(Public Utility Holding Company Act of 1935)

TO THE SECURITIES AND EXCHANGE COMMISSION:

Dominion Resources, Inc., a Virginia corporation and registered holding company ("Dominion"), hereby submits the following Certificate of Notification pursuant to Rule 24.

By order dated December 15, 1999 (HCAR No. 27112) (the "Initial Financing Order") in the proceedings at File No. 70-9517, the Securities and Exchange Commission ("Commission") permitted the Application-Declaration of Dominion and Consolidated Natural Gas Company ("Old CNG"), to become effective. Concurrently, by order dated December 15, 1999 (HCAR No. 27113), the Commission authorized the merger (the "Merger") of Old CNG into a wholly-owned subsidiary of Dominion, which subsidiary as the survivor of the merger changed its name to Consolidated Natural Gas Company ("CNG"). The Merger was consummated on January 28, 2000. The Initial Financing Order authorized post-Merger financings for Dominion and CNG, and requires the filing by Dominion of certain certificates of notification pursuant to Rule 24.

By Commission order dated May 24, 2001 (HCAR No. 27406) (the "Second Financing Order") in the proceedings at File No. 70-9555, the financing authorizations of Dominion and its subsidiaries given in the Initial Financing Order were enhanced and extended.

Page 2

By Commission order dated October 5, 2000 (HCAR No. 27242) (the "Restructuring Order") in the proceeding at File No. 70-9679, Dominion was authorized to reorganize and restructure its existing nonutility interests along business and functional lines, using one of several business organizations.

By Commission order dated December 28, 2001 (HCAR No. 27485) in the proceeding at File No. 70-9555, an increase to Dominion's EWG investment limit was approved (the "December 28, 2001 Order").

By Commission order dated January 3, 2003 (HCAR 27634) (the "January 3, 2003 Order") in the proceeding at File No. 70-9967, Dominion was authorized to form a consolidated Dominion Money Pool (the "DRI Money Pool") and to terminate the existing CNG Money Pool.

By Commission order dated January 28, 2003 (HCAR No. 27644) in the proceeding at File No. 70-9477, Dominion was granted authorization to continue its process of divesting the holdings of its subsidiary Dominion Capital, Inc. ("DCI") beyond the third anniversary of the effective date of the merger authorized in the Commission's order of December 15, 1999 (HCAR No. 27113) (the "January 28, 2003 Order"). The January 28, 2003 Order requires that certain financial information relating to DCI's investments be filed with the Commission on a quarterly basis.

By Commission order dated December 12, 2003 (HCAR No. 27772) in the proceeding at File No. 70-10155, Dominion and Dominion Energy, Inc. ("DEI") were granted authorization to organize and acquire Dominion Wholesale, Inc. ("DWI"), as a subsidiary of DEI. The December 12, 2003 Order requires that certain financial information relating to DWI be filed with the Commission on a quarterly basis.

This certificate provides information with respect to transactions occurring under the Initial Financing Order, the Second Financing Order, the Restructuring Order, the December 28, 2001 Order, the January 3, 2003 Order, the January 28, 2003 Order, and the December 12, 2003 Order with respect to Dominion and its subsidiaries, including DEI, DCI, and Virginia Electric and Power Company ("Virginia Power").

Rule 52 transactions occurring during the quarter, if any, are reported on Forms U-6B-2 filed as exhibits to this certificate.

I. EWG/FUCO Investments

A. As determined pursuant to the December 28, 2001 Order, the Modified Rule 53 Test applicable to Dominion's investments in EWGs and FUCOs is one hundred percent of consolidated retained earnings plus \$4.5 billion. At December 31, 2003, Dominion's "aggregate investment" (as defined in Rule 53(a) under PUHCA) in all EWGs and FUCOs was approximately \$3.7 billion^(a) and "consolidated retained earnings" (as defined in Rule 53(a) under the PUHCA) was approximately \$1.6 billion. Accordingly, at December 31, 2003, Dominion's remaining investment capacity under the Modified Rule 53 Test was approximately \$2.4 billion.

B. Pursuant to a request for confidential treatment under Rule 104(b) of PUHCA, Dominion is concurrently filing in paper format as Exhibit A, certain information concerning the aggregate investment by EWG/FUCO Projects.

