreement (subject to customary materiality qualifications), (iv) the absence of any material adverse effect (as defined in the Stock Purchase Agreement) with respect to CPSI or Get Real Health, (v) the delivery of various documents by Get Real Health and the Sellers, including executed option cancellation agreements with the Optionholders and a warrant cancellation agreement with the Warrantholder, and (vi) other customary closing conditions. The consummation of the Transactions is not subject to any financing condition. CPSI intends to make a draw of approximately \$11,000,000 under its existing senior secured revolving credit facility to finance the Closing Cash Payment.

Subject to certain exceptions, the Sellers have agreed to indemnify CPSI for certain breaches of representations, warranties and covenants, certain pre-closing taxes and certain other enumerated items. Indemnification by the Sellers for breaches of representations and warranties, except for certain regulatory and fundamental representations, is generally limited to the cash held in escrow, and indemnification for other indemnifiable matters (including for breaches of the regulatory and fundamental representations) is generally limited to each of the Seller's pro rata share of the Transaction Consideration. Subject to certain exceptions, CPSI has agreed to indemnify the Sellers for certain breaches of representations, warranties and covenants, with such indemnification limited to the amount of the total Transaction Consideration.

The Stock Purchase Agreement also contains certain rights to terminate the Stock Purchase Agreement prior to the Closing, including (a) by mutual consent, and (b) by either party if (i) a governmental entity or other organization takes final, non-appealable action prohibiting the Transactions or enacts any law that makes consummation of the Closing illegal or otherwise prohibited, (ii) the other party breaches the Stock Purchase Agreement (under certain circumstances) or (iii) the Closing has not occurred on or before May 23, 2019, or another date agreed by the parties, subject to certain exceptions.

The foregoing description of the Stock Purchase Agreement does not purport to be complete and is qualified in its entirety by reference to the full text of the Stock Purchase Agreement, a copy of which is filed herewith as Exhibit 2.1 and is incorporated herein by reference. The Stock Purchase Agreement has been included as an exhibit to provide investors with information regarding its terms. Moreover, information concerning the subject matter of the representations, warranties and covenants may change after the date of the Stock Purchase Agreement, which subsequent information may or may not be fully reflected in CPSI's public disclosures.
