Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

At the 2014 Annual Meeting of Stockholders of Pharma-Bio Serv, Inc. (the "Company") held on April 30, 2014, the stockholders of the Company approved the 2014 Long-Term Incentive Plan (the "Incentive Plan"). The Board of Directors of the Company adopted the Incentive Plan on March 31, 2014, subject to stockholder approval. The Incentive Plan provides for the grant of incentive and non-qualified options, stock grants, stock appreciation rights and other equity-based incentives to employees, including officers, and consultants. The Incentive Plan is to be administered by a compensation committee composed of independent directors. In the absence of a committee, the Incentive Plan is administered by the Board of Directors.

Under the terms of the Incentive Plan, independent directors are not eligible for discretionary options. However, each newly elected independent director receives at the time of his or her election, a five-year option to purchase 25,000 shares of common stock at the market price on the date of his or her election. In addition, the Incentive Plan provides for the annual grant of an option to purchase 20,000 shares of common stock on January 10th of each year.

Under the terms of the Incentive Plan, if the Company has an advisory board, at the time each person is appointed to the advisory board, such person shall automatically be granted an option to purchase 5,000 shares of common stock and on each January 1, following his or her appointment to the advisory board, each person who is a member of the advisory board on such date shall automatically be granted an option to purchase 5,000 shares of common stock.

Under the terms of the Incentive Plan, the options to directors and advisory board members have a term of five years and become exercisable cumulatively as to 50% of the shares subject to the option six months from the date of grant and as to the remaining 50% 18 months from the date of grant. Options intended to be incentive stock options must be granted at an exercise price per share which is not less than the fair market value of the common stock on the date of grant and may have a term which is not longer than ten years. If the option holder holds 10% of our common stock, the exercise price must be at least 110% of the fair market value on the date of grant and the term of the option cannot exceed five years.

The Board of Directors believes that the equity awards to be granted under the Incentive Plan will be granted primarily to those persons who the Compensation Committee believes possess a capacity to contribute significantly to the successful performance of the Company.

A copy of the Incentive Plan is attached as Exhibit 10.1 to this report and is incorporated herein by reference.