C. At December 31, 2003, Dominion's consolidated capitalization ratio was: debt 63%, common equity 36%, and preferred securities of subsidiaries of 1%. (For these purposes, "consolidated debt" means all long-term debt, long-term debt due within one year, notes payable and other short-term obligations, including any short-term debt and non-recourse debt of EWG/FUCO Projects, to the extent normally consolidated under applicable financial reporting rules).

D. At December 31, 2003, the market-to-book ratio of Dominion's common stock was 1.97 to 1.

E. In the fourth quarter of 2003, Dominion invested or committed to invest in EWG's or FUCO's amounts that count against the Modified Rule 53 Test. Such amounts are set forth in Exhibit A, which is being filed in paper format pursuant to a request for confidential treatment under Rule 104(b) of PUHCA.

(a)The amount of Dominion's "Aggregate Investment" excludes undistributed equity earnings and includes guarantees in the amount of \$2.0 billion.

Page 4

F. Pursuant to a request for confidential treatment under Rule 104(b) of PUHCA, Dominion is concurrently filing in paper format as Exhibit A, total earnings growth by EWG and FUCO Projects in the fourth quarter.

-- \$220 million of 2003 Series G, 2.125% senior notes due 2023; and

-- \$90 million of 2003 Series H, 2.25% senior notes due 2005.

During the quarter, the following long-term debt was repaid:

DCI --\$23 million of notes payable; and

During the quarter, Dominion executed two interest rate swap transactions to hedge fixed rate debt and two interest rate swap transactions to hedge variable rate debt. The financial terms of these swaps are being filed under separate cover as Exhibit F under a claim of confidential treatment pursuant to Rule 104(b).

III. EQUITY INVESTMENTS IN, AND GUARANTEES AND OTHER CREDIT SUPPORT BY DOMINION FOR OR ON BEHALF OF DEI, DCI, CNG AND/OR ITS SUBSIDIARIES

A. Equity Investments

During the quarter, Dominion converted certain amounts receivable from its subsidiaries to capital contributions. Those amounts included \$21 million to Virginia Power, \$6 million to CNG, \$1 million to DCI, and \$3 million to DEI.

Page 6

B. Guarantees and Other Credit Support (includes CNG Guarantees and Other Credit Support which are reported in CNG's quarterly Rule 24 certificate).

Guarantees, Letters of Credit and Surety Bonds

Beginning in 2003, the issuance of certain types of guarantees requires the recognition of a liability based on the fair value of the guarantee issued, even when the likelihood of making payments is remote. Furthermore, any performance required by Dominion under such guarantees would result in the recognition of additional liabilities in Dominion's Consolidated Financial Statements.

As of December 31, 2003, Dominion has guaranteed \$57 million related to officers' borrowings under executive stock loan programs, for which individual officers are personally liable for repayment. Substantially all of this guarantee is scheduled to expire in 2005. Because of new restrictions on corporate loans or guarantees under the Sarbanes-Oxley Act of 2002, Dominion has ceased its program of new third party loans to executives for the purpose of acquiring company stock.

As of December 31, 2003, Dominion and its subsidiaries had issued \$6.8 billion of guarantees, including: \$3.0 billion to support commodity transactions of subsidiaries; \$2.0 billion for subsidiary debt; \$626 million related to a subsidiary leasing obligation for a new power generation project, and \$1.2 billion for guarantees supporting other agreements of subsidiaries. Dominion had also purchased \$133 million of surety bonds and authorized the issuance of standby letters of credit by financial institutions of \$933 million. Dominion enters into these arrangements to facilitate commercial transactions by its subsidiaries with third parties. While the majority of these guarantees do not have a termination date, Dominion may choose at any time to limit the applicability of such guarantees to future transactions. To the extent a liability subject to a guarantee has been incurred by a consolidated subsidiary, that liability is included in Dominion's Consolidated Financial Statements. Dominion is not required to recognize liabilities for guarantees on behalf of its subsidiaries in the Consolidated Financial Statements, unless performance is considered probable. No such liabilities have been recognized as of December 31, 2003. Dominion believes it is unlikely that it would be required to perform or otherwise incur any losses associated with guarantees of its subsidiaries' obligations.
