Item 8.01. Other Events.

CF Industries Holdings, Inc. (the “Company”) has filed this Current Report on Form 8-K to revise the Company’s consolidated financial statements as of December 31, 2014 and 2013 and for the years ended December 31, 2014, 2013 and 2012 and the related notes, which were included in its 2014 Annual Report on Form 10-K filed with the Securities and Exchange Commission (the “SEC”) on February 26, 2015 (the “2014 Form 10-K”), to reflect changes in the Company’s reportable segments that took effect during the third quarter of 2015. The Company is filing this Current Report on Form 8-K so that the Company’s annual financial statement information incorporated by reference in any registration statement filed with the SEC would reflect the Company’s current reportable segments.

As previously reported in the Company’s Quarterly Report on Form 10-Q for the quarter ended September 30, 2015 filed with the SEC on November 9, 2015, the Company changed its reportable segment structure in the third quarter of 2015 to separate ammonium nitrate (“AN”) from its other segment as its AN products increased in significance as a result of the Company’s acquisition on July 31, 2015 of the remaining 50% equity interest in CF Fertilisers UK Group Limited (formerly known as GrowHow UK Group Limited) not previously owned by the Company. The Company’s reportable segments reflect how its chief operating decision maker, as defined under U.S. generally accepted accounting principles, assesses the performance of the Company’s operating segments and makes decisions about resource allocation. The Company’s reportable segments now consist of ammonia, granular urea, urea ammonium nitrate solution (“UAN”), AN, other and phosphate. These segments are differentiated by products, which are used differently by agricultural customers based on crop application, weather and other agronomic factors or by industrial customers.

The revision of the consolidated financial statements and related notes that were included in the 2014 Form 10-K affects the following items from the 2014 Form 10-K, which have been retrospectively revised to reflect the separate AN reportable segment that had previously been included in the other segment and which have been included, as so revised, as exhibits to this Current Report on Form 8-K as indicated below:

- Item 1. Business (included, as revised, as Exhibit 99.1 to this Current Report on Form 8-K);
- Item 7. Management’s Discussion and Analysis of Financial Condition and Results of Operations (included, as revised, as Exhibit 99.2 to this Current Report on Form 8-K); and
- Item 8. Financial Statements and Supplementary Data (included, as revised, as Exhibit 99.3 to this Current Report on Form 8-K).

The change in the Company’s reportable segments described above had no impact on the Company’s historical consolidated financial position, equity, results of operations or cash flows as disclosed in the 2014 Form 10-K. The information included in this Current Report on Form 8-K does not reflect events occurring after February 26, 2015, the date the Company filed the 2014 Form 10-K, and does not modify or update the disclosures therein in any way except to reflect the change in the Company’s reportable segments described above. Information regarding events and developments subsequent to the filing of the 2014 Form 10-K is included in the Company’s other SEC filings since that date.

This Current Report on Form 8-K, including the exhibits, should be read in conjunction with the 2014 Form 10-K and with the Company’s other reports filed with the SEC after February 26, 2015.
