NEXIA HOLDINGS, INC. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements
March 31, 2006

NOTE 1 - BASIS OF FINANCIAL STATEMENT PRESENTATION

The accompanying unaudited consolidated financial statements for Nexia Holdings, Inc. and Subsidiaries (the Company) have been prepared by the Company pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles in the United States of America have been condensed or omitted in accordance with such rules and regulations. The information furnished in the interim consolidated financial statements includes normal recurring adjustments and reflects all adjustments, which, in the opinion of management, are necessary for a fair presentation of such financial statements. Although management believes the disclosures and information presented are adequate to make the information not misleading, it is suggested that these interim consolidated financial statements be read in conjunction with the Company's most recent audited consolidated financial statements and notes thereto included in its December 31, 2005 Annual Report on Form 10-KSB. Operating results for the three months ended March 31, 2006 are not indicative of the results that may be expected for the year ending December 31, 2006.

NOTE 2 - GOING CONCERN

The Company's consolidated financial statements are prepared using accounting principles generally accepted in the United States of America applicable to a going concern which contemplates the realization of assets and liquidation of liabilities in the normal course of business. The company has incurred cumulative operating losses through March 31, 2006 of \$13,508,547 which raises substantial doubt about the Company's ability to continue as a going concern. This represents an increase in the cumulative operating loss of \$232,948 for the quarter ended March 31, 2006. The Company had a negative working capital balance at March 31, 2006 of \$1,266,397.

Revenue has not been sufficient to cover the Company's operating costs. Management's plans to enable the company to continue as a going concern include the following:

- Increase revenue from rental properties by implementing new marketing programs.
- Make improvements to certain rental properties in order to make them more marketable.
- Reduce expenses through consolidating or disposing of certain subsidiary companies.
- Purchase revenue producing real estate.
- Decrease payroll expenses.
- Raise additional capital through private placements of the Company's common stock.
- Use stock and option-based compensation to cover payroll and other permissible labor costs.
- Refinancing of the note secured by the real property held by Wasatch Capital Corporation would have a significant effect on the working capital deficit of the Company, such refinancing is being sought by Company management.

There can be no assurance that the Company can or will be successful in implementing any of its plans or that it will be successful in enabling the company to continue as a going concern. The Company's consolidated financial

statements do not include any adjustments that might result from the outcome of this uncertainty.

Table of Contents**NOTE 3 - OUTSTANDING STOCK OPTIONS**

A summary of the status of the Company's stock option plans as of March 31, 2006 and December 31, 2005 and changes during those periods is presented below. The numbers of options reflect the effect of the November 1, 2004 reverse stock split:

	Three months ended March 31, 2006		Year ended December 31, 2005	
	Average Exercise Shares	Price	Average Exercise Shares	Price
Outstanding,				
Beginning of period	135,000	\$ 0.001	722,500	\$ 0.001
Granted	350,000,000	0.000	1,000,000,000	0.00016
Exercised	(350,000,000)	0.000	(1,000,587,500)	0.00016
Outstanding, end of period	135,000	0.001	135,000	0.001
Exercisable	135,000	0.001	135,000	0.001

The Company determined the fair value of the stock options issued during the periods at the grant dates by using the Fair Market Value on the date of option grant less the 75% share of cash received by the Company.

For the period ended March 31, 2006, the average price per share for outstanding options was \$0.001.

On March 21, 2006, the Board of Directors of the Company adopted the "2006 Benefit Plan of Nexia Holdings, Inc." under which the Company may issue stock or stock options to employees, consultants, advisors or other individual persons. The total number of shares covered by the 2006 plan is 500,000,000 shares of the Company's common stock. This plan expires on the earlier of the date that is five years from the date the plan was adopted or the date on which the five hundred millionth share is issued. No shares have been issued pursuant to this registration as of the filing of this report.

NOTE 4 - COMMON STOCK

During the three months ended March 31, 2006, the Company issued 350,000,000 shares of common stock pursuant to the Company's S-8 Registration Statement.

NOTE 5 - JOINT VENTURE AGREEMENT

Wasatch Capital Corporation, a subsidiary of Nexia Holdings, Inc., signed a joint venture agreement with Diversified Holdings X, Inc., doing business as Black Chandelier, Inc., a related party of which Richard Surber is the president, on March 30, 2006. Wasatch Capital Corporation shall receive one-half of all net profit from the web sale of products by Diversified Holdings X, Inc. in exchange for the use of the equipment held by Wasatch Capital Corporation and which equipment Diversified Holdings X, Inc. is allowed to use in the production of its merchandise for sale. There

was no income received in the quarter ended March 31, 2006 from this agreement. Additional information on the Black Chandelier business operations can be found on its web site: www.blackchandelier.biz. This is a related party company.

