The presence, in person or by proxy, of the holders of a majority of the outstanding shares of the Company's Common Stock is necessary to constitute a quorum at the Meeting. With respect to the tabulation of proxies for purposes of constituting a quorum, abstentions will be counted as part of total shares voting in order to determine whether or not a quorum has been achieved at the Meeting. Abstentions and broker non-votes will have no effect on the election of directors.

The close of business on March 14, 2005, has been fixed as the record date for determining the Shareholders entitled to notice of and to vote at the Meeting. As of that date, the Company had 59,608,740 shares of Common Stock outstanding and entitled to vote. Solicitation of proxies by mail may be supplemented by telephone, telegram, and other electronic means, and personal solicitation by the directors, officers or employees of the Company. No additional compensation will be paid to directors, officers or employees for such solicitation.

The Company's Annual Report on Form 10-K and Summary Annual Report to Shareholders for the fiscal year ended December 31, 2004, are being mailed to the Shareholders with the Proxy Statement but do not constitute a part hereof.

CORPORATE GOVERNANCE, BOARD COMMITTEES AND BOARD COMPENSATION

Corporate Governance

The Board of Directors of NIC believes that shareholder confidence in the Company, its management and its financial reporting is critical to the success of the Company. NIC's Web site, www.nicusa.com/investor contains links to NIC's current Board of Directors committee charters, corporate governance guidelines, and code of business conduct and ethics. Copies of these documents may also be obtained by writing to NIC's Corporate Secretary, NIC Inc., 10540 South Ridgeview Road, Olathe, KS 66061. NIC continues to review its corporate governance policies and practices periodically, along with the provisions of the Sarbanes-Oxley Act of 2002 (Sarbanes-Oxley), the new rules of the Securities and Exchange Commission and the new listing standards of Nasdaq.

Committees of the Board

The Board has 3 standing committees: (1) an Audit Committee, (2) a Compensation Committee and (3) a Corporate Governance and Nominating Committee.

Audit Committee. The Audit Committee, which held four (4) meetings in fiscal 2004, currently has four members, Messrs. Burtscher (Chairperson), Bunce, Evans, and Wilson. The Board of Directors has determined that all members of the Audit Committee are independent, as independence is defined in Rule 4200(a)(14) of the National Association of Securities Dealers, Inc. listing standards and the Company's corporate governance guidelines.

The responsibilities of the Audit Committee include: (i) oversight of the integrity of the Company's financial statements; (ii) oversight of the Company's compliance with legal and regulatory requirements; (iii) oversight of the independent registered public accountants' qualifications and independence; (iv) oversight of the performance of the independent registered public accountants; and (v) preparing the Audit Committee report to be included in NIC's Proxy Statement.

The Board believes that the members of the Audit Committee are able to read and understand financial statements and have an understanding of generally accepted accounting principles. After the Company's change in management in 2002 and the subsequent strategic refocusing on the Company's core portal outsourcing business, the Company's business and financial matters have become more simplified. The Board believes each member of the Audit Committee has experience evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to those issues that can reasonably be expected to be encountered by the Company in its consolidated financial statements.

The Board has determined that one member of the Audit Committee, Mr. Burtscher, qualifies as an audit committee financial expert as defined in Item 401(h)(2) of Regulation S-K and pursuant to Section 407 of Sarbanes-Oxley.

Compensation Committee. The Compensation Committee, which held three (3) meetings in fiscal 2004, currently has four members, Messrs. Bunce (Chairperson), Evans, Wilson and Burtscher.

The Board of Directors has determined that the Compensation Committee is comprised entirely of independent directors. The Compensation Committee reviews and approves the salaries, bonuses and other compensation payable to all of the Company's executive officers. The Committee, in conjunction with the Board, also administers the Company's stock plans, including the 2004 Stock Option Plan, the 1999 Stock

Edgar Filing: NIC INC - Form DEF 14A

Option Plan of SDR Technologies, Inc. and the 1999 Employee Stock Purchase Plan, and performs such other duties as may from time to time be assigned by the Board with respect to compensation.

5

Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee held two (2) meetings during 2004. The members of the Corporate Governance and Nominating Committee are Messrs. Bunce (Chairperson), Evans, Wilson and Burtscher. The Board of Directors has determined that the Corporate Governance and Nominating Committee is comprised entirely of independent directors.

