The annual meeting of stockholders (the “Meeting”) or any postponement or adjournment thereof will be held on June 26, 2012, beginning at 10:00 a.m., Eastern Daylight Time, at Goodwin Procter LLP, The New York Times Building, 26th Floor, 620 Eighth Avenue, New York, NY 10018. ABOUT THE MEETING

What is the purpose of the Meeting?

At the Meeting, stockholders will be asked to elect Fund directors (see Proposal 1), ratify the selection of the Fund’s independent registered public accounting firm (see Proposal 2), and approve, on a non-binding advisory basis, compensation paid to the Fund’s named executive officers in 2011 (see Proposal 3). In addition, if properly presented at the meeting, there are two proposals put forward by shareholders that the Fund is required to include — a vote on whether the Board of Directors should propose a special meeting of Equus shareholders to consider and vote on a Plan of Liquidation of the Fund (see Proposal 4), and a vote on whether the Fund should retain an outside firm to conduct a review of the Fund and make recommendations on how to improve Fund performance (see Proposal 5).

Who is entitled to vote at the Meeting?

If you owned shares of the Fund on the Record Date, you are entitled to receive notice of and to participate in the Meeting. A list of stockholders on the Record Date will be available for inspection at the Fund’s office at Eight Greenway Plaza, Suite 930, Houston, Texas 77046 for ten days before the Meeting.

What are the voting rights of holders of the Fund’s common stock?

You may cast one vote per share of the Fund’s common stock that you held on the Record Date on each proposal considered at the Meeting. These shares are: (a) held directly in your name as the stockholder of record or (b) held for you as the beneficial owner through a stockbroker, bank, or other nominee.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Many stockholders of the Fund hold their shares in “street name” through a stockbroker, bank or other nominee rather than directly in their own name. There are some important distinctions in how Fund shares are held.

Stockholder of Record. If your shares are registered directly in your name with the Fund’s transfer agent, American Stock Transfer & Trust Company, you are considered, with respect to those shares, the stockholder of record;

therefore, these proxy materials are being sent directly to you by the Fund. As the stockholder of record, you have the right to vote in person at the Meeting, or to grant your voting proxy directly to the Fund. You may vote online, by phone, or by mail.

Beneficial Owner. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in “street name.” Your broker or nominee, who is considered the stockholder of record with respect to those shares, has forwarded these proxy materials to you. As the beneficial owner, you have the right to provide your broker with instructions on how to vote and are also invited to attend the Meeting. However, since you are not the stockholder of record, you may not vote these shares in person at the Meeting (unless you have a signed proxy from the record holder, as described below). Your broker or nominee has enclosed a voting instruction card for you to use in directing the broker or nominee regarding how to vote your shares.

Broker Discretionary Voting. New York Stock Exchange (“NYSE”) rules permit a broker member to vote on certain “routine” matters, including the ratification of auditors, without instructions from the beneficial owner of the shares. The election of directors and the non-binding votes concerning the other three matters ((i)-compensation of the Fund’s named executive officers, (ii)-a vote concerning whether the Board should propose a special shareholder meeting to consider and

vote on a Plan of Liquidation, and (iii)-a vote on whether the Fund should retain an outside firm to conduct a review of the Fund and make recommendations on how to improve Fund performance) are considered non-routine; therefore, brokers are not permitted to vote in respect of these matters without instructions from the beneficial owners. If you hold your stock in street name and you do not instruct your broker how to vote in the election of directors and these three proposals described in more detail herein, no votes will be cast on your behalf. Therefore, it is important that you cast your vote if you want it to count in respect of these matters.

What constitutes a quorum?

A quorum must be present at the Meeting for any business to be conducted. The presence at the Meeting, in person or by proxy, of a majority of the shares of common stock outstanding on the Record Date, or 5,280,823 shares, will constitute a quorum. As of the Record Date, 10,561,646 shares of the Fund's common stock, representing the same number of votes, were outstanding.

If there are not enough votes for a quorum or to approve a proposal at the Meeting, the stockholders who are represented in person or by proxy may adjourn the Meeting to permit the further solicitation of proxies. The persons named as proxies will vote proxies held by them for such adjournment, unless marked to be voted against any proposal for which an adjournment is sought, to permit the further solicitation of proxies.

What are the Board's recommendations?

The Board recommends a vote "**For**" the election of the nominated slate of directors (see Proposal 1), "**For**" the ratification of the appointment of UHY LLP ("UHY") as the Fund's independent registered public accounting firm (see Proposal 2), "**For**" the approval, on a non-binding advisory basis, of compensation paid to the Fund's named executive officers in 2011 (see Proposal 3), "**Against**" whether the Board of Directors should propose a special meeting of the Equus shareholders to consider and vote on a Plan of Liquidation (see Proposal 4), and "**Against**" whether the Fund should retain an independent firm to conduct a review of the Fund and make recommendations on how to improve Fund performance (see Proposal 5). Unless you give other instructions in your proxy, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board. With respect to any other matter that properly comes before the Meeting, the proxy holders will vote as recommended by the Board or, if no recommendation is given, in their own discretion.

