PROXY STATEMENT

This statement is furnished in connection with the solicitation of proxies by the board of directors of Citizens Communications Company to be voted at our annual meeting of stockholders. The mailing address of our administrative offices is Three High Ridge Park, Stamford, CT

Edgar Filing: CITIZENS COMMUNICATIONS CO - Form DEF 14A

06905. The approximate date on which this proxy statement and form of proxy are first being sent or given to stockholders is April 15, 2004.

Only holders of record of our common stock, par value \$0.25 per share, as of the close of business on March 19, 2004, the record date, will be entitled to notice of and to vote at the annual meeting. As of the record date, there were 287,044,747 shares of common stock outstanding, each of which is entitled to one vote at the annual meeting. We have no other class of voting securities issued and outstanding. The presence in person or by proxy of the holders of a majority of the outstanding shares of common stock is necessary to constitute a quorum for the transaction of business at the annual meeting.

Directors will be elected by a majority vote of the shares of common stock present or represented by proxy and entitled to vote at the meeting. The selection of our independent public accountants for 2004 will be ratified by a majority vote of the shares of common stock present or represented by proxy and entitled to vote at the meeting. Approval of the stockholder proposal regarding future severance agreements with senior executives requires a majority vote of the shares of common stock present or represented by proxy and entitled to vote at the meeting. Abstentions by stockholders present in person or by proxy will have the effect of a negative vote with respect to the election of directors, the ratification of the appointment of our independent public accountants, and the stockholder proposal. Under the rules of the New York Stock Exchange, brokers who hold shares in street name for customers that have not given instructions to such brokers have the authority to vote on the election of directors and ratification of auditors. Accordingly, unless contrary instructions are given, all proxies received pursuant to this solicitation will be voted in favor of the election of the nominees and the approval of the appointment of our independent public accountants. Brokers who hold shares in street name for customers who have not given instructions to such brokers do not have the authority to vote on the stockholder proposal. Stockholders may not cumulate their votes. Stockholders who execute proxies may revoke them at any time before they are voted in writing or by attending the annual meeting.

ELECTION OF DIRECTORS

All of the nominees are currently serving as our directors. Directors will be elected by a majority of the votes of the holders of shares of common stock present in person or represented by proxy at the meeting and entitled to vote at the meeting. It is the intention of the persons named in the enclosed proxy to vote for the election as directors of the nominees specified. In case any of these nominees should

Edgar Filing: CITIZENS COMMUNICATIONS CO - Form DEF 14A

become unavailable for any reason, the proxy holders reserve the right to substitute another person of their choice. The information concerning the nominees and their security holdings has been furnished to us by the nominees. Leonard Tow and Claire Tow are husband and wife. There are no other family relationships between any of the nominees.

The board of directors has determined that Messrs. Harfenist, Heine, Kraus, Schroeder, Stanger, Tornberg, and Ward are independent under the rules of the New York Stock Exchange. In determining director independence, the board of directors reviewed not only relationships between the director and the Company, but also relationships between the Company and the organizations with which the director is affiliated. After considering the relevant facts and circumstances, the board of directors determined that none of these individuals has a material relationship with the Company (either directly or as a partner, shareholder, or officer of an organization that has a relationship with the Company), other than as a director of the Company, because each of these directors is free from any relationship with the Company that would impair the director's ability to exercise independent judgment. Robert Stanger has been elected as the Lead Director by our independent directors. Mr. Stanger presides at executive sessions of non-management directors.

Any stockholder or interested party who wishes to communicate with our board of directors or any specific director, including our Lead Director, any non-management director, or the non-management directors as a group, may do so by writing to such director or directors at: Citizens Communications Company, Three High Ridge Park, Stamford, CT 06905. This communication will be forwarded to the director or directors to whom it is addressed. This information regarding contacting our board of directors is also posted on our website at www.czn.net.

Our board of directors recommends that you vote **FOR** the election of all nominees for director.

The board of directors held eight meetings in 2003. Each director attended at least 75% of the aggregate of these meetings and the total number of meetings held by all committees of the board on which he or she served, as described below under **Governance of the Company and Committees of the Board**. It is the policy of the Company that the directors attend the annual meeting of stockholders. Each of our current directors attended last year's annual meeting of stockholders, except for Mr. Kraus who was ill.

Our independent directors have regularly scheduled executive sessions in which they meet without the presence of management. These executive sessions generally are held immediately before or after regularly scheduled meetings of the board of directors. The independent directors held five such meetings in 2003, which all of the independent directors attended. In addition, the independent directors met once in 2003 with Mr. Graf, one of our non-management, but non-independent, directors.

Directors Compensation

Effective January 1, 2004, each non-employee director is entitled to receive annual compensation in the form of 5,000 stock units (which are more particularly described below), or an annual cash retainer of \$30,000. In 2003, the directors also could choose to receive 20,000 stock options for their annual retainer. In addition, each non-employee director will receive a fee of \$2,000, plus reasonable expenses, for each meeting of the board of directors or committee of the board attended in person or by telephone. In 2004, for his services as Lead Director, Mr. Stanger will receive an additional annual stipend of \$30,000, which increased from \$20,000 in 2003. With the exception of the Audit Committee and the Compensation Committee, committee chairs will be entitled to an additional annual stipend of \$5,000. In 2004, the Audit Committee chair, Mr. Heine, will receive an additional annual stipend of \$50,000, which increased from \$20,000 for 2003, and the Audit Committee vice chair, Mr. Ward, will receive an annual stipend of \$15,000. In 2004, Mr. Ward will also receive a one-time payment of \$30,000 for his review, as vice chair of the Audit Committee, of the guidelines for our internal controls over financial reporting. In 2004, the Compensation Committee chair, Mr. Stanger, will receive an additional annual stipend of \$30,000, which increased from \$15,000 for 2003. In recognition of the extensive activities of the Compensation Committee following the announcement by the Company that it was exploring strategic alternatives, Mr. Stanger, as Chair of that committee, received an additional one-time

