ANNOUNCEMENT TO THE MARKET

CPFL ENERGIA INTEGRATES ISE FOR THE 12th CONSECUTIVE YEAR

CPFL Energia S.A. ("**CPFL Energia**" or "**Company**") hereby announces to its shareholders and the market that, for the twelfth consecutive year, integrates the ISE (the BM&FBOVESPA's Corporate Sustainability Index), which brings together companies that stand out on issues of corporate sustainability, evaluating general aspects of the environment, corporate governance, economic-financial, social responsibility and climate changes. CPFL Energia remains in the ISE since its first edition, in December 2005.

The new ISE portfolio, which will be valid from 01/02/2017 to 01/05/2018, gathers 38 stocks of 34 companies. They represent 15 sectors and make up R\$ 1.31 trillion in market value, equivalent to 52.14% of the total value of companies traded on the BM&FBOVESPA (on 11/22/2016).

The ISE reflects the return of a portfolio composed by stocks of companies with the best performances in corporate sustainability. The index is a reference for socially responsible investment and encourages good practices in the Brazilian business environment.

São Paulo, November 24, 2016.

CPFL Energia S.A.

Gustavo Estrella

Chief Financial and Investor Relations Officer

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
