Item 2.02 Results of Operations and Financial Condition.

On November 8, 2006, Fannie Mae (formally, the Federal National Mortgage Association) filed a Form 12b-25 with the Securities and Exchange Commission ("SEC") to report that it will not timely file its Quarterly Report on Form 10-Q for the quarter ended September 30, 2006.

The narrative portions of the Form 12b-25, copies of which are filed as Exhibit 99.1 to this report, are incorporated herein by reference.

The information in this item shall be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934.

Item 3.02 Unregistered Sales of Equity Securities.

Under the Fannie Mae Stock Compensation Plan of 1993 and the Fannie Mae Stock Compensation Plan of 2003 (the "Plans"), Fannie Mae regularly provides stock compensation to employees and members of the Board of Directors to attract, motivate and retain these individuals and promote an identity of interests with shareholders.

During the quarter ended September 30, 2006, Fannie Mae issued 170,429 shares of common stock upon the exercise of stock options for an aggregate exercise price of approximately \$7.1 million, of which approximately \$5.5 million was paid in cash and the remainder was paid by the delivery to Fannie Mae of 32,044 shares of common stock. Options granted under the Plans typically vest 25 percent per year beginning on the first anniversary of the date of grant and expire ten years after the grant.

In consideration of services rendered or to be rendered, Fannie Mae also issued 43,807 shares of restricted stock during the quarter ended September 30, 2006. In addition, 4,878 restricted stock units vested, as a result of which 3,703 shares of common stock were issued and 1,175 shares of common stock that otherwise would have been issued were withheld by Fannie Mae in lieu of requiring the recipients to pay Fannie Mae the withholding taxes due upon vesting. Shares of restricted stock and restricted stock units granted under the Plans typically vest in equal annual installments over three or four years beginning on the first anniversary of the date of grant. Each restricted stock unit represents the right to receive a share of common stock at the time of vesting. As a result, restricted stock units are generally similar to restricted stock, except that restricted stock units do not confer voting rights on their holders.

All options, shares of restricted stock and restricted stock units were granted to persons who were employees or members of the Board of Directors of Fannie Mae.

The securities Fannie Mae issues are "exempted securities" under laws administered by the SEC to the same extent as securities that are obligations of, or are guaranteed as to principal and interest by, the United States. As a result, Fannie Mae does not file registration statements with the SEC with respect to offerings of Fannie Mae securities.

Item 8.01 Other Events.

ISSUER REPURCHASES

Fannie Mae repurchased 30,647 shares of common stock from employees for a weighted average purchase price of \$50.838 per share under Fannie Mae's previously announced Employee Stock Repurchase Program, during the quarter ended September 30, 2006. In addition, during this same period Fannie Mae repurchased 2,588 shares of common stock for a weighted average purchase price of \$49.917 per share in a limited number of instances relating to financial hardship. During the quarter ended September 30, 2006, Fannie Mae also reacquired 14,217 shares from employees to pay an aggregate of approximately \$0.7 million in withholding taxes due upon the vesting of restricted stock, accepted 2,827 shares from employees to pay an aggregate of approximately \$0.1 million in withholding taxes due upon the exercise of employee stock options, and accepted 32,044 shares of common stock from employees at a weighted average fair market value of \$49.972 to pay an aggregate exercise price of approximately \$1.6 million for employee stock options.

INFORMATION ABOUT CERTAIN DEBT AND MBS ISSUANCES BY FANNIE MAE CAN BE FOUND ON FANNIE MAE'S WEBSITE

Pursuant to SEC regulations, public companies are required to disclose certain information when they incur a material direct financial obligation or become directly or contingently liable for a material obligation under an off-balance sheet arrangement. The disclosure must be made on a Form 8-K under Item 2.03 or, if the obligation is incurred in connection with certain types of securities offerings, in prospectuses for that offering that are filed with the SEC.

Fannie Mae's securities offerings are exempted from SEC registration requirements. As a result, Fannie Mae is not required to and does not file registration statements or prospectuses with the SEC with respect to its securities offerings. To comply with the disclosure requirements of Form 8-K relating to the incurrence of material financial obligations, Fannie Mae will report its incurrence of these types of material obligations either in offering circulars or prospectuses (or supplements thereto) that it will post on its website or file in a Form 8-K, in accordance with a "no-action" letter we received from the SEC staff. In cases where the information is disclosed in a prospectus or offering circular posted on Fannie Mae's website, the document will be posted on our web site within the same time period that a prospectus for a non-exempt securities offering would be required to be filed with the SEC.

The web site address for disclosure about Fannie Mae's debt securities is www.fanniemae.com/debtsearch. From this address, investors can access the offering circular and related supplements for debt securities offerings under Fannie Mae's universal debt facility, including pricing supplements for individual issuances of debt securities.

Disclosure about Fannie Mae's off-balance sheet obligations pursuant to some of the mortgage-backed securities Fannie Mae issues can be found at www.fanniemae.com/mbsdisclosure. From this address, investors can access information and documents about our mortgage-backed securities, including prospectuses and related prospectus supplements or preliminary data statements for specific issuances.