6

payment of \$20,000 and each committee member received a one-time payment of \$7,500. A director may elect to have either 50% or 100% of his or her fees, and in the case of committee chairs their annual stipend, payable in cash or stock units. If a director elects payment of his or her fees in stock units, units will be purchased at 85% of the average of the high and low prices on the first trading day of the year in which they are earned, subject to adjustment, and will be credited to the director's account on the first business day of the next quarter. These stock units, which are payable either in cash or in shares of our common stock, as per the director's irrevocable election, will be held by us until the earlier of the director's retirement or death (or earlier in the case of hardship approved by the board of directors), at which time they will be paid in accordance with the director's election. Directors also receive an annual stock option award under the Non-Employee Directors' Deferred Fee Equity Plan, which is currently fixed at 5,000 options.

Governance of the Company and Committees of the Board

We have been reviewing our corporate governance policies and practices. This includes comparing our current policies and practices to policies and practices of other public companies, as well as to those suggested by various groups or authorities active in corporate governance. Based upon this review, we have adopted changes to current policies and practices to reflect what the board of directors believes are best practices, as well as those that are required to comply with the Sarbanes-Oxley Act of 2002 and the rules of the SEC and the New York Stock Exchange.

Code of Business Conduct and Ethics. We have implemented a Code of Business Conduct and Ethics (the "Code of Conduct"). We require all employees to adhere to the Code of Conduct in addressing the legal and ethical issues encountered in conducting their work. The Code of Conduct requires that our employees avoid conflicts of interest, comply with all laws and other legal requirements, conduct business in an honest and ethical manner, and otherwise act with integrity. Employees are required to report any conduct that they believe in good faith to be an actual or apparent violation of the Code of Conduct. All of our employees will be required to certify that they have received and reviewed the Code of Conduct and will be required to attend training about the Code of Conduct. In addition, all officers and senior level executives will be required to certify as to any actual or potential conflicts of interest involving them and the Company. Management is responsible for our internal controls and the financial reporting process. The Audit Committee assists

the board of directors in undertaking and fulfilling its responsibilities in monitoring (i) the Company's financial reporting process, (ii) the integrity of the financial statements of the Company, (iii) the Company's compliance with legal and regulatory requirements, (iv) the independence and qualifications of the Company's internal and independent auditors, and (v) the performance of the Company's internal audit function and independent auditors.

Our Compensation Committee Charter is posted on our website at www.czn.net, a hard copy of which is available to stockholders upon request. The Compensation Committee is composed of Mr. Stanger, as Chairman, and Messrs. Harfenist, Kraus, and Tornberg, each of whom is independent under the listing standards of the New York Stock Exchange. The Compensation Committee reviews our general compensation strategies, acts as the Committee for the Citizens Incentive Plan, the Management Equity Incentive Plan, the Equity Incentive Plan, the Amended and Restated 2000 Equity Incentive Plan, the Employee Stock Purchase Plan, and the Non-Employee Directors' Deferred Fee Equity Plan, and establishes and reviews compensation for our Chief Executive Officer and other executive officers. The Nominating and Corporate Governance Committee is chaired by Mr. Harfenist, and Messrs. Kraus and Tornberg are its other members. Each member of the Nominating and Corporate Governance Committee is independent under the listing standards of the New York Stock Exchange. One of the committee's functions is to recommend candidates for election to the board of directors. In addition, the Nominating and Corporate Governance Committee takes a leadership role in shaping our corporate governance, including making recommendations on matters relating to the composition of the board of directors and its various committees and our Corporate Governance Guidelines. The committee will entertain written suggestions for nominees from stockholders so long as they are addressed to Mr. Harfenist, at our address, on or before the date specified under Future Stockholder Proposals, and include a description of the qualifications of the suggested nominee and any information that is required by the regulations of the SEC concerning the suggested nominee and his or her direct or indirect securities holdings or other interests in us. Each candidate for nomination as a director, including persons recommended by stockholders, is evaluated in accordance with our Corporate Governance Guidelines which are posted on our website at www.czn.net. The Nominating and Corporate Governance Committee met twice in 2003.

Retirement Plan Committee. The Retirement Plan Committee is composed of Mr. Schroeder, as Chairman, and Messrs. Graf, and Tornberg. The Retirement Plan Committee oversees our retirement plans. The Committee met three times in 2003.

AUDIT COMMITTEE REPORT

The Audit Committee has met and held discussions with management and our independent accountants and has reviewed and discussed the audited consolidated financial statements with management and our independent accountants.

The Audit Committee has also discussed with our independent accountants the matters required to be discussed by Statement on Auditing Standards No. 61 (Codification of Statements on Auditing Standards, AU Section 380).

Based upon the review and discussions referred to above, the Audit Committee recommended to the board of directors that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2003, for filing with the Securities and Exchange Commission.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the board of directors is composed of four independent directors who are responsible for setting and administering compensation, including base salaries, annual incentives, and stock-based awards, paid or awarded to our executive officers. The Compensation Committee also oversees and approves incentive plan design, costs, and administration. This report discusses the Compensation Committee's activities, as well as its development and implementation of policies regarding compensation paid to our executive officers, for 2003.

COMPENSATION OF THE EXECUTIVE MANAGEMENT GROUP

This section discusses our overall strategy for our 2003 compensation programs, including compensation for the executive management group. The compensation of our Chief Executive Officer is discussed separately.

COMPENSATION STRATEGY

Offer a competitive mix of total compensation relative to the communications industry.

Ensure plans are flexible enough to enable us to attract and retain employees of outstanding ability based on the various labor market demands for critical skill sets.

Provide performance-based and subjectively determined compensation so that rewards to employees have a direct correlation to stockholder value.

Base Salary

The Compensation Committee reviews and approves the salary levels of our executive management group. This review is based on the duties and responsibilities that we expect each executive to discharge during the current year, the executive's performance during the previous year, and the executive's total cash compensation opportunity. We perform external market comparisons relative to industry-specific peers, based on individual job responsibilities.

Annual Cash Incentives

To retain and motivate employees, the Citizens Incentive Plan offers a competitive mix of base and bonus cash compensation relative to comparable industry norms. Under the Citizens Incentive Plan, target amounts of incentive compensation are assigned for each salary level based on an analysis of incentive pay practices in the communications industry. The criteria for the payout of incentive awards is financial performance determined with reference to total revenue and internal measurements based upon cash flow. In addition to financial measures, the Rochester Region's incentive payout is based, in part, on the achievement of service measures. Goals are established no later than the first quarter of the year for the full year. The plan's criteria may be revised each year to reflect changes in our business strategy.

Cash incentives for our executive management group are based upon achieving financial objectives, as well as the qualitative aspects of strategic decisions, the execution of Company initiatives, and the significant challenges that face the Company and the communications industry in general. This subjective focus on the quality of management's decisions takes into account the ability of an executive manager to adapt to unique situations and changing conditions, while balancing short-term strategies with long-term objectives. The Compensation Committee believes that this approach will properly reward key executive officers for their leadership in a changing business environment and in making strategic adjustments to our business plans that are in the best interests of Citizens, its stockholders, and its employees.

2003 Annual Cash Incentive Awarded in 2004

Annual cash incentive bonuses were awarded by the Compensation Committee in February 2004, based on 2003 performance. A total of 2,668 employees received cash incentive awards, representing 99.8% of the employees eligible to receive such awards.

Edgar Filing: CITIZENS COMMUNICATIONS CO - Form DEF 14A

The Compensation Committee believes that our executive management group met critical financial, operating, and strategic objectives for 2003. The ability to not only achieve, but exceed, our free cash flow goals, continue to reduce debt, and improve efficiency of operations, despite an industry-wide downturn during 2003, is a credit to the executive managers' ability to manage the business, its costs, and capital investment in a very dynamic environment.

In addition to substantially meeting operating performance targets, the executive management group completed other strategic initiatives, such as divesting our remaining utility properties, achieving margins that exceed those of our industry peers, reducing debt, and creating stockholder value. In recognition of the group's performance under adverse circumstances, the Compensation Committee awarded cash bonuses and grants of restricted shares to each member of the executive management group, including each of the five most highly compensated executive officers, generally equal to 110% of 2002 awards.

Equity Incentive Plan

The purpose of the Equity Incentive Plan is to provide common stock-related compensation to ensure that we can attract, motivate, and retain executives and employees. Our program is more strongly performance oriented than most because stock options are awarded only if the prior year's financial target is achieved. All such stock options awarded are non-qualified, awarded at fair market value, and vest over four years.

The Equity Incentive Plan grants stock options to executives and other key management employees for their individual contributions toward the achievement of financial goals. Target awards are based on each employee's salary level and are designed to compensate the employee consistent with the long-term incentive compensation of companies in the communications industry.

In May 2003, the Compensation Committee granted stock option awards to 399 employees under the Equity Incentive Plan for 2002 performance. Based on the achievement of the prior year's financial target, the pool was funded at 90%.

For awards made for the year 2003, the Compensation Committee excluded the executive management group from participation in the stock option plan. Instead, the executive management group was awarded grants of restricted shares under our 2000 Equity Incentive Plan, which vest ratably over three years. These restricted share grants supplement the cash incentive payments and are based upon each executive officer's and our performance for the prior year.

For the year 2004, the executive management group again received grants of restricted shares under our 2000 Equity Incentive Plan, which vest ratably over three years. The Compensation Committee does not intend to grant any stock options in 2004.

Other

The Compensation Committee approves terms of employment offers to new executive and other officers.

COMPENSATION OF THE CHIEF EXECUTIVE OFFICER

An employment agreement, effective as of October 1, 2000, as amended on May 16, 2002, between Dr. Tow and us establishes his base annual salary. Benefits included in the "Other Annual Compensation" and "All Other Compensation" columns in the Summary Compensation Table are established in the employment agreement or by the Compensation Committee and independent directors. The employment agreement referred to in this section is summarized in a later section of the proxy statement under the heading "Employment Agreement."

The Compensation Committee has made grants of restricted shares and options to Dr. Tow as part of his incentive compensation and under his employment agreement. In 2000, in lieu of an annual cash incentive award for 1999 performance, the Compensation Committee agreed to grant Dr. Tow 72,727 shares of our common stock, which will be awarded on January 1 of the year after his retirement. In 2000, the Compensation Committee also agreed to grant Dr. Tow 1,518,750 shares of our common stock, which will be awarded on January 1 of the year after his retirement. Such award was in recognition of Dr. Tow's investment judgment that enabled us to realize significant gains in certain cable television and cellular telephone companies. On January 1, 2001, Dr. Tow was granted options to purchase 250,000 shares of our common stock. The options vest ratably over a three-year period beginning on January 1, 2002, with an exercise price of \$12.907 per share, and expire on December 31, 2010. In addition, on June 18, 2001, Dr. Tow was granted options to purchase 195,000 shares of our common stock. The options vest ratably over a four-year period beginning on June 18, 2002, with an exercise price of \$12.37 per share, and expire on June 17, 2011. On June 18, 2001, Dr. Tow was also granted stock units for 100,000 shares of our common stock. These stock units will settle the day after Dr. Tow's retirement and, upon settlement, Dr. Tow will receive 100,000 shares of our common stock. On May 16, 2002, Dr. Tow was granted 150,000 restricted shares. These shares vest on January 1, 2007. In addition, Dr. Tow was also granted options to purchase 150,000 shares of our common stock. The options vest ratably over a four-year period beginning on May 16, 2003, with an exercise price of \$9.52 per share.

Edgar Filing: CITIZENS COMMUNICATIONS CO - Form DEF 14A

In March 2003, the Compensation Committee made an annual cash incentive award to Dr. Tow for 2002 performance in the amount of \$1.5 million, and also awarded Dr. Tow 100,000 restricted shares under the 2000 Equity Incentive Plan, which vest ratably over three years. These awards were made by applying the same methodology to Dr. Tow as was applied to the executive management group.

In February 2004, the Compensation Committee made an annual cash incentive award for 2003 performance to Dr. Tow in the amount of \$1.65 million and awarded Dr. Tow 110,000 restricted shares under the 2000 Equity Incentive Plan, which vest ratably over three years. These awards were made by applying the same methodology to Dr. Tow as was applied to the executive management group. In March 2004, Dr. Tow was awarded 200,000 restricted shares, as described under Retention Proposals.

Employment Agreement

Dr. Tow's employment agreement, effective October 1, 2000, was subsequently amended by letter agreements. The 2000 agreement replaced a 1996 employment agreement and provides for Dr. Tow to continue to serve as our Chairman and Chief Executive Officer through the end of 2005, and as an advisor-consultant for an additional five-year period thereafter. We and Dr. Tow entered into an agreement on May 16, 2002, that amended the term of this employment agreement so that it now expires at the end of 2006. Dr. Tow will be paid an annual base salary of \$900,000 through 2006, which is the same base salary provided under the 1996 agreement. After 2006, he will receive compensation of \$500,000 per year for advisory services. While he is performing these services, Dr. Tow is restricted from engaging in competition that is materially detrimental to us. He is, however, permitted to serve as a director or a non-working partner, officer, or stockholder of other businesses. The 2000 agreement also provides for Dr. Tow to receive additional, risk-based compensation, as described below. During their lifetimes, Dr. Tow and his wife will continue to participate in our health and other benefit plans. After his retirement from full-time employment, we will provide Dr. Tow with offices and support staff.

The 1996 agreement included a grant of 500,000 restricted, performance shares of common stock (which increased to 559,974 shares due to stock dividends). In consideration of Dr. Tow entering into the 2000 agreement, we increased these restricted shares by 250,000, to 809,974, and we granted him 750,000 additional restricted,

12

performance shares. Restrictions on transfer will lapse on January 1, 2007, or upon death, earlier termination of employment by us, or certain corporate events. The restricted shares are subject to reduction under certain circumstances in accordance with a formula in the 2000 agreement based on cash generated from operations (referred to as the Operating Performance test). We also granted to Dr. Tow options to purchase 2.5 million shares of common stock. These options vest at the rate of 250,000 shares per year beginning on December 31, 2000, which vesting would accelerate upon early termination by us of the combined employment and advisory term for any reason other than good cause. The exercise price for the first 500,000 options was set at \$13.4690, the fair market value of our shares on October 1, 2000. The exercise price for each additional increment of 500,000 options is \$2.00 above the exercise price of the immediately preceding increment. The options have a 10-year term.

In consideration for Dr. Tow entering into the amendment to this employment agreement on May 16, 2002, we granted Dr. Tow an additional 250,000 restricted shares of common stock. Restrictions on transfer will lapse on January 1, 2007, or upon death, earlier termination of employment, or certain corporate events. These shares, however, will not be subject to the reductions related to the Operating Performance test and to the further proportionate reductions that apply to the previously issued restricted shares. In addition, as provided in the amendment, we also granted Dr. Tow additional options to purchase 500,000 shares of common stock. These options vested immediately upon the execution of this amendment. The exercise price for these options is \$9.52 and they have a 10-year term.

To compensate for tax code limitations on the amount that Dr. Tow can be paid under our pension plan, the 2000 agreement provides for \$15 million in additional life insurance coverage through a second-to-die, split-dollar arrangement, with a trust created by Dr. Tow as beneficiary; and a single-life insurance arrangement on the first to die of Dr. Tow and his wife, with a face amount of \$5.75 million, with death benefits to be paid in part to us and in part to the trust; provided, that the aggregate to be retained by the trust under all applicable policies may not exceed \$15 million. Dr. Tow's employment agreement also provides for an additional \$3 million of life insurance on his life, which has been effected on a split-dollar basis. The insurance coverage provided in the 2000 agreement is in addition to split-dollar life insurance policies provided for in the 1996 agreement which are paid up and continue in effect. All of the insurance arrangements purchased by us have been structured so that all premiums paid by us in providing such benefits should be recovered from insurance proceeds.

