Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

The compensation committee (the "Committee") of the Board of Directors (the "Board") of Preferred Apartment Communities, Inc. ("we", "us", or the "Company") approved the grant of 239,556 Class B Units (the "Class B Units") of Preferred Apartment Communities Operating Partnership, L.P. (the "Partnership") on January 2, 2014 to certain of our officers and directors and to certain other employees of the Company's manager who provide services to the Company and/or the Partnership. These grants were calculated using an aggregate compensation to all grantees of \$1,959,000. The Class B Unit grants to certain of our executive officers, which totaled 201,157 Class B Units, were in lieu of reimbursement for aggregate annual cash compensation of \$1,645,000 for 2014 for services to be rendered for the benefit of the Company and/or the Partnership. In making these grants, the Company acted in its capacity as the general partner of the Partnership.

The Class B Units will vest one year from the date of grant. The Class B Units can be earned based upon an aggregate \$1,959,000 increase in the market capitalization of the Company from a baseline value set on the date of grant. All market capitalization calculations will be based on the total number of shares outstanding on the date of grant. A determination of the number of earned Class B Units will occur on the first anniversary of the date of grant and, to the extent not fully earned on that date, additional determinations will be made at the end of each calendar quarter thereafter until the Class B Units are fully earned or forfeited.

Earned Class B Units will automatically be converted on a one-for-one basis into Class A Units of the Partnership. Class A Units are exchangeable for shares of the Company's common stock on a one-for-one basis, or cash, as selected by the Company. The shares of the Company's common stock, if and when issued, will be issued pursuant to the Company's 2011 Stock Incentive Plan, as amended.

The Class B Units are designed to qualify as "profits interests" in the Partnership for federal income tax purposes. As a general matter, the profits interests characteristics of a Class B Unit mean that at the time of grant it will not be economically equivalent in value to a Class A Unit. The economic value of a Class B Unit can increase over time as it is earned.

The foregoing summary of the 2014 Class B Unit Award Agreement is qualified in its entirety by reference to the form 2014 Class B Unit Award, a copy of which is filed as Exhibit 10.1 to this Current Report on Form 8-K and incorporated by reference herein.