What vote is required to approve the proposals?

Election of Directors. A plurality of votes cast at the Meeting at which a quorum is present is required to elect a director. Abstentions will not be counted as votes cast and will have no effect on this proposal. Brokers may not vote uninstructed shares held in street name for this proposal.

Ratification of Public Accounting Firm. The affirmative vote of a majority of all of the votes cast at the Meeting at which a quorum is present is required to ratify the selection of the public accounting firm. Abstentions will not be counted as votes cast and will have no effect on this proposal. Brokers may vote uninstructed shares held in street name for this proposal, and their votes will count as present for quorum purposes.

Non-Binding Advisory Vote Approving Executive Compensation in 2011. The affirmative vote of a majority of all of the votes cast at the Meeting at which a quorum is present is required to approve, on a non-binding advisory basis, compensation paid to the Fund's named executive officers in 2011. Abstentions will not be counted as votes cast and will have no effect on this proposal. Brokers may not vote uninstructed shares held in street name for this proposal.

Vote Concerning Whether the Board Should Propose a Special Shareholder Meeting to Consider and Vote on a Plan of Liquidation. The affirmative vote of a majority of all of the votes cast at the Meeting at which a quorum is present is required to approve a proposal that the Board propose a special meeting of the Equus shareholders to consider and vote on a Plan of Liquidation of the Fund. Abstentions will not be counted as votes cast and will have no effect on this proposal. Brokers may not vote uninstructed shares held in street name for this proposal.

Vote Concerning Whether the Fund Should Retain an Independent Firm to Conduct a Review of the Fund and Make Recommendations on How to Improve Fund Performance. The affirmative vote of a majority of all of the votes cast at the Meeting at which a quorum is present is required to approve a proposal that the Fund retain an independent firm to conduct a review of the Fund and make recommendations on how to improve Fund performance. Abstentions will not be counted as votes cast and will have no effect on this proposal. Brokers may not vote uninstructed shares held in street name for this proposal.

How are votes counted?

In the election of directors, you may vote “**For**” all of the nominees or your vote may be “**Withheld**” with respect to one or more of the nominees. To ratify the selection of the independent auditor, you may vote “**For**” the ratification, “**Against**,” or you may “**Abstain**.” To cast your vote concerning the remaining three proposals – (i) the non-binding approval of compensation paid to the Fund’s executive officers in 2011, (ii) whether the Board should propose a special shareholder meeting to consider and vote on a Plan of Liquidation of the Fund, or (iii) whether the Fund should retain an independent firm to review the Fund and make recommendations on how to improve Fund performance – you may also vote “**For**” or “**Against**” any or all of the proposals, or you may “**Abstain**” from voting in respect of any or all of them. If you execute your proxy or provide broker voting instructions without specifying further your preference as to the nominees, your shares will be voted in accordance with the recommendations of the Board.

Who can attend the Meeting?

All stockholders as of the Record Date, or their duly appointed proxies, may attend the Meeting. Each stockholder may be asked to present valid identification. Cameras, recording devices, and other electronic devices will not be permitted at the Meeting.

Please note that if you hold your shares in “street name” (that is, through a broker, bank, or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the Record Date.

How can I vote my shares in person at the Meeting?

Shares held directly in your name as the stockholder of record may be voted in person at the Meeting. If you choose to do so, please bring proof of identification. Even if you plan to attend the Meeting, we recommend that you vote your shares in advance as described below so that your vote will be counted if you later decide not to attend the Meeting. Shares held in street name may be voted in person by you only if you obtain a signed proxy from the record holder giving you the right to vote the shares.

How can I vote my shares without attending the Meeting?

Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct your vote without attending the Meeting by granting your voting proxy to the Fund (if you are the stockholder of record) or by providing voting instructions to your broker or nominee (if you hold shares beneficially in street name). You may vote online, by phone, or by mail. Please refer to the enclosed voting instruction card for details.

Can I change my vote after I execute my proxy?

Yes. You may change your proxy instructions at any time prior to the vote at the Meeting. You may accomplish this by granting a new proxy or new broker voting instructions at a later date (which automatically revokes the earlier proxy instructions) or by attending the Meeting and voting in person. Attendance at the Meeting will not cause your previously granted proxy to be revoked unless you specifically so request.

What does it mean if I receive more than one notice of the Meeting?

It means your shares are registered differently or are in more than one account. Please grant a voting proxy and/or provide voting instructions for all accounts that you hold.

Where can I find the voting results of the Meeting?

