PART I

Item 1. Description of Business.

BUSINESS DEVELOPMENT

The InterGroup Corporation ("InterGroup" or the "Company") is a Delaware corporation formed in 1985, as the successor to Mutual Real Estate Investment Trust ("M-REIT"), a New York real estate investment trust created in 1965. The Company has been a publicly-held company since M-REIT's first public offering of shares in 1966 and has been a reporting company pursuant to Section 12(g) of the Securities Exchange Act of 1934 since that time.

The Company was organized to buy, develop, operate, rehabilitate and dispose of real property of various types and descriptions, and to engage in such other business and investment activities as would benefit the Company and its shareholders. The Company was founded upon, and remains committed to, social responsibility. Such social responsibility was originally defined as providing decent and affordable housing to people without regard to race. In 1985, after examining the impact of federal, state and local equal housing laws, the Company determined to broaden its definition of social responsibility. The Company changed its form from a REIT to a corporation so that it could pursue a variety of investments beyond real estate and broaden its social impact to engage in any opportunity which would offer the potential to increase shareholder value within the Company's underlying commitment to social responsibility, which it redefined to encompass investments in any area which can have a socially redeeming value and promote the establishment of a fair, equal and better society.

The Company's principal sources of revenue have been, and continue to be, derived from the operations of its multi-family residential properties, from the sales and disposition of its real property assets, from the operations of its majority owned subsidiary, Santa Fe Financial Corporation ("Santa Fe"), and from the investment of its cash and securities assets. Santa Fe is a public company (OTCBB: SFEF).

Edgar Filing: INTERGROUP CORP - Form 10KSB/A

BUSINESS OF ISSUER

The Company's principal business is the ownership and management of real estate. Properties include twenty-two apartment complexes, a hotel, two commercial real estate properties, and two single-family houses as a strategic investment. The properties are located throughout the United States, but are concentrated in Texas and Southern California. The Company also has investments in unimproved real property that is held for sale or development. The Company acquires its investments in real estate and other investments utilizing cash, securities or debt, subject to approval or guidelines of the Board of Directors. The Company also invests in income-producing instruments, equity and debt securities and will consider other investments if such investments offer growth or profit potential. See Item 2 for a description of the Company's current investments in real estate and its investment policies concerning real property and marketable securities.

Through its controlling interest in Santa Fe, the Company's business also includes a 565-room hotel located in the Financial District of San Francisco, California. The hotel, commonly known as the Holiday Inn Select Downtown & Spa (the "Hotel") is owned by Justice Investors, a California limited partnership ("Justice" or the "Partnership"), of which Santa Fe's subsidiary, Portsmouth Square Inc. ("Portsmouth") is a 49.8% limited partner and serves as one of two general partners. Evon Garage Corporation ("Evon") is the other general partner of Justice and serves as the managing general partner.

-3-

Since 1998, the Hotel had been leased by Justice to Felcor Lodging Trust, Inc. ("Felcor", NYSE: FCH). Pursuant to a settlement agreement with Felcor, that lease was terminated, effective June 30, 2004, and the Partnership assumed the role of owner/operator with the assistance of a third party management company. Historically, the Partnership's most significant source of income was a lease between Justice and Holiday Inn for the Hotel portion of the property. That lease was amended in 1995, and ultimately assumed by Felcor Lodging Trust, Inc. ("Felcor", NYSE: FCH) in 1998. The lease of the Hotel to Felcor was terminated effective June 30, 2004. The Partnership also derives income from its lease of the garage portion of the property to Evon and the lease of approximately 5,400 square feet on the lobby level of the Hotel to Tru Spa, LLC for the operation of a health and beauty spa. As a general partner, Portsmouth takes an active role in monitoring and overseeing the operations of the Hotel, the lease parking garage and the spa.

DOW HOTEL COMPANY MANAGEMENT AGREEMENT

With the termination of the Hotel Lease, Justice assumed the role of an owner operator of the Hotel on July 1, 2004. To assist with the operations of the Hotel, On May 19, 2004, Justice entered into a third party Management Agreement with Dow Hotel Company, LLC, a Washington limited liability company ("Dow") to operate and manage the Hotel as an agent of the Partnership, effective July 1, 2004. The Management Agreement has an initial term of 10 years, with an option of Justice to extend the original term for another 10 year period. The Management Agreement provides for a base management fee to Dow of up to 2.5% of annual gross operating revenues of the Hotel and incentive fees not to exceed, in the aggregate, 4% of gross operating revenues of the Hotel. The Management Agreement can be terminated by Justice upon at least 60 days written notice, subject to certain termination fees during the first year of the Agreement.

Edgar Filing: INTERGROUP CORP - Form 10KSB/A

HILTON HOTELS FRANCHISE LICENSE AGREEMENT

With the termination of the Hotel Lease to Felcor, the Partnership was able actively pursue a franchise agreement with a new nationally recognized brand in an effort to move the Hotel up-market and become more competitive. After considering and negotiating with several brands, the Partnership entered into a Franchise License Agreement with Hilton Hotels Corporation (the "Hilton Franchise Agreement") on December 10, 2004 for the right to operate the Hotel as a Hilton brand hotel. The terms of the Hilton Franchise Agreement will commence upon the final approval of the franchise application and the completion of the approved product improvement plan. The commencement date of operation as a Hilton hotel can be no later than June 1, 2006. The term of the Hilton Franchise Agreement is for 15 years commencing on the opening date of the Hotel, with an option to extend the Agreement for another five years, subject to certain conditions. Beginning on the opening date, the Partnership will pay monthly royalty fees of four percent (4%) of the Hotel's gross room revenue for the preceding calendar month. The amount of the monthly fee is subject to change; however, the increase cannot exceed one percent of the Hotel gross room revenue in any calendar year, and the cumulative increases in the monthly fee will not exceed five percent of gross room revenue.

Prior to operating the Hotel as a Hilton hotel, the Partnership is required to make substantial renovations to the Hotel to meet Hilton standards in accordance with a product improvement plan ("PIP") agreed upon by Hilton and the Partnership, as well as complying with other brand standards. That project includes a complete renovation and upgrade of all of the Hotel's guestrooms, meeting rooms, common areas and restaurant and bar. The Partnership currently estimates that the cost of the renovation project will be approximately \$34 million. That amount includes approximately \$29 million

-4-

for the actual cost of the renovations and approximately \$5 million for construction interest and estimated carrying costs of operations during the renovation period.

To meet its substantial financial commitments, the Partnership will have to rely on additional borrowings to meet its obligations. The Partnership believes that the value of the Hotel property will be adequate to serve as collateral to secure the necessary financing. That amount of leverage and the associated debt service will create additional risk for the Partnership and its ability to generate cash flows in the future since the Hotel asset has been virtually debt free for many years.

TEMPORARY CLOSURE OF HOTEL FOR RENOVATIONS

On March 15, 2005, the Partnership announced its decision to close down its Hotel operations effective May 31, 2005 to complete the renovations of the Hotel as required by the Hilton Franchise Agreement. The Partnership made this decision because of, among other things, the scope of the work in the common areas, engineering factors and potential environmental and safety issues which made it preferable to temporarily close the Hotel portion of the property. It is anticipated that the Hotel will be closed until the first part of 2006 before it reopens as the "Hilton San Francisco Financial District". The below ground parking garage and Tru Spa located on the lobby level of the Hotel, both of which are lessees of the Partnership, will remain open during the renovation work.

RECENT DEVELOPMENTS - NEW FINANCING

On July 27, 2005, Justice entered into a first mortgage loan (the "Prudential

Edgar Filing: INTERGROUP CORP - Form 10KSB/A

Loan") with The Prudential Insurance Company of America in a principal amount of \$30,000,000. The term of the Loan is for 120 months at a fixed interest rate of 5.22% per annum. The Loan calls for monthly installments of principal and interest in the amount of approximately \$165,100, calculated on a 360 month amortization schedule. The Loan is secured by a first deed of trust on the Partnership's Hotel property, including all improvements and personal property thereon and an assignment of all present and future leases and rents. The Loan is without recourse to the limited and general partners of Justice.

On July 27, 2005, Justice also obtained a \$10,000,000 Revolving Line of Credit ("LOC") from United Commercial Bank. The term of the LOC is for 60 months at an annual interest rate equal to either The Wall Street Journal Prime Rate or LIBOR + 2%, as selected by Justice, and is secured by a second deed of trust on the Hotel property. Interest only is payable monthly with principal and accrued interest due at maturity.

From the proceeds of the Prudential Loan, the Partnership retired its existing line of credit in the approximate amount of \$7,436,000, including accrued interest, and paid off a short term unsecured line of credit from United Commercial Bank in the amount of \$2,007,000, including accrued interest.

Justice believes that the Prudential Loan and the LOC will provide sufficient financial resources for the Partnership to complete the substantial renovations to the Hotel required by its Franchise License Agreement with Hilton. Justice also believes that it will be able to meet its debt service and operating capital needs through the reopening of the Hotel in the early part of 2006.

For further information see Item 2 Description of Properties and Item 6 Management's Discussion and Analysis of Financial Condition and Results of Operations and Notes to Consolidated Financial Statements.

COMPETITION

All of the properties owned by the Company are in areas where there is substantial competition. However, management believes that its apartments, hotel, and commercial properties are generally in a competitive position in their respective communities. The Company intends to continue upgrading and improving the physical condition of its existing properties and will consider selling existing properties, which the Company believes have realized their potential, and re-investing in properties that may require renovation but that offer greater appreciation potential.

The hotel had traditionally enjoyed a favorable year-round occupancy rate, but both occupancy and average daily room rates have suffered since fiscal year ended June 30, 2001. Newer and more upscale properties have opened in or near the Financial District, which provide greater amenities to its guests, making it difficult for the Hotel to compete. These competitors are now better positioned to attract both the business traveler and tourists.

Management believes that the Hotel could not continue to be competitive under the conditions it operated under while a Holiday Inn Select brand hotel. By terminating the Hotel Lease with Felcor, and taking over the operations of the Hotel, the Partnership now has greater ability to direct the future of the Hotel. The Hotel property is now approximately 25 years old, with no major renovations having been made to the Hotel property during that time. As discussed above, the Partnership is committed to make substantial improvements to almost every area of the Hotel before it reopens in the early part of 2006 as the Hilton San Francisco Financial District. The newly renovated Hotel will

Edgar Filing: INTERGROUP CORP - Form 10KSB/A

feature among other amenities: totally new guest rooms and suites; a new concierge lounge and common areas; modern and expanded meeting rooms; a new ballroom; an exciting, new restaurant and bar; a new fitness center; and the existing Tru Spa. The Partnership believes that this renovation project, coupled with the strength of the Hilton brand and reservation system, along with the hotel management expertise of Dow, will allow the Hotel to compete in the top levels of its market segment.

EMPLOYEES

As of June 30, 2005, the Company had a total of 12 full-time employees in its corporate office. Effective July 2002, the Company entered into a client service agreement with Administaff Companies II, L.P. ("Administaff"), a professional employer organization serving as an off-site, full service human resource department for its corporate office. Administaff personnel management services are delivered by entering into a co-employment relationship with the Company's employees. There are also approximately 34 employees at the Company's properties outside of the State of California that are subject to similar co-employment relationships with Administaff. The employees and the Company are not party to any collective bargaining agreement, and the Company believes that its employee relations are satisfactory.

As discussed above, the Hotel Lease with Felcor was terminated, effective June 30, 2004, pursuant to the terms of a Settlement Agreement. At that time, possession and operations of the Hotel reverted to the Partnership. On May 31, 2005, the Hotel portion of the property was temporarily closed for extensive renovations to meet the requirements of the Hilton Franchise Agreement. The below ground parking garage and Tru Spa located on the lobby level of the Hotel, both of which are lessees of the Partnership, will remain open during the renovation work.

REAL ESTATE INVESTMENT POLICIES

The most significant investment activity of the Company has been to acquire, renovate, operate, and when appropriate, sell income-producing real estate. Through its marketable securities portfolio, the Company has indirectly invested in additional real estate related investments such as hotels and office buildings.

The Company is presently looking for new real estate investment opportunities and plans to continue to concentrate its real estate investments in developed properties. The acquisition of new real estate investments will depend on the Company's ability to find suitable investment opportunities and the availability of sufficient financing to acquire such investments. The Company plans to borrow funds to leverage its investment capital. The amount of the mortgage debt will depend on a number of factors including, but not limited to, the availability of financing and the ability of projected property cash flows to support its operations and debt service.

MANAGEMENT OF THE PROPERTIES

The Company may engage third party management companies as agents to manage certain of Company's residential rental properties. Effective May 1, 2005, the Company entered into third party management agreements (the "Agreements") with Morrison, Ekre & Bart Management Services, Inc. ("MEB") for property management services for five of its Texas apartment complexes, which are located in Austin, Irving and San Antonio. The Agreements provide for a management fee equal to two and one-half percent of the gross monthly receipts of each property and are for a term of two years, but can be terminated by either party upon thirty days written notice. Should the Company elect to terminate any of the Agreements, prior to the two year term, it would be obligated to pay to MEB a sum equal to a one month management fee. Subsequent to year end, the MEB Agreements were terminated on August 31, 2005, at which time the Company resumed direct management of those Texas properties.

Effective August 1, 2005, the Company entered into a Management Agreement with Century West Properties, Inc. ("Century West") to act as an agent of the Company to rent and manage all of the Company's residential rental properties in the Los Angeles, California area. The Management Agreement with Century

-12-

West is for a term of twelve months ending on July 31, 2006 and will continue thereafter on a month-to-month basis, unless terminated upon 30 days prior written notice. The Management Agreements provide for a monthly fee equal to 4% of the monthly gross receipts from the properties with resident managers and a fee of 4 1/2% of monthly gross receipts for properties without resident managers. Century West is also entitled to reimbursement of any actual operating and maintenance costs advanced on behalf of the Company and is entitled to a fee of 5% for overhead and supervision of major improvements and a charge of 10% of the direct costs for overhead/supervision of a major remodeling project.

MARKETABLE SECURITIES INVESTMENT POLICIES

In addition to real estate, the Company also invests from time to time in

Edgar Filing: INTERGROUP CORP - Form 10KSB/A

income producing instruments, corporate debt and equity securities, mortgage backed securities, securities issued by REIT's and other companies which invest primarily in real estate.

The Company's securities investments are made under the supervision of a Securities Investment Committee of the Board of Directors. The Committee currently has three members and is chaired by the Company's Chairman of the Board and President, John V. Winfield. The Committee has delegated authority to manage the portfolio to the Company's Chairman and President together with such assistants and management committees he may engage. The Committee has established investment guidelines for the Company's investments. These guidelines presently include: (i) corporate equity securities should be listed on the New York or American Stock Exchanges or the Nasdaq NMS Market; (ii) securities should be priced above \$5.00 per share; and (iii) investment in a particular issuer should not exceed 5% of the market value of the total portfolio. The investment policies do not require the Company to divest itself of investments, which initially meet these guidelines but subsequently fail to meet one or more of the investment criteria. Non-conforming investments require the approval of the Securities Investment Committee. The Committee has in the past approved non-conforming investments and may in the future approve non-conforming investments. The Securities investment Committee may modify these guidelines from time to time.

The Company's investment portfolio is diversified with 63 different equity securities. The Company has four individual positions that comprise more than 5% of the equity value of the portfolio with the largest being 15.3% of the value of the portfolio. The amount of the Company's investment in any particular issue may increase or decrease, and additions or reductions to its securities portfolio may occur, at any time. While it is the internal policy of the Company to limit its initial investment in any single equity to less than 5% of its total portfolio value, that investment could eventually exceed 5% as a result of equity appreciation or reductions in other positions. Marketable securities are stated at market value as determined by the most recently traded price of each security at the balance sheet date. As of June 30, 2005, the market value of the Company's marketable securities was \$24,033,000.

The Company may also invest, with the approval of the Securities Investment Committee, in unlisted companies, through private placements. Those investments in non-marketable securities are carried at cost on the Company's balance sheet as part of other investments and are reviewed for impairment on a periodic basis.

As part of its investment strategies, the Company may assume short positions in marketable securities. Short sales are used by the Company to potentially offset normal market risks undertaken in the course of its investing

-13-

activities or to provide additional return opportunities. As of June 30, 2005, the Company had obligations for securities sold (equities short) of \$5,257,000 and had no naked short positions.

In addition, the Company may utilize margin for its marketable securities purchases through the use of standard margin agreements with national brokerage firms. The use of available leverage is guided by the business judgment of management and is subject to any internal investment guidelines, which may be imposed by the Securities Investment Committee. The margin used by the Company may fluctuate depending on market conditions. The use of leverage could be viewed as risky and the market values of the portfolio may be subject to large fluctuations. As of June 30, 2005, the Company had a

Edgar Filing: INTERGROUP CORP - Form 10KSB/A

margin balance of \$6,726,000 and incurred \$904,000 and \$1,437,000 in margin interest expense during the year ended June 30, 2005 and June 30, 2004, respectively.

On July 18, 2003, the disinterested members of the respective Boards of Directors of the Company's subsidiary, Santa Fe and Santa Fe's subsidiary, Portsmouth, established a performance based compensation program for the Company's CEO, John V. Winfield, to keep and retain his services as a direct and active manager of the securities portfolios of those companies. On January 12, 2004, the disinterested members of the Securities Investment Committee of InterGroup also established a performance based compensation program for Mr. Winfield, which was ratified by the Board of Directors. The terms of that compensation arrangement is discussed in detail in Item 10 "Executive Compensation" of this Report. During fiscal years ended June 30, 2005 and June 30, 2004, the Company and its subsidiaries paid \$320,000 and \$2,077,000 respectively, to the Company's CEO as performance based compensation related to the management of the securities portfolios.

As Chairman of the Securities Investment Committee, the Company's President and Chief Executive officer, John V. Winfield, directs the investment activity of the Company in public and private markets pursuant to authority granted by the Board of Directors. Mr. Winfield also serves as Chief Executive Officer and Chairman of Santa Fe and Portsmouth and oversees the investment activity of those companies. Depending on certain market conditions and various risk factors, the Chief Executive Officer, his family, Santa Fe and Portsmouth may, at times, invest in the same companies in which the Company invests. The Company encourages such investments because it places personal resources of the Chief Executive Officer and his family members, and the resources of Santa Fe and Portsmouth, at risk in connection with investment decisions made on behalf of the Company.

When used in this discussion, the words "estimate", "project", "anticipate" and similar expressions, are subject to certain risks and uncertainties, such as the impact of terrorism and war on the national and international economies, including tourism and the securities markets, changes in general economic conditions, local real estate markets, and competition, as well as uncertainties relating to uninsured losses, securities markets, and litigation, including those discussed below that could cause actual results to differ materially from those projected. Readers are cautioned not to place undue reliance on these forward-looking statements. The Company undertakes no obligation to publicly release the results of any revisions to those forward-looking statements, which may be made to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events.

RECENT DEVELOPMENTS

In August 2005, the Company sold its 112-unit apartment complex located in Austin, Texas for \$4,400,000.

Edgar Filing: INTERGROUP CORP - Form 10KSB/A

On July 27, 2005, Justice entered into a first mortgage loan (the "Prudential Loan") with The Prudential Insurance Company of America in a principal amount of \$30,000,000. The term of the Loan is for 120 months at a fixed interest rate of 5.22% per annum. The Loan calls for monthly installments of principal and interest in the amount of approximately \$165,100, calculated on a 360 month amortization schedule. The Loan is secured by a first deed of trust on the Partnership's Hotel property, including all improvements and personal property thereon and an assignment of all present and future leases and rents. The Loan is without recourse to the limited and general partners of Justice.

On July 27, 2005, Justice also obtained a \$10,000,000 Revolving Line of Credit ("LOC") from United Commercial Bank. The term of the LOC is for 60 months at an annual interest rate equal to either The Wall Street Journal Prime Rate or LIBOR + 2%, as selected by Justice, and is secured by a second deed of trust on the Hotel property. Interest only is payable monthly with principal and accrued interest due at maturity.

From the proceeds of the Prudential Loan, the Partnership retired its existing line of credit in the approximate amount of \$7,436,000, including accrued interest, and paid off a short term unsecured line of credit from United Commercial Bank in the amount of \$2,007,000, including accrued interest.

Justice believes that the Prudential Loan and the LOC will provide sufficient financial resources for the Partnership to complete the substantial renovations to the Hotel required by its Franchise License Agreement with Hilton. Justice also believes that it will be able to meet its debt service and operating capital needs through the reopening of the Hotel in the early part of 2006.

-17-

RESULTS OF OPERATIONS

For the Year Ended June 30, 2005 as compared to June 30, 2004.

The Company had a net loss of \$3,128,000 for the year ended June 30, 2005 compared to net income of \$3,071,000 for the year ended June 30, 2004. The significant change is primarily attributable to the change in net investment gains(losses) from marketable securities, the change in the equity in net income(loss) of Justice Investors and the increase in the loss from real estate operations. These changes were partially offset by the gain on sale of real estate in the current fiscal year, the decrease in margin interest and trading expenses, the reduction in the impairment loss on other investments, the decrease in general and administrative expenses, the change in the tax provision from a tax expense to a tax benefit and the change in the minority interest.

The loss from real estate operations increased to \$1,723,000 for the year ended June 30, 2005 from \$1,183,000 for the year ended June 30, 2004 primarily due to the increase in the amortization of the intangible asset to \$555,000 from \$111,000, the loss on early extinguishment of debt of \$160,000 recognized in the current year partially offset by the overall decrease in operating expenses as a percentage of rental income to 42% from 46%. Rental income increased to \$12,966,000 from \$9,926,000 due to the inclusion of a full year's of rental income from the 358-unit Las Colinas, Texas property purchased in April 2004. The increase in the amortization of the intangible asset to \$555,000 from \$111,000 is due to the 10 months of amortization expense recorded in the current year as compared to 2 months recorded in the comparable prior year. This intangible asset was acquired along with the purchase of the Las Colinas, Texas property. The \$160,000 loss on early termination of debt in the

Edgar Filing: INTERGROUP CORP - Form 10KSB/A

current year is related to the early pay-off of a \$1,182,000 mortgage on the Company's 54-unit property located in Irving, Texas in August 2004. The increase in the mortgage interest and depreciation expenses is the result of the full year operation of the Las Colinas, Texas property in the current year. These expenses as a percentage of rental income are consistent with the prior year. Real estate taxes increased as a percentage of income to 15% from 10% as the result of the recent purchase of the Las Colinas, Texas property. Properties purchased recently have higher taxable basis the purposes of calculating real estate taxes as compared to older properties.

In September 2004, the Company sold its 442-unit multi-family apartment complex located in Houston, Texas for \$11,850,000. The Company realized a gain on sale of real estate of \$6,006,000. This gain is reported under discontinued operations on the statement of operations.

