8.01 Other Events.**

The News Release, including financial schedules, is attached as Exhibit 99.2 to this Current Report on Form 8-K and is incorporated herein by reference.

The presentation of the Registrant’s financial results includes operating earnings measures, which are measures of performance determined by methods other than in accordance with generally accepted accounting principles, or GAAP. Management included non-GAAP operating earnings measures because it believes they are useful for evaluating the Registrant’s operations and performance over periods of time, and uses operating earnings measures in managing and evaluating the Registrant’s business and intends to refer to them in discussions about the Registrant’s operations and performance. Operating earnings measures exclude merger-related and other infrequent or unusual charges. Operating measures are useful in evaluating the underlying earnings performance trends of the Registrant. Management believes these non-GAAP performance measures may provide users of the Registrant’s financial information with a meaningful measure for assessing the Registrant’s financial results and comparing those financial results to prior periods.

Operating earnings measures should be viewed in addition to, and not as an alternative to or substitute for, the Registrant’s performance measures determined in accordance with GAAP, and are not necessarily comparable to non-GAAP performance measures that may be presented by other companies.