Table of Contents**NOTE 6 - RELATED PARTIES TRANSACTIONS**

Richard D. Surber owns a 60% controlling interest in Landis, LLC. Richard D. Surber has allowed Landis, LLC to use lines of credit, guaranteed by him, in the amount of \$62,774 as of March 31, 2006.

NOTE 7 - INVESTMENT IN MARKETABLE EQUITY SECURITIES

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Cautionary Statement Regarding Forward-Looking Statements

The information herein contains certain forward looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended and Section 21E of the Securities Exchange Act of 1934, as amended, which are intended to be covered by the safe harbors created thereby. Investors are cautioned that all forward looking statements involve risks and uncertainty, including, without limitation, the ability of Nexia to continue its business strategy, changes in the real estate markets, labor and employee benefits, as well as general market conditions, competition, and pricing. Although Nexia believes that the assumptions underlying the forward looking statements contained herein are reasonable, any of the assumptions could be inaccurate, and therefore, there can be no assurance that the forward looking statements included in the Form 10QSB will prove to be accurate. In view of the significant uncertainties inherent in the forward looking statements included herein, the inclusion of such information should not be regarded as a representation by Nexia or any other person that the objectives and plans of Nexia will be achieved.

General

Nexia's current operations consist of the acquisition, leasing and selling of real estate. The following discussion examines Nexia's financial condition as a result of operations for the three month period ended March 31, 2006, and compares those results with the comparable period in 2005.

In November 2005, the Company acquired a 20% equity interest in Landis LLC for a \$100,000 cash payment. Landis operates an Aveda™ lifestyle salon that features Aveda™ products for retail sale. Landis LLC is controlled by Nexia's Chief Executive Officer, Richard Surber, who owns a 60% interest in Landis. Nexia has consolidated Landis for accounting purposes because of its ownership interest and common control. Nexia is considering significantly increasing its ownership interest in Landis LLC dependent upon its financial success over the next 12 months and the viability of significantly expanding the operations of Landis. Currently, Landis consists of a single location in Salt Lake City, Utah and during the quarter ended March 31, 2006 reported revenue of \$265,241. Additional information on the Landis Salon can be found on its website at www.landissalon.com.

Real Estate Operations

Nexia's objective, with respect to real estate operations, is to acquire, through subsidiaries, properties which management believes to be undervalued and which Nexia is able to acquire with limited cash outlays. Nexia will consider properties anywhere within the continental United States. Nexia attempts to acquire such properties by assuming existing favorable financing and paying the balance of the purchase price with nominal cash payments or through the issuance of shares of common stock. Once such properties are acquired, Nexia leases them to primarily commercial tenants. Nexia also makes limited investments to improve the properties with the objective of increasing occupancy and cash flows. Management believes that, with limited improvements and effective management, properties can be sold at a profit within a relatively short period of time.

Table of Contents

Nexia recorded rental revenues of \$60,109 for the three months ended March 31, 2006, as compared to \$96,636 for the comparable period in 2005. The decreases in the three month rental revenue of \$36,527, or 38%, was due to the reduction in rental properties held by the Company in 2006 compared to 2005.

Nexia had a loss from real estate operations of \$95,275 for the three months ended March 31, 2006, compared to a loss of \$74,704 for the comparable period in 2005. The increase in the three month losses of \$20,568, or 28%, are attributable to the reduction in rental revenue resulting from the sale of Glendale Plaza in April of 2005 and the loss of two tenants from the Kearns Development property.

Nexia will continue efforts to improve profitability and cash flow by working to increase occupancy and rental income from those properties currently held and to seek new investment opportunities as they can be located and evaluated. Accordingly, Nexia hopes to not only minimize any real estate cash flow deficit, but also generate sufficient cash to record a substantial profit upon property disposition.

Company Operations as a Whole:

Revenue

Gross revenues for the three month period ended March 31, 2006, were \$325,350 as compared to \$96,636 for the same period in 2005. The increase in the three month revenues of \$228,714, or 237%, are due to inclusion of sales revenue from the operation of the Landis Salon in the sum of \$265,241. Landis began operations in November 2005.

Operating Losses

Nexia recorded operating losses of \$289,466 for the three month period ended March 31, 2006, compared to losses of \$446,237 for the comparable period in the year 2005. The decrease in three month operating losses of \$156,771, or 35%, was the result of the reduction of general and administrative costs, reduction of costs from discontinued consulting activities and a decrease in expenses related to real estate operations, resulting from the sale of Glendale Plaza in April of 2005.

Net Income

Nexia recorded net losses of \$232,948 for the three month period ended March 31, 2006, as compared to net losses of \$419,114 for the comparable period in 2005. The decrease in the three month net losses of \$190,444, or 45%, compared to the same period in 2005, reported above, is attributable primarily to the revenue recognized from the Landis Salon operations, reporting \$83,571 in unrealized gain related to the adjustment of a derivative liability to the fair value of the underlying security and reduced expenses described in the operating losses paragraph hereinabove.

Nexia may not operate at a profit through fiscal 2006. Since Nexia's activities are tied to its ability to operate its real estate properties at a profit, future profitability or its revenue growth tends to follow changes in the real estate market place. There can be no guarantee that profitability or revenue growth can be realized in the future.

Table of Contents

Expenses

General and administrative expenses for the three month period ended March 31, 2006, were \$343,822 compared to \$306,590 for the same period in 2005. The increase in three month expenses of \$37,232, or 13%, was due primarily to Landis expenses of \$211,000, which did not exist in 2005 and an increase of \$18,000 for accounting/audit fees paid during the quarter ended March 31, 2006 compared to the quarter ended March 31, 2005. These increased expenses more than offset reductions in payroll, legal and investor relations expenses of \$144,000 during the quarter ended March 31, 2006 compared to the quarter ended March 31, 2005.

Depreciation and amortization expenses for the three months ended March 31, 2006, were \$43,766 compared to \$40,106 for same period in 2005. The increase in the three month expense of \$4,554, or 12%, was attributable primarily to Landis depreciation of \$10,028 taken during the quarter ended March 31, 2006 compared to zero during the quarter ended March 31, 2005 (Landis operations began in November 2005).

Capital Resources and Liquidity

On March 31, 2006, Nexia had current assets of \$318,668 and \$4,086,612 in total assets compared to current assets of \$532,278 and total assets of \$4,319,916 as of December 31, 2005. Nexia had net working capital deficit of \$1,266,397 at March 31, 2006, as compared to a net working capital deficit of \$971,535 at December 31, 2005. The increase in working capital deficit of \$294,862 is due primarily to the reduced fair market value of marketable securities and increased accounts payable to related parties and accrued liabilities because of a large decrease in cash receipts. A major portion of the current obligation is a result of the loan on the Wallace-Bennett building being due within 90 days. Refinancing of this loan is being sought and several lenders have been contacted and are evaluating the information provided to them regarding the condition of the building and the current tenants.

Cash used by operating activities was \$127,468 for the three months ended March 31, 2006, compared to cash used by operating activities of \$345,884 for the comparable three month period in 2005. The decrease in cash used of \$218,416 was attributable to the sales generated by Landis and retail operations of \$265,241 compared to no such revenue during the comparable three month period in 2005.

Net cash provided by investing activities was \$9,406 for the three months ended March 31, 2006, compared to net cash used by investing activities of \$42,575 for the three months ended March 31, 2005. The decrease of cash used in the sum of \$51,981 was attributable primarily to a \$44,000 reduction in the purchases of property, plant and equipment.

Cash used by financing activities was \$2,989 for the three months ended March 31, 2006, compared to cash provided of \$450,933 for the three months ended March 31, 2005. The decrease of \$453,922 was due primarily to the large decrease in receipts from stock subscription receivable and no issuance of long term debt during the first quarter of 2006.

Nexia may experience occasional cash flow shortages due to debt service on real estate holdings and willingness to acquire properties with negative cash flow. To cover these shortages, Nexia may need to issue shares of its common stock in payment for services rendered. The Company is currently experiencing challenges with regard to cash flows. We are looking at several options to improve this situation, including having signed for an equity line of credit with Dutchess Private Equities Fund. The agreement with Dutchess provides that, following notice to Dutchess, Nexia may put to Dutchess up to \$10 million in shares of our common stock for a purchase price equal to 95% of the lowest closing best bid price on the Over-the-Counter ("OTC") Bulletin Board of our common stock during the five day period following that notice. The number of shares that we will be permitted to put pursuant to the agreement will be either: (a) 200% of the average daily volume of our common stock for the ten trading days prior to the applicable put notice,

multiplied by the average of the three daily closing “best bid” prices immediately preceding the day we issue the put, or (b) \$100,000; provided that in no event will the put amount be more than \$1,000,000 with respect to any single put. (Best Bid is a defined term in the agreement as the highest posted bid price for the common stock.) In turn, Dutchess has indicated that it will resell the shares of common stock in the open market, resell our shares to other investors through negotiated transactions or hold our shares in its portfolio. These shares are made the subject of an SB-2 Registration Statement that has not yet been declared effective and to which the Company is currently drafting amendments.

Nexia's subsidiary, Diversified Holdings I, Inc. relied on the issuance of Nexia stock under Nexia's S-8 Registration Statement and 2005 Employee Benefit Plan for a large portion of employee salary payments during the first quarter of 2006. During the three month period ended March 31, 2006, the Company issued, pursuant to S-8 Registration Statements, 350,000,000 shares as compensation to five persons in exchange for services provided to the Company. These services/shares were valued at \$35,000 and have been expensed in the current period.

