**Item 8.01 Other Information.**

Following the Meeting, an authorized committee of the board of directors of the Company approved a one-for-twenty-five reverse share split of the Company's ordinary shares, and the Company filed the Third Amended and Restated Articles of Association of the Company with the Registrar of Companies of the State of Israel to effect the reverse share split and to increase the Company's authorized share capital after the effect of the reverse share split. The reverse share split became effective at 9:30 a.m. Eastern Time on April 1, 2019. Additionally, effective at the same time, the total number of ordinary shares the Company is authorized to issue changed from 250,000,000 shares to 60,000,000 shares, the par value per share of the ordinary shares changed to NIS 0.25 and the authorized share capital of the Company changed from NIS 2,500,000 to NIS 15,000,000.

Upon the effectiveness of the reverse share split, every twenty-five Shares were automatically combined and converted into one ordinary share. Appropriate adjustments were also made to all outstanding derivative securities of the Company, including all outstanding equity awards and warrants. In particular, the following changes were made to the exercise prices of the Company's warrants to purchase ordinary shares:

Warrant issued to Kreos Capital V (Expert Fund) Limited: \$7.5

Warrants issued in November 2016 follow-on offering: \$118.75

Warrants (including common warrants and pre-funded warrants) issued in November 2018 follow-on offering: \$7.5

Warrants issued to underwriter in November 2018 follow-on offering: \$9.375

Warrants issued to placement agent in February 2019 follow-on offering: \$7.1875

No fractional shares were issued in connection with the reverse share split. Instead, all fractional shares (including shares underlying outstanding equity awards and warrants) were rounded down to the nearest whole number.

The Company's ordinary shares will continue to trade on the Nasdaq Capital Market under the symbol "RWLK," although a new CUSIP number (M8216Q 200) has been assigned to the Company's ordinary shares because of the reverse share split.

The Company's transfer agent, American Stock Transfer & Trust Company, LLC ("AST"), is acting as exchange agent for the reverse share split. ReWalk shareholders holding their ordinary shares in registered book entry form or in "street name" through a bank, broker or other nominee or holding outstanding equity awards or warrants relating to the ordinary shares do not need to take any action in connection with the reverse share split, and may receive notice of adjustments to their securities from the Company or a third-party provider. ReWalk shareholders holding their ordinary shares in certificated form will receive a transmittal from AST as soon as practicable after the effective date explaining how to exchange certificated ordinary shares for a statement of holding of their ordinary shares in book-entry form. For more information, see the Proxy.

On March 29, 2019, the Company issued a press release announcing the foregoing. The press release is attached hereto as Exhibit 99.1 and incorporated herein by reference.

Upon the effectiveness of the reverse share split, the Company's 2014 Incentive Compensation Plan (the "2014 Plan") was amended and restated to reflect the reduction of the number of shares available thereunder and the limitations on awards to individual participants thereunder proportionate with the reverse share split. The 2014 Plan, as amended and restated, is attached hereto as Exhibit 10.1 and incorporated herein by reference.

The foregoing summary of the effect of the Third Amended and Restated Articles of Association of the Company is qualified in its entirety by reference to the full text of the Third Amended and Restated Articles of Association of the Company, which is attached hereto as Exhibit 3.1 and incorporated herein by reference.

Important factors that could cause ReWalk’s actual results to differ materially from those indicated in the forward-looking statements include, among others: ReWalk’s ability to secure capital from equity and debt financings in light of limitations under its effective registration statement on Form S-3, the price range of its ordinary shares and conditions in the financial markets, and the risk that such financings may dilute its shareholders or restrict its business; ReWalk’s ability to regain compliance with various continued listing requirements of the Nasdaq Capital Market, its related ability to raise the market price of its ordinary shares sufficiently through a reverse share split to cure one of several Nasdaq listing deficiencies, and the risk that its ordinary shares will be delisted if it regains compliance; the risk of decreased liquidity in the market for ReWalk’s ordinary shares and a reduced market capitalization of the Company following the reverse share split, and the risk of dilution following the increase in authorized share capital; ReWalk’s expectations regarding future growth, including its ability to increase sales in its existing geographic markets, and to expand to new markets and achieve its planned expense reductions; the conclusion of ReWalk’s management and the previous opinion of ReWalk’s auditors in that there are substantial doubts as to ReWalk’s ability to continue as a going concern; ReWalk’s ability to maintain and grow its reputation and the market acceptance of its products; ReWalk’s ability to achieve reimbursement from third-party payors for its products; ReWalk’s limited operating history and its ability to leverage its sales, marketing and training infrastructure; ReWalk’s expectations as to its clinical research program and clinical results; ReWalk’s ability to improve its products and develop new products; ReWalk’s ability to repay its secured indebtedness; the outcome of ongoing shareholder class action litigation relating to ReWalk’s initial public offering; ReWalk’s compliance with medical device reporting regulations to report adverse events involving its products and the potential impact of such adverse events on ReWalk’s ability to market and sell its products; ReWalk’s ability to gain and maintain regulatory approvals; ReWalk’s expectations as to the results of, and the Food and Drug Administration’s potential regulatory developments with respect to, ReWalk’s mandatory post-market 522 surveillance study; ReWalk’s ability to maintain adequate protection of its intellectual property and to avoid violation of the intellectual property rights of others; the risk of a cybersecurity attack or breach of ReWalk’s information technology systems significantly disrupting its business operations; ReWalk’s ability to establish a pathway to commercialize its products in China; the risk of substantial dilution resulting from periodic issuances of its ordinary shares; ReWalk’s ability to maintain relationships with existing customers and develop relationships with new customers; the impact of the market price of ReWalk’s ordinary shares on the determination of whether ReWalk is a passive foreign investment company; and other factors discussed under the heading “Risk Factors” in ReWalk’s Annual Report on Form 10-K for the year ended December 31, 2018 filed with the SEC and other documents subsequently filed with or furnished to the SEC. Any forward-looking statement made in this report speaks only as of the date hereof. Factors or events that could cause ReWalk’s actual results to differ from the statements contained herein may emerge from time to time, and it is not possible for ReWalk to predict all of them.
