PROXY STATEMENT

FOR THE 2017 ANNUAL MEETING OF STOCKHOLDERS

MAY 25, 2017

We have sent you this Proxy Statement and the enclosed Proxy Card because the Board of Directors (the “Board”) of Nevro Corp. (referred to herein as the “Company,” “Nevro,” “we,” “us” or “our”) is soliciting your proxy to vote at our 2017 Annual Meeting of Stockholders (the “Annual Meeting”) to be held on Thursday, May 25, 2017 at 10:30 a.m. Pacific time. The Annual Meeting can be accessed by visiting www.virtualshareholdermeeting.com/NVRO, where you will be able to listen to the meeting live, submit questions and vote online.

• This Proxy Statement summarizes information about the proposals to be considered at the Annual Meeting and other information you may find useful in determining how to vote.

• The Proxy Card is the means by which you actually authorize another person to vote your shares in accordance with your instructions.

In addition to solicitations by mail, our directors, officers and employees, without additional remuneration, may solicit proxies by telephone, e-mail and personal interviews. We may retain outside consultants to solicit proxies on our behalf as well. All costs of solicitation of proxies will be borne by us. Brokers, custodians and fiduciaries will be requested to forward proxy soliciting material to the owners of stock held in their names, and we will reimburse them for their reasonable out-of-pocket expenses incurred in connection with the distribution of proxy materials.

Pursuant to the rules adopted by the Securities and Exchange Commission (the “SEC”), we have elected to provide access to our 2017 Annual Meeting materials, which include this Proxy Statement and our Annual Report on Form 10-K for the year ended December 31, 2016 (the “Form 10-K”), over the internet in lieu of mailing printed copies. We will begin mailing the Notice of Internet Availability to our stockholders of record as of April 3, 2017 (the “Record Date”) for the first time on or about April 12, 2017. The Notice of Internet Availability will contain instructions on how to access and review the 2017 Annual Meeting materials, and will also contain instructions on how to request a printed copy of the Annual Meeting materials. In addition, we have provided brokers, dealers, banks, voting trustees and their nominees, at our expense, with additional copies of our proxy materials and the Form 10-K so that our record holders can supply these materials to the beneficial owners of shares of our common stock as of the Record Date. The Form 10-K is also available in the “Financial Information” section of our website at <http://www.nevro.com/>.

The only outstanding voting securities of Nevro are shares of common stock, \$0.001 par value per share (the “common stock”), of which there were 29,264,440 shares outstanding as of the Record Date (excluding any treasury shares). The holders of a majority in voting power of the shares of common stock issued and outstanding and entitled to vote, in attendance online or represented by proxy, are required to hold the Annual Meeting.

In prior years, we were exempted under the Jumpstart Our Business Startups Act of 2012 from being required to hold a vote on the compensation of our named executive officers (a “Say-on-Pay vote”). This year, we will hold our first Say-on-Pay vote. Although Say-on-Pay votes are advisory and non-binding, we plan to consider the results of such

votes in reviewing and determining the compensation for our named executive officers in the future.

1

INFORMATION ABOUT THE PROXY PROCESS AND VOTING

Why am I receiving these materials?

We have made this Proxy Statement and Proxy Card available to you on the internet or, upon your request, have delivered printed proxy materials to you, because the Board is soliciting your proxy to vote at the Annual Meeting, including any adjournments or postponements of the Annual Meeting. You are invited to attend the Annual Meeting online to vote on the proposals described in this Proxy Statement. However, you do not need to attend the Annual Meeting online to vote your shares. Instead, you may simply complete, sign and return the Proxy Card, or follow the instructions below to submit your proxy over the telephone or on the internet.

This Proxy Statement, the Notice of Internet Availability, the Notice of Annual Meeting and accompanying Proxy Card were first made available for access by our stockholders on or about April 12, 2017 to all stockholders of record entitled to vote at the Annual Meeting.

Who can vote at the Annual Meeting?

Only stockholders of record at the close of business on the Record Date will be entitled to vote at the Annual Meeting. At the close of business on the Record Date, there were 29,264,440 shares of common stock issued and outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If, on the Record Date, your shares were registered directly in your name with the transfer agent for our common stock, Wells Fargo Shareowner Services, then you are a stockholder of record. As a stockholder of record, you may vote at the Annual Meeting or vote by proxy. Whether or not you plan to attend the Annual Meeting online, we urge you to fill out and return the Proxy Card or vote by proxy over the telephone or on the internet as instructed below to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker, Bank or Other Agent

If, on the Record Date, your shares were held in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in “street name” and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the Annual Meeting online. However, since you are not the stockholder of record, you may not vote your shares during the Annual Meeting unless you request and obtain a valid Proxy Card from your broker or other agent.

What am I being asked to vote on?

You are being asked to vote on three (3) proposals:

- Proposal 1—the election of two Class III directors to hold office until our 2020 annual meeting of stockholders;
- Proposal 2—the ratification of the selection, by the Audit Committee of our Board, of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2017; and
- Proposal 3—a non-binding, advisory vote on the compensation of our named executive officers.

In addition, you are entitled to vote on any other matters that are properly brought before the Annual Meeting.

How do I attend the Virtual Annual Meeting?

This year's Annual Meeting will be held entirely online to allow greater participation and improved communication, and provide cost savings for our stockholders and the Company. Stockholders of record as of April 3, 2017 will be able to attend and participate in the Annual Meeting online by accessing www.virtualshareholdermeeting.com/NVRO. To join the Annual Meeting, you will need to have your 16-digit control number included on your Notice of Internet Availability of Proxy Materials, your proxy card or the instructions that accompanied your proxy materials.

2

Even if you plan to attend the Annual Meeting online, we recommend that you also vote by proxy as described herein so that your vote will be counted if you decide not to attend the Annual Meeting.

How do I vote?

For Proposal 1, you may either vote “For” all the nominees to the Board or you may “Withhold” your vote for any nominee you specify.

For Proposal 2, you may either vote “For” or “Against” or abstain from voting.

For Proposal 3, you may either vote “For” or “Against” or abstain from voting.

Please note that by casting your vote by proxy you are authorizing the individuals listed on the Proxy Card to vote your shares in accordance with your instructions and in their discretion with respect to any other matter that properly comes before the Annual Meeting or any adjournments or postponements thereof.

The procedures for voting are as follows:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote at the Annual Meeting. Alternatively, you may vote by proxy by using the accompanying Proxy Card, over the internet or by telephone. Whether or not you plan to attend the Annual Meeting online, we urge you to vote by proxy to ensure your vote is counted. Even if you have submitted a proxy before the Annual Meeting, you may still attend the Annual Meeting and vote online. In such case, your previously submitted proxy will be disregarded.

To vote at the Annual Meeting, attend the Annual Meeting online and follow the instructions posted at www.virtualshareholdermeeting.com/NVRO.

To vote using the Proxy Card, simply complete, sign and date the accompanying Proxy Card and return it promptly in the envelope provided. If you return your signed Proxy Card to us before the Annual Meeting, we will vote your shares in accordance with the Proxy Card.

To vote by proxy over the internet, follow the instructions provided on the Notice of Internet Availability.

To vote by telephone, you may vote by proxy by calling the toll-free number found on the Notice of Internet Availability.

Beneficial Owner: Shares Registered in the Name of Broker, Bank or Other Agent

If you are a beneficial owner of shares registered in the name of your broker, bank or other agent, you should have received a voting instruction card and voting instructions with these proxy materials from that organization rather than from us. Simply complete and mail the voting instruction card to ensure that your vote is counted. To vote at the Annual Meeting, you must obtain a valid proxy from your broker, bank or other agent before you can vote at the Annual Meeting. Follow the instructions from your broker, bank or other agent included with these proxy materials, or contact your broker, bank or other agent to request a proxy form.

We provide internet proxy voting to allow you to vote your shares online before the Annual Meeting takes place, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your internet access, such as usage charges from internet access providers and telephone companies.

Who counts the votes?

Broadridge Financial Solutions, Inc. (“Broadridge”) has been engaged as our independent agent to tabulate stockholder votes, or Inspector of Election (the “Inspector”). If you are a stockholder of record, your executed Proxy Card is returned

directly to Broadridge for tabulation. As noted above, if you hold your shares through a broker, your broker returns one Proxy Card to Broadridge on behalf of all its clients.

3

How are votes counted?

Votes will be counted by the Inspector appointed for the Annual Meeting. For all proposals, the Inspector will separately count “For” and, with respect to Proposal 2 and 3, “Against” votes, abstentions and broker non-votes. In addition, with respect to Proposal 1, the election of directors, the Inspector will count the number of “Withheld” votes received for the nominees. If your shares are held by your broker as your nominee (that is, in “street name”), you will need to obtain a proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker to vote your shares. If you do not give instructions to your broker, your broker can vote your shares with respect to “routine” items, but not with respect to “non-routine” items. See below for more information regarding: “What are “broker non-votes”?” and “Which ballot measures are considered “routine” or “non-routine”?”

What are “broker non-votes”?

Broker non-votes occur when a beneficial owner of shares held in “street name” does not give instructions to the broker or nominee holding the shares as to how to vote on matters deemed “non-routine.” Generally, if shares are held in street name, the beneficial owner of the shares is entitled to give voting instructions to the broker or nominee holding the shares. If the beneficial owner does not provide voting instructions, the broker or nominee can still vote the shares with respect to matters that are considered to be “routine,” but not with respect to “non-routine” matters. In the event that a broker, bank, custodian, nominee or other record holder of common stock indicates on a proxy that it does not have discretionary authority to vote certain shares on a particular proposal, then those shares will be treated as broker non-votes with respect to that proposal. Accordingly, if you own shares through a nominee, such as a broker or bank, please be sure to instruct your nominee how to vote to ensure that your vote is counted on each of the proposals.

Which ballot measures are considered “routine” or “non-routine”?

The ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2017 (Proposal 2) is considered “routine” under applicable rules. A broker or other nominee may generally vote on routine matters, and therefore no broker non-votes are expected to exist in connection with Proposal 2. The election of directors (Proposal 1) and non-binding advisory vote on the compensation of our named executive officers (Proposal 3) are considered non-routine under applicable rules. A broker or other nominee cannot vote without instructions on non-routine matters, and therefore there may be broker non-votes on Proposals 1 and 3.

How many votes are needed to approve the proposal?

With respect to Proposal 1, the election of directors, the two nominees receiving the highest number of “For” votes will be elected.

With respect to Proposal 2, the affirmative vote of the majority of votes cast (excluding abstentions) is required for approval. This is a routine proposal and therefore we do not expect any broker non-votes.

With respect to Proposal 3, the affirmative vote of the majority of votes cast (excluding abstentions and broker non-votes) is required for approval. While the vote on this resolution is advisory and not binding on us, our Compensation Committee and our Board will consider the outcome of the vote on this resolution when considering future executive compensation decisions.

How many votes do I have?

Edgar Filing: NEVRO CORP - Form DEF 14A

On each matter to be voted upon, you have one vote for each share of common stock you own as of the Record Date.

What if I return a Proxy Card but do not make specific choices?

If we receive a signed and dated Proxy Card and the Proxy Card does not specify how your shares are to be voted, your shares will be voted as follows:

- “For” the election of each of the two nominees for director;
- “For” the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2017; and

4

•“For” the non-binding, advisory vote regarding the compensation of our named executive officers.
If any other matter is properly presented at the Annual Meeting, your proxy (one of the individuals named on your Proxy Card) will vote your shares in his or her discretion.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors, officers and employees may also solicit proxies in person, by telephone or by other means of communication. Directors, officers and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one set of materials?

If you receive more than one set of materials, your shares are registered in more than one name or are registered in different accounts. In order to vote all the shares you own, you must either sign and return all of the Proxy Cards or follow the instructions for any alternative voting procedure on each of the Proxy Cards.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the Annual Meeting. If you are the record holder of your shares, you may revoke your proxy in any one of three ways:

- You may submit another properly completed proxy with a later date.
- You may send a written notice that you are revoking your proxy to our Corporate Secretary at 1800 Bridge Parkway, Redwood City, California 94065.
- You may attend the Annual Meeting online and vote by following the instructions at www.virtualshareholdermeeting.com/NVRO. Simply attending the Annual Meeting online will not, by itself, revoke your proxy.

If your shares are held by your broker, bank or other agent, you should follow the instructions provided by them.

When are stockholder proposals due for next year’s Annual Meeting?

To be considered for inclusion in next year’s proxy materials, your proposal must be submitted in writing by December 13, 2017, to our Corporate Secretary at 1800 Bridge Parkway, Redwood City, California 94065; provided that if the date of the annual meeting is more than 30 days from May 25, 2018, the deadline is a reasonable time before we begin to print and send our proxy materials for next year’s annual meeting. Pursuant to the bylaws, in order for a stockholder to present a proposal for next year’s annual meeting, other than proposals to be included in the proxy statement as described above, or to nominate a director, you must do so between January 25, 2018 and February 24, 2018; provided that if the date of that annual meeting is more than 30 days before or more than 60 days after May 25, 2018, you must give notice not later than the 90th day prior to the annual meeting date or, if later, the 10th day following the day on which public disclosure of the annual meeting date is first made. You are also advised to review our bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if the holders of a majority in voting power of the shares of common stock issued and outstanding and entitled to vote are present in attendance online or represented by proxy at the Annual Meeting. On the Record Date, there were 29,264,440 shares outstanding

and entitled to vote. Accordingly, 14,632,221 shares must be represented by stockholders in attendance online at the Annual Meeting or by proxy to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy or vote at the Annual Meeting. Abstentions will be counted towards the quorum requirement. If there is no quorum, either the chairperson of the Annual Meeting or a majority in

5

voting power of the stockholders entitled to vote at the Annual Meeting, in attendance online or represented by proxy, may adjourn the Annual Meeting to another time or place.

How can I find out the results of the voting at the Annual Meeting?

Voting results will be announced by the filing of a Current Report on Form 8-K within four business days after the Annual Meeting. If final voting results are unavailable at that time, we will file an amended Current Report on Form 8-K within four business days of the day the final results are available.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Our Board is divided into three classes. Each class consists, as nearly as possible, of one-third of the total number of directors and each class has a staggered, three-year term. Unless the Board determines that vacancies (including vacancies created by increases in the number of directors) shall be filled by the stockholders, and except as otherwise provided by law, vacancies on the Board may be filled only by the affirmative vote of a majority of the remaining directors. A director elected by the Board to fill a vacancy (including a vacancy created by an increase in the number of directors) shall serve for the remainder of the full term of the class of directors in which the vacancy occurred and until such director's successor is elected and qualified.

The Board currently consists of eight seated directors, divided into the three following classes:

- Class I directors: Brad Vale, Ph.D., D.V.M., Michael DeMane and Lisa D. Earnhardt, whose current terms will expire at the annual meeting of stockholders to be held in 2018;
 - Class II directors: Ali Behbahani, M.D., Wilfred E. Jaeger, M.D. and Rami Elghandour, whose current terms will expire at the annual meeting of stockholders to be held in 2019; and
 - Class III directors: Frank Fischer and Shawn T McCormick, whose current terms will expire at the Annual Meeting.
- At each annual meeting of stockholders, the successors to directors whose terms will then expire will be elected to serve from the time of election and qualification until the third subsequent annual meeting of stockholders.

Mr. Fischer and Mr. McCormick have been nominated to serve as Class III directors and have each elected to stand for re-election. Each director to be elected will hold office from the date of their election by the stockholders until the third subsequent annual meeting of stockholders or until his successor is elected and has been qualified, or until such director's earlier death, resignation or removal.

Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the two nominees named below. In the event that any nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as the Board may propose. Each person nominated for election has agreed to serve if elected, and management has no reason to believe that any nominee will be unable to serve. Directors are elected by a plurality of the votes cast at the meeting.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE

FOR THE ELECTION OF EACH NAMED NOMINEE.

The following table sets forth, for the Class III nominees (who are currently standing for re-election) and for our other current directors who will continue in office after the Annual Meeting, information with respect to their ages and position/office held within the Company as of March 31, 2017:

The following includes certain information regarding our directors' individual experience, qualifications, attributes and skills that led the Board to conclude that they should serve as directors.

Nominees for Election to a Three-Year Term Expiring at the 2020 Annual Meeting of Stockholders

Frank Fischer has served on our Board since October 2012. Mr. Fischer joined NeuroPace, Inc., a privately held developer of treatment devices for neurological disorders, in 2000 and currently serves as its President and Chief Executive Officer. From May 1998 to September 1999, Mr. Fischer was President, Chief Executive Officer and a director of Heartport, Inc., a formerly publicly traded cardiac surgery company (later acquired by Johnson & Johnson in 2001). From 1987 to 1997, Mr. Fischer served as President and Chief Executive Officer of Ventritex, Inc., a publicly traded designer, developer, manufacturer and marketer of implantable defibrillators and related products for the treatment of ventricular tachycardia and ventricular fibrillation, which was acquired by St. Jude Medical in 1997. Mr. Fischer currently serves on the board of directors of several privately held companies. Mr. Fischer received a B.S. in Mechanical Engineering and an M.S. in Management from Rensselaer Polytechnic Institute. We believe that Mr. Fischer is qualified to serve on our Board due to his extensive operational and management experience in the life science and medical device industries.

Shawn T McCormick has served on our Board since September 2014. Mr. McCormick served as Chief Financial Officer of Tornier N.V., a public medical device company, from September 2012 to October 2015 when Tornier merged with Wright Medical Group. From 2002 to 2007, Mr. McCormick was Vice President, Finance for Medtronic's Spinal, Biologics and Navigation business. Prior to that,

8

Mr. McCormick held various other positions with Medtronic, including Corporate Development Director, Principal Corporate Development Associate, Manager of Financial Analysis, Senior Financial Analyst and Senior Auditor. Prior to joining Medtronic, he spent four years with the public accounting firm KPMG Peat Marwick. He has been a director of Entellus Medical, Inc., a public medical device company, since November 2014, and serves as the chairman of the audit committee and as a member of the nominating and corporate governance committee. Mr. McCormick has been a director of SurModics, Inc., a public medical device and in vitro diagnostic technologies company, since December 2015 and serves on the audit committee and corporate governance and nominating committee. Mr. McCormick earned his M.B.A. from the University of Minnesota's Carlson School of Management and his B.S. in Accounting from Arizona State University. He is a Certified Public Accountant (inactive license). We believe that Mr. McCormick is qualified to serve on our Board due to his financial expertise and extensive operational experience in the medical device industry.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE

FOR THE ELECTION OF EACH OF THE ABOVE NAMED NOMINEES

Directors Continuing in Office Until the 2018 Annual Meeting of Stockholders

Brad Vale, Ph.D., D.V.M., has served on our Board since March 2015. Dr. Vale was Head of Johnson & Johnson Development Company, or JJDC, from January 2012 to March 2015. From September 1989 to March 1992, Dr. Vale supported Johnson & Johnson's medical device businesses at the Corporate Office of Science and Technology as an Executive Director. From 1982 to 1989, he was at Ethicon, Inc., a Johnson & Johnson subsidiary, working on preclinical studies, new business development, and a coronary artery bypass graft internal venture. Dr. Vale currently serves or has served on the board of directors of several private companies. REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The material in this report is not “soliciting material,” is not deemed “filed” with the SEC, and is not to be incorporated by reference into any filing of Nevro under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

The primary purpose of the Audit Committee is to oversee our financial reporting processes on behalf of our Board. The Audit Committee’s functions are more fully described in its charter, which is available in the “Corporate Governance” section of our website at <http://www.nevro.com/>. Management has the primary responsibility for our financial statements and reporting processes, including our systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management Nevro’s audited financial statements as of and for the year ended December 31, 2016.

The Audit Committee has discussed with PricewaterhouseCoopers LLP, the Company’s independent registered public accounting firm, the matters required to be discussed by Auditing Standard No. 1301, “Communications with Audit Committees” issued by the Public Company Accounting Oversight Board (the “PCAOB”). In addition, the Audit Committee discussed with PricewaterhouseCoopers LLP their independence, and received from PricewaterhouseCoopers LLP the written disclosures and the letter required by Ethics and Independence Rule 3526 of the PCAOB. PROPOSAL NO. 3

NON-BINDING, ADVISORY VOTE TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

Summary

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 enables our stockholders to vote to approve, on an advisory, non-binding basis, the compensation of our named executive officers as disclosed in this Proxy Statement in accordance with the SEC's rules, commonly known as a "Say-on-Pay" vote. Accordingly, we are seeking a non-binding, advisory vote to approve the compensation of our named executive officers as described in the "Compensation Discussion and Analysis" section of this proxy statement and the compensation tables and accompanying narrative disclosures that follow.

Board Recommendation

Our Compensation Committee and the Board believe that the information provided in the "Compensation Discussion and Analysis" section of this proxy statement, compensation tables and accompanying narrative disclosures demonstrates that our executive compensation program is designed appropriately, emphasizes pay for performance and aligns management's interests with our stockholders interests to support long-term value creation.

Accordingly, our Board recommends that stockholders vote "FOR" the following resolution:

RESOLVED, that stockholders of Nevro Corp. (the "Company") approve, on an advisory basis, the compensation of the Company's named executive officers, as disclosed in "Compensation Discussion and Analysis," compensation tables and the accompanying narrative disclosures of this Proxy Statement.

While the vote on this resolution is advisory and not binding on us, the Compensation Committee, or our Board, the Compensation Committee and our Board values thoughtful input from stockholders and will consider the outcome of the vote on this resolution when considering future executive compensation decisions. Our Board has adopted a policy of providing for annual advisory votes from stockholders on executive compensation. Unless our Board modifies its policy on the frequency of future Say-on-Pay advisory votes, the next Say-on-Pay advisory vote will be held at the 2018 annual meeting of stockholders.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE, ON A NON-BINDING ADVISORY BASIS, FOR THE RESOLUTION TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

CORPORATE GOVERNANCE

Code of Conduct and Ethics

We have adopted a Code of Conduct and Ethics that applies to all of our employees, officers and directors, including those officers responsible for financial reporting. The Code of Conduct and Ethics is available in the “Corporate Governance” section of our website at <http://www.nevro.com/>. We expect that any amendments to the Code of Conduct and Ethics, or any waivers of its requirements, will be disclosed on our website. The reference to our web address does not constitute incorporation by reference of the information contained at or available through our website.

Corporate Governance Guidelines

We believe in sound corporate governance practices and have adopted formal Corporate Governance Guidelines to enhance our effectiveness. Our Board adopted these Corporate Governance Guidelines in order to ensure that it has the necessary practices in place to review and evaluate our business operations as needed and to make decisions that are independent of our management. The Corporate Governance Guidelines are also intended to align the interests of directors and management with those of our stockholders. The Corporate Governance Guidelines set forth the practices our Board follows with respect to Board and committee composition and selection, Board meetings, Chief Executive Officer performance evaluation and succession planning. A copy of our Corporate Governance Guidelines is available on our website at <http://www.nevro.com/>.

Independence of the Board of Directors

Under New York Stock Exchange rules and regulations, a majority of the members of a listed company’s board of directors must qualify as “independent,” as affirmatively determined by such board. The Board consults with the Company’s counsel to ensure that the Board’s determinations are consistent with all relevant securities and other laws and regulations regarding the definition of “independent,” including those set forth in pertinent New York Stock Exchange listing standards, as in effect from time to time.

Consistent with these considerations, our Board has determined that all of our directors, other than Mr. DeMane and Mr. Elghandour, qualify as “independent” directors in accordance with the New York Stock Exchange listing requirements. Mr. DeMane is not considered independent because he served as an executive officer of Nevro within the last three years. Mr. Elghandour is not considered independent because he is our current President and Chief Executive Officer. The New York Stock Exchange’s independence definition includes a series of objective tests, such as that the director is not, and has not been for at least three years, one of our employees and that neither the director nor any of his family members has engaged in various types of business dealings with us. In addition, as required by New York Stock Exchange rules, our Board has made a subjective determination as to each independent director that no relationships exist, which, in the opinion of our Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, our Board reviewed and discussed information provided by the directors and us with regard to each director’s business and personal activities and relationships as they may relate to us and our management. There are no family relationships among any of our directors or executive officers.

As required under New York Stock Exchange rules and regulations, our independent directors meet in regularly scheduled executive sessions at which only independent directors are present. All of the committees of our Board are comprised entirely of directors determined by the Board to be independent within the meaning of New York Stock Exchange rules and regulations.

Leadership Structure of the Board

Our bylaws and Corporate Governance Guidelines provide our Board with flexibility to combine or separate the positions of Chairman of the Board and Chief Executive Officer and/or the implementation of a lead director in accordance with its determination that utilizing one or the other structure would be in the best interests of the Company. Currently, Mr. DeMane serves as the Chairman of the Board and Mr. Elghandour serves as the President and Chief Executive Officer.

During 2016, Mr. Fischer served as the presiding independent director at meetings of the independent members of the Board when they met in executive session. In his role as presiding independent director, Mr. Fischer presided over the executive sessions of the Board in which Mr. Elghandour and Mr. DeMane did not participate and served as a liaison to the Chief Executive Officer and management on behalf of the independent members of the Board.

The Board believes its current leadership structure strikes an appropriate balance between effective and efficient Company leadership and oversight by non-management directors. We believe that Mr. DeMane's experience as our Chairman of the Board and as our former Chief Executive Officer helps maintain effective communication and coordination between the Board and Mr. Elghandour, our current President and Chief Executive Officer.

Our Board has concluded that our current leadership structure is appropriate at this time. However, our Board will continue to periodically review our leadership structure and may make changes as it deems appropriate.

Role of Board in Risk Oversight Process

Risk assessment and oversight are an integral part of our governance and management processes. Our Board encourages management to promote a culture that incorporates risk management into our corporate strategy and day-to-day business operations. Management discusses strategic and operational risks at regular management meetings, and conducts specific strategic planning and review sessions during the year that include focused discussions and analyses of the risks facing us. Throughout the year, senior management reviews these risks with the Board at regular Board meetings as part of management presentations that focus on particular business functions, operations or strategies, and presents the steps taken by management to mitigate or eliminate such risks.

Our Board does not have a standing risk management committee, but rather administers this oversight function directly through our Board as a whole, as well as through various standing committees of our Board that address risks inherent in their respective areas of oversight. In particular, our Board is responsible for monitoring and assessing strategic risk exposure and our Audit Committee is responsible for overseeing our major financial risk exposures and the steps our management has taken to monitor and control these exposures. The Audit Committee also monitors compliance with legal and regulatory requirements. Our Nominating and Corporate Governance Committee monitors the effectiveness of our corporate governance guidelines and considers and approves or disapproves any related-person transactions. Our Compensation Committee assesses and monitors whether any of our compensation policies and programs have the potential to encourage excessive risk-taking.

Board Committees

Audit Committee

Our Audit Committee oversees our corporate accounting and financial reporting process. Among other matters, the Audit Committee:

- appoints our independent registered public accounting firm;
- evaluates the independent registered public accounting firm's qualifications, independence and performance;
- determines the engagement of the independent registered public accounting firm;
- reviews and approves the scope of the annual audit and the audit fee;
- discusses with management and the independent registered public accounting firm the results of the annual audit and the review of our quarterly financial statements;
- approves the retention of the independent registered public accounting firm to perform any proposed permissible non-audit services;
- monitors the rotation of partners of the independent registered public accounting firm on our engagement team as required by law;
- is responsible for reviewing our financial statements and our management's discussion and analysis of financial condition and results of operations to be included in our annual and quarterly reports to be filed with the SEC;
- reviews our critical accounting policies and estimates; and
- annually reviews the Audit Committee charter and the committee's performance.

The current members of our Audit Committee are Shawn T McCormick, Lisa D. Earnhardt and Wilfred E. Jaeger, M.D. Mr. McCormick serves as the chairperson of the committee. All members of our Audit Committee meet the requirements for financial literacy under the applicable rules and regulations of the SEC and the New York Stock Exchange. Our Board has determined that

15

Mr. McCormick is an Audit Committee financial expert as defined under the applicable rules of the SEC and has the requisite financial sophistication as defined under the applicable rules and regulations of the New York Stock Exchange. Under the rules of the SEC, members of the Audit Committee must also meet heightened independence standards. Our Board has determined that each of Mr. McCormick, Ms. Earnhardt and Dr. Jaeger are independent under the applicable rules of New York Stock Exchange and under the applicable rules of the SEC. The Audit Committee operates under a written charter that satisfies the applicable standards of the SEC and New York Stock Exchange. A copy of the Audit Committee charter is available to security holders in the “Corporate Governance” section of the Company’s website at <http://www.nevro.com/>.

Compensation Committee

Our Compensation Committee reviews and recommends policies relating to compensation and benefits of our officers and employees. The Compensation Committee reviews and recommends to our Board corporate goals and objectives relevant to the compensation of our Chief Executive Officer and other executive officers, evaluates the performance of these officers in light of those goals and objectives and sets the compensation of these officers, other than the Chief Executive Officer, based on such evaluations. Our Board retains the authority to determine and approve, upon the recommendation of the Compensation Committee, the compensation of the Chief Executive Officer, unless such authority has been delegated to the Compensation Committee. Our executive officers submit proposals to the Compensation Committee regarding our executive and director compensation, which the Compensation Committee may recommend to our Board. The Compensation Committee also recommends to our Board the issuance of stock options and other awards under our stock plans. The Compensation Committee will review and evaluate, at least annually, the performance of the Compensation Committee and its members, including compliance by the Compensation Committee with its charter. The Compensation Committee is entitled to delegate any or all of its responsibilities to a subcommittee to the extent consistent with our certificate of incorporation, bylaws, Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Code”), applicable laws, regulations and New York Stock Exchange rules. The current members of our Compensation Committee are Drs. Behbahani, Jaeger and Vale. Dr. Jaeger serves as the chairman of the committee. Each of the members of our Compensation Committee is independent under the applicable rules and regulations of the New York Stock Exchange and is a “non-employee director” as defined in Rule 16b-3 promulgated under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and an “outside director” as that term is defined in Section 162(m) of the Code.

In 2016, our Compensation Committee retained Radford Consulting, Inc. (“Radford”), a nationally recognized compensation consulting firm, to serve as its independent compensation consultant and to conduct market research and analysis on our various executive positions, to assist the committee in developing appropriate incentive plans for our executives, to provide the committee with advice and ongoing recommendations regarding material executive compensation decisions, and to review compensation proposals of management. Radford reports directly to the Compensation Committee and does not provide any non-compensation related services to the Company. In compliance with the disclosure requirements of the SEC regarding the independence of compensation consultants, Radford addressed each of the six independence factors established by the SEC with the Compensation Committee. Its responses affirmed the independence of Radford on executive compensation matters. Based on this assessment, the Compensation Committee determined that the engagement of Radford does not raise any conflicts of interest or similar concerns. In addition, the Compensation Committee evaluated the independence of its other outside advisors to the Compensation Committee, including outside legal counsel, considering the same independence factors and concluded their work for the Compensation Committee does not raise any conflicts of interest. Prior to our engagement of Radford, we retained Compensia, Inc. (“Compensia”) as our independent compensation consultant for purposes of assisting our Compensation Committee. During its engagement, Compensia reported directly to the Compensation Committee and did not provide any non-compensation related services to the Company. Compensia addressed each of the six independence factors established by the SEC with the Compensation Committee and affirmed its independence on executive compensation matters. Based on that assessment, the Compensation

Committee determined that the Compensia's engagement did not raise any conflicts of interest or similar concerns.

The Compensation Committee operates under a written charter that satisfies the applicable standards of the SEC and the New York Stock Exchange. A copy of the Compensation Committee charter is available to security holders in the "Corporate Governance" section of the Company's website at <http://www.nevro.com/>.

Nominating and Corporate Governance Committee

Our Nominating and Corporate Governance Committee is responsible for making recommendations to our Board regarding candidates for directorships and the size and composition of our Board. In addition, the Nominating and Corporate Governance Committee is responsible for overseeing our corporate governance policies and reporting and making recommendations to our Board concerning governance matters. The current members of our Nominating and Corporate Governance Committee are Dr. Behbahani, Ms. Earnhardt and Mr. Fischer. Mr. Fischer serves as the chairman of the committee. Each of the members of our Nominating and

Corporate Governance Committee is an independent director under the applicable rules and regulations of the New York Stock Exchange relating to Nominating and Corporate Governance Committee independence. The Nominating and Corporate Governance Committee operates under a written charter. A copy of the Nominating and Corporate Governance Committee charter is available to security holders in the “Corporate Governance” section of the Company’s website at <http://www.nevro.com/>.

Our Nominating and Corporate Governance Committee is responsible for reviewing with the Board, on an annual basis, the appropriate characteristics, skills and experience required for the Board as a whole and its individual members. In evaluating the suitability of individual candidates (both new candidates and current members), the Nominating and Corporate Governance Committee, in recommending candidates for election, and the Board, in approving (and, in the case of vacancies, appointing) such candidates, will take into account many factors, including the following: diversity of personal and professional background, perspective and experience; personal and professional integrity, ethics and values; experience in corporate management, operations or finance, such as serving as an officer or former officer of a publicly held company, and a general understanding of marketing, finance and other elements relevant to the success of a publicly-traded company in today’s business environment; experience in the industries in which we compete and with relevant social policy concerns; experience as a board member or executive officer of another publicly held company; relevant academic expertise or other proficiency in an area of the Company’s operations; diversity of business and career experience relevant to the success of the Company; and practical and mature business judgment. The Board evaluates each individual in the context of the Board as a whole, with the objective of assembling a group that can best maximize the success of the Company and represent stockholder interests through the exercise of sound judgment using its diversity of experience in these various areas.

The Nominating and Corporate Governance Committee will consider director candidates recommended by stockholders. For a stockholder to make any nomination for election to the Board at an annual meeting, the stockholder must provide notice to the Company, which notice must be delivered to, or mailed and received at, the Company’s principal executive offices not less than 90 days, and not more than 120 days, prior to the one-year anniversary of the preceding year’s annual meeting; provided, that if the date of the annual meeting is more than 30 days before, or more than 60 days after, such anniversary date, the stockholder’s notice must be delivered, or mailed and received, not later than 90 days prior to the date of the annual meeting or, if later, the 10th day following the date on which public disclosure of the date of such annual meeting is made. Further updates and supplements to such notice may be required at the times, and in the forms, required under our bylaws. As set forth in our bylaws, submissions must include the name and address of the proposed nominee, information regarding the proposed nominee that is required to be disclosed in a proxy statement or other filings in a contested election pursuant to Section 14(a) under the Exchange Act, information regarding the proposed nominee’s indirect and direct interests in shares of the Company’s common stock, and a completed and signed questionnaire, representation and agreement of the proposed nominee. Our bylaws also specify further requirements as to the form and content of a stockholder’s notice. We recommend that any stockholder wishing to make a nomination for director review a copy of our bylaws, as amended and restated to date, which is available, without charge, from our Corporate Secretary, at 1800 Bridge Parkway, Redwood City, California 94065.

Fifty percent of the value of each equity award will be granted in the form of stock options, and 50% of the value of each equity award will be granted in the form of restricted stock units (“RSUs”). COMPENSATION DISCUSSION AND ANALYSIS

General

The following Compensation Discussion and Analysis (“CD&A”) provides information on the compensation arrangements for our Named Executive Officers (our Chief Executive Officer, our Chief Financial Officer, our other three most highly compensated executive officers serving at the end of fiscal 2016 and our former Chief Executive Officer and Executive Chairman, collectively our “NEOs”) and is intended to provide context for the decisions underlying the compensation paid to our NEOs in 2016. This CD&A should be read together with the compensation tables and related disclosures set forth below. Our NEOs for 2016 and their positions as of the end of fiscal 2016 were as follows:

- Rami Elghandour, President and Chief Executive Officer;
- Andrew H. Galligan, Chief Financial Officer;
- Michael DeMane, Chairman of the Board and former Chief Executive Officer and Executive Chairman;
- Doug Alleavitch, Vice President, Quality;
- Christofer Christoforou, Vice President, Research and Development; and
- Patrick Schmitz, Vice President, Operations.

We underwent several changes in our executive leadership during 2016. In accordance with an executive leadership transition plan approved by the Board in February 2016, effective June 1, 2016, Mr. DeMane transitioned from our Chairman and Chief Executive Officer to Executive Chairman of the Board, and Mr. Elghandour assumed the role of President and Chief Executive Officer. Mr. Elghandour was also elected a member of our Board at our 2016 annual meeting of stockholders. As contemplated by the leadership transition, effective January 1, 2017, Mr. DeMane transitioned from Executive Chairman to the role of Chairman of the Board, ceasing in his executive officer role with the Company. We entered into new compensatory arrangements with each of Messrs. DeMane and Elghandour as part of the leadership transition plan, as described in more detail under “Employment Agreements” below. During 2016, we also hired Mr. Schmitz as our Vice President, Operations effective as of March 14, 2016 and Mr. Christoforou as our Vice President, Research and Development, effective as of July 25, 2016.

