EXPLANATORY NOTE

This Amendment No. 1 to the Current Report on Form 8-K amends Item 2.02 of the Current Report on Form 8-K filed on March 28, 2017 solely to correct errors in the press release furnished as Exhibit 99.1 thereto. Changes to the original press release required the insertion of “per case” in certain instances reporting growth in gross sales. Emphasis is added only for the purpose of highlighting changes. No other changes have been made to the original Current Report on Form 8-K.

Item 2.02. Results of Operations and Financial Condition.

On March 28, 2018, Reed’s Inc., a Delaware corporation (the “Company”) issued a press release announcing its 2017 fourth quarter and full year 2017 results. The release was corrected on April 4, 2018. The full text of the corrected press release issued in connection with the announcement is furnished as Exhibit 99.1 to this Amendment No. 1 to Current Report on Form 8-K.

Forward Looking Statements

Some portions of the press release, particularly those describing the Company’s goals and strategies, contain “forward-looking statements.” These forward-looking statements can generally be identified as such because the context of the statement will include words, such as “expects,” “should,” “believes,” “anticipates” or words of similar import. Similarly, statements that describe future plans, objectives or goals are also forward-looking statements. While the Company is working to achieve those goals and strategies, actual results could differ materially from those projected in the forward-looking statements as a result of a number of risks and uncertainties. These risks and uncertainties include difficulty in marketing its products and services, maintaining and protecting brand recognition, the need for significant capital, dependence on third party distributors, dependence on third party brewers, increasing costs of fuel and freight, protection of intellectual property, competition and other factors, any of which could have an adverse effect on the Company’s business plans, its reputation in the industry or its expected financial return from operations and results of operations. In light of significant risks and uncertainties inherent in forward-looking statements included herein, the inclusion of such statements should not be regarded as a representation by the Company that they will achieve such forward-looking statements. For further details and a discussion of these and other risks and uncertainties, please see our most recent reports on Form 10-K and Form 10-Q, as filed with the Securities and Exchange Commission, as they may be amended from time to time. The Company undertakes no obligation to publicly update any forward-looking statement, whether as a result of new information, future events, or otherwise

Use of Non-GAAP Measures

Modified EBITDA is used as a supplemental measure of the Company's performance. However, Modified EBITDA is not a recognized measurement under GAAP and should not be considered as an alternative to net income, income from operations or any other performance measure derived in accordance with GAAP or as an alternative to cash flow from operating activities as a measure of liquidity. The Company defines Modified EBITDA as net income (loss), plus interest expense, depreciation and amortization, stock-based compensation, impairments and changes in fair value of warrant expenses. Management believes that disclosure of Modified EBITDA offers an additional view of the Company's operations that, when coupled with the GAAP results, provides a more complete understanding of the Company's financial results. Modified EBITDA may not be comparable to similarly titled measures used by other companies, and it excludes financial information that some may consider important in evaluating the Company's performance. A reconciliation of Modified EBITDA to net income (loss) for the three and twelve month periods ended December 31, 2017 and 2016 is included in the accompanying financial schedules to the press release. For further information, please refer to the Company's Annual Report on Form 10-K to be filed with the SEC on or about April 2, 2018, available online at www.sec.gov.

Item 9.01. Financial Statements and Exhibits.