We will publish final results of the Meeting in a Fund Form 8-K within four business days after the day on which the Meeting ended.

Who can I call if I have a question?

If you have any questions about this proxy statement, please call our proxy solicitor, Georgeson, Inc. toll-free at 1-866-741-9588.

COMPENSATION OF NAMED EXECUTIVE OFFICERS

Compensation Discussion and Analysis

This Compensation Discussion and Analysis provides information about the fiscal year 2011 compensation policy for our named executive officers ("NEOs"). Our Compensation Committee determines the compensation terms for our Chief Executive Officer and the Board determines the fees that may be charged by our Secretary and Chief Compliance Officer for his services. Our Chief Executive Officer determines compensation for all other NEOs. This section explains how compensation decisions were made for our NEOs during the year. The discussion below also addresses the principal elements of our approach to compensation.

Our NEOs are compensated with a view to satisfying two objectives: (i) compensating the Fund's NEOs appropriately for their contributions to the Fund's growth, profitability and other goals and objectives; and (ii) linking the interests of the Fund's NEOs to the long-term interests of the Fund's equity owners. The compensation terms for our NEOs generally recognize both short-term and long-term success but these compensation arrangements also emphasize rewarding the intermediate and long-term performance of our NEOs, as measured by the Fund's performance and relative shareholder return.

Most of our compensation arrangements with our NEOs consist primarily of two elements: base salary and possible annual cash bonus. In addition, while certain of our executives participate in a defined contribution retirement plan, we do not have any supplemental retirement benefits and generally do not provide perquisites to our executive officers. Our Chief Executive Officer and Secretary, for example, receive no health, retirement, or other employment-related benefits. Accordingly, we believe that the total level of compensation is critical to maintaining the competitiveness of our compensation arrangements, particularly given the absence of supplemental benefits and plans.

We pay base compensation to our NEOs, which constitutes the bulk of their total remuneration. While the NEOs' initial base compensation is determined by an assessment of competitive market levels, the factors used in determining changes to base compensation include individual performance, changes in role and/or responsibility and changes in the competitive market environment. The Fund may pay an annual cash bonus that results in cash payments to our NEOs. The amount of the cash bonus is determined by the individual agreements with our NEOs or by our Chief Executive Officer on a discretionary basis. In the case of our Secretary and Chief Compliance Officer or other members of our Board who provide services to the Fund, the Board has determined an hourly rate of \$250.00 for such services. Our Chief Executive Officer is the only NEO with which we have a compensation agreement. The terms of this agreement are summarized on page 14 of this proxy statement.

In determining the structure of our executive compensation policies and the appropriate levels of incentive opportunities, the Compensation Committee or our Chief Executive Officer, as appropriate, considers whether the policies reward reasonable risk-taking and whether the incentive opportunities achieve the proper balance between the need to reward employees and the need to protect shareholder returns. We believe that the focus on total compensation provides incentives to create long-term value for shareholders while taking thoughtful and prudent risks to grow the Fund.

Summary Compensation Table

The following table summarizes the total compensation that the Fund paid during the fiscal years ended December 31, 2011 and 2010 to the NEOs, who are the Chief Executive Officer and the Chief Financial Officer, and our other most highly compensated executive officers who received more than \$100,000 in annual compensation from the Fund.

Report of the Compensation Committee

As part of our responsibilities, we have reviewed and discussed with management the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K, which begins on page 7 of this proxy statement. Based on such review and discussions, we have recommended to the Board of Directors the inclusion of the Compensation Discussion and Analysis in this proxy statement.

GOVERNANCE OF THE FUND

How is the Fund's management structured?

The Board of Directors changed the Fund's operations to an internalized management structure on July 1, 2009. This means that, unlike many closed-end funds and business development companies, the Fund now directly employs its management team and incurs the costs and expenses associated with Fund operations. There is no outside investment advisory organization providing services to the Fund under a fee-based advisory agreement, or an administrative organization charging the Fund for services rendered.

What are the duties of the Board of Directors?

Leadership Structure. The Board provides overall guidance and supervision with respect to the operations of the Fund and performs the various duties specified for directors of business development companies under the Investment Company Act of 1940 (the "1940 Act"). Among other things, the Board supervises Fund management, the custodial arrangements for portfolio securities, the selection of accountants, fidelity bonding, and transactions with affiliates.

The Board meets in regularly scheduled meetings each year. All Board actions are taken by majority vote unless a higher percentage is required by law or the Fund's certificate of incorporation or by-laws require that the actions be approved by a majority of the directors who are not "interested persons" (as defined in the 1940 Act) of the Fund—referred to as "independent directors."

The 1940 Act requires that a majority of the Fund's directors be independent directors. The Board is currently composed of 9 directors, including 6 independent directors. As discussed below, the Board has established 4 Committees to assist the Board in performing its oversight responsibilities.

The Board has appointed Alessandro Benedetti as its Executive Chairman and John A. Hardy to serve as the Fund's Chief Executive Officer. In addition to being the principal executive officer of the Fund, one of the Chief Executive Officer's roles is to set the agenda of the Board and determine what information is provided to the Board with respect to matters to be acted upon by the Board.

The Board has also appointed Robert L. Knauss as its independent Chairman. The independent Chairman presides at all meetings of the Board and leads the Board through its various tasks. The Chairman also acts as a liaison with the Fund's principal executive officer in carrying out his functions. The Chairman may perform such other functions as may be requested by the Board. The designation of Chairman does not impose on such independent director any duties, obligations or liability that is greater than the duties, obligations or liability imposed on such person as a member of the Board, generally.

The Fund has determined that the Board's leadership structure is appropriate given the characteristics and circumstances of the Fund, including such items as the business development company requirements, net assets of the Fund, and the committee structure of the Fund.

Risk Oversight. Through the Board's direct oversight role, and indirectly through its Committees, the Board performs a risk oversight function for the Fund consisting, among other things, of the following activities:

General Oversight. The Board meets with representatives of management and key service providers, including the custodian and the independent audit firm of the Fund, to review and discuss the operational activities of the Fund and to provide direction with respect thereto.

Compliance Oversight. The Board reviews and approves, as applicable, the compliance procedures of Fund. The Board is informed how the compliance procedures adhere to the operational requirements through its meeting with, and reports received from the Chief Compliance Officer. The Board also discusses the adequacy of internal controls and compliance procedures with the Fund's Chief Compliance Officer and independent auditors.

Investment Oversight. The Board monitors Fund performance during the year through regular performance reports from management with references to appropriate performance measurement indices and the performance of similar funds. The Board receives updates on industry developments and portfolio company matters on a regular basis. The Board also monitors the Fund's investment practices and reviews the Fund's investment strategies with management.

Valuation Oversight. The Board has approved the valuation methodologies used in establishing the fair value of the Fund's assets and monitors the accuracy with which the valuations are carried out. The Board receives regular reports on the use of fair value prices and monitors the effectiveness of the valuation procedures.

What Committees has the Board established?

The Board has four standing committees: an Audit Committee, a Governance and Nominating Committee, a Compensation Committee, and a Committee of Independent Directors.

Who are the current Board members and what are their Committee memberships?

The members of the Board of Directors on the date of this proxy statement and the Board Committees on which they serve are identified in the following table:

Governance and Nominating Committee

The Governance and Nominating Committee is responsible for developing and implementing policies and practices relating to corporate governance. The Committee selects individuals for nomination to the Fund's Board of Directors. In addition, the Committee develops and reviews background information on candidates for the Board and makes recommendations to the Board regarding such candidates. The Committee also prepares and supervises the Board's annual review of director independence and the Board's performance self-evaluation. The charter of the Governance and Nominating Committee is available on the Fund's website (www.equuscap.com).

All of the members of the Governance and Nominating Committee are independent directors within the meaning of SEC regulations and the listing standards of the NYSE. This Committee met once during 2011.

How does the Board select nominees for the Board?

The Governance and Nominating Committee considers candidates for Board membership suggested by its members and other Board members, as well as management and stockholders. A stockholder who wishes to recommend a prospective nominee for the Board should notify the Fund's Secretary or any member of the Governance and Nominating Committee in writing in care of Equus Total Return, Inc., Eight Greenway Plaza, Suite 930, Houston, TX 77046. To be considered by the Nominating and Governance Committee, stockholder nominations must be submitted before our fiscal year-end and must be accompanied by a description of the qualifications of the proposed candidate and a written statement from the proposed candidate that he or she is willing to be nominated and desires to serve if elected. The Governance and Nominating Committee will also consider whether to nominate any person nominated by a stockholder pursuant to the provisions of the Fund's by-laws relating to stockholder nominations as described in "Additional Information—Stockholder Proposals for the 2013 Annual Meeting," below. Nominees for director who are recommended by stockholders will be evaluated in the same manner as any other nominee for director.

Once the Governance and Nominating Committee has identified a prospective nominee, the Committee makes an initial determination as to whether to conduct a full evaluation of the candidate. This initial determination is based on whatever information is provided to the Committee with the recommendation of the prospective candidate, as well as the Committee's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation or others. The preliminary determination is based primarily on the need for additional Board members to fill vacancies or expand the size of the Board and the likelihood that the prospective nominee can satisfy the evaluation factors considered by the Committee. If the Committee determines, in consultation with the other Board members as appropriate, that additional consideration is warranted, it may gather additional information about the prospective nominee's background and experience. A Committee member will interview a qualified candidate, and a qualified candidate may meet other directors. The Committee then determines, based on the background information and information obtained in interviews, whether to recommend to the Board that a candidate be nominated to the Board.

