1.01 Entry into a Material Definitive Agreement

On December 18, 2017, we (BioLargo, Inc., the “Company”) received \$500,000 pursuant to a securities purchase agreement (the “Purchase Agreement”) and a registration rights agreement (the “Registration Rights Agreement”) with Vista Capital Investments, LLC (“VCI”), and issued a Note (“Note”) in the aggregate principal amount of \$500,000 at 5% annual interest, which is convertible into shares of common stock of the Company at \$0.394 per share, subject to the terms, and certain limitations and conditions, set forth in the Purchase Agreement and Note. The Note matures on September 18, 2018.

Pursuant to the Purchase Agreement, the Company issued 250,000 shares of common stock to VCI as a commitment fee (the “Commitment Shares”).

Under the Note and Purchase Agreement, the Company has reserved 1,269,036 shares of common stock for issuance upon conversion of the Note. Pursuant to the Registration Rights Agreement, the Company agreed to file a registration statement with the Securities and Exchange Commission (the “SEC”) registering all shares of common stock into which the Note is convertible, and the Commitment Shares (“Registrable Securities”). The Purchase Agreement allows for an adjustment to the number of Commitment Shares in the event the closing price of our common stock, on the earlier of the date the registration statement is deemed effective and 20 trading days following the six-month anniversary of the Note, is lower than the closing price on December 18, 2017 (which was \$0.41). In such event, additional Commitment Shares would be issued such that the aggregate Commitment Shares issued have the same value as the shares issued on December 18, 2017.

VCI represented to the Company, among other things, that it was an “accredited investor” (as such term is defined in Rule 501(a) of Regulation D under the Securities Act of 1933, as amended). The Note, Purchase Agreement, and the Registration Rights Agreement contain customary representations, warranties, agreements and conditions including indemnification rights and obligations of the parties.

The Company expects that proceeds received by the Company as a result of the Note will be used for working capital and general corporate purposes.

This current report on Form 8-K shall not constitute an offer to sell or a solicitation of an offer to buy any shares of Common Stock, nor shall there be any sale of shares of Common Stock in any state or jurisdiction in which such an offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such state or other jurisdiction.

The foregoing descriptions of the Note, the Purchase Agreement and the Registration Rights Agreement are qualified in their entirety by reference to the full text of such agreements, copies of which are attached hereto as Exhibit 10.1, 10.2 and 10.3, respectively, and the amendment thereto as Exhibit 10.4, and each of which is incorporated herein in its entirety by reference. The representations, warranties and covenants contained in such agreements were made only for purposes of such agreements and as of specific dates, were solely for the benefit of the parties to such agreements, and may be subject to limitations agreed upon by the contracting parties.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant
