PROXY STATEMENT

We furnish this proxy statement in connection with the solicitation of proxies by our board of directors for use at our 2003 Annual Meeting of Stockholders, or any postponement or adjournment of the meeting. We will hold the annual meeting at 10:30 a.m. on Thursday, May 15, 2003 on the 7th Floor of the AutoNation Tower, 110 S.E. 6th Street, Fort Lauderdale, Florida 33301.

We mailed this proxy statement, the notice of annual meeting, the proxy card and our annual report to our stockholders on or about April 7, 2003.

Record Date

Only stockholders of record at the close of business on March 16, 2003 may vote at the annual meeting.

Shares Outstanding and Voting Rights

The only voting stock of our company currently outstanding is our common stock. As of the close of business on March 16, 2003, there were 161,180,274 shares of common stock outstanding. Each share of common stock issued and outstanding is entitled to one vote on each of the matters properly presented at the annual meeting.

Proxy Procedure

Proxies properly executed and returned in a timely manner will be voted at the annual meeting according to the voting instructions noted on the proxies. Proxies without voting instructions will be voted to elect the individuals nominated as directors in this proxy statement, for the proposals set forth in the notice of annual meeting, and in the best judgment of the persons acting under the proxies on other matters presented for a vote. Any stockholder giving a proxy has the power, at any time before it is voted, to revoke it in person at the annual meeting, by written notice to the secretary of our company at the address above, or by delivery to the secretary of our company of a later-dated proxy.

The inspector of elections appointed for the meeting will tabulate the votes cast by proxy or in person at the annual meeting. The inspector will count these votes in determining whether or not a quorum is present. A majority of the shares entitled to vote, represented in person or by proxy, will constitute a quorum for the transaction of business at the annual meeting. Abstentions and broker shares, which are shares held in street name, that are voted as to any matter at the meeting will be included in determining the number of shares present or represented at the annual meeting. Broker shares that are not voted on any matter at the annual meeting will not be included in determining the number of shares present or represented at the annual meeting.

Voting Requirements

Each director will be elected by the affirmative vote of a plurality of the votes cast by the shares of common stock present at the annual meeting, in person or by proxy, and

entitled to vote on the election of directors. The affirmative vote of the holders of a majority of our common stock present at the annual meeting, in person or by proxy, and entitled to vote, is required (a) to approve and adopt the Executive Incentive Plan, (b) to approve the adjournment of the annual meeting to solicit additional proxies in the event there are not sufficient votes to approve either of the foregoing proposals, and (c) to approve any other matter duly brought to a vote at the annual meeting.

Broker shares that are not voted on a particular proposal at the annual meeting will have no effect on that matter. Abstentions from voting on a particular proposal will have the effect of votes against the particular proposal.

Costs of Solicitation

Our board of directors will solicit proxies by mail. Our directors, officers and a small number of other employees of our company may also solicit proxies personally or by mail, telephone, or otherwise. We will not compensate these persons for their solicitation. We will request brokerage firms, banks, fiduciaries, voting trustees or other nominees to forward the soliciting material to each beneficial owner of stock held of record by them. We have hired Georgeson Shareholder to coordinate the solicitation of proxies by and through these holders for a fee of approximately \$8,500.00 plus expenses. We will bear the entire cost of the solicitation.

BOARD OF DIRECTORS

The board of directors develops our business strategy, establishes our overall policies and standards, and reviews the performance of management in executing our business strategy and implementing our policies and standards. We keep directors informed of our operations at meetings and through reports and analyses presented to the board of directors and committees of the board. Significant communications between the directors and management also occur apart from meetings of the board of directors and committees of the board.

Meetings and Committees of the Board of Directors

The board of directors held five meetings and took five actions by unanimous written consent during 2002. Each incumbent director attended at least 80% of the total number of meetings of the board of directors and the total number of meetings held by all committees of the board on which he served.

The board of directors has established four committees: the executive committee, the audit committee, the compensation committee, and the nominating and corporate governance committee.

The executive committee consists of Messrs. Huizenga, Hudson and O'Connor. The executive committee has full authority to exercise all the powers of the board of directors between meetings of the board of directors, except as reserved by the board of directors.

The executive committee does not have the power to elect or remove executive officers, approve a merger of our company, recommend a sale of substantially all of our assets, recommend a dissolution of our company, amend our certificate of incorporation or by-laws, declare dividends on our outstanding securities, or, except as authorized by the board of directors, issue any common stock or preferred stock. The board of directors has given the executive committee authority to approve acquisitions, borrowings, guarantees or other transactions not involving more than \$50 million in cash, securities or other consideration. The executive committee took 21 actions by unanimous written consent during 2002.

The audit committee consists of Messrs. Croghan (Chairman), Rodriguez and Sorensen. The three members of the audit committee meet the independence, education

and experience requirements of the Sarbanes-Oxley Act and the rules and regulations promulgated in accordance therewith, and of the New York Stock Exchange.

The audit committee assists the board of directors in monitoring (1) the integrity of our financial statements, (2) our compliance with legal and regulatory requirements, and (3) the independence and performance of our internal and external auditors. Furthermore, the audit committee has the ultimate authority and responsibility to select, evaluate and, where appropriate, terminate and replace the independent auditor. The audit committee operates under a written charter adopted by the board of directors. This charter was amended and restated by our board of directors during 2002 and again in 2003. A copy of our current Audit Committee Charter is attached to this Proxy Statement as Exhibit A. The audit committee held six meetings during 2002.

The compensation committee consists of Messrs. Sorensen (Chairman), Croghan and Rodriguez. The three members of the compensation committee are independent as that term is defined under Sarbanes-Oxley and the rules and regulations promulgated in accordance therewith, and in the listing standards of the New York Stock Exchange.

The compensation committee reviews our company's compensation philosophy and programs, exercises authority with respect to the payment of salaries and incentive compensation to directors who are not members of the compensation committee and to executive officers, and administers our company's stock incentive plan. The compensation committee operates under a written charter adopted by the board of directors. The compensation committee held eight meetings during 2002 and took two actions by unanimous written consent.

The nominating and corporate governance committee was formed in late 2002, although previously our audit committee also had responsibility as our nominating committee. The nominating and corporate governance committee consists of Messrs. Rodriguez (Chairman), Croghan and Sorensen. The three members of the nominating and corporate governance committee are independent as that term is defined under Sarbanes-Oxley and the rules and regulations promulgated in accordance therewith, and in the listing standards of the New York Stock Exchange.

The nominating and corporate governance committee is responsible for soliciting recommendations for candidates for the board of directors, developing and reviewing background information for such candidates, and making recommendations to the board of directors with respect to candidates for directors proposed by shareholders. The nominating and corporate governance committee is also responsible for developing and recommending to the board of directors a set of corporate governance principles applicable to us. The nominating and corporate governance committee operates under a written charter adopted by the board of directors. The nominating and corporate governance committee will consider nominations from stockholders that are entitled to vote for the election of directors. See "Stockholder Proposals" on page 29 for more information.

EXECUTIVE COMPENSATION

The following statement made by the compensation committee of the board of directors of Republic Services, Inc. shall not be deemed incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, and shall not otherwise be deemed filed under either of these acts.

Executive Compensation Policies

The compensation committee of the board of directors is responsible for reviewing and approving executive compensation, including base salaries, bonuses, awards of stock options and awards under the company's long-term incentive plan. The compensation committee currently consists of Mr. Sorensen, the Chairman of the committee, and Messrs. Croghan and Rodriguez, each of whom is a non-employee director of our company.

Our executive compensation packages are designed to attract, motivate and retain executive talent. In determining the compensation of our executive officers, the committee takes into account factors, which it considers relevant. These factors include individual management performance during the year, consideration of industry trends and business conditions in general, as well as market compensation for executives of comparable background and experience.

During 2000, the committee engaged a compensation consulting firm to conduct a comprehensive review of executive compensation. This review was undertaken to determine whether the compensation packages afforded to our executive officers were competitive and/or complete when compared with similarly situated companies. As a result of this review, certain changes to the company's compensation program were implemented as further discussed below.

During 2002, the committee engaged another compensation consulting firm to conduct a further review of executive compensation. This further review was performed to insure that the compensation packages offered to our executive officers and directors remains competitive and complete when compared to similarly situated companies. The consulting firm was asked to review the current compensation packages for the company's top 25 officers and compare them with packages offered to officers at a targeted universe of peer group companies as established during the 2000 review. The analysis and development of findings took the consulting firm several weeks and entailed regular status review meetings with the committee. Ultimately, the consulting firm provided the committee with its findings and analysis, which were taken into account in determining the committee's policies and bases for compensating the company's executive officers and its chief executive officer.

The general structure of each executive compensation package remains primarily weighted toward incentive forms of compensation so that an executive officer's interests are aligned with the interests of the company's stockholders. The compensation packages have been designed based on recommendations received from the compensation consulting firm and are generally designed as follows:

1. *Salary.* The company's executive officers received salary increases effective as of January 1, 2002. These increases are designed to maintain base compensation for the company's executive officers in a competitive range with its peer group companies.

2. *Annual Bonus Program.* The annual bonus program is part of the cash compensation package available to our executive officers. For 2002, our executive officers were eligible to receive bonuses based upon achieving predetermined levels of (a) earnings per share and (b) free cash flow. Free cash flow is considered to be our (i) net income, plus (ii) depreciation, amortization and depletion, less (iii) capital expenditures, plus (iv) changes in working capital. During 2002, we achieved the predetermined levels of both earnings per share and free cash flow. Our executive officers were granted bonuses accordingly.

3. *Stock Options.* The annual grants under the company's stock option program in comparison to the peer group were considered more heavily weighted relative to the overall compensation package given to the company's executive officers and were reduced accordingly for 2000 and subsequent years.

During 2002, options to purchase 165,000 shares of our common stock, at an exercise price of \$17.40 per share, were granted to our executive officers under our 1998 Stock Incentive Plan. In addition, during 2002 we granted Mr. Cordesman options to purchase an additional 15,000 shares of common stock at an exercise price of \$18.10 per share. The exercise prices of these options are based on the closing prices of our common stock on the dates of grant. These options vest at the rate of 25% per year in each of the four years following the date of grant and expire ten years from the date of grant.

4. *Long-Term Incentive Plan.* To provide better balance in total compensation, the committee implemented a new long-term incentive plan effective January 1, 2001. While the long-term incentive plan compensates for the reduction in options granted under the company's stock option program, it is primarily intended to be a retention tool that also serves to align management's interests with those of the company's stockholders over an extended period of time. The long-term incentive plan is a three-year rolling plan based on performance periods of three calendar years each. A new performance period begins on January 1 of each year, starting in 2001, and payouts with respect to each performance period are scheduled following the end of the applicable period. The payouts are based upon achieving predetermined levels of (a) cash flow value creation, which we define as net income plus after-tax interest expense plus depreciation, depletion and amortization less capital charges (net average assets multiplied by our targeted weighted-average cost of capital), and (b) return on invested capital. The committee believes using these variables serves to align management's interests with the company's stockholders. The committee also believes these variables tie long-term compensation more directly to actual executive performance rather than measures based upon the vagaries of the stock market.

In 2002, after determining that one-time charges incurred in the fourth quarter of 2001 would preclude the executives from achieving the performance targets set at the beginning of 2001 for the three-year period ending December 31, 2003, our Compensation Committee revised the three-year performance period to a two-year performance period ending December 31, 2003 (thus eliminating the impact of 2001) and reduced the potential awards for such two-year performance period to equal two-thirds of the amounts originally granted for the three-year period. In 2002, our Compensation Committee also established new targets and awards under the plan for a new three-year period ending December 31, 2004.

Compensation of the Chief Executive Officer

In determining the 2002 compensation paid to Mr. O Connor, our Chief Executive Officer, the committee took into account his abilities, business experience and performance during the 2001 fiscal year. The committee's assessment of Mr. O Connor's performance included expanding our business, continuing to integrate acquired businesses, increasing profitability and maximizing stockholder value. During 2002, Mr. O Connor received a salary of \$790,000 and a bonus of \$995,400. Mr. O Connor also received options to purchase 60,000 shares of our common stock at an exercise price of \$17.40 per share and a target long-term incentive plan award in the amount of \$450,000. The committee believes that tying Mr. O Connor's remuneration to the objectives described above, including the performance of our common stock, will enhance our company's long-term performance and stability by providing Mr. O Connor with an incentive to meet these objectives.

Compensation Deduction Limitation

Section 162(m) of the Internal Revenue Code imposes a limitation on the deductibility of nonperformance-based compensation in excess of \$1 million paid to named executive officers. Except with respect to certain awards made under the annual and long-term incentive plans, which we have combined into the Executive Incentive Plan and are submitting for stockholder approval as part of this proxy statement, the committee currently believes that the company should be able to continue to manage its executive compensation program for named executive officers so as to preserve the related federal income tax deductions.

Summary

The committee believes that the company's executive compensation policies and programs serve the interests of the stockholders and the company effectively. The committee believes that the compensation packages provided to our named executive officers provide motivation for executives to contribute to the company's overall success and enhance stockholder value. The committee will continue to monitor the effectiveness of the company's compensation programs and will recommend changes, when appropriate, to meet the company's needs.

- (1) The options granted to the named executive officers (other than Mr. Hudson) become exercisable for 25% of the shares of common stock covered by such options on each of the first four successive anniversary dates of the date of grant. The options granted to Mr. Hudson are fully vested upon issuance.
- (2) The exercise price for the options listed in the table is the fair market value on the date of grant. The exercise price may be paid in cash, in shares of common stock valued at fair market value on the date of exercise or pursuant to a cashless exercise procedure under which the optionee provides instructions to a brokerage firm to sell the purchased shares and to remit to the company, out of the sale proceeds, an amount equal to the exercise price plus all required withholding taxes and other deductions.
- (3) The options listed in the table expire 10 years from the date of grant. An earlier expiration date may apply in the event of the optionee's termination of employment, retirement, death or disability.
- (4) These columns show the gains executives could realize if our company's stock appreciates at a 5% or 10% rate over the ten-year term of the option. These growth rates are arbitrary assumptions specified by the Securities and Exchange Commission and are not the company's predictions.

Compensation of Directors

During 2002, we paid each of our non-employee directors Messrs. Croghan, Rodriguez and Sorensen \$25,000 per year, and \$1,000 for each board or committee meeting that he attended. In addition, under our 1998 Stock Incentive Plan, as amended and restated March 6, 2002, we make an initial grant to each of our non-employee directors of non-qualified stock options to purchase 50,000 shares of our common stock when he or she is elected to the board of directors and annual grants to purchase 10,000 shares of our common stock. These options are immediately exercisable. As of March 16, 2003, we have granted options to purchase 1,700,000 shares of our common stock to our non-employee directors, including options to purchase 1,410,000 shares granted to Mr. Huizenga as described below. We also reimburse our non-employee directors for reasonable expenses incurred for attending board of director and committee meetings. We have not adopted any other policies regarding directors' compensation and benefits.

During 2002, our board of directors engaged Pearl Meyer & Partners to conduct a review of compensation payable to our directors. After reviewing the recommendation of Pearl Meyer and considering the effect of the Sarbanes-Oxley Act regarding the increased level of responsibility, liability and time commitment for directors, the executive committee of the board of directors decided to increase the annual retainer for our non-employee directors to \$30,000, to pay the chairman of each committee of the board of directors an

additional annual retainer of \$10,000 and to provide that, for each meeting of the board of directors and each meeting of any committee of the board of directors, each attendee be paid \$1,000 for each such meeting attended. These increases to our non-employee director compensation became effective January 1, 2003.

Prior to 2003, we compensated Mr. Huizenga, in his capacity as our Chairman, separate from our executive officers and non-employee directors. We granted Mr. Huizenga options to purchase 800,000 shares of our common stock in 1999 and have granted him options to purchase 200,000 shares of our common stock with respect to each year since 1999. These options become exercisable for 25% of the shares of common stock covered by such options on each of the first four successive anniversary dates of the date of grant. On December 31, 2002, Mr. Huizenga retired as our Chairman and remained on our board of directors. During 2003, Mr. Huizenga will be compensated for his service as a director in accordance with the compensation of our non-employee directors. As of March 16, 2003, we have granted options to purchase 1,410,000 shares of our common stock to Mr. Huizenga.

Employment Agreements

James E. O Connor. We entered into a three-year employment agreement with James E. O Connor to serve as our President and Chief Executive Officer, effective as of October 25, 2000 and as amended on January 31, 2003. The agreement will continue in effect on a rolling three year basis, meaning that at any time during the agreement, three years will remain in the term of the agreement. The agreement provides that Mr. O Connor will continue his service on our board of directors and that Mr. O Connor will be nominated for election to our board of directors at each annual meeting of stockholders during the term of the agreement. The agreement provides that Mr. O Connor will receive an annual base salary of \$510,000 for our 2000 fiscal year, \$650,000 for our 2001 fiscal year and \$790,000 for our 2002 fiscal year. Mr. O Connor's salary for any year after our 2002 fiscal year will be \$790,000 unless our board of directors expressly provides otherwise. Based on the board of directors' annual review of Mr. O Connor, the board determined to increase his annual base salary to \$840,000 per year effective August 1, 2003. Mr. O Connor's annual salary may be increased at any time at the discretion of our board of directors to reflect merit or for other increases.

In addition to his base salary, Mr. O Connor is eligible for an annual bonus of up to 60% of his annual base salary during the 2000 and 2001 fiscal years and for an annual bonus of up to 70% of his annual base salary during the 2002 fiscal year and thereafter, through the term of the agreement. Mr. O Connor's annual bonus is based on the achievement of corporate goals and objectives established by our board of directors or an appropriate committee of the board of directors. Under the agreement, Mr. O Connor is entitled to participate in our stock option plans and other employee compensation programs that we may establish. Mr. O Connor also is entitled to health, life and disability insurance and he may participate in other benefit programs that we may establish. Mr. O Connor is also entitled to be reimbursed annually for financial, estate and tax planning activities in an amount not to exceed two percent of his annual base salary.

Under the agreement, we may terminate Mr. O Connor at any time with or without cause and Mr. O Connor may at any time terminate his employment with or without good reason, in each case as defined in the agreement. If we terminate Mr. O Connor

without cause or if Mr. O Connor terminates his employment with good reason, then Mr. O Connor will be entitled to the following as severance payments:

Mr. O Connor will continue to receive his salary through the date of termination and afterwards for three years from the date of termination,

Mr. O Connor will continue to receive his health benefits for a period ending no later than the third anniversary of the date of termination,

all of Mr. O Connor's stock options or other stock grants will immediately vest in full and remain exercisable until the earlier of their expiration or three years from the date of termination,

all incentive cash grants shall immediately vest and be payable to Mr. O Connor as if all targets and conditions had been met, except where a specific service is required of Mr. O Connor for a specific period of time, in which case the maximum amount of the incentive cash grant will be payable on a pro rata basis, and

Mr. O Connor will be paid the balance of all amounts credited to his deferred compensation account.

Upon a change of control, as defined in the agreement, if, within two years after the change of control, Mr. O Connor's employment is terminated by us without cause or if Mr. O Connor terminates his employment with good reason, then we are required to pay Mr. O Connor:

the severance payments described above, paid in a single lump sum, and

three times the maximum annual bonus that Mr. O Connor would have been eligible to receive in the fiscal year when the termination occurred, paid in a single lump sum.

Under the agreement, Mr. O Connor is subject to confidentiality obligations, as well as non-compete and non-solicitation covenants, for a three-year period following the termination of his employment.

Any successor to our company will be required to assume and perform all of our covenants, agreements and obligations under the agreement.

Tod C. Holmes. We entered into a two-year employment agreement with Tod C. Holmes to serve as our Senior Vice President and Chief Financial Officer, effective as of October 25, 2000 and as amended on January 31, 2003. The agreement will continue in effect on a rolling two-year basis. The agreement provides that Mr. Holmes will receive an annual base salary of \$280,000 for our 2000 fiscal year, \$315,000 for our 2001 fiscal year and \$350,000 for our 2002 fiscal year. Mr. Holmes' salary for any year after our 2002 fiscal year will be \$350,000 unless our board of directors expressly provides otherwise. Based on our board of directors' annual review of Mr. Holmes, the board determined to increase his annual base salary to \$400,000 per year effective August 1, 2003. Mr. Holmes' annual salary may be increased at any time at the discretion of our board of directors to reflect merit or for other increases.

In addition to his base salary, Mr. Holmes is eligible for an annual bonus of up to 40% of his annual base salary during the 2000 and 2001 fiscal years and for an annual bonus of up to 50% of his annual base salary during the 2002 fiscal year and thereafter, through the term of the agreement. Mr. Holmes' annual bonus is based on the

achievement of corporate goals and objectives established by our board of directors or an appropriate committee of the board of directors. Under the agreement, Mr. Holmes is entitled to participate in our stock option plans and other employee compensation programs that we may establish. Mr. Holmes also is entitled to health, life, and disability insurance and he may participate in other benefit programs that we may establish. Mr. Holmes is also entitled to be reimbursed annually for financial, estate and tax planning activities in an amount not to exceed two percent of his annual base salary.

Under the agreement, we may terminate Mr. Holmes at any time with or without cause and Mr. Holmes may at any time terminate his employment with or without good reason, in each case as defined in the agreement. If we terminate Mr. Holmes without cause or if Mr. Holmes terminates his employment with good reason, then Mr. Holmes will be entitled to the following as severance payments:

Mr. Holmes will continue to receive his salary through the date of termination and afterwards for two years from the date of termination,

Mr. Holmes will continue to receive his health benefits for a period ending no later than the second anniversary of the date of termination,

all of Mr. Holmes' stock options or other stock grants will immediately vest in full and will remain exercisable until the earlier of their expiration or two years from the date of termination,

all incentive cash grants shall immediately vest and be payable to Mr. Holmes as if all targets and conditions had been met, except where a specific service is required of Mr. Holmes for a specific period of time, in which case the maximum amount of the incentive cash grant will be payable on a pro rata basis, and

Mr. Holmes will be paid the balance of all amounts credited to his deferred compensation account.

Upon a change of control, as defined in the agreement, if, within two years after the change of control, Mr. Holmes' employment is terminated by us without cause or if Mr. Holmes terminates his employment with good reason, then we are required to pay Mr. Holmes:

three times his annual salary, paid in a single lump sum,

three times the maximum annual bonus that Mr. Holmes would have been eligible to receive in the fiscal year when the termination occurred, paid in a single lump sum, and

the additional severance payments and benefits described above.

Under the agreement, Mr. Holmes is subject to confidentiality obligations, as well as non-compete and non-solicitation covenants, for a three-year period following the termination of his employment.

Any successor to our company will be required to assume and perform all of our covenants, agreements and obligations under the agreement.

David A. Barclay. We entered into a two-year employment agreement with David A. Barclay to serve as our Senior Vice President and General Counsel, effective as of October 25, 2000 and as amended on January 31, 2003. The agreement is substantially on

the same terms as Mr. Holmes' agreement, which is described above, except that Mr. Barclay will receive an annual base salary of \$225,000 for our 2000 fiscal year, \$260,000 for our 2001 fiscal year and \$300,000 for our 2002 fiscal year. Mr. Barclay's salary for any year after our 2002 fiscal year will be \$300,000 unless our board of directors expressly provides otherwise. Based on the board of directors' annual review of Mr. Barclay, the board determined to increase his annual base salary to \$325,000 effective August 1, 2003. Also, Mr. Barclay is eligible for an annual bonus of up to 35% of his annual base salary during the 2000 and 2001 fiscal years and for an annual bonus of up to 40% of his annual base salary during the 2002 fiscal year and thereafter, through the term of the agreement.

Michael J. Cordesman. We entered into a two-year employment agreement with Michael J. Cordesman to serve as our Chief Operating Officer, effective as of January 31, 2003, and as amended on February 28, 2003. The agreement is substantially on the same terms as Mr. Holmes' agreement, which is described above, except that Mr. Cordesman will receive an annual base salary of \$360,000 from February 28, 2003 until July 31, 2003, and an annual base salary of \$425,000 from August 1, 2003 until February 29, 2004. Mr. Cordesman's salary for any year after February 29, 2004 will be \$425,000 unless our board of directors expressly provides otherwise. Also, Mr. Cordesman is eligible for an annual bonus of up to 50% of his annual base salary during the 2003 fiscal year and thereafter, through the term of the agreement.

Harris W. Hudson. We entered into a six and one-half year employment agreement with Harris W. Hudson to serve as our Vice Chairman, effective as of July 31, 2001. Mr. Hudson will receive an annual base salary of \$500,000 for our 2001 and 2002 fiscal years, \$400,000 for our 2003 fiscal year, \$300,000 for our 2004 fiscal year, \$200,000 for our 2005 fiscal year, and \$100,000 for our 2006 and 2007 fiscal years. Unless earlier terminated in accordance with its terms, Mr. Hudson's agreement will expire on December 31, 2007.

Mr. Hudson will not participate in any bonus program. During the term of the agreement, Mr. Hudson is entitled to health, life and disability insurance. During the term of the agreement, Mr. Hudson will participate in our stock option plans on the same basis that our independent directors participate in these plans. Stock options previously granted to Mr. Hudson will continue to vest and be exercisable in accordance with the terms of the options granted.

Under the agreement, we may terminate Mr. Hudson at any time with or without cause and Mr. Hudson may terminate his employment with or without good reason, in each case as defined in the agreement. If we terminate Mr. Hudson without cause or if Mr. Hudson terminates his employment with good reason, then Mr. Hudson will be entitled to the following as severance payments:

Mr. Hudson will continue to receive his salary through the end of the term of the agreement,

Mr. Hudson will continue to receive his health benefits for a period ending no later than the third anniversary of the date of termination, and

all of Mr. Hudson's stock options will immediately vest in full and will remain exercisable until the earlier of their expiration or December 31, 2009.

Upon a change of control, as defined in the agreement, if, within two years after a change of control, Mr. Hudson's employment is terminated by us without cause or if

Mr. Hudson terminates his employment with good reason, and if Mr. Hudson so elects, we are required to pay to him the severance payments described above in a single lump sum.

Under the agreement, Mr. Hudson is subject to confidentiality obligations, as well as non-compete and non-solicitation covenants, for a three-year period following the termination of employment.

Any successor to the company will be required to assume and perform all of our covenants, agreements and obligations under the agreement.

Stock Incentive Plan

In July 1998, we adopted the Republic Services, Inc. 1998 Stock Incentive Plan to provide for the grant of options to purchase shares of common stock, stock appreciation rights and stock grants to employees, non-employee directors and consultants who are eligible to participate in the Stock Incentive Plan. The Stock Incentive Plan provides for the grant of options to employees and independent contractors at the discretion of our board of directors. Additionally, the Stock Incentive Plan provides for an automatic grant of an option to purchase 50,000 shares of common stock to each member of the board of directors who joins the board of directors as a non-employee director, and an additional automatic grant of an option to purchase 10,000 shares of common stock each fiscal year after the member joins the board if he remains as a board member. We have reserved 20,000,000 shares of common stock for issuance under the Stock Incentive Plan.

In May 2002, our stockholders approved and adopted an amendment and restatement of our Stock Incentive Plan to, among other things, increase the number of shares of our common stock subject to the Stock Incentive Plan to 27,000,000 shares. The amendment and restatement also eliminates the eligibility of consultants and independent contractors as participants in the Stock Incentive Plan.

As of March 16, 2003, we had options to purchase 12,272,116 shares of our common stock outstanding under our 1998 Stock Incentive Plan, as amended and restated March 6, 2002, and 9,477,821 shares remain available for grants and awards under our 1998 Stock Incentive Plan, as amended and restated March 6, 2002.

Long-Term Incentive Plan

In January 2001, we adopted the Republic Services, Inc. Long-Term Incentive Plan. Our key officers are eligible to participate in the plan. The plan tracks our performance over three-year periods beginning on January 1, 2001, with a new three-year period beginning on January 1 of each subsequent year. Cash payments under the long-term incentive plan will be made following the end of each three-year period based on the achievement of specified pre-set financial objectives that emphasize profitable growth, improved asset utilization, increased free cash flow and increased returns on invested capital. In 2002, after determining that one-time charges incurred in the fourth quarter of 2001 would preclude the executives from achieving the performance targets set at the beginning of 2001 for the three-year period ending December 31, 2003, our Compensation Committee revised the three-year performance period to a two-year performance period ending December 31, 2003 (thus eliminating the impact of 2001) and reduced the potential awards for such two-year performance period to equal two-thirds of the amounts originally granted for the three-year period. In 2002, our Compensation Committee also

established new targets and awards under the plan for a new three-year period ending December 31, 2004.

401(k) Plan

We have adopted a 401(k) Savings and Retirement Plan that qualifies for preferential tax treatment under section 401(a) of the Internal Revenue Code. Under the plan, all of our employees who are not covered by a collective bargaining agreement may participate in the plan following 90 days of service with the company. Our employees are permitted to contribute up to 15% of their salaries (up to a maximum contribution of \$12,000 per year). We match one-half of the first four percent of an employee's contributions under the plan in shares of our common stock. The match is made on a quarterly basis and is fully vested when made.

Supplemental Savings Plans

We have adopted the Republic Services, Inc. Supplemental Savings Plan Executive Salary Deferral Arrangement and the Republic Services, Inc. Supplemental Savings Plan Bonus Deferral Arrangement. These plans are designed to provide an opportunity for our key employees to participate in a retirement program that is similar to the provisions of our 401(k) plan without the restrictions of the Internal Revenue Code and the discrimination testing that prevents meaningful accumulations for key, highly compensated employees. Eligibility for the plan is determined by and at the discretion of the compensation committee. Participants elect to make pre-tax payroll-deducted salary and/or bonus deferrals to the respective plans at the beginning of each plan year at any percentage up to 25%. Where the company match was also restricted under the 401(k) plan (notably for employees earning in excess of \$200,000), a corresponding match amount in our common stock is available under this plan. This match is funded in the year after it is earned and is calculated based upon the formula of \$.50 for each dollar deferred up to a maximum of 4% of gross compensation inclusive of the amounts funded within the 401(k) plan, but not subject to IRS limitations.

Employee Stock Purchase Plan

We have adopted the Republic Services, Inc. Amended and Restated Employee Stock Purchase Plan. All of our employees who work at least 20 hours per week and have worked for us at least three months may voluntarily participate in the plan. During specified offering periods, these eligible employees may, through payroll deductions, buy whole and fractional shares of our common stock at a purchase price equal to 85% of the lower of (1) the fair market value of our common stock on the first day of the offering period and (2) the fair market value of our common stock on the last day of the offering period. Employees may sell the common stock purchased under the plan after they have owned the shares for at least 180 consecutive days.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Before our initial public offering on July 1, 1998, we had been a wholly-owned subsidiary of AutoNation. AutoNation currently owns no shares of our common stock. Mr. Huizenga is a member of the board of directors of AutoNation and a member of the board of directors of ANC Rental Corporation. Mr. Hudson is the Vice Chairman and a director of AutoNation. As a result, the following transactions between our company and AutoNation and ANC Rental Corporation may be deemed to be intercompany or related party transactions.

Separation and Distribution Agreement

The Separation and Distribution Agreement that we entered into with AutoNation in June 1998 provided for the principal corporate transactions required to effect our separation from AutoNation, and for other arrangements governing the future relationship between our company and AutoNation. The agreement provides for indemnification by each party in favor of the other party with respect to specified matters relating to the Separation and Distribution Agreement, our initial public offering and the secondary offering of our common stock owned by AutoNation. The Separation and Distribution Agreement also provides for indemnifications between our company and AutoNation regarding contingent liabilities primarily relating to our respective businesses or otherwise assigned to our company, and provides that the parties will each have the exclusive right to any benefit received with respect to any contingent gain that primarily relates to the business of that party, or that is expressly assigned to that party. Under the terms of the Separation and Distribution Agreement, AutoNation has agreed that, for a period of five years after we are no longer a subsidiary of AutoNation, AutoNation will not directly or indirectly compete with us in the solid waste services industry anywhere in North America, and we have agreed that, for a period of five years after that time, we will not directly or indirectly compete with AutoNation in the automotive retail or vehicle rental industries anywhere in North America.

Tax Indemnification and Allocation Agreement

In connection with our separation from AutoNation, we entered into a Tax Indemnification and Allocation Agreement with AutoNation that provides that AutoNation will indemnify us for income taxes that we might incur with respect to certain internal restructuring transactions that we entered into in June 1998 in connection with our initial public offering.

