**CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING INFORMATION**

This report includes forward-looking statements that relate to future events or our future financial performance and involve known and unknown risks, uncertainties and other factors that may cause our actual results, levels of activity, performance or achievements to differ materially from any future results, levels of activity, performance or achievements expressed or implied by these forward-looking statements. Words such as, but not limited to, “believe,” “expect,” “anticipate,” “estimate,” “intend,” “plan,” “targets,” “likely,” “aim,” “will,” “would,” “could,” and similar expressions identify forward-looking statements. We have based these forward-looking statements largely on our current expectations and future events and financial trends that we believe may affect our financial condition, results of operation, business strategy and financial needs. Forward-looking statements include, but are not limited to, statements about our:

- limited operating history,
- ability to continue as a going concern,
- history of losses and need to raise additional capital,
- ability to retain and add merchants,
- ability to effectively compete,
- ability to manage the growth of our company,
- potential infringement of intellectual property rights of others,
- limited trading market for our common stock and the applicability of the penny stock rules, and
- ability to use the anti-takeover provisions of our articles and bylaws.

You should read thoroughly this report and the documents that we refer to herein with the understanding that our actual future results may be materially different from and/or worse than what we expect. We qualify all of our forward-looking statements by these cautionary statements including those made in Item A. Risk Factors in our Annual Report on Form 10-K for the year ended December 31, 2011 and our subsequent filings with the Securities and Exchange Commission. Other sections of this report include additional factors which could adversely impact our business and financial performance. Moreover, we operate in an evolving environment. New risk factors emerge from time to time and it is not possible for our management to predict all risk factors, nor can we assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements. Except for our ongoing obligations to disclose material information under the Federal securities laws, we undertake no obligation to release publicly any revisions to any forward-looking statements, to report events or to report the occurrence of unanticipated events. These forward-looking statements speak only as of the date of this report, and you should not rely on these statements without also considering the risks and uncertainties associated with these statements and our business.

**OTHER PERTINENT INFORMATION**

Edgar Filing: SimplePons, Inc. - Form 10-Q

Unless specifically set forth to the contrary, when used in this report the terms “SimplePons”, “we”, “our”, the “Company” and similar terms refer to SimplePons, Inc., a Delaware corporation, and our wholly-owned subsidiary SimplePons Operations, Inc., a Delaware corporation (“SimplePons Operations”). In addition, when used herein and unless specifically set forth to the contrary, “2011” refers to the year ended December 31, 2011 and “2012” refers to the year ending December 31, 2012.

The information which appears on our website at [www.simplepons.com](http://www.simplepons.com) is not part of this report.

**SIMPLEPONS, INC.**

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

**AS OF SEPTEMBER 30, 2012**

**(UNAUDITED)**

**1. Organization, Basis of Presentation and Nature of Operations**

The accompanying unaudited condensed financial statements have been prepared in accordance with accounting principles generally accepted in The United States of America and the rules and regulations of the Securities and Exchange Commission for interim financial information. Accordingly, they do not include all of the information necessary for a comprehensive presentation of financial position and results of operations. The interim results for the period ended September 30, 2012 are not necessarily indicative of results for the full fiscal year. It is management's opinion, however that all material adjustments (consisting of normal recurring adjustments) have been made which are necessary for a fair financial statements presentation.

Simplepons, Inc. is a Delaware Corporation formed on February 7, 2011. IFLI Acquisition Corp., formerly International Fight League, Inc. ("IFLI") was incorporated in the State of Delaware on May 8, 1992. On November 1, 2011 we closed on a share exchange agreement with IFLI Acquisition Corp. and exchanged all of our outstanding shares for 37,455,000 shares of IFLI Acquisition Corp, Inc. and warrants equal to and on the same terms as those outstanding at the date of the merger. Simplepons, Inc. was the accounting acquirer and IFLI Acquisition Corp. was the accounting acquiree in the transaction that was treated as a reverse merger and recapitalization. As part of the exchange agreement, IFLI Acquisition Corp. purchased 1,012,353 shares of common stock from the principal stockholder for \$335,000 and assumed net assets of \$83,309 resulting in a charge to equity upon recapitalization of \$251,691. The Company is deemed to have issued 2,030,870 common shares to the original shareholders of IFLI. Following the purchase, the shares were cancelled. Upon closing of the reverse merger, IFLI Acquisition Corp. was renamed Simplepons, Inc. and Simplepons, Inc. was renamed Simplepons Operations, Inc. Simplepons, Inc. and Simplepons Operations, Inc. are hereafter referred to as the "Company". At closing, Company's stockholders owned approximately 97% of IFLI outstanding common stock, giving effect to the stock repurchase.

The accompanying consolidated financial statements include the accounts of Simplepons, Inc. and its wholly owned subsidiary Simplepons Operations, Inc. for the three and nine months ended September 30, 2012, for the three months ended September 30, 2011 and the period from February 7, 2011 (inception) to September 30, 2011. All intercompany accounts have been eliminated in the consolidation.

Edgar Filing: SimplePons, Inc. - Form 10-Q

The Company is in the business of mobile coupon subscriptions that solves the problem of leaving your coupons at home. Their cost effective platform is designed for businesses to connect with new and existing customers.

(8)

Table of Contents

**2. Summary of Significant Accounting Principles**

***(A) Going Concern***

As reflected in the accompanying unaudited condensed consolidated financial statement for the period ended September 30, 2012 has a net loss of \$2,243,733 and used cash in operations of \$944,811. These factors raise substantial doubt about the Company's ability to continue as a going concern. In addition there is a working capital deficiency of \$175,633 and a stockholders' deficit of \$158,170 as of September 30, 2012.

The Company's continued existence is dependent upon its ability to raise capital and to successfully market and sell its products. The financial statements do not include any adjustments that might be necessary should the Company be unable to continue as a going concern.

Since September 30, 2012, the Company has raised \$63,000 in gross proceeds for working capital through the sale of a convertible promissory note to an accredited investor. In addition, the Company has reduced its operating expenses through a reduction in personnel and other general and administrative expenses in an effort to conserve its cash resources. The Company is in discussions with additional prospective investors and, while it has no firm commitments for additional capital, it reasonably expects to conclude additional capital rounds during the fourth quarter of 2012 which provide additional working capital to it. Management believes that actions presently being taken to obtain additional funding and implement its strategic plans provide for the opportunity for the Company to continue as a going concern.

