PART I

ITEM 1. BUSINESS

Reference is hereby made to pages 1, 2, 24 and 25 of The Monarch Cement Company's 2005 annual report to stockholders (filed herewith as Exhibit 13) for a description of the Company's business, including information regarding lines of business. Such information is hereby incorporated herein by reference. In addition, we submit the following information:

The Company did not introduce any new products nor begin to do business in a new industry segment during 2005.

The Company owns and operates quarries located near its Humboldt, Kansas plant. Such quarries contain all essential raw materials presently used by the Company. The Company's total reserves, including these quarries and other property located near the plant, are estimated to be sufficient to maintain operations at the Humboldt plant's present capacity for more than 50 years.

The Company's products are marketed under registered trademarks using the name "MONARCH". The Company's operations are not materially dependent on any trademarks, franchises, patents or on any licenses relating to the use thereof.

Portland cement is the basic material used in the production of ready-mixed concrete that is used in highway, bridge and building construction. These construction activities are seasonal in nature. During winter months when the ground is frozen, groundwork preparation cannot be completed. Cold temperatures affect concrete set-time, strength and durability, limiting its use in winter months. Dry ground conditions are also required for construction activities to proceed. During the summer, winds and warmer temperatures tend to dry the ground quicker creating fewer delays in construction projects.

Variations in weather conditions from year-to-year significantly affect the demand for our products during any particular quarter; however, our Company's highest revenue and earnings historically occur in its second and third fiscal quarters, April through September.

It is necessary for the Company to invest a significant portion of its working capital in inventories. At December 31, 2005 the Company had inventories as follows:

Cement	\$ 1,868,412
Work in process	1,632,780
Building products	3,457,813
Fuel, gypsum and other materials	3,317,283
Operating and maintenance supplies	7,850,617
Total	\$ 18,126,905

The Company is heavily dependent upon the construction industry and is directly affected by the level of activity in that industry. However, no customer accounted for 10% or more of the Company's consolidated net revenue during 2005, 2004 or 2003.

Backlog of customers' orders is not a material factor in the Company's business.

1.

The Company has no contracts that are subject to renegotiation of profits or termination thereof at the election of the government.

The manufacture and sale of cement and ready mixed concrete are extremely competitive enterprises. A number of producers, including several nationwide manufacturers, compete for business with the Company in its market area. The Company is not a significant factor in the nationwide portland cement or ready mixed concrete business but does constitute a significant market factor for cement in its market area. Cement generally is produced to meet standard specifications and there is little differentiation between the products sold by the Company and its competitors. Accordingly, competition exists primarily in the areas of price and customer service.

The Company did not spend a material amount in the last three fiscal years on Company sponsored research and development. However, the Company is a member of the Portland Cement Association which conducts research for the cement industry.

The Company has, during the past several years, made substantial capital expenditures for pollution control equipment. The Company also incurs normal operating and maintenance expenditures in connection with its pollution control equipment.

At December 31, 2005, the Company and its subsidiaries employed approximately 600 employees including 225 hourly non-union employees, 235 hourly union employees, and 140 salaried employees, which included plant supervisory personnel, sales and executive staff. The Company has a good working relationship with its employees and has been successful in negotiating multiyear union contracts without work stoppages.

All of the Company's operations and sales are in one geographic area consisting primarily of the State of Kansas, the State of Iowa, southeast Nebraska, western Missouri, northwest Arkansas and northern Oklahoma.

ITEM 1A. RISK FACTORS

Reference is hereby made to page 9 and 10 of The Monarch Cement Company's 2005 annual report to stockholders (filed herewith as Exhibit 13) for a description of the Company's market risk. Such information is hereby incorporated herein by reference.

ITEM 2. PROPERTIES

The Company's corporate offices and cement plant, including equipment and raw materials are located at Humboldt, Kansas, approximately 110 miles southwest of Kansas City, Missouri. The Company owns approximately 5,000 acres of land on which the Humboldt plant, offices and all essential raw materials are located. This plant has a present annual capacity of 925,000 tons of cement. The Company believes that this plant and equipment are suitable and adequate for its current level of operations; however, due to recent and projected market demands, the Company began updating its equipment to improve efficiency and increase capacity. We have previously converted one of our two preheater kilns to a precalciner kiln. Conversion of our remaining preheater kiln into a precalciner kiln is currently underway and should be completed during the first

quarter of 2006. The installation of this equipment should allow the Company to produce in excess of one million tons of cement per year. Producing at that level, raw material reserves are estimated to be sufficient to maintain operations at this plant for more than 50 years. Reference is hereby made to page 8 of the Company's 2005 annual report to stockholders (filed herewith as Exhibit 13) for a description of the Company's capital resources and expansion plans. Such information is hereby incorporated herein by reference.

