PROXY STATEMENT

This Proxy Statement, first being mailed to shareholders on approximately March 19, 2001, is furnished in connection with the solicitation by the Board of Directors of proxies to be voted at the Annual Meeting of Shareholders of Mechanical Technology Incorporated to be held on April 24, 2001, and any adjournment thereof, at the Desmond Hotel, Northway Exit 4, 660 Albany-Shaker Road, Albany, New York.

The shares represented by properly completed proxies received prior to the vote will be voted FOR 1) the election of directors; 2) ratifying appointment of auditors; and 3) approval of amendment to the Company's Certificate of Incorporation, unless specific instructions to the contrary are given or an abstention from voting is indicated by the shareholder. The proxy may be revoked any time before it is exercised.

At the close of business on March 5, 2001 the Company had outstanding 35,475,585 shares of Common Stock. Each share of Common Stock entitles the holder thereof to one vote on the matters to be voted upon by such shareholders. A majority of the outstanding shares, present in person or by proxy, will constitute a quorum at the meeting. Abstentions and broker non-votes are counted for purposes of determining whether a quorum is present but do not affect the outcome of the election. A plurality vote is required for the election of Directors. A vote of the majority of all outstanding shares entitled to vote thereon is necessary to approve the amendment to the Company's Certificate of Incorporation and the affirmative vote of a majority of the votes cast is necessary to approve all other actions. Votes will be tabulated by inspectors of election appointed in accordance with the applicable provisions of the New York Business Corporation Law.

of building, home improvement, and other specialty products for the home

and family. He is a director of various private corporations. Mr. O'Connor originally became a Director of the Company when he was selected by Masco Corporation as its designee on the Company's Board of Directors pursuant to agreements entered into in connection with the 1992 transaction in which Masco sold 1,730,000 shares of the Company's common Stock to subsidiaries of the Lawrence Insurance Group, Inc., a former majority shareholder of the Company. The Lawrence Insurance Group, Inc. subsidiaries agreed to vote their shares to elect a designee of Masco to the Company's Board of

Directors so long as Masco remained liable under a guarantee it had executed in connection with the Company's obligations under a line of credit. This Agreement with Masco terminated when Mr. Lawrence sold his shares to FAC in 1996. Masco remained obligated on the guarantee until October 15, 1998 when the Company replaced its then existing line of credit with a line of credit from KeyBank, N.A.

COMMITTEES AND MEETINGS OF THE BOARD OF DIRECTORS

The Board of Directors held eleven (11) meetings during fiscal 2000. All directors attended at least 75% of all of the Board and committees meetings held during fiscal 2000.

The Company does not have a standing nominating committee or a committee performing similar functions.

The Audit Committee consists of Messrs. O'Connor, Church and Goldberg, each of whom is independent, as defined by the applicable listing standards of the National Association of Securities Dealers. The Audit Committee was established for the purposes of (i) recommending the selection of the Company's independent auditors; (ii) reviewing the effectiveness of the Company's accounting policies and practices, financial reporting and internal controls; (iii) reviewing any transactions that involve a potential conflict of interest; (iv) reviewing the scope of independent audit coverages and the fees charged by the independent accountants; and (v) reviewing the independence of such accountants from the Company's management. The Audit Committee also reviews other matters with respect to its accounting, auditing and financial reporting practices and procedures as it may find appropriate or may be brought to its attention. The Audit Committee met one time during fiscal 2000. On March 30, 2000, the Board of Directors adopted a written charter for the Audit Committee, a copy of which is attached as EXHIBIT 2 to this Proxy Statement.

Mr. Goldberg and Dr. Sternlicht serve as the members of the Company's Compensation Committee. The Compensation Committee was established to set and administer the policies that govern annual compensation for the Company's executives. Following review and approval by the Compensation Committee of the compensation policies, all issues pertaining to executive compensation are reported to the Board of Directors. The Compensation Committee approves compensation arrangements for officers and key employees of the Company, including but not limited to the grant of options to

purchase the Company's Common Stock pursuant to the Company's stock option plans or other plans that may be established. The Compensation Committee met one time during fiscal 2000.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors, executive officers and holders of more than 10% of the Company's Common Stock to file with the SEC initial reports of ownership of the Company's Common Stock and other equity securities on a Form 3 and reports of changes in such ownership on a Form 4 or Form 5. Officers, directors and 10% stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. To the Company's knowledge, based solely on a review of the Company's records and written representations by the persons required to file such reports, all filing requirements of Section 16(a) were satisfied with respect to the Company's most recent fiscal year.

INCREASE IN

AUTHORIZED COMMON STOCK

The Board of Directors has approved, subject to the approval of shareholders, and recommends that the shareholders of the Company approve, an amendment to the Company's Certificate of Incorporation providing for an increase from 50,000,000 to 75,000,000 in the number of authorized shares of Common Stock. As of March 5, 2001, the Company had a total of 35,475,585 shares of Common Stock outstanding (including 20,250 shares held in treasury), 6,879,657 shares of Common Stock reserved for issuance upon exercise of stock options issued and issuable and 300,000 shares of Common Stock reserved for issuance upon exercise of warrants. The amendment is contained in Exhibit 1 to this Proxy Statement.

Although the Board of Directors has no immediate plans, understandings, agreements or commitments to issue additional shares of Common Stock for any purposes, the Board of Directors believes the increase in the authorized

number of shares is in the best interests of the Company.

If the amendment is approved, the additional 25,000,000 authorized shares of Common Stock would be available for issuance in the future for corporate purposes, including, without limitation, financings, acquisitions, stock splits, stock dividends and employee stock incentive plans, as the Board of Directors may deem advisable. No additional action or authorization by the

shareholders would be necessary prior to the issuance of such additional shares, unless required by applicable law or the rules of any stock exchange or national securities association trading system on which the Common Stock is then listed or quoted. Shareholders will not have preemptive rights to subscribe for shares of Common Stock, unless the Company grants such rights at the time of issue.

If the Company issues any newly authorized shares, it will cause the Company's current shareholders to be diluted and could have the effect of making it more difficult for a third party to acquire, or discourage a third party from attempting to acquire, control of the Company. The Company is not aware of any attempts on the part of a third party to effect a change of control of the Company and the amendment has been proposed for the reasons stated above and not for any possible anti-takeover effects it may have.

The Board of Directors recommends that shareholders vote FOR the approval of the amendment increasing the number of shares of authorized Common Stock.

APPROVAL OF AUDITORS

The Board of Directors has recommended that the appointment of PricewaterhouseCoopers LLP as independent auditors for the year ending September 30, 2001 be ratified by the stockholders. PricewaterhouseCoopers LLP (and its predecessor, Coopers & Lybrand, LLP) have been the Company's auditors since 1978. Representatives of PricewaterhouseCoopers LLP are

expected to be present at the Annual Meeting with the opportunity to make a statement if they desire to do so and to be available to respond to

appropriate questions.

The Board of Directors recommends that shareholders vote FOR the ratification of the appointment of auditors.

- Potential realizable value is based on the assumption that the common stock appreciates at the annual rate shown, compounded annually, from the date of grant until expiration of the 10-year term. These numbers are calculated based upon Securities and Exchange Commission requirements and do not reflect the Company's projection or estimate of future stock price growth. Potential realizable values are computed by multiplying the number of shares of common stock subject to a given option by the fair market value on the date of grant, assuming that the aggregate stock value derived from that calculation compounds at the annual 5% or 10% rate shown in the table for the entire 10-year term of the option and subtracting from that the aggregate option exercise price.
- 25% or 43,750 shares are exercisable each year beginning June 19, 2000.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

The Compensation Committee reviews and evaluates individual executive officers and determines the compensation for each executive officer. In general, compensation is designed to attract, retain and motivate a superior executive team, reward individual performance, relate compensation to Company goals and objectives and align the interests of the executive officers with those of the Company's stockholders.

Compensation for the Named Executive Officers during Fiscal 2000 included salary and bonus. Base salary was

determined by reviewing the previous levels of base salary, base salaries paid by comparable companies to executives with similar responsibilities, perceived level of individual performance and the overall performance of the Company. No specific weight was given to any of these factors in the evaluation of base salaries because each of these factors was considered significant and the relevance of each varies depending on an officer's responsibilities.