***(B) Use of Estimates***

In preparing financial statements in conformity with generally accepted accounting principles, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the reported period. Actual results could differ from those estimates.

The most significant estimates include the valuation of stock based compensation, amortization period for intangible assets and deferred tax valuation allowance.

***(C) Cash and Cash Equivalents***

For purposes of the cash flow statements, the Company considers all highly liquid investments with original maturities of three months or less at the time of purchase to be cash equivalents. The Company at times has cash in excess of FDIC insurance limits and places its temporary cash investments with high credit quality financial institutions. At December 31, 2011 and September 30, 2012 the Company had no balances that exceeded FDIC insurance limit.

***(D) Inventories***

The Company's inventories consist entirely of purchased finished goods. Inventories are stated at lower of cost or market. Cost is determined on the first-in, first-out basis. During the nine months ended September 30, 2012, the Company recorded an impairment of inventory in the amount of \$12,492 which is also included in the cost of goods sold.

***(E) Property and Equipment***

The Company values property and equipment at cost and depreciates these assets using the straight-line method over their expected useful life. The Company uses a five year life for computer equipment and a three year life for software.

***(F) Impairment***

In accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification No. 360, *Property, Plant and Equipment*, the Company carries long-lived assets at the lower of the carrying amount or fair value. Impairment is evaluated by estimating future undiscounted cash flows expected to result from the use of the asset and its eventual disposition. If the sum of the expected undiscounted future cash flow is less than the carrying amount of the assets, an impairment loss is recognized.

Fair value, for purposes of calculating impairment, is measured based on estimated future cash flows, discounted at a market rate of interest.

(9)

Table of Contents

**(G) Website Development**

The Company has adopted the provisions of FASB Accounting Standards Codification No. 350 *Intangible-Goodwill and Other*. Costs incurred in the planning stage of a website are expensed, while costs incurred in the development stage are capitalized and amortized over the estimated three year life of the asset. On September 30, 2012, the Company evaluated the impairment by estimating future undiscounted cash flows expected to result from the use of the website and its eventual disposition. Since the sum of the expected undiscounted future cash flow is significantly less than the carrying amount of the website, the carrying amount of the website in amount of \$111,593 was recognized as impairment loss during the three months ended September 30, 2012.

**(H) Stock-Based Compensation**

The Company recognizes compensation costs to employees under FASB Accounting Standards Codification No. 718, *Compensation - Stock Compensation*. Under FASB Accounting Standards Codification No. 718, companies are required to measure the compensation costs of share-based compensation arrangements based on the grant-date fair value and recognize the costs in the financial statements over the period during which employees are required to provide services. Share based compensation arrangements include stock options, restricted share plans, performance based awards, share appreciation rights and employee share purchase plans. As such, compensation cost is measured on the date of grant at their fair value. Such compensation amounts, if any, are amortized over the respective vesting periods of the option grant.

Equity instruments issued to other than employees are recorded on the basis of the fair value of the instruments, as required by FASB Accounting Standards Codification No. 505, *Equity Based Payments to Non-Employees*. In general, the measurement date is when either a (a) performance commitment, as defined, is reached or (b) the earlier of (i) the non-employee performance is complete or (ii) the instruments are vested. The measured value related to the instruments is recognized over a period based on the facts and circumstances of each particular grant as defined in the FASB Accounting Standards Codification.

**(I) Loss Per Share**

Basic and diluted net (loss) per common share is computed based upon the weighted average common shares outstanding as defined by FASB Accounting Standards Codification Topic 260, *Earnings Per Share*." As of September 30, 2012 there were 4,250,000 options, 24,658,790 warrants and 400,000 common shares issuable upon conversion of convertible notes payable outstanding whose effect was anti-dilutive and not included in diluted net loss per share for the three and nine months ended September 30, 2012. As of September 30, 2011 there were 9,370,000 warrants outstanding whose effect were anti-dilutive and not included in diluted net loss per share for the three months ended September 30, 2011 and the period February 7, 2011 to September 30, 2011. The options and warrants may dilute future earnings per share.

***(J) Fair Value of Financial Instruments***

Fair Value of Financial Instruments and Fair Value Measurement

The Company measures its financial and non-financial assets and liabilities, as well as makes related disclosures, in accordance with ASC Topic 820, *Fair Value Measurements and Disclosures* (“ASC Topic 820”). For certain of our financial instruments, including cash, accounts receivable, accounts payable and accrued liabilities, the carrying amounts approximate fair value due to their short maturities. Amounts recorded for convertible notes payable also approximate fair value because current interest rates available to us for debt with similar terms and maturities are substantially the same.

ASC Topic 820 provides guidance with respect to valuation techniques to be utilized in the determination of fair value of assets and liabilities. Approaches include, (i) the market approach (comparable market prices), (ii) the income approach (present value of future income or cash flow), and (iii) the cost approach (cost to replace the service capacity of an asset or replacement cost). ASC Topic 820 utilizes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The following is a brief description of those three levels:

Level 1: Observable inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices that are observable, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active.

Level 3: Unobservable inputs in which little or no market data exists, therefore developed using estimates and assumptions developed by us, which reflect those that a market participant would use.

***(L) Business Segments***

The Company operates in one segment and therefore segment information is not presented.

***(M) Revenue Recognition***

The Company recognizes revenue in accordance with FASB Accounting Standards Codification No. 605, Revenue Recognition. In all cases, revenue is recognized only when the price is fixed or determinable, persuasive evidence of an arrangement exists, Delivery has occurred and collectability is reasonably assured. This criteria are met when the deal books are delivered to our customers and collectability is reasonably assured. We record these sales net of any discounts provided to our customer.

***(N) Concentrations***

During the three and nine months ended September 30, 2012 the Company had one customer who represented 15% of sales . There were no sales during the comparable periods in 2011.

***(O) Income Taxes***

The Company uses the asset and liability method in accounting for income taxes. Under this method, deferred income tax assets and liabilities are determined based on difference between financial reporting and tax bases of assets and liabilities and are measured using the enacted tax rates and laws that will be in effect when the differences are expected to reverse. A valuation allowance is provided to offset any net deferred tax assets for which management believes it is more likely than not that the net deferred asset will not be realized.

