EL PASO ELECTRIC COMPANY

El Paso, Texas 79901

PROXY STATEMENT
for
ANNUAL MEETING OF SHAREHOLDERS
To Be Held on May 29, 2014

GENERAL

The accompanying proxy is solicited on behalf of the Board for use at the 2014 Annual Meeting of Shareholders (the Annual Meeting) to be held on May 29, 2014, at 10:00 a.m., Mountain Daylight Time, at El Paso Electric Company s (the Company) principal offices, and at any adjournment thereof. The Company s principal offices are located at the Stanton Tower Building, 100 N. Stanton Street, El Paso, Texas 79901.

The cost of soliciting proxies will be borne by the Company. In addition to the use of the mail, proxies may be solicited by personal interview, telephone, fax or other electronic

means by the Board, officers, employees and agents of the Company. To assist in the solicitation, the Company has engaged Georgeson Inc. for a fee of \$6,500 plus out-of-pocket expenses. The Company will also reimburse brokers, banks and other persons for reasonable expenses in forwarding the Notice of the Meeting to beneficial owners and forwarding printed proxy materials by mail to beneficial owners who specifically request them.

This Proxy Statement and the accompanying form of proxy are first being made available on the Internet to shareholders of the Company on or about April 18, 2014.

SHARES OUTSTANDING, VOTING RIGHTS AND REVOCABILITY OF PROXIES

At the close of business on March 31, 2014, the record date for determination of the shareholders entitled to notice of and to vote at the Annual Meeting, the Company had outstanding 40,303,763 shares of its common stock (the Common Stock).

Each outstanding share of Common Stock is entitled to one vote. The holders of at least a majority of the issued and outstanding shares of Common Stock must be represented in person or by proxy at the Annual Meeting for a quorum to be present and business to be conducted. The affirmative vote of a plurality of the votes cast at the meeting is required for the election of each Class II Director. The affirmative vote of the holders of a majority of the shares of Common Stock entitled to vote and represented in person or by proxy at the meeting is required to approve El Paso Electric Company s Amended and Restated 2007 Long-Term Incentive Plan. The affirmative vote of the holders of a majority of the shares of Common Stock entitled to vote on the proposal and represented in person or by proxy at the meeting is required to approve the selection of KPMG LLP as the Company s independent registered public accounting firm for the fiscal year ending December 31, 2014.

The outcome of the advisory vote on the Company s executive compensation will not be binding on the Board. Therefore, there is no required vote on this resolution. The Board, in the exercise of its fiduciary duties, will consider

the outcome of the advisory vote in determining how to proceed following such vote. The affirmative vote of the majority of the shares of Common Stock present in person or represented by proxy and entitled to vote on the proposal will be considered as the approval, by an advisory vote, of the compensation of our Named Executive Officers.

Edgar Filing: EL PASO ELECTRIC CO /TX/ - Form DEF 14A

A shareholder of record having the right to vote may vote either in person or by proxy. A shareholder of record may vote by proxy over the Internet by following the instructions provided in the Notice of the Meeting, or if the shareholder requests printed copies of the proxy materials by mail, the shareholder may also vote by mail or by telephone.

A shareholder who signs and returns a proxy may revoke that proxy at any time before the Annual Meeting by filing with the Corporate Secretary of the Company an instrument in writing revoking the proxy, delivering a duly executed proxy bearing a later date, or attending the meeting and voting in person. The shares represented by a proxy given and not so revoked will be voted and, where the shareholder specifies a choice with respect to any matter to be acted upon and for which a ballot is provided in the proxy form, the shares will be voted in accordance with the specification so made. If a proxy is properly executed and returned, but no choice is specified, the shares will be voted FOR each director nominee and FOR each of proposals two, three and four. With respect to any other matters that will come

before the Annual Meeting, the proxy will be voted in the discretion of the proxy holder. If no proxy is returned by a shareholder of record, the shares represented by such proxy will not be voted.

The Board is not aware of any matter that will be presented at the Annual Meeting of Shareholders other than as set forth in the accompanying Notice. If, however, any other matters are properly presented at the Annual Meeting, the proxy holder will have discretionary authority to vote the shares represented by properly executed proxies in accordance with the proxy holder's discretion and judgment as to the best interests of the Company and its shareholders.

Abstentions are included in the determination of the number of shares represented at the Annual Meeting for purposes of determining whether a quorum is present and are counted as a vote AGAINST when determining whether a proposal has been approved. Broker non-votes are included in the determination of the number of shares represented at the Annual Meeting for purposes of determining whether a quorum is present and are not counted for purposes of determining whether a proposal has been approved. Broker non-votes occur when a beneficial owner who holds company stock through a broker does not provide the broker with voting instructions as to any matter on which the broker is not permitted to exercise its discretion and vote without specific instruction.

The rules of the New York Stock Exchange (the NYSE) determine whether proposals presented at shareholder meetings are routine or non-routine. If a proposal is routine, a broker or other entity holding shares for an owner in street name may vote for the proposal without receiving voting instructions from the owner under certain circumstances. If a proposal is non-routine, the broker or other entity may vote on the proposal only if the owner has provided voting instructions. A broker non-vote occurs when the broker or other entity is unable to vote on a proposal because the proposal is non-routine and the owner does not provide any voting instructions.

The NYSE rules provide that the election of directors in an uncontested election, the approval of the Amended and Restated 2007 Long-Term Incentive Plan, and the advisory vote on executive compensation are non-routine items. This means that brokers who do not receive voting instructions from their clients as to how to vote their shares for these proposals cannot exercise their discretionary authority to vote your shares for these proposals. Therefore, it is important that you instruct your broker as to how you wish to have your shares voted on these proposals, even if you wish to vote as recommended by the Board. The ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2014 is a routine item under the NYSE rules.

PROPOSAL 1

ELECTION OF CLASS II DIRECTORS

Article III, Section 2, of the Company's Bylaws (Bylaws) divides the Board into three classes, as equally as numerically possible, each of which is elected for a three-year term. The Board currently has twelve members, four in each class.

The shares represented by the accompanying proxy will be voted to elect the four nominees for Class II Directors as recommended by the Board, unless authority to do so is

withheld. Each nominee has agreed to the nomination and has agreed to serve if elected. Should any nominee become unavailable for election, the proxies will be voted for the election of such other person as the Board may recommend in place of such nominee.

QUALIFICATIONS OF DIRECTORS

The Board, acting through the Nominating and Corporate Governance Committee, is responsible for recommending to the shareholders a group of nominees that, taken together, have the experience, qualifications, attributes and skills to function effectively as a board. Our Corporate Governance Guidelines require the Nominating and Corporate Governance Committee to periodically review the composition of the Board in light of the current challenges and needs of the Company and determine whether to add or remove individuals after considering issues of judgment, diversity, skills, background and experience.

Five of the twelve current directors were originally appointed to the Board at the time of the Company's emergence from bankruptcy in 1996. The various creditor and public constituencies at the time sought individuals with financial, regulatory and managerial skills that both represented a break with the past and an ability to direct a fragile entity back to viability. This core group of directors instituted policies that returned the Company's debt to investment grade status within a short period and improved its posture with customers and regulators, which led to a substantial increase in the price of the Common Stock in succeeding years. During that period, as directors retired or as the needs of the Company evolved, the Board added other individuals with skills (such as knowledge of the local service areas and of legislative and regulatory affairs) that became more important as the Company stabilized and grew.

In addition to the characteristics common to all of our directors, which include integrity, a strong professional reputation and record of achievement in senior executive capacities, the Nominating and Corporate Governance Committee has included on our Board persons with diverse backgrounds and skills reflecting the needs of the Company. In presenting this year's nominees, the Nominating and Corporate Governance Committee also considered the invaluable experience they have gained in dealing with

the Company's unique challenges over many years, their ability to work as a collegial group during intense and stressful periods in the past and their willingness to spend the time necessary to perform their roles despite other professional commitments.

The Nominating and Corporate Governance Committee considers the following additional factors as important qualifications and skills of each member of the current Board:

Experience in a broad range of occupations and industries, which provides differing viewpoints and expertise relating to execution of the Company's business plan. These include consumer retail and marketing (Messrs. Brown, Escudero and Ms. Holland-Branch), telecommunications (Mr. Cicconi), regulated financial (Messrs. Harris, Parks, Siegel, Wertheimer and Yamarone), regulated utility (Messrs. Escudero and Shockley), non-profit (Ms. Allen and Mr. Hunt), technology (Ms. Allen), real estate (Mr. Hunt) legal (Messrs. Cicconi, Siegel and Yamarone) and corporate finance and accounting (Messrs. Brown, Escudero, Harris, Hunt, Parks, Siegel, Wertheimer and Yamarone); and

Geographic presence in and knowledge of the communities and constituencies served by the Company in Texas (Messrs. Brown, Escudero, Hunt and Ms. Holland-Branch) and New Mexico (Ms. Allen); and

Experience in areas applicable to service on the Board Committees, including corporate financial management and accounting (Messrs. Escudero, Hunt, Parks and Yamarone), governmental affairs (Messrs. Brown, Cicconi and Hunt and Ms. Holland-Branch), utility operations (Messrs. Escudero and Shockley), corporate governance (Messrs. Harris and Wertheimer) and strategic planning (Ms. Allen and Messrs. Parks and Siegel).

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION OF MS. ALLEN AND MESSRS. ESCUDERO, PARKS AND SIEGEL, AS CLASS II DIRECTORS.

NOMINEES AND DIRECTORS OF THE COMPANY

Included below is information about the nominees for election as directors and the existing directors who will continue in office after the Annual Meeting. The Board has concluded that

CORPORATE GOVERNANCE

BOARD STRUCTURE

Although not required by the Company's Bylaws, since 1996, the offices of Chairman and Chief Executive Officer (CEO) of the Company have been held by different individuals. The Chairman of our Board, Mr. Parks, is an independent director. Our CEO, Mr. Shockley, is the only

member of management on the Board. We believe that this leadership structure enhances the accountability of the CEO to the Board and strengthens the Board's independence from management.

CORPORATE GOVERNANCE GUIDELINES AND TRADING POLICY

The Board has adopted Corporate Governance Guidelines (the Guidelines) that, along with the charters of the Board Committees, provide the framework for the governance of the Company. The Board's Nominating and Corporate Governance Committee is responsible for overseeing and reviewing the Guidelines at least annually and recommending any proposed changes to the Board for approval. The Guidelines are available on the Company's website at www.epelectric.com. The website and its contents are not part of this Proxy Statement.

The Board believes that directors should hold meaningful equity ownership positions in the Company. Each non-employee director is expected to be a beneficial owner of

shares of the Company's Common Stock or common stock equivalents with a market value equivalent to at least three years' annual cash retainer fees by the end of his or her second year of service on the Board. Each non-employee director with two years or more of service on the Board met this stock ownership guideline as of December 31, 2013. The guidelines for our executive officers are described in the Compensation Discussion and Analysis.

In addition, we prohibit our executive officers and directors from engaging in hedging activities such as trading options (for example, puts, calls and other derivatives) and also prohibit them from having Company shares in margin accounts.

STANDARDS OF BOARD INDEPENDENCE

The Guidelines, among other things, set forth categorical standards to assist the Board in making determinations of director independence in accordance with the rules of the NYSE. The Board makes a determination regarding the independence of each director annually based on all relevant facts and circumstances. Although any director who meets the following criteria and the independence criteria of the NYSE is presumed to be independent (except for purposes of serving as a member of the Audit Committee, which requires that the director meet additional requirements), the Board may make an affirmative determination to the contrary based on its review of other factors. Under the Guidelines, the following persons will not be considered to be independent:

- (i) A director who serves as an executive officer or employee of, or beneficially owns more than a 10% equity interest in, any corporation, partnership or other business entity that during the most recently completed fiscal year made payments to the Company or received payments from the Company for goods and services if such payments were more than the greater of 2%

of such other entity's gross consolidated revenues for such fiscal year or \$1 million.

- (ii) A director who serves as an executive officer or employee of, or beneficially owns more than a 10% equity interest in, any bank, corporation, partnership or other business entity to which the Company was indebted at the end of its most recently completed fiscal year in an amount more than the greater of 2% of such other entity's total consolidated assets at the end of such fiscal year or \$1 million.
- (iii) A director who is a member or employee of a law firm that has provided services to the Company during the most recently completed fiscal year if the total billings for such services were more than the greater of 2% of the law firm's gross revenues for such fiscal year or \$1 million.
- (iv) A director who is a partner, executive officer or employee of any investment banking firm that has performed services for the Company (other than as a participating underwriter in a syndicate) during the most recently completed fiscal year if the total compensation received for such services was more than the greater of 2% of the investment banking firm's consolidated gross revenues for such fiscal year or \$1 million.

After a review of all relevant factors and applying these categorical standards and the independence criteria of the NYSE, the Board has determined that:

Ms. Allen, Ms. Holland-Branch, and Messrs. Brown, Cicconi, Escudero, Harris, Hunt, Parks, Siegel, Wertheimer and Yamarone are independent; and

Mr. Shockley, who is serving as the Company's CEO, is not independent.

In determining the independence of Mr. Cicconi, the Board took into account various bilateral payments, which are not material in amount, between the Company and AT&T (for which Mr. Cicconi serves as an executive) relating to utility services and property.

In determining the independence of Ms. Holland-Branch, the Board took into account the Company's purchases of immaterial amounts of goods and services from The Facilities Connection, Inc., a company owned by Ms. Holland-Branch and an immaterial amount of goods from a vendor whose President is Ms. Holland-Branch's son. All transactions between the Company and entities owned by Ms. Holland-Branch ceased in March 2013.

In addition, the Board has determined that all members of the Audit Committee meet the independence requirements set forth in Rule 10A-3(b)(1)(ii) under the Securities Exchange Act of 1934, as amended (the Act).

Within the last three years, the Company has not made any charitable contributions to any charitable organization for which a director of the Company serves as an executive officer in excess of the greater of \$1 million or 2% of the charitable organization's consolidated gross revenues.

BOARD'S ROLE IN RISK OVERSIGHT

As part of its oversight of the Company's executive compensation program, the Compensation Committee considers the impact of the Company's executive compensation program, and the incentives created by the compensation awards that it approves, on the Company's risk profile. In addition, the Company reviews all of its compensation policies and procedures, including the incentives that they create and factors that may reduce the likelihood of excessive risk taking, to determine whether they present a significant risk to the Company. Based on this review, the Company has concluded that its compensation policies and procedures are not reasonably likely to have a material adverse effect on the Company.

The Nominating and Corporate Governance Committee assists the Board in overseeing risks associated with board organization, membership and structure, succession planning for our directors and executive officers, and corporate governance.

The Energy Resources and Environmental Committee assists the Board in overseeing risks associated with the Company's electric generating fleet, including plants in which we are the sole owner and those (such as the Palo Verde Nuclear Generating Station) operated by others; issues facing the Company from legislative and regulatory initiatives regarding climate change, emissions, renewables and alternative energy; and environmental issues, including compliance with applicable environmental laws and regulations.

The Public Policy and Corporate Reputation Committee (formerly External Affairs) assists the Board in overseeing matters relating to the Company's legislative and regulatory affairs including, but not limited to, those relating to local government and the Company's state and federal regulators; communication and public relations activities related to the Company's brand and reputation; matters relating to corporate and social responsibility; and contributions by the employee political action committee as well as corporate activities related to civic and charitable affairs in accordance with applicable regulations.

It is the responsibility of senior management to identify, assess, and manage our exposure to risk inherent in the operation of the Company and the implementation of our strategic plan. The Board, however, plays an important role in overseeing management's performance of these functions. In connection with its review of the operations of the Company's business, the Board addresses the primary risks associated with various business decisions and operations. In addition, the Board reviews the risks associated with the Company's strategic plan periodically throughout the year as part of its consideration of the strategic direction of the Company.

Each of the Board's Committees also oversees the management of Company risks that fall within such Committee's areas of responsibility. In performing this function, each Committee has full access to management, as well as the ability to engage advisors.

The Company has an enterprise risk management program that was established in 2010. The Company's Senior Vice President, General Counsel and Chief Compliance Officer, who reports directly to the Audit Committee, is responsible for identifying, evaluating and enabling the development, implementation and monitoring of risk mitigation strategies.

Pursuant to its Charter, the Audit Committee oversees the operation of this enterprise risk management program, and the Senior Vice President, General Counsel and Chief Compliance Officer and her team make periodic reports to the Audit Committee about

the identified risks and the management controls and methodologies in place to manage those risks. In connection with its risk management role, the Audit Committee periodically meets privately with representatives from the Company's internal auditors and its independent registered public accounting firm. The Audit Committee provides reports to the Board that include these activities.

A shareholder's notice must set forth (i) the name and address of the shareholder making the nomination; (ii) such information regarding the nominee(s) proposed by such shareholder as would be required to be included in a proxy statement filed pursuant to the proxy rules of the SEC had the nominee(s) been nominated by the Board; (iii) a representation of the shareholder as to the number of shares of stock of the Company that are beneficially owned by the shareholder and the shareholder's intent to appear in person or by proxy at the meeting to propose such nomination; and (iv) the written consent of the nominee(s) to serve as a member of the Board if so elected. Any such shareholder notice should be submitted in writing to: El Paso Electric Company, Attn: Office of the Secretary, 100 N. Stanton Street, El Paso, Texas 79901.

In making its recommendations regarding nominees to serve on the Board, the Nominating and Corporate Governance Committee reviews an individual's qualifications, and makes a determination as to the independence of the candidate based on the independence criteria described above. If the nominee is being evaluated for re-nomination to the Board, the Nominating and Corporate Governance Committee will assess the prior performance of such director. The Nominating and Corporate Governance Committee will also periodically review the composition of the Board in light of its current challenges and needs and determine whether it may be appropriate to add or remove individuals after considering issues of judgment, diversity, age, skills, background and experience. Our Board does not have a formal written policy with regard to the consideration of diversity in identifying director nominees, but its practice has been to seek a combination of skills, experience, geographic and local knowledge, backgrounds and outlook that is in the best interest of the Company and its various constituencies. No director may serve on the boards of more than three other public companies while serving on the Company's Board.

PROPOSAL 2

APPROVAL OF EL PASO ELECTRIC COMPANY S AMENDED AND RESTATED 2007 LONG-TERM INCENTIVE PLAN

GENERAL

The Board of Directors is seeking shareholder approval of the El Paso Electric Company Amended and Restated 2007 Long-Term Incentive Plan (the Plan). A vote for the Plan will mean approval of an increase in shares available for future grants under the Plan and re-approval of the performance metrics that may be used for performance-based awards under the Plan, all as described below.

The purpose of the Plan is to provide a means whereby employees and directors of the Company develop a sense of proprietorship and personal involvement in the development and financial success of the Company, and to encourage them to devote their best efforts to the business of the Company, thereby advancing the interests of the Company and its shareholders. A further purpose of the Plan is to provide a means through which the Company may attract able individuals to become employees or serve as directors of the Company and to provide a means whereby those individuals upon whom the responsibilities of the successful administration and management of the Company are of

importance, can acquire and maintain stock ownership, thereby strengthening their concern for the welfare of the Company.

As of December 31, 2013, 490,362 shares of our common stock remained available for issuance under the 2007 Long-Term Incentive Plan as currently in effect. If approved, the number of shares available for issuance under the Plan would be increased by 1,209,638 less any awards granted between December 31, 2013 and the date of the annual meeting, so that a total of 1,700,000 shares would be available for future grants (minus the number of Shares subject to Awards granted by the Company between December 31, 2013 to the date of the annual meeting).

If stockholders do not approve the Plan, we will continue to grant equity awards under the terms of the 2007 Long-Term Incentive Plan as currently in effect.

Reference is made to Exhibit A to this Proxy Statement for the complete text of the Plan which is summarized below.

OVERVIEW OF PLAN

Shares Under the Plan. The following information summarizes, as of December 31, 2013, the equity awards outstanding under the Plan as in effect as of such date and our prior plans:

Number of Restricted Shares Outstanding: 120,534 Number of Performance Awards Outstanding (Assuming Maximum Performance): 249,994 Shares Available for Grant: 490,362

If approved, the number of shares available for issuance under the Plan would be increased by 1,209,638, less any awards granted between December 31, 2013 and the date of the annual meeting, so that a total of 1,700,000 shares would be available for future grants (minus the number of Shares subject to Awards granted by the Company from December 31, 2013 and the date of the annual meeting).

The number of shares available for grant under the Plan may increase in connection with the cancellation or forfeiture of awards outstanding or by shares tendered to pay the taxes upon vesting of restricted stock awards.

Equity Overhang and Burn Rate. As of December 31, 2013, our equity overhang was equal to 2.14%. Equity overhang means the total number of shares subject to outstanding equity awards plus shares available for grant, together as a percentage of total shares subject to equity awards outstanding plus shares available for grant plus our outstanding stock. If the requested increase in

shares is approved by our stockholders, this equity overhang

(based on the equity awards and shares outstanding as of December 31, 2013 would increase to 5.14%.

Our burn rate for 2013, measured as number of equity awards granted during the fiscal year as a percentage of 2013 weighted average total shares outstanding was 0.40% under this formulation. Factoring in the impact of cancelled and forfeited awards, our burn rate was 0.40%.

Features of the Plan. The Plan includes a number of specific terms and limitations that the Compensation Committee believes are consistent with the long-term interests of our stockholders. These features include:

No dividends on unearned performance awards. The Plan prohibits the issuance of ordinary cash dividends and dividend equivalents on all unearned performance stock awards.

No discounted awards. The Plan requires the exercise price of stock options and stock appreciation rights (SARs) to be not less than the fair market value of our common stock on the date of grant. We do not currently grant stock options or SARs.

No stock option repricing. The Plan includes an express prohibition on repricing of stock options, including SARs. We do not currently grant stock options or SARs.

No evergreen provision. The Plan provides for a limited number of shares for grant and does not provide for any annual increase of available shares for future issuance.

**PROPOSAL 2 APPROVAL OF EL PASO ELECTRIC COMPANY'S
AMENDED AND RESTATED 2007 LONG-TERM INCENTIVE PLAN**

DESCRIPTION OF PLAN

Administration. The Plan will be administered by the Compensation Committee of the Board of Directors (the Committee). Subject to the express provisions of the Plan, the Committee will have the authority to select eligible persons to receive awards and determine all of the terms and conditions of each award. All awards will be evidenced by a written agreement containing such provisions not inconsistent with the Plan as the Committee shall approve. The Committee will also have authority to establish rules and regulations for administering the Plan and to decide questions of interpretation or application of any provision of the Plan.

Change in Control. In the event of certain acquisitions of 30% or more of our common stock, certain changes in a majority of the Board of Directors, or the consummation of a reorganization, merger or consolidation or sale or disposition of all or substantially all of the assets of the Company (unless, among other conditions, the Company's shareholders receive 60% or more of the stock of the surviving company) or the liquidation or dissolution of the Company, all outstanding options and SARs will be exercisable in full, and the restricted stock and restricted stock units will become immediately vested and payable. The performance period applicable to performance shares and performance units shall end upon the occurrence of a change in control in the manner and on the date determined by the Committee in its sole discretion. The performance goals associated with such awards shall be measured based on performance achieved through the end of such shortened performance period and such awards shall become vested and payable on a prorated basis to reflect the shortened performance period, with the remaining portion of the awards terminating.

Termination and Amendment. If approved by shareholders, the Plan will terminate in 2024 unless terminated earlier by the Board of Directors. The Committee may, at any time and from time to time, alter, amend, modify, suspend, or terminate the Plan and any award agreement in whole or in part; provided, however, that, without the prior approval of the Company's shareholders and except as provided in the Plan, options or SARs issued under the Plan will not be repriced, replaced, or regranted through cancellation, or by lowering the option price of a previously granted option or the grant price of a previously granted SAR, and no amendment of the Plan shall be made without shareholder approval if shareholder approval is required by law, regulation, or stock exchange rule.

Stock Options - General. The Committee will determine the conditions to the exercisability of each option. Upon exercise of an option, the purchase price may be paid in cash or by delivery of previously owned shares of our common stock. The exercise price of a stock option, whether a non-qualified stock option or incentive stock option, will not be less than the fair market value of our common stock on its date of grant.

The award agreement shall set forth the extent to which the participant shall have the right to exercise the non-qualified stock option or incentive stock option in the event of participant's termination of employment or service. Such provisions will be determined by the Committee.

Stock Appreciation Rights. The period for the exercise of a stock appreciation right (SAR) will be determined by the Committee. The base price of a SAR will not be less than 100% of the fair market value of our common stock on the date of grant. A SAR entitles the holder to receive upon exercise (subject to withholding taxes) shares of our common stock (which may be restricted stock), cash or combination thereof with a value equal to the difference between the fair market value of our common stock on the exercise date and the base price of the SAR. The Committee may impose restrictions upon exercise of a SAR granted under the Plan.

The award agreement shall set forth the extent to which the participant shall have the right to exercise the SAR in the event of participant's termination of employment or service. Such provisions will be determined by the Committee.

Restricted Stock and Restricted Stock Units. The Plan provides for the grant of (i) restricted stock awards which may be subject to a restriction period (restricted stock), and (ii) restricted stock units which are similar to restricted stock except no shares are actually awarded. An award of restricted stock or restricted stock units may be subject to specified performance measures during the applicable restriction period. Shares of restricted stock will be freely transferable after all conditions and restrictions have been satisfied or have lapsed. The Committee may determine the extent to which the participant shall have the right to retain restricted stock and/or restricted stock units in the event of participant's termination of employment or service. Unless otherwise set forth in a restricted stock award agreement, the holder of a restricted stock award will have rights as a shareholder of the Company, including the right to vote and receive dividends with respect to the shares of restricted stock. A participant shall have no voting rights with respect to any restricted stock units granted under the Plan.

