NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

Triumph Bancorp, Inc. (collectively with its subsidiaries, “Triumph”, or the “Company” as applicable) is a financial holding company headquartered in Dallas, Texas. The accompanying consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries Triumph Capital Advisors, LLC (“TCA”), Triumph CRA Holdings, LLC (“TCRA”), TBK Bank, SSB (“TBK Bank”), TBK Bank’s wholly owned subsidiary Advance Business Capital LLC, which currently operates under the d/b/a of Triumph Business Capital (“TBC”), and TBK Bank’s wholly owned subsidiary Triumph Insurance Group, Inc. (“TIG”).

TBK Bank also does business under the following names: (i) Triumph Community Bank (“TCB”) with respect to its community banking business in certain markets; (ii) Triumph Commercial Finance (“TCF”) with respect to its asset based lending, equipment lending and general factoring commercial finance products; (iii) Triumph Healthcare Finance (“THF”) with respect to its healthcare asset based lending business; and (iv) Triumph Premium Finance (“TPF”) with respect to its insurance premium financing business.

On March 31, 2017 the Company sold its membership interests in TCA. See Note 2 – Business Combinations and Divestitures for details of the TCA sale and its impact on our consolidated financial statements.

Principles of Consolidation and Basis of Presentation

The accompanying unaudited condensed consolidated financial statements of the Company have been prepared in accordance with United States Generally Accepted Accounting Principles (“GAAP”) for interim financial information and in accordance with guidance provided by the Securities and Exchange Commission. Accordingly, the condensed financial statements do not include all of the information and footnotes required by GAAP for complete financial statements. The preparation of consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. Actual results could differ from those estimates.

In the opinion of management, the accompanying unaudited condensed consolidated financial statements reflect all normal and recurring adjustments considered necessary for a fair presentation. Transactions between the subsidiaries have been eliminated. These condensed consolidated financial statements should be read in conjunction with the Company’s Annual Report on Form 10-K for the year ended December 31, 2016. Operating results for the three months ended March 31, 2017 are not necessarily indicative of the results that may be expected for the year ending December 31, 2017.

The Company has four reportable segments consisting of Banking, Factoring, Asset Management, and Corporate. The Company’s Chief Executive Officer uses segment results to make operating and strategic decisions. On March 31, 2017 the Company sold its membership interests in TCA, which comprised the entirety of the Asset Management segment’s operations. See Note 2 – Business Combinations and Divestitures for details of the TCA sale and its impact

on our consolidated financial statements.

Adoption of New Accounting Standards

In March 2016, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2016-09, “Compensation – Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting” (“ASU 2016-09”). The FASB issued this ASU to improve the accounting for share-based payments. ASU 2016-09 simplifies several aspects of the accounting for share-based payment award transactions, including: the presentation of income tax consequences, classification of awards as either equity or liabilities, classification on the statement of cash flows, and calculation of diluted earnings per share. The new standard was effective for the Company on January 1, 2017. Adoption of ASU 2016-09 did not have a material impact on the Company’s consolidated financial statements.

In March 2017, the FASB issued ASU 2017-08, “Receivables – Nonrefundable Fees and Other Costs (Subtopic 310-20), Premium Amortization on Purchased Callable Debt Securities” (“ASU 2017-08”). These amendments shorten the amortization period for certain callable debt securities held at a premium. Specifically, the amendments require the premium to be amortized to the earliest call date. The amendments do not require an accounting change for securities held at a discount; the discount continues to be amortized to maturity. The guidance is effective for public business entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2018. As permitted by the amendment, the Company elected to early adopt the provisions of this ASU as of January 1, 2017. Adoption of ASU 2017-08 did not have a material impact on the Company’s consolidated financial statements.

TRIUMPH BANCORP, INC. AND SUBSIDIARIES

CONDENSED NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

Newly Issued, But Not Yet Effective Accounting Standards

In May 2014, the FASB issued ASU 2014-09, “Revenue from Contracts with Customers” (“ASU 2014-09”), which requires an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. The ASU will replace most existing revenue recognition guidance in GAAP when it becomes effective. The new standard is effective for the Company on January 1, 2018. The standard permits the use of either the retrospective or cumulative effect transition method. The Company is evaluating the full effect that ASU 2014-09 will have on its consolidated financial statements and related disclosures, however, adoption of the ASU is not expected to have a significant impact. The Company’s primary sources of revenues are derived from interest and dividends earned on loans, investment securities, and other financial instruments that are not within the scope of ASU 2014-09.

In January 2016, the FASB issued ASU No. 2016-01, “Financial Instruments – Overall: Recognition and Measurement of Financial Assets and Financial Liabilities” (“ASU 2016-01”). The guidance affects the accounting for equity investments, financial liabilities under the fair value option and the presentation and disclosure requirements of financial instruments. ASU 2016-01 will be effective for the Company on January 1, 2018 and is not expected to have a significant impact on our consolidated financial statements and related disclosures.

In February 2016, the FASB issued ASU 2016-02, “Leases (Topic 842)” (“ASU 2016-02”). The FASB issued this ASU to increase transparency and comparability among organizations by recognizing lease assets and lease liabilities on the balance sheet by lessees for those leases classified as operating leases under current U.S. GAAP and disclosing key information about leasing arrangements. The amendments in this ASU are effective for annual periods, and interim periods within those annual periods, beginning after December 15, 2018. Early application of this ASU is permitted for all entities. Adoption of ASU 2016-02 is not expected to have a material impact on the Company’s consolidated financial statements. The Company leases certain properties and equipment under operating leases that will result in the recognition of lease assets and lease liabilities on the Company’s balance sheet under the ASU, however, the majority of the Company’s properties and equipment are owned, not leased.

In June 2016, the FASB issued ASU 2016-13, “Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments” (“ASU 2016-13”). Among other things, ASU 2016-13 requires the measurement of all expected credit losses for financial assets held at the reporting date based on historical experience, current conditions, and reasonable and supportable forecasts. Financial institutions and other organizations will now use forward-looking information to form their credit loss estimates. Many of the loss estimation techniques applied today will still be permitted, although the inputs to those techniques will change to reflect the full amount of expected credit losses. In addition, ASU 2016-13 amends the accounting for credit losses on debt securities and purchased financial assets with credit deterioration. The amendments in ASU 2016-13 are effective for fiscal years beginning after December 31, 2019, and interim periods within those years for public business entities that are SEC filers. Early adoption is permitted for fiscal years, and interim periods within those years, beginning after December 15, 2018. The Company is currently assessing the impact that the adoption of this standard will have on the financial condition and results of operations of the Company.

NOTE 2 – Business combinations AND DIVESTITURES

Triumph Capital Advisors, LLC

On March 31, 2017, the Company sold its wholly owned asset management subsidiary, Triumph Capital Advisors, LLC, to an unrelated third party. The transaction was completed to enhance shareholder value and provide a platform for TCA to operate without the impact of regulations intended for depository institutions.

A summary of the consideration received and the gain on sale is as follows:

(Dollars in thousands)	
Consideration received (fair value):	
Cash	\$ 10,554
Loan receivable	10,500
Revenue share	1,623
Total consideration received	22,677
Carrying value of TCA membership interest	1,417
Gain on sale of subsidiary	21,260
Transaction costs	400
Gain on sale of subsidiary, net of transaction costs	\$ 20,860

The Company financed a portion of the consideration received with a \$10,500,000 term credit facility. Terms of the floating rate credit facility provide for quarterly principal and interest payments with an interest rate floor of 5.50%, maturing on March 31, 2023. The Company received a \$25,000 origination fee associated with the term credit facility that was deferred and will be accreted over the contractual life of the loan as a yield adjustment.

In addition, the Company is entitled to receive an annual earn-out payment representing 3% of TCA's future annual gross revenue, with a total maximum earn-out amount of \$2,500,000. The revenue share earn-out is considered contingent consideration which the Company elected to record as an asset at its estimated fair value of \$1,623,000 on the date of sale.

The Company incurred pre-tax expenses related to the transaction, including professional fees and other direct transaction costs, totaling \$400,000 which were netted against the gain on sale of subsidiary in the consolidated statements of income during the three months ended March 31, 2017.

Southern Transportation Insurance Agency

On September 1, 2016, the Company acquired Southern Transportation Insurance Agency, Ltd. in an all-cash transaction for \$2,150,000. The purpose of the acquisition was to expand the Company's product offerings for clients in the transportation industry. The Company recognized an intangible asset of \$1,580,000 and goodwill of \$570,000, which were allocated to the Company's Banking segment. Goodwill resulted from expected enhanced product offerings and will be amortized for tax purposes.

ColoEast Bankshares, Inc.

On August 1, 2016, the Company acquired 100% of the outstanding common stock of ColoEast Bankshares, Inc. (“ColoEast”) and its community banking subsidiary, Colorado East Bank & Trust, in an all-cash transaction for \$70,000,000. The Company also assumed \$10,500,000 of ColoEast preferred stock issued in conjunction with the U.S. Government’s Treasury Asset Relief Program (“TARP Preferred Stock”). Colorado East Bank & Trust, which was merged into TBK Bank upon closing, offers personal checking, savings, CD, money market, HSA, IRA, NOW and business accounts, as well as commercial and consumer loans from 18 branches and one loan production office located throughout Colorado and far western Kansas. The acquisition expands the Company’s market into Colorado and Kansas and further diversifies the Company’s loan, customer, and deposit base.

Consideration transferred	80,500	—	80,500
Goodwill	\$ 12,059	\$ 213	\$ 12,272

The consideration was comprised of a combination of cash and the assumption of ColoEast's TARP Preferred Stock. The Company recognized goodwill of \$12,272,000, which included measurement period adjustments related to the final valuation of other real estate owned acquired in the transaction and the finalization of income taxes associated with the transaction. Goodwill was calculated as the excess of both the consideration exchanged and liabilities assumed as compared to the fair value of identifiable net assets acquired and was allocated to the Company's Banking segment. The goodwill in this acquisition resulted from expected synergies and expansion into the Colorado and Kansas markets. The goodwill will not be amortized for tax purposes.

The TARP Preferred Stock assumed in the acquisition was redeemed by the Company at par on August 31, 2016.

In connection with the ColoEast acquisition, the Company acquired loans both with and without evidence of credit quality deterioration since origination. The acquired loans were initially recorded at fair value with no carryover of

any allowance for loan losses. Acquired loans were segregated between those considered to be purchased credit impaired (“PCI”) loans and those without credit impairment at acquisition. The following table presents details on acquired loans at the acquisition date:

Management evaluates securities for other than temporary impairment at least on a quarterly basis, and more frequently when economic or market concerns warrant such evaluation. Consideration is given to (1) the length of time and the extent to which the fair value has been less than cost, (2) the financial condition and near-term prospects of the issuer, and (3) the intent and ability of the Company to retain its investment in the security for a period of time sufficient to allow for any anticipated recovery in fair value.

At March 31, 2017, the Company had 91 securities in an unrealized loss position. Management does not have the intent to sell any of these securities and believes that it is more likely than not that the Company will not have to sell any such securities before a recovery of cost. The fair value is expected to recover as the securities approach their maturity date or repricing date or if market yields for such investments decline. Management does not believe that any of the securities are impaired due to reasons of credit quality. Accordingly, as of March 31, 2017, management believes that the unrealized losses detailed in the previous table are temporary and no other than temporary impairment loss has been recognized in the Company's consolidated statements of income.

NOTE 4 - LOANS AND ALLOWANCE FOR LOAN AND LEASE LOSSES

Allowance for loan and lease losses	(19,093)			(15,405)		
	\$2,016,143			\$2,012,219		

The difference between the recorded investment and the unpaid principal is primarily associated with (1) premiums and discounts associated with acquisition date fair value adjustments on acquired loans (both PCI and non-PCI) totaling \$14,072,000 and \$15,210,000 at March 31, 2017 and December 31, 2016, respectively, and (2) net deferred origination and factoring fees totaling \$3,006,000 and \$2,772,000 at March 31, 2017 and December 31, 2016, respectively.

At March 31, 2017 and December 31, 2016, the Company had \$23,573,000 and \$23,597,000, respectively, of customer reserves associated with factored receivables. These amounts represent customer reserves held to settle any

payment disputes or collection shortfalls, may be used to pay customers' obligations to various third parties as directed by the customer, are periodically released to or withdrawn by customers, and are reported as deposits in the consolidated balance sheets.

Loans with carrying amounts of \$450,654,000 and \$497,573,000 at March 31, 2017 and December 31, 2016, respectively, were pledged to secure Federal Home Loan Bank borrowing capacity.

During the three months ended March 31, 2017 and 2016, loans with carrying amounts of \$1,965,000 and \$2,881,000, respectively, were transferred to loans held for sale as the Company made the decision to sell the loans. These loans were subsequently sold resulting in proceeds of \$1,919,000 and \$2,805,000, respectively, and losses on sale of loans of \$46,000 and \$76,000, respectively, which were recorded as other noninterest income in the consolidated statements of income.

Credit Quality Information

The Company categorizes loans into risk categories based on relevant information about the ability of borrowers to service their debt, including: current collateral and financial information, historical payment experience, credit documentation, public information, and current economic trends, among other factors. The Company analyzes loans individually by classifying the loans as to credit risk. This analysis includes every loan and is performed on a regular basis. Large groups of smaller balance homogeneous loans, such as consumer loans, are analyzed primarily based on payment status. The Company uses the following definitions for risk ratings:

Pass:

Loans classified as pass are loans with low to average risk and not otherwise classified as substandard or doubtful.

Substandard:

Loans classified as substandard are inadequately protected by the current net worth and paying capacity of the obligor or of the collateral pledged, if any. Loans so classified have a well-defined weakness or weaknesses that jeopardize the repayment of the debt. They are characterized by the distinct possibility that the institution will sustain some loss if the deficiencies are not corrected.

Doubtful:

Loans classified as doubtful have all the weaknesses inherent in those classified as substandard, with the added characteristic that the weaknesses make collection or liquidation in full, on the basis of currently existing facts, conditions and values, highly questionable and improbable.

PCI:

At acquisition, PCI loans had the characteristics of substandard loans and it was probable, at acquisition, that all contractually required principal and interest payments would not be collected. The Company evaluates these loans on a projected cash flow basis with this evaluation performed quarterly.

As of March 31, 2017 and December 31, 2016, based on the most recent analysis performed, the risk category of loans is as follows:
