Item 4.02. Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.

On March 16, 2005, the management of New York Mortgage Trust, Inc. (the "Company"), in consultation with the Chairman of the Company's Audit Committee, concluded that, during the course of preparing the 2004 annual financial statements for the Company it was determined that the accounting for the disposition of marketable securities owned by The New York Mortgage Company, LLC ("NYMC"), the Company's accounting predecessor which the Company acquired in connection its formation transactions completed in connection with the closing of the Company's initial public offering (the "IPO"), required an account reclassification to reflect a change in other comprehensive income on the disposition of these assets of \$865,000. As a result, the net income reported for the three and six months ended June 30, 2004 and the nine months ended September 30, 2004 as filed in the Company's Quarterly Reports on Form 10-Q for these periods was understated by \$865,000 and, for that reason, should no longer be relied upon.

These assets were disposed of in a one-time, non-recurring transaction during the second quarter of 2004 prior to completion of the Company's IPO so as to avoid owning a legacy portfolio of securities which (i) did not meet the Company's new investment guidelines, (ii) are equity securities, (iii) cannot be appropriately hedged or (iv) do not generate qualifying REIT income. As a result, the impact of the sale of these assets did not impact the Company or its earnings generated during periods after completion of the IPO. However, because the Company's acquisition of NYMC is accounted for as a reverse merger for accounting and financial reporting purposes, the historical financial presentation of net income is affected.

For financial presentation purposes, the amounts reclassified have the effect of increasing net income by approximately \$865,000 with a corresponding reduction in accumulated other comprehensive income for the periods indicated. There is no financial statement impact to total assets, liabilities or equity on the Company's balance sheet, or to net comprehensive income for the periods presented.

The Company's earnings and earnings per share for the quarter and year-ended December 31, 2004, as previously announced on March 15, 2005, already reflect the impact of this change.

The impact on the Company's financial statements for the quarter and six months ended June 30, 2004 and the quarter and nine months ended September 30, 2004, as previously reported and as reclassified is as follows:
