PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON FEBRUARY 14, 2013

GENERAL INFORMATION

The enclosed proxy is being solicited by our board of directors for use in connection with the Annual Meeting of stockholders to be held on Thursday, February 14, 2013 at our principal offices located at 980 Rock Avenue, San Jose, CA 95131, commencing at 11:00 a.m. local time, and at any adjournments thereof. Voting materials, which include this Proxy Statement, a proxy card and the Company's Annual Report to Stockholders for the year ended June 30, 2012, are being mailed to stockholders on or about January 15, 2013.

In this Proxy Statement:

• "We," "us," "our", "Company" and "Supermicro" refer to Super Micro Computer, Inc. with its principle executive offices located at 980 Rock Avenue, San Jose, CA 95131

• "Annual Meeting" or "Meeting" means our 2012 Annual Meeting of Stockholders

• "Board of Directors" or "Board" means our Board of Directors

• "SEC" means the Securities and Exchange Commission

We have summarized below important information with respect to the Annual Meeting.

Who is entitled to vote at the meeting?

Only stockholders of record at the close of business (Eastern Time) on December 31, 2012 (the "record date") will be entitled to vote at the Annual Meeting. At the close of business on the record date, we had 42,253,103 shares of our common stock outstanding, all of which are entitled to vote with respect to all matters to be acted upon at the Annual Meeting. Each share of common stock is entitled to one vote on each matter presented.

How do I vote my shares?

If you are a stockholder of record as of the record date, you can give a proxy to be voted at the Meeting in any of the following ways:

• Over the telephone by calling a toll-free number;

• Electronically, using the Internet; or

• By completing, signing and mailing the enclosed proxy card.

The telephone and Internet voting procedures have been set up for your convenience. We encourage you to save corporate expense by submitting your vote by telephone or Internet. The procedures have been designed to authenticate your identity, to allow you to give voting instructions, and to confirm that those instructions have been recorded properly. If you are a stockholder of record and you would like to submit your proxy by telephone or Internet, please refer to the specific instructions provided on the enclosed proxy card. If you wish to submit your proxy by mail, please return your signed proxy card to us before the Annual Meeting.

If you hold your shares in "street name," you must vote your shares in the manner prescribed by your broker or other nominee. Your broker or other nominee has enclosed or otherwise provided a voting instruction card for you to use in directing the broker or nominee how to vote your shares. Telephone and Internet voting also is encouraged for stockholders who hold their shares in street name.

Can I vote my shares in person at the meeting?

If you are a stockholder of record, you may vote your shares in person at the meeting by completing a ballot at the meeting. Even if you currently plan to attend the meeting, we recommend that you also submit your proxy as described above so that your vote will be counted if you later decide not to attend the meeting.

If you are a street name holder, you may vote your shares in person at the meeting only if you obtain a signed proxy from your broker, bank, trust or other nominee giving you the right to vote the shares at the meeting.

What is the difference between a stockholder of record and a “street name” holder?

If your shares are registered directly in your name with our transfer agent, Computershare, you are considered the stockholder of record with respect to those shares.

If your shares are held in a stock brokerage account or by a bank, trust or other nominee, then the broker, bank, trust or other nominee is considered to be the stockholder of record with respect to those shares. However, you still are considered the beneficial owner of those shares, and your shares are said to be held in “street name.” Street name holders generally cannot vote their shares directly and must instead instruct the broker, bank, trust or other nominee how to vote their shares using the method described above.

Quorum

The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding and entitled to vote on the record date will constitute a quorum for the transaction of business at the meeting. Shares that are voted “FOR,” or “AGAINST” a proposal or marked “ABSTAIN” are treated as being present at the Annual Meeting for purposes of establishing a quorum and are also treated as shares entitled to vote at the Annual Meeting with respect to such proposal. “Broker non-votes” are also included for purposes of determining whether a quorum of shares is present at a meeting. A “broker non-vote” occurs when a nominee holding shares for the beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

What vote is required for the election of directors or for a proposal to be approved?

The plurality of the votes cast by the holders of shares of common stock present or represented by proxy and voting at the Annual Meeting will determine the election of the directors. Therefore, the two nominees receiving the highest number of votes will be elected. Abstentions and broker non-votes will be counted as present in determining if a quorum is present but will not affect the election of directors. There is no cumulative voting.

The affirmative vote of a majority of the shares present in person or by proxy at the meeting and entitled to vote is required to approve the ratification of Deloitte & Touche LLP as the Company’s independent registered public accounting firm. A stockholder who does not vote in person or by proxy on a proposal (including a broker non-vote) is not deemed to be present in person or by proxy for the purpose of determining whether a proposal has been approved.

How are votes counted?

All valid proxies received before the Annual Meeting, including proxies granted over the Internet or by telephone submitted prior to midnight the night before the Annual Meeting, will be exercised. All shares represented by a proxy will be voted, and where a proxy specifies a stockholder’s choice with respect to any matter to be acted upon, the shares will be voted in accordance with that specification. If no choice is indicated on the proxy, the shares will be voted FOR each nominee and FOR each proposal.

You may either vote “FOR” or “WITHHOLD” authority to vote for each nominee for the board of directors. You may vote “FOR,” “AGAINST” or “ABSTAIN” on the proposal to appoint our auditor.

If you submit your proxy but abstain from voting or withhold authority to vote on one or more matters, your shares will be counted as present at the meeting for the purpose of determining a quorum. Your shares also will be counted as present at the meeting for the purpose of calculating the vote on the particular matter with respect to which you abstained from voting or withheld authority to vote.

Shares not present at the meeting and shares voted "WITHHOLD" will have no effect on the election of directors. If you abstain from voting on a proposal other than the election of directors, your abstention has the same effect as a vote against that proposal.