The Company also owns approximately 250 acres of land in Des Moines, Iowa on which it operates a cement terminal. The Company transfers cement produced in Humboldt, Kansas to this terminal for distribution to Iowa customers. The Company also owns a rock quarry located near Earlham, Iowa, approximately 30 miles west of Des Moines, Iowa. Approximately 300 acres of this 400 acre tract has been quarried and the Company has contracted with a third party to quarry and sell the remaining rock. This quarry operation will not have a material affect on the Company's overall operations.

The Company owns various companies which sell ready-mixed concrete, concrete products and sundry building materials in metropolitan areas within the Humboldt cement plant's primary market. Various equipment and facility improvements in this line of business ensure these plants are suitable and adequate for their current level of operations and provide for increases in market demand. Individual locations do not have a material affect on the Company's overall operations.

ITEM 3. LEGAL PROCEEDINGS

The Company and its subsidiary, Tulsa Dynaspan, Inc. ("TDI"), are involved in litigation with David G. Markle ("Markle"), a former director, president and employee of TDI, Richard L. Evilsizer, a former officer and employee of TDI and certain other former employees and companies controlled by one or more of such persons (the "Markle Parties"). Markle and Mr. Evilsizer are also minority shareholders in TDI. In the litigation TDI is seeking damages based on allegations that one or more of the Markle Parties have (1) breached their fiduciary duty to TDI, (2) violated noncompete agreements, (3) improperly used TDI computers in violation of the Federal Computer Fraud and Abuse Act, (4) improperly used TDI trade secrets and other proprietary information and (5) made defamatory and disparaging statements about TDI. The Markle Parties have alleged that the Company has defamed them and interfered with contractual relations. Markle and Mr. Evilsizer have alleged that the Company, as the majority shareholder of TDI, has breached its duty to them as minority shareholders. Certain of the Markle Parties have made claims against the directors of TDI, as well as derivative claims against TDI and Monarch. The litigation also involves a declaratory judgment as to whether TDI or Markle owns an alleged invention for a method for the construction of parking garages.

Two actions have been filed in this litigation. One was filed on December 28, 2004, in the District Court for Tulsa County, Oklahoma by Markle against TDI and the Company (the "State Court Action"). The other was filed by TDI against the Markle Parties on April 27, 2005, in the United States District Court for the Northern District of Oklahoma, but that litigation has been stayed pending judgment in the state court action. All of the Markle Parties are now parties in the State Court Action. This litigation is in the discovery stage and no trial date has been set. The Company and TDI believe that all claims made by the Markle Parties are without merit and intend to vigorously defend such claims. TDI intends to vigorously pursue its claims against the Markle Parties for damages, as well as its ownership of the alleged invention. No assurances can be given as to the outcome of this litigation.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

The Company did not submit any matter to a vote of security holders, through the solicitation of proxies or otherwise, during the fourth quarter of 2005.

PART II

ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES

Pursuant to General Instruction G(2) to Form 10-K, the information required by this Item is incorporated herein by reference to the material responsive to this Item on page 10 of the Company's 2005 annual report to stockholders. In addition we submit the following information:

The Company's Board of Directors is responsible for determining the amount and timing of dividend payments. In recent years, the Company has paid four dividends per year of \$.20 per share. All dividends are discretionary and are based on past financial performance and availability of funds. The Company is not restricted regarding payment of dividends, but does have a financial covenant related to net worth.

The Company does not have any compensation plans or individual compensation arrangements under which equity securities of the registrant are authorized for issuance to employees or non-employees.

The Company did not sell any of its equity securities during 2005 and the Company did not repurchase any of its equity securities during the fourth quarter of 2005.

