NOTICE TO THE MARKET

São Paulo, June 24, 2014 - Braskem (BM&FBovespa: BRKM5, BRKM3, BRKM6; NYSE: BAK; LATIBEX: XBRK) clarifies to the market that it has been informed of the report by the General Superintendence ("SG") of Brazil's antitrust agency - CADE (*Conselho Administrativo de Defesa Econômica*) regarding the transaction to acquire the assets of Solvay Indupa. The SG opposed the transaction given its understanding that it is potentially anticompetitive. As provided for by law, the report issued by the SG is neither decisive nor binding, but rather represents the first step in the process of analyzing the transaction, which will now be examined by the board of CADE

Braskem understands that the relevant market for PVC and caustic soda is international, which is consistent with the decisions that CADE has been issuing for years, for which reason the transaction does not pose a threat to free competition. Therefore, the Company remains confident that the acquisition of Solvay Indupa will be approved by CADE and represent yet another step towards increasing the efficiency, competitiveness and strengthening of the PVC and caustic soda chain.