If you hold your shares in street name and do not provide voting instructions to your broker or other nominee, your shares will be considered to be “broker non-votes” and will not be voted on any proposal on which your broker or other nominee does not have discretionary authority to vote under the rules of The Nasdaq Stock Market, Inc. (“Nasdaq”), including the election of directors. Shares that constitute broker non-votes will be counted as present at the meeting for the purpose of determining a quorum, but will only be considered entitled to vote on the proposal to ratify the selection of our independent public accounting firm.

Your broker or other nominee has discretionary authority to vote your shares on the ratification of our independent registered public accounting firm, even if your broker or other nominee does not receive voting instructions from you.

However, your broker or other nominee does not have discretionary authority to vote your shares on non-routine proposals such as the election of directors and may not vote on these proposals if you do not provide specific voting instructions. Accordingly,

2

if you want your vote to count in the election of directors, we encourage you to vote promptly, even if you plan to attend the annual meeting.

Can I change my vote after I have mailed in my proxy card?

You may revoke your proxy by signing a later-dated proxy card and submitting it so that it is received prior to the meeting in accordance with the instructions included in the proxy card, or by attending the meeting and voting your shares in person. Attending the meeting without voting in person will not revoke your proxy unless you specifically request it.

Who will count the vote?

Representatives of Computershare, our transfer agent, will tabulate votes and act as our independent inspectors of election.

How does the board recommend that I vote?

The board of directors recommends a FOR vote on the following proposals:

Election of two Class III directors;

Ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year 2013 ending June 30, 2013.

Adjournment of Meeting

If a quorum is not present to transact business at the Meeting or if we do not receive sufficient votes in favor of the proposals by the date of the Meeting, the persons named as proxies may propose one or more adjournments of the Meeting to permit further solicitation of proxies. Any adjournment would require the affirmative vote of a majority of the shares present in person or represented by proxy at the Meeting.

Expenses of Soliciting Proxies

We will bear the cost of soliciting proxies relating to our Annual Meeting. In addition to solicitation by the use of mail, certain of our directors, officers and regular employees may solicit proxies by telephone or personal interview, and we may request brokerage firms and custodians, nominees and other record holders to forward soliciting materials to the beneficial owners of our stock and will reimburse them for their reasonable out-of-pocket expenses in forwarding these materials.

What are the deadlines for submitting stockholder proposals?

In order for a stockholder proposal to be considered for inclusion in our proxy statement for the 2013 annual meeting, the written proposal must be received at our principal executive offices at 980 Rock Avenue, San Jose, California 95131, Attention: Corporate Secretary, on or before September 17, 2013. The proposal must comply with the SEC regulations regarding the inclusion of stockholder proposals in Company-sponsored proxy materials.

Our bylaws provide that a stockholder may nominate a director for election at the annual meeting or may present from the floor a proposal that is not included in the proxy statement if proper written notice is received by the Corporate Secretary of the Company at our principal executive offices in San Jose, California, at least 120 days in advance of the date the proxy statement for the prior year's meeting was released to stockholders. For the 2013 annual meeting, written notice of director nominations and stockholder proposals must be received on or before September 17, 2013.

The nomination or proposal must contain the specific information required by our bylaws. You may request a copy of our bylaws by contacting our Corporate Secretary, Super Micro Computer, Inc., telephone (408) 503-8000.

Stockholder proposals that are received by us after September 17, 2013, will not be eligible to be presented at the 2013 annual meeting.

PROPOSAL 1

ELECTION OF DIRECTORS

Composition of the Board

The authorized number of directors of the Company is seven. There are currently seven directors. Our amended and restated certificate of incorporation provides for a classified board of directors divided into three classes. The members of each class are elected to serve a three-year term with the term of office for each class ending in consecutive years. Vacancies may be filled by a majority of the directors then in office, although less than a quorum, or by a sole remaining director. Alternatively, the board of directors, at its option, may reduce the number of directors, provided that no decrease in the number of directors constituting the Board of Directors shall shorten the term of any incumbent director.

At this year's Annual Meeting, the term of our two Class III directors will expire. Chiu-Chu (Sara) Liu Liang and Hwei-Ming (Fred) Tsai are the current Class III directors. Chiu-Chu (Sara) Liu Liang and Hwei-Ming (Fred) Tsai have each been nominated for re-election to the board of directors to serve until the 2015 annual meeting or until their successors are elected and qualified. Each of the nominees has agreed to serve as a director if elected. Proxies may not be voted for more than two directors. Assuming a quorum is present, the two director nominees who receive the highest number of the votes cast by the stockholders entitled to vote at the election will be elected. In the event that a nominee is unable or unwilling to serve, the enclosed proxy will be voted to elect the replacement nominee designated by the board of directors, unless the board instead decides to reduce the number of directors.

The current composition of the board is:

Class I Directors (terms expiring at the 2013 annual meeting)

Charles Liang
Sherman Tuan

Class II Directors (terms expiring at the 2014 annual meeting)

CORPORATE GOVERNANCE

Corporate Governance Guidelines

We have adopted “Corporate Governance Guidelines” to help ensure that the board of directors is independent from management, appropriately performs its function as the overseer of management, and that the interests of the board of directors and management align with the interests of the stockholders. The “Corporate Governance Guidelines” are available at www.Supermicro.com by first clicking on “About Us” and then “Investor Relations” and then “Corporate Governance,” and are also available in print to any stockholder who requests a copy.

Code of Ethics

We have adopted a “Code of Business Conduct and Ethics” that is applicable to all directors and employees, and embodies our principles and practices relating to the ethical conduct of our business and our long-standing commitment to honesty, fair dealing and full compliance with all laws affecting our business. The “Code of Business Conduct and Ethics” is available at www.Supermicro.com by first clicking on “About Us” and then “Investor Relations” and then “Corporate Governance,” and is also available in print without charge to any stockholder who requests it. Any substantive amendment or waiver of the Code relating to executive officers or directors will be made only after approval by a committee comprised of a majority of our independent directors and will be promptly disclosed on our website within four business days.

Director Independence

The board affirmatively determines the independence of each director and nominee for election as a director in accordance with guidelines it has adopted, which include all elements of independence set forth in applicable Nasdaq listing standards. Our director independence standards are set forth in our “Corporate Governance Guidelines” available at the website noted above.

Based on these standards, our board of directors has determined that four of its current seven members are each independent directors under applicable Nasdaq listing standards and Rule 10A-3(b)(1) under the Securities Exchange Act of 1943, as amended (the “Exchange Act”), namely Gregory K. Hinckley, Hwei-Ming (Fred) Tsai, Laura Black, and Sherman Tuan. In assessing the independence of Mr. Hinckley, the Board considered an immaterial level of transactions between the Company and Mentor Graphics.

Executive Sessions

Non-management directors meet in executive session without management present each time the board holds its regularly scheduled meetings.

Director Qualifications and Nomination Process

Criteria

The Nominating and Corporate Governance Committee (“Governance Committee”) is responsible for reviewing, on an annual basis, the appropriate skills and characteristics required of board members, individually as well as for the board as a whole. Except as may be required by rules and regulations promulgated by Nasdaq or the SEC and as set forth herein, it is the current belief of the Governance Committee that there are no specific minimum qualifications that must be met by each candidate for the board, nor are there specific qualities or skills that are necessary for one or more of the members of the board to possess. In evaluating the qualifications of any director candidates, the Governance Committee will consider many factors, including without limitation, character, judgment, independence, age, expertise, diversity of experience, length of service, and other commitments. The Governance Committee will evaluate such factors, among others, and does not assign any particular weighting or priority to any of these factors. The Governance Committee will consider each individual candidate in the context of the current perceived needs of the board as a whole. While the Governance Committee has not established specific minimum qualifications for director candidates, the board believes that candidates and nominees must reflect a board that is comprised of directors who (a) are predominantly independent, (b) are of high integrity, (c) have experience, expertise and qualifications that will increase overall board effectiveness and (d) meet other requirements as may be required by applicable rules and regulations of Nasdaq and the SEC. For future nominations, the Governance Committee expects to consider diversity when identifying nominees.

Identification and Evaluation of Nominees

The Governance Committee is responsible for regularly assessing the appropriate size of the board and whether any vacancies on the board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Governance Committee is responsible for considering potential candidates for director. The Governance Committee will consider bona fide candidates from all relevant sources, including current board members, professional search firms,

6

stockholders and other persons. The Governance Committee will consider director candidates recommended by our stockholders, based on the same criteria listed above that would apply to candidates identified by a Governance Committee member. The Governance Committee is responsible for evaluating director candidates in light of the board membership criteria described above, based on all relevant information and materials available to the Governance Committee. This includes information and materials provided by stockholders recommending director candidates, professional search firms and other parties.

Stockholder Recommendations

The Governance Committee will consider director candidates recommended by stockholders of the Company. Stockholder nominations for director must be made in writing and addressed to the Corporate Secretary of the Company. Such stockholder's notice shall set forth the following information:

- The information required by Section 2.15 of our Bylaws (a copy of which is included as an exhibit to our Registration Statement on Form S-1 as filed with the SEC on March 27, 2007); and
- Any other information that such stockholder believes is relevant in considering the director candidate.

Communications with the Board of Directors

The board of directors welcomes the submission of any comments or concerns from stockholders or other interested parties. If you wish to send any communications to the board of directors, you may use one of the following methods:

•Write to the board at the following address:

MEETINGS AND COMMITTEES OF THE BOARD

Board Meetings

Each director is expected to devote sufficient time, energy and attention to ensure diligent performance of his or her duties and to attend all board and committee meetings. We encourage, but do not require, each board member to attend our annual meeting of stockholders. Two of our then directors attended our annual meeting of stockholders held during fiscal 2012. The board of directors held five meetings during fiscal year 2012, of which four were regularly scheduled meetings and one was a specially scheduled meeting. The board of directors also acted by unanimous written consent one time during fiscal year 2012. All directors attended at least 75% of the meetings of the board of directors and of the committees on which they served during the time they served as a director in fiscal year 2012.

Board Leadership Structure

Our Chairman, Charles Liang, is also our CEO. The Board and our Governance Committee believe that it is appropriate for Mr. Liang to serve as both the CEO and Chairman due to the relatively small size of our Board, and the fact that Mr. Liang is the founder of the Company with extensive experience in our industry.

Board Role in the Oversight of Risk

Our Board exercises oversight over our risk management activities, requesting and receiving reports from management. Our Board has delegated primary responsibility for oversight of risks relating to financial controls and reporting to our Audit Committee, which in turn reports to the full Board on such matters as appropriate. The Audit Committee also assists the Board in oversight of certain Company risks, particularly in the areas of internal controls, financial reporting and review of related party transactions.

Our management with oversight from our Compensation Committee, has reviewed its compensation policies and practices with respect to risk-taking incentives and risk management, and does not believe that potential risks arising from its compensation policies or practices are reasonably likely to have a material adverse effect on the Company.

Committees of the Board of Directors

The board has three standing committees to facilitate and assist the board of directors in discharging its responsibilities: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. In accordance with applicable Nasdaq listing standards, each of these committees is comprised solely of non-employee, independent directors. The Charter for each committee is available at www.Supermicro.com by first clicking on "About Us" and then "Investor Relations" and then "Corporate Governance". The charter of each committee also is available in print to any stockholder who requests it. The following table shows the current members of each of the standing board committees:

(1)Committee Chairperson

Audit Committee

The Audit Committee has three members. The Audit Committee met four times in fiscal year 2012, each of which were regularly scheduled quarterly meetings. In April 2012, Mr. Hayes, ceased to be the Chairperson of the Audit Committee and a member of our board of directors. There were no disagreements with Mr. Hayes on any matter relating to the Company's operations, policies or practices. In April 2012, our board of directors appointed Gregory K. Hinckley to be the Chairperson of our Audit Committee and also appointed Laura Black to be a third independent

member to serve on our Audit Committee. Our board has determined that each member of our Audit Committee meets the requirements for independence under the applicable

8

listing standards of Nasdaq and the rules of the SEC. Our board has also determined that each member of our Audit Committee is a “financial expert” as defined under applicable SEC rules.

As outlined more specifically in the Audit Committee charter, the Audit Committee has, among other duties, the following responsibilities:

- Sets compensation of the chief executive officer and other executive officers;
- Administers the issuance of restricted stock grants, stock options and other awards to executive officers and directors under our stock plans; and
- Reviews and evaluates, at least annually, the performance of the compensation committee and its members, including compliance of the compensation committee with its charter.

Nominating and Corporate Governance Committee

The Governance Committee has two members and met five times in fiscal year 2012. The Governance Committee is comprised solely of non-employee directors. Our board has determined that each member of our Governance Committee meets the requirements for independence under the applicable listing standards of Nasdaq. As outlined more specifically in the Governance Committee charter, the Governance Committee has, among other duties, the following responsibilities:

- Identifies individuals qualified to become directors;
 - Recommends to our board of directors director nominees for each election of directors;
 - Develops and recommends to our board of directors criteria for selecting qualified director candidates;

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Process Overview

The Compensation Committee of the board of directors discharges the board of directors' responsibilities relating to compensation of all of our executive officers. The Compensation Committee is comprised of two non-employee directors, both of whom are independent pursuant to the applicable listing rules of Nasdaq, Rule 16b-3 under the Exchange Act, and Section 162(m) of the Internal Revenue Code ("Code").

The agenda for meetings is determined by the Chair of the Compensation Committee with the assistance of Charles Liang, our President and Chief Executive Officer, and Howard Hideshima, our Chief Financial Officer. Committee meetings are regularly attended by one or more of Mr. Liang, Mr. Hideshima and Robert Aeschliman, our General Counsel. However, Messrs. Liang and Hideshima do not attend the portion of meetings during which their own performance or compensation is being discussed. Mr. Liang, Mr. Hideshima and Mr. Aeschliman support the Compensation Committee in its work by providing information relating to our financial plans, performance assessments of our executive officers and other personnel-related data. In addition, the Compensation Committee has the authority under its charter to hire, terminate and approve fees for advisors, consultants and agents as it deems necessary to assist in the fulfillment of its responsibilities. In August 2011, as part of making an overall assessment of each individual's role and performance, and structuring our compensation programs for fiscal year 2012, the Committee reviewed recommendations of management as well as publicly available peer group compensation data.

Compensation Philosophy and Objectives

It is the Compensation Committee's philosophy to link the named executive officers' compensation to corporate performance. The base salary, quarterly bonuses and stock option grants of the named executive officers are determined in part by the Compensation Committee reviewing data on prevailing compensation practices of comparable technology companies with whom we compete for executive talent, and evaluating such information in connection with our corporate goals and compensation practices.

The Compensation Committee considers various sources of competitive data when determining executive compensation levels, including compensation data from a sampling of public companies and public compensation surveys. For fiscal year 2012, the sample of companies consisted of the following companies:

Adaptec Corporation	Network Appliance, Inc.
Blue Coat Systems, Inc.	Network Engines, Inc.
Brocade Communications Systems, Inc.	Quantum Corporation
Dot Hill Systems Corp.	RadiSys Corporation
Emulex Corp.	Riverbed Technology, Inc.
Extreme Networks, Inc.	Silicon Graphics International
Juniper Network, Inc.	STEC, Inc.
LSI Corp.	

In selecting the companies for inclusion in the sample, the following factors were considered: industry, net revenues, operating income and whether the company may compete against us for executive talent. These companies ranged in annual revenue from approximately \$197.6 million to \$6.2 billion. In addition to gathering data specific to the above listed companies, the Compensation Committee also reviewed public surveys of compensation practices.

The Compensation Committee does not seek to specifically benchmark compensation based upon the sample companies reviewed nor does the Compensation Committee employ any other formulaic process in making compensation decisions. Rather the Compensation Committee uses its subjective judgment based upon a review of all information, including an annual review for each officer of his or her level of responsibility, contributions to our financial results and our overall performance. The Compensation Committee makes a generalized assessment of these factors and this information is not weighted in any specific manner.

We believe that our current compensation arrangements for several of our executive officers, including our Chief Executive Officer, are significantly below typical compensation levels for similar positions at comparable companies. This is principally due to the high level of Company stock ownership held by such persons. As we continue to grow,

we may need to increase our recruiting of new executives from outside of the Company. This in turn may require us to pay higher compensation closer to or in excess of that typical paid by comparable companies.

12

Finally, we believe that creating stockholder value requires not only managerial talent but active participation by all employees. In recognition of this, we try to minimize the number of compensation arrangements that are distinct or exclusive to our executive officers. We currently provide base salary, quarterly bonuses and long-term equity incentive compensation to a considerable number of our domestic employees and international employees, in addition to our executive officers.

Role of Executive Officers in the Compensation Process

Management provides recommendations to the Compensation Committee on issues such as compensation program design, and evaluations of executive and Company performance. In fiscal year 2012, the Compensation Committee also had access to competitive data collected by management. While the Compensation Committee carefully considers all recommendations made by members of management, ultimate authority for all compensation decisions regarding our executive officers rests with the Compensation Committee.

Fiscal Year 2012 Executive Officer Compensation Components

For fiscal year 2012, the principal components of compensation for our executive officers were:

Base salary;

Quarterly bonus; and

Equity-based incentive compensation.

Base Salary. Base salaries for our executive officers other than the Chief Executive Officer are determined annually by the Compensation Committee based upon recommendations by our chief executive officer, taking into account such factors as salary norms in comparable companies and publicly available data regarding compensation increases in the industry, a subjective assessment of the nature of the position and an annual review of the contribution and experience of each executive officer. For the Chief Executive Officer, the Compensation Committee considers substantially the same sort of information, as well as the size of the company and the chief executive officer's overall stock ownership.

In August 2011, the Compensation Committee met to review the base salaries of our executive officers for fiscal year 2012. In determining base salaries for fiscal year 2012, the Compensation Committee decided to increase the base salary of our executive officers other than the Chief Executive officer after taking into account the recommendations of our Chief Executive Officer and taking into account such factors as salary norms in comparable companies and publicly available data regarding compensation increases in the industry, a subjective assessment of the nature of each position and an annual review of the contribution and experience of each executive officer. For the Chief Executive Officer, the Compensation Committee considered substantially the same sort of information, as well as the size of the company and the Chief Executive Officer's stock ownership, and determined to increase the base salary of the Chief Executive Officer. Based upon its review, the Compensation Committee approved increases in base salaries for our executive officers set forth below. The base salary increases were comparable to the average percentage base salary increases granted to our employees.

	Principal Position	2011 Base Salary	2012 Base Salary	Base Salary % Change	
Charles Liang	President, Chief Executive Officer and Chairman of the Board	\$286,598	\$295,196	3.0	%
Howard Hideshima	Chief Financial Officer	\$258,511	\$268,851	4.0	%
Phidias Chou	Vice President, Worldwide Sales	\$225,500	\$234,520	4.0	%
Yih-Shyan (Wally) Liaw	Vice President, International Sales, Corporate Secretary and Director	\$178,080	\$185,203	4.0	%
Chiu-Chu (Sara) Liu Liang	Vice President of Operations, Treasurer, and Director	\$176,400	\$183,456	4.0	%

Quarterly Bonus. Our cash bonus program seeks to motivate executive officers to work effectively to achieve our financial performance objectives and to reward them when such objectives are met. Quarterly bonuses for executive officers are subject to approval by the Compensation Committee. Bonuses are not awarded based upon any specific plan or formula, but are subjectively determined based upon our performance during the quarter and the individual's

contributions. Historically these bonuses have ranged from zero to an amount equal to two weeks of base salary. For fiscal year 2012, no quarterly bonuses were granted to our executive officers.

Equity-Based Incentive Compensation. Stock options are an important component of the total compensation of executive officers. We believe that stock options align the interests of each executive with those of the shareholders. They also provide executive officers a significant, long-term interest in our success and help retain key executive officers in a competitive market

for executive talent. Our 2006 Equity Incentive Plan authorizes the Compensation Committee to grant stock options to executive officers. The number of shares owned by, or subject to options held by, each executive officer is periodically reviewed and additional awards are considered based upon a generalized assessment of past performance of the executive and the relative holdings of other executive officers. The option grants generally utilize four-year vesting periods to encourage executive officers to continue contributing to us, and they generally expire no later than ten years from the date of grant.

In fiscal year 2012, the Compensation Committee approved grants of additional options to Mrs. Liang, Mr. Chou and Mr. Liaw as part of the Compensation Committee's review of all employee grant levels.

The Role of Stockholder Say-on-Pay Votes. Our board of directors, the Compensation Committee, and our management value the opinions of our stockholders. At our annual meeting of stockholders held on February 8, 2011 (the "2010 Annual Meeting"), we provided our stockholders the opportunity to vote to approve, on an advisory basis, the compensation of the Company's named executive officers as disclosed in the proxy statement for our 2010 Annual Meeting. At the meeting, approximately 97.1% of the stockholders who voted on the "say-on-pay" proposal approved the compensation of our named executive officers, while only approximately 0.4% voted against (with approximately 2.5% abstaining). Although the advisory stockholder vote on executive compensation is non-binding, the Compensation Committee has considered and will continue to consider, the outcome of the vote when making future compensation decisions for named executive officers. In determining and deciding on executive compensation for fiscal year 2012, our Compensation Committee took into account the results of the 2010 Annual Meeting stockholder advisory vote to approve executive compensation, particularly the strong support expressed by the Company's stockholders, as one of the many factors considered in deciding that the Company's compensation policies and procedures for 2012 should largely remain consistent with our policies and procedures in prior years.

Fiscal Year 2013 Executive Officer Compensation

In August 2012, the Compensation Committee met to review the base salaries of our executive officers for fiscal year 2013. In determining base salaries for fiscal year 2013, the Compensation Committee decided to increase the base salary of our executive officers other than the Chief Executive officer after taking into account the recommendations of our Chief Executive Officer and taking into account such factors as salary norms in comparable companies and publicly available data regarding compensation increases in the industry, a subjective assessment of the nature of each position and an annual review of the contribution and experience of each executive officer. For the Chief Executive Officer, the Compensation Committee considered substantially the same sort of information, as well as the size of the company and the Chief Executive Officer's stock ownership, and determined to increase the base salary of the Chief Executive Officer. Based upon its review, the Compensation Committee approved increases in base salaries for our executive officers set forth below. The base salary increases were comparable to the average percentage base salary increases granted to our employees generally.

	Principal Position	2012 Base Salary	2013 Base Salary	Base Salary % Change	
Charles Liang	President, Chief Executive Officer and Chairman of the Board	\$295,196	\$304,051	3.0	%
Howard Hideshima	Chief Financial Officer	\$268,851	\$276,917	3.0	%
Phidias Chou	Vice President, Worldwide Sales	\$234,520	\$243,892	4.0	%
Yih-Shyan (Wally) Liaw	Vice President, International Sales, Corporate Secretary and Director	\$185,203	\$194,456	5.0	%
Chiu-Chu (Sara) Liu Liang	Vice President of Operations, Treasurer, and Director	\$183,456	\$188,952	3.0	%

Stock Ownership Guidelines

We currently do not require our directors or executive officers to own a particular amount of our common stock. The Committee is satisfied that stock and option holdings among our directors and executive officers are sufficient at this time to provide motivation and to align this group's interests with those of our stockholders. Our insider trading policy prohibits any of our directors, executive officers, employees or contractors from engaging in any transactions in

publicly-traded options, such as puts and calls, and other derivative securities, including any hedging or similar transaction, with respect to our common stock.

Other Benefits

Health and Welfare Benefits

Our executive officers receive the same health and welfare benefits as are offered to our other employees, including medical, dental, vision, life, accidental death and dismemberment, disability, flexible spending accounts and holiday pay. The same contribution amounts, percentages and plan design provisions are applicable to all employees.

Retirement Program

Our executive officers may participate in the same tax-qualified, employee-funded 401(k) plan that is offered to all our other employees. We currently have no Supplemental Executive Retirement Plan, or SERP, obligations. We do not offer any defined benefit retirement plans to our executive officers.

Perquisites

We do not provide special benefits or other perquisites to any of our executive officers.

Employment Arrangements, Severance and Change of Control Benefits

We have not entered into employment agreements with any of our named executive officers. Mr. Hideshima, Mr. Chou and Ms. Liang have signed offer letters which provide for at-will employment. The offer letters provide for salary, stock options and right to participate in our employee benefit plans. We do not have any written employment arrangements with Messrs. Liang and Liaw. We do not have any arrangements with any of our executive officers that provide for any severance benefits in the event of termination or change of control.

Tax and Accounting Treatment of Compensation

In our review and establishment of compensation programs and payments, we consider, but do not place great emphasis on, the anticipated accounting and tax treatment of our compensation programs on us and our executive officers. While we may consider accounting and tax treatment, these factors alone are not dispositive. Among other factors that receive greater consideration are the net costs to us and our ability to effectively administer executive compensation in the short and long-term interests of stockholders under a proposed compensation arrangement. We monitor whether it might be in our best interest to comply with Section 162(m) of the Code, but reserve the right to award future compensation which would not comply with the Section 162(m) requirements for non-deductibility if the Committee concludes that it is in the Company's best interest to do so. We seek to maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals and therefore the Committee has not adopted a policy requiring all compensation to be deductible.

The Committee will continue to assess the impact of Section 162(m) on its compensation practices and determine what further action, if any, is appropriate.

We account for equity compensation paid to our employees in accordance with Accounting Standards Codification Topic 718, Stock Compensation ("ASC Topic 718"), which requires us to estimate and record expenses for each award of equity compensation over the service period of the award.

We intend that our plans, arrangements and agreements will be structured and administered in a manner that complies with the requirements of Section 409A of the Code. Participation in, and compensation paid under our plans, arrangements and agreements may, in certain instances, result in the deferral of compensation that is subject to the requirements of Section 409A. If our plans, arrangements and agreements as administered fail to meet certain requirements under Section 409A, compensation earned thereunder may be subject to immediate taxation and tax penalties.

Summary

The Committee believes that our compensation philosophy and programs are designed to foster a performance-oriented culture that aligns our executive officers' interests with those of our stockholders. The Committee also believes that the compensation of our executive officers is both appropriate and responsive to the goal of building stockholder value.

Compensation Committee Report

The Committee has reviewed and discussed the Compensation Discussion and Analysis ("CD&A") with the Company's management. Based on this review and these discussions, the Committee recommended to the board of directors that the CD&A be included in this filing.

This report has been furnished by the Compensation Committee.

Director Compensation

Under our director compensation policy, we reimburse non-employee directors for reasonable expenses in connection with attendance at board and committee meetings. Our non-employee directors receive an annual retainer of \$40,000,

payable quarterly. In addition, the Chairperson of our Audit Committee receives an annual retainer of \$25,000, the Chairperson of each of our Compensation Committee and Nominating and Corporate Governance Committee receives an annual retainer of \$5,000 and each director serving in a non-chairperson capacity on our standing board committees receives an annual retainer of \$2,500 per committee, payable quarterly.

Non-employee directors also are eligible to receive stock options under our 2006 Equity Incentive Plan.

Non-employee directors receive nondiscretionary, automatic grants of nonstatutory stock options under our 2006 Equity Incentive Plan. A non-employee director is automatically granted an initial option to purchase 18,000 shares upon first becoming a member of our board of directors. A non-employee director serving as Chairperson of the Audit Committee receives an initial grant of an

option to purchase 12,000 shares. Non-employee directors serving as Chairperson of the Compensation or Nominating and Corporate Governance Committees receive an initial grant of an option to purchase 2,000 shares. Each of these initial options vests and becomes exercisable over four years, with the first 25% of the shares subject to each initial option vesting on the first anniversary of the date of grant and the remainder vesting quarterly thereafter. Immediately after each of our annual meetings of stockholders, each non-employee director is automatically granted an option to purchase 4,500 shares of our common stock, the Audit Committee Chairperson is granted an annual option to purchase 3,000 shares of our common stock and the Chairperson of each of the Compensation and Nominating and Corporate Governance Committees is granted an annual option to purchase 500 shares of our common stock. These options will vest and become exercisable on the first anniversary of the date of grant or immediately prior to our annual meeting of stockholders, if earlier.

