About Your Fund's Expenses (Unaudited)

June 30, 2012

The Fund's adviser, Shelton Capital Management ("Shelton Capital"), believes it is important for you to understand the impact of costs on your investment. All mutual funds have operating expenses. As a shareholder of the Fund, you incur two types of costs: (1) transaction costs, including sales charges (loads) on purchase payments, reinvested dividends, or other distributions, redemption fees, and exchange fees; and (2) ongoing costs, including management fees, distribution fees and other Fund expenses. Operating expenses, which are deducted from the Fund's gross income, directly reduce the investment return of the Fund. The Fund's expenses are expressed as a percentage of its average net assets. This figure is known as the expense ratio. This example is intended to help you understand your ongoing cost (in dollars) of investing in the Fund and to compare these costs with the ongoing costs of investing in other mutual funds.

The example is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period from January 1, 2012 to the June 30, 2012.

#### Actual Expenses

The first line of the table below provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses you have paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line under the heading entitled "Expenses Paid During Period" to estimate the expenses you paid on your account during this period.

#### Hypothetical Example for Comparison Purposes

The second line of the table provides information about hypothetical account values and hypothetical expenses based on the Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in the Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds. The Fund does not charge any sales charges. There is a redemption fee of 2% for shares of the Fund purchased that are held 90 days or less from the date of purchase.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional cost, such as sales charges (loads), redemption fees, or exchange fees. Therefore, the second line of the table is useful in comparing ongoing costs only, and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher. The calculations assume no shares were bought or sold during the period. Your actual costs may have been higher or lower, depending on the amount of your investment and the timing of any purchases or redemptions.

More information about the Fund's expenses can be found in this report. For additional information on operating expenses and other shareholder costs, please refer to the Fund's prospectus.

Beginning Account Value January 1, 2012	Ending Account Value June 30, 2012	Expenses Paid During Period*
---	--	---------------------------------------

Edgar Filing: SHELTON GREATER CHINA FUND - Form N-CSRS

	(in U.S. Dollars)	(in U.S. Dollars)	(in U.S. Dollars)
Actual	\$1,000	\$1,036	\$8.86
Hypothetical (5% return before expenses)	\$1,000	\$1,016	\$8.77

---

\*Expenses are equal to the Fund's net annual expense ratio of 1.75% (Shelton Capital has contractually agreed to reimburse expenses to the extent total annual fund operating expenses, excluding extraordinary expenses exceed the net expense ratio of 1.75% during the period from October 10, 2011 to October 9, 2012), multiplied by the average account value over the period, multiplied by 182 days divided by 366 days to reflect the one-half year period.

(c) Ratio of extraordinary expenses to average net assets is 0.80%. Ratio of expenses to average net assets excluding impact of extraordinary fees is 2.53%.

(d) 2011 total investment return, calculated based upon the Fund's operations as a closed-end fund for the period of January 1, 2011 to October 9, 2011 (investment return of (22.89%)) and upon the Fund's operations as an open-end fund for the period of October 10, 2011 to December 31, 2011 (investment return of (2.10%)), would be (20.26%).

(e) Effective June 13, 2011, the Fund expanded its primary geographic scope from the Republic of China ("Taiwan") to the Greater China regions (this includes: Taiwan, Hong Kong, Singapore and the People's Republic of China) and has subsequently increased trading in the Greater China region. Portfolio turnover was high during the transition period and was not an indicator of future turnover rate.

(f) Not annualized.

(g) Annualized.

See accompanying notes to financial statements.

Shelton Greater China Fund

Notes to Financial Statements (Unaudited)

June 30, 2012

## NOTE 1 – ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

The Shelton Greater China Fund (the “Fund” or the “Trust”), is registered under the Investment Company Act of 1940, as amended, as a diversified open-end management investment company. The Fund, formerly the Taiwan Greater China Fund, is a Massachusetts business trust formed in July 1988 and was previously registered with the U.S. Securities and Exchange Commission (the “SEC”) as a diversified, closed-end management investment company. The Trust commenced operations in May 1989 as the R.O.C. Taiwan Fund. The R.O.C. Taiwan Fund changed its name to the Taiwan Greater China Fund on December 29, 2003 and the change became effective on the New York Stock Exchange on January 2, 2004.

