Item 1.01. Entry into Material Definitive Agreement.

TERM LOAN FACILITY

On July 11, 2016, Teladoc, Inc. and its subsidiaries (the “Company”) entered a Joinder and Third Loan Modification Agreement to that certain Amended and Restated Loan and Security Agreement dated as of May 2, 2014 (“Loan Agreement”) with Silicon Valley Bank (“SVB”) that provides for a 2016 Mezzanine Term Loan Facility (the “Amended Term Loan Facility”). Under the Amended Term Loan Facility, the Company borrowed \$25.0 million. Interest payments are payable monthly in arrears. The Amended Term Loan Facility carries interest at a rate of 6.25% above the prime rate per annum and the prime rate has a floor of 3.5%. The monthly payments consist of interest-only on the Amended Term Loan Facility and will commence in August 2016 and continue for 36 months. The principal is payable in full on July 11, 2019 (the “Maturity Date”).

The Company may elect to prepay the Amended Term Loan Facility prior to the Maturity Date subject to a prepayment fee equal to 3.00% of the then-outstanding principal balance of the Amended Term Loan Facility if the prepayment occurs within one year of the funding date of the Amended Term Loan Facility, and 1.50% of the then-outstanding principal balance of the Amended Term Loan Facility if the prepayment occurs during the second year following the funding date of the Amended Term Loan Facility.

The Amended Term Loan Facility contains customary events of default, including bankruptcy, the failure to make payments when due, the occurrence of a material impairment on the lenders’ security interest over the collateral, a material adverse change, the occurrence of a default under certain other agreements entered into by Company, the rendering of certain types of judgments against the Company, the revocation of certain government approvals of the Company, violation of covenants, and incorrectness of representations and warranties in any material respect. Upon the occurrence of an event of default, subject to specified cure periods, all amounts owed by the Company would begin to bear interest at a rate that is 5.00% above the rate effective immediately before the event of default, and may be declared immediately due and payable by the lenders.

The Amended Term Loan Facility is collateralized by all of the Company’s assets. The Amended Term Loan Facility also contains certain restrictive covenants that limit the Company’s ability to incur additional indebtedness and liens, merge with other companies or consummate certain changes of control, acquire other companies, engage in new lines of business, make certain investments, pay dividends, transfer or dispose of assets, amend certain material agreements or enter into various specified transactions, as well as financial reporting requirements.

In connection with entry into the Amended Term Loan Facility, the Company granted two affiliates of SVB warrants to purchase an aggregate of 798,694 shares of common stock of the Company at an exercise price of \$13.50 per share (the “Warrants”). The Warrants are immediately exercisable and have a 10 year term. The Warrant holders also have the right to net exercise the Warrants for shares of the Company’s common stock.

Proceeds from the Amended Term Loan Facility have been used to repay in full the prior term loans under the Loan Agreement, and will be used to fund the expansion of the Company’s business and for general corporate purposes.

The Credit Facility contains customary events of default, including bankruptcy, the failure to make payments when due, the occurrence of a material impairment on the lenders' security interest over the collateral, a material adverse change, the occurrence of a default under certain other agreements entered into by Company, the rendering of certain types of judgments against the Company, the revocation of certain government approvals of the Company, violation of covenants, and incorrectness of representations and warranties in any material respect.