The Committee believes a prospective nominee for director should, at a minimum, satisfy the following standards and qualifications and evaluates prospective nominees accordingly:

- The ability of the prospective nominee to represent the interests of the stockholders of the Fund;
- The prospective nominee's standards of integrity, commitment, and independence of thought and judgment;
- The prospective nominee's ability to dedicate sufficient time, energy, and attention to the diligent performance of his or her duties, including the prospective nominee's service on other public company boards; and
- The extent to which the prospective nominee contributes to the range of talent, skill, and expertise appropriate for the Board.

The Committee also considers such other relevant factors as it deems appropriate, including the current composition of the Board, the balance of management and independent directors, diversity, and the need for Audit Committee expertise.

In considering diversity, the Committee considers diversity of background and experience as well as ethnic and other forms of diversity. The Committee does not, however, have any formal policy regarding diversity in identifying nominees for a directorship, but rather, considers it among the various factors relevant to any particular nominee. After completing the evaluation and interview, the Committee makes a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation and report of the Committee.

How does the Board determine which directors are considered independent?

When the Board undertook its annual review of director independence, the Board considered transactions and relationships between each director or any member of his immediate family and the Fund. The Board also examined transactions and relationships between directors or their affiliates and members of the Fund's senior management or their affiliates. The purpose of this review was to determine whether any such relationships or transactions were inconsistent with a determination that the director is independent.

As a result of this review, the Board affirmatively determined that all of the directors nominated for election at the Meeting are independent of the Fund and its management with the exception of Alessandro Benedetti, John A. Hardy and Kenneth I. Denos. Mr. Benedetti is an interested director because he serves as the Fund's Executive Chairman. Mr. Hardy is an interested director because he serves as the Fund's Chief Executive Officer. Mr. Denos is an interested director because he serves as the Fund's Secretary.

How often did the Board meet during 2011?

During 2011, the Board met 11 times. Each director, save Mr. Des Pallieres, attended at least 75% of all meetings held by the Board or the committees of the Board on which he served, and 7 of the directors attended all meetings of the Board and committees on which he served. The Fund does not have a policy about directors' attendance at the annual meeting of stockholders. All directors, save Mr. Hankinson, attended the Fund's annual meeting of stockholders in June 2011.

How are directors compensated?

During 2011, each independent director received: (i) \$5,000 for each quarter served on the Fund's Board plus \$2,000 for each meeting of the directors attended; (ii) \$1,000 for participation in each meeting conducted by telephonic conference; (iii) \$1,000 for each committee meeting attended; and (iv) reimbursement for all out-of-pocket expenses relating to attendance at such meetings. The chair of the Audit Committee receives \$15,000 annually for his service. An annual fee of \$15,000 is paid to the Non-Executive Chairman of the Board.

Interested directors who are not executive officers of the Fund receive director fees for each director meeting attended. Interested directors may serve as directors of portfolio companies and in such capacities may receive and retain directors' fees and other compensation directly from the portfolio companies.

We may also engage directors to perform various services for the Fund, either on an interim basis or pursuant to a monthly consulting arrangement. In 2011, we paid Fraser Atkinson a fee of \$60,000 in lieu of his standard compensation as Chairman of the Audit Committee for additional duties undertaken in connection with the Fund's review and analysis of its portfolio holdings for the year. Also in 2011, we paid Global Energy Associates, LLC ("GEA"), a consulting firm owned by Henry W. Hankinson, \$12,500 pursuant to a consulting agreement with Equus Energy, LLC, in respect of sourcing and reviewing investment opportunities in the energy sector. The agreement with GEA provides for monthly payments of \$6,250 in respect of services rendered in connection with the engagement.

Independent/non-officer directors (including those who only served on the Board for part of a year) were paid an aggregate of \$293,000 and \$263,312 as compensation for the years ended December 31, 2011 and 2010, respectively. The following table set forth compensation that the Fund paid to each person who served as a director during 2011:

PROPOSAL 1—ELECTION OF DIRECTORS

The by-laws of the Fund provide for a minimum of three and a maximum of fifteen directors (a majority of whom must be independent directors). There are nine director nominees (which include six independent director nominees). The Board is not recommending any other director nominees.

The current term of office of all of the Fund's directors expires at the 2012 annual meeting and upon the election and qualification of their successors in office. The Board proposes that the following nominees be elected for a new term of one year and until their respective successors have been duly elected and qualified or until they resign, die, or are removed from office. Each of the nominees has consented to serve if elected. The Board knows of no reason why any nominee for director would be unable to serve as a director. If at the time of the Meeting any nominee is unable or unwilling to serve as a director of the Fund, the persons named as proxies will vote for a substitute nominee designated by the Board. The Fund is the only fund in the fund complex.

