RYDER SYSTEM INC

Form 8-K

February 16, 2018

UNITED STATES SECURITIES AND EXCHANGE COMMISSION Washington, D.C. 20549

FORM 8-K

CURRENT REPORT

Pursuant to Section 13 OR 15(d) of The Securities Exchange Act of 1934

Date of Report (Date of earliest event reported): February 16, 2018

RYDER SYSTEM, INC.

(Exact name of registrant as specified in its charter)
Florida 1-4364 59-0739250
(State or other jurisdiction (Commission (I.R.S. Employer of incorporation) File Number) Identification No.)

11690 NW 105th Street

33178

(Address of principal executive offices) (Zip Code)

Registrant's telephone number, including area code: (305) 500-3726

Not Applicable

Miami, Florida

(Former name or former address, if changed since last report.)

Check the appropriate box below if the Form 8-K filing is intended to simultaneously satisfy the filing obligation of the registrant under any of the following provisions (see General Instruction A.2. below):

- oWritten communications pursuant to Rule 425 under the Securities Act (17 CFR 230.425)
- o Soliciting material pursuant to Rule 14a-12 under the Exchange Act (17 CFR 240.14a-12)
- o Pre-commencement communications pursuant to Rule 14d-2(b) under the Exchange Act (17 CFR 240.14d-2(b))
- o Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Indicate by check mark whether the registrant is an emerging growth company as defined in Rule 405 of the Securities Act of 1933 (§230.405 of this chapter) or Rule 12b-2 of the Securities Exchange Act of 1934 (§240.12b-2 of this chapter).

Emerging growth company "

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Item 2.02 Results of Operations and Financial Condition

On February 16, 2018, we issued a press release reporting our financial results for the three and twelve months ended December 31, 2017 (the "Press Release"). We will also host a conference call and webcast on February 16, 2018 during which we will make a presentation on our financial results for the three and twelve months ended December 31, 2017 (the "Presentation"). The Press Release and the Presentation are available on our website at http://investors.ryder.com. The Press Release includes information regarding non-GAAP financial measures, as defined by SEC regulations, as well as a reconciliation of each non-GAAP financial measure to the nearest GAAP measure in the tables following the press release. Set forth in the table below is an explanation of each non-GAAP financial measure and why management believes that presentation of each measure provides useful information to investors:

Non-GAAP Financial Measures

Operating Revenue Measures:

Operating Revenue

FMS Operating Revenue

DTS Operating Revenue

SCS Operating Revenue

FMS EBT as a % of FMS Operating Revenue

DTS EBT as a % of DTS Operating Revenue

SCS EBT as a % of SCS Operating Revenue

is defined as total revenue for Ryder System, Inc. or each business segment (FMS, DTS and SCS), respectively, excluding any (1) fuel and (2) subcontracted transportation. We believe operating revenue provides useful information to investors as we use it to evaluate the operating performance of our core businesses and as a measure of sales activity at the consolidated level for Ryder System, Inc., as well as for each of our business segments. We also use segment EBT as a percentage of segment operating revenue for each business segment for the same reason. Note: FMS EBT, DTS EBT and SCS EBT, our primary measures

Operating revenue

of segment performance, are not non-GAAP measures. Fuel: We exclude FMS, DTS and SCS fuel from the calculation of our operating revenue measures, as fuel is an ancillary service that we provide our customers, which is impacted by fluctuations in market fuel prices, and the costs are largely a pass-through to our customers, resulting in minimal changes in our profitability during periods of steady market fuel prices. However, profitability may be positively or negatively impacted by rapid changes in market fuel prices during a short period of time, as customer pricing for fuel services is established based on trailing market fuel costs. Subcontracted transportation: We also exclude subcontracted transportation from the calculation of our operating revenue measures, as these services are also typically a pass-through to our customers and,

therefore, fluctuations result in minimal changes to our profitability. While our DTS and SCS business segments subcontract certain transportation services to third party providers, our FMS business segment does not engage in subcontracted transportation and, therefore, this item is not applicable to FMS.

Operating Revenue Growth Excluding Foreign Exchange Operating revenue

growth excluding foreign exchange is calculated by dividing the results for the current and prior year periods by the exchange rates in effect on December 31, 2016, which was the last day of the prior year period, rather than the actual exchange rates in effect as of December 31, 2017. Ryder's period-over-period operating revenue growth excluding foreign exchange excludes the effects of changes in foreign currency exchange rates from our operating revenue financial measures. Due to the variability of foreign exchange

rates from period to period, we believe operating revenue growth excluding foreign exchange is useful to investors to evaluate period-over-period operating performance.

Comparable Earnings Measures:

Comparable Earnings Before Tax (EBT)

Comparable Earnings

Comparable Earnings per Diluted Common Share (EPS) comparable

Comparable EPS

Forecast

Comparable Tax Rate

Comparable

EBT,

comparable

earnings,

EPS,

comparable

EPS forecast

and comparable

tax rate are

defined,

respectively, as

GAAP EBT,

earnings, EPS,

EPS forecast

and effective

tax rate, all

from continuing

operations,

excluding (1)

non-operating

pension costs

and (2) any

other significant

items that are

not

representative

of our business

operations. We

believe these

comparable

earnings

measures

provide useful

information to

investors and

allow for better

year-over-year

comparison of

operating

performance.

Non-Operating

Pension Costs:

Our comparable

earnings

measures

exclude

non-operating pension costs, which include the amortization of net actuarial loss and prior service cost, interest cost and expected return on plan assets components of pension and postretirement benefit costs. We exclude non-operating pension costs because we consider these to be impacted by financial market performance and outside the operational performance of our business.

Other Significant Items: Our comparable earnings measures also exclude other significant items that are not representative of our business operations. These other significant items vary from period to period and, in some periods, there may be no such significant items. In this reporting period

and comparable periods, we exclude the following other significant items from our comparable earnings measures in this Form 8-K:

(1) Restructuring charges and fees, net (in the full year of 2017 and full year of 2016). In the second quarter of 2017, we recorded restructuring credits related to the gains on sale of certain UK facilities. We also recorded consulting fees associated with a cost-savings program in the third and fourth quarter of 2017. During the fourth quarter of 2017 and 2016, we approved plans to reduce our workforce in multiple locations as a result of cost containment actions. (2) Tax reform related adjustments, net (in the full year

of 2017). In the

fourth quarter of 2017, the Tax Cuts and Jobs Act was signed into law. We recognized a benefit during the fourth quarter associated with the adoption of tax reform. In addition, we awarded a one-time bonus in connection with the benefit of Tax Reform to all U.S.-based non-incentive eligible employees of the Company as of December 31, 2017. (3) Operating tax adjustment (in the full year of 2017). In the first quarter of 2017, we recorded a one-time charge related to operating tax expenses that had not been recognized in prior period earnings. (4) Pension related adjustment (in the full year of 2017 and full year of 2016). In the third quarter of 2017, we recorded an estimated

pension settlement charge for the exit from a U.S. multi-employer pension plan. In the second quarter of 2016, it was determined that certain pension benefit improvements made in 2009 were not fully reflected in our projected benefit obligation, resulting in a charge to reflect those pension benefits. (5) Gain on sale of property (in the full year of 2017). In the fourth quarter of 2017, we recorded a gain on the sale of a SCS property. (6) Tax law changes (in the full year of 2017). In the third quarter of 2017, the state of Illinois enacted changes to their tax system, which increased the provision for income taxes. Calculation of comparable tax rate: The comparable provision for income taxes is

computed using the same methodology as the GAAP

provision for

income taxes.

Income tax

effects of

non-GAAP

adjustments are

calculated

based on the

statutory tax

rates of the

jurisdictions to

which the

non-GAAP

adjustments

relate.

Adjusted ROC:

Adjusted ROC

is defined as

adjusted net

earnings

divided by

average

adjusted total

capital and

represents the

rate of return

generated by

the capital

deployed in our

business. The

adjustments

represent the

comparable

items described

above which are

excluded, as

applicable, from

the calculation

of net earnings

and average

shareholder's

equity (a

component of

average total

capital).

Adjusted Return on Average Capital (ROC)

Adjusted ROC Spread

Adjusted ROC

Spread:

Adjusted ROC

spread is

defined as the

difference

between

adjusted ROC

and the

weighted

average cost of

capital. We use

adjusted ROC

and adjusted

ROC spread as

internal

measures of

how effectively

we use the

capital invested

(borrowed or

owned) in our

operations.

Cash Flow Measures:

Total Cash Generated We consider

total cash

Free Cash Flow

generated and

free cash flow

to be

important

measures of

comparative

operating

performance,

as our

principal

sources of

operating

liquidity are

cash from

operations and

proceeds from

the sale of

revenue

earning

equipment.

Total Cash

Generated:

Total cash

generated is

defined as the

sum of (1) net

cash provided

by operating

activities, (2)

net cash

provided by

the sale of

revenue

earning

equipment, (3)

net cash

provided by

the sale of

operating

property and

equipment, (4)

collections on

direct finance

leases and (5)

other cash

inflows from

investing

activities. We

believe total

cash

generated is

an important

measure of

total cash

flows

generated

from our

ongoing

business

activities.

Free Cash

Flow: We

refer to the net

amount of

cash

generated

from

operating

activities and

investing

activities

(excluding

changes in

restricted cash

and

acquisitions)

from

continuing

operations as

"free cash

flow". We

calculate free

cash flow as

the sum of (1)

net cash

provided by

operating

activities, (2)

net cash

provided by

the sale of

revenue

earning

equipment, (3)

net cash

provided by

the sale of

operating

property and

equipment, (4)

collections on

direct finance

leases and (5)

other cash

inflows from

investing

activities, less

(6) purchases

of property

and revenue

earning

equipment.

We believe

free cash flow

provides

investors with

an important

perspective on

the cash

available for

debt service

and for

shareholders,

after making

capital

investments

required to

support

ongoing

business

operations.

Our

calculation of

free cash flow

may be

different from

the calculation

used by other

companies

and, therefore,

comparability

may be

limited.

Additional information regarding non-GAAP financial measures can be found in the Press Release and our most recent Form 10-K and Form 10-Q filed with the SEC.

The information in this Report, including Exhibit 99.1, is being furnished pursuant to Item 2.02 of Form 8-K and General Instruction B.2 thereunder and shall not be deemed to be incorporated by reference in any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except as expressly set forth by specific reference to such filing.

Item 7.01 Regulation FD Disclosure

The Company is hosting a conference call and webcast on February 16, 2018 during which we will make a presentation on our financial results for the three and twelve months ended December 31, 2017 (the Presentation). The Presentation has been made available on our website at http://investors.ryder.com.

Item 9.01(d) Exhibits

The following exhibit is furnished as part of this report on Form 8-K:

Exhibit 99.1 Press release, dated February 16, 2018, relating to Ryder System, Inc.'s financial results for the three and twelve months ended December 31, 2017.

SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.

Date: February 16, 2018 RYDER SYSTEM, INC. (Registrant) By:/s/ Art A. Garcia Art A. Garcia, Executive Vice President and Chief Financial Officer