All payments due Dr. Tow under his employment agreement will accelerate in the event we merge, consolidate with, or transfer all or substantially all of our assets or stock to another entity whose net worth, immediately preceding such transaction, is less than ours. Additionally, Dr. Tow may terminate the agreement in the event of a merger in which we are not the surviving company, or in the event of a consolidation or transfer of all or substantially all of our assets or stock, or change in control. Additionally, if an actual change of control, as defined in the 2000 agreement, occurs that includes, among other events, (1) the acquisition by a person or group of 15% or more of our voting securities and (2) certain changes in the board of directors, then Dr. Tow will thereafter have the option to acquire, after notice to us, up to 10 million shares of our

common stock at a price per share equal to the fair market value of the stock on the date notice is given.

All shares covered by the 2000 agreement will be adjusted to reflect the occurrence, after October 1, 2000, of stock dividends, stock splits, new issuances to holders of common stock or options, warrants, rights to acquire additional shares, or similar events.

If Dr. Tow's employment is terminated for good cause, as defined in the 2000 agreement, he will be entitled to receive his base salary through termination. In addition, he will be entitled to exercise all vested options; the restrictions on a portion of his restricted shares, which will be determined based on duration of his employment through termination and the Operating Performance test, would lapse; and his split-dollar life insurance benefits would continue, subject to certain reductions. If Dr. Tow's employment were to be terminated by us for any reason other than good cause, (a) he would be entitled to receive his base salary for the remainder of the six-year term plus a bonus based on his average annual bonus prior to termination, (b) all of his unvested options would immediately vest, and (c) all restrictions on his restricted shares would lapse. If we elect to eliminate the advisory services for any reason other than good cause, we will be required to: (1) provide life insurance coverage of \$7 million, through a split-dollar arrangement, payable to Dr. Tow's estate, his family, or a trust for their benefit, or (2) pay Dr. Tow the sum of \$3.2 million, less the sum of all advisory payments made to him through termination.

13

In the event that Dr. Tow's entitlements under the 2000 agreement are deemed to constitute excess parachute payments for tax purposes, we will pay him any tax obligation on a grossed-up, after-tax basis.

As of May 30, 2001, we entered into additional agreements with Dr. Tow in which: (1) he relinquished his fully-vested interest in \$6.516 million on account in the Citizens Incentive Program; (2) a second-to-die split-dollar life insurance arrangement was created with a face amount of \$15 million, with Dr. Tow and his wife as the insured, and with a trust created by Dr. Tow as the owner of the policies; and (3) a single-life insurance arrangement was created on Dr. Tow's life, with a face amount of \$5.75 million, with death benefits to be paid in part to us and in part to the trust; provided, that the aggregate amount to be retained by the trust under all applicable policies may not exceed \$15 million. In all material respects, these insurance arrangements are similar to the split-dollar insurance arrangements provided in the 2000 agreement. As in the 2000 agreement, the insurance arrangements have been structured so that all premiums paid by us in providing the benefits should be recovered from insurance proceeds.

COMPLIANCE WITH INTERNAL REVENUE CODE SECTION 162(m)

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation over \$1 million paid to the chief executive officer or any of the four most highly compensated executive officers (other than the chief executive officer). Section 162(m) provides that qualifying performance-based compensation will not be subject to the tax deduction limit if certain requirements are met. While our incentive compensation programs are designed to facilitate compliance with Section 162(m), and in most cases the Compensation Committee intends to maximize the corporate tax deduction, the Committee believes that we must attract and retain qualified executives to manage us and that in some instances, the Compensation Committee may need the flexibility to offer compensation that cause the Section 162(m) threshold for deductibility to be exceeded. Total compensation paid to Dr. Tow, Messrs. Schneider, and Casey in 2003, and total compensation scheduled to be paid to Dr. Tow, Messrs. Schneider, Casey, and Elliott in 2004, or that may be paid to them in the future, as described in Agreement with Scott Schneider and Retention Proposals on pages 16 and 17, may cause the Section 162(m) limitation to be exceeded for those years. In addition, if we terminate Dr. Tow's employment prior to the end of the term of employment, payments (other than qualifying performance-based compensation) required to be made to him are expected to exceed \$1 million but, depending on the year of payment and depending on deferral arrangements, may not be subject to the limitation on tax deductibility.

Agreement with Scott Schneider

We have entered into an incentive award agreement with Mr. Schneider under which he will receive cash payments aggregating \$4,500,000 if he remains employed until the earlier of August 30, 2004, or the occurrence of a Triggering Event, or if his employment is actually or constructively terminated without cause (or terminates by reason of death or disability) before that date. Should he voluntarily terminate employment before that date, his aggregate payments will be limited to \$2,500,000 or, if the termination occurs after June 30, 2004, \$3,500,000.

A Triggering

16

Event is a public announcement by us that we have entered into a Transaction, or our decision not to pursue any such potential transaction after completing a review of strategic alternatives. A Transaction is a merger, consolidation, joint venture, or other business combination pursuant to which the business of the Company is combined with that of any other entity; the acquisition of a majority of our stock or assets, properties, or businesses, by way of a direct or indirect purchase, lease, license, exchange, joint venture, or other means; or any material recapitalization of the Company, including by way of any material spin-off, split-off or other material extraordinary dividend of cash, securities or other assets of the Company to stockholders of the Company (including any repurchase by the Company of a material amount of its securities) involving the Company.

If Mr. Schneider remains employed until the earlier of August 30, 2004, or the occurrence of a Triggering Event, or if his employment is actually or constructively terminated without cause (or terminates by reason of death or disability) before that date, he will also receive a lump-sum amount equal to the pro-rated portion (based on the portion of the year during which he is employed) of the sum of (i) \$900,000 and (ii) the market value (as of the earlier of his termination date or August 30, 2004) of 61,000 shares of the Company's common stock (corresponding to his 2003 restricted stock award), and all of his outstanding stock options and restricted stock awards will vest.

In addition, Mr. Schneider is entitled to the following benefits: (i) he and his spouse may continue to participate in the Company's health care plan on the same basis as other current or former (as applicable) directors of the Company; (ii) he will be reimbursed for up to 50 hours of professional tax services for the 2004 taxable year in accordance with the Company's policy for senior executives; and (iii) the Company will continue to maintain director and officer liability insurance that covers Mr. Schneider in accordance with the Company's policy applicable to current and former directors and officers until the later of (a) six years following the completion of a Transaction or (b) August 31, 2010. The Company is also required to reimburse Mr. Schneider, on an after-tax basis, for any excise tax on amounts that are considered excess parachute payments under Section 4999 of the Internal Revenue Code (the Code).

The incentive award agreement obligates Mr. Schneider to maintain confidentiality of Company information while employed by the Company and thereafter. Until the earlier of August 30, 2004, or the occurrence of a Triggering Event, he is prohibited from rendering services to, or acquiring beneficial ownership of more than 5% of the equity ownership of, any entity that submits a bid to the Company for a proposed Transaction (other than an entity whose bid is accepted by the Company). Mr. Schneider is also prohibited from soliciting Company business or employees for a year following the date of the agreement. Mr. Schneider has released the Company from any claims arising out of or in connection with his employment prior to the incentive award agreement.

Retention Proposals

On March 11, 2004, the board of directors approved retention and change of control arrangements to induce certain officers, including our executive officers, and employees to continue their employment while we explore our financial and strategic options. We anticipate that these arrangements with the executive officers listed in the Summary Compensation Table, other than Dr. Tow and Mr. Schneider, will include cash retention payments and supplemental awards, which in the aggregate will not exceed \$5 million, that are contingent as to timing and amount based upon the occurrence of certain events and tenure to be defined in agreements to be entered into with such persons. In addition, it is anticipated that we will enter into multi-year employment agreements with these executive officers. The arrangements with Mr. Schneider are described in Agreement with Scott Schneider. Previously established arrangements with Dr. Tow are described in Compensation of the Chief Executive Officer.

Awards of restricted stock with respect to the retention arrangements were made under our 2000 Equity Incentive Plan to each of the executive officers, including Dr. Tow but not Mr. Schneider. As a group, the executive officers received awards totaling 455,000 shares of restricted stock for retention purposes. As applicable, these awards are in the amounts set forth in the Summary Compensation Table. Restrictions on shares granted in connection with the retention arrangements will be set forth in the retention agreements that will be entered into with such executive officers. Restrictions on shares of stock and the exercise of options that have been awarded previously as part of regular compensation will lapse in the event of a change of control.

Edgar Filing: CITIZENS COMMUNICATIONS CO - Form DEF 14A

It is anticipated that under such arrangements we will reimburse the executives, on an after-tax basis, for any excise tax under Section 4999 of the Code on any amounts that are considered excess parachute payments.

CITIZENS PENSION PLAN

We have a noncontributory, qualified retirement plan, the Citizens Pension Plan, covering substantially all employees, that provides benefits that in most cases are based on formulas related to base salary and years of service. The plan has been amended to provide that, effective February 1, 2003, no further benefits will be accrued under the plan by most non-union participants (including all executive officers). Dr. Tow is the only executive officer listed in the Summary Compensation Table who has vested benefits under the frozen plan. Dr. Tow's estimated annual pension benefit (assumed to be paid in the normal form of an annuity) is \$46,294. This amount is calculated under the plan based on his 11 years of service at the time of the plan freeze and the compensation limits established in accordance with federal tax law in the computation of retirement benefits under qualified plans. Upon retirement, Messrs. Schneider, Casey, and Harris will be eligible for annual retirement benefits, estimated to be \$7,181, \$7,210, and \$7,150, respectively, upon their completion of five years of service (assumed to be paid in the normal form of an annuity). Benefits are not subject to reduction for Social Security payments or other offset amounts.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee currently consists of Mr. Stanger, as Chairman, and Messrs. Harfenist, Kraus, and Tornberg. None of our executive officers served as: (i) a member of the Compensation Committee (or other board committee performing equivalent functions or, in the absence of any such committee, the entire board of directors) of another entity, one of whose executive officers served on our Compensation Committee; (ii) a director of another

entity, one of whose executive officers served on our Compensation Committee; or (iii) a member of the Compensation Committee (or other board committee performing equivalent functions or, in the absence of any such committee, the entire board of directors) of another entity, one of whose executive officers served as one of our directors.

The chart above assumes, in each case, an initial investment of \$100 on December 31, 1998, and that all quarterly dividends were reinvested at the average of the closing stock prices at the beginning and end of the quarter.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our directors, officers, and persons holding more than 10% of a registered class of our equity securities to file with the SEC and the New York Stock Exchange initial reports of ownership, reports of changes in ownership, and annual reports of ownership of common stock and other equity securities. Such directors, officers, and 10% stockholders are also required to furnish us with copies of all such filed reports.

Based solely upon a review of the copies of such reports furnished to us, or representations that no reports were required, we believe that with the exception of Steven Ward, all of our directors, officers, and 10% stockholders timely filed all required reports under Section 16(a) in 2003. Mr. Ward sold shares of our common stock on January 6, 2003, but he did not file his Form 4 with respect to that sale until January 9, 2003.

CERTAIN OTHER RELATIONSHIPS AND RELATED TRANSACTIONS

Fleischman and Walsh, LLP, of which Mr. Aaron Fleischman (a director) is Senior Partner, performed legal services for us for which it was paid approximately \$3,091,329 for services in 2003. We propose to retain Fleischman and Walsh during the current year.

Dean Jackson, Senior Vice President Business Support, is the son-in-law of Leonard and Claire Tow. In 2003, Dean Jackson earned \$186,442, including a bonus of \$47,300.

In connection with relocation expenses, Mr. John H. Casey, III, Executive Vice President and President and Chief Operating Officer of the ILEC Division, was indebted to us under a Collateral Security Mortgage dated July 11, 2002, in the amount of \$32,666 as of December 31, 2003, which amount subsequently has been fully repaid. The largest amount outstanding during 2003 was \$459,820. The rate of interest of such

Edgar Filing: CITIZENS COMMUNICATIONS CO - Form DEF 14A

indebtedness was the five-year U.S. Treasury note rate on January 1, April 1, July 1, and December 1 of each year, compounded quarterly. This indebtedness was incurred on July 11, 2002.

In connection with relocation expenses, Mr. Daniel J. McCarthy, Senior Vice President, Broadband Operations and President and Chief Operating Officer of Electric Lightwave and Public Services Sector, was indebted to us under a Promissory Note dated January 14, 2002, in the amount of \$88,418 as of March 12, 2003, which amount subsequently has been fully repaid. The largest amount outstanding in 2003 was \$88,418. The annual rate of interest of such indebtedness was 5%. This indebtedness was incurred on January 25, 2002.

On December 18, 2002, we purchased for \$17,608,675 a Canadair Ltd. Challenger aircraft that previously had been leased by us and by Blue Sky Aviation, LLC, under two substantially identical leases, each for 50% of the aircraft. The purchase was approved by the independent directors. The purchase price for the aircraft was established under substantially identical option-to-purchase provisions of the leases. Blue Sky Aviation assigned its option to us. Blue Sky Aviation is a limited liability company, the sole member of which is Dr. Tow. Pursuant to a corporate policy established by the independent directors, from time to time, the aircraft is used by Dr. Tow for business and for personal purposes. This policy requires that Dr. Tow travel, in all circumstances, by private aircraft. The aircraft is also used by other company personnel. In order to offset costs, the aircraft is also chartered to third parties. Prior to the purchase of the aircraft, neither Blue Sky Aviation nor we had any obligations with respect to the lease obligations of the other party. Prior to the purchase of the aircraft, the unaffiliated manager of the aircraft allocated costs of the operation and maintenance between us and Blue Sky Aviation based on an economic sharing arrangement which differed from the corporate policy adopted by our independent directors. As a result, less than our share of expenses were allocated to us and excess costs on the aircraft, in the aggregate amount of \$963,490 were allocated to Blue Sky Aviation. In 2003, we paid \$963,490 to the third party for the account of Blue Sky Aviation to compensate for the previous over-allocation to Blue Sky Aviation.

STOCKHOLDER PROPOSAL

Mr. John P. Pusloskie has given notice of his intention to present a proposal for consideration by the stockholders at the annual meeting. Mr. Pusloskie, who serves as Vice President of Local 1170 of the Communications Workers of America, which represents some of the Company's employees in Rochester, New York, owns approximately 291 shares of our common stock. The proposal of Mr. Pusloskie is set forth below in the form of a resolution along with his supporting statement.

RESOLVED: The shareholders of Citizens Communications Company request that the Board of Directors adopt a formal written policy that would require shareholder approval of future severance agreements with senior executives, including so-called golden parachutes, other golden good-bye severance agreements and consultant contracts, that provide for total benefits that exceed 2.99 times the sum of an executive's base salary plus bonus.

SUPPORTING STATEMENT OF MR. PUSLOSKIE:

Investors are increasingly concerned about excessive severance arrangements in light of news reports about the severance packages given to CEOs such as Jack Welch at General Electric. We believe a policy of requiring shareholder approval for severance arrangements over the specified threshold could prevent excessive severance payments, plus help to insulate the Board from manipulation and avoid inappropriate rewards for bad management or poor performance.

Because it is not always practical to obtain prior shareholder approval, the Company would have the option, if it implemented this proposal, of seeking approval after the material terms of the agreement were agreed upon. The shareholders of several other companies, including Verizon, Sprint, Norfolk Southern, and Bank of America, have adopted resolutions that permitted such flexibility in the timing of shareholder votes on severance agreements.

Company CEO Leonard Tow's employment agreement contains a severance agreement. According to the 2003 proxy statement, it provides that he will be paid \$500,000 per year for advisory services for an additional 5 years after his retirement at the end of 2006, plus certain other benefits and risk-based compensation. If the Company elects to terminate his advisory services for any reason other than good cause, it will be required to provide life insurance coverage of \$7 million or pay him the sum of \$3.2 million minus the sum of all advisory payments made to him through termination. The Company will also provide Tow with offices and support staff after his retirement, and provide Tow and his wife with health care and other benefits for life.

To compensate for tax limits on the amount Tow can be paid under the Company's pension plan, his employment agreement provides for a \$15 million second-to-die split-dollar life insurance policy for the benefit of a trust created by Tow and a \$5.75 single life insurance arrangement with death benefits to be paid in part to the trust and in part to the Company, with aggregate payments to the trust capped at \$15 million. This coverage is in addition to a \$7.5 million second-to-die policy under a prior employment agreement that continues in effect.

Tow's employment agreement also contains a change-in-control provision that gives him an option to acquire up to 10 million shares of the Company's common stock at the fair market value on the date he gives the Company notice he will exercise the option. If Tow's severance payments are deemed excessive for tax purposes, the Company will pay Tow for any related tax obligations.

In view of the potential costs of such arrangements, we believe shareholder approval of severance arrangements that exceed the threshold is both necessary and appropriate.

Opposition of Our Board of Directors and the Reasons Therefor

The board of directors believes that this proposal, if adopted, would place us at a competitive disadvantage because the stockholder approval requirement would undermine our ability to tailor and offer individual employment packages to retain highly-qualified executives, as well as to attract other valuable executives.

We believe that we must have the flexibility to design individual employment arrangements because the type of executives we seek are typically pursued by other companies as well. We may lose sought-after executives to competitors that do not impose a stockholder approval requirement for severance agreements above a certain threshold. We may lose such executives because of the risks, delays and uncertainties inherent in requiring stockholder approval of a key element of employment arrangements. For example, it would be impractical to obtain stockholder approval of the terms of a severance agreement before identifying, and reaching agreement with, the prospective executive to whom the severance agreement would be offered because we would be in a position of prematurely disclosing confidential employment negotiations. Although the proposal states that stockholder approval may be obtained after the material terms of an agreement have been agreed upon, this solution is also impractical. It is highly unlikely that an executive who is confidentially looking for a new job would be willing to engage in serious employment discussions with us under circumstances in which the prospective executive would bear the risk of stockholder approval being obtained of a proposed severance agreement before the agreement becomes effective. Therefore, the requirement for stockholder approval for these types of agreements would significantly limit our ability to recruit the best qualified candidates for our executive positions.

At a minimum, adoption of the proposal would require us to incur significant time and expense to convene a special stockholders meeting for the sole purpose of voting on this type of agreement or, alternatively, to delay finalizing such agreement until after its approval at the annual stockholders meeting.

The Compensation Committee, all the members of which are independent directors, determines whether we should enter into employment agreements with its executive officers. In the event that the Compensation Committee determines that an employment agreement is in the best interests of the Company and its stockholders, we believe we need flexibility to make a competitive offer of employment without delay. The Compensation Committee, along with the other independent directors of the board, must review and approve all employment arrangements concerning the Chief Executive Officer. We have a long-standing employment agreement with Dr. Leonard Tow, which is described in our proxy statements. This employment agreement was entered into in recognition of Dr. Tow's performance as Chief Executive Officer. We believe it is essential for us to have the flexibility to offer competitive employment arrangements in order to retain talented executives.

Placing an arithmetic ceiling or restriction on what we may offer as a severance package without stockholder approval substantially undermines our ability to offer competitive individual employment arrangements that are crucial to attracting and retaining highly-qualified executives and therefore places us at a competitive disadvantage.

For information regarding certain severance benefits payable to Dr. Tow, see Employment Agreement on page 12, and for certain other executive officers, see Agreement with Scott Schneider and Retention Proposals on pages 16 to 17.

For the reasons set forth above, the board of directors opposes the adoption of the proposal requesting the board to adopt a formal written policy that would require stockholder approval of severance agreements that exceed 2.99 times the sum of an executive's base salary plus bonus, and therefore, recommends a vote AGAINST the proposal.

OTHER MATTERS

Our management does not know of matters other than the foregoing that will be presented for consideration at the meeting.

Purpose of the Audit Committee

The Audit Committee (the "Committee") is a committee of the Board of Directors (the "Board"). The Committee is responsible for oversight of the Company's independent auditors who shall report directly to the Committee. The Committee shall assist the Board in undertaking and fulfilling its responsibilities in monitoring (i) the Company's financial reporting process, (ii) the integrity of the financial statements of the Company, (iii) the Company's compliance with legal and regulatory requirements, (iv) the independence and qualifications of the Company's internal and independent auditors, and (v) the performance of the Company's internal audit function and independent auditors. The Committee shall report regularly to the Board. The Committee shall prepare all reports concerning this Charter and the activities of the Committee required by regulations of the Securities and Exchange Commission (the "SEC") or the New York Stock Exchange (the "NYSE"). In discharging its oversight role, the Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities, and personnel of the Company and the authority to engage independent counsel and other advisors as it determines is necessary to carry out its duties. The Company shall provide funding required by the Audit Committee to discharge its responsibilities, including the payment of fees and expenses of the Company's independent auditors and fees and expenses of other advisors and consultants retained pursuant to this Charter, as well as ordinary administrative expenses of the Committee that are necessary or appropriate in carrying out its duties.

Membership

The Committee shall consist of three or more directors, each of whom, in the judgment of the Board, meets the independence requirements of law, rules and regulations applicable to the Company, including the provisions of Section 10A of the Securities Exchange Act of 1934 (the "Exchange Act"), rules of the SEC and requirements of the NYSE or other applicable securities exchange, each as in effect from time to time. Each member shall be financially literate, as determined by the Board. At least one member of the Committee shall have accounting or related financial management expertise, as determined by the Board. It is the Company's intention that at least one member of the Committee shall, in the judgment of the Board, have such accounting or financial management expertise as to qualify as an audit committee financial expert, as defined in the rules of the SEC.

The Board shall determine whether the service by a Committee member on the audit committees of more than two public companies in addition to the Company during the period of service on the Committee impairs his or her ability to fulfill the duties as a member of the Committee.

Powers and Responsibilities

The powers and responsibilities of the Committee are set forth below. These are in addition to powers and responsibilities that the members of the Committee may have as directors of the Company or as members of other committees of the Board. The Company's management and independent auditors are responsible for the planning and conduct of the audit of the Company's financial statements and determining that the financial statements are complete and accurate and prepared in accordance with GAAP; this is not the responsibility of the Committee.

The Committee shall:***Relationship with the Company's Independent Auditors***
