Item 2.01 Completion of Acquisition or Disposition of Assets.

On March 20, 2018, Carlisle Companies Incorporated, a Delaware corporation (the "Company"), Carlisle, LLC, a Delaware limited liability company and an indirect, wholly-owned subsidiary of the Company ("Seller"), Carlisle FoodService Products, Incorporated, a Delaware corporation and a direct, wholly-owned subsidiary of Seller ("CFS") completed the previously announced definitive agreement (the "Sale Agreement") to sell all of the outstanding shares of capital stock of CFS to CFSP Acquisition Corp., a Delaware corporation ("Buyer") and an affiliate of The Jordan Company, L.P., a New York limited partnership ("Jordan") for cash in the amount of \$750 million, subject to certain adjustments. The final purchase price is subject to a net working capital adjustment to be settled within 60 days of the closing date. Target net working capital, as defined in the Sale Agreement, is \$55.8 million.

Item 8.01. Other Events.

On March 20, 2018, the Company announced that it completed the previously announced sale of Carlisle FoodService Products to The Jordan Company of New York, NY, for \$750 million in cash, subject to certain adjustments. A copy of the related press release the Company issued announcing the completion is filed with this report as Exhibit 99.1.

Item 9.01. Financial Statements and Exhibits.

(b) Pro forma financial information

The following unaudited pro forma condensed financial statements (the "Pro Forma Financial Statements") have been prepared to reflect the sale of the Company's ownership interests in the Carlisle FoodService Products operations to an affiliate of The Jordan Company, L.P., which was completed on March 20, 2018 (the "sale transaction").

The unaudited pro forma condensed balance sheet is presented as if the sale transaction had occurred on December 31, 2017. The unaudited pro forma condensed statements of earnings for the years ended December 31, 2017, 2016 and 2015, are presented as if the sale transaction had occurred on January 1, 2015. The historical consolidated financial information has been adjusted to reflect factually supportable items that are directly attributable to the sale transaction and, with respect to the statements of earnings only, expected to have a continuing impact on the combined results. The Pro Forma Financial Statements also reflect the impact of the royalty agreement between the Company and the Buyer, which was entered into simultaneously with the sale agreement. This transaction is ongoing and only reflected in the most recent annual period presented, the year ended December 31, 2017.

The Pro Forma Financial Statements have been prepared using the sale of a business method of accounting under accounting principles generally accepted in the United States ("U.S."). The sale transaction is subject to closing adjustments that have not yet been finalized. Accordingly, the pro forma adjustments are preliminary, and have been made solely for the purpose of providing Pro Forma Financial Statements as required by the U.S. Securities and Exchange Commission ("SEC") rules. Differences between these preliminary estimates and the final sale accounting may be material.

The Pro Forma Financial Statements are provided for informational purposes only and do not purport to represent what the actual consolidated results of operations or the consolidated financial position of the Company would have been had the sale transaction occurred on the dates assumed, nor are they necessarily indicative of future consolidated results of operations or consolidated financial position. The Pro Forma Financial Statements should be read in conjunction with (i) the accompanying notes to the Pro Forma Financial Statements; and (ii) the audited consolidated financial statements and accompanying notes of the Company contained in its annual report on Form 10-K for the year ended December 31, 2017.