Performance Units and Performance Shares. The Plan also provides for the grant of performance units and performance share awards. Each performance unit and each performance share is a right, contingent upon the attainment of performance measures within a specified performance period. A participant shall have no dividend rights with respect to any performance units or performance share awards that are unearned. The Committee will determine the form of payout of cash or in shares (or in a combination thereof) equal to the value of earned performance units/ performance shares at the close of the applicable performance period. The Committee may determine the extent to which the participant shall have the right to retain the performance units and/or performance shares in the event of participant s termination of employment or service.

Performance Goals. If the Committee desires to grant performance-based awards intended to qualify as performance-based compensation under Section 162(m) of the Code, the performance goals will consist of any of the following:

- (a) Net earnings or net income (before or after taxes);
- (b) Earnings per share;
- (c) Net sales or revenue growth;
- (d) Net operating profit;
- (e) Return measures (including, but not limited to, return on assets, capital, invested capital, equity, sales, or revenue);
- (f) Cash flow (including, but not limited to, operating cash flow, free cash flow, cash flow return on equity, and cash flow return on investment);
- (g) Earnings before or after taxes, interest, depreciation, and/or amortization;
- (h) Gross or operating margins;
- (i) Productivity ratios;
- (j) Share price (including, but not limited to, growth measures and total shareholder return);
- (k) Expense targets;
- (l) Margins;
- (m) Operating efficiency;
- (n) Market share;
- (o) Customer satisfaction;
- (p) Working capital targets; and
- (q) Economic value added or EVA[®] (net operating profit after tax minus the sum of capital multiplied by the cost of capital).

Cash-Based Awards and Other Stock-Based Awards. The Plan also provides for the grant of cash-based awards and other types of equity-based or equity-related awards not otherwise described by the Plan as determined by the Committee. The Committee will determine the value of the cash-based awards and other stock-based awards and may establish performance goals. In the event the Committee establishes performance goals, the number and/or value of cash-based awards or other stock-based awards that will be paid out will depend on the extent to which performance goals are met. The Committee shall determine the extent to which the participant shall have the right to receive cash-based awards or other stock-based awards in the event of participant's termination of employment or service.

Non-Employee Director Awards. Unless the Board determines otherwise, on the date of each annual meeting of shareholders of the Company, the following restricted stock awards shall be made to each person who is a non-employee director immediately after such meeting of shareholders:

- (a) Each non-employee director shall receive a restricted stock award of three thousand five hundred (3,500) shares;
 - (b) The Chairman of the Board shall receive an additional award of \$150,000 paid in cash or restricted stock.
- The Board will have full discretion to change grant practices for non-employee directors.

Maximum Awards for Employees. Generally, the Plan limits the annual awards to any individual employee as follows:

- (a) 300,000 options;
- (b) 300,000 SARs;
- (c) 150,000 shares of restricted stock or restricted stock units;
- (d) 150,000 performance shares or performance units; and
- (e) \$3,000,000 or 150,000 shares of cash-based or other stock-based awards.

Adjustments. The shares available under the Plan are subject to adjustment in the event of any corporate event or transaction (including, but not limited to, a change in the shares of the Company or the capitalization of the Company) such as a merger, consolidation, reorganization, recapitalization, separation, partial or complete liquidation, stock dividend, stock split, reverse stock split, split up, spinoff, or other distribution of stock or property of the Company, combination of shares, exchange of shares, dividend in kind, or other like change in capital structure, number of outstanding shares or distribution (other than normal cash dividends) to shareholders of the Company, or any similar corporate event or transaction. Shares covered by an award shall be counted as used as of the date of grant. Under the Plan, any shares related to awards under the Plan or the Company's prior plans which terminate by expiration, forfeiture, cancellation, or otherwise without the issuance of such shares, are settled in cash in lieu of shares, or are exchanged with the Committee's permission, prior to the issuance of shares, for awards not involving shares, and shall be available again for grant under the Plan.

FEDERAL INCOME TAX CONSEQUENCES

The following is a brief summary of certain U.S. federal income tax consequences generally arising with respect to awards under the Plan.

A participant generally will not recognize taxable income at the time an option is granted, and the Company will not be entitled to a tax deduction at such time. A participant will recognize compensation taxable as ordinary income (and subject to income tax withholding in respect of an employee) upon exercise of a non-qualified stock option equal to the excess of the fair market value of the shares purchased over their exercise price, and the Company generally will

be entitled to a corresponding deduction. A participant will not recognize income (except for purposes of the alternative minimum tax) upon exercise of an incentive stock option. If the shares acquired by exercise of an incentive stock option are held for the longer of two years from the date the option was granted and one year from the date it was exercised, any gain or loss arising from a subsequent disposition of such shares will be taxed as long-term capital gain or loss, and the Company will not be entitled to any deduction. If, however, such shares are disposed of within the above-described period, then in the year of disposition, the participant will recognize compensation taxable as ordinary income equal

**PROPOSAL 2 APPROVAL OF EL PASO ELECTRIC COMPANY'S
AMENDED AND RESTATED 2007 LONG-TERM INCENTIVE PLAN**

to the excess of the lesser of (i) the amount realized upon disposition and (ii) the fair market value of the shares on the date of exercise over the exercise price, and the Company generally will be entitled to a corresponding deduction.

A participant generally will not recognize taxable income at the time SARs are granted and the Company will not be entitled to a tax deduction at such time. Upon exercise, the participant will recognize compensation taxable as ordinary income (and subject to income tax withholding in respect of an employee) in an amount equal to the fair market value of any shares delivered and the amount of any cash paid by the Company. This amount generally is deductible by the Company as compensation expense.

A participant will not recognize taxable income at the time restricted stock is granted and the Company will not be entitled to a tax deduction at such time, unless the participant makes an election to be taxed at such time. If such election is not made, the participant will recognize compensation taxable as ordinary income (and subject to income tax withholding in respect of an employee) at the time the restrictions lapse in an amount equal to the excess of the fair market value of the shares at such time over the amount, if any, paid for such shares. The amount of ordinary income recognized generally is deductible by the Company as compensation expense, except to the extent the deduction limits of Section 162(m) of the Code apply. Restricted stock units generally will also be taxed as ordinary income upon vesting unless structured in compliance with applicable tax rules to defer taxation until settlement.

NEW PLAN BENEFITS

The awards under the Plan are discretionary, so it is not possible to determine the benefits received in the future by participants, except with respect to directors annual grants under the current Board compensation policy. The

following table sets forth the aggregate number of annual restricted stock awards that would be granted annually in 2014 to non-employee directors based on the current Board compensation policy as described in the Plan.

Position	Restricted Shares Number
Non-employee directors (11 persons)	38,500

The grants to each Named Executive Officer of the Company is set forth under **Grants of Plan-Based Awards** above. In fiscal 2013, executive officers of the Company received an aggregate award of 27,997 shares of restricted stock which have a three-year vesting schedule, and 27,584

performance shares at target which have a three-year performance cycle. Other employees received awards for an aggregate of 33,085 shares. However, awards under the Plan are discretionary, and therefore, individuals may receive different amounts of awards in the future.

PROPOSAL 3

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board has selected KPMG LLP to serve as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2014. At the Annual Meeting, the Company will ask shareholders to ratify the Board's selection. KPMG LLP, which served in the same capacity in 2012 and 2013, is expected to be represented at the Annual Meeting. Representatives of KPMG LLP will have an opportunity to make a statement if they desire to

do so and will respond to appropriate questions. If the shareholders do not ratify the Board's proposal, the Board will reconsider its action with respect to the appointment of KPMG LLP. Approval of the resolution, however, will in no way limit the Board's authority to terminate or otherwise change the engagement of KPMG LLP during the fiscal year ending December 31, 2014.

AUDIT FEES

KPMG LLP billed the Company an aggregate of \$1,162,000 and \$1,123,000 for professional services rendered in connection with the integrated audit of the Company's financial statements (including the Sarbanes-Oxley Section

404 certification) and review of the Company's financial statements included in the Company's Quarterly Reports on Form 10-Q during the fiscal years ended December 31, 2013 and December 31, 2012, respectively.

AUDIT-RELATED FEES

KPMG LLP billed the Company \$232,000 and \$519,000 for audit-related services during the fiscal years ended December 31, 2013 and 2012, respectively. These audit-related services included (i) audits of state and federal

regulatory filings; (ii) audits of benefits plans; and (iii) comfort letters associated with the refunding and remarketing of two series of pollution control bonds and the issuance of a series of Senior Notes in 2012.

TAX FEES

KPMG LLP did not render tax services for the years ended December 31, 2013 or 2012.

ALL OTHER FEES

The Company paid no other fees to KPMG LLP during the fiscal years ended December 31, 2013 and 2012.

KPMG LLP determined that these services did not affect its independence under applicable auditing standards. The Audit Committee pre-approved the engagement of KPMG LLP to provide the audit and permissible non-audit services

described above in accordance with the requirements of the Sarbanes-Oxley Act of 2002 and determined that KPMG LLP's provision of the services described above under Audit-Related Fees, Tax Fees, and All Other Fees is compatible with KPMG LLP's independence.

AUDIT COMMITTEE PRE-APPROVAL POLICIES AND PROCEDURES

The Audit Committee Charter provides that the Audit Committee will pre-approve audit services and non-audit services to be provided by the Company's independent auditors pursuant to pre-approval policies and procedures established by the Audit Committee. The Audit Committee may consult with management in the decision-making

process, but may not delegate this authority to management. The Audit Committee may delegate its authority to pre-approve services to one or more Audit Committee members, provided that such designees present any such pre-approvals to the full Audit Committee at the next Audit Committee meeting.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR* THE RATIFICATION OF THE SELECTION OF KPMG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2014.

PROPOSAL 4 ADVISORY VOTE TO APPROVE THE COMPANY S EXECUTIVE COMPENSATION

Pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act, enacted in July 2010 (Dodd-Frank Act), we are once again providing our shareholders with the opportunity to vote to approve, on a non-binding, advisory basis, the compensation of our Named Executive Officers (as hereinafter defined) as disclosed in this Proxy Statement in accordance with the compensation disclosure rules of the SEC. The Dodd-Frank Act and applicable SEC rules also require that, at least once every six years, shareholders be given the opportunity to vote on an advisory basis regarding the frequency (i.e., annually, every two years or every three years) of future shareholder advisory votes on the compensation of our Named Executive Officers. At the 2010 Annual Meeting, the shareholders indicated a preference for holding Say-on-Pay advisory votes on an annual basis as recommended by the Board of Directors. Thus, the advisory vote in this Proposal 4 reflects the approved annual frequency and the next advisory vote on the frequency of future Say-on-Pay votes will occur no later than the 2016 Annual Meeting.

Shareholders are encouraged to read the Compensation Discussion and Analysis (CD&A) section of this Proxy Statement for a more detailed discussion of how our compensation programs further the Company s objectives.

At this meeting, the shareholders will be asked to vote on the following resolution:

RESOLVED, that the shareholders approve the compensation paid to the Company s Named Executive Officers as disclosed pursuant to Item 402 of Regulation S-K in the Compensation Discussion and Analysis, compensation tables and related narratives and other materials in the Company s Proxy Statement.

Our Board and Compensation Committee urge shareholders to endorse the compensation program for our executive officers by voting FOR the above resolution. The Board is committed to excellence in governance and recognizes

that executive compensation is an important matter for our shareholders. The Board and the Compensation Committee believe that the Company s executive officer compensation program, as described in the Compensation Discussion and Analysis and other related sections of this Proxy Statement, is reasonable and effective in aligning the interests of the executive officers with the interests of the Company s shareholders. We believe that our executive compensation program is designed to reward our Named Executive Officers for the achievement of short-term and long-term strategic and operational goals and the achievement of increased total shareholder value while at the same time avoiding the encouragement of unnecessary or excessive risk-taking. In particular, as described in detail in our Compensation Discussion and Analysis below, our program has the following features:

Strong focus on performance-based pay consisting of annual incentives tied to key financial and operating measures and long-term incentives tied to shareholder return;

75% of the ongoing long-term incentive program is tied directly to relative shareholder return;

Limited perquisites; and

No tax gross-ups in our change in control or severance programs.

The vote on this resolution is not intended to address any specific element of compensation; rather, the vote relates to the compensation of our Named Executive Officers, as described in this Proxy Statement in accordance with the compensation disclosure rules of the SEC. This vote is advisory, which means that it is not binding on us, our Board or the Compensation Committee of our Board. The Compensation Committee and our Board value the views of our shareholders and will take into account the outcome of the vote when considering future compensation decisions for our Named Executive Officers.

**THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE *FOR* THE ABOVE
RESOLUTION TO APPROVE THE COMPENSATION OF OUR NAMED
EXECUTIVE OFFICERS.**

COMPENSATION DISCUSSION AND ANALYSIS

EXECUTIVE COMPENSATION PHILOSOPHY AND OVERVIEW

Our executive compensation program is designed to:

Attract and retain qualified executives by providing comprehensive and market-competitive compensation;

Encourage a high level of performance by linking a significant amount of executive pay to the financial results and operating performance of the Company; and

Motivate our executive team to achieve the Company's business strategy and ensure focus on long-term shareholder return.

To meet these goals, our executive compensation program currently consists of base salary, an annual performance bonus payable in cash, and stock-based long-term incentive awards, along with retirement and other benefits. The levels of compensation are determined through a combination of market data, company performance and individual responsibility and performance.

2013 EXECUTIVE COMPENSATION HIGHLIGHTS

Highlights regarding our 2013 executive compensation program include the following:

The Compensation Committee incorporated double-trigger severance arrangements into the CEO's employment agreement for both cash severance and equity accelerated vesting, requiring both termination of employment and a change in control to receive change in control benefits, which is consistent with our practice for the other Named Executive Officers.

We negotiated an amended employment agreement with our CEO. We extended the term of our CEO's employment agreement until December 15, 2015 to ensure his commitment to continued employment with the Company until such time.

Our CEO's potential severance benefits are below market standard practices, in that the agreement provides for no more than 12 months of base salary, a prorated annual bonus for the year in which termination occurs, and up to 12 months of reimbursement for health benefits coverage, together with accelerated vesting of equity.

We awarded our CEO a special grant of \$500,000 of service-vested restricted stock in lieu of any other equity grant in 2013, with no vesting until the end of his extended employment agreement term in 2015.

In spite of good operating performance in 2013, our earnings per share fell short of expectations and resulted in a below-Target annual cash bonus payout to our Named Executive Officers, consistent with our philosophy of pay for performance and market competitive executive compensation.

The Total Shareholder Return regarding our three-year long term equity grant ending in 2013 failed to meet the threshold payout level versus our comparator group and thus we did not pay out any performance shares to Named Executive Officers, further demonstrating alignment of our compensation program with shareholder interests.

We planned a more balanced Annual Cash Bonus Plan for 2014 by decreasing the emphasis on the Earnings Per Share measure from 65% to 50% and adding a new metric for system reliability.

In 2013, our Named Executive Officers received three-year performance-based equity awards annually, and we do not pay dividends on unearned performance awards.

The Compensation Committee engaged in regular executive sessions without management present and regularly consults with its external executive compensation consultant.

The Compensation Committee reviewed tally sheets for the CEO, other Named Executive Officers and other officers together with reviewing and approving the Company's annual report to shareholders regarding executive compensation.

EXECUTIVE COMPENSATION PROCESS

Our Compensation Committee reviews and approves compensation for all executive officers. The Compensation Committee reviews the performance of our CEO at least annually. Our CEO reviews other executive officers' performance and reports his evaluations to the

Compensation Committee. Our CEO also recommends to and discusses with the Compensation Committee the non-equity compensation elements for the other executive officers, although the Compensation Committee approves the actual compensation awarded.

20 [El Paso Electric Company 2014 Proxy Statement](#)

COMPENSATION DISCUSSION AND ANALYSIS

Since May 2012, the Compensation Committee has engaged Frederic W. Cook & Company Inc. (FW Cook) as its independent outside executive compensation consulting firm. FW Cook 's services to the Compensation Committee during 2013 included:

An executive compensation study covering base salary, short-term incentives, long-term incentives, benefits and perquisites for executives of the Company (and its subsidiary) using an approved peer group and published surveys.

A report on CEO compensation and recommendations with respect to development of the CEO 's revised compensation package.

Regular updates on emerging trends and best practices at scheduled Compensation Committee meetings.

A review and comment on proxy disclosures, including this Compensation Discussion and Analysis report, summary compensation tables, and shareholder proposals.

Ad hoc support on issues directly related to the Compensation Committee 's scope of duties and responsibilities such as attraction and retention issues and incentive plan design.

Comprehensive review of our executive compensation plans, programs and policies.

The FW Cook consultant regularly attended meetings of the Compensation Committee and, as requested, attended its executive sessions. In addition, members of the Compensation Committee held discussions with the FW Cook consultant between meetings as the need arose. Pursuant to SEC rules, the Compensation Committee reviewed the independence of FW Cook and concluded there was no conflict of interest.

The Compensation Committee generally makes decisions regarding base salary, annual bonus targets and equity incentive awards at one or more regularly scheduled meetings during the first quarter of each year. The Compensation Committee continues to review compensation matters throughout the year and changes or approves compensation at other times in response to hiring needs, market changes and other occurrences. The Compensation Committee 's decisions about equity awards are not timed or otherwise affected by the planned announcement of material information. At least annually, (and at other times when material decisions are being considered) the Compensation Committee reviews a summary of compensation (also called a tally sheet) with its outside independent executive compensation consulting firm for each executive officer showing all compensation, equity holdings and accrued retirement benefits. The tally sheets are designed to inform the Compensation Committee of the total compensation potentially payable to the executive officers, particularly in the event of change in control and/or separation from the Company, but were not a material factor in making any particular compensation decision during the year.

In 2013, we again held a shareholder advisory vote to approve the compensation of our Named Executive Officers, commonly referred to as a say on pay vote. More than 96% of shareholder votes (excluding abstentions and broker non-votes) were cast in favor of the compensation of our Named Executive Officers. Although this was only an advisory vote, we believe the approval by our shareholders shows support for our compensation philosophy and approach, and our Compensation Committee did not make any specific changes in response to this vote. Instead, it retained its general approach to determining our executive compensation as described in this CD&A while focusing on particular needs that arise during the year.

COMPENSATION BENCHMARKING

In consultation with FW Cook, the Compensation Committee approved a group of companies (referred to in this discussion as the Compensation Comparator Group), which includes United States shareholder-owned electric and diversified utilities, and which is used for an annual benchmarking review of our compensation program. These companies are regional electric and diversified utilities with business issues, scale and compensation programs similar to our own. The Compensation Committee reviews compensation information of the Compensation Comparator Group compiled from publicly available data and data from similarly-sized utilities from the Towers Watson Energy Services Executive Compensation Database.

For pay decisions made in 2013, the companies in the Compensation Comparator Group consisted of the following:

ALLETE, Inc.

Avista

Black Hills

CH Energy

Cleco

Empire District Electric

Great Plains Energy, Inc.

IDACORP, Inc.

MGE Energy

NorthWestern

Otter Tail

PNM Resources, Inc.

Portland General Electric

UNS Energy

Westar Energy

PRIMARY COMPONENTS OF COMPENSATION

The primary components of our compensation program for the Named Executive Officers (as hereinafter defined) are:

Base salary;

Short-term incentive compensation, currently awarded through an annual cash performance-based bonus plan; and

Long-term incentive equity compensation, currently awarded in restricted shares with a combination of time-based and performance-based vesting.

We do not target any element of compensation to be a particular percentage of total compensation.

Base Salary. Base salary levels for our continuing executive officers are reviewed and set annually or as warranted in connection with hiring, promotions or reassignments. The Compensation Committee generally targets the 50th percentile level of the Compensation Comparator Group, although the Compensation Committee also considers each executive officer's responsibility level, experience and individual performance. The Compensation Committee approved base salary increases effective January 2013, for the Named Executive Officers from 2.6% to 6.1%, except that Mr. Puente received an increase of 10.7% which included a market equity adjustment to better align his compensation with the market data provided by FW Cook. In addition, Mr. Hirschi received a promotional increase in connection with his appointment as Chief Financial Officer in October 2013. For 2013 each of the Named Executive Officers' salaries fell within 15% of the 50th percentile, as determined by FW Cook, with the average being below the 50th percentile of similarly-positioned executives at members of the Compensation Comparator Group. Individual variations from the 50th percentile primarily reflect each executive's skills, experience and performance in the position. Although individual performance and contributions are considered, no specific individual performance factors had a material impact on salaries for fiscal 2013.

Annual Cash Bonus Plan. The purpose of our Annual Cash Bonus Plan is to provide market-based compensation opportunities based on achievement of specific business goals and objectives that are established in advance on an annual basis. All employees, including all of our Named Executive Officers, are eligible to participate in the Annual Cash Bonus Plan.

Each executive officer is assigned a target award opportunity expressed as a percentage of base salary. The target for each of the Named Executive Officers for 2013 was as follows: (i) 70% for Mr. Shockley; and (ii) 45% for the other Named Executive Officers. (Prior to his appointment as Chief Financial officer in October 2013, Mr. Hirschi's target was 35%, and his actual payout was prorated based on time spent in his current and prior positions). The target award represents the level of bonus payment the executive officer may earn in the event that plan performance is achieved at target or expected levels of performance. Payments at the target levels are further intended to approximate the 50th percentile of the total annual cash compensation opportunity

among the Compensation Comparator Group. In addition, maximum and threshold award levels are established for each metric that adjust payouts for performance levels that exceed or fall below our plan. The CEO could earn 36% of his target bonus opportunity (22% for the other Named Executive Officers) if all metrics were achieved at Threshold performance, and could earn no more than 200% of the target bonus opportunity (178% for the other Named Executive Officers) at Maximum.

For our Named Executive Officers, the goals under the Annual Cash Bonus Plan for 2013 were based solely on the following corporate financial and operational performance measures.

Financial performance measured by earnings per share; and

Operational performance, measured by a combination of customer satisfaction, safety, and regulatory compliance goals.

No individual performance modifier was applied by the Committee in determining payouts to the Named Executive Officers under the Annual Cash Bonus Plan.

The safety goals under operational performance include the following: (i) lost time incidence rate; (ii) vehicle accident frequency rate; and (iii) medical incidence rate. All three safety goals are based on internal safety performance statistics. The maximum goal for 2013 was established using the best single-year performance in the past five years for each measure. The lost time incidence rate and the medical incidence rate are calculated by applying the number of respective incidents to total hours worked by employees. The vehicle accident frequency rate is determined by applying the number of chargeable vehicle accidents to total miles driven.

The customer satisfaction goal under operational performance is to increase customer satisfaction to a level of customer loyalty. Customer loyalty is defined as the point where, given a choice, a customer is less likely to switch to a competitor. The establishment and measurement of the customer satisfaction goal is based on an annual customer survey designed and conducted by a third-party marketing organization. Survey responses are provided by a combination of customer classes and are weighted as follows: (i) 50% for residential customers; (ii) 25% for small commercial customers; and (iii) 25% for large commercial customers.

The regulatory compliance goal under operational performance is designed to monitor and evaluate the Company's regulatory compliance activities in light of the importance of the Company's relationship with its regulators. The 2013 performance levels are based upon improvement from the previous year's dollar impact as a result of fines or penalties assessed by regulators against the Company.

The earnings per share bonus goal for 2013 was established based on a range between a threshold of \$2.20 and a maximum of \$2.70. Executive officers would receive no bonus if the threshold earnings per share goal was not

COMPENSATION DISCUSSION AND ANALYSIS

achieved. Because the plan provides that bonus payments are made only if the Company's reported earnings per share exceed the threshold amount, and earnings per share reflect the bonus payments, any amounts otherwise earned based on achievement of various targets would need to be reduced pro rata in the event the full payments would cause the Company's earnings per share to be lower than the threshold amount.

The table 2013 Annual Cash Bonus Plan shows the individual metrics, their respective weighting and the performance goals at Target, Threshold and Maximum levels of performance. Results between the Threshold and Target, or between the Target and Maximum, are interpolated

to calculate the achievement of the metric. The table also shows the actual performance result for each metric and the resulting final payout percentage of Target opportunity (rounded to the nearest whole percentage) earned by the Named Executive Officers, after being reduced to account for the iterative process of factoring the bonus payments into the earnings per share result. As noted above, the CEO has a wider and higher range of payout under this plan to better focus his short term compensation on performance. Also as noted above, Mr. Hirschi's bonus was prorated for 2013 based on time spent in different positions, and so his payout percentage from the time he was at the Vice President level is not shown below, but the metric goals were the same.

Bonuses are paid in late February or early March after the Compensation Committee reviews the audited financial results and operational performance for the previous year. As reported in the Annual Report on Form 10-K for the year ended December 31, 2013, and as shown in the above table, the Company had net income of \$2.20 per basic share (before extraordinary items), which includes an accrual for the cost of the bonus pool. The Company also met its three annual safety goals, its regulatory compliance goal, and its customer satisfaction goal in each instance at the level reflected in the above table. As a result, each Named

Executive Officer received a bonus, as set forth in the table below and also in the Summary Compensation Table later in this proxy statement. The total bonus paid to Company employees for 2013 was approximately \$4.0 million, of which approximately \$0.7 million was paid to the Named Executive Officers and other executive officers.

The following table shows the payout amount under the 2013 Annual Cash Bonus Plan (as set forth in the Summary Compensation Table under Non-Equity Incentive Plan Compensation) compared with the payout opportunity at Target payout for each of the Named Executive Officers:

Other Cash Awards. In 2013, the Compensation Committee approved no other cash bonus award for any Named Executive Officer, except the annual strategy execution bonus provided under Mr. Shockley's employment agreement as described below.

Long-Term Equity Incentives. Generally we grant stock awards annually to our Named Executive Officers with a three-year performance cycle and payout. These awards are designed to focus executive officers on the relative performance of our stock and, secondarily, as a retention tool. Since 2004, the Compensation Committee has granted annual long-term equity incentives consisting of two elements:

Performance shares, which are earned based on our relative total shareholder return over a three-year performance period; and

Time-vested restricted stock, which vests in one installment at the end of the same three-year period.

All of our Named Executive Officers (other than our CEO) received these awards in February 2013, in the amounts set forth below in the Grants of Plan-Based Awards table. The CEO did not receive an equity award in February 2013 when the other Named Executive Officers received their annual long-term incentive grant because at such time, his employment term would have ended in December 2014, and his initial equity grants in 2012 were intended to last through the 2014 period. However, in consideration for Mr. Shockley agreeing to extend his term until December 2015, he received a special grant in November 2013 with one cliff vesting date at the end of his December 2015 term.

For our Named Executive Officers (excluding the CEO), the mix for each annual equity award was again based on a weighting of 75% for performance shares and 25% for time-based restricted stock. We have chosen to place more weight on the performance shares to emphasize long-term performance and shareholder returns, consistent with the Company's compensation philosophy. We believe that the time-based restricted stock awards are also effective retention and incentive tools because their actual value is tied to the value of the Company's stock no earlier than the vesting date and the vesting schedules require that participants be employed at the end of the three-year vesting period. The initial target values (i.e., the initial value of the time-based restricted stock plus performance shares at target), when combined with annual cash compensation, are intended to approximate the 50th percentile of the total direct compensation value among the Compensation Comparator Group. Dividends on Company stock are paid quarterly on time-vested restricted stock but are not paid on unearned performance shares, until such time as they are earned and converted to shares.

The actual number of performance shares earned at the end of each three-year cycle depends on the Company's total shareholder return percentile ranking within a specific group of companies approved by the Compensation Committee (called the Performance Comparator Group). The Performance Comparator Group for the 2013 equity awards is somewhat different from our Compensation Comparator Group. In addition to the Company, the

Performance Comparator Group currently includes 10 other publicly-traded electric utilities with market capitalizations and investor bases that are generally similar to ours. The following companies, selected from the Standard & Poor's SmallCap 600 Index and MidCap 400 Index that are included in the Global Industry Classification Standard's (GICS) sub-industry of Electric Utilities for their similarities to us in type of industry and size of operations, are in our 2013 Performance Comparator Group. Note this comparator group included NV Energy at the time of the grant but NV Energy subsequently was removed following its acquisition by MidAmerican Energy:

ALLETE, Inc.	OGE Energy
Cleco Corporation	PNM Resources, Inc.
Great Plains Energy, Inc.	UIL Holdings Corporation
Hawaiian Electric	UNS Energy Corporation
Industries, Inc.	Westar Energy, Inc.
IDACORP, Inc.	

The actual number of performance shares earned at the end of the three-year cycle can range from 0% to 200% of target, depending on our ranking within the 11-member Performance Comparator Group (including the Company) for total shareholder return. As with the time-based restricted stock, participants are required to be employed at the end of the three-year cycle to be

eligible for any award. Total Shareholder Return is defined as the change in stock value, plus dividends paid, over the three-year performance period. To eliminate volatility from measuring stock price on a particular date, the beginning and ending stock price used to calculate total shareholder return is the average closing price for the month of December. The performance share payout scale is as follows:

If we rank first, 200% of target

If we rank second, 175% of target

If we rank third, 150% of target

If we rank below third but above the 50th percentile, we interpolate between 150% and 100% of target

If we are at the 50th percentile, 100% of target

If we rank below the 50th percentile but above the 30th percentile, we interpolate between 100% and 30% of target

If we are below the 30th percentile, 0% of target

For the 2011 to 2013 performance cycle, which ended on December 31, 2013, our total shareholder return ranked below the 30th percentile within the 11-member Performance Comparator Group. Therefore, the performance shares awarded for that performance cycle were not earned and were forfeited.

Type of Equity Awards. We have chosen to make recent long-term awards to executive officers in the form of full-value stock awards because they have significant retention value due to their value being directly linked to the stock price in the future. In addition, this type of award limits the negative retention impact of short-term volatility in our stock price

COMPENSATION DISCUSSION AND ANALYSIS

compared to stock options. The Compensation Committee regularly reviews our equity incentive program and reserves the right to grant different types of equity awards in the future. We began paying dividends on our Common Stock in 2011, but do not pay dividends on unearned performance share awards.

CEO Compensation. Mr. Shockley has served as CEO since January 2012, first as interim CEO and then as CEO effective June 1, 2012, at which time the Compensation Committee approved an employment agreement for him. In determining Mr. Shockley's compensation both at the time of his hiring and during 2013 when his employment agreement was adjusted, the Compensation Committee and the independent members of the Board considered several key factors that are unique to his role in particular:

His appointment as CEO was important to the Company due to his deep experience in the electric utility industry and the continuity it offered given his time on the Board and then as interim CEO.

The period of time contemplated for Mr. Shockley's employment included several highly important and unique challenges to the Company in terms of the need for significant capital expenditures, numerous regulatory matters and the likelihood of necessary rate relief to support the expansion of the asset base, stabilizing the executive team and ensuring that a strong senior management succession plan is in place.

Understanding that Mr. Shockley would not be expected to serve for a long term given that he had previously retired from a lengthy career in the industry, the focus for his compensation package included components that were meant to serve as case specific incentives for a shorter term while encouraging his focus on very specific business achievements. For example, in addition to being eligible for the Company's Annual Cash Bonus Plan discussed above, in which all other employees participate, the Compensation Committee believed it would be important to reward the CEO for additional contributions outside of those particular metrics, such as strategic accomplishments that did not lend themselves to formulaic results but would be key to achieving the Company's longer term objectives, including stabilizing the senior management team and putting the management succession plan in place. To achieve this objective, the Compensation Committee has the authority to award him a separate bonus each year based on its determination of his individual performance toward achieving those specific strategic objectives (detail below).

Similarly, the Compensation Committee has approved restricted stock awards for Mr. Shockley that vest during the actual expected term of his service rather than over a longer period. His 2013 grant of restricted stock is described below. The Compensation Committee believed these grants were appropriate because they encourage his commitment to our stock price performance and align his compensation with the interests of our shareholders, while acknowledging the limited-term nature of his employment.

The original term of Mr. Shockley's employment agreement was through December 31, 2014. During 2013, the parties agreed to extend the term of his agreement (and his expected commitment to remain in his role) through December 15, 2015. As part of this process, the Compensation Committee conducted a review of Mr. Shockley's compensation package, consulting with its independent executive compensation consultant, FW Cook, and determined to make several changes to his compensation. His compensation arrangements for 2013 included the following compensation elements:

His base salary for 2013 was \$625,000, determined to be 6% below the market median. This was increased from \$600,000 due to Mr. Shockley's contributions in 2012 and for competitiveness reasons.

His annual performance bonus opportunity remained the same for 2013, with a target of 70% of annualized base compensation and a maximum annual bonus opportunity of 200% of his target opportunity, subject to meeting performance goals under the Company's Annual Cash Bonus Plan. The 2013 plan and payouts are described above under Annual Cash Bonus Plan.

He remained eligible for an annual strategic cash bonus up to \$350,000 for each year of the remaining term of his agreement, based on the Compensation Committee's subjective evaluation of the Company's progress towards its long-term strategic goals and his contributions to this progress. For 2013, based on its review of Mr. Shockley's 2013 performance, the Compensation Committee approved payment of his full \$350,000 strategic bonus because the Compensation Committee believed Mr. Shockley had successfully executed his 2013 goals, in particular by continuing to improve the Company's relationship with the City of El Paso and regional community by promoting economic development and improving communications; implementing and advancing the succession planning process; improving the corporate culture at the Company; and continuing to implement the Company's strategic planning process.

Edgar Filing: EL PASO ELECTRIC CO /TX/ - Form DEF 14A

As contemplated under his original employment agreement, Mr. Shockley did not receive a share grant under the Company's 3-year long-term incentive plan in 2013 as did the other executive officers, although he received a grant under the 3-year long-term incentive plan in 2012.

In November 2013, in recognition of both his commitment to remain with the Company through December 15, 2015 and his accomplishments and contributions during his tenure as CEO, he received a grant of 14,371 shares of Company restricted stock (valued at approximately \$500,000 at grant) that will vest on December 15, 2015 if he remains with the Company on that date. The Committee determined it would be inappropriate to attach additional performance metrics to this grant due to the limited term of Mr. Shockley's employment with the Company and the Compensation Committee's intent to have him continue to focus on the Company's longer term strategic plan. The CEO was

already participating in the Annual Cash Bonus Plan with all other Named Executive Officers and the longer term strategy executive bonus plan, and the Compensation Committee did not want to introduce additional short-term metrics that could potentially conflict with the Company strategy or the Annual Cash Bonus Plan. Instead, the Compensation Committee believed this grant would directly reinforce the CEO's focus on longer-term shareholder value/growth.

Continued participation in all benefit plans available to senior executives of the Company including but not limited to the Company's retirement and welfare benefit plans, monthly car allowance, life insurance coverage and annual paid time-off. Mr. Shockley's agreement also provides for payments and benefits in the event of his termination by the Company without cause (or by Mr. Shockley under defined circumstances), including in connection with a change of control of the Company, as further described below. Because of the limited term of the agreement, the Compensation Committee decided not to provide Mr. Shockley a Change in Control Agreement as is provided to other senior executives.

Instead, in the event he is terminated without cause or terminates his employment for good reason (such as if he is removed as CEO or has his duties materially reduced), including in connection with a change in control of the Company, Mr. Shockley will receive severance benefits of up to 12 months base salary, a prorated bonus for the year in which termination occurs and reimbursement of COBRA benefits for 12 months, or a cash payment in lieu thereof, and accelerated vesting of certain outstanding unvested equity awards as described below under Change of Control Agreements and Other Termination Benefits.

The Compensation Committee reviewed with FW Cook the costs and benefits compared to those provided by the members of our Compensation Comparator Group to their respective CEOs in determining that the arrangement was reasonable and appropriate for the circumstances. FW Cook reported to the Compensation Committee that the annualized value of Mr. Shockley's proposed target total direct compensation for 2013 was within 2% of the market median of the Compensation Comparator Group comparability data, including up to the maximum annual strategic bonus of \$350,000 and the \$500,000 restricted stock grant awarded in 2013.

OTHER EXECUTIVE BENEFITS

Retirement Benefits. We provide our employees, including our executive officers, with a tax-qualified defined benefit pension plan, which provides employees the opportunity to earn service toward income replacement at retirement. The benefit is based on years of service, retirement age and basic compensation over a period of time prior to retirement. However, the Internal Revenue Code (the Code) imposes a limit on the amount of compensation that can be taken into account for purposes of determining these retirement benefits and the qualified plan does not achieve a market-competitive structure for executive officers whose total compensation can include a significant amount of variable short-term incentive compensation. We established a non-qualified excess benefit plan to provide supplemental retirement benefits to executive officers calculated on basic compensation, together with regular wages and bonuses paid pursuant to the Company's Annual Cash Bonus Plan, applied to the qualified retirement plan formula without regard to the Code's limitations on qualified plan benefits.

Perquisites and Other Benefits. The Company generally provides to our Named Executive Officers the same benefits as it does to other executive officers and employees. For example, our Named Executive Officers participate in the same medical, dental, life insurance, accidental death & dismemberment, and long-term disability plans, as do other employees, and their Company matching contributions to the 401(k) plan are on the same basis as other employees.

The Company provides limited perquisites to executive officers such as a car allowance, and, for senior officers, an allowance for financial, tax and estate planning.

Change of Control/Termination Agreements. The Compensation Committee has approved a change of control severance agreement for each of our Named Executive Officers (except Mr. Shockley, whose arrangement is further described above and below) and all other executive officers. As further described in this Proxy Statement, these agreements provide executive officers with benefits in the event of involuntary termination (other than for cause or disability) or adverse job changes in connection with or after a change in control. The Compensation Committee periodically reviews the costs of these agreements and market practice. The Compensation Committee believes these agreements offer important protection in the event of a change of control, while also ensuring that in the event of an actual proposed change of control, key executive officers will be willing to remain through the closing because of this protection. This is especially important in the utility industry when the need for regulatory approvals can result in significant delays in consummating transactions following the execution of definitive agreements.

COMPENSATION DISCUSSION AND ANALYSIS**STOCK OWNERSHIP GUIDELINES**

We believe that stock ownership by executive officers can directly correlate to improved performance and enhancement of shareholder value. Therefore, the

Compensation Committee has established recommended stock ownership guidelines for executive officers. The guidelines are as follows:

Position	Guideline
CEO	Three times base salary
Other Executive Officers	Two times base salary

Our executive officers are expected to meet these guidelines within five years after becoming executive officers. As of the end of 2013, all of our Named Executive Officers met or

are progressing towards meeting the guidelines within their initial five-year terms.

IMPACT OF ACCOUNTING AND TAX TREATMENT OF COMPENSATION

Historically, the accounting and tax treatment of compensation has not been a driving factor in determining the design or amounts of pay at the Company. For example, the Company granted full value awards prior to its adoption of FASB ASC Topic 718 and continues to do so, although the Compensation Committee does review the expected accounting treatment of its equity grants.