ITEM 6. SELECTED FINANCIAL DATA

Pursuant to General Instruction G(2) to Form 10-K, the information required by this Item is incorporated herein by reference to the material responsive to this Item on page 1 of the Company's 2005 annual report to stockholders.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Pursuant to General Instruction G(2) to Form 10-K, the information required by this Item is incorporated herein by reference to the material responsive to this Item on pages 2 through 10 of the Company's 2005 annual report to stockholders.

4.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The Company is exposed to various market risks, including equity investment prices. The Company has \$13,454,631 of equity securities as of December 31, 2005. These investments are not hedged and are exposed to the risk of changing market prices. The Company classifies these securities as "available-for-sale" for accounting purposes and marks them to market on the balance sheet at the end of each period. Management estimates that its investments will generally be consistent with trends and movements of the overall stock market excluding any unusual situations. An immediate 10% change in the market price of our equity securities would have an \$807,000 effect on comprehensive income.

The Company also has \$24,086,995 of bank loans as of December 31, 2005. Interest rates on the Company's advancing term loan and line of credit are variable and are based on the JP Morgan Chase prime rate less .75% and the lender's national prime rate less 1.00%, respectively.

ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

Pursuant to General Instruction G(2) to Form 10-K, the information required by this Item is incorporated herein by reference to the material responsive to this Item on pages 11 through 26 of the Company's 2005 annual report to stockholders.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None

ITEM 9A. CONTROLS AND PROCEDURES

The Company maintains disclosure controls and procedures (as defined in Rules 13a-5(e) and 15d-15(e) under the Exchange Act) that are designed to ensure that information required to be disclosed in the Company's reports under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the Securities and Exchange Commission, and that such information is accumulated and communicated to the Company's management, including its President and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosures. Any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives.

As of the end of the period covered by this report, an evaluation was carried out by the Company's management, including its President and Chairman of the Board of Directors and Chief Financial Officer, of the effectiveness of its disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934). Based upon that evaluation, the Company's President and Chairman of the Board of Directors and Chief Financial Officer concluded that these disclosure controls and procedures were effective as of the end of the period covered by this report.

5.

ITEM 9B. OTHER INFORMATION

There was no information required to be disclosed, but not reported, in a report on Form 8 K during the fourth quarter of 2005.

PART III

ITEM 10. DIRECTORS AND EXECUTIVE OFFICERS OF THE REGISTRANT

Pursuant to General Instruction G(3) to Form 10-K, the information required by this Item is incorporated herein by reference to the material responsive to this Item on pages 4 through 6, 14 and 15 of the Company's definitive proxy statement prepared in connection with its 2006 annual meeting of stockholders pursuant to Regulation 14A and previously filed with the Commission.

ITEM 11. EXECUTIVE COMPENSATION

Pursuant to General Instruction G(3) to Form 10-K, the information required by this Item is incorporated herein by reference to the material responsive to this Item on pages 8 through 12 (except for the information set forth under the heading "Board of Directors' Report on Executive Compensation" which is expressly excluded from such incorporation) of the Company's definitive proxy statement prepared in connection with its 2006 annual meeting of stockholders pursuant to regulation 14A and previously filed with the Commission.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

Pursuant to General Instruction G(3) to Form 10-K, the information required by this Item is incorporated herein by reference to the material responsive to this Item on pages 7 and 8 of the Company's definitive proxy statement prepared in connection with its 2006 annual meeting of stockholders pursuant to Regulation 14A and previously filed with the Commission. In addition we submit the following information:

The Company does not have any compensation plans or individual compensation arrangements under which equity securities of the registrant are authorized for issuance to employees or non-employees.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Pursuant to General Instruction G(3) to Form 10-K, the information required by this Item is incorporated herein by reference to the material responsive to this Item on page 9 of the Company's definitive proxy statement prepared in connection with its 2006 annual meeting of stockholders pursuant to Regulation 14A and previously filed with the Commission.

ITEM 14. PRINCIPAL ACCOUNTANT FEES AND SERVICES

Pursuant to General Instruction G(3) to Form 10-K, the information required by this Item is incorporated herein by reference to the material responsive to this Item on page 13 of the Company's definitive proxy statement prepared in connection with its 2006 annual meeting of stockholders pursuant to Regulation 14A and previously filed with the Commission.