***(P) Recent Accounting Pronouncements***

The Company has reviewed all recently issued, but not yet effective, accounting pronouncements up to ASU 2012-07, and does not believe the future adoption of any such pronouncements may be expected to cause a material impact on its consolidated financial condition or the consolidated results of its operations.

Table of Contents**3. Property and Equipment**

At September 30, 2012 and December 31, 2011 property and equipment consisted of the following.

	September 30, 2012 (Unaudited)	December 31, 2011
Computers and equipment	\$ 19,883	\$ 16,468
Accumulated depreciation	(3,895 )	(778 )
Balance	\$ 15,988	\$ 12,690

Depreciation expense for three and nine months ended September 30, 2012, the three months ended September 30, 2011 and the period from February 7, 2011 to September 30, 2011 was \$1,163, \$3,117, \$138 and \$168, respectively.

**4. Prepaid Expenses and Other Current Assets**

As of September 30, 2012 and December 31, 2011, the Company had prepayment of \$196,511 and \$362,138, respectively, consisted of the following:

	September 30, 2012 (Unaudited)	December 31, 2011
Prepaid insurance	\$ 63,809	\$ 79,763
Prepaid stock compensation	131,250	318,750
Other Prepaid	1,452	57,375
Total prepaid expenses and other current assets	196,511	455,888
Less: long-term prepaid expenses	—	93,750
Total current portion of prepaid expenses and other current assets	\$ 196,511	\$ 362,138

Prepaid stock compensation was due to the issuance of total 6,000,000 shares of common stock in August 2011 for services rendered during the period from August 16, 2011 through August 15, 2013 (see Note 9(C)). The Company calculated the stock based compensation of \$300,000 at its fair value and booked pro rata within the relative service periods. Accordingly, the Company had prepaid stock compensation of \$131,250 and \$318,750 as of September 30, 2012 and December 31, 2011, respectively.

## **5. Convertible Note Payable -Related Party**

On January 24, 2012, the Company entered into a 4% convertible promissory note with its Chief Operating Officer in the amount of \$40,000. The note is due on January 24, 2013 prior to the maturity date, the Company has the option to convert the principle and accrued interest into shares of the Company's common stock at \$0.10 per share. The fair value of the conversion was equal to the Company's stock price on the date of issuance and no beneficial conversion was recorded. Interest expense for the three and nine months ended September 30, 2012 amount to \$403 and \$1,096.

## **6. Liquidated Damages**

Pursuant to the Company's private placement completed during the nine months ended September 30, 2012 in the gross amount of \$370,000, as of September 30, 2012 purchasers under the private placement (the "Holders") are entitled to liquidated damages if a registration statement covering the resale of the 1,480,000 shares of common stock sold under the private placement (the "Registrable Securities") is not filed within 60 days of the termination date of the private placement on May 15, 2012 and declared effective within 150 days of the termination date. The Company shall make pro rata payments to each Holder, in an amount equal to 1.0% of the aggregate amount invested by such Holder (based upon the number of Registrable Securities then owned by such Holder) for each 30-day period or pro rata for any portion thereof following the date by which such Registration Statement should have been filed or effective (the "Blackout Period"). Such payments can be made in cash or shares of common stock with the fair market value on the date of issuance and shall constitute the Holder's exclusive monetary remedy for such events, but shall not affect the right of the Holder to seek injunctive relief. The amounts payable as liquidated damages shall be paid monthly within ten (10) business days of the last day of each month following the commencement of the Blackout Period until the termination of the Blackout Period. Such payments shall be made to each holder at the sole option of the Company in either cash or shares of Common Stock. As of September 30, 2012, the Company has accrued four months of liquidated damages in the amount of \$14,800.

**7. Related Party Transactions**

On November 16, 2011, the Company entered into a new five year employment agreements with its President and Vice President which superseded their prior agreements with our subsidiary, SimplePons Operations, Inc. Under the terms of these agreements, the Company agreed to pay each of them an annual salary of \$100,000 for the period commencing on the effective date and ending on December 31, 2012, and thereafter for the period commencing on January 1, 2013 and ending on December 31, 2013, a base salary at an annual rate \$125,000, and thereafter for the period commencing January 1, 2014 until the end of the term of this agreement, a base salary at an annual rate of \$150,000. Each executive is also entitled to an annual bonus of at the discretion of our board of directors. Each of these executive officers is also entitled to participate in all benefit programs we offer our employees. The agreements, which contain an automatic yearly renewal provision, contain customary confidentially and non-compete provisions. Each employee's employment may be terminated upon his death or disability and with or without cause. In the event we should terminate his employment upon his death or disability, he is entitled to his then current base salary for a period of three months from the date of termination and all granted but unvested options are immediately vested. In the event we should terminate the agreement for cause or if he should resign, he is entitled to payment of his base salary through the date of termination. At our option we may terminate his employment without cause, in which event he is entitled to payment of his then base salary and bonus through the date of termination together with one years' salary payable in a lump sum at the date of termination and all granted but unvested options are immediately vested. As of September 30, 2012 accrued salaries including payroll taxes are \$119,823.

On November 16, 2011, the Company entered into a new five-year employment agreement with its Chief Financial Officer, which is effective November 16, 2011. Under the terms of this agreement, we agreed to pay our Chief Financial Officer an annual salary of \$70,000 for the period commencing on the effective date and ending on December 31, 2012, and thereafter for the period commencing on January 1, 2013 and ending on December 31, 2013, a base salary at an annual rate \$87,500, and thereafter for the period commencing January 1, 2014 until the end of the term of this agreement, a base salary at an annual rate of \$109,375. He is also entitled to an annual bonus of at the discretion of our board of directors. The agreements, which contain an automatic yearly renewal provision, contain customary confidentially and non-compete provisions. Each employee's employment may be terminated upon his death or disability and with or without cause. In the event we should terminate his employment upon his death or disability, he is entitled to his then current base salary for a period of three months from the date of termination and all granted but unvested options are immediately vested. In the event we should terminate the agreement for cause or if he should resign, he is entitled to payment of his base salary through the date of termination. At our option we may terminate his employment without cause, in which event he is entitled to payment of his then base salary and bonus through the date of termination together with one years' salary payable in a lump sum at the date of termination and all granted but unvested options are immediately vested. As of September 30, 2012, accrued salary including payroll taxes was \$43,329. On February 8, 2012, the Company issued its Chief Financial Officer an additional grant of options to purchase an aggregate of 1,000,000 shares of our common stock at an exercise price of \$0.75 per share, which vest quarterly over three-years beginning on February 8, 2012.

On January 20, 2012, the Company entered into a three-year employment with our new Chief Operating Officer. Under the terms of this agreement, the Company agreed to pay our Chief Operating Officer an annual salary of \$150,000. As additional compensation, the Company granted options to purchase an aggregate of 3,000,000 shares of

our common stock at an exercise price of \$0.75 per share, which vest quarterly over three-year beginning on August 1, 2012. Our Chief Operating Officer may be terminated upon his death or disability and with or without cause. In the event we should terminate his employment upon his death or disability, he is entitled to his then current base salary for a period of three months from the date of termination and all vested options remain exercisable through the original terms of the options. In the event we should terminate the agreement for cause or if he should resign, he is entitled to payment of his base salary through the date of termination. At our option we may terminate his employment without cause. If we terminate him without cause within six months from the date of the agreement, he is not entitled to any compensation and all granted but unvested options immediately terminate. In the event we should terminate him without cause after the six-month anniversary of the employment agreement, he is entitled to payment of his then base salary and bonus through the date of termination together with three months' salary payable in a lump sum on the date of termination and all vested options remain exercisable through the original option term. The Chief Operating Officer resigned on August 31, 2012. Accordingly, the Company accrued salaries including payroll taxes in amount of \$77,231 as of September 30, 2012. On October 17, 2012, the Chief Operating Officer filed the complaint against the Company for non-payment of wages, vacation time and waiting time penalties under the California Labor Code Section 203. He is seeking \$71,918 in base salary, \$5,308 in wages for accrued vacation time and \$17,309 in waiting time penalties, for an aggregate of \$94,535, together with reasonable attorney's fees.

On January 24, 2012, the Company entered into a 4% convertible promissory note with its Chief Operating Officer in the amount of \$40,000. The note is due on January 24, 2013. Prior to the maturity date, the Company has the option to convert the principal and accrued interest into shares of the Company's common stock at \$0.10 per share. The fair value of the conversion was equal to the Company's stock price on the date of issuance and no beneficial conversion was recorded. Interest expense for the three and nine months ended September 30, 2012 amount to \$403 and \$1,096.

For the three and nine months ended September 30, 2012 the Company expensed \$0 and \$9,887.

Options:	Shares	Weighted Avg. Exercise Price
Balance, December 31, 2011	4,100,000	\$ 0.275
Granted	5,100,000	0.70
Exercised	—	—
Expired	(4,950,000)	0.275
Balance at September 30, 2012	4,250,000	\$ 0.39
Options exercisable at September 30, 2012	2,232,851	\$ 0.36

The following table summarizes information about options for the Company as of September 30, 2012:

Range of Exercise Price	2012 Options Outstanding			Options Exercisable	
	Number Outstanding at June 30, 2012	Weighted Average Remaining Contractual	Weighted Average Exercise Price	Number Exercisable at September 30, 2012	Weighted Average Exercise Price
\$ .275	3,250,000	4.09	\$ .275	1,820,613	\$ 0.275
\$ .75	1,000,000	4.36	\$ .75	412,238	\$ 0.75

**(E) Others**

On September 20, 2012, the Company issued a total of 1,800,000 shares to two investors as part of an agreement to adjust their purchase price for securities purchased under a previous private placement to resolve pricing issues raised by both investors in. The shares were valued at \$180,000 (\$0.10 per share) based on contemporaneous stock sales. Accordingly, expense for the three and nine months ended September 30, 2012 amounted to \$180,000 and \$180,000.

(15)

Table of Contents**10. Warrants**

The following tables summarize all warrant grants for the nine months ended September 30, 2012, and the related changes during this period.

	Number of Warrants	Weighted Average Exercise Price
Stock Warrants		
Balance at December 31, 2011	20,879,412	\$ 0.92
Granted	4,448,000	0.28
Exercised	—	—
Expired	(668,622 )	0.38
Balance at September 30, 2012	24,658,790	0.26
Warrants Exercisable at September 30 , 2012	24,658,790	\$ 0.26

In connection with a private placement in 2007, the Company issued 13,976,180 warrants with an exercise price of \$1.05 that expires on August 6, 2012. The exercise price and number of warrant shares issuable upon exercise of the warrants are subject to adjustment from time to time for stock dividends and splits and fundamental transactions, which include a merger or consolidation or any sale of all or substantially all of the Company's assets, any tender offer or exchange offer is completed pursuant to which holders of the Company's common stock are permitted to tender or exchange their shares for other securities, cash or property, or any reclassification of the Company's common stock or any compulsory share exchange pursuant to which the Company's common stock is effectively converted into or exchanged for other securities, cash or property. The warrants also contain a cashless exercise provision. In the case of a fundamental transaction, the warrant holders will be entitled to rights equivalent to the common shareholders as if the warrant shares were issued immediately prior to the fundamental transaction. The investor warrants also provide that if the Company offers or sells stock in a subsequent equity sale at a price below the warrant exercise price then in effect, then the number of warrant shares issuable will be increased such that the aggregate exercise price of the warrants, after taking into account an equivalent price decrease, shall be equal to the aggregate exercise price prior to such adjustment ("reset provision"). Under ASC 815-40-15, the Company is required to account for warrants with reset provisions when the following three items are present (1) one or more underlying amounts or payments are required (2) no initial net investment or an initial net investment that is smaller than would be required for other types of contracts (3) its terms require or permit net settlement, it can be readily settled net by means outside the contract or it provides for delivery of an asset that puts the recipient in a position not substantially different from the net settlement. ASC 815-40-15 further defines the requirement that the assets are readily convertible to cash. Due to the lack of a public market for the Company's securities, the Company determined that the warrants were not readily convertible to cash and therefore no derivative liability has been recorded. As of September 30, 2012, the total warrants outstanding in connection with this 2007 private placement are 790 warrants with a weighted average exercise price of \$0.39 per share.

## 11. Legal Proceedings

The Company is a defendant in an action styled *Wei Ken Seto v SimplePons, Inc., Case No. 112CV234202, in the Superior Court of the State of California in and for the County of Santa Clara*. Mr. Seto, the Company's former Chief Operating Officer, filed the complaint against us in October 2012 for non-payment of wages, vacation time and waiting time penalties under the California Labor Code Section 203. He is seeking \$71,918 in base salary, \$5,308 in wages for accrued vacation time and \$17,309 in waiting time penalties, for an aggregate of \$94,535, together with reasonable attorney's fees. In response to this complaint, we have filed a Notice of Motion and Motion to Stay or Dismiss Action for Being Filed in Improper Forum, together with a supporting Memorandum of Points and Authorities and the Declaration of Richard A. Miller, an executive officer and director of SimplePons. In these pleadings, we are seeking a dismissal of the lawsuit citing that Mr. Seto's employment agreement with us, which is the basis of his claims, provides that it is the 15th Judicial Circuit of Florida is the venue and exclusive forum in which to adjudicate any case or controversy that arises in connection with the employment agreement. We intend to vigorously defend this action.

## 12. Subsequent Events

On October 26, 2012, the Company entered into a Securities Purchase Agreement with Asher Enterprises, Inc. ("Asher") pursuant to which we sold Asher a \$63,000 principal amount convertible promissory note (the "Note") in a private transaction. Asher is an accredited investor and the transaction was exempt from registration under the Securities Act in reliance on an exemption provided by Section 4(2) of that act. The Company received gross proceeds of \$63,000. The Company did not pay any commissions or finder's fees in this transaction, but paid legal fees of Asher's counsel in the amount of \$3,000. The Company is using the net proceeds for working capital.

On October 31, 2012, the Company issued 500,000 shares of common stock with a fair value of \$50,000 to a consultant for a variety of services to the Company, including accounting services related to the preparation and filing of the Company's quarterly and annual reports, EDGAR services, and the preparation of corporate tax returns. All shares were considered earned upon receipt.

**Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations.**

The following discussion of our financial condition and results of operations for three and nine months ended September 30, 2012 and for the period from February 7, 2011 (inception) to September 30, 2011 should be read in conjunction with the financial statements and the notes to those statements that are included elsewhere in this report. Our discussion includes forward-looking statements based upon current expectations that involve risks and uncertainties, such as our plans, objectives, expectations and intentions. Actual results and the timing of events could differ materially from those anticipated in these forward-looking statements as a result of a number of factors, including those set forth under the Item 1A. Risk Factors, Cautionary Notice Regarding Forward-Looking Statements and Business sections in our Annual Report on Form 10-K for the year ended December 31, 2011 and our subsequent filings with the Securities and Exchange Commission. We use words such as “anticipate,” “estimate,” “plan,” “project,” “continuing,” “ongoing,” “expect,” “believe,” “intend,” “may,” “will,” “should,” “could,” and similar expressions to identify forward-looking statements.

**Overview**

SimplePons™ is a subscription-based e-commerce smartphone application (app), and savings book that offers consumers goods and services at substantially discounted prices, as well as buy one get one free offers (“BOGO”) from local and national merchants. Using cutting-edge technology, we are committed to building valuable consumer-centric content on a social platform with the focus of enhancing consumer experience and developing profitable consumer acquisition partnerships with merchants. We believe there is a substantial market opportunity with \$4.6 billion in coupon savings realized in 2011 out of \$470 billion coupons distributed in just consumer products alone.

Our subscribers gain annual access to savings at participating merchants and businesses in specific geographic regions, which we refer to as “geo territories.” SimplePons has established relationships with merchants in 18 geo-territories, including in Florida, South Carolina, Indiana, and Virginia with plans to expand nationwide.

As we grow, we plan to establish the following initiatives:

- building unique subscriber profiles for enhancing consumer experience,
- developing an e-commerce platform for customized savings,
- leveraging on the popularity of social networking to create consumer-focused content,
- using QR codes and relevant search/mobile technologies for e-coupon redemption and targeted marketing, and
- establishing focused corporate and institutional partnerships for more successful and effective subscriber acquisition.

We believe we offer our subscribers a unique value proposition in providing immediate savings with focused and relevant promotions. Our app subscribers enjoy the convenience of having their coupon book available through their smartphones.

We believe in forming strong, long-term relationships with our merchant partner by providing a superior return on promotional investment to merchants than daily deal competitors as we neither share in the revenue nor charge a fee for participation. Given our emphasis on technology and building content ; we will be able to assist our merchants in understanding their business and customers, resulting in strong year-over-year merchant retention and better promotions.

Table of Contents

**Going Concern**

We incurred net losses of \$3,075,323 from inception through September 30, 2012 and a net loss of \$2,243,733 for the nine months ended September 30, 2012. The report of our independent registered public accounting firm on our financial statements for the period of inception (February 7, 2011) through December 31, 2011 contains an explanatory paragraph regarding our ability to continue as a going concern based upon our net loss and cash used in operations. These factors, among others, raise substantial doubt about our ability to continue as a going concern. Our financial statements do not include any adjustments that might result from the outcome of this uncertainty. There are no assurances we will be successful in our efforts to generate revenues or report profitable operations or to continue as a going concern, in which event investors would lose their entire investment in our company. Management has enacted a plan to address this issue by increasing revenues and attempting to raise capital through either debt or equity offerings.

**Results of Operations**

Net Revenues

Our net revenues during the three and nine months ended September 30, 2012 represent revenues from the sale of our discount coupon books. Our cost of goods sold represents the costs of printing the coupon books. During the three months ended September 30, 2012 we had net revenues of \$20,832 and cost of goods sold in amount of \$28,949, compared to no net revenues for the comparable period in 2011. During the nine months ended September 30, 2012 we had net revenues of \$39,461 and cost of goods sold in amount of \$44,209.. The primary reason that cost of goods sold exceeding revenues was due to impairment for obsolete inventory in the second quarter of \$12,492. We anticipate our revenue will increase during the fourth quarters of 2012 as we have launched our 2013 coupon books during August 2012 and based upon non-binding indications of purchase we have received from a number of organizations and companies who typically engage in fundraising activities in those periods.

Operating Expenses

Our total operating expenses for the three months and nine months ended September 30, 2012 increased substantially from the comparable periods in 2011. The following factors were primarily attributable to this increase:

- Salary expense increased 51% and 349% during the three and nine months ended September 30, 2012, respectively, as compared to the same periods in 2011. We expect that our salary expense may increase in future

periods depending on the degree to which we expand our business. We currently have seven employees and would like to hire twelve additional sales personnel to service the twelve territories we have built into our coupon book but are currently not serviced. Any additions to our sales staff would be dependent on raising capital in future periods. As an additional tool to increase sales, we have begun to establish relationships with channel partners to market our products to their existing clients engaged in fundraising sales of similar and complimentary products within various organizations. We expect that we will pay a flat fee per book or app to the channel partner which will provide us with the opportunity to increase our sales while controlling our salary expense in future periods.

- Consulting expense increased to \$713,294 and \$487,500, respectively, during the three and nine months ended September 30, 2012 from the comparable periods in 2011. Consulting expense is primarily attributable to non-cash expenses from the issuances of our common stock to various consultants for SEC compliance, investor relations and business development services. These costs were typically recognized at grant dates since most shares were considered earned upon receipt. In addition, we had expenses of \$180,000 incurred due to purchase price adjustment to resolve pricing issues raised by 2 investors, who purchased our common stock under a previous private placement memorandum. The shares were valued at \$0.10 per share based on contemporaneous stock sales in the third quarter of 2012.

- Selling, general and administrative expense principally includes rent, travel, commissions, professional fees, promotional, entertainment and advertising expenses, market research, fundraising expenses and other overhead expenses excluding salary expense. The principal increases in SG&A expenses in the three and nine months ended September 30, 2012 from the comparable periods in 2011 included increases in option expense, travel and entertainment expenses, rent, and costs associated with books distributed as promotional materials.

We expect that our SG&A will continue to increase in future periods as our business expands although at this time we are not able to quantify the expected increase.

#### Other Expenses

We accrued \$14,800 in liquidated damages for the nine month period which was as a result of our failure to timely file a registration statement related to a private placement of our securities which closed during the second quarter of 2012. We filed the required registration statement on October 1, 2012; therefore, there was no additional liquidated damages recorded during the three months ended September 30, 2012.

Table of Contents

**Liquidity and Capital Resources**

Liquidity is the ability of a company to generate sufficient cash to satisfy its needs for cash. We do not have sufficient cash to satisfy our obligations as they become due. At September 30, 2012 we had a working capital deficit of \$175,633 as compared to working capital of \$364,043 at December 31, 2011. Our decrease in working capital of approximately is primarily attributable to decreases in cash, inventory and prepaid expenses and other current assets, partially offset by increases in accounts payable and accrued expenses, accrued officers' salary, liquidated damages and convertible notes payable – related party.

The increase in our accounts payable and accrued expenses and accrued officer's salaries at September 30, 2012 is directly attributable to our lack of liquidity. We are delaying the payment of certain obligations to third parties and our executive officers which have accrued the bulk of the compensation due them under the terms of their employment agreements. The lack of sufficient liquidity has adversely impacted our ability to implement our business plan. However, we have raised additional capital during the three months ended September 30, 2012, which has alleviated to a degree our lack of liquidity. During the three months ended September 30, 2012 certain of our executive officers received \$111,500 of their accrued salary.

Net cash used in operating activities was \$944,811 for the nine months ended September 30, 2012 as compared to net cash used in operating activities of \$257,840 for the period of February 7, 2011 (inception) to September 30, 2011. In the nine months ended September 30, 2012 cash was used to fund our operating loss of \$2,243,733 which was partially offset by an increase in depreciation expense and amortization expense of \$38,655, impairment of inventory in the amount of \$12,492, stock compensation for common stock issued to consultants of \$637,500, stock option expense for options issued to employees and officers of \$164,070, a decrease in prepaid expense of \$71,877 (primarily from the amortization of prepaid insurance), an increase in liquidated damages of \$14,800 for our failure to file a registration statement in a timely manner, an increase in accounts payable of \$107,803 mainly attributable to unpaid legal, professional and consulting bills, and an increase of \$119,483 for accrued salary owed to executive officers.

For the period of February 7, 2011 (inception) to September 30, 2011 cash was used to fund our loss from operations of \$399,839 which was partially offset by an increase in stock compensation for common stock issued to consultants of \$163,750, an increase in accounts payable of \$60,802 primarily attributable to unpaid legal, professional and consulting fees, and an increase of \$67,282 in accrued salaries owed to executive officers.

Net cash used in investing activities was approximately \$47,885 for the nine months ended September 30, 2012 as compared to approximately \$83,306 for the period of February 7, 2011 (inception) to September 30, 2011 primarily reflects our website development investments and purchase of trademarks and additional equipment.

Net cash provided by financing activities for the nine months ended September 30, 2012 was approximately \$933,874, reflecting proceeds of \$40,000 from a related party note, and proceeds from the sale of our securities, net of offering costs.. Net cash provided by financing activities for the period of February 7, 2011 (inception) to September 30, 2011 was approximately \$935,217 due primarily to proceeds from the sale of securities, net of offering costs.

We do not have any commitments for capital expenditures during the next 12 months nor do we have any external sources of capital. Our working capital is not sufficient to fund our operations over the next 12 months and permit us to satisfy our obligations as they become due. During the first quarter of 2012 we expanded our workforce to help with our expansion into new geo territories. As a result of our lack of liquidity and streamlining of our business strategy, during the second quarter of 2012 we reallocated certain of our resources, and eliminated 14 positions. While we raised \$893,874 in net proceeds from the sale of our securities during 2012, our expenses are increasing even with these efforts to control our expenses. Even if we are successful in increasing our revenues from these expected sales, we will still need to raise additional working capital. We do not have any firm commitments to provide the additional capital which is needed and there are no assurances that we will be able to secure capital on terms acceptable to us, if at all. Our ability to significantly increase our revenues and successfully raise additional working capital is key to our ability to continue as a going concern. If we are not successful in both of these efforts, we may be forced to significantly curtail some or all of our operations.

Table of Contents

**Critical Accounting Policies**

*Website Development*

We have adopted the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Codification No. 350 *Intangible-Goodwill and Other*. Costs incurred in the planning stage of a website are expensed, while costs incurred in the development stage are capitalized and amortized over the estimated three year life of the asset. On September 30, 2012, the Company evaluated the impairment by estimating future undiscounted cash flows expected to result from the use of the website and its eventual disposition. Since the sum of the expected undiscounted future cash flow is significantly less than the carrying amount of the website, the carrying amount of the website in amount of \$111,593 was recognized as impairment loss during the three months ended September 30, 2012.

*Stock-Based Compensation*

We recognize compensation costs to employees under FASB Accounting Standards Codification No. 718, *Compensation – Stock Compensation*. Under FASB Accounting Standards Codification No. 718, companies are required to measure the compensation costs of share-based compensation arrangements based on the grant-date fair value and recognize the costs in the financial statements over the period during which employees are required to provide services. Share based compensation arrangements include stock options, restricted share plans, performance based awards, share appreciation rights and employee share purchase plans. As such, compensation cost is measured on the date of grant at their fair value. Such compensation amounts, if any, are amortized over the respective vesting periods of the option grant.

Equity instruments issued to other than employees are recorded on the basis of the fair value of the instruments, as required by FASB Accounting Standards Codification No. 505, *Equity Based Payments to Non-Employees*. In general, the measurement date is when either a (a) performance commitment, as defined, is reached or (b) the earlier of (i) the non-employee performance is complete or (ii) the instruments are vested. The measured value related to the instruments is recognized over a period based on the facts and circumstances of each particular grant as defined in the FASB Accounting Standards Codification.

**Recent Accounting Pronouncements**

We have reviewed all recently issued, but not yet effective, accounting pronouncements up to ASU 2012-07, and does not believe the future adoption of any such pronouncements may be expected to cause a material impact on its

consolidated financial condition or the consolidated results of its operations.

### **Off Balance Sheet Arrangements**

As of the date of this report, we do not have any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to investors. The term “off-balance sheet arrangement” generally means any transaction, agreement or other contractual arrangement to which an entity unconsolidated with us is a party, under which we have any obligation arising under a guarantee contract, derivative instrument or variable interest or a retained or contingent interest in assets transferred to such entity or similar arrangement that serves as credit, liquidity or market risk support for such assets.

(21)

Table of Contents

**Item 3. Quantitative and Qualitative Disclosures About Market Risk.**

Not applicable for a smaller reporting company.

**Item 4. Controls and Procedures.**

*Evolution of Disclosure Controls and Procedures.* Under the supervision and with the participation of our management, including our principal executive officer who serves as our principal financial officer, we conducted an evaluation of our disclosure controls and procedures, as such term is defined under Rule 13a-15(e) and Rule 15d-15(e) promulgated under the Securities Exchange Act of 1934, as amended, as of September 30, 2012. Based on this evaluation, the principal executive and financial officer has concluded that our disclosure controls and procedures were ineffective at such time to ensure that information required to be disclosed by us in the reports filed or submitted under the Securities Exchange Act of 1934 were recorded, processed, summarized, and reported within the time periods specified in the Securities and Exchange Commission's rules and forms. The principal executive and financial officer also concluded that our disclosure controls, which are designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Securities Exchange Act of 1934 is accumulated and communicated to management, was inappropriate to allow timely decisions regarding required disclosure. Additionally, based on management's assessment, the Company determined that there were material weaknesses in its internal control over financial reporting as of September 30, 2012.

Therefore, our internal controls over financial reporting were not effective as of September 30, 2012 based on the material weaknesses described below:

- we lacked proper procedures in place to track and record expenses;
- Subsequent to the resignation of our former Chief Financial Officer, we lacked competent financial management personnel with appropriate accounting knowledge and training;
- lack of segregation of duties at the Company due to the principal executive officer dealing with general administrative and financial matters.

As a result of this material weakness, our management concluded that our internal control over financial reporting was not effective as of September 30, 2012. While we hired an experienced accountant in October 2012 in an effort to mitigate to an extent these material weaknesses, they are part time, and we are not yet able to devote sufficient resources necessary to fully develop the necessary procedures. Until such time as these procedures have been fully developed and implemented, and we are able to devote a portion of our limited resources to expanding our personnel and providing greater resources to an accounting staff, we expect that the material weaknesses in our disclosure controls and procedures may continue for the immediate future.

Because of its inherent limitations, however, internal control over financial reporting may not prevent or detect misstatements. Projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies and procedures may deteriorate.

*Changes in Internal Control over Financial Reporting.* There have been no changes in our internal control over financial reporting during our last fiscal quarter that has materially affected, or is reasonably likely to materially

affect, our internal control over financial reporting.

**PART II - OTHER INFORMATION**

**Item 1. Legal Proceedings.**

We are a defendant in an action styled *Wei Ken Seto v SimplePons, Inc., Case No. 112CV234202, in the Superior Court of the State of California in and for the County of Santa Clara*. Mr. Seto, our former Chief Operating Officer, filed the complaint against us in October 2012 for non-payment of wages, vacation time and waiting time penalties under the California Labor Code Section 203. He is seeking \$71,918 in base salary, \$5,308 in wages for accrued vacation time and \$17,309 in waiting time penalties, for an aggregate of \$94,535, together with reasonable attorney's fees. In response to this complaint, we have filed [ a Notice of Motion and Motion to Stay or Dismiss Action for Being File in Improper Forum, together with a supporting Memorandum of Points and Authorities and the Declaration of Richard A. Miller, an executive officer and director of SimplePons. In these pleadings, we are seeking a dismissal of the lawsuit citing that Mr. Seto's employment agreement with us, which is the basis of his claims, provides that it the 15th Judicial Circuit of Florida is the venue and exclusive forum in which to adjudicate any case or controversy that arises in connection with the employment agreement. We intend to vigorously defend this action.

**Item 1A. Risk Factors.**

Not applicable for a smaller reporting company.

**Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.**

On October 26, 2012 we issued Greentree Financial Group, Inc. 500,000 shares of our common stock valued at \$50,000 as compensation for its services to us under the terms of an agreement described in Part II. Item 5. of this report. The recipient was an accredited or otherwise sophisticated investor who had access to business and financial information on our company. The issuance was exempt from registration under the Securities Act of 1933 (the "Securities Act") in reliance on an exemption provided by Section 4(2) of that act.