Section 162(m) of the Code generally limits the tax deductibility to public companies for compensation in excess of \$1 million per person per year, unless the compensation is performance-based within the meaning of the tax regulations. The Compensation Committee considers it important to retain flexibility to design compensation

programs, even where compensation payable under our programs may not be fully deductible, if the programs effectively recognize a full range of criteria important to the Company's success. The Company retains the ability to grant equity awards such as restricted stock that are not eligible for the Section 162(m) performance-based compensation exception. Our 2007 Long-Term Incentive Plan allows the Compensation Committee to approve restricted stock, performance shares and stock options that qualify as performance-based compensation for purposes of Section 162(m) to the extent the Compensation Committee deems appropriate. The Company's annual cash bonus plan also qualifies as performance based compensation for purposes of Section 162(m).

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed this Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

(f) This column represents the aggregate grant date fair value of awards computed in accordance with FASB ASC Topic 718 for the restricted stock and performance shares granted in the applicable year. Restricted stock awards are valued at the closing market price on the date of grant. Performance shares are valued at grant date fair value, which is based upon a Monte Carlo simulation, which is a methodology for determining average payout using multiple simulations. Amounts disclosed have not been reduced by estimated service-based forfeitures. For additional information on the valuation assumptions with respect to restricted stock and performance shares, see Note G Common Stock of Notes to the Financial Statements in the Company's 2013 Annual Report on Form 10-K.

(g) This column represents performance-based bonuses earned under the Annual Cash Bonus plan for performance during 2013, 2012 and 2011.

(h) This column represents the change in pension value between the accumulated pension benefit for each Named Executive Officer as of December 31 of the applicable year as compared to December 31 of the prior year. (a) On November 20, 2013, the Company awarded Mr. Shockley 14,371 shares of restricted stock which will vest on December 15, 2015.

(b) Each executive officer has a target incentive opportunity, payable in cash, if the Company achieves specific annual goals that are established in advance by the Compensation Committee and the Board. In 2013, the performance goals were related to safety, customer satisfaction, regulatory compliance, and earnings per share, as further described above in Compensation Discussion and Analysis Primary Components of Compensation Annual Cash Bonus Plan. If a threshold level of earnings per share is not attained, no bonuses will be paid for any of the measures. Actual amounts paid for 2013 are in the Summary Compensation Table above.

(c) Amounts shown represent the performance shares available under the incentive plan, which provides market-based, long-term incentive award opportunities to the Named Executive Officers and executive officers. Performance shares are based on the total shareholder return compared to the Performance Comparator Group over the three-year period ending December 31, 2015. Payout values for the performance shares are calculated by determining the Company's percentile ranking within the Performance Comparator Group at the end of the three-year cycle and can range from 0% to 200% of target as described above in Compensation Discussion and Analysis Primary Components of Compensation Long-Term Equity Incentives.

(d) Restricted shares vest on December 31, 2015 for the Named Executive Officers except Mr. Shockley. The Company paid quarterly dividends of \$0.25 per share on its Common Stock on March 29, 2013, and \$0.265 per share on its Common Stock each quarter thereafter. Unvested restricted shares qualify as participating securities and individuals awarded these shares received their respective cash dividends.

(e) This column reflects the grant date fair value of restricted stock awards and performance shares under FASB ASC Topic 718. With respect to stock awards, the value was calculated as the number of restricted shares multiplied by the closing price on grant date. With respect to performance shares, the value was determined using a Monte Carlo simulation which is a methodology using the average payout of one million simulation paths discounted to the grant date using a risk-free interest rate. The Monte Carlo value for 2013 performance share awards granted on January 29, 2013 was \$34.69 per share.

OUTSTANDING EQUITY AWARDS AT FISCAL YEAR-END

The performance goals for these shares were not met and no shares were paid out. There were no option awards held by the Named Executive Officers at December 31, 2013.

PENSION PLAN

The Company has a qualified defined benefit pension plan with a cliff vesting schedule that provides definitely determinable benefits over a period of years, often an employee's lifetime (the Pension Plan). The purpose of the Pension Plan which is for the exclusive benefit of eligible employees and their beneficiaries, is to reward eligible employees for long and loyal service by providing them with retirement benefits. Employees are eligible to participate in the Pension Plan on the first day of the month coinciding with or immediately following completion of one year of service during which the employee completes not less than 1,000 hours of service. In order to vest in the benefit payable from the Pension Plan, an employee must have five years of vesting service during which he or she completes at least 1,000 hours each year. To the extent they meet the eligibility requirements, each of the Named Executive Officers and the executive officers is a participant in the Pension Plan, and the estimated credited years of service for each of the Named Executive Officers at December 31, 2013 is set forth in the Pension Benefits Table below.

Retirement benefits under the Pension Plan are calculated as the product of 1.25% of the employee's average monthly earnings (Pension Plan Average Monthly Earnings) and credited years of service (Benefit Accrual Service). The definition of Pension Plan Average Monthly Earnings is the employee's annualized rate of basic compensation (excluding bonuses, overtime pay, expense allowances, profit sharing and any other compensation in any form) as of any day converted to a monthly amount and then averaged over a five consecutive year period. The maximum benefit payable under the Pension Plan does not consider compensation in excess of that allowed by the Code. For the year 2013, the maximum amount of compensation on which benefits from the Pension Plan may be based is \$250,000. An employee is credited with one year of Benefit Accrual Service in any plan year (January through December) during which he or she completes 1,000 hours of service. The formula below provides an illustration as to how a monthly retirement benefit is calculated for an employee at the later of the date the employee attains the normal retirement age of 65 or the date the employee completes five years of vesting service during which he or she completes 1,000 hours of service each year:

$$\begin{array}{l} \text{Pension Plan} \\ \text{Average Monthly Earnings} \end{array} \times \begin{array}{l} \text{Benefit Accrual} \\ \text{Service} \end{array} \times 1.25\% \\ \text{(Subject to Code Limitations)}$$

A monthly benefit from the Pension Plan is computed as a straight life only annuity that provides a monthly benefit for the employee's lifetime and ends upon the employee's death. Optional benefit forms of payment are also available under the Pension Plan to include:

A joint and survivor annuity option is a joint life annuity payable to the employee for the employee's lifetime with a survivor annuity for the life of any person the employee designates. The amount payable to the survivor will be a certain percentage of the amount that the employee elects of the amount of the annuity payable during the joint lives of the employee and the person the employee designates.

A life annuity with term certain option is payable for the employee's life, with 120 payments guaranteed, regardless of whether the employee dies before all 120

payments have been made. If the employee dies before all 120 payments have been made, the same amount of annuity is payable for the remainder of the 120 months to the employee's beneficiary provided the beneficiary continues to live during this period.

Under the terms of the Pension Plan, an employee of the Company may retire and begin to receive a monthly benefit from the Pension Plan upon attaining age 55 and completing the required vesting period of five years during which the employee has completed 1,000 hours of service each year. If a vested participant terminates employment with the Company and elects to commence his or her retirement benefit after age 55 and before age 65, the benefit amount payable from the Pension Plan is reduced such that if the employee commences benefits at age 55, he or she will be entitled to 50% of the accrued benefit otherwise payable

without a reduction at age 65. The reduction schedule below displays the reduction percentage to which an employee's accrued benefit is subject when benefits commence after

age 55 and before age 65. (Straight line interpolations of these percentages are used where fractional years are involved.)

Age At Benefit Commencement	Percent of Accrued Benefit
65	100.00%
64	93.33
63	86.67
62	80.00
61	73.33
60	66.67
59	63.33
58	60.00
57	56.67
56	53.33
55	50.00

A monthly benefit payable from the Pension Plan before normal retirement age at 65 is not subject to the reduction schedule above if the employee terminates employment after completing 20 years of vesting service and attaining age 62, or if upon the employee's termination of employment, the sum of his or her age and years of vesting service exceeds 85. All benefit payments are subject to federal and state income tax and are payable on the first day of each month of retirement.

For the valuation method and all material assumptions, please see the Retirement Plan's section under Note M Employee Benefits of the Company's 2013 Annual Report on Form 10-K.

EXCESS BENEFIT PLAN

The Company has a non-qualified deferred compensation plan that provides supplemental retirement benefits to certain employees of the Company (the Excess Benefit Plan). In determining benefits, the Excess Benefit Plan applies the Excess Benefit Plan Average Monthly Earnings definition, which is different than the Pension Plan Average Monthly Earnings definition (that is, basic compensation). The definition of Excess Benefit Plan Average Monthly Earnings is basic compensation including regular wages and bonuses paid pursuant to the Company's short-term bonus plan. Unlike the computation of Pension Plan Average Monthly Earnings, which is subject to compensation limits imposed by the Code, the computation of Excess Benefit Plan Average Monthly Earnings is not subject to the Code's compensation limits.

For participation in the Excess Benefit Plan, the Company selects those employees who are eligible to receive a benefit from the Pension Plan, the amount of which is reduced compared to benefits that would be payable to the employee based on his or her Excess Benefit Plan Average Monthly Earnings. Benefits payable from the Excess Benefit Plan are

subject to the same vesting schedule, age requirements and benefit payment options as under the Pension Plan. Except as noted under the heading Change in Control Agreement and Other Termination Benefits, it is generally not possible for an employee's credited years of service under the Pension Plan to exceed the employee's actual years of service with the Company.

Supplemental retirement benefits under the Excess Benefit Plan are calculated as a monthly amount equal to the difference between (i) and (ii) below:

- (i) The monthly amount of the Pension Plan benefit to which the employee would have been entitled under the Pension Plan if the benefit were computed based on his or her Excess Benefit Plan Average Monthly Earnings, rather than his or her Pension Plan Average Monthly Earnings,

LESS

(ii) the monthly amount of the Pension Plan benefit actually payable to the employee under the Pension Plan.

COMPENSATION COMMITTEE REPORT

The formula below provides an illustration as to how a retirement benefit from the Excess Benefit Plan is calculated for an employee at the later of the date the employee attains

the normal retirement age of 65 or the date the employee completes five years of vesting service requiring 1,000 hours of service each year:

Excess Benefit Plan Average Monthly Earnings (Not subject to Code Limitations)	X	Benefit Accrual Service	X	1.25%
LESS				
Pension Plan Average Monthly Earnings (Subject to Code Limitations)	X	Benefit Accrual Service	X	1.25%

The Excess Benefit Plan is subject to the rules of Section 409A of the Code. Generally, under Section 409A of the Code, distributions on account of separation from service cannot be made to certain employees (as defined in Section 416(i)(1) of the Code) of a publicly traded corporation before the earlier of (i) six months following the employee's separation from service or (ii) the death of the employee. If payments are delayed under this rule, the first payment that the participant receives from the Excess Benefit Plan will include his or her first six monthly payments.

Subject to the above-described six-month delay rule, and unless a participant makes a prior election to defer commencement of his or her retirement benefits pursuant to the requirements of the Excess Benefit Plan, (i) benefits to a participant who separates from service before age 55, but after completing five years of vesting service under the Pension Plan, will commence not earlier than the date the

participant attains age 55 and not later than the first day of the month following attainment of age 55, and (ii) benefits to a participant who separates from service after age 55, and after completing five years of vesting service under the Pension Plan, will commence no earlier than the participant's separation from service and not later than the first day of the month following separation from service. Thereafter, the employee's benefit from the Excess Benefit Plan is payable on the first day of each month. A participant may elect the form in which benefits will be payable from the Excess Benefit Plan's optional forms of benefit. All payments are subject to federal and state income tax.

The Excess Benefit Plan is entirely unfunded. Employees who participate in the Excess Benefit Plan have only the rights of general unsecured creditors of the Company with respect to any rights under the Excess Benefit Plan.

- (1) As of December 31, 2013, the Present Value of Accrued Benefit for each Named Executive Officer and each executive officer is computed using an interest rate of 4.90% for the Pension Plan and 4.90% for the Excess Benefit Plan and the post-retirement mortality based on the RP2000 Sex Distinct Retiree Mortality Tables that are fully generational using Scale BB.
- (2) As of December 31, 2013, Mr. Shockley and Mr. Hirschi have met the one year requirement to participate in the Pension and Excess Benefit Plans but have not met the five year requirement to vest in those benefits.

CHANGE OF CONTROL AGREEMENTS AND OTHER TERMINATION BENEFITS

The Company has entered into Change of Control Agreements with each Named Executive Officer other than Mr. Shockley. In the event the covered Named Executive Officer is terminated without cause or resigns for good reason (including a material reduction in duties and responsibilities, a reduction in pay or a relocation of more than 100 miles) during the two-year period following a change of control, he or she will receive the following benefits under the Change of Control Agreements:

A pro rata payment of the executive officer's target bonus for the year of termination;

A lump sum payment equal to the executive officer's annual base salary plus target bonus for the year of termination, multiplied by three (for each Named Executive Officer);

The actuarial equivalent of vested benefits under the Company's retirement plan calculated with additional years of service equal to three years (for each Named Executive Officer);

Continuation of health and other welfare benefits for two years, including service credit for those two years for purposes of eligibility (but not time of commencement of benefits) for retiree benefits under any of these plans; and

Outplacement services for one year.

