6.0% Senior Notes due 2021

On November 26, 2012, Terex Corporation (Terex or the Company) completed an offering of \$850,000,000 aggregate principal amount of its 6.0% Senior Notes due 2021 (the Senior Notes). In connection with the offering, the Company entered into a supplemental indenture, as described in the following paragraphs.

The Senior Notes were issued pursuant to an indenture dated as of July 20, 2007 (the Senior Indenture), between the Company and HSBC Bank USA, National Association, as trustee (the Trustee), as supplemented by a supplemental indenture, dated as of November 26, 2012 (the Supplemental Indenture and, together with the Senior Indenture, the Senior Notes Indenture), between the Company, the guarantors named therein (the Guarantors) and the Trustee. The Senior Notes will be fully and unconditionally guaranteed, jointly and severally, on a senior unsecured basis by certain of the Company s existing and future wholly-owned domestic subsidiaries. A copy of the Senior Notes Indenture is set forth as Exhibit 4.1 to the Company s automatic shelf registration statement on Form S-3 (No. 333-144796) filed July 24, 2007, and is incorporated herein by reference. A copy of the Supplemental Indenture is attached hereto as Exhibit 4.1, and is incorporated herein by reference. The descriptions of the Senior Notes Indenture and the Senior Notes (a form of which is attached as an exhibit to the Supplemental Indenture) in this report are only summaries and are qualified in their entirety by reference to the terms of the Senior Notes Indenture and the Senior Notes, respectively.

The Supplemental Indenture and the Senior Notes provide, among other things, that the Senior Notes will be the Company s senior obligations and will rank equally in right of payment with all of the Company s senior unsecured indebtedness. The Senior Notes will bear interest from November 26, 2012 at an annual rate of 6.0%, payable semi-annually on each May 15 and November 15 during which the Senior Notes are outstanding, commencing on May 15, 2013. The Senior Notes will mature on May 15, 2021. The Company may redeem the Senior Notes in whole or in part, on or after November 15, 2016, at the redemption prices set forth in the Supplemental Indenture. Prior to November 15, 2016, the Company may redeem the Senior Notes, in whole or in part, at a price equal to 100% of the principal amount thereof plus a make-whole premium set forth in the Supplemental Indenture. In addition, prior to November 15, 2015, the Company may redeem up to 35% of the Senior Notes from the proceeds of certain equity offerings. Upon certain change of control events (as defined in the Supplemental Indenture), the holders of the Senior Notes may require the Company to repurchase all or a portion of the Senior Notes at a purchase price of 101% of their principal amount plus accrued and unpaid interest, if any, to the date of purchase.

The terms of the Supplemental Indenture, among other things, limit the ability of the Company and its restricted subsidiaries to (i) incur additional indebtedness, (ii) issue preferred stock, (iii) create or incur certain liens, (iv) pay dividends and make other restricted payments, (v) create restrictions on dividend and other payments to the Company from certain of its subsidiaries, (vi) sell assets and subsidiary stock, (vii) engage in transactions with affiliates, (viii) consolidate, merge or transfer all or substantially all of the Company s assets and the assets of its subsidiaries, (ix) enter into certain sale/leaseback transactions and (x) create unrestricted subsidiaries. These covenants are subject to a

number of important exceptions and qualifications. The Supplemental Indenture provides for customary events of default which include, among other things, (subject in certain cases to customary grace and cure periods) defaults based on: (i) the failure to make payments under the Supplemental Indenture when due, (ii) breach of covenants, (iii) acceleration of other material indebtedness, (iv) bankruptcy events and (v) material judgments. Generally, if an event of default occurs, the trustee or the holders of at least 25% in principal amount of the then outstanding Senior Notes may declare all of the Senior Notes to be due and payable.

The Trustee and its affiliates maintain relationships in the ordinary course of business with the Company and its subsidiaries, including the provision of commercial banking, investment banking, trustee and/or other financial services.

8.0% Senior Subordinated Notes due 2017

On November 7, 2012, Terex commenced a tender offer (the "Tender Offer") to purchase for cash any and all of its outstanding 8.0% Senior Subordinated Notes due 2017 (the "Subordinated Notes"). In conjunction with the Tender Offer, Terex solicited consents to certain proposed amendments to the indenture governing the Subordinated Notes to eliminate most of the covenants, certain events of default applicable to the Notes and certain other provisions contained in the Indenture (the "Proposed Amendments").

On November 26, 2012, Terex announced that approximately 85% of the Subordinated Notes were validly tendered and accepted for purchase by the Company. Terex also received the requisite consents in the consent solicitation to execute a supplemental indenture dated November 26, 2012 between the Company, the Guarantors and the Trustee (the "Subordinated Notes Supplemental Indenture") to implement the Proposed Amendments. The foregoing description of the Proposed Amendments and the Subordinated Notes Supplemental Indenture is qualified in its entirety by reference to the Subordinated Notes Supplemental Indenture, a copy of which is filed herewith as Exhibit 4.2 and is incorporated herein by reference.
