Notes to Consolidated Financial Statements

Note 1 - Organization and Background

One Liberty Properties, Inc. (the "Company") was incorporated in 1982 in the state of Maryland. The Company is a self-administered and self-managed real estate investment trust ("REIT"). The Company acquires, owns and manages a geographically diversified portfolio of retail, industrial, office, movie theater, health and fitness and other properties, a substantial portion of which are under long-term net leases. Including the twelve properties purchased in April 2006, the Company owns fifty-six properties, participates in six joint ventures which own a total of fourteen properties, including one property held for sale, and holds a 50% tenancy in common interest in one property. The seventy-one properties are located in twenty-six states.

Note 2 - Basis of Preparation

The accompanying interim unaudited consolidated financial statements as of March 31, 2006 and for the three months ended March 31, 2006 and 2005 reflect all normal recurring adjustments which are, in the opinion of management, necessary for a fair presentation of the results for such interim periods. The results of operations for the three months ended March 31, 2006 are not necessarily indicative of the results for the full year.

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

The consolidated financial statements include the accounts of One Liberty Properties, Inc. and its wholly-owned subsidiaries (collectively, the "Company"). The Company accounts for its investments in unconsolidated joint ventures under the equity method of accounting as the Company exercises significant influence over, but does not control, these entities. Material intercompany items and transactions have been eliminated.

Certain amounts reported in previous consolidated financial statements have been reclassified in the accompanying consolidated financial statements to conform to the current year's presentation.

These statements should be read in conjunction with the consolidated financial statements and related notes which are included in the Company's Annual Report on Form 10-K for the year ended December 31, 2005.

Note 3 - Earnings Per Common Share

For the three months ended March 31, 2006 and 2005, basic earnings per share were determined by dividing net income for the period by the weighted average number of shares of the Company's Common Stock outstanding, which includes unvested restricted stock, during each period.

Diluted earnings per share reflect the potential dilution that could occur if securities or other contracts exercisable for, or convertible into, Common Stock were exercised or converted or resulted in the issuance of Common Stock that shared in the earnings of the Company. For the three months ended March 31, 2006 and 2005, diluted earnings per share were determined by dividing net income applicable to common stockholders for the period by the total of the weighted average number of shares of Common Stock outstanding plus the dilutive effect of the Company's outstanding options (3,468 and 6,879 for the three months ended March 31, 2006 and 2005, respectively) using the treasury stock method.

(A) A stadium-style movie theater was under construction until September 2004, at which time the lease with the former operator was terminated by mutual agreement and construction stopped. The joint venture is seeking alternative uses for this property and is also offering this property for sale. The \$640 shown on the balance sheet is net of a \$2,562 provision for valuation adjustment taken as a direct write down during the three months ended September 30, 2005. There were no operations for this property during the three months ended March 31, 2006 and 2005.

(B) The joint venture owns 40,000 restricted shares of Class A common stock of Access Integrated Technologies, Inc. (NASDAQ:AIXD), the parent company of a tenant of the joint venture. In April 2006, the joint venture sold 20,000 shares of the AIXD stock and realized a gain of \$166,000.

Note 4 - Investment in Unconsolidated Joint Ventures (Continued)

At March 31, 2006, the remaining four unconsolidated joint ventures each owned one property. At March 31, 2006 and December 31, 2005, the Company's equity investment in these four joint ventures totaled \$6,952,000 and \$6,997,000, respectively. These unconsolidated joint ventures contributed \$113,000 and \$188,000 in equity earnings for the three months ended March 31, 2006 and 2005, respectively.

Note 5 - Gain on Sale of Option to Purchase Property

During February 2006, the Company sold an option it owned to buy an interest in certain property adjacent to one of the Company's properties and realized a gain of \$227,000.

Note 6 - Discontinued Operations

The following is a summary of income from discontinued operations for the three months ended March 31, 2005 (in thousands) applicable to five properties sold in the year ended December 31, 2005:

Note 9 - Restricted Stock

As of March 31, 2006, a total of 144,525 shares have been issued under the Company's 2003 Incentive Plan, including 50,050 restricted shares that were awarded in February 2006. The total number of shares issuable under this plan is 275,000. The restricted stock issued to date under the plan vests five years from the date of issuance, and under certain circumstances, may vest earlier. For accounting purposes, the restricted stock is not included in the outstanding shares shown on the balance sheet until they vest, but is included in the earnings per share computation. In 2006, the Company adopted the provisions of Financial Accounting Standards Board ("FASB") No. 123 (R), "Share-Based Payment (revised 2004)". These provisions require that the estimated fair value of restricted stock and stock options at the date of grant be amortized ratably into expense over the appropriate vesting period. For the three months ended March 31, 2006 and 2005, the Company recorded \$106,000 and \$57,000 of compensation expense, respectively.

Note 10 - New Accounting Pronouncements

Emerging Issues Task Force ("EITF") Issue 04-5, "Investor's Accounting for an Investment in a Limited Partnership when the Investor is the Sole General Partner and the Limited Partners Have Certain Rights" was ratified by the FASB in June 2005. This EITF provides guidance in determining whether a general partner controls a limited partnership and what rights held by the limited partners(s) preclude the sole general partner from consolidating the limited partnership in accordance with the U.S. generally accepted accounting principles. This EITF covers entities that are equivalent to limited partnerships, such as limited liability companies, in which the Company is a managing member. This EITF is effective no later than fiscal years beginning after December 15, 2005 and as of June 29, 2005 for new or modified arrangements. Management has adopted the EITF issue and its adoption did not have an effect on earnings or the financial position of the Company.

Note 11 - Subsequent Events

On April 7, 2006, the Company acquired eleven retail furniture stores, located in six states, leased to a single tenant. The properties were acquired for a purchase price of approximately \$51,200,000, with approximately \$22,250,000 paid in cash, \$2,000,000 borrowed under the Company's line of credit and the remainder through the assumption of a mortgage of approximately \$26,950,000. The basic term of the net lease expires August 14, 2022, with several renewal options.

On April 27, 2006, the Company acquired a commercial building leased to a single tenant. The property was acquired for a purchase price of approximately \$5,000,000, with \$3,900,000 funded with the proceeds of a first mortgage and the balance paid in cash. The basic term of the net lease expires August 31, 2016, with five renewal options of five years each.

Item 2. Management's Discussion And Analysis Of Financial Condition And ----- Results Of Operations -----

Forward-Looking Statements -----

With the exception of historical information, this quarterly report on Form 10-Q contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended. We intend such forward-looking statements to be covered by the safe harbor provision for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995 and include this statement for purposes of complying with these safe harbor provisions. Forward-looking statements, which are based on certain assumptions and describe our future plans, strategies and expectations, are generally identifiable by use of the words "may," "will," "believe," "expect," "intend," "anticipate," "estimate," "project," or similar expressions or variations thereof. Forward-looking statements should not be relied on since they involve known and unknown risks, uncertainties and other factors which are, in some cases, beyond our control and which could materially affect actual results, performance or achievements. Investors are cautioned not to place undue reliance on any forward-looking statements.

Overview -----

We are a self-administered and self-managed real estate investment trust, or REIT, and we primarily own real estate that we net lease to tenants. Including the twelve properties purchased in April 2006, we own 56 properties, participate in six joint ventures which own a total of 14 properties, including one property held for sale, and hold a 50% tenancy in common interest in one property. These 71 properties are located in 26 states.

We have elected to be taxed as a REIT under the Internal Revenue Code of 1986, as amended. To qualify as a REIT, we must meet a number of organizational and operational requirements, including a requirement that we distribute currently at least 90% of ordinary taxable income to our stockholders. We intend to comply with these requirements and to maintain our REIT status.

Our principal business strategy is to acquire improved, commercial properties subject to long-term net leases. We acquire properties for their value as long-term investments and for their ability to generate income over an extended period of time. We have borrowed funds in the past to finance the purchase of real estate and we expect to do so in the future.

Our rental properties are generally leased to corporate tenants under operating leases substantially all of which are noncancellable. Substantially all of our lease agreements are net lease arrangements that require the tenant to pay not only rent, but also substantially all of the operating expenses of the leased property, including maintenance, taxes, utilities and insurance. A majority of our lease agreements provide for periodic rental increases and certain of our other leases provide for increases based on the consumer price index.

At March 31, 2006, excluding mortgages payable of our unconsolidated joint ventures, we had 37 outstanding mortgages payable, aggregating approximately \$167 million in principal amount, each of which is secured by a first lien on an individual real estate property. The real properties securing our outstanding mortgages payable have an aggregate carrying value of approximately \$253 million, adjusted for intangibles, before accumulated depreciation. The mortgages bear interest at fixed rates ranging from 5.125% to 8.8%, and mature between 2006 and 2023.

Edgar Filing: ONE LIBERTY PROPERTIES INC - Form 10-Q

Results of Operations

Comparison of Three Months Ended March 31, 2006 and 2005

Revenues

Rental income increased by \$807,000, or 11.9%, to \$7.6 million for the three months ended March 31, 2006 from \$6.8 million for the three months ended March 31, 2005. The increase in rental income is primarily due to \$792,000 of rental revenues earned during the three months ended March 31, 2006 on eight properties acquired by us between January 2005 and November 2005.

Operating Expenses

Depreciation and amortization expense increased by \$215,000, or 16.1%, to \$1.6 million for the three months ended March 31, 2006. The increase in depreciation and amortization expense was primarily due to the acquisition of eight properties between January 2005 and November 2005.

General and administrative expenses increased by \$232,000, or 26.6%, to \$1.1 million for the three months ended March 31, 2006. The increase was due to a number of factors including an increase of approximately \$35,000 for executive and support personnel, primarily for legal and accounting services, allocated to us pursuant to a Shared Services Agreement among us and related entities. Also included in the three months ended March 31, 2006 is an increase in compensation expense of \$97,000 relating to the amortization of restricted stock and an increase in payroll expense. The increase also results from \$40,000 of fees of special counsel retained by our Audit Committee and other legal fees incurred in connection with the investigation and litigation relating to certain financial dealings of our former president and chief executive officer. Professional fees also increased by \$15,000 in the three months ended March 31, 2006 primarily due to an increase in fees to our independent public accounting firm. Additionally, for the three months ended March 31, 2006, directors' fees increased by approximately \$16,000, travel expenses increased by approximately \$15,000 and other miscellaneous expenses increased by approximately \$14,000.

Real estate expenses decreased by \$37,000, or 38.9%, for the three months ended March 31, 2006, resulting primarily from operating expenses incurred in the 2005 three month period relating to two properties.

Other Income and Expenses

Our equity in earnings of unconsolidated joint ventures decreased by \$334,000, or 30.1%, to \$774,000 for the three months ended March 31, 2006. In February 2005, the operator of one of the movie theaters owned by one of our joint ventures sold its business to an independent third party, which sale resulted in the payment to the joint venture of rental arrearages totaling \$592,000. We have a 50% interest in this joint venture and the payment resulted in \$296,000 of equity in earnings to us in the three months ended March 31, 2005. The decrease in the three months ended March 31, 2006 also results from mortgage interest expense incurred by one of our joint ventures relating to a mortgage obtained on March 31, 2005. These decreases were offset, in part, by higher rent payments received during the three months ended March 31, 2006 from the new tenant in the movie theater discussed above.

Interest and other income increased by \$196,000 to \$216,000, for the three months ended March 31, 2006 primarily due to interest earned on our investment in short-term cash equivalents of the proceeds received from a mortgage financing completed during December 2005.

Edgar Filing: ONE LIBERTY PROPERTIES INC - Form 10-Q

Interest expense increased by \$293,000, or 11.7%, to \$2.8 million for the three months ended March 31, 2006. This includes an increase of \$449,000 on our mortgages payable, principally resulting from mortgages placed on eleven properties between January 2005 and December 2005. This increase was offset by a decrease of \$156,000 during the three months ended March 31, 2006 of interest expense related to our line of credit. The expense in the three months ended March 31, 2005 resulted from borrowings made to facilitate the purchase of several properties. There was no credit line balance outstanding during the three months ended March 31, 2006.

Amortization of deferred financing costs decreased by \$17,000, or 10.8%, to \$140,000 for the three months ended March 31, 2006. The decrease results from the write off of the balance of deferred financing costs related to a mortgage we paid off in full during the three months ended March 31, 2005, offset in part by the amortization of deferred mortgage costs during the three months ended March 31, 2006 resulting from mortgages placed on eleven properties between January 2005 and December 2005.

During February 2006, we sold an option to buy an interest in certain property adjacent to one of our properties and recognized a gain of \$227,000.

Discontinued Operations

During the year ended December 31, 2005, we sold five properties. The results of operations for these five properties are included in discontinued operations for the three months ended March 31, 2005. There were no discontinued operations during the three months ended March 31, 2006.

Liquidity and Capital Resources

We had cash and cash equivalents of approximately \$26.7 million at March 31, 2006. Our primary sources of liquidity are cash and cash equivalents, our revolving credit facility and cash generated from operating activities, including mortgage financings. We have a \$62.5 million revolving credit facility with Valley National Bank, Merchants Bank Division, Bank Leumi USA, Manufacturers and Traders Trust Company and Israel Discount Bank of New York. The facility is available to us to pay down existing and maturing mortgages, to fund the acquisition of properties or to invest in joint ventures. The facility matures on June 30, 2007. Borrowings under the facility bear interest at the lower of LIBOR plus 2.5% or the bank's prime rate, and there is an unused facility fee of one-quarter of 1% per annum. Net proceeds received from the sale or refinancing of properties are required to be used to repay amounts outstanding under the facility if proceeds from the facility were used to purchase or refinance such properties. There was no balance outstanding under the facility at March 31, 2006. During April 2006, we borrowed \$2 million under our facility and used approximately \$22.3 million in cash to purchase 11 properties (in a single transaction) and used approximately \$1.1 million in cash to purchase one additional property.

We are actively engaged in seeking additional property acquisitions, including acquisitions with joint venture partners, and we are involved in various stages of negotiation with respect to the acquisition of additional properties. We will fund our future real estate acquisitions by using cash provided from operations, cash provided from mortgage financings and funds available under our credit facility.

We had no outstanding contingent commitments, such as guarantees of indebtedness, or any other contractual cash obligations at March 31, 2006.

Cash Distribution Policy

We have elected to be taxed as a REIT under the Internal Revenue Code of 1986, as amended. To qualify as a REIT, we must meet a number of organizational and operational requirements, including a requirement that we distribute currently at least 90% of our ordinary taxable income to our stockholders. It is our current intention to comply with these requirements and maintain our REIT status. As a REIT, we generally will not be subject to corporate federal, state or local income taxes on taxable income we distribute currently (in accordance with the Internal Revenue Code and applicable regulations) to our stockholders. If we fail to qualify as a REIT in any taxable year, we will be subject to federal, state and local income taxes at regular corporate rates and may not be able to qualify as a REIT for four subsequent tax years. Even if we qualify as a REIT for federal taxation purposes, we may be subject to certain state and local taxes on our income and to federal income and excise taxes on our undistributed taxable income (i.e., taxable income not distributed in the amounts and in the time frames prescribed by the Internal Revenue Code and applicable regulations thereunder).

It is our intention to pay to our stockholders within the time periods prescribed by the Internal Revenue Code no less than 90% of our annual taxable income, including gains on the sale of real estate except where we elect to defer gains for tax purposes and invest the proceeds in new properties under applicable rules of the Internal Revenue Code. It will continue to be our policy to make sufficient cash distributions to stockholders in order for us to maintain our REIT status under the Internal Revenue Code.

Item 3. - Quantitative and Qualitative Disclosures About Market Risk

All of our long-term mortgage debt bears interest at fixed rates and accordingly, the effect of changes in interest rates would not impact the amount of interest expense that we incur under these mortgages. Our credit line is a variable rate facility which is sensitive to interest rates. Since there was no outstanding balance on the credit line during the three months ended March 31, 2006, changes in interest rates would not have had an impact on the amount of interest expense incurred during that period.

Item 4. - Controls and Procedures

As required under Rules 13a-15 (e) and 15d-15 (e) under the Securities Exchange Act of 1934, as amended, we carried out an evaluation under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934). Based upon that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures as of March 31, 2006 are effective.

There were no changes in our internal control over financial reporting (as defined in Rule 13a-15(f) under the Securities Exchange Act of 1934) during the first three months of the fiscal year ending December 31, 2006 that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.