We were included in AutoNation's consolidated group for federal income tax purposes for periods during which AutoNation beneficially owned at least 80% of the total voting power and value of our outstanding common stock. Each corporation that is a member of a consolidated group during any portion of the group's tax year is jointly and severally liable for the federal income tax liability of the group for that year. We and our subsidiaries stopped being members of AutoNation's consolidated group when we became a public company in July 1998. The Tax Indemnification and Allocation Agreement allocates tax liabilities between AutoNation and our company during the periods when we were included in AutoNation's consolidated group, and provides each company rights of indemnification.

Lease

In July 1998, we signed a lease with a subsidiary of AutoNation for 10,800 square feet of office space at AutoNation's corporate headquarters in Fort Lauderdale, Florida. The annual lease rate is \$220,320 (\$20.40 per square foot), and we pay for certain common area maintenance charges.

Effective January 1999, we amended the lease to increase the space we are renting to 14,443 square feet at an annual rate of \$294,637 (\$20.40 per square foot). The lease had an initial term of one year which we renewed in July 1999 for an additional one year term through June 2000. The rent includes utilities, security, parking, building maintenance and cleaning services.

Effective April 4, 2000, we amended the lease further to increase the space we are renting to 29,217 square feet at an annual rate of \$20.40 per square foot through December 31, 2000, \$23.54 per square foot from January 1, 2001 through December 31, 2001 and thereafter increasing each year by 3% per square foot over the prior year's rate. On July 31, 2003, we further amended the lease to extend the term of the lease until September 10, 2010 and removed all rights to further extend the lease. In this amendment, the annual base rent was reduced to a rate of \$18.00 per square foot through the term of the lease. On September 16, 2003, we further amended the lease to increase the space we are renting by an additional 833 square feet.

We believe that the lease is on terms no less favorable than could be obtained from persons unrelated to our company.

Other Transactions with AutoNation and ANC Rental Corporation

During 2002, we collected solid waste from, and leased roll-off containers to, certain automotive retail and other properties of AutoNation. We provided all of these services at standard rates. We continue to provide these services to AutoNation on the same terms. During 2002, we rented vehicles from ANC Rental Corporation, under standard form vehicle rental agreements under which we were charged standard rates.

Other Transactions with Related Parties

The following is a summary of other agreements and transactions that we are involved in with related parties. It is our policy that transactions with related parties must be on terms that, on the whole, are no less favorable than those that would be available from unaffiliated parties. Based on our experience, it is our belief that all of these transactions met that standard at the time such transactions were effected.

Pro Player Stadium is a professional sports stadium in South Florida that is owned and controlled by Mr. Huizenga. One of our subsidiaries collected solid waste from, and leased roll-off waste containers to, Pro Player Stadium pursuant to standard agreements under which Pro Player Stadium paid an aggregate of \$293,392 in 2002.

INDEPENDENT PUBLIC ACCOUNTANTS

Our audit committee has chosen the firm of Ernst & Young LLP as independent public accountants of our company and its subsidiaries for the year ending December 31, 2003. Ernst & Young has been serving our company in this capacity since June 2002. Representatives of Ernst & Young are expected to be present at the annual meeting, will have the opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions.

As previously reported in our Current Report on Form 8-K filed with the Commission on June 24, 2002, on June 21, 2002 we dismissed our independent public accountants, Arthur Andersen, LLP and engaged the services of Ernst & Young LLP as our new independent public accountants for the fiscal year ending December 31, 2002. These actions followed our decision to seek proposals from independent accountants to audit our financial statements for the fiscal year ending December 31, 2002. The decision to dismiss Arthur Andersen and retain Ernst & Young was approved by our board of directors upon the recommendation of our Audit and Nominating Committee.

None of the audit reports of Arthur Andersen on our consolidated financial statements as of and for the fiscal years ended December 31, 2000 and 2001 contained an adverse opinion or a disclaimer of opinion nor was any such audit report qualified or modified as to uncertainty, audit scope or accounting principles.

During the fiscal years ended December 31, 2000 and 2001, and the subsequent interim period through June 21, 2002, there were no disagreements between us and Arthur Andersen on any matters of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to Arthur Andersen's satisfaction, would have caused Arthur Andersen to make reference to the subject matter of the disagreement in connection with its reports.

None of the reportable events described under Item 304(a)(1)(v) of Regulation S-K occurred within the fiscal years ended December 31, 2000 and 2001, or within the interim period through June 21, 2002.

A letter from Arthur Andersen to the Securities and Exchange Commission regarding our change of certifying accountant is attached as Exhibit 16.1 to our Current Report on Form 8-K filed on June 21, 2002.

During the fiscal years ended December 31, 2000 and 2001, and the subsequent interim period through June 21, 2002, the Company did not consult with Ernst & Young regarding any of the matters or events set forth in Item 304(a)(2)(i) and (ii) of Regulation S-K.

Fees for audit-related services generally include fees for statutory and pension audits, accounting consultations and SEC registration statements. There were no non-audit services conducted by Ernst & Young in 2002.

The audit committee of the board of directors believes that the provision of services described above under the caption "All Other Fees" is compatible with maintaining the independence of our independent public accountants.

Supplemental Audit Fee Information

During 2002, the Securities and Exchange Commission adopted new rules regarding disclosure of fees paid to our independent public accountants. As of the date of this Proxy Statement, these new rules are not effective, but we are providing the supplemental disclosure below, which is based on these new rules, for your information. The difference in reported fees under the new reporting requirements arises from a broader definition of audit fees and the inclusion of fees for services performed after year-end that are related to fiscal 2002.

Fees for professional services provided by Ernst & Young, our principal independent public accountants, during 2002, in each of the following categories are as follows:

	<u>2002</u>

\$641,657

Fees for audit services include fees associated with the annual audit, the review of our quarterly reports on Form 10-Q for the second and third quarters of 2002, comfort letters, and statutory audits required internationally. Audit-related fees primarily include accounting consultation related to adoption of new pronouncements and employee benefit plan audits.

AUDIT COMMITTEE REPORT

The following statement made by the audit committee shall not be deemed incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, and shall not otherwise be deemed filed under either of these acts.

Management is responsible for the company's internal controls, financial reporting processes and compliance with laws and regulations and ethical business standards. The independent auditor is responsible for performing an independent audit of the company's consolidated financial statements in accordance with generally accepted auditing standards and issuing a report thereon. The audit committee's responsibility is to monitor and oversee these processes on behalf of the board of directors.

In this context, the audit committee has reviewed and discussed the audited financial statements with management and the independent auditors. The audit committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

In addition, the audit committee has received from the independent auditors the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed with them their independence from the company and its management. The audit committee has considered whether the independent auditors' provision of audit-related and other non-audit services to the company is compatible with maintaining the auditors' independence.

Finally, the audit committee has evaluated the independent auditors' role in performing an independent audit of the company's financial statements in accordance with generally accepted auditing standards and applicable professional and firm auditing standards, including quality control standards. The audit committee has received assurances from the independent auditors that the audit was subject to its quality control system for its accounting and auditing practice in the United States. The independent auditors have further assured the audit committee that its engagement was conducted in compliance with professional standards and that there was appropriate continuity of personnel working on the audit, availability of national office consultation to conduct the relevant portions of the audit, and availability of personnel at foreign affiliates to conduct the relevant portions of the audit.

In reliance on the reviews, discussions and evaluations referred to above, the audit committee recommended to the board of directors that the audited financial statements be included in the company's annual report on Form 10-K for the fiscal year ended December 31, 2002 for filing with the Securities and Exchange Commission. By recommending to the board of directors that the audited financial statements be so included, the audit committee is not opining on the accuracy, completeness or presentation of the information contained in the audited financial statements.

It is the intention of the persons named in the enclosed form of proxy to vote the proxies they receive for the election of the nominees named below, unless a particular proxy withholds authorization to do so or provides other contrary instructions. Each of the nominees has indicated that he is willing and able to serve as a director. PROPOSAL 2

APPROVAL OF EXECUTIVE INCENTIVE PLAN

The board of directors has adopted and recommends that the stockholders approve and adopt the Executive Incentive Plan. The complete text of the Executive Incentive Plan is attached to this Proxy Statement as Exhibit B. The principal features of the Executive Incentive Plan are summarized below. This description is qualified in its entirety by reference to Exhibit B.

General Information

Our board of directors believes that our future growth and success depends, in large part, upon our ability to attract, motivate and retain competitively superior executive officers, and that short-term and long-term incentives have been and will continue to be an important element in achieving this goal, thereby promoting our long-term growth and profitability. Accordingly, on April 26, 2001, our board of directors adopted our Long-Term Incentive Plan effective January 1, 2001. The Long-Term Incentive Plan has been

amended, restated and renamed the Executive Incentive Plan (the Plan), effective January 1, 2003. The purpose of the Plan is to provide an additional incentive to attract, motivate and retain executive officers with outstanding abilities and skills who provide important services to our company and upon whose efforts and judgment our success depends, by affording such persons the opportunity to earn short-term and long-term incentives.

Summary of the Executive Incentive Plan

The Plan authorizes the granting of annual awards and long-term awards to executive officers selected from time to time by the compensation committee of our board of directors to participate in the plan. Annual awards are designed to recognize the annual achievement by a participant of short-term goals and objectives of the company. Long-term awards are designed to recognize the impact of the participant upon the achievement by the company of longer term success in enhancing shareholder values. The term executive officer means the chief executive officer, chief operating officer, chief financial officer, general counsel of the company or a controller, corporate vice president, regional vice president, regional controller, regional manager or area president of the company.

If a participant satisfies the performance goals during the applicable performance period, the applicable award will be paid to the participant in a lump sum cash payment. The maximum award that may be paid to a participant in any one plan year is \$2,500,000.

Generally, the performance period for an annual award is one calendar year, unless the compensation committee determines otherwise in advance of granting the annual award. Generally, the performance period for a long-term award is a period of three calendar years, unless the compensation committee determines otherwise in advance of granting a long term award.

Performance goals for each participant must be established in writing during the first 90 days of the applicable performance period. The performance goal of each participant may be based upon one or more of certain performance measures. Performance measures means one or more of the following selected by the compensation committee to measure company and/or business unit performance for a performance period: net income; basic or diluted earnings per share; net revenues; gross profit; free cash flow, income before income taxes; economic profit; return on assets; return on funds employed and return on equity, each as determined in accordance with generally accepted accounting principles, where applicable.

The Plan provides that it is to be administered by the compensation committee. The compensation committee may in its sole discretion determine the executive officers to be granted awards and the performance goals that must be satisfied by the participant to receive payment of the award. Our chief executive officer may recommend to the compensation committee executive officers for participation in the Plan and target levels for such participants. The compensation committee has full power and authority to interpret the Plan, to prescribe, amend, and rescind any rules relating to the Plan, and to make all other determinations necessary or advisable for the administration of the Plan.

A participant who voluntarily terminates employment prior to the date of a payment of an award or who voluntary terminates employment prior to the mid-point of a performance period shall forfeit all rights or interests in any award for the applicable performance period. A participant whose employment is terminated without cause after the

mid-point of a performance period shall be entitled to be paid a pro-rata amount equal to the award payment the compensation committee determined would have been paid to the participant under the Plan had the participant's employment continued to the end of the performance period. A participant whose employment is terminated for cause prior to the date of payment of an award for any performance period shall forfeit all rights or interests in any award for such performance period. If a participant's employment is terminated by reason of the participant's death, retirement or disability, the company must pay the participant (or the participant's estate or beneficiary in the event of death) an amount equal to the award payment that would have been paid to the participant had his or her employment continued to the end of the applicable performance period. Such payment shall be made after the end of the applicable performance period.

In the event of a change in control of the company, the company must pay 100% of the participant's target award for the performance period during which the change in control occurs. Payment of such award must be made within ten days following the change in control.

The compensation committee may amend or terminate the Plan at any time, provided that (i) no amendment may be made after the date on which an executive officer is selected as a participant for a performance period that would adversely affect the rights of such participant with respect to such performance period without the consent of the affected participant and (ii) no amendment shall be effective without the approval of the stockholders of the company to increase the maximum award payable under the Plan or if, in the opinion of counsel to the company, such approval is necessary to satisfy the applicable requirements of the Internal Revenue Code of 1986, as amended (the Code).

No award granted under the Plan is assignable or transferable, other than by will or by the laws of descent and distribution.

Federal Income Tax Consequences

Executive officers who receive payment of an award under the Plan will have ordinary income equal to the amount of the award. Such amount is subject to federal income taxes. In addition, such amount is subject to federal employment taxes. Section 162(m) of the Code limits the amount of deduction the Company can take with respect to compensation paid to certain employees, unless an exception applies. The deduction for compensation is not subject to the limitations of Section 162(m) if the compensation qualifies as performance based compensation. The Plan is intended to comply with the requirements of Section 162(m) for performance based compensation.

The board of directors unanimously recommends a vote FOR the approval and adoption of the Executive Incentive Plan. Proxies executed and returned will be so voted unless contrary instructions are indicated therein.

PROPOSAL 3

ADJOURNMENT OF ANNUAL MEETING

The board of directors seeks your approval to adjourn the annual meeting in the event that there are not a sufficient number of votes to approve proposals 1 or 2 at the annual meeting. In order to permit proxies that have been timely received by our board of directors to be voted for an adjournment, we are submitting this item as a separate matter for your consideration. If it is necessary to adjourn the annual meeting and the adjournment is for a period of less than 30 days, no notice of the time or place of the reconvened meeting will be given to shareholders, other than an announcement made at the annual meeting.

The board of directors unanimously recommends a vote FOR the approval of the adjournment of the annual meeting in the event that there are not a sufficient number of votes to approve proposals 1 or 2. Proxies executed and returned will be so voted unless contrary instructions are indicated therein.

EXHIBIT B

Republic Services, Inc. Executive Incentive Plan

Introduction

On April 26, 2001, the Board of Directors adopted the Republic Services, Inc. Long Term Incentive Plan, effective January 1, 2001. Though designed in general to comply with the requirements of performance-based compensation for purposes of Code Section 162(m)(4), the Plan was not submitted for shareholder approval. Effective January 1, 2003, the Long Term Incentive Plan has been amended, restated and renamed the Executive Incentive Plan to provide not only for awards designed to encourage and recognize long term performance by participants, but also to include annual awards previously made pursuant to the Company's Corporate Bonus Program. It is the intention of the Board of Directors to submit the amended and restated Plan for shareholder approval.

1. Purpose.

The purposes of the Plan are to promote the success of the Company; to provide designated Executive Officers with an opportunity to receive incentive compensation dependent upon that success; and to attract, retain and motivate such individuals.

2. Definitions.

Award means an incentive award, either a Long Term Award or an Annual Award made pursuant to the Plan.

Annual Award (formerly made pursuant to the Corporate Bonus Program) is designed to recognize the annual contribution of Participants to the achievement of certain short term goals and objectives of the Company.

Long Term Award is designed to recognize the impact by Participants upon the achievement by the Company of longer term success in enhancing shareholder value.

Award Formula means one or more objective formulas or standards established by the Committee for purposes of determining an Award based on the level of performance with respect to one or more Performance Goals. Award Formulas may vary from Performance Period to Performance Period and from Participant to Participant and may be established on a stand-alone basis, in tandem or in the alternative. The Award Formula for each Performance Period shall be established in writing by the Committee.

Award Schedule means the Award Schedule established pursuant to Section 4.1.

Beneficiary means the person(s) designated by the Participant, in writing on a form provided by the Committee, to receive payments under the Plan in the event of his or her death while a Participant or, in the absence of such designation, the Participant's estate.

Board of Directors means the Board of Directors of the Company.

Change of Control means any change in control of the Company of a nature which would be required to be reported (i) in response to Item 6(e) of Schedule 14A of Regulation 14A, as in effect on the date of this Agreement, promulgated under the Securities Exchange Act of 1934, as amended (the Exchange Act), (ii) in response to Item 1 of the Current Report on Form 8-K, as in effect on the date of this Agreement, promulgated under the Exchange Act, or (iii) in any filing by the Company with the Securities and Exchange Commission; provided, however, that without limitation, a Change of Control of the Company shall be deemed to have occurred if:

- (a) Any person (as such term is defined in Sections 13(d)(3) and Section 14(d)(3) of the Exchange Act), other than the Company, any majority-owned subsidiary of the Company, or any compensation plan of the Company or any majority-owned subsidiary of the Company, becomes the beneficial owner (as such term is defined in Rule 13d-3 of the Exchange Act), directly or indirectly, of securities of the Company representing fifty percent (50%) or more of the combined voting power of the Company;
- (b) During any period of three consecutive years during the term of this Agreement, the individuals who at the beginning of such period constitute the Board of Directors of the Company cease for any reason to constitute at least a majority of such Board of Directors, unless the election of each director who was not a director at the beginning of such period has been approved in advance by directors representing at least two-thirds of the directors then in office who were directors at the beginning of such period; or
- (c) The shareholders of the Company approve (1) a reorganization, merger, or consolidation with respect to which persons who were the shareholders of the Company immediately prior to such reorganization, merger, or consolidation do not immediately thereafter own more than 50% of the combined voting power entitled to vote generally in the election of the directors of the reorganized, merged or consolidated entity; (2) a liquidation or dissolution of the Company; or (3) the sale of all or substantially all of the assets of the Company or of a subsidiary of the Company that accounts for 30% of the consolidated revenues of the Company, but not including a reorganization, merger or consolidation of the Company.

Code means the Internal Revenue Code of 1986, as amended.

Committee means the Compensation Committee of the Board of Directors. The Committee shall be composed of not fewer than two directors, each of whom shall be an outside director (within the meaning of Code Section 162(m)).

Company means Republic Services, Inc. and its successors.

Determination Period means, with respect to a Performance Period applicable to any Award under the Plan, the period commencing with the first day of such Performance Period and ending 90 days after the commencement of the Performance Period.

Disability means disability as defined under the Company's long term disability plan or, if no such plan is in force at the time, as determined by the Committee.

Executive Officer means a Person who is the chief executive officer, chief operating officer, chief financial officer, general counsel, controller, corporate vice president, regional vice president, controller or manager, or area president of the Company.

Participant means an Executive Officer selected from time to time by the Committee to participate in the Plan.

Performance Goal means the level of performance established by the Committee as the Performance Goal with respect to a Performance Measure. Performance Goals may vary from Performance Period to Performance Period and from Participant to Participant and may be established on a stand-alone basis, in tandem or in the alternative. Initially, Performance Goals shall include minimum, target and maximum performance levels.

Performance Measure means one or more of the following selected by the Committee to measure Company and/or business unit performance for a Performance Period: net income; basic or diluted earnings per share; net revenues; gross profit; free cash flow, income before income taxes; economic profit; return on assets; return on funds employed and return on equity; each as determined in accordance with generally accepted accounting principles, where applicable, as consistently applied by the Company and, if so determined by the Committee prior to the expiration of the Determination Period, adjusted, to the extent permitted under Section 162(m) of the Code, to omit the effects of extraordinary items, the gain or loss on the disposal of a business segment, unusual or infrequently occurring events and transactions and cumulative effects of changes in accounting principles. Performance Measures may vary from Performance Period to Performance Period and from Participant to Participant and may be established on a stand-alone basis, in tandem or in the alternative. Initial Performance Measures for Annual Awards and Long Term Awards are set forth on Schedule A and Schedule B, respectively.

Performance Period means one or more periods of time, as the Committee may designate, over which the attainment of one or more Performance Goals will be measured for the purpose of determining a Participant's right to payment in respect of an Award. Unless otherwise determined by the Committee in advance, the Performance Period for an Annual Award shall be one calendar year beginning January 1, 2003. Unless otherwise determined by the Committee in advance, a Performance Period for a Long Term Award shall be three calendar years, with the first such Period beginning January 1, 2003.

Plan means the Republic Services, Inc. Executive Incentive Plan, which combines the Long Term Incentive Plan and the Corporate Bonus Program, both as amended and restated, effective January 1, 2003. Prior to such date, Plan means the Republic Services, Inc. Long Term Incentive Plan (effective, January 1, 2001).

Plan Year means the calendar year.

Retirement means retirement at the Company's normal retirement age or early retirement with the prior written approval of the Company.

3. Participation.

3.1 Participants shall be selected by the Committee from among the Executive Officers. The selection of an Executive Officer as a Participant for a Performance Period shall not entitle such individual to be selected as a Participant with respect to any other Performance Period; provided, however, that once an Executive Officer becomes a Participant, he shall continue as a Participant until the Committee terminates his participation or an event occurs under the Plan which causes termination of participation.

4. Awards.

4.1 *Award Schedules.* With respect to each Performance Period with respect to which an Award may be earned by a Participant under the Plan, prior to the expiration of the Determination Period the Committee shall establish in writing for such Performance Period an Award Schedule for each Participant. The Award Schedule shall set forth the applicable Performance Period, Performance Measure(s), Performance Goal(s), and Award Formula(s) and such other information as the Committee may determine. Once established for a Plan Year, such items shall not be amended or otherwise modified to the extent such amendment or modification would cause the compensation payable pursuant on the Award to fail to constitute performance- based compensation under Code Section 162(m). Award Schedules may vary from Performance Period to Performance Period and from Participant to Participant.

4.2 *Determination of Awards.* A Participant shall be eligible to receive payment in respect of an Award only to the extent that the Performance Goal(s) for such Award are achieved and the Award Formula as applied against such Performance Goal(s) determines that all or some portion of such Participant's Award has been earned for the Performance Period. As soon as practicable after the close of each Performance Period, the Committee shall meet to review and certify in writing whether, and to what extent, the Performance Goals for the Performance Period have been achieved and, if so, to calculate and certify in writing that amount of the Award earned by each Participant for such Performance Period based upon such Participant's Award Formula. The Committee shall then determine the actual amount of the Award to be paid to each Participant and in so doing, may use negative discretion to decrease, but not increase, the amount of the Award otherwise payable to the Participant based upon such performance. Anything in this plan to the contrary notwithstanding, the maximum Award payable to any Participant with respect to each Plan Year (or portion thereof) contained within a Performance Period shall be \$2,500,000.

4.3 *Payment of Awards.* Awards shall be paid in a lump sum cash payment as soon as practicable after the amount thereof has been determined and certified in accordance with Section 4.2. The Committee may, subject to such terms and conditions and within such limits as it may from time to time establish, permit one or more Participants to defer the receipt of amounts due under the Plan in a manner consistent with the requirements of Code Section 162(m) so that any increase in the amount of an Award that is deferred shall be based either on a reasonable rate of interest or the performance of a predetermined investment in accordance with Treasury Regulation 1.162-27(e)(2)(iii)(B). If any Award which is earned pursuant to this Section 4 is paid prior to the time determined when the Award was initially granted, the amount of such Award shall be reduced by an appropriate discount factor determined by the Committee.

4.4 *Change of Control.* All Performance Goals and other conditions to payment of Awards shall be deemed to be achieved or fulfilled as of the time of a Change of Control. In the event of a Change of Control, the Company shall promptly pay each Participant 100% of the Participant's Target Award (as established in the applicable Award Schedules) for the Performance Period in which the Change of Control occurs. In addition, if at the time of a Change of Control there has been no determination or payment of an Award for the preceding Performance Period, the Company shall pay to each individual who was a Participant with respect to such prior Performance Period the full amount to which he or she would have been paid assuming certification by the Committee of the performance for such Performance Period and no reduction in Target

Award payments for factors other than performance factors. Payments under this Section 4.4 shall be made not later than ten (10) days following the Change of Control.

5. Termination of Employment.

5.1 *Termination of Employment.* Except as otherwise provided in Section 4.4 or Section 5.2:

A Participant who voluntarily terminates employment prior to the date of payment of an Award shall forfeit all right to or interest in any Award with respect to such Performance Period(s).

A Participant whose employment is terminated without cause prior to the mid-point of the Performance Period shall forfeit all right to or interest in any Award with respect to such Performance Period. A Participant whose employment is terminated without cause after the mid-point of the Performance Period shall be entitled to be paid a pro-rated amount equal to the Award payment that the Committee determines would have been paid to the Participant pursuant to Section 4.3 had his or her employment continued to the end of the Performance Period, multiplied by a fraction, the numerator of which is the number of completed calendar months of employment during the Performance Period and the denominator of which is the total number of months in the Performance Period. The mid-point of a Performance Period (based upon a calendar year or years) shall be the applicable June 30 that represents the middle of such Period.

A Participant whose employment is terminated for cause (Termination for Cause) prior to the date of payment of an award shall forfeit all right to or interest in any Award with respect to such Performance Period(s).

