PROXY STATEMENT

2004 ANNUAL MEETING OF SHAREHOLDERS

To be held on April 27, 2004

General

The following information is furnished in connection with the solicitation by and on behalf of the Board of Directors of the enclosed proxy to be used at the 2004 Annual Meeting of Shareholders (the Annual Meeting) of Old Point Financial Corporation (the Company) to be held Tuesday, April 27, 2004, at 6:00 p.m. at the Williamsburg Marriott Hotel, 50 Kingsmill Road, Williamsburg, Virginia. The approximate mailing date of this Proxy Statement and accompanying proxy is March 29, 2004.

Revocation and Voting of Proxies

Execution of a proxy will not affect a shareholder's right to attend the Annual Meeting and to vote in person. Any shareholder who has executed and returned a proxy may revoke it by attending the Annual Meeting and requesting to vote in person. A shareholder may also revoke his proxy at any time before it is exercised by filing a written notice with the Company or by submitting a proxy bearing a later date. Proxies will extend to, and will be voted at, any properly adjourned session of the Annual Meeting. If a shareholder specifies how the proxy is to be voted with respect to any proposals for which a choice is provided, the proxy will be voted in accordance with such specifications. If a shareholder fails to specify with respect to such proposals, the proxy will be voted **FOR** proposals 1 and 2 set forth in the accompanying notice and further described herein.

Voting Rights of Shareholders

Only those shareholders of record at the close of business on March 15, 2004, are entitled to notice of and to vote at the Annual Meeting, or any adjournments thereof. The number of shares of common stock of the Company outstanding and entitled to vote at the Annual Meeting is 3,987,149. The Company has no other class of stock outstanding. The presence of a majority of the shares entitled to be voted, represented in person or by proxy, will constitute a quorum for the transaction of business.

Edgar Filing: OLD POINT FINANCIAL CORP - Form DEF 14A

Each share of Company common stock entitles the record holder thereof to one vote for each matter to be voted upon at the Annual Meeting, except that in the election of directors cumulative voting entitles a shareholder to give one nominee as many votes as is equal to the number of directors to be elected, multiplied by the number of shares owned by such shareholder or to distribute his or her votes on the same principle between two or more nominees as he or she sees fit. The Board of Directors will instruct the proxies to use cumulative voting, if necessary, to elect all or as many of the nominees as possible.

With regard to the election of directors, votes may be cast in favor or withheld. If a quorum is present, the nominees receiving a plurality of the votes cast at the Annual Meeting will be elected directors; therefore, votes withheld will have no effect. Approval of any other matter, including ratification of the appointment of Witt Mares Eggleston Smith, PLC, Certified Public Accountants, as the Company's independent public accountants, requires an affirmative vote of a majority of the shares cast on the matter. Thus, although abstentions and broker non-votes (shares held by customers that may not be voted on certain matters because the broker has not received specific instructions from the customers) are counted for purposes of determining the presence or absence of a quorum for the transaction of business, they are generally not counted for purposes of determining if a proposal has been approved, and therefore have no effect.

Solicitation of Proxies

The cost of solicitation of proxies will be borne by the Company. Solicitations will be made only by the use of the mail, except that officers and regular employees of the Company, The Old Point National Bank of Phoebus (the Bank) and Old Point Trust & Financial Services, N.A. (the Trust Company) may make solicitations of proxies in person or by telephone or mail, acting without compensation other than their regular compensation. We anticipate that brokerage houses and other nominees, custodians, and fiduciaries will be requested to forward the proxy soliciting material to the beneficial owners of the stock held of record by such persons, and the Company will reimburse them for their charges and expenses in this connection.

- (1) Refers to the year in which the individual first became a director of the Bank, with respect to Dr. Richard F. Clark, Eugene M. Jordan, and Robert F. Shuford, who became directors of the Company upon consummation of the Bank's reorganization on October 1, 1984. All present directors of the Company are also directors of the Bank. Dr. Richard F. Clark, Dr. Arthur D. Greene, Mr. John C. Ishon and Mr. Robert F. Shuford are also directors of the Trust Company.