Equity in net income(loss) of Justice Investors changed to a loss of \$2,303,000 for the year ended June 30, 2005 compared to income of \$3,136,000 for the year ended June 30, 2004. Effective July 1, 2004, Justice became the owner operator of the Hotel rather than a lessor. Thus, Partnership net income for fiscal 2005 includes the direct operating results of the Hotel, whereas in the prior year Justice received rental income from Felcor pursuant to a lease. The net operating loss from the hotel for fiscal 2005 was approximately \$1,734,000, while the Partnership received approximately \$2,617,000 in rent from the Hotel lease in fiscal 2004. Also, during fiscal 2004, a \$5,000,000 settlement payment was made to Justice from the Hotel lessee to resolve disputes regarding certain obligations of Felcor and others under the terms of the Hotel Lease. In addition, Justice received a payment in December 2003 from the hotel lessee in the amount \$296,000 for part of the replacement costs of the sloped window system of the Hotel. Those two nonrecurring payments were included as other income by Justice in fiscal 2004.

-18-

During fiscal 2005, the Justice also recorded a \$1,991,000 loss on disposition of assets as the Hotel was closed for major renovations on May 31, 2005. It is anticipated that the Hotel will be closed until the first part of calendar year 2006 before it reopens as the "Hilton San Francisco Financial District". The below ground parking garage and Tru Spa located on the lobby level of the Hotel, both of which are lessees of the Partnership, will remain open during the renovation work. Partnership rental income from the parking garage decreased to approximately \$1,005,000 in fiscal 2005 from approximately \$1,274,000 in fiscal 2004, primarily due to the closure of the Hotel for the last month of the fiscal year and lower Hotel occupancy rates in fiscal 2005. A further drop off in garage rental income is expected while the Hotel is being renovated, with an anticipated increase in garage rental income after the Hotel reopens as a Hilton.

Net investment gains(losses) on marketable securities changed to net losses of \$4,874,000 for the year ended June 30, 2005 from net gains of \$13,722,000 for the year ended June 30, 2004 as result of the significant decline in the market value of the Company's investment portfolio during the current year. For the year ended June 30, 2005, the Company had net unrealized losses of \$7,734,000 and net realized gains of \$2,860,000. For the year ended June 30, 2004, the Company had net unrealized gains of \$4,181,000 and realized gains of \$9,541,000. Gains and losses on marketable securities and other investments may fluctuate significantly from period to period in the future and could have a significant impact on the Company's net income. However, the amount of gain or loss on marketable securities and other investments for any given period may have no predictive value and variations in amount from period to period may have no analytical value. For a more detailed description of the composition of the Company's marketable securities please see the Marketable

Edgar Filing: INTERGROUP CORP - Form 10KSB/A

Securities section below.

During the year ended June 30, 2005, the Company recorded impairment losses of \$740,000 on other investments that were considered permanently impaired. In the comparable year, the Company recorded a impairment losses of \$1,155,000 related to other investments. These investments were determined to be impaired after review of their most recent financial statements and news releases.

Margin interest and trading expenses decreased to \$2,657,000 from \$4,629,000 primarily due to the decrease in the performance bonus granted to the Company's CEO based on the results of the Company's investment portfolio and the decrease in margin interest expense. During the year ended June 30, 2005, the CEO earned a performance bonus of \$320,000 compared with \$2,077,000 in the prior year. Margin interest expense also decreased to \$904,000 from \$1,437,000 in the prior year.

General and administrative expenses decreased to \$1,460,000 from \$1,892,000 as the result of management's effort to cut expenses across the board by reducing administrative staff. accounting related expenses and other general and administrative expenses.

The provision for income tax expense changed to a net tax benefit of \$2,668,000 from a net tax expense of \$3,515,000 as the result of the significant before tax loss of \$7,239,000 incurred in the current year as compared to the significant pretax income of \$8,407,000 generated in the prior year.

Minority interest expense(benefit) changed to a benefit of \$1,443,000 from an expense of \$1,821,000 as a result of significant loss incurred by the Company's subsidiary, Santa Fe during the current year as compared to income earned in the prior comparable year.

The Committee has delegated authority to manage the portfolio to the Company's Chairman and President together with such assistants and management committees he may engage. The Committee has established investment guidelines for the Company's investments. These guidelines presently include: (i) corporate equity securities should be listed on the New York or American Stock Exchanges or the Nasdaq NMS Market; (ii) securities should be priced above \$5.00 per share; and (iii) investment in a particular issuer should not exceed 5% of the market value of the total portfolio. The investment policies do not require the Company to divest itself of investments, which initially meet these guidelines but subsequently fail to meet one or more of the investment criteria. Non-conforming investments require the approval of the Securities Investment Committee. The Committee has in the past approved non-conforming investments and may in the future approve non-conforming investments. The Securities investment Committee may modify these guidelines from time to time.

The Company's investment portfolio is diversified with 63 different equity securities. The Company has four individual positions that comprise more than 5% of the equity value of the portfolio with the largest being 15.3% of the value of the portfolio. The amount of the Company's investment in any particular issue may increase or decrease, and additions or reductions to its

Edgar Filing: INTERGROUP CORP - Form 10KSB/A

securities portfolio may occur, at any time. While it is the internal policy of the Company to limit its initial investment in any single equity to less than 5% of its total portfolio value, that investment could eventually exceed 5% as a result of equity appreciation or reductions in other positions. Marketable securities are stated at market value as determined by the most recently traded price of each security at the balance sheet date. As of June 30, 2005, the market value of the Company's marketable securities was \$24,033,000.

The Company may also invest, with the approval of the Securities Investment Committee, in unlisted companies, through private placements. Those investments in non-marketable securities are carried at cost on the Company's balance sheet as part of other investments and are reviewed for impairment on a periodic basis.

As part of its investment strategies, the Company may assume short positions in marketable securities. Short sales are used by the Company to potentially offset normal market risks undertaken in the course of its investing activities or to provide additional return opportunities. As of June 30, 2005, the Company had obligations for securities sold (equities short) of \$5,257,000 and had no naked short positions.

In addition, the Company may utilize margin for its marketable securities purchases through the use of standard margin agreements with national brokerage firms. The use of available leverage is guided by the business judgment of management and is subject to any internal investment guidelines, which may be imposed by the Securities Investment Committee. The margin used by the Company may fluctuate depending on market conditions. The use of leverage could be viewed as risky and the market values of the portfolio may be subject to large fluctuations. As of June 30, 2005, the Company had a margin balance of \$6,726,000 and incurred \$904,000 and \$1,437,000 in margin interest expense during the year ended June 30, 2005 and June 30, 2004, respectively.

FINANCIAL CONDITION AND LIQUIDITY

The Company's cash flows are generated primarily from its real estate activities, sales of investment securities and borrowings related to both. The Company generated cash flow of \$3,929,000 from operating activities, generated net cash flow of \$5,188,000 from investing activities, and used net cash flow of \$9,026,000 for financing activities during the year ended June 30, 2005.

In September 2004, the Company sold its 442-unit multi-family apartment complex located in Houston, Texas for \$11,850,000. The Company realized a gain of \$6,006,000 and received net proceeds of \$11,273,000 after selling costs and attorneys' fees. As a part of the sale of property, the Company paid off the related mortgage loan in the amount of \$9,864,000.

In August 2004, the Company purchased an approximately two acre parcel of unimproved land in Kihei, Maui, Hawaii for \$1,467,000. The land is included property held for development on the balance sheet. To facilitate the purchase of the land, the Company obtained a loan in the amount of \$750,000. The loan is for a term of three years at a floating interest rate equal to the bank's base rate (4.75% as of June 30, 2005) plus 1%. Interest only is payable monthly.

-21-

During the year ended June 30, 2005, the Company improved properties in the aggregate amount of \$2,922,000. Management believes the improvements to the properties should enhance market values, maintain the competitiveness of the Company's properties and potentially enable the Company to obtain a higher yield through higher rents.