The Change of Control Agreements do not provide any tax gross-up payment in the event the payments become subject to the federal change in control excise tax and instead provide that either (i) the executive officer will be responsible for paying the excise tax or (ii) payments under the agreements will be reduced to an amount that would result in no such excise tax, whichever would result in the executive officer retaining the higher after-tax amount.

A change in control is defined in the Change of Control Agreements and generally includes the acquisition by any person of 30% or more of the Common Stock or voting power of the Company, or the consummation of a reorganization, merger or consolidation or other disposition of all or substantially all of the assets of the Company which results in at least a 40% change in ownership.

Under our shareholder-approved equity incentive plan, upon a change in control, unvested restricted stock awards become fully vested, while unearned performance share awards become vested on a prorated basis to the extent performance is achieved through a shortened performance period ending before the change in control.

Under Mr. Shockley's employment agreement dated June 1, 2012, and as amended on May 2, 2013 and November 20, 2013 which has a term until December 15, 2015, if he is terminated without cause or resigns due to a material reduction in responsibilities or position, or if a change in control occurs and he is terminated, he will receive a cash payment equal to his annual base salary (or, if less, salary through the remaining term of the employment agreement if termination of employment occurs prior to a change in control), a prorated annual cash bonus, up to 12 months of health benefits, and accelerated vesting of his restricted shares. Upon a change in control, his performance shares would vest on a prorated basis to the extent performance is achieved through a shortened performance period ending before the change in control.

COMPENSATION COMMITTEE REPORT

The following table quantifies potential payments or benefits to our Named Executive Officers under our equity incentive plans upon a change in control or under the Change of Control Agreements upon a termination without cause or resignation for good reason following a change in control as described above, in any case based on assumptions

as if the change in control or termination had occurred on December 31, 2013. These amounts do not include benefits under our Pension Plan and Excess Benefit Plan that would be paid in connection with any retirement event, as described under Pension Benefits Table above.

(1) Represents the value of all unvested restricted stock and a prorated portion of performance shares at target level as of December 31, 2013.

There were no unvested options at December 31, 2013 for the Named Executive Officers. Acceleration of performance awards would be on a prorated basis and subject to the Compensation Committee determining that performance has been met through a shortened performance period ending before the closing of the change of control.

(2) Represents the value of separation benefits under the Employment Transition Agreements entered into in connection with planned terminations to ensure that Mr. Carpenter and Mr. Puente remained committed in their new roles or for a shorter transition as determined to be necessary.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During 2013, none of the Company's executive officers nor the Board served as a member of another entity's compensation committee or committee performing equivalent functions.

In 2012, the Board formally adopted a policy with respect to Related Person Transactions to document procedures pursuant to which such transactions are reviewed, approved or ratified. This superseded a general grant of authority to review and approve such transactions that had been a part of the Nominating and Corporate Governance Committee Charter for several years. The policy applies to any transaction in which (1) the Company is a participant, (2) any related person has a direct or indirect material interest and (3) the amount involved exceeds \$120,000, but generally excludes any transaction that would not require disclosure under Item 404(a) of Regulation S-K. The Nominating and Corporate Governance Committee is responsible for reviewing, approving and ratifying any related party transaction. The Nominating and Corporate Governance Committee intends to approve only those related person transactions that are in, or are not inconsistent with, the best interests of the Company and its stockholders. The Policy is available, without charge, from our Corporate Secretary and made available on our website in the Corporate Governance section.

Each year the Company submits and requires the directors and executive officers to complete director and officer questionnaires identifying transactions with the Company in which the director or executive officer or their family members have an interest. In addition, the Company has implemented an enhanced system so that proposed transactions of this nature are identified and reviewed in advance. The Company reviews these transactions due to the potential for a conflict of interest. A conflict of interest occurs when an individual's private interest interferes, or appears to interfere, in any way with the Company's interests. The Company's Code of Ethics requires all directors, executive officers and employees who may have a potential or apparent conflict of interest to immediately notify our Senior Vice President, General Counsel and Chief Compliance Officer.

Directors, executive officers and employees of the Company are expected to act and make decisions that are in the best interests of the Company. Directors, executive officers and employees are prohibited from taking any action that may make it difficult for them to perform their duties, responsibilities and services for the Company in an objective and fair manner. In addition, the Company prohibits personal loans to, or guaranteeing the personal obligations of, any director or executive officer.

A copy of the Company's Code of Ethics is available at www.epelectric.com.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth, as of March 31, 2014 (except as indicated in the footnote to the table), certain information regarding ownership of Common Stock by (i) each person known to the Company to own beneficially more than 5% of its Common Stock; (ii) each of the current directors, including

those who have been nominated to serve as Class II Directors of the Company; (iii) the Named Executives; and (iv) all directors and executive officers of the Company as a group (18 persons).

6.2 Award Agreement. Each Option grant shall be evidenced by an Award Agreement that shall specify the Option Price, the maximum duration of the Option, the number of Shares to which the Option pertains, the conditions upon which an Option shall become vested and exercisable, and such other provisions as the Committee shall determine which are not inconsistent with the terms of this Plan. 6.8 Termination of Employment. Each Participant's Award Agreement shall set forth the extent to which the Participant shall have the right to exercise the Option following termination of the Participant's employment or provision of services to the Company, its Affiliates, and/or its Subsidiaries, as the case may be. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with each Participant, need not be uniform among all Options issued pursuant to this Article 6, and may reflect distinctions based on the reasons for termination. Unless otherwise specified in the Award Agreement, if the employment with or service to the Company of the Participant terminates, each Option held by such Participant shall be exercisable, to the extent that such Option is exercisable on the effective date of such Participant's termination of employment or service, until and including the earliest to occur of (i) the date which is three (3) months (or such other period as set forth in the Award Agreement) after the effective date of such holder's termination of employment or service and (ii) the expiration date of the term of such Option; provided that, unless otherwise specified in the Award Agreement, if the Participant's employment with or service to the Company terminates by reason of death or Disability, each Option held by such Participant shall be exercisable, to the extent that such Option is exercisable on the effective date of such Participant's termination of employment or service, until and including the earliest to occur of (i) the date which is six (6) months (or such other period as set forth in the Award Agreement) after the effective date of such holder's termination of employment or service and (ii) the expiration date of the term of such Option.

6.10 No Other Feature of Deferral. No Option granted pursuant to this Plan shall provide for any feature for the deferral of compensation other than the deferral of recognition of income until the later of the exercise or disposition of the Option, or the time the stock acquired pursuant to the exercise of the Option first becomes substantially vested.

Article 7. Stock Appreciation Rights

7.1 Grant of SARs. Subject to the terms and conditions of this Plan, SARs may be granted to Participants at any time and from time to time as shall be determined by the Committee. Subject to the terms and conditions of this Plan, the Committee shall have complete discretion in determining the number of SARs granted to each Participant and, consistent with the provisions of this Plan, in determining the terms and conditions pertaining to such SARs.

The Grant Price for each grant of an SAR shall be determined by the Committee and shall be specified in the Award Agreement; provided, however, the Grant Price on the date of grant must be at least equal to one hundred percent (100%) of the FMV of the Shares as determined on the date of grant.

At the discretion of the Committee, the payment upon SAR exercise may be in cash, Shares, or any combination thereof, or in any other manner approved by the Committee in its sole discretion. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with Participants, need not be uniform among all SARs issued pursuant to this Plan, and may reflect distinctions based on the reasons for termination. Unless otherwise specified in the Award Agreement, if the employment with or service to the Company of the Participant terminates, each SAR held by such Participant shall be exercisable, to the extent that such SAR is exercisable, on the effective date of such Participant's termination of employment or service, until and including the earliest to occur of (i) the date which is three (3) months (or such other period as set forth in the Award Agreement) after the effective date of such holder's termination of employment or service and (ii) the expiration date of the term of such SAR; provided that, unless otherwise specified in the Award Agreement, if the Participant's employment with or service to the Company terminates by reason of death or Disability, each SAR held by such Participant shall be exercisable, to the extent that such SAR is exercisable on the effective date of such Participant's termination of employment or service, until and including the earliest to occur of (i) the date which is six (6) months (or such other period as set forth in the Award Agreement) after the effective date of such holder's termination of employment or service and (ii) the expiration date of the term of such SAR.

7.7 Other Restrictions. The Committee shall impose such other conditions and/or restrictions on any Shares received upon exercise of an SAR granted pursuant to this Plan as it may deem advisable or desirable. These restrictions may include, but shall not be limited to, a requirement that the Participant hold the Shares received upon exercise of an SAR for a specified period of time.

7.8 No Other Feature of Deferral. No SAR granted pursuant to this Plan shall provide for any feature for the deferral of compensation other than the deferral of recognition of income until the exercise of the SAR.

To the extent deemed appropriate by the Committee, the Company may retain the certificates representing Shares of Restricted Stock in the Company's possession until such time as all conditions and/or restrictions applicable to such Shares have been satisfied or lapse.

Except as otherwise provided in this Article 8 or in the applicable Award Agreement, Shares of Restricted Stock covered by each Restricted Stock Award shall become freely transferable by the Participant after all conditions and restrictions applicable to such Shares have been satisfied or lapse (including satisfaction of any applicable tax withholding obligations), and Restricted Stock Units shall be paid in cash, Shares, or a combination of cash and Shares as the Committee, in its sole discretion shall determine.

The Committee also has the authority to provide for accelerated vesting of any Award based on the achievement of performance goals pursuant to the Performance Measures specified in this Article 12.

12.2 Evaluation of Performance. The Committee may provide in any such Award that any evaluation of performance may include or exclude any of the following events that occur during a Performance Period: (a) asset write-downs; (b) litigation or claim judgments or settlements; (c) the effect of changes in tax laws, accounting principles, or other laws or provisions affecting reported results; (d) any reorganization and restructuring programs; (e) extraordinary nonrecurring items as described in Accounting Principles Board Opinion No. 30 and/or in management's discussion and analysis of financial condition and results of operations appearing in the Company's annual report to shareholders for the applicable year; (f) acquisitions or divestitures; and (g) foreign exchange gains and losses. To the extent such inclusions or exclusions affect Awards to Covered Employees, they shall be prescribed in a form that meets the requirements of Code Section 162(m) for deductibility.

12.3 Adjustment of Performance-Based Compensation. Awards that are intended to qualify as Performance-Based Compensation may not be adjusted upward. The Committee shall retain the discretion to adjust such Awards downward, either on a formula or discretionary basis, or any combination as the Committee determines.

12.4 Committee Discretion. In the event that applicable tax and/or securities laws change to permit Committee discretion to alter the governing Performance Measures without obtaining shareholder approval of such changes, the Committee shall have sole discretion to make such changes without obtaining shareholder approval provided the exercise of such discretion does not violate Code Section 409A. In addition, in the event that the Committee determines that it is advisable to grant Awards that shall not qualify as Performance-Based Compensation, the Committee may make such grants without satisfying the requirements of Code Section 162(m) and base vesting on Performance Measures other than those set forth in Section 12.1.

Article 13. Non-employee Director Awards

13.1 Eligibility. Each Non-employee Director shall receive a Restricted Stock Award in accordance with this Article 13.

13.2 Restricted Stock Awards. Unless the Committee determines otherwise, on the date of each annual meeting of shareholders of the Company, the following Restricted Stock Awards shall be made to each person who is a Non-employee Director immediately after such meeting of shareholders:

- (a) Each Non-employee Director shall receive a Restricted Stock Award of three thousand five hundred (3,500) Shares;
- (b) The Chairman of the Board shall receive an additional award of \$150,000 paid in cash or restricted stock.

If a person first becomes a Non-employee Director (other than through a termination of employment) on a date other than an annual meeting of shareholders of the Company, the above amounts shall be prorated based on the portion of the year for which services are provided.

13.3 Period of Restriction for Awards. Unless the Committee determines otherwise, and unless the Restricted Stock Awards vest earlier pursuant to Article 17 herein, Restricted Stock Awards shall become one hundred percent (100%) vested on the date of the first anniversary of the date of grant, provided that the Non-employee Director continues service on the Board through such first anniversary.

13.4 Changes to Non-employee Director Awards. The Committee shall have full discretion, without subsequent shareholder approval, to change grant practices for Non-employee Directors, including but not limited to the persons eligible to receive Awards, the size of the Awards, the form of the Awards, and the terms and conditions of such Awards. The Committee shall have the discretion to provide any Non-Employee Director the opportunity to receive Awards under the Plan in lieu of all or part of the cash retainer and any meeting fees that would otherwise be payable to such Non-Employee Director.

Article 14. Dividend Equivalents

Any Participant selected by the Committee may be granted dividend equivalents based on the dividends declared on Shares that are subject to any Award, to be credited as of dividend payment dates during the period between the date the Award is granted and the date the Award is exercised, vests, or expires, as determined by the Committee. Such dividend equivalents shall be converted to cash or additional Shares by such formula and at such time and subject to such limitations as may be determined by the Committee; provided, however, that no dividend equivalents may be granted on any Award of stock Options or SARs. Any dividends or dividend equivalents on Performance Shares or Performance Units shall only be paid if and to the extent the underlying Award becomes earned and vested.

Article 15. Beneficiary Designation

Each Participant under this Plan may, from time to time, name any beneficiary or beneficiaries (who may be named contingently or successively) to whom any benefit under this Plan is to be paid in case of his death before he receives any or all of such benefit. Each such designation shall revoke all prior designations by the same Participant, shall be in a form prescribed by the Committee, and will be effective only when filed by the Participant in writing with the Company during the Participant's lifetime. In the absence of any such beneficiary designation, benefits remaining unpaid or rights remaining unexercised at the Participant's death shall be paid to or exercised by the Participant's executor, administrator, or legal representative.

Article 16. Rights of Participants

16.1 Employment. Nothing in this Plan or an Award Agreement shall interfere with or limit in any way the right of the Company, its Affiliates, and/or its Subsidiaries to terminate any Participant's employment or service on the Board or to the Company at any time or for any reason not prohibited by law, nor confer upon any Participant any right to continue his employment or service as a Director for any specified period of time.

Neither an Award nor any benefits arising under this Plan shall constitute an employment contract with the Company, its Affiliates, and/or its Subsidiaries and, accordingly, subject to Articles 3 and 18, this Plan and the benefits hereunder may be terminated at any time in the sole and exclusive discretion of the Committee without giving rise to any liability on the part of the Company, its Affiliates, and/or its Subsidiaries.

16.2 Participation. No individual shall have the right to be selected to receive an Award under this Plan, or, having been so selected, to be selected to receive a future Award.

16.3 Rights as a Shareholder. Except as otherwise provided herein, a Participant shall have none of the rights of a shareholder with respect to Shares covered by any Award until the Participant becomes the record holder of such Shares.

Article 17. Change in Control

Notwithstanding any other provision of this Plan to the contrary, the provisions of this Article 17 shall apply in the event of a Change in Control, unless otherwise determined by the Committee in connection with the grant of an Award as reflected in the applicable Award Agreement.

- (a) All outstanding Options and Stock Appreciation Rights shall become immediately vested and exercisable;
- (b) All Restricted Stock and Restricted Stock Units shall become immediately vested and payable; and
- (c) The Performance Period applicable to Performance Shares and Performance Units shall end upon the occurrence of a Change in Control in the manner and on the date determined by the Committee in its sole discretion. The performance goals associated with such awards shall be measured based on performance achieved through the end of such shortened Performance Period and such awards shall become vested and payable on a prorated basis to reflect the shortened Performance Period, with the remaining portion of the awards terminating.

The Committee may, in its sole discretion, determine that any or all outstanding Awards granted under the Plan, whether or not exercisable, will be canceled and terminated and that in connection with such cancellation and termination the holder of such Award may receive for each Share of common stock subject to such Awards a cash payment (or the delivery of shares of stock,

other securities or a combination of cash, stock and securities equivalent to such cash payment) equal to the difference, if any, between the consideration received by shareholders of the Company in respect of a Share of common stock in connection with such transaction and the purchase price per share, if any, under the Award multiplied by the number of Shares of common stock subject to such Award; provided that if such product is zero or less or to the extent that the Award is not then exercisable, the Awards may be canceled and terminated without payment therefore.

Article 18. Amendment, Modification, Suspension, and Termination

18.1 Amendment, Modification, Suspension, and Termination. Subject to Section 18.3, the Committee may, at any time and from time to time, alter, amend, modify, suspend, or terminate this Plan and any Award Agreement in whole or in part; provided, however, that without the prior approval of the Company's shareholders and except as provided in Section 4.4, Options or SARs issued under this Plan will not be repriced, replaced (with any other Awards), or regranted through cancellation or exchange for other Awards or by lowering the Option Price of a previously granted Option or the Grant Price of a previously granted SAR nor will any outstanding underwater Options or SARs under the Plan be purchased for cash. No amendment of this Plan shall be made without shareholder approval if shareholder approval is required by law, regulation, or stock exchange rule.

18.2 Adjustment of Awards Upon the Occurrence of Certain Unusual or Nonrecurring Events. The Committee may make adjustments in the terms and conditions of, and the criteria included in, Awards in recognition of unusual or nonrecurring events (including, without limitation, the events described in Section 4.4 hereof) affecting the Company or the financial statements of the Company or of changes in applicable laws, regulations, or accounting principles, whenever the Committee determines that such adjustments are appropriate in order to prevent unintended dilution or enlargement of the benefits or potential benefits intended to be made available under this Plan. The determination of the Committee as to the foregoing adjustments, if any, shall be conclusive and binding on Participants under this Plan.

18.3 Awards Previously Granted. Notwithstanding any other provision of this Plan to the contrary (other than Section 18.4), no termination, amendment, suspension, or modification of this Plan or an Award Agreement shall adversely affect in any material way any Award previously granted under this Plan without the written consent of the Participant holding such Award.

18.4 Amendment to Conform to Law. Notwithstanding any other provision of this Plan to the contrary, the Board of Directors may amend the Plan or an Award Agreement, to take effect retroactively or otherwise, as deemed necessary or advisable for the purpose of conforming the Plan or an Award Agreement to any present or future law relating to plans of this or similar nature (including, but not limited to, Code Section 409A), and to the administrative regulations and rulings promulgated thereunder.

Article 19. Withholding

19.1 Tax Withholding. The Company shall have the power and the right to deduct or withhold, or require a Participant to remit to the Company, the minimum statutory amount to satisfy federal, state, and local taxes, domestic or foreign, required by law or regulation to be withheld with respect to any taxable event arising as a result of this Plan.

19.2 Share Withholding. With respect to withholding required upon the exercise of Options or SARs, upon the lapse of restrictions on Restricted Stock and Restricted Stock Units, or upon the achievement of performance goals related to Performance Shares or any other taxable event arising as a result of an Award granted hereunder, Participants may elect, subject to the approval of the Committee, to satisfy the withholding requirement, in whole or in part, by having the Company withhold Shares having a Fair Market Value on the date the tax is to be determined equal to the minimum statutory total tax that could be imposed on the transaction. All such elections shall be irrevocable, made in writing, and signed by the Participant, and shall be subject to any restrictions or limitations that the Committee, in its sole discretion, deems appropriate.

Article 20. Successors

All obligations of the Company under this Plan with respect to Awards granted hereunder shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all of the business and/or assets of the Company.

Article 21. General Provisions

21.1 Forfeiture Events. The Committee may specify in an Award Agreement that the Participant's rights, payments, and benefits with respect to an Award shall be subject to reduction, cancellation, forfeiture, or recoupment upon the occurrence of certain specified events, in addition to any otherwise applicable vesting or performance conditions of an Award. Such events may include, but shall not be limited to, termination of employment for cause, termination of the Participant's provision of services to the Company, Affiliate, and/or Subsidiary, violation of material Company, Affiliate, and/or Subsidiary policies, breach of noncompetition, confidentiality, or other restrictive covenants that may apply to the Participant, or other conduct by the Participant that is detrimental

to the business or reputation of the Company, its Affiliates, and/or its Subsidiaries.

21.2 Legend. The certificates for Shares may include any legend which the Committee deems appropriate to reflect any restrictions on transfer of such Shares.

21.3 Gender and Number. Except where otherwise indicated by the context, any masculine term used herein also shall include the feminine, the plural shall include the singular, and the singular shall include the plural.

21.4 Severability. In the event any provision of this Plan shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining parts of this Plan, and this Plan shall be construed and enforced as if the illegal or invalid provision had not been included.

21.5 Requirements of Law. The granting of Awards and the issuance of Shares under this Plan shall be subject to all applicable laws, rules, and regulations, and to such approvals by any governmental agencies or national securities exchanges as may be required.

21.6 Delivery of Title. The Company shall have no obligation to issue or deliver evidence of title for Shares issued under this Plan prior to:

- (a) Obtaining any approvals from governmental agencies that the Company determines are necessary or advisable; and
- (b) Completion of any registration or other qualification of the Shares under any applicable national or foreign law or ruling of any governmental body that the Company determines to be necessary or advisable.

21.7 Inability to Obtain Authority. The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

21.8 Investment Representations. The Committee may require any individual receiving Shares pursuant to an Award under this Plan to represent and warrant in writing that the individual is acquiring the Shares for investment and without any present intention to sell or distribute such Shares.

21.9 Employees Based Outside of the United States. Notwithstanding any provision of this Plan to the contrary, in order to comply with the laws in other countries in which the Company, its Affiliates, and/or its Subsidiaries operate or have Employees or Directors, the Committee, in its sole discretion, shall have the power and authority to:

- (a) Determine which Affiliates and Subsidiaries shall be covered by this Plan.
- (b) Determine which Employees and/or Directors outside the United States are eligible to participate in this Plan.
- (c) Modify the terms and conditions of any Award granted to Employees and/or Directors outside the United States to comply with applicable foreign laws.
- (d) Establish subplans and modify exercise procedures and other terms and procedures, to the extent such actions may be necessary or advisable. Any subplans and modifications to Plan terms and procedures established under this Section 21.9 by the Committee shall be attached to this Plan document as appendices.
- (e) Take any action, before or after an Award is made, that it deems advisable to obtain approval or comply with any necessary local government regulatory exemptions or approvals.

Notwithstanding the above, the Committee may not take any actions hereunder, and no Awards shall be granted, that would violate applicable law.

21.10 Uncertificated Shares. To the extent that this Plan provides for issuance of certificates to reflect the transfer of Shares, the transfer of such Shares may be effected on a noncertificated basis, to the extent not prohibited by applicable law or the rules of any stock exchange.

21.11 Unfunded Plan. Participants shall have no right, title, or interest whatsoever in or to any investments that the Company, and/or its Subsidiaries, and/or its Affiliates may make to aid it in meeting its obligations under this Plan. Nothing contained in this Plan, and no action taken pursuant to its provisions, shall create or be construed to create a trust of any kind, or a fiduciary

relationship between the Company and any Participant, beneficiary, legal representative, or any other individual. To the extent that any individual acquires a right to receive payments from the Company, its Subsidiaries, and/or its Affiliates under this Plan, such right shall be no greater than the right of an unsecured general creditor of the Company, a Subsidiary, or an Affiliate, as the case may be. All payments to be made hereunder shall be paid from the general funds of the Company, a Subsidiary, or an Affiliate, as the case may be and no special or separate fund shall be established and no segregation of assets shall be made to assure payment of such amounts except as expressly set forth in this Plan.

21.12 No Fractional Shares. No fractional Shares shall be issued or delivered pursuant to this Plan or any Award. The Committee shall determine whether cash, Awards, or other property shall be issued or paid in lieu of fractional Shares or whether such fractional Shares or any rights thereto shall be forfeited or otherwise eliminated.

A-16 [El Paso Electric Company 2014 Proxy Statement](#)

21.13 Retirement and Welfare Plans. Neither Awards made under this Plan nor Shares or cash paid pursuant to such Awards may be included as compensation for purposes of computing the benefits payable to any Participant under the Company's or any Subsidiary's or Affiliate's retirement plans (both qualified and non-qualified) or welfare benefit plans unless such other plan expressly provides that such compensation shall be taken into account in computing a Participant's benefit.

21.14 Deferred Compensation. It is intended that any Award made under this Plan that results in the deferral of compensation (as defined under Code Section 409A) complies with the requirements of Code Section 409A.

21.15 Nonexclusivity of this Plan. The adoption of this Plan shall not be construed as creating any limitations on the power of the Board or Committee to adopt such other compensation arrangements as it may deem desirable for any Participant.

21.16 No Constraint on Corporate Action. Nothing in this Plan shall be construed to: (i) limit, impair, or otherwise affect the Company's or a Subsidiary's or an Affiliate's right or power to make adjustments, reclassifications, reorganizations, or changes of its capital or business structure, or to merge or consolidate, or dissolve, liquidate, sell, or transfer all or any part of its business or assets; or (ii) limit the right or power of the Company or a Subsidiary or an Affiliate to take any action which such entity deems to be necessary or appropriate.

21.17 Governing Law. The Plan and each Award Agreement shall be governed by the laws of the state of Texas, excluding any conflicts or choice of law rule or principle that might otherwise refer construction or interpretation of this Plan to the substantive law of another jurisdiction. Unless otherwise provided in the Award Agreement, recipients of an Award under this Plan are deemed to submit to the exclusive jurisdiction and venue of the federal or state courts of Texas, to resolve any and all issues that may arise out of or relate to this Plan or any related Award Agreement.

21.18 Indemnification. Subject to requirements of Texas law, each individual who is or shall have been a member of the Board, or a Committee appointed by the Board, shall be indemnified and held harmless by the Company against and from any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by him or her in connection with or resulting from any claim, action, suit, or proceeding to which he or she may be a party or in which he or she may be involved by reason of any action taken or failure to act under this Plan and against and from any and all amounts paid by him or her in settlement thereof, with the Company's approval, or paid by him or her in satisfaction of any judgment in any such action, suit, or proceeding against him or her, provided he or she shall give the Company an opportunity, at its own expense, to handle and defend the same before he or she undertakes to handle and defend it on his/her own behalf, unless such loss, cost, liability, or expense is a result of his/her own willful misconduct or except as expressly provided by statute.

The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such individuals may be entitled under the Company's Articles of Incorporation, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.
