FORM 10-Q

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

1. CONSOLIDATED FINANCIAL STATEMENTS - BASIS OF PRESENTATION

The consolidated balance sheets at December 29, 2002 and June 30, 2002, the related consolidated statements of operations for the three and six months ended December 29, 2002 and December 30, 2001 and the consolidated statements of cash flows for the six months ended December 29, 2002 and December 30, 2001, have been prepared by LaBarge, Inc. (the "Company") without audit. In the opinion of management, adjustments, all of a normal and recurring nature, necessary to present fairly the financial position and the results of operations and cash flows for the aforementioned periods, have been made. Certain prior year amounts have been reclassified to conform with the current year's presentation.

Certain information and footnote disclosures normally included in consolidated financial statements prepared in conformity with generally accepted accounting principles have been condensed or omitted. These consolidated financial statements should be read in conjunction with the audited financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2002.

2. GROSS AND NET SALES

Gross and net sales consist of the following:
(dollars in thousands)

Edgar Filing: LABARGE INC - Form 10-Q

	Three Months Ended		Six Months Ended		
	December 29, 2002	December 30, 2001	December 29, 2002	December 30, 2001	
Gross sales	\$24,697	\$31,209	\$48,069	\$63,295	
Less sales discounts		292	428	522	1,438
Net sales	\$24,405	\$30,781	\$47,547	\$61,857	
	=====	=====	=====	=====	

The Company accepts sales discounts from a number of customers in the normal course of business.

3. ACCOUNTS AND OTHER RECEIVABLES

Accounts and other receivables consist of the following:
(dollars in thousands)

	December 29, 2002	June 30, 2002
Billed shipments, net of progress payments	\$13,236	\$15,347
Less allowance for doubtful accounts	158	114
Trade receivables, net	13,078	15,233
Other current receivables	1,098	1,450
Total	\$14,176	\$16,683
	=====	=====

Progress payments are payments from customers in accordance with contractual terms for contract costs incurred to date. Such payments are credited to the customer at the time of shipment.

At December 29, 2002 and June 30, 2002, other current receivables include \$510,000 and \$318,000 of customer payments, expected to be received as settlement for a prior claim for material under a long-term contract.

At December 29, 2002, the amounts due from the three largest accounts receivable debtors and the percentage of total accounts receivable those amounts represented were \$2.0 million (14.1%), \$1.8 million (12.7%) and \$1.6 million (11.3%), respectively. This compares with \$3.3 million (19.7%), \$2.0 million (12.0%) and \$1.6 million (9.6%) at June 30, 2002, respectively. The Company does not believe that concentration of accounts receivable is a significant credit risk due to the financial strength of the account debtors and collection experience. See "Results of Operations," under "Management's Discussion and Analysis."

4. INVENTORIES

Inventories consist of the following:

Total intangible assets, net	\$ 769	\$ 801
=====	=====	=====

The Company adopted the provisions of Statement 142, "Goodwill and Other Intangible Assets," in the first quarter ended September 30, 2001. Goodwill amortization expense was \$0 for the three and six months ended December 29, 2002 and December 30, 2001, respectively. The net present value of the cash flow of the operation to which the goodwill relates generates sufficient cash flow to substantiate there is no impairment to the value of goodwill.

Software amortization expense was \$71,000 and \$45,000 for the three months ended December 29, 2002 and December 30, 2001, respectively. Software amortization expense was \$140,000 and \$84,000 for the six months ended December 29, 2002 and December 30, 2001, respectively. Software is amortized over a three-year period.

Edgar Filing: LABARGE INC - Form 10-Q

=====
The average interest rate was computed by dividing the sum of daily interest costs by the sum of the daily borrowings for the respective periods.

Senior Lender:

The Company has a senior, secured loan agreement with a bank.

The following is a summary of the agreement:

* A revolving credit facility up to \$15.0 million, secured by substantially all the assets of the Company other than real estate, based on a borrowing base formula equal to the sum of 80% of eligible receivables and 40% of eligible inventories, less outstanding letters of credit. As of December 29, 2002, the maximum allowable was \$10.9 million, net of letters of credit outstanding of \$4.1 million. The revolver borrowing at December 29, 2002 was \$0. Unused revolving credit available at December 29, 2002 was \$10.9 million. This credit facility matures on September 30, 2004.

* A \$6.4 million term loan secured by the Company's headquarters building in St. Louis, Missouri. The loan payment schedule is based on a 25-year amortization and began in December 2002 with a final balloon payment due in October 2009. The balance at December 29, 2002 was \$6.3 million.

* Interest on the loans is at a percentage of prime or a stated rate over LIBOR based on certain ratios. For the period, the average rate was approximately 3.38%.

* Covenants and performance criteria consist of Earnings Before Interest, Taxes, Depreciation and Amortization ("EBITDA") in relation to debt, EBITDA in relation to interest, minimum levels of EBITDA and tangible net worth. The Company is in compliance with its borrowing agreement covenants as of December 29, 2002.

Subordinated Convertible Notes:

In March 1999, the Company, through its subsidiary LaBarge-OCS, Inc., issued its Subordinated Convertible Notes ("Notes") due June 2003 in the aggregate principal amount of \$5.6 million for the acquisition of OCS. The Notes bear interest at 7.5% per annum payable quarterly, and noteholders are entitled to participation payments if LaBarge-OCS, Inc., operating as the Network Technologies Group, achieves certain levels of net earnings. No participation payments were earned in the second quarter or first six months of fiscal 2003. The Notes are convertible by the holders into LaBarge, Inc. Common Stock at \$8.00 per share at any time up to their maturity date.

In December 2002, the Company offered to repay the subordinated notes at a 1% premium. In January 2003, \$1.3 million of the subordinated notes were tendered and repaid.

Other long-term debt:

Industrial Revenue Bonds:

In July 1998, the Company acquired tax-exempt Industrial Revenue Bond financing in the amount of \$1.3 million. The debt is payable over 10 years

Edgar Filing: LABARGE INC - Form 10-Q

with an interest rate of 5.28%. This funding was used to expand the Berryville, Arkansas facility. The outstanding balance at December 29, 2002 was \$861,000.

The remaining \$20,000 represents a long-term auto loan with a financial institution.

The loan is payable over five years with an interest rate of 0%.

To mitigate the exposure to changes in interest rates, the Company entered into an interest rate swap agreement. This agreement, designated as a cash flow hedge, swaps a portion of the Company's exposure to three-month LIBOR rates with a fixed rate of 5.95%. The notional amount of the agreement is \$3.5 million and it expires in June 2003. In accordance with SFAS 133, as amended by SFAS 138, the change in fair value of the swap amounting to approximately \$34,000 and \$51,000 for the three and six months ended December 29, 2002, respectively, was recorded to other comprehensive loss.

Other Long-Term Liabilities:

Other long-term liabilities consist of customer advances in the amount of \$2.3 million.

The aggregate maturities of long-term obligations are as follows:
(dollars in thousands)

Fiscal Year	
2003	\$5,754
2004	395
2005	403
2006	410
2007	418

8. DISCONTINUED OPERATIONS

On November 1, 2002, LaBarge, Inc. sold the railroad industry portion of its ScadaNET Network (Trade Mark) remote equipment monitoring business to GE Transportation Systems Global Signaling, LLC ("GETS Global Signaling"), Grain Valley, Missouri.

The sale is valued at approximately \$6.8 million, including \$5.3 million in cash and GETS Global Signaling's assumption of approximately \$1.5 million in certain liabilities. The \$5.3 million of cash includes \$795,000 held in an escrow account against any claims GETS Global Signaling has for breaches of representations and warranties. The unclaimed balance will be released in equal increments over the next three years on the anniversary date of the sale. LaBarge and GETS Global Signaling have entered into a manufacturing agreement under which LaBarge will continue to produce the ScadaNET hardware. The pricing and other terms of the manufacturing agreement were negotiated as an arms-length contract at market terms. Under a separate service agreement, LaBarge will also provide back-end network services to GETS Global Signaling through the earlier of June 2003 or such date as GETS Global Signaling integrates the service. The Company recognized a pre-tax gain of \$2.2 million and a book tax expense of (\$2.4 million), netting to a loss of \$212,000.

The Company has recorded a deferred tax asset of \$1.8 million related to the disposition of assets of the railroad business. Due to the uncertainty of realization of this asset, a reserve of \$1.8 million has also been established.

9. CASH FLOWS

Edgar Filing: LABARGE INC - Form 10-Q

Total cash payments for interest for the three and six months ended December 29, 2002 were \$317,000 and \$446,000, respectively, compared with \$237,000 and \$569,000, for the three and six months ended December 30, 2001, respectively. Cash receipts for federal and state income taxes were (\$56,000) and (\$738,000) for the three and six months ended December 29, 2002, respectively, compared with cash payments of \$880,000 and \$1.2 million for the three and six months ended December 30, 2001, respectively. The cash receipts represent a refund of overpayments of estimated taxes in prior periods.

10. EARNINGS PER COMMON SHARE

Basic and diluted earnings per share are computed as follows:

Basic earnings per share is calculated using the weighted average number of

Edgar Filing: LABARGE INC - Form 10-Q

common shares outstanding during the period. Diluted earnings per share is calculated using the weighted average number of common shares outstanding during the period plus shares issuable upon the assumed exercise of dilutive common share options by using the treasury stock method.

The number of shares used in the calculation of earnings per share for each period presented is as follows:

	Three Months Ended		Six Months Ended	
	December	December	December	December
	29,	30,	29,	30,
	2002	2001	2002	2001

Adjusted average common shares outstanding - Diluted	15,199	15,364	15,227	15,254
	=====	=====	=====	=====

Options to purchase 260,000 shares (at a per-share price of \$7.24 - \$3.03) and 178,000 shares (at a per-share price of \$7.24 - \$4.38) were outstanding during the three months ended December 29, 2002 and December 30, 2001, respectively. Options to purchase 183,000 shares (at a per-share price of \$7.24 - \$3.43) and 242,000 shares (at per-share prices of \$7.24 - \$3.43) were outstanding during the six months ended December 29, 2002 and December 30, 2001, respectively. These options amounts were not included in the respective computations of diluted earnings per share because the options' exercise price was greater than the average market price of the common shares. These options expire in various periods through 2011. In addition, there are 703,000 shares reserved for issuance upon conversion of the Company's Subordinated Convertible Notes, at a conversion price of \$8.00 per share, where not included because the conversion price was greater than the average market price of the common shares.

11. LITIGATION AND CONTINGENCIES

In June 2000, the Company entered into a contract with McDonnell Douglas Corporation ("MDC"), a wholly-owned subsidiary of The Boeing Company to supply aircraft wire harnesses. The Company has alleged that MDC supplied a defective bid package in its request for proposal. To date, attempts to negotiate a settlement of the claim arising from this defective bid package have not been successful. If a negotiated settlement is not reached, the Company anticipates filing an action in circuit court to seek an equitable adjustment.

Under the contract through December 29, 2002, the Company has delivered 126 sets of the wire harnesses with a sales value of \$3.0 million. Included in the Accounts Receivable balance at December 29, 2002 is \$510,000 representing a portion of the Company's claim against MDC on these shipments. Included in the Company's work-in-process balance at December 29, 2002 is \$150,000, which will not be recovered at the current contract price and will be added to the Company's claim, plus lost profits.

In addition, MDC has exercised options under the contract, for an additional 52 sets of wire harnesses with a sales value of \$1.2 million. Based on current cost estimates, the Company would have an additional claim of \$290,000, plus lost profits, on these units. Sales taken on this contract are being recognized at zero gross profit.

Edgar Filing: LABARGE INC - Form 10-Q

MDC has options to purchase up to 150 additional sets of wire harnesses per year through calendar year 2006. Management's estimate, based upon forecasted information from MDC, is that the potential additional sales are 248 sets through fiscal year 2006. If these additional orders are placed at the current contract price, the additional sales would total \$5.6 million and the Company would incur an additional loss of \$1.5 million which would be added to the claim, plus lost profits.

The Company has consulted with legal counsel, and believes that it will recover these contract costs.

Geographic Information

The Company has no sales offices or facilities outside of the United States. Sales for exports did not exceed 10% of total sales for the three months and six months ended December 29, 2002.

For the three and six months ended December 29, 2002, the Company's three largest customers were L-3 Communications, Schlumberger and Lockheed Martin.

LaBarge, Inc. ("LaBarge" or the "Company") is a Delaware Corporation. The Company is engaged in the following business activities:

The Company's electronics manufacturing services business has been its principal business since 1985. The Company designs, engineers and produces sophisticated electronic systems and devices, and complex interconnect systems on a contract basis for its customers.

The Company markets its services to companies in technology-driven industries desiring an engineering and manufacturing partner capable of developing and providing high-reliability electronic equipment, including products capable of

Edgar Filing: LABARGE INC - Form 10-Q

performing in harsh environmental conditions, such as high and low temperature, severe shock and vibration. Customers are served in a variety of markets with significant revenues from customers in the government systems, defense, aerospace, oil and gas, and other commercial markets. Engineering and manufacturing facilities are located in Arkansas, Missouri, Oklahoma and Texas.

The sales backlog increased to \$104.4 million at December 29, 2002, compared with \$98.0 million at December 30, 2001. The growth in backlog is the result of an improved and reorganized sales and marketing effort that concentrates on the Company's core competencies and the application of those competencies to targeted large customers in a variety of industries. The diversification of the Company's customer base helps to protect it from volatility in any one market segment.

SIGNIFICANT EVENTS

Recent significant events include:

* On November 1, 2002, LaBarge, Inc. sold the railroad industry portion of its ScadaNET Network (Trade Mark) remote equipment monitoring business to GE Transportation System Global Signaling, LLC ("GETS Global Signaling"), Grain Valley, Missouri.

* The sale is valued at approximately \$6.8 million, including \$5.3 million in cash and GETS Global Signaling's assumption of approximately \$1.5 million in certain liabilities. The \$5.3 million of cash includes \$795,000 held in an escrow account against any claims GETS Global Signaling has for breaches of representations and warranties. The unclaimed balance will be released in equal increments over the next three years on the anniversary date of the sale. LaBarge and GETS Global Signaling have entered into a manufacturing agreement under which LaBarge will continue to produce the ScadaNET hardware. The pricing and other terms of the manufacturing agreement were negotiated as an arms-length contract at market terms. Under a separate service agreement, LaBarge will also provide back-end network services to GETS Global Signaling through the earlier of June 2003 or such date as GETS Global Signaling integrates the service. The Company recognized a pre-tax gain of \$2.2 million and a book tax expense of (\$2.4 million), netting to a loss of \$212,000.

* As a result of the November 2002 sale of the railroad portion of the Company's ScadaNET Network (Trade Mark) business, the Network Technologies Group will no longer be reported as a segment, since the remaining business accounts for less than one-half percent of total sales. See Note 8, "Discontinued Operations," and "Significant Events," below.

* In July 2001, the Financial Accounting Standards Board ("FASB") issued Statement No. 142, "Goodwill and Other Intangible Assets." Statement 142 requires that goodwill and intangible assets with indefinite useful lives no longer be amortized, but instead tested for impairment at least annually in accordance with the provisions of Statement 142. Statement 142 will also require that intangible assets with definite useful lives be amortized over their respective estimated useful lives to their estimated residual

values, and

reviewed for impairment in accordance with SFAS No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of."

The Company has adopted the provisions of Statement 142 with the first fiscal quarter ended September 30, 2001. At that time, an independent appraisal of the value of the assets of the former Network Technologies Group of the Company was obtained. That independent appraisal indicated that the fair market value of the assets exceeded book value; therefore, there was no impairment at that date. As discussed above, a portion of these assets, including all the goodwill, was sold in November 2002 for a pretax gain of \$2.2 million.

RESULTS OF OPERATIONS - Three and Six Months Ended December 29, 2002

Net Sales

(dollars in thousands)

	Three Months Ended		Six Months Ended	
	December 29, 2002	December 30, 2001	December 29, 2002	December 30, 2001
Net sales	\$24,405	\$30,781	\$47,547	\$61,857
	=====	=====	=====	=====

For the fiscal 2003 second quarter ended December 29, 2002, net sales were \$24.4 million compared with \$30.8 million for the same period of fiscal 2002. Prior year sales included \$8.8 million of postal sorting equipment. This contract has been completed. Partially offsetting this was a \$4.0 million increase in sales of airport security equipment. Customer-requested delays in shipment schedules also contributed to the sales decline.

Sales to the Company's 10 largest customers represented 83.4% of total revenue in the second quarter of fiscal 2003 versus 80.5% for the same period of fiscal 2002. The Company's top three customers and the portion of total second-quarter sales they represented were as follows: Schlumberger, 19%; L-3 Communications, 16%; and Lockheed Martin, 13%.

Gross Profit

(dollars in thousands)

	Three Months Ended		Six Months Ended	
	December 29, 2002	December 30, 2001	December 29, 2002	December 30, 2001
Gross profit	\$4,711	\$6,291	\$9,308	\$11,918
Gross margin	19.3%	20.4%	19.6%	19.3%
	=====	=====	=====	=====

The lower product margin in the fiscal 2003 second quarter, compared with the year-ago period is primarily a result of product mix. The margins are comparable for the first six months of fiscal years 2003 and 2002.

Selling and Administrative Expenses

(dollars in thousands)

	Three Months Ended		Six Months Ended	
	December 29, 2002	December 30, 2001	December 29, 2002	December 30, 2001
Selling and administrative expenses	\$4,272	\$4,170	\$8,530	\$8,195

Edgar Filing: LABARGE INC - Form 10-Q

Percent of sales	17.5%	13.5%	17.9%	13.2%
=====	=====	=====	=====	=====

Selling and administrative expenses as a percent of sales increased in the fiscal 2003 periods due to the relatively fixed component of these costs as a percentage of reduced sales volume. Higher medical costs of approximately \$275,000 also contributed to the higher selling and administrative expenses.

Interest Expense

(dollars in thousands)

	Three Months Ended		Six Months Ended	
	December 29, 2002	December 30, 2001	December 29, 2002	December 30, 2001
Interest expense	\$202	\$336	\$425	\$652
=====	=====	=====	=====	=====

Interest expense decreased for the quarter ended December 29, 2002, primarily due to lower debt levels. Average short-term borrowings for the three- and six-month period ended December 29, 2002 were \$1.5 million and \$2.0 million lower than the same periods of fiscal 2002, respectively. Average interest rates declined 159 basis points for the three months ended December 29, 2002, as compared with the previous year.

Pretax Earnings from Continuing Operations

(dollars in thousands)

	Three Months Ended		Six Months Ended	
	December 29, 2002	December 30, 2001	December 29, 2002	December 30, 2001
Pretax earnings from continuing operations	\$818	\$1,887	\$982	\$3,269
=====	=====	=====	=====	=====

The decrease in pretax earnings for the quarter ended December 29, 2002, compared with the same period of fiscal 2002, is primarily attributable to lower gross profit (\$1.6 million) on a sales decrease of \$6.4 million, an increase in selling and administration of \$102,000, offset by a \$134,000 reduction in interest expense. In addition, the Company recorded other income of \$436,000 in the quarter ended December 29, 2002, representing a return of premiums under a split-dollar insurance benefit program.

Tax Expense from Continuing Operations

(dollars in thousands)

	Three Months Ended		Six Months Ended	
	December 29, 2002	December 30, 2001	December 29, 2002	December 30, 2001
Tax expense from continuing operations	\$237	\$732	\$301	\$1,242
=====	=====	=====	=====	=====

The effective income tax rate for the three months ended December 29, 2002 was 29%, compared with 39% for the three months ended December 30, 2001. The decrease in the effective income tax rate is primarily due to the non-taxable \$436,000 of other income received in the quarter. See "Pretax Earnings from Continuing Operations," above.

Income on disposal of discontinued operations of \$2,222 (less applicable income tax expense of \$2,434)	\$ (212)	\$ -	\$ (212)	\$ -
=====	=====	=====	=====	=====

Discontinued operations arose from the sale of the railroad industry portion of the Company's ScadaNET Network (Trade Mark) remote equipment monitoring business. See Note 8, "Discontinued Operations."

FINANCIAL CONDITION AND LIQUIDITY

The following table shows LaBarge's equity and total debt positions:

Stockholders' Equity and Debt
(dollars in thousands)

	December 29, 2002	June 30, 2002
Stockholders' equity	\$34,109	\$33,684
Debt	\$12,818	\$15,529
=====	=====	=====

The Company's continuing operations provided \$5.6 million of net cash for the six months ended December 29, 2002.

A revolving credit facility up to \$15.0 million, secured by substantially all the assets of the Company other than real estate, based on a borrowing base formula equal to the sum of 80% of eligible receivables and 40% of eligible inventories, less outstanding letters of credit. As of December 29, 2002, the maximum allowable was \$10.9 million, net of letters of credit outstanding of \$4.1 million. The revolver borrowing at December 29, 2002 was \$0. Unused revolving credit available at December 29, 2002 was \$10.9 million. This credit facility matures on September 30, 2004.

The aggregate maturities of long-term obligations are as follows:
(dollars in thousands)

Fiscal Year	
2003	\$5,754
2004	395
2005	403
2006	410

Current cash balances will be sufficient to retire the remainder of the Subordinated Conversion Notes outstanding on their maturity date, June 29, 2003.

Overall, management believes our availability of funds going forward from cash generated from operations and available bank credit should be sufficient to support the planned operations and capital expenditures of the Company's business for the next two fiscal years.

Currently, the total debt-to-equity ratio for the Company is .38 to 1, versus .46 to 1 at the end of fiscal 2002.

Critical Accounting Policies

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions in certain circumstances that affect amounts reported in the accompanying consolidated financial statements. In preparing these financial statements, management has made its best estimates and judgment of certain amounts included in the financial statements. The Company believes there is a likelihood that materially different amounts would be reported under different conditions or using different assumptions related to the accounting policies described below. Application of these accounting policies involves the exercise of judgment and use of assumptions as to future uncertainties and, as a result, actual results could differ from these estimates. The Company's senior management discusses the accounting policies described below with the audit committee of the Company's board of directors on a periodic basis.

The following discussion of critical accounting policies is intended to bring to the attention of readers those accounting policies that we believe are critical to our consolidated financial statements and other financial disclosures.

Revenue Recognition and Cost of Sales

Revenue on production contracts is recorded when specific contract terms are fulfilled, usually upon delivery (the delivery method). Under long-term contracts for which the delivery method is an inappropriate measure of performance, revenue is recognized on the percentage-of-completion method based upon incurred costs compared to total estimated costs under the contract. The percentage-of-completion method gives effect to the most recent contract value and estimates of cost at completion. When appropriate, contract prices are adjusted for increased scope and other changes ordered or caused by the customer.

Since some contracts extend over a long period of time, revisions in cost and contract price during the progress of work have the effect of adjusting current period earnings applicable to performance in prior periods. When the current contract cost estimate indicates a loss, provision is made for the total anticipated loss.

The SEC's Staff Accounting Bulletin (SAB) No. 101, "Revenue Recognition," provides guidance on the application of generally accepted accounting principles to selected revenue recognition issues. The Company's revenue recognition policy is in accordance with generally accepted accounting principles and SAB No. 101.

Accounts Receivable

Accounts receivables have been reduced by an allowance for amounts that may become uncollectable in the future. This estimated allowance is based primarily on management's evaluation of the financial condition of the Company's customers.

Edgar Filing: LABARGE INC - Form 10-Q

The Company does not believe that concentration of accounts receivable is a significant credit risk due to the financial strength of the account debtors and collection experience.

Inventory

Inventories are valued at the lower of cost or market and have been reduced by a reserve for excess and obsolete inventories. The Company adjusts the value of its reserve based upon assumptions for future usage and market conditions.

Income Taxes

Income taxes are accounted for under the asset and liability method. Deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. The Company has considered future taxable income analyses and feasible tax planning strategies in assessing the need for the valuation allowance. Should the Company determine that it would not be able to recognize all or part of its net deferred tax assets in the future, an adjustment to the carrying value of the deferred tax assets would be charged to income in the period in which such determination is made.

Goodwill and Other Long-Lived Assets

The Company has adopted the provisions of SFAS No. 142 on July 2, 2001, and has reassessed the useful lives and residual values of all recorded intangible assets. Goodwill is reviewed by management for impairment annually or whenever events or changes in circumstance indicate the carrying amount may not be recoverable. If indicators of impairment are present, the determination of the amount of impairment is based on the Company's judgment as to the future operating cash flows to be generated from these assets throughout their estimated useful lives.

Net Accounting Standards

In June 2002, the financial accounting standards board issued SFAS No. 146, "Accounting for Costs Associated with Exit or Disposal Activities." This Statement requires that a liability for a cost associated with an exit or disposal activity be recognized and measured initially at fair value only when the liability is incurred. The provisions of this statement are effective for exit or disposal activities that are initiated after December 31, 2002.

In December 2002, the FASB issued SFAS No. 148 "Accounting for Stock-Based Compensation - Transition and Disclosure, an Amendment of FASB Statement No. 123," that provides alternative methods of transition for an entity that voluntarily changes to the fair value based method of accounting for stock-based employee compensation. It also amends the disclosure provisions of SFAS No. 123 to require prominent disclosures in both annual and interim financial statements about the method of accounting for stock-based employee compensation and the effect of the method used on reported results. The provisions of SFAS No. 148 are effective for interim periods beginning after December 15, 2002.

PART I

ITEM 4 Controls and Procedures

The Company's President and Chief Executive Officer, Craig E. LaBarge, and the Company's Vice President, Chief Financial Officer and Secretary, Donald H. Nonnenkamp, have evaluated the Company's internal

Edgar Filing: LABARGE INC - Form 10-Q

controls and disclosure controls systems within 90 days of the filing of this report.

Messrs. LaBarge and Nonnenkamp have concluded that the Company's disclosure controls systems are functioning effectively to provide reasonable assurance that the Company can meet its disclosure obligations. The Company's disclosure controls system is based upon a chain of financial and general business reporting lines that converge in the headquarters of the Company in St. Louis, Missouri. The reporting process is designed to ensure that information required to be disclosed by the Company in the reports that it files or submits with the Commission is recorded, processed, summarized and reported within the time periods specified in the Commission's rules and forms.

Since Messrs. LaBarge's and Nonnenkamp's most recent review of the Company's internal controls systems, there have been no significant changes in internal controls or in other factors that could significantly affect these controls.

PART II

ITEM 4. Submission of Matter to a Vote of Security Holders

On November 20, 2002, at the Company's Annual Meeting of Stockholders, stockholders took the following actions:

a) We conducted the election for directors, received the votes of the stockholders, canvassed the votes cast, and the following persons received the number of votes set opposite their respective names:

Name	Number of Votes FOR	Withheld Authority to Vote
Class A:		
Craig E. LaBarge	13,756,665	112,534
James P. Shanahan, Jr.	13,806,654	62,545
Jack E. Thomas, Jr.	13,804,554	64,645

b) We conducted the balloting upon the proposed ratification of the selection of KPMG LLP as independent accountants for the fiscal year ending June 29, 2003, received the votes of the stockholders, canvassed the votes cast, and said proposal received 13,718,710 FOR votes, 115,666 AGAINST votes, and 34,823 votes ABSTAINED. Said proposal was therefore adopted.