Based on a review of the experience, qualifications, attributes and skills of each nominee, including those enumerated in the table below, the Board has determined that each nominee is qualified to serve as a director of the Fund. We invite you to read the summary backgrounds of each of the nominees included in this Proposal section. These qualifications, as well as other qualifications preceding the five-year reporting period in the table below, support the conclusion that each individual should serve as director in light of the Fund's business and structure.

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee pre-approves all audit and permitted non-audit services (including the fees and terms thereof) to be performed by any independent registered public accounting firm engaged by the Fund. Audit services include those typically associated with the annual audit such as evaluation of internal controls. Non-audit services include certain services that are audit-related such as consultations regarding financial accounting and reporting standards, and tax services. Certain services may not be provided by the independent registered public accounting firm to the Fund without jeopardizing the independent registered public accounting firm's independence. These services are deemed prohibited services and include certain management functions; human resources services; broker-dealer, investment adviser or investment banking services; legal services; and expert services unrelated to the audit. Other services are conditionally prohibited and may be provided if the Audit Committee reasonably concludes that the results of the services will not be subject to audit procedures during an audit of the Fund's financial statements. These types of services include bookkeeping; financial information systems design and implementation; appraisal or valuation services; actuarial services; and internal audit outsourcing services.

The Audit Committee's procedures require approval of the engagement of the independent registered public accounting firm for each fiscal year and approval of the engagement by a majority of the Fund's independent directors. The procedures permit the Audit Committee to pre-approve the provisions of types or categories of non-audit services for the Fund on an annual basis at the time of the firm's engagement and on a project-by-project basis. At the time of the annual engagement of the Fund's accounting firm, the Audit Committee is to receive a list of the categories of expected services with a description and an estimated budget of fees. In its pre-approving all audit services and permitted non-audit services, the Audit Committee or a delegated member determines that the provision of the service is consistent with, and will not impair, the ongoing independence of the independent registered public accounting firm

and sets any limits on fees or other conditions it finds appropriate. Non-audit services may also be approved on a project-by-project basis by the Audit Committee consistent with the same standards for determination and information.

The Audit Committee may also designate a member of the Committee to pre-approve non-audit services that have not been pre-approved or changes in non-audit services previously pre-approved. Any actions by the designated member must be ratified by the Audit Committee by the time of its next regularly scheduled meeting. The Fund's pre-approval procedures are reviewed annually by the Audit Committee and the Fund maintains a record of the decisions made by the Committee pursuant to the procedures.

Report of the Audit Committee

As part of its oversight of the Fund's financial statements, the Committee reviews and discusses with both management and the Fund's independent registered public accounting firm all annual and quarterly financial statements prior to their issuance. During 2011, management advised the Committee that each set of financial statements reviewed had been prepared in accordance with accounting principles generally accepted in the United States, and reviewed significant accounting and disclosure issues with the Committee. These reviews included discussions with UHY, the Fund's independent registered public accounting firm, of matters required to be disclosed pursuant to Statement of Auditing Standards No. 61 (*Communication with Audit and Finance Committees*), including the quality of the Fund's accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. The Committee also discussed with UHY matters relating to its independence, including a review of audit and non-audit fees. UHY has represented to us that it is independent with respect to the Fund within the meaning of the published rules and regulations of the Securities and Exchange Commission ("SEC").

Based on the review and discussions noted above, the Audit Committee recommended to the Board the inclusion of the Fund's audited financial statements for the year ended December 31, 2011, in the Fund's Annual Report on Form 10-K for the year ended December 31, 2011, for filing with the SEC. The Audit Committee also recommended to the Board the selection of UHY as the Fund's independent registered public accounting firm for fiscal year 2012.

The affirmative vote of a majority of all of the votes cast at the Meeting at which a quorum is present is required to ratify the selection of UHY. PROPOSAL 3—ADVISORY VOTE

ON EXECUTIVE COMPENSATION

The Compensation Discussion and Analysis beginning on page 7 of this proxy statement describes the Fund's executive compensation policies and the compensation decisions that the Compensation Committee, Board, and our Chief Executive Officer made in 2011 with respect to the compensation of the Fund's named executive officers. The Board is asking shareholders to cast a non-binding, advisory vote FOR the following resolution:

RESOLVED, that the compensation paid to the Fund's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion included in this proxy statement, is hereby APPROVED.

This proposal, which is sometimes referred to as a "say-on-pay vote," is provided as required pursuant to Section 14A of the Exchange Act.

As described in the Compensation Discussion and Analysis, the Fund's executive compensation policies embodies a pay-for-performance philosophy that supports the Fund's business strategy and aligns the interests of its executives with those of its shareholders, with the objective of attracting, retaining and motivating the best possible executive talent and avoiding risks that would be reasonably likely to have a material adverse effect on the Fund. For these reasons, the Board is asking shareholders to support this proposal. Although the vote the Board is asking you to cast is non-binding, the Compensation Committee and the Board value the views of shareholders and will consider the outcome of the vote when determining future compensation arrangements for the Company's named executive officers.

The affirmative vote of a majority of all of the votes cast at the Meeting at which a quorum is present is required to approve this proposal. Abstentions will not be counted as votes cast and will have no effect on this proposal. Brokers may not vote uninstructed shares held in street name for this proposal.

PROPOSAL 4—SHAREHOLDER PROPOSAL

FOR THE BOARD OF DIRECTORS TO PROPOSE A SPECIAL MEETING OF EQUUS SHAREHOLDERS TO CONSIDER AND VOTE ON A PLAN OF LIQUIDATION OF THE FUND

Whereas:

- The Fund's long-term performance as an operating business development company has been atrocious, with an NAV loss, including reinvested dividends, of more than 50% since inception vs. a gain of 240% for the S&P 500.
- The Fund's short-term performance has also been atrocious, with an NAV loss of 36% (from a reported \$5.66 on 3/31/10 to \$3.61 on 12/31/11) under current management.
- The Fund has no credible operating plans, and has had multiple changes in management over the past few years.
- The Fund's current size would not allow it to make effective new investments even if it had competent management.
- The Fund's proposed rights offering has apparently been denied by regulatory authorities, removing the possibility of growth even through such coercive and dilutive means.
- The general investment community has indicated its lack of confidence in the Fund by pricing it in the open market at an average of 35% discount since inception.
- The general investment community has downgraded its confidence level in the Fund by pricing it at an average 41% discount to NAV since the current board took over.
- The continued operation of the Fund risks further poor investment decisions, and the continued bleeding of cash to pay egregious management and board salaries and to settle shareholder lawsuits with Fund capital.

Therefore, be it Resolved that:

- Given that the interests of minority, non-insider shareholders can best be preserved through a careful and orderly liquidation of the Fund, the Board of Directors shall, as soon as practicable, propose and put before all shareholders for a vote at a Special Meeting to be scheduled, a Plan of Liquidation, with the following characteristics:
 - o The Plan shall take into account the specifics of each Fund holding, and shall aim to maximize the proceeds on behalf of all shareholders by not engaging in a "fire sale" of Fund assets.
 - o The Plan shall include an independent third-party valuation of each Fund holding, with the valuation firm to be approved by all shareholders jointly, and by each holder of at least 2% of outstanding shares.
 - o The Plan shall include a process whereby the Fund seeks bids for its entire portfolio at once, and compares that bid to the probable value to be realized through individual liquidation of Fund holdings.
 - o The Plan shall not involve the sale of any Fund holdings to Fund insiders.
 - o The Plan shall contemplate the distribution of cash proceeds to shareholders as soon as practicable following Fund liquidation, including the possibility of staged cash payouts.
 - o The Plan shall not include any provision specifically operating to lessen the personal legal liability of any individual currently or formerly involved with Fund management or the Fund's board.
 - o If a governmental agency will agree to serve in such a capacity, the Plan shall include specific oversight of each step by representatives of that agency.

The affirmative vote of a majority of all of the votes cast at the Meeting at which a quorum is present is required to approve this proposal. Abstentions will not be counted as votes cast and will have no effect on this proposal. Brokers may not vote uninstructed shares held in street name for this proposal.

THE BOARD RECOMMENDS THAT SHAREHOLDERS VOTE “AGAINST” THIS PROPOSAL

The Board of Directors disagrees with the characterization of the facts as put forward in this proposal.

Further, the Board of Directors opposes this proposal because it is not in the best interests of the Fund or its

24

shareholders. In order to pursue a plan of liquidation, a receiver would need to be appointed and other steps would need to be taken, all of which would constitute an inordinate expense of the Fund. In addition, the fair values expressed for the Fund's portfolio interests assume a structured disposition instead of a haphazardly forced liquidation. Certain of the Fund's portfolio companies operate in cyclical industries, and a sale at an inopportune period within the cycle may garner lower sale prices than if the sale were effected in the ordinary course. Moreover, since public disclosure of the liquidation would be required, counterparties to the sale could negotiate terms which were disadvantageous to the Fund.

When current management was appointed in June 2010, we inherited a portfolio that was beset with formidable obstacles. We have nevertheless sought to transform the Fund from its previous state and undertake new growth initiatives, with a three-fold strategy of (i) stabilizing the Equus portfolio and reducing costs, (ii) monetizing underperforming investments and enhancing liquidity to enable more meaningful investments, and (iii) finding ways to utilize non-cash resources of the Fund.

The Fund has incurred significant legal expenses incidental to the disposition (or rehabilitation) of our various portfolio holdings, legal matters affecting the Fund in respect of previous portfolio holdings, a costly proxy contest in 2010, and litigation principally related to the effects of internalization of Fund management. These legal expenses, which we strive to minimize, are legacies of the previous portfolio and its management, and would comprise a substantial component of the Fund's expense ratio in any event.

In the past two years, we have also sought to minimize personnel costs, trimming these expenses by approximately \$421,000 per year, or 43.2% of total personnel costs. In addition, four of our Directors, three of whom were appointed at the time of our change of management, do not receive annual fees for their service on our Board. Even with our reduced staff, we have nevertheless managed to stabilize the Fund and monetize existing holdings of underperforming assets. When we initially became involved with the Fund, we realized that a majority of the Fund's portfolio holdings did not possess any significant appreciation potential over the long term and/or did not generate any cash returns. Much of the "income" generated by these portfolio companies in prior periods consisted of paid-in-kind interest that was not actually received by the Fund but was instead capitalized together with the outstanding principal owed. Consequently, we commenced efforts to sell these holdings as going concerns in negotiated private transactions. Since June 2010, we have been able to sell or retire seven of the Fund's portfolio holdings and receive cash principal and interest payments from other portfolio investments, enabling the Fund to receive over \$18 million in cash. Monetization of this portfolio, whether as part of an ongoing operation or in liquidation, will nonetheless require intensive management. Without the required attention and emphasis, certain of these holdings could substantially diminish in value. The shareholder proposal should not be adopted because it will subject the Fund and its shareholders to additional risks including, in particular, a risk that these portfolio holdings would be sold, if at all, at prices substantially lower than their fair value.

Importantly, we also looked for ways to utilize non-cash resources of the Fund. In May 2011, we were able to acquire 8,890 4% bonds due May 2012 ("Bonds") issued by Orco Germany S.A., a commercial and multi-family residential real estate holding company and developer based in Berlin. We also received \$1,609,539 in cash from the selling bondholders. The consideration provided to the selling bondholders consisted of an aggregate of 1,700,000 newly issued shares of common stock of the Fund. This transaction enabled us to simultaneously increase the amount of cash held by the Fund and make a significant investment for the benefit of our shareholders.

We have also undertaken new initiatives in the energy sector. Recently, we formed Equus Energy Fund, L.P., a Delaware limited partnership focused on making investments in companies in the energy sector, with particular emphasis on oil & gas properties and services. Equus Energy Fund, L.P. is intended to be managed by Equus Energy, LLC, a wholly-owned subsidiary of the Fund which also will serve as the general partner.

We remain committed to growing the Fund and its portfolio investments for the benefit of our shareholders. The proponent argues for a liquidation of the Fund, but given the labor intensive efforts needed to dispose of Fund holdings, such a proposal is not practicable and would subject the Fund and its shareholders to unnecessary costs of administration, in addition to the risks that such holdings would be sold for substantially less than their fair value. For these reasons, we do not believe that the Fund's interests, or the interests of our shareholders, would be best served by approving this proposal.

PROPOSAL 5—SHAREHOLDER PROPOSAL

REGARDING AN OUTSIDE REVIEW OF EQUUS TOTAL RETURN

It has been proposed that, in light of the Fund's performance, discount to NAV, and expense ratio, that the Fund retain an independent firm to conduct a review of the Fund and make recommendations on how to improve the Fund's performance.

The affirmative vote of a majority of all of the votes cast at the Meeting at which a quorum is present is required to approve this proposal. Abstentions will not be counted as votes cast and will have no effect on this proposal. Brokers may not vote uninstructed shares held in street name for this proposal.

THE BOARD RECOMMENDS THAT SHAREHOLDERS VOTE “AGAINST” THIS PROPOSAL

The Board of Directors opposes this proposal because it is not in the best interests of the Fund or its shareholders. The appointment of an outside consulting firm would incur unnecessary expense and constitute an unproductive allocation of our management's time and attention. As part of our efforts to improve the Fund's performance, we are actively seeking ways to minimize expenses, including a substantial reduction in staff over the previous two years. We receive and consider recommendations on a regular basis from our management, Board of Directors, independent auditors, professional service providers, and other third parties. Given the present size of Equus, the engagement of a firm to review the Fund would not be a cost-effective means of improving performance but would instead add additional expenses that are disproportionate to any potential benefit. For these reasons, we do not believe that the Fund's interests, or the interests of our shareholders, would be best served by approving this proposal.

OTHER MATTERS

The Board knows of no other matter that is likely to come before the Meeting. However, if any other matter properly comes before the Meeting, the individuals named as proxy holders will vote in accordance with their discretion on such matters.

In the event that sufficient votes in favor of the proposals set forth in the Notice of the Meeting are not received by the time scheduled for the annual meeting, the holders of a majority of the shares of the Fund, present in person or represented by proxy, although not constituting a quorum, may adjourn the Meeting.
