Item 2.05. Costs Associated With Exit or Disposal Activities.

Ford Motor Company Brasil Ltda. (“Ford Brazil”), a subsidiary of Ford Motor Company (the “Company”), announced today its plan of February 15, 2019 to exit the commercial heavy truck business in South America. As a result, Ford Brazil will cease production at the São Bernardo do Campo plant in Brazil during 2019, ending sales in South America of the Cargo heavy truck lineup, F-4000, and F-350, as well as Fiesta cars. In connection with this announcement, the Company currently expects to record pre-tax special item charges of about \$460 million. The charges will include approximately \$100 million of non-cash charges for accelerated depreciation and amortization. The remaining charges of about \$360 million will be paid in cash and are primarily attributable to separation and termination payments for employees, dealers, and suppliers. Most of these pre-tax special item charges and cash outflows will be recorded in 2019.