The Corporate Governance and Nominating Committee identifies individuals qualified to serve as directors of the Company, and selects or recommends that the Board select, the nominees for all directorships, whether such directorships are filled by the Board or by vote of the shareholders. The Corporate Governance and Nominating Committee uses the guidelines set forth in the Company's Corporate Governance Principles and Practices, which provide that all directors must possess high personal and professional ethics, integrity and values; informed judgment; sound business experience and be committed to representing the long term interests of the Company's shareholders. The Committee has not established any specific minimum qualification standards for Board nominees; however, the Committee may identify certain skills, experience or attributes as being particularly desirable for specific director nominees in order to complement the existing Board composition.

Each nominee for director is an existing director standing for re-election. The Board has determined that a majority of the Board are independent directors.

The Corporate Governance and Nominating Committee will consider nominees recommended by shareholders if those nominations are submitted by shareholders of record in accordance with Section 3.14 of the Company's Bylaws. Section 3.14 is set forth on page 24 of this Proxy Statement under "Other Information" - Nomination of Directors by Shareholders. Shareholders nominating directors must also comply with applicable requirements of the Securities Exchange Act of 1934, as amended, and the rules and regulations adopted thereunder. NIC did not receive any unsolicited proposals for Board nominees from shareholders.

Code of Business Conduct and Ethics

The Board has adopted a Code of Business Conduct and Ethics to promote its commitment to the legal and ethical conduct of the Company's business, which can be found on the Company's Web site. All employees, including the Chief Executive Officer, Chief Financial Officer and other senior officers, are required to abide by the Code of Business Conduct and Ethics, which provides the foundation for compliance with corporate policies and procedures, and best business practices. The policies and procedures address a wide array of professional conduct, including methods for avoiding and resolving conflicts of interest, protecting confidential information and a strict adherence to all laws and regulations applicable to the conduct of the Company's business. The Company intends to satisfy its obligations, required under Sarbanes-Oxley, to disclose promptly amendments to, or waivers from, the Code of Business Conduct and Ethics, if any, on the Company's Web site.

Employee Complaint Procedures for Accounting and Auditing Matters

The Board also adopted Employee Complaint Procedures for Accounting and Auditing Matters for all employees, which can also be found on the Company's Web site. This document contains procedures for the Audit Committee to receive, retain and treat complaints received regarding accounting, internal accounting controls or auditing matters, and to allow for the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters.

Compensation of Directors

All directors are eligible to participate in the Company's 2004 Stock Option Plan, and non-employee directors are eligible to participate in the Company's 1999 Employee Stock Purchase Plan.

The Board will determine the terms and conditions of any such option awards, including those that apply upon the termination of a non-employee director's service as a member of the Board. Directors who are not

6

Edgar Filing: NIC INC - Form DEF 14A

employees of the Company are reimbursed for travel expenses and other out-of-pocket costs incurred in connection with their attendance at meetings.

During 2004, all of a non-employee director's annual retainer and/or retainer fees or other awards or compensation was payable in non-qualified stock options as determined by the Board. During 2004, Messrs. Bunce, Evans and Wilson each received non-qualified options to purchase 50,000 shares of Common Stock, which vest in four equal annual installments, commencing on the first anniversary of the grant date, and Messrs. Fraser and Hartley each received non-qualified options to purchase 20,000 shares of Common Stock, which vest in four equal annual installments, commencing on the first anniversary of the grant date. With respect to compensation for 2005, each director received non-qualified options to purchase 25,000 shares of Common Stock for service on the Board during the year, and 10,000 shares of Common Stock for service on each committee of the Board during the year, which vest in four equal annual installments, commencing on the first anniversary of the grant date. However, for 2005, each director had the opportunity to elect to receive the fair value of all or some of such options in cash. With respect to compensation for 2005, Mr. Evans elected to receive \$37,500 in cash and Mr. Wilson elected to receive \$50,000 in cash.

Board Meetings and Attendance

During the fiscal year ended December 31, 2004, there were eight (8) meetings of the Board of Directors. Each director attended at least 75% of the total number of meetings of the Board of Directors and its committees on which he served during the fiscal year, except Mr. Bunce, who attended 71% of the Board and committee meetings. In addition, the Board of Directors and its Committees acted at various times by unanimous written consent pursuant to Colorado law.

The Board of Directors strongly encourages each director to attend the annual shareholders meetings, although this is not stated in a formal policy. In 2004, Messrs. Fraser, Hartley and Evans attended the Annual Meeting.

During 2004, the independent directors of the Board also met in executive session at each regular Board meeting. These executive sessions were chaired by one of the independent directors on a rotating basis.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of the Company's Board of Directors or Compensation Committee. Mr. Fraser served as a member of the Compensation Committee during the fiscal years ended December 31, 2000 and 2001, and until he became President and CEO of the Company in mid-2002, and participated in decisions concerning compensation of executive officers during those years. Mr. Hartley served as a member of the Compensation Committee until May 2003.

1999 Employee Stock Purchase Plan

The 1999 Stock Purchase Plan was approved by the Board of Directors and the Company's shareholders in May 1999. The Company's stock purchase plan is intended to qualify as an employee stock purchase plan under Section 423 of the Internal Revenue Code in order to provide the Company's employees with an opportunity to purchase shares of the Company's stock through payroll deductions. An aggregate of 2,321,688 shares of Common Stock has been reserved for issuance and are available for purchase under the stock purchase plan, subject to adjustment in the event of a stock split, stock dividend or other similar change in the Company's Common Stock or its capital structure. At December 31, 2004, 161,560 shares of Common Stock had been purchased by employees under the 1999 plan.

All employees of the Company and of its affiliates who have been employed for a continuous period, as determined by the Board or committee administering the stock purchase plan, but which will not exceed two years preceding the offering are eligible to participate in the Company's stock purchase plan, provided that no employee of the Company or of its affiliates whose customary employment is for less than five months in any calendar year and less than 20 hours per week are eligible to participate in the Company's stock purchase plan. Non-employee directors, consultants, and employees subject to the rules or laws of a foreign jurisdiction that prohibit or make impractical their participation in a stock purchase plan are not eligible to participate in the Company's stock purchase plan.

The Company's stock purchase plan is administered by the Compensation Committee of the Board of Directors. The Compensation Committee has the complete authority to make awards and will designate offering periods not to exceed 27 months. The Compensation Committee will establish one or more purchase dates during an offering period during which stock purchase rights may be exercised and Common Stock may be purchased.

In the event the Company dissolves, liquidates, merges or consolidates through a merger in which the Company is not the surviving corporation, effectuate a reverse merger in which the Company is the surviving corporation but the shares of Common Stock outstanding prior to the merger are converted into other property, whether in the form of securities, cash or otherwise, or are acquired by any person, entity or group, as defined by the Exchange Act or any successive provisions, holding at least 50% of the Company's combined voting power, then, the Board or committee administering the stock purchase plan may (a) allow the surviving or acquiring corporation to assume the outstanding rights or substitute similar rights for those participating under the stock purchase plan, (b) have the existing rights under the stock purchase plan remain in full force and effect or (c) allow those participating under the stock purchase plan to use their accumulated payroll deductions to purchase the Company's Common Stock immediately prior to the transactions described above, provided that their rights under the ongoing offering period will be terminated.

A participating employee is granted a purchase right by which shares of the Company's Common Stock may be purchased during any offering period at the lesser of (a) 85% of the fair market value of the Company's Common Stock on the date of the commencement of the offer period or (b) 85% of the fair market value of the Company's Common Stock on the purchase date. The participant's purchase right is exercised in this manner on each exercise date arising in the offer period unless, on any purchase date, the fair market value of the Company's Common Stock is lower than the fair market value of the Company's Common Stock on the first day of the offering period. If so, the participant's participation in the original offering period is terminated, and the participant is automatically enrolled in the next offering period which will commence on the next day.

Edgar Filing: NIC INC - Form DEF 14A

Payroll deductions may range up to 15% of a participant's regular base pay, exclusive of bonuses, overtime, shift-premiums, commissions, reimbursements or other expense allowances. Participants may not make direct cash payments to their accounts. The Board or committee administering the stock purchase plan may establish the maximum number of the Company's shares of Common Stock that any employee may purchase under the stock purchase plan during an offering period. The Internal Revenue Code imposes additional limitations on the amount of Common Stock that may be purchased during any calendar year.

Options to purchase 229,965 shares were granted in connection with the acquisition of SDR. However, no options in addition to those granted at the close of the SDR transaction will be granted under this plan. The SDR Plan is administered by the Compensation Committee of the Company's Board of Directors.

Performance Graph

The performance graph compares the annual change in the Company's cumulative total Shareholder return on its Common Stock during a period commencing on July 15, 1999, the date the Company's stock began publicly trading, and ending on December 31, 2004 (as measured by dividing (i) the sum of (A) the cumulative amount of dividends for the measurement period, assuming dividend reinvestment and (B) the difference between the Company's share price at the end and the beginning of the measurement period; by (ii) the share price at the beginning of the measurement period) with the cumulative total return of each of: (a) the Nasdaq Composite (U.S.) Index and (b) a Peer Group, assuming a \$100 investment on July 15, 1999. The Company's share price at the beginning of the measurement period was the closing price for the Company's Common Stock on July 15, 1999, and not the price at which the Company's shares of Common Stock were initially offered for purchase in its public offering. It should be noted that the Company has not paid any dividends on its Common Stock, and no dividends are included in the presentation of the Company's performance. The stock price performance on the graph below is not necessarily indicative of future price performance.

Comparison of Cumulative Total Return Among NIC Inc., Nasdaq Composite (U.S.) Index and a Peer Group

The Peer Group consists of seven companies, each of whose business focus is similar to that of the Company. While not all of the companies provide services exclusively to governments, the services provided are similar to that provided by the Company. The members of the Peer Group are as follows: PEC Solutions, Inc. (PECS), Bearing Point, Inc. (BE) (formerly known as KPMG Consulting, Inc. (KCIN)), Accenture, Ltd. (ACN), International Business Machines Corp. (IBM), Maximus, Inc. (MMS), American Management Systems, Inc. (AMSY) and Official Payments Corporation (OPAY). Bearing Point, Inc. began trading publicly on February 8, 2001, and Accenture, Ltd. began trading publicly on July 18, 2001. Official Payments Corporation was included until May 31, 2002, when, as a result of the merger with Tier Technologies, it was no longer a member of the Peer Group. American Management Systems, Inc. was included until May 3, 2004, when, as a result of the merger with CGI Group, Inc., it was no longer a member of the Peer Group.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee (the Committee) is comprised solely of independent directors, and is responsible for the establishment and oversight of the Company's executive compensation program. It is the responsibility of the Committee to review, recommend and approve changes to the Company's compensation policies and benefits programs, to administer the Company's stock option plans, including approving stock option grants to executive officers, and to otherwise ensure that the Company's compensation philosophy is consistent with the Company's best interests and is properly implemented. It reviews, recommends and approves the compensation of Mr. Fraser, the Chairman and Chief Executive Officer. The Compensation Committee also reviews and approves the compensation of the other executive officers of the Company.

The goal of the Compensation Committee is to ensure that the Company employs qualified, experienced executives whose financial interests are aligned with those of the shareholders, and provide each individual with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the Company. The Committee considers general industry practice and other factors in structuring executive compensation. The principal components of the Company's executive compensation arrangements are base salary, cash bonus awards and stock options.

Edgar Filing: NIC INC - Form DEF 14A

Salaries at all employee levels are generally targeted at median market levels. In determining appropriate salary levels, the Committee considers the officer's impact level, scope of responsibility, prior experience, past accomplishments and data on prevailing compensation levels in relevant executive labor markets. In 2003, the Committee retained consultants to conduct a compensation survey in order to track Company compensation for management with that of other employers. The results of the survey will be taken into consideration as the Committee considers various employee and management compensation programs in 2005 and thereafter. The Committee reviews each senior executive officer's salary annually, and such salaries are adjusted periodically when the Committee believes that adjustment is required, taking into account competitive factors in the industry and locations of the Company's activities. Supplemental cash bonus awards may be made periodically to reflect superior performance by individual employees, in accordance with recommendations by senior management.

Mr. Fraser became the Company's Chief Executive Officer in June 2002. At Mr. Fraser's request, Mr. Fraser's salary was \$1 per year for 2002 and 2003, and his base compensation was \$5,500 for 2004. The Committee will annually review the compensation of Mr. Fraser. The Compensation Committee has approved a base salary of \$5,500 for Mr. Fraser for 2005. Mr. Fraser's base salary for fiscal 2004 provides Mr. Fraser with a total cash compensation opportunity significantly more conservative than chief executive officer positions of comparably sized companies.

The Committee believes that equity-based incentive arrangements, such as employee stock options, are among the most effective means available to the Company of aligning the interests of employees with the objectives of shareholders generally, competing in today's environment in the technology sector, and of building their long term commitment to the Company. The Company emphasizes stock option awards as an essential element of the remuneration package available to its executives and employees, and believes that the practice of granting stock options is critical to retaining and recruiting talented executive personnel. Stock options typically vest in annual increments over periods of up to four years to encourage long-term commitment to the Company by the grantees. In determining the number of shares and/or share options to be

19

given to each executive, the Committee considers the officer's responsibilities, the expected future contribution of the officer to the Company's performance, the officer's base salary and any incentive/performance-based cash bonus awards.

The Committee believes the Company's stock option plans have been effective in attracting, retaining and motivating executives and employees of the Company and are an important component of the overall compensation program. However, the Committee is considering other equity-based compensation arrangements, including restricted stock and various other performance-based awards, in light of the recent standard on accounting for share-based payments issued by the Financial Accounting Standards Board in December 2004, which will require the Company to expense the grant-date fair value of stock options beginning in the third quarter of 2005. The Committee will monitor the Company's compensation program in order to maintain a proper balance between cash compensation and equity-based incentives, and may consider revisions in the future, although it is expected that equity-based compensation will remain one of the principal components of compensation.

REPORT OF THE AUDIT COMMITTEE

The purpose of the Audit Committee (the Committee) is to assist the Board of Directors in its oversight of (i) the integrity of the Company's financial statements, (ii) the Company's compliance with legal and regulatory requirements, (iii) the independent registered public accountants qualifications and independence, and (iv) the performance of the independent registered public accountants; and to prepare this report. The Board of Directors, in its business judgment, has determined that all members of the Committee are independent, as required by applicable listing standards of the Nasdaq Stock Market, Inc., Sarbanes-Oxley and the rules promulgated thereunder.

The Committee operates pursuant to a Charter that was last amended and restated by the Board on March 4, 2004. As set forth in the Charter, management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements and for the effectiveness of internal control over financial reporting. Management is responsible for maintaining the Company's accounting and financial reporting principles and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent registered public accountants are responsible for auditing the Company's financial statements, expressing an opinion as to their conformity with generally accepted accounting principles, annually auditing management's assessment of the effectiveness of internal control over financial reporting and the effectiveness of internal control over financial reporting.

In the performance of its oversight function, the Committee has considered and discussed the audited financial statements with management and the independent registered public accountants. The Committee has also discussed with the independent registered public accountants the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as currently in effect. Finally, the Committee has received the written disclosures and the letter from the independent registered public accountants required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, as currently in effect, and has discussed with the independent registered public accountants the public accountants' independence.

20

The members of the Audit Committee are not full-time employees of the Company and are not performing the functions of auditors or accountants. As such, it is not the duty or responsibility of the Audit Committee or its members to conduct field work or other types of auditing or accounting reviews or procedures or to set auditor independence standards. Members of the Committee necessarily rely on the information provided to them by management and the independent registered public accountants. Accordingly, the Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that the Company's public accountants are in fact independent.

Based upon the reports and discussions described in this report, and subject to the limitations on the roles and responsibilities of the Committee referred to above and in the Charter, the Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2004, to be filed with the Securities and Exchange Commission.

The information contained in the (i) Report of the Compensation Committee, (ii) Report of the Audit Committee and (iii) Performance Graph shall not be deemed to be soliciting material or deemed to be filed with the Securities and Exchange Commission, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended, or the Securities Exchange Act, as amended, except to the extent that the Company specifically incorporated it by reference in such filing.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors and officers, and shareholders who own more than 10% of the Company's Common Stock, to report their ownership of the Company's Common Stock and any changes in that ownership to the Securities and Exchange Commission (the SEC) and Nasdaq. Officers, directors and greater than 10% shareholders are required by SEC regulation to furnish the Company with copies of all such forms that they file.

Based solely on review of the copies of such reports furnished to the Company, the Company believes that all required filings in 2004 were made in a timely fashion, except that Richard L. Brown inadvertently failed to report the grant of an option on February 9, 2004, and the grant of the option was omitted from four subsequent Form 4's.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

During 2004, the Company rented aircraft on an hourly basis from JH Jet L.L.C., a Wyoming corporation, in which each of Messrs. Fraser and Hartley have an approximate 50% interest, at costs that the Company believes are reasonable compared to similar services provided by unaffiliated third parties. The Company paid approximately \$399,000 in rentals to this Company during 2004. The Audit Committee has reviewed and approved the Company's rental of aircraft from JH Jet L.L.C.

The Company has entered into indemnification agreements with each of the Company's directors and officers. These indemnification agreements will require the Company to indemnify these individuals to the fullest extent permitted by Colorado law. The Company has also entered into various employment agreements with the Company's officers. See Executive Compensation Employment Agreements for a more detailed description.

ELECTION OF DIRECTORS
(Proposal 1)

The Board of Directors currently consists of six directors. There is one vacancy on the Board. If any of the nominees becomes unable to serve for any reason, or for good cause will not serve, which is not anticipated, the Board of Directors may, unless the Board by resolution provides for a lesser number of directors, designate substitute nominees. If that occurs, the persons named in the enclosed proxy will vote proxies that would otherwise be voted for all named nominees for the election of the substitute nominee or nominees.

Brief biographies of each of the director nominees are included beginning on page 4 of this Proxy Statement.

The six nominees receiving the most votes for their election will be elected directors. Abstentions and broker non-votes have no effect on the election of directors. Shareholders do not have the right to cumulate their votes for directors.

Recommendation of the Board of Directors Concerning the Election of Directors

The Board of Directors of the Company recommends a vote FOR Jeffery S. Fraser, John L. Bunce, Jr., Art N. Burtscher, Daniel J. Evans, Ross C. Hartley and Pete Wilson to hold office until the 2006 Annual Meeting of Shareholders and until their successors are elected and qualified. Proxies received by the Board of Directors will be voted FOR all of the nominees unless shareholders specify a contrary choice in their proxy.

INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS
(Proposal 2)

The Audit Committee has recommended to the Board that PricewaterhouseCoopers LLP, independent registered public accountants, be appointed to audit the consolidated financial statements of the Company, management's assessment of the effectiveness of internal control over financial reporting and the effectiveness of internal control over financial reporting for the fiscal year ending December 31, 2005. The Board proposes that the shareholders ratify this appointment. PricewaterhouseCoopers LLP audited the Company's consolidated financial statements, management's assessment of the effectiveness of internal control over financial reporting and the effectiveness of internal control over financial reporting for the fiscal year ended December 31, 2004. The Company expects that representatives of PricewaterhouseCoopers LLP will be present at the Meeting, with the opportunity to make a statement if they so desire, and will be available to respond to appropriate questions.

In the event that ratification of the appointment of PricewaterhouseCoopers LLP as the independent registered public accountants for the Company is not obtained at the Meeting, the Board of Directors will reconsider the appointment.

The affirmative vote of a majority of the votes cast at the Meeting is required to ratify the appointment of the independent registered public accountants.

The aggregate fees incurred by the Company, including its wholly owned subsidiaries, for professional services provided by PricewaterhouseCoopers LLP during the fiscal years ended December 31, 2004 and 2003, are set forth below:

The Audit Committee has adopted policies and procedures for the pre-approval of fees and services provided by the independent registered public accountants. Additionally, each permissible non-audit service entered into since May 6, 2003, has been reviewed and approved by the Audit Committee.

Recommendation of the Board of Directors Concerning the Ratification of Independent Registered Public Accountants

The Board of Directors of the Company recommends a vote FOR the ratification of the appointment of the independent registered public accountants. Proxies solicited by the Board will be voted in favor thereof unless a shareholder has indicated otherwise on the proxy.