None of the directors serve as directors of any other company with a class of securities registered pursuant to Section 12 of the Securities Exchange Act of 1934.

There are four family relationships among the directors and executive officers. Mr. Jordan is the father of Mr. Jordan, II and the father-in-law of Mr. Ishon. Mr. Shuford, Sr. and Dr. Schappert are married to sisters. Mr. Shuford, Sr. is the father of Mr. Shuford, Jr. The Board does not believe that these family relationships are material to an evaluation of the ability or integrity of these individuals. The Board is not aware of any involvement in legal proceedings by any of the Company's directors or executive officers that would be material to an evaluation of the ability or integrity of any director or executive officer.

The Board of Directors recommends that shareholders vote FOR the individuals nominated above to serve as Directors.

Corporate Governance

The Board of Directors is elected by the Company's shareholders; the Board, in turn, is the Company's governing body, responsible for hiring, overseeing and evaluating management; management is charged with the day to day operations of the Company and its affiliates.

The Board's primary responsibility is to provide oversight, counseling and direction to management in their efforts to fulfill the corporate strategy in maximizing opportunities, while addressing related business risks. The Board has delegated various responsibilities and authority to different board committees, which include the Audit Committee, Director's Loan Committee, Director's Loan Review Committee. Each of these committees operates pursuant to a written charter approved by the full Board.

Management has been delegated the authority and responsibility for managing the Company's lines of businesses in a manner consistent with the Company's Strategic Plan and Code of Conduct, and in accordance with any specific plan, instructions or direction of the Board of Directors or one of the Board's committees. The Chief Executive Officer and management are required to seek the advice and, in appropriate situations, the approval of the Board with respect to extraordinary actions to be undertaken by the Company.

Board Committees and Attendance

The current Board of Directors is comprised of a majority of independent directors, as defined by the listing standards of the NASDAQ Stock Market. Independent directors do not receive consulting, legal or other fees from the Company other than Board and committee compensation. Although companies affiliated with certain of these directors provide goods and services to the Company, the Board of Directors has determined in accordance with the NASDAQ listing standards that these independent directors have no relationships with the Company that would interfere with the exercise of their independent judgment in carrying out the responsibilities of a director. The independent directors are Messrs. Chisman, Clark, Evans, Goodson, Greene, Hansen, Harris, Morgan, and Zimm.

The Board reviews each member's independent status on an annual basis to ensure compliance with FDIC Improvement Act and NASDAQ listing standards. The members of the Board are also required to comply with the Company's Code of Conduct and to adhere to the regulatory requirements as set forth by the Federal Banking Regulatory agencies. Each director is required to confirm to the Company his commitment to these standards on an annual basis.

During 2003, there were 14 meetings of the Board of Directors of the Company. Each director attended at least 75% of all meetings of the Board and committees on which he served.

The Company has not adopted a formal policy on Board members' attendance at its annual meetings of shareholders, although all Board members are invited and encouraged to attend and, historically, most have done so. All Board members attended the Company's 2003 Annual Meeting of Shareholders.

The Board of Directors of the Company has standing Executive, Audit and Compensation Committees.

Executive Committee. Current members of the Executive Committee are Messrs. Shuford (Chairman), Hansen, Harris, Morris, and Dr. Clark. The Executive Committee serves in an advisory capacity, reviewing matters and making recommendations to the Board of Directors. The Executive Committee met 4 times in 2003.

Compensation Committee. The Compensation Committee is described under "Report on Executive Compensation".

Audit Committee. Current members of the Audit Committee are Messrs. Hansen (Chairman), Evans, Greene, and Harris. The Board of Directors has determined that all of the members of the Audit Committee satisfy the independence and financial literacy requirements for audit committee members under the NASDAQ listing standards and applicable SEC regulations. The Board of Directors has also determined that Mr. Evans qualifies as an audit committee financial expert within the meaning of applicable regulations of the SEC, promulgated pursuant to the Sarbanes-Oxley Act of 2002.

The Audit Committee assists the board in its financial reporting oversight duties, internal controls, audit function, whistle-blower policy, and other matters relating to corporate governance. The Audit Committee is responsible for the appointment, compensation, and oversight of the work of the company's independent accountants. The Audit Committee reviews on a regular basis the work of the Company's internal audit department. It also reviews and approves the scope and detail of the continuous audit program, which is conducted by the internal audit staff to protect against improper and unsound practices and to furnish adequate protection for all assets and records. During 2003, the Audit Committee met 4 times.

Nominations. The Board has no separate nominating committee. The Board does not believe that it is necessary to have a Nominating Committee because it believes that the functions of a Nominating Committee can be adequately performed by its Board members. As of the date of this Proxy Statement, the Executive Committee reviews any director nominations or recommendations and then makes recommendations to the Board. The entire Board, which consists of a majority of independent directors, reviews on an as needed basis, the qualifications of candidates for membership to the Board. Following appropriate review, the Board ascertains the willingness of selected individuals to serve and extends invitations to be nominated to serve as a Board member.

Because the Executive Committee contains non-independent members, following the 2004 Annual Meeting, the Executive Committee will no longer perform the role of reviewing and considering potential director nominees for recommendation to the full Board. The Board is currently in the process of developing a director nominations process that will comply with the NASDAQ listing standards following the 2004 Annual Meeting.

Qualifications for consideration as a Board nominee may vary according to the particular areas of expertise being sought to complement the existing Board composition. However, in making its nominations, the Board of Directors considers, among other things, an individual's business experience, industry experience, financial background, breadth of knowledge about issues affecting the Company, time available for meetings and consultation regarding Company matters and other particular skills and experience possessed by the individual.

Edgar Filing: OLD POINT FINANCIAL CORP - Form DEF 14A

In its capacity as the nominating committee, the Executive Committee will accept for consideration shareholders' nominations for directors if made in writing by a shareholder entitled to vote in the election of directors. In accordance with the Company's bylaws, such a shareholder nomination must include sufficient background information with respect to the nominee, sufficient identification of the nominating shareholder and a representation by the shareholder of his or her eligibility and intention to appear at the annual meeting (in person or by proxy) to nominate the individual specified in the notice, a description of any arrangements or understandings between the shareholder and the nominee or others regarding the nomination, an indication of the total number of shares expected to be voted for the nominee, and the nominee's written consent to the nomination. Shareholder nominations must be received by the Company's President at the Company's principal office in Hampton, Virginia, not more than 50 days and not less than 14 days prior to the date of the 2005 annual meeting in order to be considered for the 2005 annual election of directors.

Compensation Committee Interlocks and Insider Participation

Current members of the Compensation Committee are Messrs. Goodson (Chairman), Dr. Clark, Evans, and Morgan. No member of the Compensation Committee is or has been an officer or employee of the Company or any of its affiliates. Furthermore, none of the Company's executive officers has served on the board of directors of any company of which a Compensation Committee member is an employee.

During 2003 and through the present time, there have been transactions between the Company's banking subsidiary and certain members of the Compensation Committee or their associates, all consisting of extensions of credit by the Bank in the ordinary course of business. Each transaction was made on substantially the same terms, including interest rates, collateral and repayment terms, as those prevailing at the time for comparable transactions with the general public. In the opinion of management, none of the transactions involved more than the normal risk of collectibility or presented other unfavorable features.

Royden Goodson, III is president, provided products and services to the Company for which the Company paid \$65,224 during 2003.

Correspondence not directed to a particular Board member will be referred, unopened, to the Chairman of the Board.

Directors' Compensation

Directors of the Bank and Trust Company receive \$400 and \$250, respectively, for each board meeting they attend. The directors of the Bank and Trust Company receive \$150 for each committee meeting they attend. All Company directors have been elected as directors of the Bank, but there is no assurance that this practice will continue. Not all Company directors serve as directors of the Trust Company.

Directors who are employees of the Company and its subsidiaries receive the stated fees for attendance at Board meetings, but do not receive any fees for committee meetings and are not paid annual retainer fees.

Interest of Management in Certain Transactions

Some of the Company's directors, executive officers, and members of their immediate families, and corporations, partnerships and other entities of which such persons are officers, directors, partners, trustees, executors or beneficiaries, are customers of the Bank. All loans and commitments to lend to such individuals were made in the ordinary course of business, upon substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and did not involve more than normal risk of collectibility or present other unfavorable features.

Hampton Stationery, of which director John Cabot Ishon is president, provided products and services to the Company for which the Company paid \$42,500 during 2003. (2) Includes zero shares available to be granted in the form of options under the 1989 Stock Option Plan, and 227,634 shares available to be granted in the form of options under the 1998 Stock Option Plan.

Stock Option Plans. The Company has two stock option plans – the 1989 Stock Option Plan and the 1998 Stock Option Plan (the Plans). The Plans provide for the award of nonqualified stock options and incentive stock options to directors and employees of the Company and its subsidiaries selected by the Board of Directors to participate in the Plans. The Board of Directors makes awards under the Plans and establishes the terms and conditions of each award in the option agreement entered into with each optionee. The price of shares of stock to be issued upon the exercise of options will be at least 100% of the fair market value on the date of award. Options may not be granted more than ten years after the adoption of the Plans by the Board and are exercisable only during the term specified in the option agreement, which in the case of incentive stock options shall not exceed ten years. The options are not transferable other than by will or the laws of descent and distribution. The 1989 Plan did not permit grants of options to non-employees, whereas, the 1998 Plan permits grants of options to non-employee directors.

Retirement Benefits

Pension Plan. The Company has a noncontributory defined benefit pension plan, which covers substantially all full-time employees of the Company and its subsidiaries who have completed one year of service. A participant's monthly retirement benefit (if he or she has 25 years of benefit service at his normal retirement date) is 20% of his final five-year's average salary plus 15% of final five-year's average salary in excess of the participant's Social Security Covered Pay. The Social Security Covered Pay is the average pay of the calendar year prior to the year the participant attains his Social Security Retirement Age. If the participant has less than 25 years of benefit service at his Normal Retirement Date, the participant's monthly retirement benefit will be actuarially reduced by 1/25 for each year of benefit service less than 25 years. Cash benefits under the plan generally commence on retirement, death or other termination of employment and are payable in various forms at the election of the participant.

Edgar Filing: OLD POINT FINANCIAL CORP - Form DEF 14A

The following table shows the estimated annual retirement benefits payable to employees in the average annual salary and years of service classifications set forth below assuming retirement at the normal retirement age of 65.

\$200,000	\$38,450	\$51,267	\$64,083	\$64,083	\$64,083

Benefits under the pension plan are based on a straight life annuity assuming full benefit at age 65, no offsets, and covered compensation of \$39,444 for a person age 65 in 2002. Compensation is currently limited to \$200,000 by the Internal Revenue Code. The estimated annual benefit payable under the pension plan upon retirement is \$48,801, \$38,463, \$24,497, \$29,764 and \$19,070 for Messrs. Shuford, Morris, Epes, Mrs. Causby, and Mrs. Grabow, respectively, credited with 38, 37, 21, 47, 36 years of service, respectively. Benefits are estimated on the basis that they will continue to receive, until age 65, covered salary in the same amount paid in 2002.

The Company owns life insurance policies on the above executive officers, in which their beneficiaries will receive three times their annual salary upon death, except that Mr. Shuford's beneficiary will receive 50% of three times his annual salary.

Compensation Committee Report on Executive Compensation

Compensation for the CEO and other executive officers is administered by the Compensation Committee (the Committee). The Committee is comprised of four non-employee directors, Messrs. Goodson (Chairman), Evans, Morgan and Dr. Clark, each of whom is independent under the NASDAQ listing standards. It met two times in 2003. All decisions of the Committee are recommended to the entire Board of Directors, which makes the final decisions, except Mr. Shuford, Sr. and Mr. Morris are not present during deliberations or voting with respect to their compensation.

In an environment characterized by change, regulatory oversight and increased competition, total executive compensation is designed to attract and retain qualified personnel by providing competitive levels of compensation as compared to similarly sized financial institutions. Executive compensation consists of the several elements specified in the Summary Compensation Table under Executive Compensation, namely, base salary and annual and long-term incentive compensation. Base salaries generally represent a large portion of the executive officers' total cash compensation and are considered to be average relative to comparably sized financial institutions. Bonuses make up a smaller portion of the executive officers' total cash compensation. The Committee believes that basing a portion of an executive officer's compensation on both the Company's performance and that of the individual motivates the executive to perform at the highest possible level. Bonuses are determined based upon the Company's performance and that of the individual executive during the fiscal year. In evaluating performance, financial, non-financial and long-term strategic objectives are considered.

As a component of our executive officers' compensation program, the Committee annually considers awarding executive officers options to acquire shares of the Company's common stock. The Committee believes that stock options provide a highly efficient form of compensation from both a cost and an accounting perspective, and that such awards provide an incentive to achieve the Company's longer-term strategic goals by aligning the long-term financial interests of the executive officers with those of our shareholders. The committee also believes that significant levels of stock ownership and ownership potential will assist in retaining the qualified and motivated executive officers.

In making its recommendation to the Board, the Committee obtains from market and economic research companies information pertaining to CEO and other executives' salary levels at other comparable financial institutions. Annual compensation is determined by evaluating several factors. The primary factor considered in evaluating the level of CEO and other executive compensation is the progress the Company made during the year in achieving performance goals. The performance goals evaluated include, but are not limited to, return on average assets, return on average equity, net income, asset quality, and deposit and loan growth. Secondary factors considered by the Committee include comparing the Company's performance with other local institutions and comparable executive compensation packages. Lastly, the Committee gives some consideration to the expected future contributions of the executive, the executive's length of service and standing within the local banking communities, general economic conditions, and other factors. Bonuses are awarded based on evaluation of the foregoing factors relating to the Company's financial performance. Decisions regarding compensation, however, are mostly subjective in nature, and no specific formulas are used to calculate an executive's compensation.

Edgar Filing: OLD POINT FINANCIAL CORP - Form DEF 14A

The asset growth, loan growth and earnings increase resulted in an overall positive financial performance of the Company and its subsidiaries in fiscal year 2003. In addition, the Company attained the majority of its 2003 non-financial objectives and made significant strides towards its long-term strategic goals.

For 2003, the committee recommended and the Board approved 2003 compensation of Mr. Shuford, Chairman, CEO and President of the Company, pursuant to the policies described above for executive officers. The base salaries effective in March 2003 were as follows: Mr. Shuford, \$185,000; Mr. Morris, \$160,000; Mr. Epes, \$125,000; Mrs. Causby, \$125,000; and Mrs. Grabow, \$100,000.

For 2003, the committee recommended and the Board approved bonuses be granted to Mr. Shuford in the amount of \$40,000, to Mr. Morris in the amount of \$28,350, to Mr. Epes in the amount of \$22,260, to Mrs. Causby in the amount of \$22,230 and to Mrs. Grabow in the amount of \$17,700. No stock options were granted in 2003.

Report of the Audit Committee

The Audit Committee of the Board of Directors (the Committee) is composed of four directors, each of whom satisfies the independence requirements of Rule 4200(a)(15) of the National Association of Securities Dealers listing standards and FDICIA for audit committee members. In addition, the Board of Directors has also determined that Mr. Evans qualifies as an audit committee financial expert within the meaning of applicable regulations of the SEC, promulgated pursuant to the Sarbanes-Oxley Act of 2002.

The Committee operates under a written charter adopted by the Board of Directors, a copy of which is attached as Appendix A to this Proxy Statement. The Board amended the Audit Committee Charter in October 2003 to comply with applicable NASDAQ listing standards and SEC rules and regulations. The Committee reviews and reassesses the charter annually and recommends any changes to the Board for approval.

The Committee oversees the Company's financial reporting process on behalf of the Board. Management has the primary responsibility for the consolidated financial statements and the reporting process, including the system of internal controls. The independent accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with accounting principles generally accepted in the United States of America and to issue a report thereon. The Committee monitors and oversees these processes and has sole responsibility for the appointment, compensation and evaluation of the Company's independent accountants.

Management is responsible for the Company's internal controls, financial reporting process and compliance with the laws and regulations and ethical business standards. The Company's independent accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The Committee's responsibility is to monitor and oversee these processes. In this connection, during 2003, the Committee implemented a Whistleblower Policy, which was ratified by the full Board of Directors, in compliance with the Sarbanes-Oxley Act of 2002 and NASDAQ listing standards.

In this context, the Committee has met and held discussions with management and the independent accountants. Management represented to the Committee that the Company's audited consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Committee has reviewed and discussed the audited consolidated financial statements with management and the independent accountants. The Committee discussed with the independent accountants matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended, including their judgments about the quality, not just the acceptability, of the Company's accounting principles and underlying estimates in the Company's consolidated financial statements; all critical accounting policies and practices to be used; all alternative treatments within generally accepted accounting principles for policies and practices related to material terms that have been discussed with management of the Company; and other material written communication between the independent accountants and the management of the Company, such as any management letter or schedule of unadjusted differences.

The Company's independent accountants also provided to the Committee the written disclosures and letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Committee discussed with the independent accountants that firm's independence.

Edgar Filing: OLD POINT FINANCIAL CORP - Form DEF 14A

The Committee also discussed with the Company's internal and independent accountants the overall scope and plans for their respective audits. The Committee met with the internal and independent accountants, with and without management present, to discuss the results of their examinations, the evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

Based upon the Committee's discussions with management and the independent accountants and the Committee's review of the representation of management and the written disclosures and report of the independent accountants to the Committee, the Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2003, for filing with the Securities and Exchange Commission.

The Audit Committee, or a designated member of the Audit Committee, must pre-approve all audit (including audit-related) and non-audit services performed by the independent accountants in order to assure that the provisions of such services does not impair the accountants' independence. The Audit Committee has delegated interim pre-approval authority to Mr. Hansen, Chairman of the Audit Committee. FIVE YEAR STOCK PERFORMANCE

The line graph below compares the Company's shareholder return with the return of the NASDAQ Bank Index and the Russell 2000 Index.

Edgar Filing: OLD POINT FINANCIAL CORP - Form DEF 14A

This performance graph was created by comparing the percentage change in stock prices for the Company and the indices on a year to year basis, factoring in dividend payments, and looking only at the closing price of the stock as of December 31 of each year surveyed. This graph may be affected by unusually high or low prices at December 31, 1999 or by temporary swings in stock price at December 31 of any given year. Accordingly, this is not necessarily the best measure of the Company's performance.

The index reflects the total return on the stock that is shown, including price appreciation, all stock splits and stock dividends, and reinvestment of cash dividends at time of payment, relative to the value of the stock at the beginning of the time period. Thus a move from 100 to 150 on the index scale indicates a 50% increase in the value of the investment. The NASDAQ Bank Index contains all non-holding company banking institutions traded on the NASDAQ exchange. In addition to traditional banks this includes thrifts but does not include other non-regulated finance companies. The Russell 2000 index is comprised of the smallest 2000 companies in the Russell 3000 Index, which tracks almost 99 percent of the stocks included in portfolios of institutional investors.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires directors, executive officers, and 10% beneficial owners of the Company's common stock to file reports concerning their ownership of common stock. The Company believes that its officers, directors and 10% beneficial owners during 2003 complied with all filing requirements under Section 16(a).

Witt Mares Eggleston Smith, PLC (known as Eggleston Smith, P.C. prior to its merger with Witt Mares & Company, PLC) rendered audit services to the Company during the fiscal year ended December 31, 2003.