As previously required by the Trust’s Declaration of Trust, if the Trust’s shares trade on the market at an average discount to net asset value per share (“NAV”) of more than 10% in any consecutive 12-week period, the Trust must submit to the shareholders for a vote at its next annual meeting a binding resolution that the Trust be converted from a closed-end to an open-end investment company. The affirmative vote of a majority of the Trust’s outstanding shares is required to approve such a conversion. Because the Trust’s shares traded at an average discount to NAV of more than 10% for the 12-week period ended December 4, 2009, the Trust’s shareholders were asked to consider the conversion of the Trust to an open-end investment company at the Trust’s 2010 Annual Meeting of Shareholders (the “2010 Annual Meeting”).

On May 27, 2011, shareholders of the Taiwan Greater China Fund voted to approve Shelton Capital Management (“Shelton Capital” or the “Adviser”), an institutional investment management firm based in San Francisco and Nikko Asset Management Co., Ltd. (“NAM Tokyo”), an investment management company headquartered in Tokyo, as the Trust’s investment adviser and sub-adviser, respectively. Shareholders also voted to approve the Fund’s conversion from a closed-end investment company to an open-end investment company in 2011. Shelton Capital became the Fund’s investment adviser on June 12, 2011. Shareholders also voted to approve an amendment to the investment objective and an investment policy of the Trust to expand the primary geographic scope of the Trust’s investments from the Republic of China to the Greater China region. As a result, the Taiwan Greater China Fund changed its name to the Shelton Greater China Fund, effective as of June 13, 2011.

As a result of the shareholders’ approval to convert the Fund from a closed-end investment company to an open-end investment company, on August 4, 2011, the Trust filed a Registration Statement on Form N-1A in connection with registering its shares for a continuous offering as an open-end fund. On October 10, 2011, Shelton Greater China Fund converted from a closed-end investment company to an open-end investment company.

(a) Basis of Presentation — The accompanying financial statements of the Trust have been prepared in accordance with U.S. generally accepted accounting principles (“GAAP”).

(b) Federal Income Taxes — No provision is considered necessary for federal income taxes. The Fund intends to qualify for and elect the tax treatments applicable to regulated investment companies under the Internal Revenue Code and to distribute all of its taxable income to shareholders.

The Trust had \$14,621,992 of capital loss carryforward as of December 31, 2011. The capital loss carryforward may be used to offset future capital gains generated by the Trust, and if unused, \$3,691,414 of such loss will expire on December 31, 2013 and \$10,930,578 of such loss will expire on December 31, 2017.

## Edgar Filing: SHELTON GREATER CHINA FUND - Form N-CSRS

In accordance with federal income tax regulations, the Trust expects to elect to defer currency losses of \$10,676 and capital losses of \$1,360,108, realized on investment transactions from November 1, 2011 through December 31, 2011 and treat them as arising during the fiscal year ending December 31, 2012 for U.S. federal income tax purposes.

The Regulated Investment Company Modernization Act of 2010 (the “Act”) was enacted on December 22, 2010. The Act makes changes to several rules impacting the Fund. In general, the provisions of the Act are effective for the Fund’s fiscal year ending December 31, 2011. Although the Act provides several benefits, including the unlimited carryover of future capital losses and the ability to retain the tax character of capital losses generated after the enactment of the Act, there may be a greater likelihood that all or a portion of the Fund’s pre-enactment capital loss carryovers may expire without being utilized due to the fact that post-enactment capital losses are required to be utilized before pre-enactment capital loss carryovers.

Accounting principles generally accepted in the United States of America require certain components of net assets be reclassified between financial and tax reporting. These reclassifications have no effect on net assets or net asset value per share. Temporary book to tax differences are primarily due to differing treatments for certain foreign currency losses and the tax deferral of losses on wash sales. For the year ended December 31, 2011, permanent differences resulting from different book and tax accounting for net operating losses, differing treatments of the Trust’s gains from the disposition of passive foreign investment company shares, expiring capital loss carryforward, post-October capital losses, cumulative translation adjustments, as well as the nondeductibility of net operating losses for U.S. federal income tax purposes, have been reclassified to paid-in capital, undistributed net investment income/loss and accumulated realized gain/loss as follows:

Increase of paid-in capital	\$59,171,200
Increase of undistributed net investment income (loss)	(63,605,272 )
Increase of accumulated gain (loss)	4,434,072
Cumulative translation adjustment	45,902
Unrealized depreciation of investments and foreign currency	(45,902 )

As of December 31, 2011, the components of distributable earnings and accumulated gains/losses on a tax basis were as follows:

Undistributed net investment income	\$—
Accumulated losses	(15,992,776 )
Other unrealized foreign exchange gains	820
Unrealized depreciation	(3,629,055 )
Total accumulated earnings (losses)	\$(19,621,011 )

(c) Foreign Taxes — The Republic of China levies a tax at the rate of 20% on cash dividends and interest and 20% based on par value of stock dividends received by the Trust on investments in the Republic of China securities. The People’s Republic of China levies a tax at the rate of 10% on cash dividends and interest. A securities transaction tax of 0.3% of the fair value of stocks sold or transferred in Republic of China securities is levied.

(d) Accounting for Uncertainty in Income Taxes — The Fund recognizes the tax benefits of uncertain tax positions only where the position is “more likely than not” to be sustained assuming examination by tax authorities. Management has analyzed the Fund’s tax positions, and has concluded that no liability for unrecognized tax benefits should be recorded related to uncertain tax positions taken on returns filed for open tax years (2008- 2010), or expected to be taken in the Fund’s 2011 tax returns. The Fund identifies its major tax jurisdictions as U.S. Federal, however the Fund is not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will change materially in the next twelve months.

(e) Security Transactions, Investment Income, Income and Distributions to Shareholders — Security transactions are recorded on the date the transactions are entered into (the trade date). Dividend income is recorded on the ex-dividend date, and interest income is recorded on an accrual basis as it is earned. Withholding taxes on foreign dividends have been provided for, in accordance with the Trust’s understanding of the applicable country’s tax rules and rates. Income distributions and capital gain distributions are determined in accordance with income tax regulations which may differ from accounting principles generally accepted in the United States of America. For the period ended June 30, 2012, there was no distribution made to shareholders.

(f) Foreign Currency Translation — The Fund has elected to discontinue the qualified business unit (“QBU”) election as of December 31, 2011.

Investment securities and other assets and liabilities denominated in foreign currencies are translated into U.S. dollar amounts at the date of valuation. Purchases and sales of investment securities and income and expense items denominated in foreign currencies are translated into U.S. dollar amounts on the respective dates of such transactions.

Shelton Greater China Fund

Notes to Financial Statements (Unaudited)  
(Continued)

June 30, 2012

The Trust does not isolate that portion of the results of operations resulting from changes in foreign exchange rates on investments from the fluctuations arising from changes in market prices of securities held. Such fluctuations are included with the net realized and unrealized gain or loss from investments.

Reported net realized foreign exchange gains or losses arise from sales of foreign currencies, currency gains or losses realized between the trade and settlement dates on securities transactions, and the difference between the amounts of dividends, interest, and foreign withholding taxes recorded on the company's books and the U.S. dollar equivalent of the amounts actually received or paid. Net unrealized foreign exchange gains and losses arise from changes in the fair values of assets and liabilities, other than investments in securities at fiscal period end, resulting from changes in exchange rates.

(g) Concentration — The Trust concentrates its investments in publicly traded equities issued by corporations located in China, Hong Kong, Taiwan, or Singapore. The portfolio involves considerations not typically associated with investing in U.S. securities. In addition, the Trust is more susceptible to factors adversely affecting the economies of those countries than a fund not concentrated in these issuers to the same extent. Since the Trust's investment securities are primarily denominated in New Taiwan Dollars ("NT\$") and Hong Kong Dollars ("HKD"), changes in the relationships of the NT\$ and the HKD to the USD may also significantly affect the value of the investments and the earnings of the Trust.

(h) Use of Estimates in Financial Statements — The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements, financial highlights and accompanying notes. Actual results may differ from those estimates.

(i) Balance Sheet — In December 2011, the Financial Accounting Standard Board ("FASB") issued ASU No. 2011-11 related to disclosures about offsetting assets and liabilities. The amendments in this ASU require an entity to disclose information about offsetting and related arrangements to enable users of its financial statements to understand the effect of those arrangements on its financial position. The ASU is effective for annual reporting periods beginning on or after January 1, 2013, and interim periods within those annual periods. The guidance requires retrospective application for all comparative periods presented. Management is currently evaluating the impact this amendment may have on the Fund's financial statements.

## NOTE 2 – SECURITY VALUATION

Common stocks represent securities that are traded on the Taiwan Stock Exchange or the Taiwan over-the-counter market or Hong Kong Stock Exchange. Securities traded on a principal securities exchange are valued at the closing price on such exchange. Short-term investments are valued at NAV or at amortized cost, which approximates fair value. Securities for which market quotations are not readily available are, or if a development/event occurs that may significantly impact the value of a security may be, fair-valued in good faith pursuant to procedures established by the Board of Trustees.

Fair Value Measurements — in May 2011, the Financial Accounting Standards Board issued ASU No. 2011-04 "Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards ("IFRS)". ASU 2011-04 includes common requirements for measurement of and disclosure about fair value between U.S. GAAP and IFRS.