The options granted to non-employee directors have a per share exercise price equal to 100% of the fair market value of the underlying shares on the date of grant, and will become fully vested if we are subject to a change of control. Annual grants will be reduced proportionally if the person did not serve for the full year after the annual grant.

The following table shows for the fiscal year ended June 30, 2012 certain information with respect to the compensation of all of our non-employee directors:

EQUITY COMPENSATION PLAN INFORMATION

We currently maintain two compensation plans that provide for the issuance of our Common Stock to officers and other employees, directors and consultants. These consist of the 1998 Stock Option Plan and the 2006 Equity Incentive Plan, both of which have been approved by our stockholders. We no longer grant any options under the 1998 Stock Option Plan. The following table sets forth information regarding outstanding options and shares reserved and remaining available for future issuance under the foregoing plans as of June 30, 2012:

Plan Category	Number of shares to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted-average exercise price of outstanding options, warrants and rights (b)	Number of shares remaining available for future issuance under equity compensation plans (excluding shares reflected in column (a)) (c)	
Equity compensation plans approved by stockholders	11,302,228	\$ 10.36	899,288	(1)
Equity compensation plans not approved by stockholders	—	—	—	
Total	11,302,228	\$ 10.36	899,288	

The number of shares that are reserved for issuance under the 2006 Equity Incentive Plan are automatically increased on July 1 of each year through 2016 by a number of shares equal to the smaller of (a) 3% of our outstanding shares as of the close of business on the immediately preceding June 30 or (b) a lesser amount (1) determined by the board of directors. In January 2011, the Board of Directors approved an amendment to the 2006 Equity Incentive Plan that increases by 2,000,000 the aggregate maximum number of shares that may be issued under the 2006 Plan. The amendment to the 2006 Plan was approved by our stockholders in February 2011.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS AND DIRECTOR INDEPENDENCE

Procedures for Approval of Related Person Transactions

Pursuant to our Audit Committee charter, the Audit Committee has the responsibility for the review, approval or ratification of any related person transactions; provided that if the matter or transaction involves employment or compensation terms for services to our company, including retention or payment provisions relating to expert services, then it is presented to the Compensation Committee. In approving or rejecting a proposed transaction, our Audit Committee will consider the relevant facts and circumstances available and deemed relevant, including, but not limited to the risks, costs and benefits to us, the terms of the transaction, the availability of other sources for comparable services or products, and, if applicable, the impact on a director's independence. Our Audit Committee shall approve only those transactions that, in light of known circumstances are not inconsistent with the Company's best interests, as the Audit Committee determines in the good faith exercise of its discretion. In addition, we annually require each of our directors and executive officers to complete a directors' and officers' questionnaire that elicits information about related party transactions as such term is defined by SEC rules and regulations. These procedures are intended to determine whether any such related party transaction impairs the independence of a director or presents a conflict of interest on the part of a director, employee or officer.

Transactions with Related Parties, Promoters and Certain Control Persons

Director and Officer Indemnification

We have entered into agreements to indemnify our directors and executive officers to the fullest extent permitted under Delaware law. In addition, our certificate of incorporation contains provisions limiting the liability of our directors and our bylaws contain provisions requiring us to indemnify our officers and directors.

Transactions with Ablecom Technology Inc.

Ablecom Technology Inc.—Ablecom, a Taiwan corporation, together with one of its subsidiaries, Compuware (collectively “Ablecom”), is one of our major contract manufacturers. Ablecom’s ownership of Compuware is below 50% but Compuware remains a related party as Ablecom still has significant influence over the operations. Ablecom’s chief executive officer, Steve Liang, is the brother of Charles Liang, our President, Chief Executive Officer and Chairman of the Board of Directors, and owns approximately 1.0% of our common stock. Charles Liang served as a Director of Ablecom during our fiscal 2006, but is no longer serving in such capacity. In addition, Charles Liang and his wife, also an officer of us, collectively own approximately 10.5% of Ablecom, while Steve Liang and other family members own approximately 35.9% of Ablecom at June 30, 2012 and 2011.

We have product design and manufacturing services agreements (“product design and manufacturing agreements”) and a distribution agreement (“distribution agreement”) with Ablecom.

Under the product design and manufacturing agreements, we outsource a portion of its design activities and a significant part of its manufacturing of components such as server chassis to Ablecom. Ablecom agrees to design products according to our specifications. Additionally, Ablecom agrees to build the tools needed to manufacture the products. We have agreed to pay for the cost of chassis and related product tooling and engineering services and will pay for those items when the work has been completed.

Under the distribution agreement, Ablecom purchases server products from us for distribution in Taiwan. We believe that the pricing and terms under the distribution agreement are similar to the pricing and terms of distribution arrangements we have with similar, third party distributors.

Ablecom’s net sales to us and its net sales of our products to others comprise a substantial majority of Ablecom’s net sales. For fiscal year 2012, 2011 and 2010, we purchased products from Ablecom totaling \$168,744,000, \$155,430,000 and \$124,466,000. For fiscal year 2012, 2011 and 2010, we sold products to Ablecom totaling \$12,229,000, \$11,017,000 and \$10,190,000, respectively.

Amounts owed to us by Ablecom as of June 30, 2012 and 2011, were \$1,036,000 and \$527,000, respectively.

Amounts owed to Ablecom by us as of June 30, 2012 and 2011, were \$51,470,000 and \$34,210,000, respectively. In fiscal year 2012, we have paid Ablecom the majority of invoiced dollars between 51 and 91 days of invoice. For the years ended June 30, 2012, 2011 and 2010, we received \$249,000, \$55,000 and \$164,000, respectively, from Ablecom for penalty charges and paid \$5,042,000, \$4,052,000 and \$3,352,000, respectively, for tooling assets and miscellaneous costs to Ablecom. Penalty charges are assessments relating to delayed deliveries or quality issues.

Our exposure to loss as a result of its involvement with Ablecom is limited to (a) potential losses on its purchase orders in the event of an unforeseen decline in the market price and/or demand of our products such that we incur a loss on the sale or cannot sell the products and (b) potential losses on outstanding accounts receivable from Ablecom in the event of an unforeseen deterioration in the financial condition of Ablecom such that Ablecom defaults on its payable to us. Outstanding purchase orders with Ablecom were \$63,151,000 and \$38,326,000 at June 30, 2012 and 2011, respectively, representing the maximum exposure to loss relating to (a) above. We do not have any direct or indirect guarantees of losses of Ablecom.

In fiscal year 2011, Ablecom paid for a land deposit in Taiwan on behalf of the Company in the amount of \$4,510,000 which the Company repaid Ablecom in March 2011. The amount paid to Ablecom of \$4,510,000 represented Ablecom’s cost and the fair market value of the land.

In May 2012, the Company and Ablecom jointly established Super Micro Management Consulting, Inc. (“Management Company”) in Taiwan to manage the common areas shared by the Company and Ablecom for their separately constructed manufacturing facilities. Each company contributed \$168,000 and own 50% of the Management Company. The Management Company had no business operations as of June 30, 2012.

PROPOSAL 2

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending June 30, 2013. Deloitte & Touche LLP has acted in such capacity since its appointment in fiscal year 2002.

While we are not required to do so, we are submitting the appointment of Deloitte & Touche LLP to serve as our independent registered public accounting firm for the fiscal year ending June 30, 2013, for ratification in order to ascertain the views of our stockholders on this appointment. If the appointment is not ratified, the Audit Committee may reconsider its selection. Representatives of Deloitte & Touche LLP are expected to be present at the annual meeting, will be available to answer stockholder questions and will have the opportunity to make a statement if they desire to do so.

Independent Registered Public Accounting Firm Fees and Services

The following table sets forth the aggregate audit fees billed to us by our independent registered public accounting firm, Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates (collectively, "Deloitte"), and fees paid to Deloitte for services in the fee categories indicated below during the fiscal years 2012 and 2011. The Audit Committee has considered the scope and fee arrangements for all services provided by Deloitte, taking into account whether the provision of non-audit services is compatible with maintaining Deloitte's independence, and has pre-approved 100% of the services described below.

	Fiscal Year Ended 6/30/12	Fiscal Year Ended 6/30/11
Audit Fees(1)	\$ 1,465,000	\$ 1,190,000
Audit-Related Fees	—	—
Tax Fees	—	—
All Other Fees	—	—
Total	\$ 1,465,000	\$ 1,190,000

Audit fees consist of the aggregate fees for professional services rendered for the audit of our fiscal 2012 and 2011 (1) consolidated financial statements and the effectiveness of our internal control over financial reporting, review of interim consolidated financial statements and certain statutory audits.

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee has determined that all services performed by Deloitte & Touche LLP are compatible with maintaining the independence of Deloitte & Touche LLP. The Audit Committee's policy on approval of services performed by the independent registered public accounting firm is to pre-approve all audit and permissible non-audit services to be provided by the independent registered public accounting firm during the fiscal year. The Audit Committee reviews each non-audit service to be provided and assesses the impact of the service on the firm's independence.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING JUNE 30, 2013. PROXIES WILL BE VOTED FOR RATIFYING THIS APPOINTMENT UNLESS OTHERWISE SPECIFIED.

AUDIT COMMITTEE REPORT

Review of Audited Financial Statements

The Audit Committee has reviewed and discussed our audited financial statements for the fiscal year ended June 30, 2012 with both our management and our independent registered public accounting firm. The Audit Committee has discussed with the independent registered public accounting firm the matters required by PCAOB Interim Auditing Standard AU Section 380, Communication with Audit Committees. Management has represented to the Audit Committee that the financial statements were prepared in accordance with accounting principles generally accepted in the United States of America.

The Audit Committee has received from the independent registered public accounting firm the written disclosure and the letter required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and the Audit Committee has discussed with the independent registered public accounting firm their independence. The Audit Committee has also received written material addressing the independent registered public accounting firm's internal quality control procedures and other matters, as required by applicable Nasdaq listing standards. The Audit Committee has considered the effect of non-audit fees on the independence of the independent registered public accounting firm and has concluded that such non-audit services are compatible with the independence of the independent public accounting firm.

Based on these reviews and discussions, the Audit Committee recommended to the board of directors that the financial statements be included in the Company's Annual Report on Form 10-K for filing with the SEC.

This report has been furnished by the members of the Audit Committee.

ANNUAL REPORT TO STOCKHOLDERS ON FORM 10-K

Our 2012 Annual Report to Stockholders, including financial statements for the year ended June 30, 2012, accompanies, or has been mailed to you immediately prior to, this proxy statement. The Annual Report on Form 10-K and Proxy Statement are also available on our website at <http://ir.supermicro.com/financials.cfm>.

"HOUSEHOLDING" OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement or annual report, as applicable, addressed to those stockholders. This process, which is commonly referred to as "householding," potentially provides extra convenience for stockholders and cost savings for companies. Although we do not household for our registered stockholders, some brokers household Supermicro proxy materials and annual reports, delivering a single proxy statement and annual report to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement or annual report, or if you are receiving multiple copies of either document and wish to receive only one, please notify your broker. We will deliver promptly upon written or oral request a separate copy of our annual report and/or proxy statement to a stockholder at a shared address to which a single copy of either document was delivered. For copies of either or both documents, stockholders should write to Investor Relations, Super Micro Computer, Inc., 980 Rock Avenue, San Jose, CA 95131, or call (408) 503-8000.
