PROXY STATEMENT

April 14, 2016

GENERAL

Introduction

The Annual Meeting of Stockholders of Denny's Corporation, a Delaware corporation, will be held on Tuesday, May 24, 2016, at 8:30 a.m., Eastern Time (the "Annual Meeting"), for the purposes set forth in the accompanying Notice of Meeting. This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Denny's Corporation (the "Board") to be used at the upcoming Annual Meeting. The information provided herein concerns not only Denny's Corporation, but also Denny's, Inc., a subsidiary which Denny's Corporation wholly owns, in that substantially all operations of Denny's Corporation are currently conducted through Denny's, Inc. Because the Annual Meeting is virtual and being held via live webcast, stockholders will not be able to attend the Annual Meeting in person.

Stockholder Voting

You may vote at the Annual Meeting either by proxy or personally at the Annual Meeting. Only holders of record of common stock of Denny's Corporation, par value \$0.01 per share (the "Common Stock") as of the close of business on March 29, 2016 (the "Record Date") will be entitled to notice of, and to vote at, the Annual Meeting. This Proxy Statement is first being made available to each such stockholder beginning on or about April 14, 2016.

Voting by Proxy

To vote by proxy, you must either properly execute and return (prior to the Annual Meeting) the proxy card, or follow the instructions set forth in the enclosed proxy card to vote by phone or on the Internet. Where you have appropriately specified how your proxy is to be voted, it will be voted accordingly. If no specifications are made, your proxy will be voted (i) in favor of the ten (10) nominees to the Board, (ii) in favor of the selection of KPMG LLP as the independent registered public accounting firm of Denny's Corporation and its subsidiaries (collectively, the "Company") for the year ending December 28, 2016, (iii) in favor of the non-binding advisory resolution to approve the compensation of the Company's named executive officers, and (iv) in favor of the amendment to the Company's By-laws to designate Delaware as the exclusive forum for certain legal actions, as described herein. The Company does not know of any matter that is not referred to herein to be presented for action at the Annual Meeting. If any other matter of business is brought before the Annual Meeting, the proxy holders may vote the proxies at their discretion.

If you execute a proxy, you may revoke it at any time before it is exercised by delivering a written notice to J. Scott Melton, Assistant General Counsel, Corporate Governance Officer and Secretary of Denny's Corporation, either at the Annual Meeting or prior to the date of the Annual Meeting at the Denny's Corporation Corporate offices, 203 East Main Street, Spartanburg, South Carolina 29319, by executing and delivering a later-dated proxy, or by attending the virtual meeting and voting online. If you vote by telephone or by accessing the Internet voting website, you may also revoke your proxy by re-voting using the same procedure no later than 11:59 p.m., Eastern Time, on Monday, May 23, 2016.

Voting at the Meeting

Many of our stockholders hold their shares through stockbrokers, banks, or other nominees, rather than directly in their own names (i.e., a stockholder of record). If your shares are registered directly in your name with our transfer agent, Continental Stock Transfer & Trust Company, you are a stockholder of record. As a stockholder of record, you have the right to grant your voting proxy directly to the Company and vote your shares by proxy in the manner described above, or you may personally vote your shares at the Annual Meeting. To attend and vote personally at the meeting, visit www.virtualshareholdermeeting.com/DENN2016, using the 16-digit control number on the Notice of Internet Availability of Proxy Materials (the "Notice") or other proxy card. Even if you plan to attend, we recommend

that you vote in advance by proxy, in case you later change your mind and determine not to attend the meeting.

If your shares are held in a stock brokerage account or by a bank or other nominee, you are the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you by your broker or other nominee, who is considered to be the stockholder of record. As the beneficial owner, you have the right to tell your nominee how to vote, and you are also invited to attend the Annual Meeting online. However, since you are not the stockholder of record, you may not vote your shares at the Annual Meeting online unless you obtain a legal proxy from your nominee authorizing you to do so. Your nominee has sent you instructions on how to direct the nominee's vote. You may vote by following those instructions and the instructions in the Notice.

Voting Requirements

At the Annual Meeting, holders of Common Stock will have one vote per share and a quorum, consisting of a majority of the outstanding shares of Common Stock as of the Record Date, represented in person or by proxy, will be required for the transaction of business by stockholders. A quorum being present, directors will be elected and the other actions proposed in the accompanying Notice of Meeting (other than the proposed amendment to the By-laws) will be decided by a majority of votes cast on the matter. Approval of the proposed amendment to the By-laws will require the affirmative vote of a majority of the stock issued and outstanding and entitled to vote at the Annual Meeting. Abstentions and broker non-votes will be counted for purposes of determining whether a quorum has been reached, but will not be counted in determining the number of shares voted “for” or “against” any director-nominee or on any other proposal, and therefore will not affect the outcome of any proposal (other than the proposed amendment to the By-laws). Abstentions and broker non-votes will effectively constitute votes against the proposed amendment to the By-laws. As of the close of business on the Record Date, 76,914,225 shares of Common Stock were issued and outstanding and entitled to be voted at the Annual Meeting.

Attending the Annual Meeting

This year’s Annual Meeting will be a completely virtual meeting of stockholders and will be webcast live over the Internet. Please go to www.virtualshareholdermeeting.com/DENN2016 for instructions on how to attend and participate in the Annual Meeting. Any stockholder may attend and listen live to the webcast of the Annual Meeting over the Internet at such site. Stockholders as of the Record Date may vote and submit questions while attending the Annual Meeting via the Internet by using the 16-digit control number included in the Notice or proxy card that accompanied these proxy materials. The webcast starts at 8:30 a.m., Eastern Time. We encourage you to access the meeting prior to the start time.

Director Term Limits and Retirement Age

We do not believe that arbitrary limits on the number of consecutive terms a director may serve are appropriate in light of the substantial benefits that result from a continued focus on the Company's business, strategy and industry over a significant period of time. We do value fresh perspectives and ideas which enhance and benefit our brand's competitive performance, and therefore we seek to have a mix of director short-term, mid-term and long-term tenures on our Board. Within these parameters, each individual's performance and continued contribution is assessed by the Corporate Governance and Nominating Committee in connection with the annual renomination determination. Under the Company's Corporate Governance Policy, the standard retirement age for the Company's directors is 75. It is the general policy of the Corporate Governance and Nominating Committee not to nominate candidates for re-election at any annual stockholder meeting to be held after he or she has attained the applicable retirement age. The Board, however, may waive the mandatory retirement age for a specific director in its sole discretion.

Compensation and Incentives Committee

Summary of Responsibilities. The Compensation and Incentives Committee (the “Compensation Committee”), which held six (6) meetings in 2015, is responsible for (i) overseeing the Company’s overall compensation program and philosophy, (ii) reviewing and approving the compensation of the Chief Executive Officer and senior management of the Company, (iii) administering the Company’s short- and long-term incentive plans and other stock or stock-based plans, (iv) overseeing the Company’s executive compensation disclosure and issuing the Compensation Committee’s report as required by the applicable rules and regulations governing the Company’s annual proxy statement, (v) reviewing and making recommendations to the Board regarding director compensation, (vi) overseeing the Company’s stock ownership guidelines, and (vii) overseeing the Company’s various benefit plans. For a complete description of the Compensation Committee’s power, duties and responsibilities, see the charter of the Compensation Committee which may be found on the Company’s website at www.dennys.com.

Process for Determination of Executive and Director Compensation. Executive compensation is determined by the Compensation Committee pursuant to the authority granted to it by the Board. Director compensation is determined by the Board upon recommendation by the Compensation Committee. The Compensation Committee has engaged independent consultants Pearl Meyer (from September 2014 to present) and considered data and analysis prepared by these consultants regarding competitive pay practices among the Company’s peer group and the restaurant industry as a guide in determining the appropriate level of director and executive officer compensation. The Compensation Committee assessed the independence of Pearl Meyer in its capacity as the compensation consultant to the Compensation Committee pursuant to SEC and NASDAQ rules and concluded that no conflict of interest exists that would prevent Pearl Meyer from serving as an independent consultant to the Compensation Committee.

The Compensation Committee considered the recommendation of the Company's Chief Executive Officer (the "CEO") with respect to compensation levels of executive officers other than the CEO. When making compensation decisions, the Compensation Committee annually analyzes tally sheets prepared for each of the named executive officers. These tally sheets were prepared by our human resources department and Pearl Meyer. Each of these tally sheets presents the dollar amount of each component of the named executive officers' compensation, including current cash compensation (base salary and bonus), accumulated deferred compensation balances, outstanding equity awards, retirement benefits, perquisites and any other compensation. These tally sheets reflect the annual compensation for the named executive officers (both target and actual), as well as the potential payments under selected performance, termination, and change-in-control scenarios.

The overall purpose of these tally sheets is to bring together, in one place, all of the elements of actual and potential future compensation of our named executive officers, as well as information about wealth accumulation, so that the Compensation Committee may analyze both the individual elements of compensation (including the compensation mix) as well as the aggregate total amount of actual and projected compensation. For additional information regarding the process and procedures for determining executive and director compensation, see the “Executive Compensation – Compensation Discussion and Analysis” section elsewhere in this Proxy Statement.

Compensation Risk Assessment. For 2015, a group of senior management from various departments of the Company completed a process by which an assessment was made of the level and materiality of identified risks associated with the Company’s compensation practices and policies for its employees. This assessment was under the direction of the Compensation Committee and the findings were reviewed and discussed with the committee. Specifically, the Company’s incentive plans were evaluated against a set of indicators that included pay mix, performance metrics, target setting/pay determination and governance/administration. Based on this assessment, the Compensation Committee determined that the risks arising from the Company’s compensation practices and policies are not reasonably likely to have a material adverse impact on the Company.

Compensation Committee Interlocks and Insider Participation. The following persons served as members of the Compensation Committee during the fiscal year ended December 30, 2015: Gregg R. Dedrick, Donald C. Robinson, Brenda J. Lauderback, Louis P. Neeb (through May 20, 2015), Debra Smithart-Oglesby and Laysha Ward (from May 21, 2015). During 2015, none of the members of the Compensation Committee had any relationship, directly or indirectly, with the Company requiring disclosure under Item 404 of Regulation S-K, and none of our executive officers served on the compensation committee (or equivalent) or the board of directors of another entity whose executive officers served on our Board or Compensation Committee.

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis section of this Proxy Statement and based on this review and discussion, the Compensation Committee has recommended to the Board that the “Executive Compensation – Compensation Discussion and Analysis” section be included in this Proxy Statement and incorporated by reference into the Company’s Annual Report on Form 10-K for the year ended December 30, 2015.

- he or she must have experience in a position with a high degree of responsibility in a business or other organization;
- he or she must be able to read and understand basic financial statements;
- he or she must possess integrity and have high moral character;
- he or she must be willing to apply sound, independent business judgment;
- he or she must have sufficient time to devote to being a member of the Board; and

Annually, the Governance Committee will identify the areas of expertise or skill needed on the Board for the upcoming Board term. The Governance Committee will identify potential nominees for director from (i) the slate of current directors, (ii) referrals from professional search firms, typically in those instances when the committee identifies a needed skill or expertise not possessed by the current slate of directors, and (iii) recommendations from stockholders.

The Governance Committee will evaluate a potential nominee by considering whether the potential nominee meets the minimum qualifications identified by the committee, as well as considering the following factors:

- whether the potential nominee has leadership, strategic, or policy setting experience in a complex organization, including any scientific, governmental, educational, or other non-profit organization;
- whether the potential nominee has experience and expertise that is relevant to the Company's business including any specialized business experience, technical expertise, or other specialized skills, and whether the potential nominee has knowledge regarding issues affecting the Company;
- whether the potential nominee is highly accomplished in his or her respective field;
- whether the potential nominee has high ethical character and a reputation for honesty, integrity, and sound business judgment;
- whether the potential nominee is independent, as defined by NASDAQ or other applicable listing standards and SEC rules, whether he or she is free of any conflict of interest or the appearance of any conflict of interest, and whether he or she is willing and able to represent the interests of all Denny's Corporation stockholders;
- any factor affecting the ability or willingness of the potential nominee to devote sufficient time to the Board's activities and to enhance his or her understanding of the Company's business; and
- how the potential nominee would contribute to diversity, with a view toward the needs of the Board.

The manner in which the Governance Committee evaluates a potential nominee will not differ based on whether the potential nominee is recommended by a stockholder.

Additionally, with respect to an incumbent director whom the Governance Committee is considering as a potential nominee for re-election, the Governance Committee will review and consider the incumbent director's service during his or her term, including the number of meetings attended, level of participation, and overall contribution to the Company.

The Company did not pay fees to a professional search firm to help identify and evaluate potential nominees for director for 2016.

Board Diversity. The Governance Committee and the Board are committed to a diversified membership, with a particular emphasis on individuals who satisfy the factors outlined above and individuals with a wide variety of management, operating, and restaurant experience and skills, in addition to other attributes such as race, gender and national origin. The Governance Committee continually looks for opportunities to develop its diversity initiatives further.

Board Leadership Structure and Risk Oversight

Over the past fourteen years, the Company has separated the positions of CEO and Board Chair and has appointed an independent Board Chair. During a seven-month period (June 2010 – January 2011), Ms. Smithart-Oglesby, in addition to her role as Board Chair, also held the position of Interim CEO while the Company conducted the hiring process for a permanent CEO. At the conclusion of that seven-month period, and with the hiring of Mr. Miller as the Company's CEO, the two positions were again separated. Ms. Smithart-Oglesby now serves solely as Board Chair. The Company believes having a separate CEO and Board Chair is an important part of its overall commitment to the highest standards of corporate governance and believes that it allows the Board to effectively develop and oversee its business strategy and monitor risk. The separate positions also allow the Board to freely perform its management oversight function. Additionally, each member of the Board, with the exception of Messrs. Miller and Wolfinger, is independent under the applicable standards. It is the Board's policy to appoint a Lead Director during any time when the Board Chair position is not held by an independent director. The responsibilities of the Lead Director, when applicable, would include (i) regularly meeting (by phone or in person) with the CEO to discuss the financial and operational status of the Company, (ii) staying abreast of Company issues in greater depth than required of other Board members in order to assist, if necessary, during the period of transition of Company leadership, and (iii) leading periodic executive sessions of the independent Board members. Our Board has determined that its current structure, with separate CEO and Board Chair roles and an independent Lead Director, if necessary, is in the best interests of the Company and its stockholders at this time.

The Board has the ultimate responsibility for risk management. However, the Board has delegated the responsibility of risk assessment and risk management to the Audit Committee. Periodically, with the assistance of management, the Audit Committee undertakes an extensive Company-wide risk assessment. This extensive risk assessment identifies the main strategic, operational and financial risks the Company is facing based on its strategic objectives. The assessment also identifies the steps that management is or should be taking to address and mitigate exposure to such risks, and the Audit Committee will periodically receive reports from management regarding the steps that management is taking to address and mitigate such risks.

Board Meeting Information

During 2015, there were six (6) meetings of the Board. Each director serving on the Board in 2015 attended at least 75% of the meetings of the Board (and, as applicable, committees thereof) during the year. At each meeting, the Board holds a regularly scheduled executive session at which only independent directors are present.

Communications Between Security Holders and Board of Directors

Security holders may send written communications to the Board or any one or more of the individual members of the Board by directing such communication to Denny's Corporation by mail in the care of the Secretary, at our principal executive offices set forth above, or by e-mail to smelton@dennys.com. All written communications will be compiled by the Secretary and promptly submitted to the individual director(s) being addressed or to the Chair of the committee whose areas of responsibility includes the specific topic addressed by such communication, or in all other cases, to the Board Chair.

Stockholder Engagement

The Company recognizes the value of the views and input of its stockholders. From time to time, the Company reaches out to and engages with its stockholders on various topics, including corporate governance, compensation, performance, strategy and other matters. We believe that having regular engagement with our stockholders strengthens our relationships with stockholders and helps us to better understand stockholders views on our policies and practices and other matters of importance to our business.

As part of our stockholder engagement efforts, we proactively contacted some of our largest stockholders to solicit their views on the adoption of an exclusive forum provision. Through this interaction, we believe that many of our stockholders were generally supportive of (or not opposed to) such exclusive forum provision if put to a stockholder vote. In view of this feedback, at the Annual Meeting, we are asking stockholders to approve an amendment to the By-laws to designate the Delaware courts as the exclusive forum for the adjudication of certain legal disputes involving the Company.

Board Member Attendance at Annual Meetings of Stockholders

It is the policy of Denny’s Corporation that all of the members of the Board and all nominees for election to the Board at the annual meeting of stockholders attend such meeting except in cases of extraordinary circumstances. All of the directors attended the 2015 annual meeting of stockholders.

Director Compensation

For a description of the compensation of directors, please see “Executive Compensation – Director Compensation Table” elsewhere in this Proxy Statement.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE “FOR” EACH OF THE TEN NOMINEES TO THE BOARD OF DIRECTORS OF DENNY’S CORPORATION.

SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

As a result of the adoption of the Sarbanes-Oxley Act of 2002, and related regulations adopted by the SEC, and by each national securities exchange, audit committees of public companies are formally charged with the responsibility for the appointment, compensation, retention and oversight of the independent registered public accounting firm that serves as the Company’s independent auditor. The Audit Committee takes this responsibility very seriously and for the year 2016, the Audit Committee has selected KPMG as the independent registered public accounting firm of the Company. This selection is submitted for ratification of and approval by the stockholders at the Annual Meeting. Representatives of KPMG are expected to attend the Annual Meeting. They will have an opportunity to make a statement, if they so desire, and to respond to appropriate questions. If the stockholders do not ratify this selection, other independent registered public accounting firms will be considered by the Audit Committee.

2015 and 2014 Audit Information

KPMG served as the Company’s independent registered public accounting firm to audit the Company’s financial statements for the fiscal years ended December 31, 2014 and December 30, 2015. The fees billed in the fiscal years ended December 31, 2014 and December 30, 2015 for KPMG’s services to the Company were as follows:

	Year ended December 31, 2014	Year ended December 30, 2015	
Audit Fees	\$628,750	(1) \$861,000	(2)
Audit-Related Fees	81,000	81,000	
Tax Fees	32,000	41,792	
All Other Fees	—	—	
Total Fees	\$741,750	\$983,792	

(1) Includes additional billing of \$23,750 related to the 2013 audit.

Includes additional billing of \$12,000 related to the 2014 audit and additional billings of \$144,000 related to the

(2) 2015 audit. The billings primarily related to additional audit effort associated with the 2015 implementation of the COSO 2013 framework, certain transactions and other matters.

In the above table, in accordance with applicable SEC rules:

“audit fees” are fees billed by the independent registered public accounting firm for professional services for the audit of the annual Consolidated Financial Statements included in the Company’s Form 10-K and review of the Condensed Consolidated Financial Statements included in the Company’s Form 10-Qs, and for services that are normally provided by the independent registered public accounting firm in connection with statutory and regulatory filings or engagements, including comfort letters, consents, registration statements, statutory audits and reports on internal controls required by the Sarbanes Oxley Act of 2002;

“audit-related fees” are fees billed by the independent registered public accounting firm for assurance and related services that are reasonably related to the performance of the audit or review of the financial statements, and generally include fees for audits of the Company’s employee benefit plans and audit or attest services not required by statute or

regulation;

• “tax fees” are fees billed by the independent registered public accounting firm for professional services for tax compliance, tax advice, and tax planning; and

• “all other fees” are fees billed by the independent registered public accounting firm for any services not included in the first three categories above.

15

The Audit Committee has considered and determined that the services for which audit-related and tax fees were billed were compatible with KPMG maintaining its independence.

Audit Committee's Pre-approval Policies and Procedures

It is the policy of the Audit Committee to pre-approve all audit and permitted non-audit services proposed to be performed by the Company's independent registered public accounting firm. The process for such pre-approval is typically as follows. Audit Committee pre-approval is sought at one of the Audit Committee's regularly scheduled meetings following the presentation of information at such meeting detailing the particular services proposed to be performed. Additionally, the Chair of the Audit Committee has been delegated the authority by the Audit Committee to pre-approve, where necessary, such services requiring pre-approval in between regularly scheduled Audit Committee meetings. The Chair will report any such decisions at the Audit Committee's next scheduled meeting. In 2015, the services described above were pre-approved by the Audit Committee pursuant to the policy of the Audit Committee, and none of such services were approved pursuant to the exception provided by Rule 2-01(c)(7)(i)(C) under Regulation S-X.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE "FOR" RATIFICATION AND APPROVAL OF THE SELECTION OF KPMG AS THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM OF THE COMPANY FOR THE YEAR 2016.

ADVISORY VOTE ON EXECUTIVE COMPENSATION

As required by Section 14A of the Exchange Act, the Company provides stockholders with the opportunity to vote to approve, on a non-binding advisory basis, the compensation of our named executive officers as disclosed in this Proxy Statement. This proposal, commonly referred to as a "say on pay" proposal, gives our stockholders the opportunity to express their views on the compensation of our named executive officers. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and our compensation program.

As described in further detail in "Executive Compensation – Compensation Discussion and Analysis," our compensation program is designed to attract, motivate and retain top-quality leadership talent while ensuring that their interests are aligned with the interests of our stockholders and that their efforts are focused on the Company's key strategic objectives.

It is our firm belief that our executive compensation program, with its balance of annual cash incentives designed to reward the achievement of key performance goals set for the year and longer-term equity vehicles designed to reward executives for stock price performance over a longer term, compensates our executives for performance directly linked to stockholder value creation.

In addition, the Board has enacted a number of policies – including share ownership requirements, incentive clawbacks, the elimination of employment contracts and the elimination of tax gross-ups (except for certain limited gross-ups available to most salaried employees under the Company's broad-based relocation policy) – which ensure that the Company's practices are aligned with market-based best practices.

Stockholders are encouraged to read the "Compensation Discussion and Analysis" section of this Proxy Statement and the accompanying compensation tables and related narrative disclosure included in the "Executive Compensation" section of this Proxy Statement for more information regarding our compensation program.

We are asking stockholders to approve the compensation of our named executive officers as disclosed herein by adopting the following advisory resolution at the Annual Meeting:

"RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed in this Proxy Statement for the 2016 Annual Meeting of Stockholders pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED." Although this vote is non-binding, the Board and the Compensation Committee will take into account the outcome of the vote when considering future executive compensation decisions.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE RESOLUTION TO APPROVE THE COMPENSATION PAID TO THE COMPANY'S NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT PURSUANT TO ITEM 402 OF REGULATION S-K, INCLUDING THE

COMPENSATION DISCUSSION AND ANALYSIS, COMPENSATION TABLES AND NARRATIVE DISCUSSION.

APPROVAL OF AN AMENDMENT TO THE COMPANY'S BY-LAWS TO DESIGNATE DELAWARE AS THE EXCLUSIVE FORUM FOR CERTAIN LEGAL ACTIONS

We are asking stockholders to approve an amendment (the "Amendment") to the By-laws that, if adopted, would result in the courts of Delaware serving as the exclusive forum for certain legal actions involving the Company. The Board has deemed the Amendment advisable and in the best interest of the Company and its stockholders. Specifically, if this proposal is approved by stockholders, the By-laws will be amended to add a new Article VII, which would read as follows:

ARTICLE VII

FORUM

As authorized by Section 115 of the General Corporation Law of the State of Delaware, unless the Board of Directors, acting on behalf of the Corporation, consents in writing to the selection of an alternative forum, the Court of Chancery of the State of Delaware shall be the sole and exclusive forum for any and all internal corporate claims, including, but not limited to, (i) any derivative action or proceeding brought on behalf of the Corporation, (ii) any action asserting a claim of breach of a fiduciary duty owed by any stockholder, director, officer, other employee or stockholder of the Corporation to the Corporation or the Corporation's stockholders, (iii) any action asserting a claim arising pursuant to any provision of the General Corporation Law of the State of Delaware or as to which the General Corporation Law of the State of Delaware confers jurisdiction on the Court of Chancery of the State of Delaware or (iv) any action asserting a claim governed by the internal affairs doctrine.

If approved by stockholders, the Amendment will be immediately effective.

The Company, which is incorporated in Delaware, is one of America's largest franchised full-service restaurant chains operating, as of December 30, 2015, 1,710 franchised, licensed and company-operated restaurants in 50 states, District of Columbia, and around the world. The Board believes that it would be beneficial to the Company to require that certain disputes involving the Company or its directors or officers, such as: (i) certain derivative actions; (ii) certain claims of a breach of fiduciary duty owed by a director, officer or other employee to the Company or its stockholders; or (iii) actions asserting a claim arising under the Delaware General Corporation Law or governed by the internal affairs doctrine, be litigated in the Delaware courts. The Company believes that the Company's ability to require claims to be brought in a single forum for disputes of this kind will help ensure consistent consideration of the issues by courts with expertise in the applicable laws, and increase efficiency and cost effectiveness in the resolution of such claims, all of which are in the best interests of the Company and its stockholders. Further, the Board believes that Delaware courts are best suited to address disputes involving such matters given that the Company is incorporated in Delaware and the Delaware courts' reputation for expertise in corporate law matters.

Specifically, Delaware offers a specialized court system uniquely equipped to deal with corporate law questions, with streamlined procedures and processes which help provide consistent, relatively quick decisions. Such efficiency can limit the time, cost and uncertainty of litigation for all parties. These courts have also developed considerable expertise in dealing with corporate law issues, as well as a substantial and influential body of case law construing Delaware's corporate law and long-standing precedent regarding corporate governance.

Exclusive jurisdiction provisions such as is contemplated by the Amendment are becoming increasingly common. Without a by-law or similar provision such as that contemplated by the Amendment, the Company remains exposed to the possibility of plaintiffs using the Company's diverse operational base to bring claims against the Company in multiple jurisdictions or choosing a forum state for litigation that may not apply Delaware law to the Company's internal affairs in the same manner as the Delaware courts would be expected to do so. Although no assurance can be

given that courts in jurisdictions outside of Delaware will be willing to enforce the terms of the Amendment, the Board believes that adoption of the Amendment would reduce the risk that the Company could become subject to duplicative litigation in multiple forums, as well as the risk that the outcome of cases in multiple forums could be inconsistent, even though each forum purports to follow Delaware law. Any of these could expose the Company to increased expenses or losses.

The Board believes the Amendment will have no impact on the kind of remedy a stockholder may obtain and does not deprive stockholders of legitimate claims; rather it attempts to prevent the Company from being forced to waste corporate assets defending against duplicative suits. In addition, as discussed above, we believe the Delaware Court of Chancery offers a specialized system that can limit the time, cost and uncertainty of litigation for all parties, including stockholder plaintiffs. At the same time, the Board believes that the Company should retain the ability to consent to an alternative forum on a case-by-case basis where the Company determines that its interest and those of its stockholders are best served by permitting such a dispute to proceed in a forum other than Delaware.

The Board is aware that certain proxy advisors, and even some institutional investors, may not support an exclusive forum clause

until the company proposing it can show it already has suffered material harm as a result of multiple stockholder suits filed in different jurisdictions regarding the same matter. The Board believes that it is far more prudent to take preventive measures now, before the Company and the interests of its stockholders are harmed by the increasing practice of the plaintiffs' bar to file selectively their claims in favorable jurisdictions, than wait to incur the litigation and related costs of attempting to have the cases consolidated or risk that foreign jurisdictions may misapply Delaware law to the detriment of the Company and its stockholders.

Following the Annual Meeting, the Board may consider and approve additional amendments to the By-laws pursuant to authority granted to it under Article VI of the By-laws to revise certain sections of the By-laws to adhere more closely to the language found in the Delaware General Corporation Law, to update the advance notice provisions and to make other certain technical, conforming, modernizing and clarifying revisions. The Company will file a Current Report on Form 8-K with the SEC disclosing any such amendments.

After considering the foregoing, the Board believes the Amendment is in the best interests of the Company and its stockholders.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE APPROVAL OF AN AMENDMENT TO THE BY-LAWS OF THE COMPANY TO DESIGNATE DELAWARE AS THE EXCLUSIVE FORUM FOR CERTAIN LEGAL ACTIONS.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This is an overview and analysis of the compensation objectives and policies for our executive officers and the material compensation decisions we made with respect to such officers for 2015. This information should be read in conjunction with the compensation tables, related narratives, and notes contained later in this Proxy Statement. This discussion focuses on the compensation awarded to, earned by, and paid to the following individuals, who were our named executive officers for 2015:

• John C. Miller, our President and Chief Executive Officer

• F. Mark Wolfinger, our Executive Vice President, Chief Administrative Officer and Chief Financial Officer

• Christopher D. Bode, our Senior Vice President and Chief Operating Officer

• Stephen C. Dunn, our Senior Vice President, Chief Global Development Officer

• Timothy E. Flemming, our Senior Vice President, General Counsel and Chief Legal Officer

Executive Summary

Our Business. We are the franchisor and operator of one of America's largest franchised full-service restaurant chains. As of December 30, 2015, the Denny's brand consisted of 1,710 restaurants, 1,546 (90%) of which were franchised/licensed restaurants and 164 (10%) of which were company operated.

2015 Performance Highlights. At the core of our compensation philosophy and strategy are the goals of compensating and rewarding our executives for performance that is aligned with the Company's strategic objectives and creating value for our stockholders. Our 2015 Company performance highlights include:

Domestic system-wide same-store sales increased 5.8%, comprised of a 6.5% increase at company restaurants and a 5.7% increase at domestic franchised restaurants.

Opened 45 system restaurants, with net system growth of eight restaurants.

Completed 232 remodels, including 51 at company restaurants.

Achieved Adjusted EBITDA⁽¹⁾ of \$88.7 million, an increase of \$6.2 million, or 7.5% over the prior year.

Net Income increased by 9.9% over the prior year to \$36.0 million, or \$0.42 per diluted share.

Adjusted Net Income per Share⁽¹⁾ of \$0.43, increased 16.4% over the prior year.

Generated \$42.3 million of Free Cash Flow⁽¹⁾ after capital cash spending of \$32.8 million.

Allocated \$105.8 million toward repurchases of Common Stock.

(1) Please refer to the historical reconciliation of Net Income to Adjusted Income Before Taxes, Adjusted Net Income per Share, Adjusted EBITDA, and Free Cash Flow which is attached to this Proxy Statement as Appendix A.

Our strong financial and shareholder return results for 2015 yielded the following corresponding incentive compensation results for 2015:

Achievement of performance goals under our 2015 Corporate Incentive Plan ("CIP") was above target levels for all plan metrics, resulting in awards being earned at 130.6% of target.

The Company's total shareholder return ("TSR") over the three-year period ending December 30, 2015 was 103.6% and in the 60th percentile compared to our peer group, resulting in performance shares under long-term incentive program ("LTI") being earned at 125.3% of target.

The value of our executives' stock holdings, a minimum level of which are required by our stock ownership policy, increased in value commensurate with the increase in the Company's stock price during the year.

The two metrics highlighted in the charts below represent financial measures utilized in our incentive plans and reflect the overall financial health of the Company. We believe the achievement of these results and the resulting payouts demonstrate a strong link between our pay and our performance.

2015 Compensation Decisions. For 2015, the LTI program was adjusted to (i) consist 100% of performance shares, (ii) change the maximum payout from 200% to 150%, and (iii) add an Adjusted EBITDA Growth metric to the existing metric of TSR relative to our industry peers. For 2015, the CIP (i) utilized three of the four metrics utilized in 2014, Franchised Same-Store Sales, Company Same-Store Sales, and Adjusted Income Before Taxes, but adjusted the weightings of these metrics to 15%, 25%, and 60%, respectively; and (ii) replaced the System-Wide Guest Satisfaction metric utilized in 2014 with a Guest Traffic Modifier which modifies the annual bonus earned under the CIP by a plus or minus 20% if the annual Guest Traffic measurement is at least 3% above or below the target performance level.

Our Pay Governance Reflects Best Practices. The Company has diligently listened to its stockholders and monitors and adopts best practices in its pay governance. We believe the following compensation and pay governance practices reflect a “best practices” approach to pay governance and are integral parts of the Company’s compensation philosophy:

Our Executive Compensation Practices (What We Do):

Stock ownership guidelines (amended and restated for 2015) have been adopted for each of the Company’s executive officers and non-employee directors.

A compensation clawback policy is applicable to the Company’s executive officers and other key employees.

A majority of named executive officer compensation is performance-based.

Equity awards to executives consist solely of performance-based restricted stock units that vest based on achievement of key performance metrics.

Change in control benefits, including the acceleration of equity awards, are “double-trigger” benefits, which require both a change in control and a qualifying termination within a specified period following the change in control.

Executive Compensation Practices Not Implemented (What We Don’t Do):

No special retirement benefits are provided to executive officers other than participation in a 401(k), pension or nonqualified deferred compensation plan (on the same basis as other employees).

No tax gross-ups are provided, except for certain limited gross-ups available to most salaried employees pursuant to the Company’s broad-based relocation program.

No employment agreements are utilized for executive officers and other key employees.

Executive officers and directors, through the Company’s anti-hedging policy, are not permitted to engage in certain transactions such as puts, calls or other derivatives relating to the Company’s securities.

Consideration of Last Year’s Advisory Stockholder Vote on Executive Compensation

At the 2015 annual meeting of stockholders, 99.6% of the votes cast approved the compensation of the Company’s named executive officers, as discussed and disclosed in the 2015 Proxy Statement. The Board and the Compensation Committee appreciate and value the views of our stockholders. In considering the results of this advisory vote on executive compensation, the Committee concluded that the compensation paid to our named executive officers and the Company’s overall pay practices have strong stockholder support.

In light of the strong stockholder support of the compensation paid to our named executive officers as evidenced by the results of this advisory vote, the Compensation Committee decided to retain our general approach to executive compensation. Although not directly as a result of the vote outcome, we did make some changes to our executive compensation programs for 2015 as described further

herein. Future advisory votes on executive compensation will serve as an additional tool to guide the Compensation Committee in evaluating the alignment of the Company's executive compensation programs with the interests of the Company and its stockholders.

At the 2011 annual meeting of stockholders, our stockholders expressed a preference that advisory votes on executive compensation occur annually. Consistent with this preference, the Board determined to implement an advisory vote on executive compensation every year until the next required vote on the frequency of stockholder votes on the compensation of executive officers, which is scheduled to occur at the 2017 annual meeting of stockholders.

Compensation Objective and Design

The Compensation Committee has developed compensation programs for the Company's executive officers with guidance and analysis from its independent consultants, Pearl Meyer. The overall design objectives of our compensation programs are to attract, develop, motivate and retain top-quality leadership talent, while ensuring that their interests are aligned with the interests of our stockholders and that their efforts are focused on the Company's key strategic objectives. When evaluating and designing compensation programs, the Compensation Committee reviews market survey data, proxy statements filed by our restaurant peer group companies, and industry compensation practices.

The Company's reward strategy is designed to be integrated across different time frames, performance metrics and types of payout. The goal is to reward executives for the achievement of performance goals that are directly linked to stockholder value creation. Our annual cash incentives are designed to reward the achievement of key Company performance targets set for the fiscal year. Longer-term equity incentives reward executives for stock price performance relative to the Company's restaurant peer group and, beginning with 2015 awards, earnings growth over a three-year period.

During 2015, executive officers were provided with a compensation package that included the following elements: (i) base salary, (ii) annual cash incentive opportunities (bonus), (iii) long-term equity incentives, and (iv) other benefits and limited perquisites. Each of these compensation elements is described and analyzed in further detail in the tables and narrative that follow. Additionally, under limited circumstances, discretionary bonuses and other awards are utilized to recognize individual performance or for inducement during the hiring process. Although no discretionary bonuses or other awards were granted to executive officers in 2015, such awards are intended to reward extraordinary performance and attract top executive talent while retaining executives through long-term vesting and potential wealth accumulation.

Compensation Element	Description	Objectives/ Performance Linkage	Performance Time Horizon
Base Salary	Fixed portion of cash compensation	Provide competitive compensation for day-to-day responsibilities and performance	Salary levels are based on individual performance sustained over a substantial period of time
Annual Cash Incentives (CIP or Bonus)	Cash payments based on the Company's achievement of certain financial and operating performance targets	Provide incentive to achieve key annual performance goals critical to the Company's overall success	Payouts are based on annual Company performance
Long-Term Equity Incentives	Performance shares which vest based on the Company's total shareholder return (TSR) vs. peer companies' TSR and the achievement of key financial	Directly align executive interests with the long-term success of the Company (as measured by stock price appreciation and earnings growth) and provide	Performance grants vest over a 3-year period providing an aligned, long-term link to stock price performance and financial results

performance targets related to earnings growth incentive for key leadership talent to remain with the Company

Benefits and Perquisites

Retirement, health and other benefits designed to provide financial safeguards to executives. Perquisites such as telecom allowances that have a direct business use

Provide health care and financial security benefits to our executive officers similar to those provided to all our management employees; allow executives to focus on company business without incurring significant personal expense; provide market competitive package to recruit and retain executive talent

Most benefits are provided to all salaried employees on essentially the same terms, so there is no direct performance linkage

Role of Peer Companies and Competitive Market Data

To assist in evaluating and determining competitive levels of compensation for the various elements of pay in 2015, the Compensation Committee reviewed and considered various sources of data which included:

Published compensation surveys from the Chain Restaurant Total Rewards Association (covering the chain restaurant industry) and public and private executive compensation surveys specific to the retail and food services industry, which provide aggregated information on base salary, total cash compensation (base salary and bonus), and total direct compensation (base salary, bonus and long-term incentives) for various executive positions.

Data from proxy statements collected and analyzed from a peer group of 20 restaurant companies operating in the family dining, casual and quick service segments. This restaurant peer group consisted of the following companies:

BJ's Restaurants, Inc.	DineEquity, Inc.	Papa John's International, Inc.
Bob Evans Farms, Inc.	Domino's Pizza, Inc.	Red Robin Gourmet Burgers, Inc.
Brinker International, Inc.	Dunkin' Brands Group, Inc.	Ruby Tuesday, Inc.
Buffalo Wild Wings, Inc.	Einstein Noah Restaurant Group, Inc. ⁽¹⁾	Sonic Corp.
The Cheesecake Factory Incorporated	Jack in the Box, Inc.	Texas Roadhouse, Inc.
Chipotle Mexican Grill, Inc.	Krispy Kreme Doughnuts, Inc.	The Wendy's Company
Cracker Barrel Old Country Store, Inc.	Panera Bread Company	

(1) Became privately-held effective November 2014.

In September of 2015, the Committee reviewed and approved the following peer group of 16 companies to use for future market competitive studies (companies in bold overlap the peer group listed above):

BJ's Restaurants, Inc.	DineEquity, Inc.	Popeye's Louisiana Kitchen, Inc.
Bob Evans Farms, Inc.	Fiesta Restaurant Group, Inc.	Red Robin Gourmet Burgers, Inc.
Brinker International, Inc.	Jack in the Box, Inc.	Ruby Tuesday, Inc.
Buffalo Wild Wings, Inc.	Krispy Kreme Doughnuts, Inc.	Sonic Corp.
The Cheesecake Factory Incorporated	Panera Bread Company	Texas Roadhouse, Inc.
Cracker Barrel Old Country Store, Inc.		

Changes to the peer group in 2015 were made to eliminate companies that are significantly larger than Denny's in terms of system-wide sales and market capitalization, or operating in a significantly different segment of the restaurant industry.

How Peer Companies are Determined. We develop a peer group for compensation purposes according to multiple selection criteria:

- GICS code sub-industry: Restaurant companies
- Highly-franchised: Target restaurants with franchised sales representing a large portion of system-wide sales/units
- Annual system-wide sales: Approximately one-third times to three times Denny's annual system-wide sales
- Market capitalization: Approximately 0.2 times to five times Denny's market capitalization
- Direct competitors: For business and management talent

Why We Use System-Wide Sales and Not Corporate Revenues When Selecting Peer Companies. We believe system-wide sales is the best measure of company size and complexity for a highly franchised business model like ours. Although we do not own and operate all of the restaurants, we do own the Denny's brand, we develop and help execute the overall strategy for the entire system of Denny's restaurants, we manage all research and development with respect to menu offerings, pricing and restaurant décor, we provide site selection and restaurant development services to our franchise partners, and we guide and recommend the adoption of technology, work processes and staffing models that positively affect the customer experience over our entire system of restaurants. Our corporate revenue alone does not capture the full scope and complexity of effectively managing this organization. Furthermore, we compete for talent with companies of comparable size, regardless of their business model (company owned vs. franchised), and therefore we believe system-wide sales is the proper basis for selecting peer companies for compensation benchmarking purposes. However, as mentioned above, we also consider other important measures

when selecting our restaurant peer group, including industry focus, business models and market capitalization.

22

Use of Competitive Market Data. The Company strives to provide total pay opportunities that are within a competitive range relative to the median of our restaurant peer group and aligned with survey based data. Company incentive plans are designed to have significant differentiation in payouts based on performance. As a result, actual compensation payouts are intended to be market-appropriate and performance aligned. Benchmark data is only one of many factors that we consider when making pay determinations. Other important factors include, but are not limited to, company performance, individual executive performance, internal equity among our leadership team, executive tenure, retention priorities, and succession planning. The Compensation Committee annually analyzes tally sheets for each executive officer (as further described in the “Compensation and Incentives Committee” section on page 11 of this Proxy Statement). This review helps ensure that (i) executive compensation decisions are aligned with stockholder interests, (ii) termination provisions are appropriate and aligned with market practices, and (iii) the value of executive share holdings and unvested incentives track changes in stockholder value.

Base Salary

How Amounts are Determined. In general, the Compensation Committee considers a variety of factors when setting base salaries for executive officers, including market information, experience, tenure with the Company, individual performance and internal pay equity. The Compensation Committee annually reviews the performance and scope of responsibility of executive officers to determine whether adjustments to base salaries are appropriate in light of individual and Company performance, as well as overall market conditions and peer proxy data.

Salary Adjustments for 2015. The executive compensation and annual performance reviews for our executive officers in 2015 resulted in an adjustment to the base salary of Mr. Miller from \$750,000 to \$815,000. This was based on his exceptional leadership and performance and recognition that his base salary was below the market median for peer company chief executive officers. All other named executive officers also had strong to exceptional performance but had base salaries that were more competitively aligned with their peers.

Annual Cash Incentives

2015 Corporate Incentive Plan

Overview. For the 2015 fiscal year, the Compensation Committee adopted the Company’s 2015 Corporate Incentive Program (the “2015 CIP”), which provided our non-field management and staff, including each of our named executive officers, with an opportunity to earn an annual cash bonus based on the Company’s achievement of specified performance objectives. The 2015 CIP utilized three of the four metrics used in the 2014 CIP (Franchised Same-Store Sales, Company Same-Store Sales, and Adjusted Income Before Taxes, a performance metric which has been used in our annual incentive bonus programs since 2009). The 2015 CIP removed the Guest Satisfaction performance metric utilized in 2014, replacing it with a modifier of +/- 20% of a participant’s annual earned bonus if an annual Guest Traffic measurement is at least 3% above or below the target performance level.

Target Incentive Opportunities. Under the 2015 CIP, a participant was eligible to earn a target incentive award (“Target Award”) equal to a percentage of his or her base salary, with the percentage varying depending on the participant’s position. Target Awards were determined for participants based upon a review of competitive market practices and internal equity, including published survey data and proxy information from our restaurant peer group. The Target Awards for 2015 for Messrs. Miller, Wolfinger, Bode, Dunn and Flemming were 100%, 90%, 70%, 70% and 70% of their respective base salaries (with the target awards for Messrs. Bode, Dunn and Flemming increasing from 60% in 2014).

Performance Goals for 2015 Incentives. As noted above, the payouts under the 2015 CIP are earned by participants based on the Company’s achievement of pre-established goals under three performance criteria: (i) Company Same-Store Sales; (ii) Franchised Same-Store Sales, and (iii) Adjusted Income Before Taxes. The amount of actual bonus earned could range from 0% of the Target Award, if certain threshold goals are not met, to a maximum of 150% of the Target Award if targeted goals are exceeded. The performance goals and the levels of associated payouts for 2015 were as follows:

At Threshold Performance Goal	Payout ⁽¹⁾	At Target Performance Goal	Payout ⁽¹⁾	At Maximum Performance Goal	Payout ⁽¹⁾
+1.0	% 12.5	+3.2	% 25	+7.0	% 37.5

Franchised Same-Store Sales	0.0	% 7.5	% +2.4	% 15	% +6.0	% 22.5	%		
Adjusted Income Before Taxes ⁽²⁾	\$55.3MM	30.0	% \$59.5MM	60	% \$67.5MM	90.0	%		
Total ⁽³⁾		50%		100	%	150	%		

(1) As a percentage of participant's Target Award.

Adjusted Income Before Taxes is a non-GAAP financial measure that is calculated by adjusting net income to exclude the impact of income taxes, operating gains and losses, non-operating income and expenses and (2) share-based compensation. Please refer to the historical reconciliation of Net Income to Adjusted Income Before Taxes, Adjusted Net Income per Share, Adjusted EBITDA, and Free Cash Flow which is attached to this Proxy Statement as Appendix A.

(3) Actual results that fall between Threshold, Target, and Maximum performance levels are interpolated to compute payout amounts.

2015 Performance Results. Based upon actual 2015 performance results, (i) achievement of the performance goal relating to Company Same-Store Sales was slightly below maximum levels resulting in a payout of 35.9% of each participant's total Target Award; (ii) achievement of the performance goal relating to Franchised Same-Store Sales was slightly below maximum levels resulting in a payout of 21.9% of the Target Award; and (iii) achievement of the performance goal relating to Adjusted Income Before Taxes was between target and maximum levels, resulting in a payout of 72.8% of the Target Award. As a result, a total payout of 130.6% of each individual's total Target Award was earned for 2015. For 2015, annual Guest Traffic increased 1.2%, which resulted in the Guest traffic modifier of +/- 20% of a participant's annual earned bonus not being triggered.

Considering the actual performance results described above relative to the threshold, target and maximum levels of expected performance, the Compensation Committee approved incentive awards for the named executive officers equal to 130.6% of their respective Target Awards. The following two tables set forth (i) the actual results and related payout of each 2015 CIP metric and (ii) the total target opportunity and annual Target Award as well as the actual payout to each of the named executive officers under the 2015 CIP.

2015 CIP Metric	Actual Results	Payout % ⁽¹⁾

No Changes to CIP Structure for 2016. The structure of the CIP for 2016 remains the same as 2015.

Long-Term Equity Incentives

Overview. A key component of the total compensation package of our executive officers is a long-term equity incentive program designed to meet the following objectives:

- (i) Reward long-term Company profitability and growth,
- (ii) Promote increased stockholder value and align our executives' interests with the interests of our stockholders,
- (iii) Offer competitive awards aligned with market practice,
- (iv) Promote stock ownership among executives,
- (v) Encourage a long-term perspective among executive officers, and

(vi) Provide an incentive for executives to remain with the Company.

Long-Term Incentive Design for 2015. For fiscal year 2015, the Compensation Committee approved a LTI structure that supports the Company's strategic business goals, aligns with the interests of our stockholders, and improves the competitiveness of the Company's total executive compensation package. Although largely consistent with our LTI programs in recent years, the LTI program was modified in 2015 to include the following changes: (i) the addition of a new financial performance metric (Adjusted EBITDA Growth) to the TSR performance metric that has been the sole performance criteria utilized in the Company's recent LTI programs, with both metrics being equally weighted, (ii) the reduction of the maximum payout available under the program from 200% to 150%, (iii) the elimination of the cash settlement portion of the LTI awards resulting in the LTI awards being settled 100% in shares of Common Stock, and (iv) the addition of retirement as a separate termination event resulting in pro-rata vesting of the awards.

Fiscal Year 2015 Long-Term Incentive Grants. The Compensation Committee approved LTI grants to selected employees, including the named executive officers, in the first quarter of 2015, consistent with past practice. When considering the 2015 LTI grants, the Compensation Committee started with an intended target value for each executive officer, which was based on a percentage of his or her base salary. For 2015, the target values for LTI grants to the named executive officers, as a percentage of their respective base salaries, were as follows: Mr. Miller, 250%; Mr. Wolfinger, 110 %; Messrs. Bode, Dunn and Flemming, 100% (this represents an increase from 2014, when target LTI value for the senior vice presidents was 60% of their respective base salaries). The target value was granted (i) fifty percent (50%) in the form of performance shares that may be earned based on the results of the Company's TSR as compared to its Peer Group (the "TSR Performance Shares"), and (ii) fifty percent (50%) in the form of performance shares that may be earned based on the results of the Adjusted EBITDA Growth metric versus plan (the "Adjusted EBITDA Performance Shares"), with the actual number of target performance shares determined by dividing the target value by the grant date fair value of one performance share.

As more fully described below, the target number of performance shares may be earned from 0% to 150% based on the results of the two metrics over a three-year performance period. Once earned, the performance shares convert to and are settled in shares of Denny's stock on a one-for-one basis. The LTI grants provide incentive for achieving earnings targets and creating stockholder value, encourage executive retention, and promote stock ownership.

For more information regarding LTI grants to our named executive officers in 2015 see the "2015 Grants of Plan-Based Awards Table."

TSR Performance Shares. TSR Performance Shares are earned based on the Company's TSR over a three-year period relative to peer companies' TSR performance, with no payout at all if relative TSR performance is below a threshold amount.

Payouts of the TSR Performance Share awards will be between 0% and 150% of the target awards based on the Company's TSR ranking relative to the Company's peer group (listed previously) over the three-year performance period beginning on January 1, 2015 and ending December 27, 2017 (the Company's fiscal years 2015, 2016, and 2017). The TSR Performance Shares will be earned and vested at the end of the performance period based on TSR performance. TSR, which combines share price appreciation and dividends paid to show a total return to the stockholder, will be calculated as follows:

$TSR = (\text{ending stock price} - \text{beginning stock price} + \text{reinvested dividends}) / \text{beginning stock price}$

The Company's TSR performance ranking compared to its peer group at the end of the three-year performance period determines the payout level as shown below:

	Denny's TSR Performance Ranking vs. Peers	Payout as a % of Target ⁽¹⁾
Below Threshold	<25th %ile	0%
Threshold	25th %ile	50%
Target	50th %ile	100%
Maximum	90th %ile	150%

(1) Payouts are interpolated between payout levels.

Adjusted EBITDA Performance Shares. Adjusted EBITDA Performance Shares are earned based on the results of the Adjusted EBITDA Growth metric during the same three-year performance period. The Adjusted EBITDA Growth metric compares the Company's performance of Adjusted EBITDA at the beginning and end of the performance period. The number of Adjusted EBITDA Performance Shares earned will be an amount between 0% and 150% of the target awards based on the Company's Adjusted EBITDA Growth performance at threshold (50%), target (100%), or maximum (150%) payout levels over the performance period. Linear interpolation will be used to determine payouts for performance that falls between the designated levels of targeted performance.

We believe disclosure of the specific performance goals relating to Adjusted EBITDA Growth goals prior to the end of the performance period would result in competitive harm to the Company. As such, the actual Adjusted EBITDA Growth rate targets utilized in the Company's 2015 LTI program will be disclosed in the Company's proxy statement in the year following the year in which the LTI performance period ends. We do believe, based upon current EBITDA growth trends, there is a reasonable likelihood that the Company's level of achievement of the Adjusted EBITDA Growth targets may result in a payout in the range of 75% to 125% of the target awards.

No Changes to LTI Structure for 2016. The structure of the 2016 LTI remains the same as 2015.

Benefits and Perquisites

In General. The Company's executives are eligible to participate on the same basis as other salaried employees in health and welfare plans, qualified retirement and savings plans, and other benefit plans intended to provide a financial safety net of coverage for various significant life events, such as death, disability and retirement. Along with other members of the management team, the named executive officers also participate in a non-qualified savings plan intended to allow them to contribute to a retirement plan without regard to IRS limits on the amount of earned compensation that can be voluntarily deferred into a 401(k) retirement plan. The named executive officers also receive certain perquisites including telecommunication allowances, car allowances and reimbursement for executive physicals. These perquisites serve a business purpose, are limited in value, and are consistent with those of restaurant companies and other companies of similar size.

Retirement and Savings Plans

Pension Plan. The Company's Pension Plan (i.e., the Advantica Pension Plan) was frozen to new participants on January 1, 2000 and for benefit accrual purposes on December 31, 2004. Only one named executive officer (Mr. Flemming) had accrued pension benefits under the plan. The majority of these benefits are held under an ancillary non-qualified plan due to the limits on benefits and compensation under the Internal Revenue Code of 1986, as amended (the "Code"). There were no new benefit accruals to any of the named executive officers in 2015. During 2014, the Board approved the termination of the Advantica Pension Plan as of December 31, 2014. We currently expect that the liquidation of the Advantica Pension Plan will be completed during the first half of 2016.

Deferred Compensation Plan/401(k) Plan. Generally, all employees are eligible to participate in the Company's 401(k) Plan, but due to IRS limits, our executives are not eligible to receive the Company's matching contribution of up to 3% of compensation under the 401(k) Plan. Therefore, a non-qualified deferred compensation plan is offered to certain management level employees, including the named executive officers, to provide retirement benefits similar to those available to other Denny's employees. The deferred compensation plan lets participants (i) defer up to 50% of salary and 100% of annual incentive bonus on a pre-tax basis and (ii) receive a Company match on contributions up to 3%, which is the same match offered to all employees in the Company's 401(k) plan. Deferral of compensation under the Company's deferred compensation plan for Messrs. Miller, Wolfinger, Bode, Dunn, and Flemming is described further under the Nonqualified Deferred Compensation Table in this Proxy Statement.

Post-Termination Payments

In General. All of our executive officers participate in the Denny's Corporation Amended and Restated Executive and Key Employee Severance Pay Plan (the "Severance Plan"). The Severance Plan was originally adopted in January 2008, later amended and restated on January 25, 2011 and again on September 18, 2013. The Severance Plan provides severance payments and benefits to our executive officers in a consistent manner. In the event of a participant's employment termination without cause or for good reason (as such terms are defined in the Severance Plan), the Severance Plan provides for, among other items, salary continuation and health benefits for 12 months. Under the Severance Plan's change in control provisions, a participant is entitled to an enhanced severance payment equal to two times base salary and target bonus plus health benefits for 24 months. Two events must take place – a change in control of the Company and a qualifying associated termination – before a participant is entitled to these enhanced benefits. Under the Severance Plan, no benefits are payable following a termination for cause or voluntary termination (resignation).

We provide involuntary termination severance benefits to protect individuals from events outside their control and to offer compensation packages similar to those commonly found in our market for competing executive talent.

Furthermore, we provide enhanced benefits in the event of a change in control to protect against disruption during change in control activities. Potential benefits under the Severance Plan for Messrs. Miller, Wolfinger, Bode, Dunn, and Flemming are discussed further under the section entitled “Summary of Termination Payments and Benefits” later in this Proxy Statement.

Tax Considerations

Section 162(m) of the Code places a limit of \$1 million on the amount of compensation that we may deduct in any year with respect to any one of our named executive officers. This limitation does not apply to compensation that meets the requirements under Section 162(m) for “qualified performance-based” compensation. The 2015 CIP and the 2015 LTI program were designed to meet the requirements

of Section 162(m) and be fully deductible by the Company. The Compensation Committee intends to maximize deductibility of executive compensation while retaining some discretion to compensate executives in a manner commensurate with performance and the competitive landscape for executive talent. During the 2015 fiscal year, the compensation paid to each of the named executive officers was fully deductible by the Company.

Compensation and Corporate Governance Best Practices

Stock Ownership Guidelines. The Company has stock ownership guidelines for its directors and executive officers. The guidelines were originally effective January 25, 2011, and later amended and restated as of January 1, 2014 and January 1, 2015.

Required stock ownership levels are the lesser of (1) a number of shares with an aggregate fair market value (based upon the current 50-day average Company stock price) equal to or greater than the value of an individual's current base salary or annual cash Board retainer times his or her designated multiple set forth below or (2) a number of shares fixed as of the later of January 1, 2015 (the effective date of the amended and restated stock ownership guidelines) or the date on which an individual becomes subject to the guidelines, as determined in the manner set forth below.

Required stock ownership/retention levels for directors and executive officers is based upon the following multiples:

- (i) for directors and CEO – 3 X annual cash board retainer/base salary
- (ii) for executive officers who are executive vice presidents – 2 X base salary
- (iii) for executive officers who are senior vice presidents – 1 X base salary

The fixed number of shares referenced above is calculated for each executive officer and director as of the later of January 1, 2015 or the date on which an individual becomes subject to these guidelines, in the following manner:

$$\text{Base Salary/Cash Board Retainer} \times \text{Appropriate Multiple} / \begin{matrix} \text{200-Day Average Stock Price} \\ \text{(based on the last 200 trading days} \\ \text{prior to the later of the effective} \\ \text{date of the guidelines or date an} \\ \text{individual becomes subject to the} \\ \text{guidelines)} \end{matrix} = \begin{matrix} \text{Fixed Share Amount} \\ \text{(number of shares)} \end{matrix}$$

Each executive officer and director will be expected to attain and thereafter maintain his or her required stock ownership level within five years from the later of January 1, 2015 or the date on which such officer or director becomes subject to the guidelines. Any executive or director who has not attained and maintained his or her stock ownership level within the five-year compliance period will not be permitted to sell Company stock received from the Company until the required level is attained and maintained.

Compensation Clawback Policy. The Company has a compensation clawback policy for named executive officers and certain other senior officers that provides for the recoupment by the Company under certain circumstances of annual cash bonuses, stock-based awards, performance-based compensation, and any other forms of cash or equity compensation other than base salary. In the event of a restatement of the Company's previously issued financial statements as a result of an error, omission, fraud or non-compliance with financial reporting requirements (but not including any restatement or adjustment due to a change in applicable accounting principles, rules or interpretations), or a determination by the Compensation Committee that a material error was made in computing the amount of any incentive compensation, the Compensation Committee has discretion to direct the Company to recover from one or more current or former employees the incremental incentive compensation in excess of the incentive compensation that would have been earned, paid or vested based on the related or adjusted financial results.

Anti-Hedging Policy. The Company has a policy that prohibits executive officers and directors from engaging in transactions in puts, calls or other derivatives relating to Company securities on an exchange or any other organized market. The policy also prohibits executive officers and directors from engaging in certain forms of hedging or monetization transactions with respect to Company stock, such as prepaid variable forward contracts, equity swaps, collars, forward sale contracts and exchange funds.

Pension Benefits Table

The following table sets forth information with respect to the Advantica Pension Plan (the "Pension Plan") and ancillary plan, which provide for payments or other benefits to Mr. Flemming at, following, or in connection with his retirement. The other named executive officers do not participate in the Pension Plan or ancillary plan because the plans were frozen to new participants on January 1, 2000.

Name	Plan Name	Number of Years of Credited Service	Present Value of Accumulated Benefit (1)	Payments During Last Fiscal Year
Timothy E. Flemming	The Advantica Pension Plan	10	\$372,461	\$—

Of the amount in this column, \$47,058 represents the amounts of the present value of accumulated benefits in the (1)Pension Plan for Mr. Flemming and \$325,403 represents the amounts of the present value of accumulated benefits in the ancillary plan for Mr. Flemming.

The Pension Plan is a noncontributory tax qualified defined benefit retirement plan maintained by the Company. As of December 31, 1999, no new participants were allowed into the Pension Plan and, as of December 31, 2004, all benefit accruals were frozen. During 2014, our Board of Directors approved the termination of the Pension Plan as of December 31, 2014. We currently expect that the liquidation of the Pension Plan will be completed during the first half of 2016.

During the period between December 31, 1999 and 2004, all pension benefit accruals for a select group of management and highly compensated employees were earned under a non-qualified ancillary plan, which provided for benefits restricted by the limits on benefits and compensation under the Code. As a result of these events, Mr. Flemming is the only named executive officer who participates in the Pension Plan and ancillary plan, and he has not accrued any benefit under the plans after December 31, 2004.

The table above shows the estimated lump sum that could be payable under the Pension Plan based on Mr. Flemming's election resulting from the expected liquidation of the Pension Plan and the ancillary plan upon a person's

normal retirement at age 65. Details on the assumptions made in the valuation of these awards can be found in Note 11 to the Consolidated Financial Statements in our Form 10-K filed with the SEC on February 29, 2016.

Nonqualified Deferred Compensation Table

The following table sets forth information with respect to the Company's Deferred Compensation Plan which provides for the deferral of compensation for the named executive officers that is not tax-qualified.

Name	Executive Contributions in Last FY ⁽¹⁾	Registrant Contributions in Last FY ⁽²⁾	Aggregate Earnings in Last FY	Aggregate Withdrawals/ Distributions	Aggregate Balance at Last FY ⁽³⁾

Timothy E. Flemming	\$19,238	\$19,238	\$5,638	\$—	\$267,330

(1) Amounts in this column are reported as 2015 compensation in the Salary column of the Summary Compensation Table.

(2) Amounts included in this column are reported as 2015 compensation in the All Other Compensation column of the Summary Compensation Table.

(3) Aggregate balances as of December 30, 2015 include the following amounts that were reported as compensation to the named executive officers in the Summary Compensation Table for years prior to 2015: \$612,344 for Mr. Miller, \$290,771 for Mr. Wolfinger, \$102,564 for Mr. Dunn and \$59,784 for Mr. Flemming.

The Company's Deferred Compensation Plan (the "Deferred Compensation Plan") allows participants to defer current compensation on a pre-tax basis. Participation is restricted to a select group of management or highly compensated employees of the Company.

Under the terms of the Deferred Compensation Plan, a participant may elect to defer up to 50% of base salary and up to 100% of bonus. The Company will match 100% of each participant's deferrals up to 3% of the participant's compensation. Deferrals will be credited to the participant's account on a periodic basis consistent with the payroll cycle. Deferral elections will remain in effect from plan year to plan year unless modified or revoked by the participant during an enrollment period.

The participant's account will be credited with earnings and losses based on the investment options selected by the participant. The participant may request a change in the allocation of an account balance or future deferrals at any time. A participant is at all times 100% vested in his or her deferral account.

Upon termination of employment for any reason (except following a change in control), a participant will receive his or her account balance in a lump sum or in installments based on his or her election. Account balances less than \$50,000 will be distributed in a lump sum. At the death of a participant, the remaining amount in the participant's account will be paid to his or her beneficiary in accordance with the participant's election. Upon a termination of employment within two years of a change in control, a participant will receive his or her account balance in a lump sum distribution. In the event of an unforeseen financial emergency, the plan administrator may approve a participant's withdrawal up to the amount necessary to satisfy the hardship. A participant may change the distribution schedule prior to termination of employment from a lump sum to annual installments, but not from annual installments to a lump sum. All changes must be made at least 13 months prior to termination of employment.

The Deferred Compensation Plan also provides for an "In-Service Distribution" account, typically used to save for specific financial needs at a specified date, such as college tuition payments. A participant may elect to receive some or all of a particular year's deferral and related earnings on a particular date prior to retirement or termination of employment. Distributions can be made in a lump sum or, if the balance is at least \$10,000, in two to five annual installments. A participant may extend an In-Service Distribution date by at least 5 years or may cancel the date, which results in the account balance being combined with the termination of employment account.

As a result of Code Section 409A, certain key employees (including the named executive officers) may be subject to a six-month waiting period for distributions following separation from service.

Summary of Termination Payments and Benefits

In 2015, Messrs. Miller, Wolfinger, Bode, Dunn and Flemming were participants in the Severance Plan, which provides for severance payments and benefits in the event of a participant's employment termination without cause or for good reason (as such terms are defined in the Severance Plan), plus enhanced benefits if such termination is in connection with a change in control of the Company.

The following table summarizes the approximate value of the termination payments and benefits that each of Messrs. Miller, Wolfinger, Bode, Dunn and Flemming would have received if they had terminated employment at the close of business on December 30, 2015. The amounts shown in the table exclude distributions under our 401(k) retirement plan that is generally available to all of our

Wells Fargo Bank, National Association (“Wells Fargo”) is disclosed as a related person because its parent holding company, Wells Fargo & Company, has disclosed beneficial ownership in excess of 5% of our Common Stock in its filings with the SEC as described further under “Equity Security Ownership-Principal Stockholders” in this Proxy Statement. On November 6, 2015, the Company entered into a variable term, capped accelerated share repurchase (the “ASR”) agreement with Wells Fargo to repurchase an aggregate of \$50 million of our Common Stock. On November 6, 2015, we paid \$50 million and between November 6, 2015 and November 12, 2015 received initial deliveries totaling 3.5 million shares of our Common Stock, representing the minimum number of shares to be delivered based on the cap price. The total aggregate number of shares of our Common Stock to be repurchased pursuant to the ASR agreement will be based generally on the average of the daily volume-weighted average prices of our Common Stock, less a fixed discount, over the term of the ASR agreement, subject to a minimum number of shares. The ASR agreement is expected to be completed no later than July 2016. Under the terms of the ASR agreement, Wells Fargo will not receive any fees directly from the Company. However, over the course of the life of the transaction, Wells Fargo may make profits in connection with its hedging and risk management of the transaction. Wells Fargo also serves as the administrative agent (and provides related interest rate swaps) with respect to our bank credit facility, the trustee under our pension plan, the administrator under our 401(k) retirement plan, and our depositary bank and receives customary fees in connection with such capacities.

(1) The Company believes that, in addition to other financial measures, Adjusted Income Before Taxes, Adjusted EBITDA, Free Cash Flow, Adjusted Net Income and Adjusted Net Income Per Share are appropriate indicators to assist in the evaluation of its operating performance on a period-to-period basis. The Company also uses Adjusted Income, Adjusted EBITDA and Free Cash Flow internally as performance measures for planning purposes, including the preparation of annual operating budgets, and for compensation purposes, including bonuses for certain employees. Adjusted EBITDA is also used to evaluate its ability to service debt because the excluded charges do not have an impact on its prospective debt servicing capability and these adjustments are contemplated in its credit facility for the computation of its debt covenant ratios. Free Cash Flow, defined as Adjusted EBITDA less cash portion of interest expense net of interest income, capital expenditures, and cash taxes, is used to evaluate operating effectiveness and decisions regarding the allocation of resources. However, Adjusted Income Before Taxes, Adjusted EBITDA, Free Cash Flow, Adjusted Net Income and Adjusted Net Income Per Share should be

considered as a supplement to, not a substitute for, operating income, net income or other financial performance measures prepared in accordance with U.S. generally accepted accounting principles.

Tax adjustments for the year ended December 30, 2015 are calculated using the Company's year-to-date effective (2) tax rate of 33.0%. Tax adjustments for the year ended December 31, 2014 are calculated using the Company's year-to-date effective tax rate of 32.9%.