Impact of Inflation

Nexia believes that inflation has had a negligible effect on operations over the past three years. Nexia believes that it can offset inflationary increases in the cost of materials and labor by increasing sales and improving operating efficiencies.

Off Balance Sheet Arrangements

We do not have any off-balance sheet financing arrangements.

The following is a summary schedule of stockholders' equity and changes for the three months ended March 31, 2006 and the year ended December 31, 2005.

Known Trends, Events, or Uncertainties

General Real Estate Investment Risks

Nexia's investments are subject to varying degrees of risk generally incident to the ownership of real property. Real estate values and income from Nexia's current properties may be adversely affected by changes in national or local economic conditions and neighborhood characteristics, changes in interest rates and in the availability, cost and terms of mortgage funds, the impact of present or future environmental legislation and compliance with environmental laws, the ongoing need for capital improvements, changes in governmental rules and fiscal policies, civil unrest, acts of God, including earthquakes and other natural disasters which may result in uninsured losses, acts of war, adverse changes in zoning laws and other factors which are beyond the control of Nexia.

Value and Illiquidity of Real Estate

Real estate investments are relatively illiquid. The ability of Nexia to vary its ownership of real estate property in response to changes in economic and other conditions is limited. If Nexia must sell an investment, there can be no assurance that Nexia will be able to dispose of it in the time period it desires or that the sales price of any investment will recoup the amount of Nexia's investment.

Property Taxes

Nexia's real property is subject to real property taxes. The real property taxes may increase or decrease as property tax rates change and as the property is assessed or reassessed by taxing authorities. If property taxes increase, Nexia's operations could be adversely affected.

ITEM 3. CONTROLS AND PROCEDURES

Nexia's president acts both as the Company's chief executive officer and chief financial officer ("Certifying Officer") and is responsible for establishing and maintaining disclosure controls and procedures for Nexia. The Certifying Officer has concluded (based on his evaluation of these controls and procedures as of a date within 90 days of the filing of this report) that the design and operation of Nexia's disclosure controls and procedures (as defined in Rule 13a-14(c) under the Securities Exchange Act of 1934) are effective and adequate.

There were no significant changes made in Nexia's internal controls or in other factors that could significantly affect Nexia's controls subsequent to the date of the evaluation, including any corrective actions with regard to slight deficiencies and material weaknesses. Due to the Certifying Officer's dual role as chief executive officer and chief financial officer, Nexia has no segregation of duties related to internal controls.

PART II-OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

Since the filing of Nexia's 10-KSB for the period ended December 31, 2005 no material changes have occurred to the legal proceedings reported therein, except as noted below. For more information please see Nexia's Form 10-KSB for the year ended December 31, 2005, filed May 11, 2006.

Diversified Holdings I, Inc., a Nevada Corporation vs. West America Securities Corporation, a California Corporation and Robert Kay, an individual resident of California. This action was originally filed on September 14, 2004, in the Third District Court of the State of Utah, Salt Lake County, Civil Case No. 040919392 and re-filed on June 23, 2005 as Civil Case No. 050911181. By Assignment from Nexia Group, Inc., dated January 23, 2004, Diversified Holdings I, Inc. acquired all rights to an agreement between Axia Group, Inc. and the named defendants providing for a payment to be made to Axia in the sum of \$50,000 on or before December 31, 2003. Defendants have failed to make the provided for payment and Diversified Holdings I, Inc. has filed suit to seek payment of the balance due. Discussions related to resolving the matter have resulted in a partial payment to Diversified and subsequent to the end of the quarter a final payment was received that was agreed upon by the parties as final payment in settlement of this claim. The matter was dismissed with prejudice after the receipt of the payment.

ITEM 5. OTHER INFORMATION

Since the end of the quarter March 31, 2006, the board of directors of the Company has not authorized any additional shares of common stock to be issued pursuant to the S-8 Registration Statement of the Company for the payment of obligations owed to employees and contractors of the Company.

On April 19, 2006, the Company's subsidiary, Salt Lake Development closed on the sale of real property and a building located at 268 West 400 South, Salt Lake City, Utah for a total sales price of \$850,000. After the payment of the outstanding loans secured by the building, fees and costs associated with the sale, proceeds of \$238,646 were received. Nexia has announced its intention to dissolve Salt Lake Development and it will cease operating as a subsidiary of the Company.

A condominium in Brian Head, Utah, a mountain resort area about 260 miles south of Salt Lake City, was sold on April 28, 2006 for a cash sales price of \$77,500 by Diversified Holdings I, Inc., a subsidiary of Nexia Holdings, Inc. The Company received \$40,006 after paying off the mortgage and settlement costs.