During the year ended June 30, 2005, the Company purchased 48,400 shares of Portsmouth stock for a total investment of \$1,499,000.

During the year ended June 30, 2005, the Company purchased 20,268 shares of Santa Fe stock for a total investment of \$197,000.

During the year ended June 30, 2005, the Company had new borrowings in the form of mortgages totaling \$6,703,000 and made principal payments on mortgages totaling \$16,002,000. The Company also borrowed from a line of credit in the amount of \$1,313,000.

In June 2005, the Company refinanced a loan in the amount of \$4,006,000 on its 157-unit Florence, Kentucky property and obtained a new mortgage in the amount of \$4,200,000. The loan is a 10 year fixed rate loan at 4.995%.

During the year ended June 30, 2005, the Company used additional construction loan proceeds of \$1,753,000 renovate its 30-unit apartment located in Los

Edgar Filing: INTERGROUP CORP - Form 10KSB/A

Angeles, California. As of June 30, 2005, the balance on the construction loan was \$5,133,000.

In August 2004, the Company repaid a mortgage in the amount of \$1,182,000 on its 54-unit multi-family apartment located in Irving, Texas. Related to the repayment of the mortgage, the Company incurred an early termination fee of \$160,000.

The Company's Board of Directors has given the Company the authority to repurchase, from time to time, shares of its Common Stock. Such repurchases may be made at the discretion of management and depending upon market conditions. During the year ended June 30, 2005, the Company acquired an additional 76,500 shares of its Common Stock for \$1,040,000. Approximately 96,000 shares remain eligible for the Company to repurchase under that authorization.

Subsequent to the fiscal year end, Justice entered into a first mortgage loan (the "Prudential Loan") with The Prudential Insurance Company of America in a principal amount of \$30,000,000 on July 27, 2005. The term of the Loan is for 120 months at a fixed interest rate of 5.22% per annum. The Loan calls for monthly installments of principal and interest in the amount of approximately \$165,100, calculated on a 360 month amortization schedule. The Loan is secured by a first deed of trust on the Partnership's Hotel property, including all improvements and personal property thereon and an assignment of all present and future leases and rents. The Loan is without recourse to the limited and general partners of Justice.

On July 27, 2005, Justice also obtained a \$10,000,000 Revolving Line of Credit ("LOC") from United Commercial Bank. The term of the LOC is for 60 months at an annual interest rate equal to either The Wall Street Journal Prime Rate or LIBOR + 2%, as selected by Justice, and is secured by a second deed of trust on the Hotel property. Interest only is payable monthly with principal and accrued interest due at maturity.

From the proceeds of the Prudential Loan, the Partnership retired its existing line of credit in the approximate amount of \$7,436,000, including accrued

-22-

interest, and paid off a short term unsecured line of credit from United Commercial Bank in the amount of \$2,007,000, including accrued interest.

The Justice believes that the Prudential Loan and the LOC will provide sufficient financial resources for the Partnership to complete the substantial renovations to the Hotel required by its Franchise License Agreement with Hilton. Justice also believes it will be able to meet its debt service and operating capital needs through the reopening of the Hotel in the early part of 2006.

That additional amount of leverage related to the Prudential Loan and the utilization of the LOC and the associated debt service will create additional risk for the Partnership and its ability to generate cash flows in the future since the Hotel asset has been virtually debt free for many years. The Partnership does not anticipate paying any partnership distributions until some time after operations commence under the Hilton brand and net income and capital requirements warrant such distributions. As a result, the Company may have to depend more on the revenues generated from the investment of its cash and securities assets during that transition period.

Management anticipates that the net cash flow generated from future operating activities will be sufficient to meet its operating and long-term debt service

Edgar Filing: INTERGROUP CORP - Form 10KSB/A

requirements.

OFF-BALANCE SHEET ARRANGEMENTS

The Company has no off balance sheet arrangements.

CONTRACTUAL OBLIGATIONS

The Company's contractual obligations and commercial commitments are its mortgages. The annual principal payments on the mortgages for the five-year period and thereafter commencing July 1, 2005 are approximately as follows:

Year ending June 30,	
2006	\$ 6,256,000
2007	1,192,000
2008	2,015,000
2009	1,301,000
2010	1,296,000
Thereafter	68,372,000

Total	\$80,432,000
	=====

IMPACT OF INFLATION

The Company's residential and commercial rental properties provide income from short-term operating leases and no lease extends beyond one year. Rental increases are expected to offset anticipated increased property operating expenses.

The Company's revenue from its interest in Justice Investors is primarily dependent on hotel revenues. Hotel room rates are typically impacted by supply and demand factors, not inflation, because rental of a hotel room is usually for a limited number of nights. Room rates are usually adjusted to account for inflationary cost increases; therefore, the impact of inflation should be minimal.

-23-

CRITICAL ACCOUNTING POLICIES

The Company reviews its long-lived assets including its investment in real estate and other investments for impairment when circumstances indicate that a potential loss in carrying value may have occurred. To the extent that projected future undiscounted cash flows from the operation of the hotel property, owned through the Company's investment in Justice Investors, and rental properties are less than the carrying value of the assets, the carrying value of the assets are reduced to their fair value. For other investments, the Company reviews the investment's operating results, financial position and other relevant factors to determine whether the estimated fair value of the asset is less than the carrying value of the asset.

In March 2004, the EITF ratified its consensus on Issue No. 03-1, The Meaning of Other-Than-Temporary Impairment and Its Application to Certain Investments (EITF 03-1). On September 30, 2004, the Financial Accounting Standard Board (FASB) issued a final FASB Staff Position, FSP EITF Issue 03-1-1 that delays the effective date for the measurement and recognition guidance included in EITF 03-1. Disclosures required by EITF 03-1 have not been deferred and the

Edgar Filing: INTERGROUP CORP - Form 10KSB/A

Company has adopted those disclosures.

Marketable securities are stated at market value as determined by the most recently traded price of each security at the balance sheet date. Marketable securities are classified as trading with net change in unrealized gains or losses included in earnings. The Company's other accounting policies are straightforward in their application.

THE INTERGROUP CORPORATION NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Business and Significant Accounting Policies and Practices:

Description of the Business

The InterGroup Corporation ("InterGroup" or the "Company") was formed to buy, develop, operate and dispose of real property and to engage in various investment activities to benefit the Company and its shareholders.

As of June 30, 2005 and 2004, the Company had the power to vote 76.9% and 75.2%, respectively, of the voting shares of Santa Fe Financial Corporation ("Santa Fe"), a public company (OTCBB: SFEF). Those percentages include the power to vote an approximately 4% interest in the common stock in Santa Fe owned by the Company's Chairman and President pursuant to a voting trust agreement entered into on June 30, 1998.

Santa Fe's revenue is primarily generated through the management of its 68.8% owned subsidiary, Portsmouth Square, Inc. ("Portsmouth"), a public company (OTCBB: PRSI), which derives its revenue primarily as a general partner and a 49.8% limited partner in Justice Investors, a California limited partnership ("Justice" or the "Partnership"). Justice owns the land, improvements and leaseholds commonly known as the Holiday Inn Select Downtown & Spa, a 565-room hotel in San Francisco, California (the "Hotel").

Principles of Consolidation

The consolidated financial statements include the accounts of the Company and all controlled subsidiaries. All significant inter-company transactions and balances have been eliminated.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions

Edgar Filing: INTERGROUP CORP - Form 10KSB/A

that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Investment in Real Estate

Investments in real estate are stated at cost. Depreciation of buildings, improvements and equipment is provided on the straight-line method based upon estimated useful lives of five to forty years for buildings and improvements and five to ten years for equipment. Expenditures for repairs and maintenance are charged to expense as incurred and improvements are capitalized.

In accordance with Statement of Financial Accounting Standards No. 144 (SFAS 144), "Accounting for Impairment or Disposal of Long-Lived Assets", the Company reviews its rental property assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. If expected future cash flows (undiscounted and excluding interest costs) are less than the carrying value of the rental asset, the asset is written down to its fair value. The estimation of expected future net cash flows is inherently uncertain and relies to a considerable extent on assumptions regarding current and future economic and market conditions, and

-30-

the availability of capital. If, in future periods, there are changes in the estimates or assumptions incorporated into the impairment review analysis, the changes could result in an adjustment to the carrying amount of the long-lived asset. No impairment losses have been recorded for the year ended June 30, 2005 and 2004.

Properties are classified as held for sale when management commits to a plan to sell the asset, the asset is available for immediate sale, an active program to locate a buyer has been initiated, the sale of the asset is probable, the sale of the asset is actively marketed and it is unlikely that significant changes to the sale plan will be made or withdrawn. As of June 30, 2005, the Company had six properties classified as held for sale.

Cash and Cash Equivalents

Cash equivalents consist of highly liquid investments with an original maturity of three months or less when purchased and are carried at cost, which approximates fair value.

Restricted Cash

Restricted cash is comprised of amounts held by lenders for payment of real estate taxes, insurance, replacement reserves for the operating properties and tenant security deposits that are invested in certificates of deposit.

Marketable Securities

Marketable securities are stated at market value as determined by the most recently traded price of each security at the balance sheet date. Marketable securities are classified as trading securities with all unrealized gains and losses on the Company's investment portfolio recorded through the statement of operations.

Other Investments

The Company may also invest, with the approval of the Securities Investment

Edgar Filing: INTERGROUP CORP - Form 10KSB/A

Committee, in unlisted companies, through private placements. Those investments in non-marketable securities are carried at the lower of cost or estimated fair value on the Company's balance sheet as part of other investments and reviewed for impairment on a periodic basis.

Due to Securities Broker

The Company may utilize margin for its marketable securities purchases through the use of standard margin agreements with national brokerage firms. Various securities brokers have advanced funds to the Company for the purchase of marketable securities under standard margin agreements. These advanced funds are recorded as a liability.

Obligation for Securities Sold

Obligation for securities sold represents the fair market value of shares sold with the promise to deliver that security at some future date and the fair market value of shares underlying the written call options with the obligation to deliver that security when and if the option is exercised. The obligation may be satisfied with current holdings of the same security or by subsequent purchases of that security. Unrealized gains and losses from changes in the obligation are included in earnings.

-31-

Treasury Stock

The Company records the acquisition of treasury stock under the cost method.

Rental Income

Rental income is recognized as earned. Revenue recognition from apartment rentals commences when an apartment unit is placed in service and occupied by a rent-paying tenant. Apartment units are leased on a short-term basis, with no lease extending beyond one year.

Income Taxes

Deferred income taxes are determined using the liability method. A deferred tax asset or liability is determined based on the difference between the financial statement and tax basis of assets and liabilities as measured by statutory tax rates. Deferred tax expense is the result of changes in the asset and/or liability for deferred taxes.

Fair Value of Financial Instruments

The carrying amount of cash and cash equivalents, restricted cash, marketable securities, other investments, mortgage notes payable, amounts due securities brokers and obligations for securities sold approximates fair value. The fair value of mortgage notes payable is estimated using discounted cash flows of future payments based on the borrowing rates available to the Company for debt with similar terms and maturities.

Stock-Based Compensation Plans

Effective December 15, 2002, the Company adopted Statement of Financial Accounting Standards No. 148, "Accounting for Stock-Based Compensation-Transition and Disclosure", which amends Statement of Financial Accounting

Edgar Filing: INTERGROUP CORP - Form 10KSB/A

Standards No. 123, "Accounting for Stock-Based Compensation" (SFAS 148). In accounting for its plans, the Company, as allowable under the provisions of SFAS 148, applies Accounting Principles Board Opinions No. 25, "Accounting for Stock issued to Employees." As a result of this election, the Company does not recognize compensation expense for its stock option plans. For options issued in fiscal years 2005 and 2004, options are vested as of the grant date. Had the Company determined compensation cost based on the fair value for its stock options at grant date (based on 16,500 and 15,000 in fiscal years 2005 and 2004, respectively), net income(loss) and earnings(loss) per share would have been reduced to the pro forma amounts as follows:

	2005	2004
	-----	-----
Net income(loss)	\$(3,128,000)	\$ 3,071,000
Stock based employee Compensation expense*	(77,000)	(64,000)
	-----	-----
Pro forma net income(loss)	\$(3,205,000)	\$ 3,007,000
Earnings(loss) per share		
Basic as reported	\$ (1.27)	\$ 1.22
Basic pro forma	\$ (1.31)	\$ 1.19
Diluted as reported	\$ (1.27)	\$ 1.08
Diluted pro forma	\$ (1.31)	\$ 1.06

*Determined under fair value based on method for awards net of related tax effects (40%).

-32-

The difference between the net income as reported and the pro forma net income is due to subtraction of the fair market value(net of tax effect) of the vested stock options of \$129,000 and \$107,000, respectively, for the fiscal years ended June 30, 2005 and 2004.

The Black-Scholes option pricing model was used with the following weighted-average assumptions for 2005; risk-free interest rate of 3.87%; dividend yield of 0%; expected Common Stock market price volatility factor of 24.60; and a weighted-average expected life of the options of 10 years. The weighted-average fair value of options granted in fiscal years 2005 and 2004 were \$7.83 and \$7.12 per share, respectively. The aggregate fair value of the options granted in fiscal years 2005 and 2004 were \$129,000 and \$107,000 respectively.

Earnings Per Share

Basic earnings per share is computed by dividing net income available to common stockholders by the weighted average number of common shares outstanding. The computation of diluted earnings per share is similar to the computation of basic earnings per share except that the weighted-average number of common shares is increased to include the number of additional common shares that would have been outstanding if potential dilutive common shares had been issued. The Company's only potentially dilutive common shares are stock options. Stock options are included in diluted earnings per share by application of the treasury stock method. As of June 30, 2005, the Company had 367,500 stock options that were considered potentially dilutive common shares and 25,500 stock options that were considered anti-dilutive. These amounts were included in the calculation for diluted earnings per share.

2. Investment in Real Estate:

Edgar Filing: INTERGROUP CORP - Form 10KSB/A

At June 30, 2005, the Company's investment in real estate consisted of twenty six properties located throughout the United States. These properties include twenty two apartment complexes, two single-family houses as strategic investments, and two commercial real estate properties, one of which serves as the Company's corporate headquarters. Twenty one of the twenty two apartment complexes are completed, operating properties. The one non-operating apartment complex is undergoing a major renovation.

In September 2004, the Company sold its 442-unit multi-family apartment complex located in Houston, Texas for \$11,850,000. The Company realized a gain of \$6,006,000 and received net proceeds of \$11,273,000 after selling costs and attorneys' fees.

Under the provisions of the Statement of Financial Accounting Standards No.144, Accounting for Impairment or Disposal of Long-Lived Assets, for properties disposed of during the year or for properties for which the Company actively markets for sale at a price that is reasonable in relation to its market value, the properties are required to be classified as held for sale on the balance sheet and accounted for under discontinued operations in the statement of operations. The revenues and expenses from the operation of these properties have been reclassified from continuing operations for the year ended June 30, 2005 and 2004 and reported as income from discontinued operations in the consolidated statements of operations.

-33-

As of June 30, 2005, the Company had six properties held for sale, two of the properties are located in Texas and the remaining four are located in California. The two Texas properties were sold in September 2004 and August 2005, respectively. The revenues and expenses from the operation for these six properties have been reclassified from continuing operations for the year ended June 30, 2005 and 2004 and reported as income from discontinued operations in the consolidated statements of operations.

Revenues and expenses from the operation of these properties for the year ended June 30, 2005 and 2004 are summarized as follows:

For the year ended June 30,	2005	2004
	-----	-----
Revenues	\$1,728,000	\$ 3,831,000
Expenses	(2,342,000)	(4,343,000)
	-----	-----
Net loss	(614,000)	(512,000)
	=====	=====

Depreciation expense for the year ended June 30, 2005 and 2004, was \$443,000 and \$893,000, respectively.

In August 2004, the Company purchased an approximately two acre parcel of unimproved land in Kihei, Maui, Hawaii for \$1,467,000. The land is included property held for development on the balance sheet.

In April 2004, the Company purchased a 358-unit apartment complex in Los Colinas, Texas for \$27,145,000 in a tax-deferred exchange with the St. Louis, Missouri property sold in August 2001. To finance the purchase, the Company obtained a nine year \$20,000,000 mortgage note. In accordance with SFAS 141, "Business Combinations," the acquisition value was allocated to the land and building utilizing an "as if vacant" methodology, with the balance of the purchase price allocated to identifiable intangible assets. Identifiable

Edgar Filing: INTERGROUP CORP - Form 10KSB/A

intangible assets relate to the value of the in-place operating leases and comprise: (i) origination value, which represents the "cost avoidance" value associated with acquired in-place leases; and (ii) value of the renewal of in-place leases, which represents the estimated loss of revenue and costs incurred to renew the operating leases following its expiration. The origination value and the value of the renewal of in-place tenant leases are recorded as a deferred charge and are amortized over the remaining lease term of twelve months.

Based on this valuation, the purchase price and closing costs were allocated as follows:

Land	\$ 4,050,000
Building	22,429,000
Intangible asset - origination costs	206,000
Intangible asset - renewal lease-up costs	460,000

	\$27,145,000
	=====

During the year ended June 30, 2005 and 2004, the Company recorded an amortization expense associated with these intangible assets in the amount of \$555,000 and \$111,000, respectively.

-34-

3. Marketable Securities and Other Investments:

At June 30, 2005, all of the Company's marketable securities are classified as trading securities. In accordance with SFAS No. 115, "Accounting for Certain Investments in Debt and Equity Securities," the change in the unrealized gains and losses on these investments are included earnings. Trading securities are summarized as follows:

As of June 30, 2005

Investment	Cost	Gross Unrealized Gain	Gross Unrealized Loss	Net Unrealized Gain	Market Value
-----	-----	-----	-----	-----	-----
Corporate					
Equities	\$21,701,000	\$3,991,000	(\$1,659,000)	\$2,332,000	\$24,033,000

Of the gross unrealized loss of \$1,659,000, \$1,291,000 of the loss is related to securities held for over one year.

As of June 30, 2005, the Company had net other investments of \$2,168,000. This balance includes \$4,063,000 in other investment, net an impairment loss of \$1,895,000. Included in the prepaid expenses and other assets of \$4,035,000 are other investments of \$2,168,000.

As part of the investment strategies, the Company may assume short positions in marketable securities. Short sales are used by the Company to potentially offset normal market risks undertaken in the course of its investing activities or to provide additional return opportunities. As of June 30, 2005, the Company had obligations for securities sold (equities short) of \$5,257,000 and had no naked short positions.

Edgar Filing: INTERGROUP CORP - Form 10KSB/A

4. Investment in Justice Investors:

The consolidated accounts include a 49.8% interest in Justice Investors through the Company's interest in Santa Fe. Justice owns the land improvements and leasehold commonly known as the Holiday Inn Select Downtown & Spa, a 565-room hotel in the financial district of San Francisco, California. Portsmouth is both a general and limited partner in Justice and oversees operations and shares management responsibilities with the other general partner. Portsmouth records its investment in Justice on the equity basis.

The Company amortizes the step up in the asset values which represents the access purchase price over the underlying book value and is allocable to the depreciable assets of its investment in Justice Investors over 40 years, which approximates the remaining life of the primary asset, the hotel building.

For the Company's investment in Justice, to the extent that projected future undiscounted cash flows from the operation of the Hotel property are less than the carrying value of the asset, the investment would be considered permanently impaired and the carrying value of the asset would be reduced to its fair value.

Historically, Justice's most significant income source was a lease between the Partnership and Felcor Lodging Trust, Inc. ("Felcor") for the Hotel portion of the property. Pursuant to a Settlement Agreement entered into on May 3, 2004,

-35-

Felcor agreed to terminate its lease and surrender possession of the Hotel to Justice, on June 30, 2004. Effective July 1, 2004, Justice became the owner-operator of the Hotel, with the assistance of a Management Agreement with Dow Hotel Company, LLC. ("Dow") to perform the day-to day management functions of the Hotel. The Partnership also derives income from the lease of the garage portion of the property to Evon and from a lease on the lobby level of the Hotel to Tru Spa. The Company also derives revenue from management fees from Justice for actively managing the hotel as a general partner.

On December 10, 2004, Justice entered into a Franchise License Agreement for the right to operate the Hotel property as a Hilton brand hotel. Prior to operating the hotel as a Hilton, the Partnership is required to make substantial renovations to the hotel to meet Hilton standards in accordance with a product improvement plan agreed upon by Hilton and the Partnership, as well as complying with other brand standards. The Partnership currently estimates that the cost of the renovation project will be approximately \$33 million. That amount includes approximately \$28 million for the actual cost of the renovations and approximately \$5 million for construction interest and estimated carrying costs of operations during the renovation period. The Agreement requires that those renovations be complete and the Hotel commence operations as a Hilton hotel no later than June 1, 2006. The term of the Agreement is for a period of 15 years commencing on the opening date, with an option to extend the license term for another five years, subject to certain conditions.

On March 15, 2005, the Partnership announced its decision to close down its

Edgar Filing: INTERGROUP CORP - Form 10KSB/A

Hotel operations on or about June 1, 2005 to complete renovations of the Hotel as required by the Hilton Agreement. It is anticipated that the Hotel will be closed for a period of approximately seven to nine months before a contemplated reopening in the early part of 2006 as the "Hilton San Francisco Financial District". The below ground parking garage and Tru Spa located on the lobby level of the Hotel, both of which are lessees of the Partnership, will remain open during the renovation work.

Gary N. Jacobs, a Director of the Company, is of Counsel to the law firm of Christensen, Miller, Fink, Jacobs, Glaser, Weil & Shapiro, LLP. Through May 31, 2000 he was a senior partner of said firm, which provides legal services to the Company when needed. Edgar Filing: INTERGROUP CORP - Form 10KSB/A

Glaser, Weil & Shapiro, LLP, \$38,000 of which was incurred in fiscal 2004.

As Chairman of the Securities Investment Committee, the Company's President and Chief Executive Officer, John V. Winfield, directs the investment activity of the Company in public and private markets pursuant to authority granted by the Board of Directors. Mr. Winfield also serves as Chief Executive Officer and Chairman of InterGroup and oversees the investment activity of the Company. Depending on certain market conditions and various risk factors, the Chief Executive Officer, his family and the Company may, at times, invest in the same companies in which the Company invests. The Company encourages such investments because it places personal resources of the Chief Executive Officer and his family members, and the resources of InterGroup, at risk in connection with investment decisions made on behalf of the Company.

On July 18, 2003, the Company's subsidiaries established a performance based compensation program for the Company's CEO, John V. Winfield, to keep and retain his services as a direct and active manager of the securities portfolios of those companies. On January 12, 2004, the disinterested members of the Securities Investment Committee of InterGroup also established a performance based compensation program for Mr. Winfield, which was ratified by the Board of Directors. The Company's previous experience and results with outside money managers was not acceptable. Pursuant to the criteria established the Board of Directors, Mr. Winfield is entitled to performance compensation for his management of the securities portfolios of the Company and its subsidiaries equal to 20% of all net investment gains generated in excess of an annual return equal to the Prime Rate of Interest (as published by the Wall Street Journal) plus 2%. Compensation amounts are earned, calculated and paid quarterly based on the results of the Company's investment portfolio for that quarter. Should the companies have a net investment loss during any quarter, Mr. Winfield would not be entitled to any further performance-based compensation until any such investment losses are recouped by the Company. This performance based compensation program may be modified or terminated at the discretion of the respective Boards of Directors.

