Report of Independent Registered Public Accounting Firm

The Board of Directors
CenturyTel, Inc.:

We have audited the accompanying statements of net assets available for benefits of CenturyTel, Inc. Union Retirement Savings Plan and Trust as of December 31, 2005 and 2004, and the related statement of changes in net assets available for benefits for the year ended December 31, 2005. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of CenturyTel, Inc. Union Retirement Savings Plan and Trust as of December 31, 2005 and 2004, and the changes in net assets available for benefits for the year ended December 31, 2005 in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Notes to Financial Statements
December 31, 2005 and 2004

**(1) SUMMARY OF SIGNIFICANT
ACCOUNTING POLICIES AND
PROVISIONS OF THE PLAN**

Basis of Presentation

The CenturyTel, Inc. Union Retirement Savings Plan and Trust (the Plan) was established on April 1, 1992. The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting and present the net assets available for benefits as of December 31, 2005 and 2004 and changes in net assets available for benefits for the year ended December 31, 2005. The Plan has made estimates in preparing the accompanying financial statements in accordance with U.S. generally accepted accounting principles. Actual results could differ from those estimates.

The assets of the Plan are invested by the Trustee in various investment programs (funds) which are described in Note 2.

The following description of the Plan provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

Participation

Participation in the Plan is available to each employee whose compensation and conditions of employment are covered by a collective bargaining agreement between the Communications Workers of America, Local 4370 and CenturyTel of Ohio, Inc. The Plan sponsor is CenturyTel, Inc. (the Company), the parent company of CenturyTel of Ohio, Inc.

In order to participate in the Plan, an employee must execute a Salary Deferral Agreement with the Company. In the Salary Deferral Agreement, which is executed either on-line or by telephone, an employee agrees to a deferral of between one percent and twenty-five percent of his base pay; however, the total amount contributed to the Plan cannot exceed \$14,000 for 2005 (as adjusted from year to year in accordance with Federal Law). The percentage of compensation a participant elects to defer applies to the participant's base pay not in excess of \$210,000 for 2005 (as adjusted in accordance with Federal Law) excluding severance pay, disability pay, reimbursements or other expense allowances, fringe benefits, moving expenses, deferred compensation, and welfare benefits. The amount of compensation deferred by each participant is credited to an account (Elective Deferral Account) maintained for each participant by the Trustee.

Participants age 50 years or older are allowed to make an additional contribution to the Plan each year in excess of the otherwise prescribed limits. The amount of the allowable additional contribution for a participant in 2005 was \$4,000; this amount will increase by \$1,000 to a maximum of \$5,000 in 2006 (which will thereafter be adjusted annually).

An employee is permitted to transfer to the Plan as a contribution his interest in another plan qualified under Section 401(k) of the Internal Revenue Code, as amended (the Code). Such contribution must qualify as a "rollover" contribution described in Section 402(c) or 408(d)(3) of the Code. Such a rollover will be credited to a rollover account on behalf of the participant (the Rollover/Transfer Account).

As of the end of each payroll period, the Company contributes to an account (Employer Match Account) for each participant a contribution equal to 55% of each such participant's contribution during such payroll period; however, this matching contribution applies only to the first 6% of such participant's base compensation contributed to the Plan by the employee. The Board of Directors of the Company may, at its discretion, elect at the end of each year to contribute an additional amount to participants' accounts (Additional Match Account). During 2005, the Company contributed \$180,874 to the Plan, all of which related to contributions made to the Employer Match Account.

The interest of a participant in his Elective Deferral Account and his Rollover/Transfer Account is fully vested and non-forfeitable at all times. The interest of a participant in his Employer Match Account and the Additional Match Account become fully vested after three years of service. A participant with less than three years of service has no vested interest in these accounts.

Reports to Participants

Participants are furnished with quarterly statements which set forth the status of their accounts in the Plan.

Forfeitures

A participant's non-vested account balances shall be forfeited as of the date upon which the participant's employment has terminated with the Company. Forfeiture amounts may be utilized first to satisfy any restorations for the year. Then any remaining forfeitures shall be utilized to reduce Company contributions.

Distributions

If the employment of a participant with the employer ceases because of death, retirement, disability, termination of employment or for any other reason, the participant's vested interest in the Plan may be distributed to him or to his beneficiary in a lump sum or in periodic installments. If the participant dies without designating a beneficiary, his beneficiary shall be, in the order listed, (i) his spouse, (ii) his children, or (iii) his estate.

Withdrawals

Prior to September 1, 2000, participants were allowed to make voluntary after-tax contributions to the Plan. A participant who is an employee may make withdrawals from his after-tax investment account and may withdraw the entire balance.

A participant who is an employee and over age 59 1/2 may make withdrawals from his vested investment accounts prior to normal distribution requirements being met. A participant may make withdrawals from his Rollover/Transfer Account at any time. In addition, a hardship withdrawal may be made from an Elective Deferral Account, the vested interest in an Employer Match Account, or the vested interest in an Additional Match Account only as a result of financial hardship related to unreimbursable educational expenses, medical expenses which are not reimbursable by insurance, the need to pay for the funeral expenses of a family member, the prevention of eviction or foreclosure from the participant's principal residence, or for the purchase of the participant's principal residence. The determination of the existence of a financial hardship and the amount required to be distributed to meet the need created by the hardship shall be made uniformly and without discrimination at the sole discretion of the Plan administrator.

Loans to Participants

The Plan has a provision whereby a participant can borrow from his Elective Deferral Account or Rollover/Transfer Account. The maximum loan is \$50,000 reduced by the excess, if any, of the highest outstanding loan balance during the previous year over the outstanding balance on the date of the new loan or 50% of the vested account balance. The

loans are repaid through payroll deductions and the interest rate is the prime rate published in the Wall Street Journal on the last day of the previous quarter plus 1%. The loan repayment period may not exceed five years except for loans for the purchase of the participant's principal residence which may be for any period not to exceed fifteen years.

Trustee

The Trustee of the Plan, as of December 31, 2005, was T. Rowe Price Trust Company (T. Rowe Price). The Board of Directors of the Company may remove the Trustee and appoint a successor trustee. The Company and the Trustee have entered into a Trust Agreement which provides for the establishment of a Trust for the purpose of holding and investing the contributions to the Trust pursuant to the provisions of the Plan.

Administration

The Company has appointed a committee to administer the Plan. The individuals who administer the Plan serve at the discretion of the Board of Directors of the Company and may be removed by the Board of Directors at any time. The administrative costs of the Plan are paid by the Company.

Investment Valuation and Income Recognition

Investments in CenturyTel, Inc. Common Stock (CenturyTel Common Stock) are valued at the closing market price on December 31, 2005 and 2004, respectively. Other investments in the funds, which consist primarily of shares of mutual funds, are valued by the Trustee based on the market value at year-end of the underlying assets of each fund. Purchases and sales of securities are recorded on a trade date basis. Loans to participants are valued at principal amount outstanding which approximates market value. Interest income is recorded on the accrual basis.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to change, suspend or terminate the Plan at any time, subject to the provisions set forth in the Employee Retirement Income Security Act of 1974. However, the Company is required to comply with all relevant provisions of the applicable labor agreement.