Termination for Cause shall mean, (i) Participant's willful and continued failure to substantially perform his duties after he has received written notice from the Company identifying the actions or omissions constituting willful and continued failure to perform, (ii) Participant's conduct that would constitute a crime under federal or state law, (iii) Participant's actions or omissions that constitute fraud, dishonesty or gross misconduct, (iv) Participant's breach of any fiduciary duty that causes material injury to the Company, (v) Participant's breach of any duty causing material injury to the Company, (vi) Participant's inability to perform his material duties to the reasonable satisfaction of the Company due to alcohol or other substance abuse, or (vii) any violation of the Company's policies or procedures involving discrimination, harassment, substance abuse or work place violence. Any termination for Cause pursuant to this Section shall be given to the Participant in writing and shall set forth in detail all acts or omissions upon which the Company is relying to terminate the Participant for Cause. With respect to Participants other than the Chief Executive Officer, Chief Operating Officer, Chief Financial Officer and General Counsel (the Executive Group), a determination of cause shall be made by the Chief Executive Officer.

With respect to the Executive Group, any determination by the Company that Cause exists to terminate the Participant, the Company shall cause a special meeting of the Committee to be called and held at a time mutually convenient to the Committee and Participant, but in no event later than ten (10) business days after Participant's

receipt of the notice that the Company intends to terminate the Participant for Cause. Participant shall have the right to appear before such special meeting of the Committee

with legal counsel of his choosing to refute such allegations and shall have a reasonable period of time to cure any actions or omissions which provide the Company with a basis to terminate the Participant for Cause (provided that such cure period shall not exceed 30 days). A majority of the members of the Committee must affirm that Cause exists to terminate the Participant. No finding by the Committee will prevent the Participant's contesting such determination through appropriate legal proceedings, provided that the Participant's sole remedy shall be to sue for damages, not reinstatement, and damages shall be limited to those that would be paid to the Participant if he had been terminated without Cause.

5.2 Death, Disability or Retirement. In the event that a Participant dies or his or her employment is terminated by reason of Disability or Retirement after an Award has been granted to the Participant but before it has been determined to be earned pursuant to Section 4.2, there shall be paid to the Participant (or, in the event of death, to the Participant's Beneficiary or estate) an amount equal to the Award payment that the Committee determines would have been paid to the Participant pursuant to Section 4.3 had his or her employment continued, through the end of the Performance Period. Payment of such an Award shall be made after the end of the Performance Period to which it applies.

6. Administration.

6.1 In General. The Committee shall have full and complete authority, in its sole and absolute discretion, (i) to exercise all of the powers granted to it under the Plan, (ii) to construe, interpret and implement the Plan and any related document, (iii) to prescribe, amend and rescind rules relating to the Plan, (iv) to make all determinations necessary or advisable in administering the Plan, and (v) to correct any defect, supply any omission and reconcile any inconsistency in the Plan. The Chief Executive Officer of the Company may recommend to the Committee Executive Officers for participation and target award levels for Participants.

6.2 Determinations. The actions and determinations of the Committee or others to whom authority is delegated under the Plan on all matters relating to the Plan and any Awards shall be final and conclusive. Such determinations need not be uniform and may be made selectively among persons who receive, or are eligible to receive, Awards under the Plan, whether or not such persons are similarly situated.

6.3 Appointment of Experts. The Committee may appoint such accountants, counsel, and other experts as it deems necessary or desirable in connection with the administration of the Plan.

6.4 Delegation. The Committee may delegate to others the authority to execute and deliver such instruments and documents, to do all such acts and things, and to take all such other steps deemed necessary, advisable or convenient for the effective administration of the Plan in accordance with its terms and purposes, except that the Committee shall not delegate any authority with respect to decisions regarding Plan eligibility or the amount, timing or other material terms of Awards.

6.5 Books and Records. The Committee and others to whom the Committee has delegated such duties shall keep a record of all their proceedings and actions and shall maintain all such books of account, records and other data as shall be necessary for the proper administration of the Plan.

6.6 *Payment of Expenses.* The Company shall pay all reasonable expenses of administering the Plan, including, but not limited to, the payment of professional and expert fees.

7. Miscellaneous.

7.1 *Nonassignability.* No Award shall be assignable or transferable (including pursuant to a pledge or security interest) other than by will or by the laws of descent and distribution.

7.2 *Withholding Taxes.* Whenever payments under the Plan are to be made or deferred, the Company will withhold therefrom, or from any other amounts payable to or in respect of the Participant, an amount sufficient to satisfy any applicable governmental withholding tax requirements related thereto.

7.3 *Amendment or Termination of the Plan.* The Plan may be amended or terminated by the Committee in any respect except that (i) no amendment may be made after the date on which an Executive Officer is selected as a Participant for a Performance Period that would adversely affect the rights of such Participant with respect to such Performance Period without the consent of the affected Participant and (ii) no amendment shall be effective without the approval of the shareholders of the Company to increase the maximum Award payable under the Plan or if, in the opinion of counsel to the Company, such approval is necessary to satisfy the applicable requirements of Code Section 162(m).

7.4 *Other Payments or Awards.* Nothing contained in the Plan will be deemed in any way to limit or restrict the Company from making any award or payment to any person under any other plan, arrangement or understanding, whether now existing or hereafter in effect.

7.5 *Payments to Other Persons.* If payments are legally required to be made to any person other than the person to whom any amount is payable under the Plan, such payments will be made accordingly. Any such payment will be a complete discharge of the liability of the Company under the Plan.

7.6 *Unfunded Plan.* Nothing in this Plan will require the Company to purchase assets or place assets in a trust or other entity to which contributions are made or otherwise to segregate any assets for the purpose of satisfying any obligations under the Plan. Participants will have no rights under the Plan other than as unsecured general creditors of the Company.

7.7 *Limits of Liability.* Neither the Company nor any other person participating in any determination of any question under the Plan, or in the interpretation, administration or application of the Plan, will have any liability to any party for any action taken or not taken in good faith under the Plan.

7.8 *No Right of Employment.* Nothing in this Plan will be construed as creating any contract of employment or conferring upon any Participant any right to continue in the employ or other service of the Company or limit in any way the right of the Company to change such person's compensation or other benefits or to terminate the employment or other service of such person with or without cause.

7.9 *Section Headings*. The section headings contained herein are for convenience only, and in the event of any conflict, the text of the Plan, rather than the section headings, will control.

7.10 *Invalidity*. If any term or provision contained herein is to any extent invalid or unenforceable, such term, or provision will be reformed so that it is valid, and such invalidity or unenforceability will not affect any other provision or part hereof.

7.11 *Applicable Law*. The Plan will be governed by the laws of the State of Florida, as determined without regard to the conflict of law principles thereof.

7.12 *Effective Date/Term*. The Plan, as amended and restated effective January 1, 2003, shall be effective only upon the approval by the shareholders of the Company in a manner consistent with the shareholder approval requirements of Code Section 162(m), and shall be effective for the Plan Year in which such approval occurs and each of the next four succeeding Plan Years unless sooner terminated by the Committee in accordance with Section 7.3. For the fifth succeeding Plan Year, the Plan shall remain in effect in accordance with its terms unless amended or terminated by the Committee, and the Committee shall make the determinations required by Section 4 for such Plan Year, but the Plan shall be submitted for re-approval by the shareholders of the Company at the annual meeting of shareholders held during such fifth Plan Year, and payment of all Awards under the Plan for such Plan Year and any future Plan Years shall be contingent upon such approval.

SCHEDULE B

LONG TERM AWARDS

Initially, the Performance Measure, for the purpose of Long Term Awards, means the following criteria to measure Company performance for a Performance Period:

- (a) Cash Flow Value Creation (CVC) which is calculated as follows:

Operating Cash Flow (defined as net income before extraordinary items and accounting changes, plus after-tax interest expense, plus depreciation, depletion and amortization)
minus

Capital Charge (defined as net average assets employed in the business, times the Company's targeted weighted average cost of capital)

- (b) Return On Investment Capital (ROIC) calculated as follows:

Net income before extraordinary items and accounting charges, plus after-tax interest expense
divided by

Average Net Assets (for any calendar year, defined as assets minus liabilities plus debt minus cash minus unrestricted cash equals Net Assets. Average Net Assets the sum of Net Assets for two sequential calendar years divided by two).

(c) CVC and ROIC goals will be based on three-year cumulative results and will be weighted equally and independently (i.e., 50% of award based on CVC performance and the other 50% of award based on ROIC performance) in determining award payouts. Straight-line interpolation is used to determine award payouts for performance achievement between specified targets.
