PART IV

OTHER INFORMATION

For the three months ended September 30, 2007, the Company expects to report total revenue of \$5,122,000, an increase of \$950,000 from revenue of \$4,172,000 in the comparable quarter last year. For the nine months ended September 30, 2007, the Company expects to report total revenue of \$15,084,000, an increase of \$2,298,000 from revenue of \$12,786,000 in the comparable period last year.

The Company expects to report a net loss for the quarter ended September 30, 2007 of \$5,119,000, and that the basic and diluted net loss per share for the three months ended September 30, 2007 will be \$0.15 per share as compared to a net loss of \$5,738,000 or \$0.26 per basic and diluted share for the three months ended September 30, 2006. The fluctuation in results was primarily attributable to the gain related to the decrease in fair value of the outstanding warrants, partially offset by the increased selling and marketing expenses for CAPHOSOL and the impairment charge for SOLTAMOX. The Company had net loss of \$20,346,000 in the first nine months of 2007 compared to \$6,198,000 reported in the first nine months of 2006. The basic and diluted net loss per share for the first nine months of 2007 was \$0.65 compared to a basic and diluted net loss per share of \$0.28 for the same period in 2006. The significant fluctuation in results was due to the gain on the sale of our equity interest in the joint venture in 2006, increased selling and marketing expenses in 2007 for CAPHOSOL and SOLTAMOX (tamoxifen citrate), partially offset by the Advanced Magnetics litigation settlement in 2007 and the gain related to the decrease in fair value of the outstanding warrants.