On October 26, 2012 we entered into a Securities Purchase Agreement with Asher Enterprises, Inc. ("Asher") pursuant to which we sold Asher a \$63,000 principal amount convertible promissory note (the "Note") in a private transaction. Asher is an accredited investor and the transaction was exempt from registration under the Securities Act in reliance on an exemption provided by Section 4(2) of that act. We received gross proceeds of \$63,000. We did not pay any commissions or finder's fees in this transaction, but we paid legal fees of Asher's counsel in the amount of \$3,000. We are using the net proceeds for working capital

Under the terms of the Securities Purchase Agreement, we granted Asher a right of first refusal with respect to any subsequent equity financings, including debt with an equity component, that we might undertake during the one year period following the closing of the Securities Purchase Agreement in like transactions that do not exceed \$75,000 in the aggregate.

The Note bears interest at 8% per annum and the principal and accrued interest is due on July 24 ,2013. We have the right to prepay the Note following three trading days notice to Asher upon a payment of a premium of the principal amount due, ranging from 120% to 150% depending upon when the prepayment is made, plus accrued and unpaid interest, and, in certain circumstances as described in the Note, the payment of default interest. All of any portion of the outstanding principal amount and accrued but unpaid interest due under the Note is convertible at the option of the holder into shares of our common stock, up to an amount that would result in Asher or its affiliates holding no more than 4.99% of the outstanding shares of common stock (subject to waiver by Asher upon 61 days notice to us) at any time beginning 180 days following the date of the Note. The conversion price per share is a variable conversion price which is 58% of the average of the lowest three trading prices of our common stock during the 10 trading days prior to the conversion date, representing a discount of 42%, subject to certain exceptions described in the Note. The Note contains a ratchet provision under which the conversion price is subject to adjustment in the event of any dilutive issuances at less than the conversion price in effect on the date of such issuance.

(23)

Table of Contents

We agreed not to take certain actions which the Note is outstanding, including:

- paying any dividends or making a distribution of our capital stock;
- redeeming, repurchasing or otherwise acquiring any of our securities;
- borrowing any funds;
- selling or disposing of our assets; or
- lending any monies or giving any advances not in the ordinary course of business and not in excess of \$100,000.

At Asher's option, the sale or other disposition by us of all or substantially all of our assets, or one or a series of transactions which results in the disposal of more than 50% of our voting power or a merger or business combination in which we are not the survivor constitutes an event of default under the Notes. Additional events of default under the Note include:

- failure to pay principal or interest when due;
- failure to issue common stock upon conversion or a conversion default;
- breach of a material covenant and such breach continues for 20 days;
- breach of representations or warranties;
- assignment for the benefit of creditors;
- entry of a money judgment or similar process against us for more than \$50,000 which is not vacated within 20 days;
- bankruptcy;
- failure to maintain a quotation of our common stock on the OTCBB;
- failure to comply with the reporting requirements of the Securities Exchange Act of 1934 or ceasing to be subject to such requirements;
- dissolution, liquidation or winding up of our company or our business;
- cessation of operations;
- failure to maintain material intellectual property rights or other assets necessary to conduct business;
- a material restatement of our financial statements;
- any reverse split without 20 days' prior notice to Asher;
- the replacement of our transfer agent prior to providing certain instructions to the replacement transfer agent with respect to the conversion of the Note; or
- cross defaults under other agreements or obligations between our company and Asher.

In the event we should default in the payment of the Note, the interest rate is increased to 22% per annum. Furthermore, upon the occurrence and during the continuation of any event of default with respect to failure to pay principal or interest when due at the maturity date, the Note becomes immediately due and payable and we are obligated to pay Asher an amount equal to the default sum, which is defined as (a) the then outstanding principal amount of the Note to the date of payment, plus (b) the accrued and unpaid interest on the unpaid principal amount of the Note to the date of payment plus (c) default interest, if any, on the amounts referred to in clauses (a) and (b) plus (d) any amounts owed to Asher pursuant to the conversion penalty.

Mr. Brian S. John, an executive officer and director of SimplePons, issued Asher a limited guarantee of the Note. The foregoing descriptions of the Securities Purchase Agreement and Note are qualified in their entirety by reference to the agreements which are filed as Exhibits 4.11 and 10.15 to this report.

(24)

Table of Contents

**Item 3. Defaults Upon Senior Securities.**

None.

**Item 4. Mine Safety Disclosures.**

Not applicable to our company's operations.

**Item 5. Other Information.**

In September 2012 as consideration for the waiver of registration rights held by a principal stockholder, we exchanged an outstanding warrant to purchase 1,000,000 shares of our common stock at an exercise price of \$0.25 per share issued in November 2011 for an identical warrant which also contains a cashless exercise provision. We recognized an expense of \$0 in the third quarter of 2012 in connection with this exchange. The recipient was an accredited investor and the exchange was exempt from registration under the Securities Act in reliance on an exemption provided under Section 3(a)(9) of the Securities Act.

On October 22, 2012 we engaged Greentree Financial Group, Inc., a consulting firm, to provide certain services to including accounting services related to the preparation and filing of our quarterly and annual reports, EDGAR services, and the preparation of our corporate tax returns. Under the terms of the original agreement, we agreed to pay the consultant \$18,000, in cash or shares of our common stock, which was earned on the date of the agreement, together with certain additional fees and reimbursement for out-of-pocket expenses, including reasonable fees of its counsel. On October 26, 2012 we entered into a new agreement with Greentree Financial Group, Inc. which superseded in its entirety the original agreement. Under the terms of the October 26, 2012 agreement, we agreed to pay the consultant 500,000 shares of our common stock as compensation for the services to be rendered to us, which was earned on the date of the agreement, together with certain additional fees and reimbursement for out-of-pocket expenses, including reasonable fees of its counsel. The term of this agreement ends on the date of submission of our quarterly report for the second quarter of 2013 and may be renewed upon mutual written agreement of the parties. Under the terms of the agreement we also agreed to indemnify Greentree Financial Group, Inc.

The foregoing description of the October 26, 2012 agreement with Greentree Financial Group, Inc. is qualified in its entirety by reference to the agreement which is filed as Exhibit 10.16 to this report.