For fiscal 2000, bonus amounts were based on the Named Executive Officers' specific contributions made during the year toward the Company's goals established at the beginning of the year. Bonus amounts are paid in cash generally during the first quarter after year-end. Stock options are also granted to executive officers based upon their specific responsibilities.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

ON EXECUTIVE COMPENSATION

(Continued)

The Compensation Committee believes that with current salary, bonus and stock option grants, which generally vest over a four-year period, the executive team is properly motivated to achieve the short and long-term goals of the Company.

The Budget Reconciliation Act of 1993 amended the Internal Revenue Code to add Section 162(m), which bars a deduction to any publicly held corporation for compensation paid to a "covered employee" in excess of \$1 million per year. The Compensation Committee does not believe that this law will impact the Company because the current level of compensation for each of the Company's executive officers is well below the \$1 million salary limitation. The Compensation Committee will continue to evaluate the impact of such provisions and take such actions as it deems appropriate.

CHIEF EXECUTIVE OFFICER COMPENSATION

George C. McNamee became Chief Executive Officer of the Company on April 15, 1998. Mr. McNamee receives no salary or bonus from the Company; however, he does receive stock options as a member of the Board of Directors of the Company.

Ms. Catherine S. Hill, Vice President of Corporate Development will receive 100% of her base salary for 6 months if we terminate her employment without cause. For fiscal year 2000, her base annual salary is \$150,000.

DIRECTORS' COMPENSATION

Directors who are not salaried officers or employees receive fees of \$750 for each Board of Directors meeting attended. Directors are also reimbursed for travel expenses incurred in attending meetings.

DIRECTORS' COMPENSATION

(Continued)

On March 18, 1999, the Company's Board of Directors adopted a director stock option program, pursuant to which on the date of each Annual Meeting of Stockholders of the Company commencing with the Annual Meeting in 1999, provided that he or she is serving as a director immediately following the date of such Annual Meeting of Stockholders, each non-employee director will be granted a nonstatutory stock option to purchase 10,000 shares of the Company's Common Stock. These nonstatutory stock options will be immediately exercisable and will have exercise prices equal to the closing price of the Company's Common Stock on the NASDAQ National Market on the date of grant.

During Fiscal 2000, the Company granted stock options to purchase shares of the Company's Common Stock to each member of the Board of Directors. The stock option exercise price was \$20.92 per share, and these stock options were immediately exercisable upon grant.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee ("Committee") approves all of the policies under which compensation is paid or awarded to the Company's officers and employee directors. The Committee, in fiscal 2000, consisted of Mr. Goldberg and Dr. Sternlicht.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

At September 30, 2000, First Albany Companies, Inc. ("FAC") owned approximately 34% of the Company's common stock. George McNamee, a Director and Chief Executive Officer of the Company, is Chairman of the Board of Directors, Co-Chief Executive Officer and a shareholder of FAC. Alan Goldberg, a Director of the Company, is a Director, President and Co-Chief Executive Officer and a shareholder of FAC.

Transactions among related parties are as fair to the Company as obtainable from unaffiliated third parties.

On December 27, 2000, the Company entered into a Put and Call with FAC to provide independent credit support for repayment of its \$25.2 million indebtedness to KeyBank, N.A. ("FAC Credit Enhancement"). The FAC Credit Enhancement provides FAC with the option, if the price of Plug Power stock falls to \$4 per share, to either purchase 6.3 million Plug Power shares pledged as collateral on the loan or take an assignment of KeyBank, N.A.'s rights under the Credit Agreement, as amended. The FAC Credit Enhancement may be triggered if the Company defaults on its obligations to KeyBank, N.A. The FAC Credit Enhancement expires on April 27, 2001, and may be renewed by the Company and FAC on a monthly basis upon mutually agreeable terms. If the Company defaults, the proceeds from the FAC Credit Enhancement will be used to pay KeyBank, N.A. \$25.2 million. If the FAC Credit Enhancement expires prior to November 3, 2001, the loan is immediately due and payable. After November 3, 2001, upon expiration of the FAC Credit Enhancement, if Plug Power stock is trading below \$20 per share, the loan is immediately due and payable.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

(Continued)

On December 27, 2000, the Company entered into two bridge loan agreements with FAC. The first loan was for \$945 thousand and was used to pay the purchase price for the FAC Credit Enhancement. The Company has pledged 200,000 shares of Plug Power common stock as collateral for that loan.