For the fiscal years ended June 30, 2005 and 2004, Mr. Winfield received, in the aggregate, performance based compensation in the amounts of \$320,000 and \$2,077,000, respectively. Of the total amount of the bonus for fiscal 2005, \$57,000 was paid by Santa Fe and \$4,000 was paid by Portsmouth. For fiscal 2004, \$211,000 was paid by Santa Fe and \$407,000 was paid by Portsmouth. The performance based compensation was approved by the disinterested members of the respective Boards of Directors of the Company and its subsidiaries.

14. Subsequent Events:

In August 2005, the Company sold its 112-unit apartment complex located in Austin, Texas for \$4,400,000.

On July 27, 2005, Justice entered into a first mortgage loan (the "Prudential Loan") with The Prudential Insurance Company of America in a principal amount of \$30,000,000. The term of the Loan is for 120 months at a fixed interest rate of 5.22% per annum. The Loan calls for monthly installments of principal and interest in the amount of approximately \$165,100, calculated on a 360 month amortization schedule. The Loan is secured by a first deed of trust on

-43-

the Partnership's Hotel property, including all improvements and personal property thereon and an assignment of all present and future leases and rents. The Loan is without recourse to the limited and general partners of Justice.

Edgar Filing: INTERGROUP CORP - Form 10KSB/A

On July 27, 2005, Justice also obtained a \$10,000,000 Revolving Line of Credit ("LOC") from United Commercial Bank. The term of the LOC is for 60 months at an annual interest rate equal to either The Wall Street Journal Prime Rate or LIBOR + 2%, as selected by Justice, and is secured by a second deed of trust on the Hotel property. Interest only is payable monthly with principal and accrued interest due at maturity.

From the proceeds of the Prudential Loan, the Partnership retired its existing line of credit in the approximate amount of \$7,436,000, including accrued interest, and paid off a short term unsecured line of credit from United Commercial Bank in the amount of \$2,007,000, including accrued interest.

Item 8. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure.

None.

Item 8A. Controls and Procedures.

(a) Disclosure Controls and Procedures.

During the fourth quarter of fiscal 2005, the Company found that there were certain book and tax differences in the Company's investment in Justice Investors which were not effectively reconciled. As discussed in Note 7 of the Notes to the Financial Statements, the Company reduced its shareholders' equity and minority interest at June 30, 2003, to provide for deferred taxes on the differences between the Company's book and tax basis of its investment in Justice Investors. The adjustment had no impact on the Company's previously reported statements of operations or statements of cash flows for the year ended June 30, 2004.

Subsequent to fiscal year 2003, the Company instituted procedures and controls to address any deficiencies in its disclosure controls and procedures related to the determination and reporting of its deferred income tax balances, including the retention of outside tax consultants and implementing a program of continuous review and reconciliation of any differences on the book and tax basis of its assets.

The Company's management, with the participation of the Company's Chief Executive Officer and the Chief Financial Officer, has evaluated the effectiveness of the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) as of the end of the fiscal period covered by this Annual Report on Form 10-KSB/A. Based upon such evaluation, the Chief Executive Officer and Chief Financial Officer have concluded that, as of the end of such period, the Company's disclosure controls and procedures, including those related to its deferred tax balances, are effective in ensuring that information required to be disclosed in this filing is accumulated and communicated to management and is recorded, processed, summarized and reported in a timely manner and in accordance with Securities and Exchange Commission rules and regulations.

Management continues to re-evaluate the Company's existing disclosure controls and procedures and will implement such other changes as may be necessary.

Management's Consideration of the Restatement

Management considered the impact on the Company's internal control over financial reporting of the restatement related to deferred income taxes as

Edgar Filing: INTERGROUP CORP - Form 10KSB/A

more fully described in Note 7 of the Notes to the Financial Statements included in Item 7 of this Annual Report on Form 10-KSB/A. The Company found that there were certain book and tax differences in the Company's investment in Justice Investors which were not effectively reconciled. The Company completed an assessment of materiality under Staff Accounting Bulletin ("SAB") No. 99 and as a result concluded that the restatement related to deferred income taxes was not material to the balance sheets, the statements of operations, and the statements of cash flows for the years ended June 30, 2004 and 2005. Accordingly, because management concluded that a material misstatement did not occur with respect to this matter, management has concluded that there was not a material weakness in its internal control over financial reporting as of June 30, 2005.

(b) Changes in Internal Control Over Financial Reporting.

There have been no changes in the Company's internal control over financial reporting during the last quarterly period covered by this Annual Report on Form 10-KSB/A that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

Item 8B. Other Information.

Internal Revenue Code Limitations

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), provides that, in the case of a publicly held corporation, the corporation is not generally allowed to deduct remuneration paid to its chief executive officer and certain other highly compensated officers to the extent that such remuneration exceeds \$1,000,000 for the taxable year. Certain remuneration, however, is not subject to disallowance, including compensation paid on a commission basis and, if certain requirements prescribed by the Code are satisfied, other performance based compensation. Since InterGroup, Santa Fe and Portsmouth are each public companies, the \$1,000,000 limitation applies separately to the compensation paid by each entity. For fiscal 2003 and 2002 no compensation paid by the Company to its CEO or other executive officers was subject the deduction disallowance prescribed by Section 162(m) of the Code. For fiscal 2004, approximately \$798,700 could be subject to disallowance.

Item 12. Certain Relationships and Related Transactions.

On December 4, 1998, the Administrative and Compensation Committee authorized the Company to obtain whole life and split dollar insurance policies covering the Company's President and Chief Executive Officer, Mr. Winfield. During fiscal 2005 and 2004, the Company paid annual premiums in the amount of approximately \$42,500 for the split dollar insurance policy owned by, and the beneficiary of which is, a trust for the benefit of Mr. Winfield's family. The Company has a secured right to receive, from any proceeds of the policy, reimbursement of all premiums paid prior to any payments to the beneficiary.

On June 30, 1998, the Company's Chairman and President entered into a voting trust agreement with the Company giving the Company the power to vote his 4.0% interest in the outstanding shares of the Santa Fe common stock.

Winfield, oversees the investment activity of the Company in public and private markets pursuant to authority granted by the Board of Directors. Depending on certain market conditions and various risk factors, the Chief Executive Officer, his family, Santa Fe and Portsmouth may, at times, invest in the same companies in which the Company invests. The Company encourages such investments because it places personal resources of the Chief Executive Officer and his family members, and the resources of Santa Fe and Portsmouth, at risk in connection with investment decisions made on behalf of the Company. Under the direction of the Securities Investment Committee, the Company has instituted certain modifications to its procedures to reduce the potential for conflicts of interest.

The Company, its subsidiary Santa Fe and Santa Fe's subsidiary, Portsmouth, have established performance based compensation programs for Mr. Winfield's management of the securities portfolios of those companies. For the fiscal years ended June 30, 2005 and 2004, Mr. Winfield received, in the aggregate, performance based compensation in the amounts of \$320,000 and \$2,077,00, respectively. Of the total amount of the bonus for fiscal 2005, \$57,000 was paid by Santa Fe and \$4,000 was paid by Portsmouth. For fiscal 2004, \$211,000 was paid by Santa Fe and \$407,000 was paid by Portsmouth. The performance based compensation was approved by the disinterested members of the respective Boards of Directors of the Company and its subsidiaries.