Executive Summary

2016 Performance Highlights and Pay for Performance. Our executive compensation programs are designed to deliver pay in accordance with corporate and individual performance, rewarding superior performance and providing consequences for underperformance. We believe that compensation of our NEOs for fiscal year 2016 was aligned with the Company’s performance during 2016. Highlights of that performance include, but are not limited to:

- We achieved revenue of \$228.5 million for the full year 2016, an increase of 228% as reported, over the prior year.
- We hired and trained 93 additional sales representatives in the United States, allowing us to expand the commercialization of our HF10 therapy in the United States.
- We received U.S. Food & Drug Administration approval for Surpass™ surgical leads for the Senza® Spinal Cord Stimulation System.
- We successfully met product demand for the year.

In order to align pay with performance, a significant portion of our NEOs’ compensation is delivered in the form of equity awards and annual cash incentives, each of which depends on our actual performance. For fiscal year 2016, approximately 90% of our NEOs’ total target compensation was in the form of stock options, restricted stock units and annual cash incentives.

2016 Compensation Highlights. Consistent with our compensation philosophy, key compensation decisions for 2016 included the following:

• **Base Salaries and Target Annual Cash Incentive Opportunities.** The 2016 base salaries and target bonuses for our NEOs remained level or were increased in order to maintain competitive levels of compensation for our NEOs and were set by our

25

Compensation Committee based on a number of considerations, including reference to reports setting forth the 25th, 50th and 75th percentiles of compensation paid by our peer group of companies.

• **Annual Cash Incentives.** For 2016, our Compensation Committee selected eight performance goals for our performance-based annual bonus program that were intended to promote our business plan and short-term goals, including with respect to sales and marketing, operations, product development and clinical research. In light of our achievement of each of the performance goals, the Board determined to pay out annual bonuses at 150% of target for each of our NEOs.

• **Equity-Based Long Term Incentives.** In 2016, we granted approximately 81% of our NEOs' target direct compensation as equity-based compensation in the form of stock options and restricted stock units. We believe that stock options and restricted stock units effectively align the interests of our executives with those of our stockholders, providing significant leverage if our growth objectives are achieved while also placing a significant portion of compensation at risk if our objectives are not achieved. In the event that our executives fail to increase stockholder value over the term of their stock options, or if stockholder value remains stagnant, then our NEOs will realize no value from their stock options. In addition, restricted stock units complement our equity compensation program by providing additional retention value.

Compensation Governance and Best Practices. We are committed to having strong governance standards with respect to our compensation programs, procedures and practices. Our key compensation practices include the following:

• **Pay for performance.** A significant portion of executive compensation is "at risk" based on corporate performance, and additionally is equity-based, in order to align the interests of our executive officers with stockholders.

• **Strong link between performance measures and strategic objectives.** Performance measures for incentive compensation are linked to operating priorities designed to create long-term stockholder value.

• **Independent compensation consultant.** The Compensation Committee retains an independent compensation consultant to review our executive compensation program and practices.

• **No guaranteed annual salary increases or bonuses.** Our NEOs' salary increases are based on individual evaluations and their annual cash incentives are tied to corporate performance.

• **No tax gross-ups.** We do not provide any tax gross-ups to our NEOs.

• **Limited perquisites.** We do not provide any perquisites or personal benefits to our NEOs, other than in limited circumstances.

• **No hedging or pledging.** We prohibit our employees and directors from hedging or pledging any Company securities.

Executive Compensation Objectives and Philosophy

The key objective in our executive compensation program is to attract, motivate and reward leaders with the skills and experience necessary to successfully execute on our strategic plan to maximize stockholder value. Our executive compensation program is designed to:

• **Attract and retain talented and experienced executives in a competitive and dynamic market;**

• **Motivate our NEOs to help the Company achieve the best possible financial and operational results;**

• **Provide reward opportunities consistent with our performance on both a short-term and long-term basis; and**

• **Align the long-term interests of our NEOs with those of our stockholders.**

We strive to set our overall total compensation at a competitive level. Executives may be compensated above or below the targeted market position based on factors such as experience, performance, scope of position and the competitive demand for proven executive talent, as described further below under "Determination of Executive Compensation."

Determination of Executive Compensation

Our Compensation Committee is responsible for establishing and overseeing our executive compensation programs and annually reviews and determines the compensation to be provided to our NEOs, other than with respect to our Chief Executive Officer, whose compensation is determined by the Board.

In setting executive compensation, the Compensation Committee considers a number of factors, including the recommendations of our Chief Executive Officer (other than with respect to himself), current and past total compensation, competitive market data and analysis provided by the Compensation Committee’s independent compensation consultant, Company performance and each executive’s impact on performance, each executive’s relative scope of responsibility and potential, each executive’s individual performance and demonstrated leadership and internal equity pay considerations. Our Chief Executive Officer’s recommendations are based on his evaluation of each other NEO’s individual performance and contributions, of which he has direct knowledge. Our Board makes decisions regarding our Chief Executive Officer’s compensation, following recommendation from the Compensation Committee.

Competitive Market Data and Independent Compensation Consultant

In order to design a competitive executive compensation program that will continue to attract top executive talent, our Compensation Committee engages an independent compensation consultant to provide a competitive review of executive compensation, including base salary, annual incentives and equity compensation as compared with market data. In 2015, our Compensation Committee retained Compensia to provide these services. In August 2015, Compensia provided an analysis of data derived from (i) members of our peer group, as further described below, and (ii) the Radford 2015 Life Sciences Industry Survey, which included U.S. companies in the life science sector with headcounts of between 150 and 500. In consultation with Compensia, in August 2015, our Compensation Committee selected our peer group based on the following general criteria: revenues between approximately \$50 million to \$250 million; market capitalization between approximately \$315 million to \$5.0 billion; and GICS classification of healthcare equipment and supplies with a focus on medical devices. In addition, the peer group was refined by excluding companies in the business of disposable products and diagnostics. The peer group approved by our Compensation Committee in August 2015 (the “2015 Peer Group”) was comprised of the following companies:

- Abaxis
- ABIOMED
- Anika Therapeutics
- AtriCure
- Cardiovascular Systems
- Endologix
- Inogen
- K2M Group Holdings
- LDR Holdings
- OraSure Technologies
- Quidel
- Rockwell Medical
- Spectranetics
- STAAR Surgical
- SurModics
- Tandem Diabetes Care
- Vascular Solutions
- ZELTIQ Aesthetics

As of July 2015, as compared to the 2015 Peer Group, we were at the 12th percentile for revenue for the preceding four quarters, the 94th percentile for 30 day average market cap and the 18th percentile for headcount. For 2016, the Compensation Committee used Compensia’s analysis of the 2015 Peer Group to consider the positioning of base salaries and target bonuses in October 2015 for fiscal 2016, as well as the position of annual equity awards granted in late 2015.

In 2016, our Compensation Committee engaged Radford as our new independent compensation consultant to provide competitive analysis of our executive compensation program. In September 2016, following consultation with Radford, our Compensation Committee approved a new peer group (the “2016 Peer Group”) based primarily on an analysis of peer group revenue, headcount, and market capitalization. The 2016 Peer Group consisted of the following:

- Abaxis
- ABIOMED
- CONMED
- Cynosure
- Inogen
- Insulet
- NxStage Medical
- Seattle Genetics

- Alkermes
- Dexcom
- Integra LifeSciences Holdings
- Spectranetics
- Bio-Techne
- Global Medical
- Masimo
- Wright Medical Group N.V.
- Cantel Medical
- ICU Medical
- Nuvasive
- ZELTIQ Aesthetics

As of November 2016, as compared to the 2016 Peer Group, we were the lowest for revenue for the preceding four quarters and headcount and at the 56th percentile for 30 day average market cap. In November 2016, our Compensation Committee reviewed Radford's analysis of our 2016 executive compensation program with respect to the 2016 Peer Group. Based on this analysis, our CEO and CFO's total cash compensation was at our below the market 25th percentile, and our other NEOs' total cash compensation generally fell between the 25th and 75th percentiles. Equity ownership as of the 12 months prior to the analysis generally aligned with the 50th percentile for our CEO and CFO and between the 50th and 75th percentiles for our other NEOs (excluding new hire grants).

Our Compensation Committee generally uses the peer group to help structure a competitive executive compensation program, position executive compensation by considering the 25th, 50th and 75th percentiles of market data, and make individual compensation decisions based on comparable positions at companies with which we compete for talent. While the Compensation Committee does not establish compensation levels solely based on a review of competitive data, it believes such data is a useful tool in its deliberations

as our compensation policies and practices must be competitive in the marketplace for us to be able to attract, motivate and retain qualified executive officers.

Components of Compensation

The primary elements of our NEOs' compensation and the main objectives of each are:

- **Base Salary.** Base salary attracts and retains talented executives, recognizes individual roles and responsibilities and provides stable income;
- **Annual Performance-Based Incentive Compensation.** Annual performance bonuses promote short-term performance objectives and reward executives for their contributions toward achieving those objectives; and
- **Equity Based Long-Term Incentive Compensation.** Equity compensation, provided in the form of stock options and restricted stock units, aligns executives' interests with our stockholders' interests, emphasizes long-term financial and operational performance, and helps retain executive talent.

In addition, our NEOs are eligible to participate in our health and welfare programs and our 401(k) plan on the same basis as our other employees. We also maintain severance and change in control arrangements, which aid in attracting and retaining executive talent and help executives to remain focused and dedicated during potential transition periods due to a change in control. Each of these elements of compensation for 2016 is described further below.

Base Salary

Base salaries provide our NEOs with a reasonable degree of financial certainty and stability. Our Compensation Committee annually reviews and determines the base salaries of our executives and evaluates the base salaries of new hires at the time of hire. In October 2015, our Compensation Committee approved salary increases, effective for 2016, of 14% for Mr. Elghandour and 5% for Mr. Alleavitch. The Compensation Committee determined to maintain Mr. Galligan's base salary as then in effect. The base salary for each of Messrs. Christoforou and Schmitz was set by the Compensation Committee at the time of their hire in July 2016 and March 2016, respectively. In setting the base salaries of our NEOs, the Compensation Committee considered a number of factors, including those set forth above under "Determination of Executive Compensation", as well as, for reference, the 25th, 50th and 75th percentiles of compensation paid by our peer group of companies, though it did not benchmark to any particular percentile. Following such determinations, our NEOs' base salaries were as set forth below:

Name	2016 Annualized Base Salary
Rami Elghandour	\$ 377,000
Andrew H. Galligan	\$ 331,000
Michael DeMane	\$ 550,000
Doug Alleavitch	\$ 305,000
Christofer Christoforou	\$ 285,000
Patrick Schmitz	\$ 305,000

In February 2016, the Board approved an executive leadership succession plan pursuant to which, effective June 1, 2016, Mr. DeMane transitioned to the role of Executive Chairman of the Board and Mr. Elghandour assumed the role of President and Chief Executive Officer. We entered into new compensatory arrangements with each of Messrs. DeMane and Elghandour reflecting their new roles with the Company. Pursuant to these new arrangements, effective

June 1, 2016, Mr. DeMane became eligible to receive an annual salary of \$500,000 for his service as Executive Chairman, and Mr. Elghandour became eligible to receive an annual base salary of \$523,000.

Additionally, Mr. DeMane transitioned from Executive Chairman to Chairman of the Board of Directors effective January 1, 2017, in accordance with the terms of his amended employment agreement, and ceased his employment as an executive officer of the Company. Effective upon his transition to Chairman of the Board of Directors, Mr. DeMane was compensated in accordance with the Company's existing Non-Employee Director Compensation Program.

Annual Performance-Based Incentive Compensation

Our annual performance-based bonus program is designed to motivate our executives to meet or exceed company-wide short-term performance objectives. Our annual bonus program provides for the payment of cash bonuses based on each NEOs' target annual bonus and our achievement of corporate performance objectives.

In October 2015, our Compensation Committee approved the following increases to our NEOs' target cash bonuses, expressed as a percentage of annual base salary, effective January 2016: Mr. DeMane: 80% from 75%; Mr. Elghandour: 60% from 50%; Mr. Galligan: 60% from 50%; Mr. Alleavitch: 50% from 40%. The target cash bonus for each of Messrs. Christoforou and Schmitz was set by the Compensation Committee at the time of their hire in July 2016 and March 2016, respectively. In setting the target cash bonuses of our NEOs, the Compensation Committee considered a number of factors, including those set forth above under "Determination of Executive Compensation", as well as, for reference, the 25th, 50th and 75th percentiles of compensation paid by our peer group of companies, though it did not benchmark to any particular percentile. Following such determinations, our NEOs' target bonuses were as set forth below:

Name	2016 Target Bonus
Rami Elghandour	60%
Andrew H. Galligan	60%
Michael DeMane	80%
Doug Alleavitch	50%
Christofer Christoforou	50%
Patrick Schmitz	50%

Pursuant to the Board-approved executive leadership succession plan in February 2016, the new compensatory arrangements with each of Messrs. DeMane and Elghandour, effective June 1, 2016, amended the target cash bonus for each at 75% of base salary.

For fiscal year 2016, our Compensation Committee approved eight goals in the categories of sales and marketing, operations, research and development and clinical research under our annual bonus program. Our primary goals included (i) achieving worldwide revenue target of \$178.7 million (which was at least 157% year over year revenue growth), (ii) hiring and training an additional 60 U.S. sales representatives by December 31, 2016, (iii) successfully meeting the product demand forecast for fiscal year 2016, (iv) receiving Federal Drug Administration and CE mark for certain products by December 31, 2016, and (v) completing certain clinical study enrollments and initiating other enrollment for other feasibility studies by December 31, 2016. Our 2016 cash incentive program also included a "kicker" goal – developing a viable second source for our Senza IPG product – which, subject to 100% achievement of all goals, could result in overall achievement of over 100% of our program. Given that certain of our non-financial research and development and clinical research goals are related to our business strategy and are highly confidential, we do not publicly disclose them. We believe their disclosure would provide our competitors, customers and other third parties with significant insights regarding our confidential business strategies that could cause us substantial competitive harm. These goals were set by our Compensation Committee at a level our Compensation Committee determined would require substantial effort to be achieved, such that the goals would not be expected to be achieved with average or below average performance.

For fiscal year 2016, our Compensation Committee allocated specific weightings to each performance goal. With respect to our worldwide revenue goal, percentage achievement was adjusted up or down by 2% for each 1% of underachievement or overachievement between underachievement and overachievement of 12.5% of the target level. For our sales representative training goal, achievement would be deemed 100% at 60 representatives, 107.5% at 65 representatives and 115% at 70 representatives or more. For each other performance goal under the annual cash incentive program, the Board sets general performance targets, but there is no minimum or maximum achievement for each performance target; instead, the Board weighs the achievement, partial achievement or non-achievement for each performance target when deciding the overall achievement level. Our corporate goals and their applicable weightings are set forth in the table below:

Performance Area	Weight
Worldwide revenue of \$178.7M	50%
Hire and train 60 U.S. sales representatives	20%
Successfully meet product demand forecast	10%
Receive FDA and CE mark for certain products	10%
Completing certain clinical study enrollments and initiate other enrollments for other feasibility studies	10%
Total (primary goals)	100%
Develop a second source for our Senza IPG Product	10%
Total	110%

Corporate goals and performance targets are reviewed and approved by the Compensation Committee, which gives its recommendations to the Board prior to any allocation of the bonus. In March 2017, the Compensation Committee reviewed our 2016 company-wide performance with respect to determining bonuses to executive officers and the Board determined, after reviewing the recommendations from the Compensation Committee, a company-wide achievement of 150% based on achievement of all the performance goals either at or above established targets. With respect to the worldwide revenue and the hiring of U.S. sales representatives targets, the Board determined that the Company exceeded the target, having achieved worldwide revenue of \$228.5 million in fiscal year 2016 and hired and trained more than the maximum of 70 U.S. sales representatives, which increased the 2016 bonus payout to 140%. With our primary goals achieved in addition to having developed a viable second source for our Senza IPG product, the bonus payout was increased to 150%. Accordingly, following its review and determinations, the Board approved, based on recommendations from the Compensation Committee, cash bonuses to the NEOs at 150% of their target bonus opportunity. The NEOs' 2016 performance bonuses are set forth in the column entitled "Non-Equity Incentive Plan Compensation" in the "2016 Summary Compensation Table" below.

Equity-Based Long-Term Incentive Awards

Our Compensation Committee believes it is essential to provide equity-based compensation to our executive officers in order to link the interests and risks of our executive officers with those of our stockholders, reinforcing our commitment to ensuring a strong linkage between company performance and pay. In 2016, we granted equity-based compensation to our NEOs in the form of stock options and restricted stock units, which we believe effectively align the interests of our executives with those of our stockholders. Upon the recommendation of Compensia, our Compensation Committee determined to grant 2/3rds of the annual grant value for each NEO in the form of stock options and the remaining 1/3rd in the form of RSUs.

In connection with the Board-approved executive leadership succession plan in February 2016, we granted Mr. Elghandour an option to purchase 269,726 shares of the Company's common stock and 63,695 restricted stock units. The option award vests as to an aggregate of 202,294 shares over a period of four years in equal monthly installments commencing on June 1, 2016, subject to Mr. Elghandour's continued service as of each vesting date. The remaining 67,432 shares subject to the option award vests, if at all, as to 1/4th of the shares annually upon the filing of the Company's Annual Report on Form 10-K for each year, beginning in 2017, subject to Mr. Elghandour's continued service and to the achievement of certain performance criteria for the annual installment. The restricted stock unit award vests as to an aggregate of 47,771 shares on each of the first four anniversaries of the June 1, 2016, subject to continued service. The remaining 15,924 shares under the restricted stock unit award vests, if at all, as to 1/4th of the shares annually upon the filing of the Company's Annual Report on Form 10-K for each year, beginning in 2017, subject to Mr. Elghandour's continued service and to the achievement of certain performance criteria for the annual installment. In connection with each of Messrs. Schmitz's and Christoforou's commencement of employment with us, we granted them initial awards of options and RSUs. Each of Messrs. Schmitz's and Christoforou's initial stock option grants cover 20,000 shares of the Company's common stock, respectively, and vest as to 25% of the shares on the first anniversary of the executive's hire date and as to 1/4th of the shares on each monthly anniversary thereafter, subject to continued employment on each applicable vesting date. Messrs. Schmitz and Christoforou's initial RSU grants cover

4,500 and 10,000 shares of the company's common stock, respectively, and vest in substantially equal installments on each of the first four anniversaries of April 5, 2016 and August 2, 2016, respectively, subject to continued employment on each applicable vesting date. In addition, in November 2016, we made the following grants of stock options to our NEOs:

30

Name	Number of Shares Underlying Stock Options	RSUs
Andrew H. Galligan	27,333	6,833
Doug Alleavitch	13,333	3,333
Christofer Christoforou	10,000	2,500
Patrick Schmitz	13,333	3,333

The stock option awards vest as to 1/48th of the shares subject to the option on each monthly anniversary of November 5, 2016, subject to continued employment. The RSUs vest as to 1/4th of the shares on each anniversary of November 1, 2016, subject to continued employment. In light of the grants made to Mr. Elghandour in connection with our executive leadership transition plan, the Board determined not to make an additional annual equity grant to Mr. Elghandour in November 2016.

In setting the overall values of the stock option grants to our NEOs, the Compensation Committee considered a number of factors, including those set forth above under “Determination of Executive Compensation”, as well as, for reference, the 25th, 50th and 75th percentiles of compensation paid by our peer group of companies, though it did not benchmark to any particular percentile. The Compensation Committee considered the levels of such grants to be appropriate in order to provide retention value, increase the amount of compensation at risk and more closely tie our NEOs’ pay to our stockholders interests.

Retirement Savings, Health and Welfare Benefits

Our NEOs participate in our company-sponsored benefit programs on generally the same basis as other salaried employees, including a standard complement of health and welfare benefit plans and a 401(k) plan, which is intended to qualify under Section 401(k) of the Code, such that a portion of their eligible compensation may be deferred on a pre-tax basis. Under the 401(k) plan, employees may elect to reduce their current compensation by up to the statutorily prescribed annual limit and to have the amount of such reduction contributed to the 401(k) plan. In 2016, we began a matching contribution program to employees under the 401(k) plan, for which our NEO’s are eligible to participate. The matching contribution related to 2016 was funded in March 2017 and is subject to annual pro-rata vesting based upon the employee’s employment with the Company for the first four years of employment, at which point all matching contributions are fully vested.

Perquisites and Other Personal Benefits

Pursuant to the employment agreement with Mr. DeMane, we reimburse or directly pay the costs incurred by him for commuting from the Minneapolis, Minnesota area to the Company’s offices in Redwood City, California, including reasonable travel expenses and accommodations. Our Compensation Committee believes that this commuting-related benefit is reasonable and necessary to retain Mr. DeMane and is intended to reduce the obstacles to Mr. DeMane in performing services for the Company. In addition, we provide supplemental insurance benefits to Mr. Elghandour, which we believe to be reasonable and necessary to retain Mr. Elghandour.

Other than the commuting-related benefit provided to Mr. DeMane and supplemental insurance benefits provided to Mr. Elghandour, we do not currently provide perquisites to our NEOs, and we do not view perquisites or other personal benefits as a significant component of our executive compensation program. In the future, we may provide perquisites or other personal benefits in limited circumstances, such as where we believe it is appropriate to assist an individual executive officer in the performance of his or her duties, to make our executive officers more efficient and effective or for recruitment, motivation, or retention purposes. All future practices with respect to perquisites or other

personal benefits will be approved by the Compensation Committee.

Employment Agreements

Employment Agreement with Mr. Elghandour. We entered into an employment agreement with Mr. Elghandour upon his appointment as our President and Chief Executive Officer effective June 1, 2016. The employment agreement provided that his base salary would be increased to \$523,000 and his target bonus would be increased to 75% of base salary. In addition, pursuant to the employment agreement, Mr. Elghandour was granted an option award and RSU award as described above under “Equity-Based Long-Term Incentive Awards.” Mr. Elghandour’s employment agreement also provides for certain severance payments and benefits in the event of qualifying terminations of employment as described under “Potential Payments Upon Termination or Change in Control” below.

Employment Agreement with Mr. DeMane. In October 2014, we entered into an employment agreement with Mr. DeMane, which provided for a base salary of \$500,000, a target bonus of 75% (increased to 80% in October 2015) and certain severance payments and benefits in the event of qualifying terminations of employment. The employment agreement also provided that the Company would pay or reimburse Mr. DeMane for the cost of commuting from the Minneapolis, Minnesota to the Company's principal offices in California. In connection with Mr. DeMane's transition to our Executive Chairman, effective June 1, 2016, we entered into a letter amendment to his existing employment agreement with him, setting forth the terms of his employment in his new role. Pursuant to the DeMane Letter Amendment, Mr. DeMane was to continue employment with the Company as Executive Chairman at least through November 30, 2016, but no longer than May 31, 2017, following which he would continue to serve as Chairman of the Board. During his employment as Executive Chairman, Mr. DeMane was eligible to receive an annual base salary of \$500,000, a target bonus of 75% of base salary and continued payment or reimbursements of his commuting costs. In addition, Mr. DeMane's equity awards would continue to vest during his service as an executive or Chairman of the Board. In the event the Company terminated his service as Chairman of the Board prior to December 31, 2018 for other than cause, then each of his equity awards would be accelerated in full. In addition, pursuant to the terms of the DeMane Letter Amendment, Mr. DeMane became ineligible to receive severance payments and benefits upon any termination between November 30, 2016 and May 30, 2017, and he waived the right to resign for "good reason" based on the changes to his employment as set forth in the letter amendment.

Offer Letters with Messrs. Schmitz and Christoforou. In connection with Messrs. Schmitz and Christoforou's commencement of employment with us, we entered into offer letters with each of them. Mr. Schmitz's offer letter provides for an annual base salary of \$305,000 and an annual bonus of up to 50% of base salary. Pursuant to his offer letter, Mr. Schmitz was granted a stock option covering 20,000 shares of the Company's common stock, which vests as to 25% of the shares on the first anniversary of his hire date, and as to 1/48th of the shares each monthly anniversary thereafter, subject to continued employment, and 4,500 RSUs, which vest as to 25% on each of the first four anniversaries of April 5, 2016, subject to continued employment.

Mr. Christoforou's offer letter provides for an annual base salary of \$285,000 and an annual bonus of up to 50% of base salary. Pursuant to his offer letter, Mr. Christoforou was granted a stock option covering 20,000 shares of the Company's common stock, which vests as to 25% of the shares on the first anniversary of his hire date, and as to 1/48th of the shares each monthly anniversary thereafter, subject to continued employment, and 10,000 RSUs, which vest as to 25% on each of the first four anniversaries of August 2, 2016, subject to continued employment. Mr. Christoforou also received a sign-on bonus of \$150,000, and reimbursement of relocation expenses up to \$50,000.

Change in Control Severance Agreements

We have entered into change in control severance agreements with each of our other NEOs, which provide for severance benefits and payments upon certain terminations without cause or resignations for good reason, which we amended and restated in May 2016. Our Compensation Committee believes that these types of arrangements are necessary to attract and retain executive talent and are a customary component of executive compensation. In particular, such arrangements can serve to mitigate a potential disincentive for them when they are evaluating a potential acquisition of the Company and can encourage retention through the conclusion of the transaction. The payments and benefits provided under our severance and change in control arrangements are designed to provide our NEOs with treatment that is competitive with market practices. A description of these arrangements, as well as information on the estimated payments and benefits that our NEOs would have been eligible to receive as of December 31, 2016, are set forth in "Potential Payments Upon Termination or Change in Control" below.

Other Policies and Considerations

Derivatives Trading, Hedging, and Pledging Policies. Our Insider Trading Policy provides that no officer, director, employee or consultant, or any immediate family member or any member of the household of any such person, shall purchase or sell any type of security while in possession of material, non-public information relating to the security, whether the issuer of such security is the Company or any other company. This prohibition includes any interest or position relating to put options, call options or short sales, or engaging in hedging transactions. In addition, our Insider Trading Policy provides that no employee, officer or director may pledge Company securities as collateral to secure loans. This prohibition means, among other things, that these individuals may not hold Company securities in a “margin” account, which would allow the individual to borrow against their holdings to buy securities.

Deductibility of Compensation. Section 162(m) of the Code generally disallows the deductibility of certain compensation expenses in excess of \$1,000,000 to any one executive officer within a fiscal year. Compensation that is “performance-based” is excluded from this limitation. For compensation to be “performance-based,” it must meet certain criteria, including performance goals approved by our stockholders and, in certain cases, objective targets based on performance goals approved by our stockholders. We believe that

maintaining the discretion to evaluate the performance of our executive officers through the use of performance-based compensation is an important part of our responsibilities and benefits our stockholders, even if it may be non-deductible under Section 162(m) of the Code.

Nonqualified Deferred Compensation. The Compensation Committee takes into account whether components of the compensation for our executive officers will be adversely impacted by the penalty tax imposed by Section 409A of the Code, and aims to structure these components to be compliant with or exempt from Section 409A to avoid such potential adverse tax consequences.