The second loan is for \$5 million, \$3 million of which was used to make a principal loan repayment to KeyBank, N.A. and the remaining \$2 million will be used for working capital. The Company pledged 1 million shares of Plug Power common stock as collateral. Both loans bear interest at the Prime Rate (9.5% at December 27, 2000) and both interest and principal are due on January 3, 2002. Upon mutual agreement of FAC and the Company, the loans may be converted to equity prior to maturity.

In April 2000, the Company entered into a management services agreement with First Albany Corporation, a wholly-owned subsidiary of FAC, to provide certain services on a month-to-month basis. Under this agreement, FAC bills services to the Company (phone, network, postage, etc.) on a cost reimbursement basis. Billings under these agreements amounted to approximately \$30 thousand for 2000.

During November 1999, FAC/Equities, a division of First Albany Corporation, a wholly-owned subsidiary of FAC, was paid approximately \$353 thousand for financial advisory and investment banking services in connection with the sale of Ling Electronics, Inc. and Ling Electronics, Ltd. ("Ling") to SatCon Technology Corporation ("SatCon").

FAC/Equities was a co-manager in the Plug Power Inc. ("Plug Power") initial public offering ("IPO"). George C. McNamee is the Chairman and Co-Chief Executive Officer of FAC, the Chairman and Co-Chief Executive Officer of First Albany Corporation, the Chairman of the Board and Chief Executive Officer of Mechanical Technology, and is currently the Chairman of the Board of Directors of Plug Power. In addition, Dr. Walter L. Robb, a director of Mechanical Technology, is a director of Plug Power and Dr. Beno Sternlicht, a director of Mechanical Technology, was a director of Plug Power until just before the Plug Power IPO in 1999 and is presently a consultant to Plug Power.

Prior to making its investment in Beacon Power Corporation ("Beacon Power"), the Company made a one time \$1.2 million bridge loan to Beacon Power in April 2000. This bridge loan was converted to equity as part of a \$6 million investment. In connection with this bridge loan, the Company received approximately \$5 thousand in interest income. Mechanical Technology owns approximately 9.2% of Beacon Power, after its IPO and the Company's exercise of warrants on December 20, 2000, and Alan Goldberg is the Company's representative on the Beacon Power Board of

Directors. In addition, SatCon performs funded research and development and sells power electronic boards and components to Beacon Power.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

(Continued)

Plug Power purchases electronic components from SatCon for its residential fuel cell systems. Mechanical Technology owns approximately 13.0% of SatCon's outstanding stock and has the right to appoint two members to SatCon's Board of Directors. Alan Goldberg is the Company's current representative on the SatCon board.

David B. Eisenhaure, a Director of the Company, is President, Chief Executive Officer and Chairman of the Board of Directors of SatCon. On October 21, 1999, the Company created a strategic alliance with SatCon. SatCon acquired Ling from the Company and the Company agreed to invest approximately \$7 million in SatCon. This investment was done in two stages.

In consideration for the acquisition of Ling and the Company's investment, the Company received 1,800,000 shares of SatCon's common stock and warrants to purchase an additional 100,000 shares of SatCon's common stock.

As a part of the SatCon transaction, the Company issued to SatCon warrants to purchase 108,000 and 192,000 shares of the Company's stock on October 21, 1999 and January 31, 2000, respectively. The warrants are immediately exercisable at \$12.56 per share and expire on October 21, 2003 and January 31, 2004, respectively. The estimated fair value of these warrants at the

dates issued were \$4.94 and \$16.38 per share, respectively, using a Black-Scholes option pricing model and assumptions similar to those used for valuing the Company's stock options.

The Company also received warrants to purchase 36,000 and 64,000 shares of SatCon common stock on October 21, 1999 and January 31, 2000, respectively. The warrants are immediately exercisable at \$8.80 per share and expire on October 21, 2003 and January 31, 2004, respectively.

Prior to becoming Vice President of Corporate Development, Catherine Hill's law firm, Catherine S. Hill, PLLC, served as general counsel to the Company. Billings for 2000 totaled approximately \$141 thousand.

Ms. Hill also received 30,000 stock options during 2000 with a Black Scholes value of approximately \$446 thousand.

AUDIT COMMITTEE OF THE BOARD OF DIRECTORS
CHARTER

I. PURPOSE

The primary function of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities by reviewing the financial reports and other financial information provided by the Corporation to any governmental body or the public; the Corporation's systems of internal controls regarding finance, accounting and legal compliance that management and the Board have established; and the Corporation's auditing, accounting and financial reporting processes generally. Consistent with this function, the Audit Committee should encourage continuous improvement of, and should foster adherence to, the Corporation's policies, procedures and practices at all levels. The Audit Committee's primary duties and responsibilities are to:

- Serve as an independent and objective party to monitor the Corporation's financial reporting process and internal control system.

II. COMPOSITION

The Audit Committee shall be comprised of three or more directors as determined by the

Board, each of whom shall be independent directors, and free from any relationship that, in the opinion of the Board, would interfere with the exercise of his or her independent judgment as a member of the Committee. He/she may not be considered "independent" if, among other things, he/she has:

- been employed as an executive of another entity where any of the Company's executives serve on that entity's compensation committee.

All members of the Committee shall have a working familiarity with basic finance and accounting practices and be able to read and understand fundamental financial statements (balance sheet, income statement and cash flow statement). At least one member of the Committee shall have accounting or related financial management expertise. Committee members may enhance their familiarity with finance and accounting by participating in educational programs.

The members of the Committee shall be elected by the Board at the annual organizational meeting of the Board or until their successors shall be duly elected and qualified. Unless a Chair is elected by the full Board, the members of the Committee may designate a Chair by majority vote of the full Committee membership.

II. MEETINGS

The Committee shall meet at least four times annually, or more frequently as circumstances dictate. As part of its job to foster open communication, the Committee should meet at least annually with management, and the independent accountants in separate executive sessions to discuss any matters that the Committee or each of these groups believe should be discussed privately. In addition, the Committee or at least its Chair should meet with the independent accountants and management quarterly to review the Corporation's financials consistent with IV.3 below.

III. RESPONSIBILITIES AND DUTIES

To fulfill its responsibilities and duties the Audit Committee shall:

Documents/Reports Review

- Review with financial management and the independent accountants the 10-Q prior to its filing or prior to the release of earnings. The Chair of the Committee may represent the entire Committee for purposes of this review.

Independent Accountants

- Recommend to the Board of Directors the selection of the independent accountants, considering independence and effectiveness and approve the fees and other compensation to be paid to the independent accountants. On an annual basis, the Committee should review and discuss with the accountants all significant relationships the accountants have with the Corporation to determine the accountants' independence.
- Review the performance of the independent accountants and approve any proposed discharge of the independent accountants when circumstances warrant.
- Periodically consult with the independent accountants out of the presence of management about internal controls and the fullness and accuracy of the organization's financial statements.

Financial Reporting Processes

- Consider the independent accountants' judgments about the quality and appropriateness of the Corporation's accounting principles as applied in its financial reporting.
- Consider and approve, if appropriate, major changes to the Corporation's accounting principles and practices as suggested by the independent accountants or management.

Process Improvement

- Establish regular and separate systems of reporting to the Audit Committee by management and the independent accountants regarding any significant judgments made in management's preparation of the financial statements and the view of each as to appropriateness of such judgments.

- Review any significant disagreement among management and the independent accountants in connection with the preparation of the financial statements.
- Review with the independent accountants and management the extent to which changes or improvements in financial or accounting practices, as approved by the Audit Committee, have been implemented.