## Edgar Filing: SHELTON GREATER CHINA FUND - Form N-CSRS

The Fund utilizes various methods to measure the fair value of most of its investments on a recurring basis. U.S. GAAP establishes a hierarchy that prioritizes inputs to valuation methods. The three levels of inputs are:

Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities that the company has the ability to access.

Level 2 - Observable inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.

Level 3 - Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available, representing the Fund's own assumptions about the assumptions a market participant would use in valuing the asset or liability, and would be based on the best information available.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety, is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

The following table summarizes the valuation of the Trust's securities at June 30, 2012 using the fair value hierarchy:

	Level 1(a)	Level 2(a)	Level 3(a)	Total
Investments, in securities				
Common stocks (b)	\$ 180,641	\$ 24,952,683	\$—	\$ 25,133,324
Short term securities	930,576	—	—	930,576
Total investments in securities	\$ 1,111,217	\$ 24,952,683	\$—	\$ 26,063,900

(a) There were transfers in or out of Level 1 and Level 2 and no transfers in or out of Level 3 during the period ended June 30, 2012.

(b) For a detailed breakout of common stocks by major industry classification, please refer to the Portfolio of Investments.

Significant transfers into and out of each level of the fair value hierarchy for assets measured at fair value for the period ended June 30, 2012 are as follows:

	Transfers into Level 1	Transfers (out) of Level 1	Transfers into Level 2	Transfers (out) of Level 2
Investments in securities				
Common stocks (c)	\$—	\$(24,952,683 )	\$ 24,952,683	\$—

Edgar Filing: SHELTON GREATER CHINA FUND - Form N-CSRS

Total investments in securities                                    \$—                                    \$(24,952,683 )                                    \$24,952,683                                    \$—

(c) In accordance with the Fund's fair value pricing policy, the holdings of the Fund were fair-value priced as of June 30, 2012. The Fund's policies and procedures require that the Fund's independent pricing service calculate a fair value for the securities during periods where there are significant market fluctuations. Because the securities used a fair value price as of the date of the report, the securities were transferred to Level 2 securities. This resulted in their classification as level 2 securities.

NOTE 3 – DERIVATIVES TRANSACTIONS

As of June 30, 2012, the Trust had unsettled foreign exchange contracts at the Fund's custodian related to translating dividends received in foreign currency to USD. The primary risk exposure, location, and fair value of the Fund's derivatives which are not accounted for as hedging instruments under FASB ASC 815, Derivatives and Hedging, are as follows:

Primary Risk Exposure	Location on Statement of Assets and Liabilities	Fair Value of Liability Derivatives
Foreign currency risk	Unrealized depreciation on open foreign currency exchange contracts	\$(5)

Shelton Greater China Fund                      Notes to Financial Statements (Unaudited)                      June 30, 2012  
(Continued)

Realized and unrealized gains and losses on derivative contracts entered into during the period ended June 30, 2012, by the Fund are recorded in the following locations in the Statement of Operations:

	Location on Statement of Operations	Realized Gain (Loss)	Location on Statement of Operations	Unrealized Gain (Loss)
Foreign exchange contracts	Net realized loss on investments and foreign currency transactions	\$105	Change in unrealized appreciation on investments and foreign currency transactions	\$(5)

#### NOTE 4 – INVESTMENT ADVISORY FEES AND OTHER RELATED PARTY TRANSACTIONS

The Trust entered into an advisory agreement with Shelton Capital on June 12, 2011. Pursuant to its advisory agreement with the Trust, Shelton Capital is responsible for supervising investments of the Trust, and makes available all services needed for the management, administration and operation of the Trust. The Trust pays Shelton Capital a fee at the per annum rate of 1.25% of the NAV of the Trust’s assets. Shelton Capital entered into a sub-advisory agreement with NAM Tokyo on June 12, 2011. On April 24, 2012, the sub-advisory agreement between Shelton Capital and NAM Tokyo was transferred to Nikko Asset Management Hong Kong Limited (“NAM Hong Kong”), a wholly-owned subsidiary of NAM Tokyo.

The Adviser has voluntarily agreed to reimburse expenses incurred by the Trust to the extent that total annual operating expenses (excluding extraordinary expenses, interest expense, dividend expense and any taxes, penalties or fees) exceed 1.75% of the average net assets of the Trust from October 10, 2011 to October 9, 2012. Any such reimbursement is subject to the review and approval of the Trust’s Board of Trustees. Reimbursement from the Adviser for the period ended June 30, 2012 is \$54,284.

Effective October 10, 2011, Shelton Capital provides administrative services for the Trust. As compensation for administrative duties not covered by the advisory agreement, Shelton Capital received an administration fee based on asset held by the Trust at rate of 0.10% on the first \$500 million, 0.08% on the next \$500 million, and 0.06% on assets over \$1 billion.

Certain officers and trustees of the Trust are also affiliated with Shelton Capital. Teresa K. Axelson has served as the Chief Compliance Officer (“CCO”) of the Trust since November 2011. Ms. Axelson is also employed by Shelton Capital, the Adviser and Administrator to the Trust. The Trust is responsible for the portion of her salary allocated to her duties as the CCO of the Trust and Shelton Capital was reimbursed by the Trust for this portion of her salary.

#### NOTE 5 – CUSTODIAN FEE

Brown Brothers Harriman & Co. (“BBH”) has provided custodian services for the Trust since October 2004. There is a monthly minimum fee charge of \$4,167.

#### NOTE 6 – TRANSFER AGENT FEES AND ACCOUNTING SERVICES EXPENSE

ALPS Fund Services Inc. provides fund accounting and transfer agency services for the Trust effective October 10, 2011.

#### NOTE 7 – INVESTMENTS IN SECURITIES

For the period ended June 30, 2012, aggregate purchases and sales of securities, excluding short-term investments, were \$12,007,454 and \$37,610,196, respectively.

#### NOTE 8 – CAPITAL SHARE TRANSACTIONS

The Trust when organized as a closed-end investment company, adopted an interval fund structure pursuant to which it makes semi-annual repurchase offers of its shares of beneficial interest. In June 2011, the Trust accepted 531,977 shares for payment at a price of \$7.61 per share in accordance with its semi-annual repurchase offer. Pursuant to the semi-annual repurchase offer, the purchase price was equal to 100% of the Trust’s NAV at the close of regular trading on the Taiwan Stock Exchange on June 17, 2011, to which a 2% repurchase fee was applied. The purchased shares constituted approximately 5% of the Trust’s previously outstanding shares. This semi-annual repurchase offer program ended in October 2011.

The Trust operated as a closed-end management investment company until October 10, 2011. Shareholders approved conversion of the Fund from a closed-end to an open-end management investment company at a conversion ratio of 1:1 based on the Trust’s net asset value (“NAV”) of \$6.13 on October 7, 2011. The Trust issues its shares of beneficial interest at \$0.001 per share par value of the Fund. The Trust last traded at \$5.86 on the New York Stock Exchange on September 30, 2011 and commenced trading on the Nasdaq Stock Market at its NAV of \$6.19 on October 10, 2011. A 2% redemption or exchange fee is charged for shares of the Fund purchased that are held 90 days or less from the date of purchase.

#### NOTE 9 – OTHER ANNOUNCEMENTS

Effective May 11, 2012 Mr. Fredrick C. Copeland, Jr. resigned from his position as Trustee of the Board. Effective May 13, 2012, Mr. Robert P. Parker resigned from his positions as Trustee of the Board and member of the nominating committee. As a result of these resignations, the size of the Board was reduced to five members.

#### NOTE 10 – SUBSEQUENT EVENTS

Management has evaluated the impact of all subsequent events through the date the Financial Statements were issued.

Shelton Greater China Fund

Additional Information (Unaudited)

June 30, 2012

#### Proxy Voting Policy

The Trust’s policy with regard to voting stocks held in its portfolio is to vote in accordance with the recommendations of Institutional Shareholder Services, Inc., unless the Trust’s portfolio manager recommends to the contrary, in which event the decision as to how to vote will be made by the Board. A more detailed description of those policies is available on the SEC’s website at [www.sec.gov](http://www.sec.gov). In addition, information regarding how the Trust voted proxies relating to its portfolio securities during the 12-month period ended June 30, 2012 is available on the SEC’s website.

## Portfolio Holdings

The Fund holdings shown in this report are as of June 30, 2012. Holdings are subject to change at any time, so holdings shown in the report may not reflect current Fund holdings. The Fund files complete schedules of portfolio holdings with the SEC for the first and third quarters of each fiscal year on Form N-Q. The Fund's Form N-Q is available on the SEC's website at [www.sec.gov](http://www.sec.gov) and may be reviewed and copied at the Commission's Public Reference Room, 100 F. Street N.E., Room 1580, Washington, DC. Information on the operation of the Public Reference Room may be obtained by calling 1(800) SEC-0330.

Portfolio holdings will be made available by the Fund's administrator as of the month end, calendar quarter end, and fiscal quarter end by releasing the information to rating agencies. Shareholders may contact the Fund at (800) 955-9988 for a copy of this report.