“Golden Parachute” Payments. Sections 280G and 4999 of the Code provide that certain executive officers and other service providers who are highly compensated or hold significant equity interests may be subject to an excise tax if they receive payments or benefits in connection with a change in control of the company that exceeds certain prescribed limits, and that we, or a successor, may forfeit a deduction on the amounts subject to this additional tax. We do not provide any executive officer, including any NEO, with a “gross-up” or other reimbursement payment for any tax liability that he or she might owe as a result of the application of Sections 280G or 4999.

Accounting for Share-Based Compensation. We follow Financial Accounting Standard Board Accounting Standards Codification Topic 718 (“ASC Topic 718”) for our share-based compensation awards. ASC Topic 718 requires companies to measure the compensation expense for all share-based payment awards made to employees and directors, including stock options and restricted stock units, based on the grant date “fair value” of these awards. This calculation is performed for accounting purposes and reported in the compensation tables below, even though our executive officers may never realize any value from their awards. ASC Topic 718 also requires companies to recognize the compensation cost of their share-based compensation awards in their income statements over the period that an executive officer is required to render service in exchange for the option or other award.

Option Exercises

The following table summarizes the stock options exercised during the year ended December 31, 2016, and the value realized upon exercise by our NEOs. Our NEOs did not have any restricted stock units that vested during the year ended December 31, 2016.

Name	Option Awards	
	Number of Shares Acquired on Exercise (#)	Value Realized Upon Exercise (\$)(1)
Rami Elghandour	24,000	1,624,189
Andrew H. Galligan	60,500	3,697,753
Michael DeMane	179,514	14,303,695

(1) The value realized equals the excess of the market price of our common stock at exercise over the option exercise price, multiplied by the number of shares for which the option was exercised.

Potential Payments Upon Termination or Change in Control

In 2016, we were party to an employment agreement with Mr. DeMane (the "DeMane Agreement"), as amended by a letter agreement, an employment agreement with Mr. Elghandour (the "Elghandour Agreement") and change in control severance agreements with each of our other NEOs (the "CIC Severance Agreements"), each of which provided for severance benefits and payments upon certain terminations without cause or resignations for good reason, both outside of a change in control and in connection with a change in control.

Under the DeMane Agreement, in the event Mr. DeMane's employment is terminated by us other than for "cause" or as a result of Mr. DeMane resigning for "good reason" (each, as defined in the DeMane Agreement), then Mr. DeMane will receive (i) a severance payment equal to 12 months of Mr. DeMane's base salary, payable in a cash lump sum, and (ii) payment or reimbursement by us of COBRA premiums for up to 12 months. In the event Mr. DeMane's employment is terminated within the period commencing three months prior to and ending 12 months following a change of control, by us other than for cause or as a result of Mr. DeMane resigning for good reason, then in lieu of the foregoing severance benefits, Mr. DeMane will receive (i) a severance payment equal to the sum of (a) two times Mr. DeMane's annual base salary and (b) two times Mr. DeMane's annual target bonus, payable in cash lump sum, (ii) payment or reimbursement by us of COBRA premiums for up to 24 months, and (iii) 100% of Mr. DeMane's then-unvested options and other equity awards will immediately vest and, if applicable, become exercisable. Mr. DeMane's severance benefits are contingent on Mr. DeMane providing a general release of claims against us. However, pursuant to the terms of the letter agreement with Mr. DeMane that set forth the terms of Mr. DeMane's transition from our Chairman and Chief Executive Officer to our Executive Chairman, Mr. DeMane was not eligible

to receive any of the foregoing severance benefits in the event of a termination of his employment between November 30, 2016 and May 30, 2017.

Pursuant to the Elghandour Agreement, which we entered into in connection with Mr. Elghandour's appointment as our President and Chief Executive Officer, Mr. Elghandour is eligible for the same severance benefits as those set forth in the original DeMane Agreement. The Elghandour Agreement superseded the terms of his CIC Severance Agreement (as defined below).

Pursuant to the terms of the CIC Severance Agreements with our other NEOs, as in effect at the beginning of 2016, in the event the executive's employment is terminated by us other than for "cause" or the executive experiences a "constructive termination" (each, as defined in the CIC Severance Agreements and hereinafter, a qualifying termination), then the executive will receive as severance six months of base salary in a single cash lump sum payment and six months of COBRA reimbursement; provided, that if the termination or resignation occurs within the period commencing three months prior to a change in control and ending 24 months after a change in control, the severance will consist of 12 months of base salary paid in a single cash lump sum, 100% of the executive's target bonus paid in a single cash lump sum, 12 months of COBRA reimbursement and full vesting acceleration for each stock option and other equity award held by the executive. The executive must timely deliver an effective release of claims to us in order to be eligible for the foregoing severance benefits.

In May 2016, our Compensation Committee approved the entry into amended and restated CIC Severance Agreements (the “Amended CIC Severance Agreements”), which provide that, in the event of a qualifying termination that occurs within the period commencing three months prior to and ending 24 months after a change in control, each NEO would be eligible to receive the sum of 18 months of base salary and 1.5 times the NEO’s target annual bonus, payable in a lump sum, 18 months of COBRA reimbursement and full vesting acceleration for each stock option and other equity award held by the NEO. The severance benefits payable in the event of a qualifying termination outside of a change in control remain unchanged under the Amended CIC Severance Agreements.

Each of the foregoing agreements provide for a parachute payment “best pay” provision, under which payments and benefits will either be made to the executive in full or as to such lesser amount as which would result in no portion of the payments and benefits being subject to an excise tax under Section 280G of the Code, whichever of the foregoing amounts is greater on an after-tax basis.

The following table shows the payments and benefits that would be made to our NEOs assuming a qualifying termination or a qualifying termination following a change in control occurred on December 31, 2016. Pursuant to the DeMane Agreement, as amended, Mr. DeMane would not have been entitled to any severance payments or benefits upon a qualifying termination as of December 31, 2016.

(1) With respect to options, the value of equity acceleration was calculated by (i) multiplying the number of accelerated shares of common stock underlying the unvested, in-the-money options by \$72.66, the closing stock price of our common stock on December 30, 2016, the last trading day of fiscal 2016 and (ii) subtracting the exercise price for the unvested stock options. With respect to RSUs, the value of equity acceleration was calculated by multiplying the number of accelerated RSUs by \$72.66, the closing stock price of our common stock on December 30, 2016, the last trading day of fiscal 2016.

(2) Amounts shown are the maximum potential payment the NEO would have received as of December 31, 2016. Amounts of any reduction pursuant to the parachute payment best pay provision, if any, would be calculated upon actual termination of employment.

Compensation Risk Assessment

Consistent with the SEC's disclosure requirements, we have assessed our compensation programs for all employees. We have concluded that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on us. Management has evaluated our executive and employee compensation and benefits programs to determine if these programs' provisions and operations create undesired or unintentional risk of a material nature. The risk assessment process includes a review of program policies and practices; analysis to identify risks and risk controls related to our compensation programs; and determinations as to the sufficiency of risk identification, the balance of potential risk to potential reward, the effectiveness of our risk controls and the impacts of our compensation programs and their risks to our strategy. Although we periodically review all compensation programs, we focus on the programs with variability of payout, with the ability of a participant to directly affect payout and the controls on participant action and payout. In relation to this, we believe that our incentive compensation arrangements provide

38

incentives that do not encourage risk taking beyond our ability to effectively identify and manage significant risks and are compatible with effective internal controls and our risk management practices.

The Compensation Committee monitors our compensation programs on an annual basis and expects to make modifications as necessary to address any changes in our business or risk profile.

ADDITIONAL INFORMATION

Householding of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

Brokers with account holders who are Nevro stockholders may be "householding" our proxy materials. A single proxy statement may be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that it will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you notify your broker or the Company that you no longer wish to participate in "householding."

If, at any time, you no longer wish to participate in "householding" and would prefer to receive a separate proxy statement and annual report, you may (1) notify your broker, (2) direct your written request to: 1800 Bridge Parkway, Redwood City, California 94065 or (3) contact our Investor Relations manager, Katherine Bock, by telephone at (650) 433-3247. Stockholders who currently receive multiple copies of this Proxy Statement at their address and would like to request "householding" of their communications should contact their broker. In addition, the Company will promptly deliver, upon written or oral request to the address or telephone number above, a separate copy of the Form 10-K, Proxy Statement, Proxy Card or Notice of Internet Availability of Proxy Materials to a stockholder at a shared address to which a single copy of the documents was delivered.

Other Matters

As of the date of this Proxy Statement, the Board does not intend to present any matters other than those described herein at the Annual Meeting and is unaware of any matters to be presented by other parties. If other matters are properly brought before the Annual Meeting for action by the stockholders, proxies will be voted in accordance with the recommendation of the Board or, in the absence of such a recommendation, in the discretion of the proxy holder.

We have filed our Annual Report on Form 10-K for the fiscal year ended December 31, 2016 with the SEC. It is available free of charge at the SEC's web site at www.sec.gov. Upon written request by a Nevro stockholder, we will mail without charge a copy of our Annual Report on Form 10-K, including the financial statements and financial

statement schedules, but excluding exhibits to the Annual Report on Form 10-K. Exhibits to the Annual Report on Form 10-K are available upon payment of a reasonable fee, which is limited to our expenses in furnishing the requested exhibit. All requests should be directed to the Corporate Secretary, 1800 Bridge Parkway, Redwood City, California 94065.
