PROXY STATEMENT  
For The Annual Meeting Of Shareholders  
To Be Held On May 18, 2010

## GENERAL INFORMATION

### The Annual Meeting

This Proxy Statement is provided for the solicitation of proxies by the Board of Directors of Commercial National Financial Corporation (the "Corporation"), a Pennsylvania business corporation, for use at the Annual Meeting of Shareholders on May 18, 2010 at 10:00 AM (the "Annual Meeting") to be held at 900 Ligonier Street, Latrobe, Pennsylvania, 15650, and at any adjournments or postponements of the meeting. This Proxy Statement and the form of proxy, together with the Corporation's Annual Report to Shareholders for 2009, are being mailed on April 12, 2010, or as soon as possible thereafter, to all shareholders entitled to vote at the Annual Meeting.

At the Annual Meeting, the shareholders will be asked to consider and take action on the proposals listed below:

- election as directors of the four nominees set forth in this Proxy Statement, each in the class of directors as set forth in the following pages;
- ratification of the appointment of ParenteBeard LLC ("ParenteBeard"), as independent auditors for the Corporation; and
  - any other business as may be properly brought before the meeting.

The Board of Directors of the Corporation recommends the election of the four nominees for Directors listed in this Proxy Statement, and the ratification of the appointment of ParenteBeard, as independent auditors.

The four nominees receiving the highest number of votes cast shall be elected as Directors. Each share of stock is entitled to one vote.

### Voting Rights and Requirements

**Record Date.** The Board has fixed the close of business on April 2, 2010 as the Record Date for the determination of the shareholders entitled to notice of the Annual Meeting (and any postponements or adjournments). Accordingly, only the shareholders of record on the Record Date will be entitled to receive notice of the Annual Meeting and to vote at the Annual Meeting. The only class of stock of the Corporation presently issued and outstanding is common stock. As of the Record Date, 2,860,953 shares of common stock were issued and outstanding and entitled to vote.

**Voting Rights Generally.** Under the Bylaws of the Corporation, the presence, in person or by proxy, of shareholders entitled to cast at least a majority of the votes which all shareholders are entitled to cast, shall constitute a quorum. The four nominees receiving the highest number of votes will be elected as directors. Ratification of the

appointment of ParenteBeard will be approved if a majority of all of the shares that vote on the resolution vote for the proposal. Abstentions will be counted as present for purposes of determining the existence of a quorum. Abstentions and broker non-votes on each matter to be voted on will be treated as shares that have not been voted and, accordingly, will have no effect on the outcome of the vote on the election of directors or on the outcome of the proposal to ratify the appointment of ParenteBeard. Broker non-votes relate to shares registered in a broker's name but beneficially owned by others. Brokers will vote such shares if instructed by the beneficial owner or if the proposal is considered a "routine" matter. Brokers are entitled to exercise discretionary power to vote shares on routine matters even though the broker has not received voting instructions on the matter from the beneficial owner. The ratification of the appointment of accountants for 2010 is considered routine, so that broker discretionary votes on the proposal will be counted. Voting for members of the board of directors is not considered to be routine; therefore, brokers who have not received specific instructions from the beneficial owners are not entitled to vote (hence the term "broker non-votes").

---

## Voting and Revocation of Proxy

Each share of stock has one vote. The shares of stock represented by each proxy properly signed and returned to the Stock Transfer Agent, Registrar and Transfer Company, Attn: Proxy Services, 10 Commerce Drive, Cranford, NJ 07016-3572 prior to the date of the Annual Meeting will be voted in the manner set forth in this Proxy Statement and in accordance with the instructions marked on the proxy enclosed.

A shareholder who returns a proxy may revoke it at any time before it is voted by delivering a written notice of revocation to Wendy S. Schmucker, Secretary of the Corporation, or by executing a later dated proxy and giving written notice thereof to the Secretary of the Corporation, or by voting in person at the Annual Meeting after giving written notice to the Secretary of the Corporation.

The cost of preparing, printing, and soliciting proxies will be paid by the Corporation. In addition to the use of the mails, certain directors, officers and employees of the Corporation may solicit proxies personally. Arrangements will be made with brokerage houses and other custodians, fiduciaries and nominees to forward proxy solicitation materials to the beneficial owners of stock held of record by these persons, and, upon request, the Corporation will reimburse them for reasonable forwarding expenses.

## ELECTION OF DIRECTORS

The Bylaws of the Corporation provide that the Board of Directors shall consist of not less than three directors, and shall be classified into three classes, each class to be elected for a term of three years. The Bylaws allow the Board of Directors, within the limits set in the Bylaws, to fix the number of directors and the respective classifications from time to time.

The number of directors to constitute the entire Board has been fixed by the Board of Directors at eleven. There are currently four directors in each of two classes and three directors in one class. At the Annual Meeting, there shall be elected four directors as a class to serve until the Annual Meeting of shareholders in the year 2013. John T. Babilya, George A. Conti, Jr., Steven H. Landers and C. Edward Wible have been designated by the Nominating/Corporate Governance Committee and the Board of Directors as its nominees for election as directors at the Annual Meeting.

If the enclosed proxy card is duly executed and returned prior to voting at the Annual Meeting, the shares represented by the proxy will be voted in accordance with the instructions marked on the card. In the absence of instructions, shares represented by the proxy card will be voted as recommended by the Board of Directors, that is, in favor of the election of the nominees listed on the proxy and in this Proxy Statement. All of the nominees are now and have been directors of the Corporation and of the Corporation's wholly owned subsidiary, Commercial Bank & Trust of PA (the "Bank").

Other nominations for director may be made at the annual meeting in accordance with procedures set forth in Section 9.1 of the Bylaws of the Corporation and its Corporate Governance Guidelines. The Bylaws generally require written notice to the Secretary of the Corporation of any such nomination at least 120 days prior to the anniversary date of the preceding annual meeting of the shareholders for the election of directors, but no more than 180 days prior to such anniversary date. Such notice shall contain the following information to the extent known by the notifying shareholder:

- the number of shares of the Corporation owned by each proposed nominee;

- a statement that the shareholder intends to submit the nomination at the annual meeting;
  - the name and address of the notifying shareholder;
- the number of shares of common stock of the Corporation owned by the notifying shareholder;

Nominations not made pursuant to the foregoing procedures may be disregarded by the Chairman at the Annual Meeting.

## CORPORATE GOVERNANCE

It is the policy of the Corporation that the directors of the Corporation also serve as the directors of the Bank. During 2009, the Board of the Corporation met 13 times and the Board of the Bank met 12 times. Independent directors held two executive sessions during 2009. During 2009, all Directors attended at least seventy-five percent of the combined totals of meetings of the Board of Directors and each committee of which they were a member. The Corporation does not have a stated policy with regard to directors' attendance at the annual meeting but expects all of its directors to attend. In 2009, 12 of 12 directors attended the annual meeting. The Board of the Corporation has standing audit, executive compensation and nominating/corporate governance committees, each of which is more fully described below.

### Board Leadership Structure

Two different individuals serve as chairman of the board and chief executive officer of the Corporation. George V. Welty serves as chairman of the board and Gregg E. Hunter serves as chief executive officer. Mr. Welty is an independent director. Having a different individual serve in each role is appropriate, given the specific characteristics of the Corporation, because it enhances the independence and active participation of the board and strengthens its oversight function.

### Risk Oversight

The board of directors provides significant and active oversight in addressing the Corporation's risks by engaging in the following activities:

- It has established committees to address risks in certain areas.
  - o The Audit Committee addresses financial and transactional reporting risks and oversees the implementation and monitoring of appropriate internal controls. (See "Audit Committee" below.)
  - o The Compensation Committee, among other things, addresses risks that might arise from the Corporation's compensation policies.
  - o The Nominating and Corporate Governance Committee, among other things, addresses legal and compliance risks by (1) reviewing and recommending to the board corporate governance guidelines and code of ethical and legal compliance, (2) making sure the guidelines comply with applicable law and regulatory requirements, (3) monitoring the board's and the corporation's compliance with its regulatory commitments and corporate governance policies, (See "Nominating/Corporation Governance Committee", below.)
- The Board closely monitors all regulatory examinations and properly addresses any issues raised by regulators.
  - The Board's Asset/Quality Committee closely monitors credit risk to loan portfolios.
- The Board oversees management's Risk Committee which performs due diligence on significant matters including policy and procedural changes to mitigate risk. The committee assesses credit risk, interest rate risk, liquidity risk, transaction risk and compliance risk.
- Interest rate risk management is the responsibility of the Asset/Liability Management Committee, which reports to the Board of Directors. This Committee establishes policies for monitoring and coordinating the Corporation's sources, uses and pricing of funds.

## Director Independence

The Board of Directors has determined that Directors, John T. Babilya, George A. Conti, Jr., Richmond H. Ferguson, Frank E. Jobe, Steven H. Landers, Joseph A. Mosso, Bruce A. Robinson, Debra L. Spatola, George V. Welty, and C. Edward Wible, are independent directors in accordance with the independence standards of The NASDAQ Stock Market on which the Corporation's common stock is currently listed. In determining the independence of directors, the Board of Directors considered the deposit and loan relationships which various directors may have with Commercial Bank & Trust of PA.

## Audit Committee

The Board of the Corporation has an Audit Committee that consists of John T. Babilya, George A. Conti Jr., Bruce A. Robinson, Debra L. Spatola and C. Edward Wible, each of whom is considered an "independent director" under the rules of NASDAQ Stock Market and the Securities and Exchange Commission ("SEC"). The Board has determined that Mr. Wible qualifies as an audit committee financial expert within the meaning of the SEC regulations.

The role of the Audit Committee is to assist the Board of Directors in preserving the integrity of the financial information published by the Corporation through review of financial and accounting controls and policies, financial reporting systems, alternative accounting principles that could be applied and the quality and effectiveness of the independent auditors.

The Audit Committee meets monthly, or more often as needed, with the Corporation's internal auditor and staff to monitor and review compliance with regulations and internal policies and procedures and provides direct liaison with the Corporation's audit department and Board of Directors. The Audit Committee of the Corporation met twelve times during 2009.

The Audit Committee meets with the Corporation's independent auditors as it deems necessary, not less often than annually, to facilitate and encourage private communication between the Audit Committee and the independent auditors.

The Audit Committee acts under a written charter first adopted and approved by the Board of Directors on May 16, 2000. The charter was revised and approved by the Board of Directors on October 14, 2009. A copy of the Audit Committee's charter is available on the Corporation's website: [www.cbthebank.com](http://www.cbthebank.com) by clicking "About Us" and "Investor Relations".

## Audit Committee Report

The Audit Committee appointed ParenteBeard as independent auditors of the Corporation for the fiscal year ended December 31, 2009. In overseeing the preparation of the Corporation's financial statements, the Audit Committee has reviewed all financial statements and discussed the same with both management and ParenteBeard. The Audit Committee reviewed with ParenteBeard those matters required to be discussed pursuant to Statement on Auditing Standards No 61 as amended (AICPA, Professional Standards, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. The Audit Committee has reviewed and discussed the audited financial statements with management.

The Audit Committee has received from ParenteBeard the written statements required by PCAOB Rule 3526, Communications with Audit Committees Concerning Independence, as adopted by the Public Company Accounting Oversight Board in Rule 3600T, and has discussed ParenteBeard's independence with ParenteBeard, and has

considered the compatibility of non-audit services with the auditors' independence. In reliance on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Corporation's Annual Report on Form 10-K for the year ended December 31, 2009.

#### Nominating/Corporate Governance Committee

The Board of the Corporation has a Nominating/Corporate Governance Committee (“Nominating Committee”) that consists of John T. Babilya, George A. Conti, Jr., Richmond H. Ferguson, Joseph A. Mosso, , George V. Welty and C. Edward Wible, all of whom are “independent” as such term is defined in the SEC rules and the NASDAQ listing requirements. The Nominating Committee met four times during 2009.

The Nominating Committee adopted a charter on June 15, 2004 that was approved by the Board of Directors, and it is available, as amended, on the Corporation’s website: [www.cbthebank.com](http://www.cbthebank.com) by clicking "About Us" and "Investor Relations".

The Nominating Committee acts as the Board’s Nominating Committee and, in addition, reviews and makes recommendations to the Board regarding Board organization, membership, function and effectiveness; and committee structure, membership, function and effectiveness. The Nominating Committee evaluates the performance of the Board as a whole, the Committees and the individual directors. The Nominating Committee also administers and oversees all aspects of the Corporation’s corporate governance functions on behalf of the Board, including procedures for compliance with significant applicable legal, ethical and regulatory requirements that may affect corporate governance.

In selecting new Directors of the Corporation, consideration is given to each individual Director’s personal qualities and abilities, the collective Board members’ skills and aptitudes for conducting oversight of the Corporation and its management, and duties imposed by law and regulation. Important factors include:

- Each Director must, as determined by the Board, be qualified to perform duties of a Director as evidenced by the Director’s experience, accomplishments, education, skills and integrity;
  - Directors must be persons possessing the highest personal values and integrity;
- Directors must be able to perform their duties in the best interests of the Corporation and its shareholders, without conflicts of interest;
- The majority of Directors will be independent in accordance with the Standards for Determining Independence of Directors as adopted by the Board and in compliance with applicable laws and regulations and the listing standards of NASDAQ.
- The Corporation will comply fully with all legal and regulatory requirements concerning the composition of the Audit, Nominating/Corporate Governance, and Executive Compensation Board Committees;
- Collectively, Board members will bring to the Corporation a broad range of complementary skills, expertise, industry and regulatory knowledge, and diversity of perspectives to build a capable, responsive, and effective Board; and
- Directors will have experience in policy-making levels of a business or as a licensed professional or will have similar experience in similar areas of endeavor and must have an aptitude for evaluating business matters and making practical and mature judgments.
- Although the Nominating Committee considers diversity of perspectives in selecting nominees for election as directors, it has no policy on diversity.

Shareholders may recommend director nominees to the Nominating Committee by submitting a written recommendation naming the nominee at least 120 days before the anniversary date of the mailing date of this proxy statement. The written recommendation shall be accompanied by a complete description of the recommended person's qualifications, experience and background, together with a statement signed by the recommended person that he or she consents to act as such. In addition the shareholder making the recommendation, and/or the nominee, as the case may be, shall submit such additional information as the Nominating Committee shall reasonably request. A shareholder may not recommend himself or herself. The Nominating Committee will evaluate the candidate based on the above criteria and other criteria it may deem relevant.

## Compensation Committee

The Compensation Committee is comprised of the following Directors: Joseph A. Mosso (Chairman), John T. Babilya, Steven H. Landers and George V. Welty. All of the members of the Compensation Committee are independent. This standing committee has the responsibility of reviewing the compensation paid by the Company and the Bank to its executive officers. The Compensation Committee's authority is focused on approving all aspects of compensation for the Corporation's CEO and other executive officers named in the compensation chart. In performing its function in connection with the compensation of the CEO, the Compensation Committee works with the Manager of Human Resources in obtaining information on peer group salaries, benefits and prerequisites and in reviewing the executive officer's employment profile, salary, history and benefits. The committee also reviews a tally sheet indicating all aspects of the executive's compensation and benefits, both current, deferred and contingent, as well as the budget and goals for the applicable compensation period. It also works with the Manager of Human Resources in evaluating the executive's performance against applicable goals and merit guidelines as well as updating the process and guidelines. The compensation of the independent members of the Board of Directors is determined by the Nomination/Corporate Governance Committee, not by the Compensation Committee. The CEO does not participate in his own performance appraisal and compensation decisions but does participate in the compensation decision-making process of the other executive officers shown in the compensation chart. The Compensation Committee does not rely on a compensation consultant except to provide a board-based survey of peer group data based on parameters that are not developed by the consultant and about which the consultant does not provide advice. The Compensation Committee also reviews the Corporation's succession planning process and regulatory compliance related to compensation. The Committee met four (4) times during the 2009 fiscal year. The Board of Directors has adopted a charter for the Compensation Committee, which was amended this past year. A copy of the Compensation Committee's charter is attached as Appendix A.

COMPENSATION

Annual executive compensation consists of a base salary, the potential for a discretionary bonus, plus health insurance, life insurance, long-term disability insurance, participation in a profit sharing plan, and other compensation. Compensation for the CEO and Executive Officers is actually paid by the Corporation's wholly owned bank subsidiary.

At-Risk Compensation. The only form of "at-risk" compensation that was available to the CEO during 2008 was also available to all full time employees of the Bank. This compensation, in the form of a cash award, was payable if (1) the Bank's annual percentage of after tax earnings divided by its total assets met or exceeded 1.15% and (2) its annual after-tax earnings showed an increase of at least 4% over the prior years' after-tax earnings. If both of these milestones were reached in the same year, the CEO, and each other employee of the Bank, would be entitled to receive a cash amount of at least \$1,700, depending upon the extent to which the Bank's annual percentage return on assets met or exceeded 1.15%. This cash award program has been discontinued.

Base Benefits. Base benefits for our executive officers are as follows:

Base benefits offered to the executive officer in the Executive Compensation program mirror those of other employee classes, including health and welfare benefits and retirement benefits. Each executive named in the Compensation Table is also entitled to life insurance benefits that are the same for all full time management employees: his named beneficiaries would receive an amount equal to two times the executive's salary if he dies while employed by the Corporation. See below for a description of certain supplemental life insurance benefits.

---

### Supplemental Benefits.

The following is a summary of the supplemental benefits that may be offered to the executive officer as part of the Corporation's Executive Compensation Plan:

- An employment agreement and change-of-control agreement (please see below for detail).
  - Bank Owned Life Insurance, as explained below.

As part of the Supplemental Benefits offered by the Bank, a Bank Owned Life Insurance (“BOLI”) program is provided for the CEO and Executive Officers. The Bank is willing to divide the death proceeds of certain life insurance policies which are owned by the Bank on the lives of the participating executives with the designated beneficiary of each insured participating executive.

A BOLI participant shall have a vested insurance benefit equal to two times base annual salary. Once vested, this benefit will continue to be available after the executive's employment with the Bank terminates, so long as the executive is not terminated for cause. The benefit vests at the earliest of the following events:

- a. Continued employment with the Bank, the Corporation or any subsidiary or Affiliate of the Bank or the Corporation until a total of 70 points or more is reached when the participant's age and years of service are combined;
- b. Termination of employment due to disability;
- c. Termination of employment following a change in control; or
- d. At the discretion of the Bank's Insurance Committee if there are other circumstances not addressed in paragraphs a, b, or c.

As of July 2006, the CEO was vested in the BOLI plan. As of February 2009, Keith M. Visconti was vested in the BOLI plan. The premium paid for the death benefit for each of the officers is reflected in the Summary Compensation Table.

### Description of the Employees' Profit Sharing Retirement Plan

The named executive officers participate in the Bank's profit sharing component of the Profit Sharing Plan, with total contribution balances as set forth in the Summary Compensation Table.

Employees are eligible to join the profit sharing component following 12 months of employment, provided that the employee has accumulated 1,000 or more hours of service. The amount to be contributed to the Plan is determined by the Board of Directors of the Bank based on the existence of current or accumulated net profits of the Bank and/or such other factors as may be determined to be appropriate by the Board of Directors of the bank in its discretion. Notwithstanding the foregoing, the Board of Directors of the Bank may determine that no contributions will be made to the Plan by the employer for any one or more particular plan years. The total amount of the annual contribution cannot exceed 15 percent of the total eligible compensation paid by the Bank to all participating employees under this component.

The Plan provides for the determination of an account for each participating employee with notice of the amount in each such account to be given to the participating employee annually. Distributions under the Plan can be made to participating employees upon retirement (either normal or early retirement as defined in the Plan), at death or

disability of the participating employee or upon severing employment if either partially or fully vested.

The Plan provides for percentage vesting of 20 percent for the first two full years of service increasing 20 percent annually thereafter to 100 percent after six full years of service. The Plan provides certain rules in the event that it becomes top-heavy. Effective January 1, 2007, the Plan was amended to reflect the conversion of all accounts under the Plan to participant-directed accounts on a daily valuation system with Alerus Financial, National Association as a directed trustee.

---

The Plan does not accept rollover contributions from other retirement plans. Hardship distributions, pre-retirement distributions, and loans are not permitted under the Plan.

The Plan also contains a 401(k) feature. Employees are eligible to join this Plan feature the first day of the month coincident with or immediately following ninety (90) consecutive days of service. Employees are 100 percent vested in their salary deferral accounts.

Under Federal tax law, the 401(k) elective deferrals for each plan year are subject to an annual limit imposed by the IRS. Participants who reach age 50 before the end of a plan year also have the opportunity to elect 401(k) "catch up" contributions in excess of the regular annual 401(k) limit.

It is not possible to determine the extent of the benefits which any participant may be entitled to receive under the Plan on the date of termination of employment, since the amount of benefits will be dependent, among other things, upon factors such as future Bank earnings, future participant compensation and future Plan earnings.

The amount that the Bank contributed to the account of each named executive officer as part of the Plan is set forth in the Summary Compensation Table.

#### Perquisites & All Other Compensation

Perquisites and all other compensation for our executive officers are determined and evaluated as follows:

The Compensation Committee works with the Manager of Human Resources of the Corporation's operating subsidiary to identify all potential perquisites and personal benefits paid to the Corporation's CEO. In identifying all potential perquisites, all disbursements paid to any included person are evaluated.

Once all potential perquisites have been identified, the Committee evaluates each, using a broad and principal-based method that provides a two-pronged analysis, as follows:

The Committee evaluates whether each item is integrally and directly related to the performance of the executive's duties. If so, the item is not considered to be a perquisite or personal benefit.

If an item is not integrally and directly related to the performance of the executive's duties, the second prong of the analysis is conducted to determine whether the item confers a direct or indirect benefit that has a personal aspect, or whether it is provided for some business reason or for the Corporation's convenience. If such item is generally available to all employees on a non-discriminatory basis, as it is available to those employees to whom it may lawfully be provided, then it is not considered a perquisite or personal benefit to the named executive officer.

No named executive officer received material perquisites during 2008 and 2009.

The Compensation Committee evaluates other compensation. Such other compensation that is evaluated by the Committee includes, but is not limited to, compensation deemed to arise from related-party transactions, compensation paid to the included officers for termination of employment or change-in-control payments (see separate sections for each), corporation contributions to defined benefit plans, dollar value of life insurance premiums, gross-ups for payment of taxes, and equity-related compensation. Compensation in the form of Board of Director fees have been evaluated, and are currently being provided to the CEO as a member of the Board, as detailed in the Summary Compensation Table.

## Related-Party Transactions

On June 6, 2008, the Corporation purchased all of the shares of Ridge Properties, Inc. Two of the selling shareholders of Ridge Properties, Inc. were part of the management of the Corporation during the time of the transaction. Gregg E. Hunter is the chief executive officer and a director of the Corporation and Dorothy S. Hunter was a director of the Corporation at that time. All of the other shareholders of Ridge Properties, Inc. are related to Gregg E. Hunter and Dorothy S. Hunter. The following table sets forth the names of each shareholder, their relationship to the Corporation and/or to Gregg E. Hunter and Dorothy S. Hunter, and the amount of proceeds received by each shareholder. At the closing, the only assets of Ridge Properties, Inc. consisted of 131,760 shares of Commercial National's common stock and sufficient cash to pay the estimated tax liabilities of Ridge Properties, Inc. for the period from July 1, 2007, through the closing date of the stock purchase. The Corporation agreed to pay a total of \$1,317,600 for all of the Ridge Properties, Inc. shares. The Corporation paid 90% or \$1,185,840 of the purchase price at the closing and deposited the rest of the purchase price (\$131,760) into escrow, to be held for a year as security for payment of any undisclosed pre-closing taxes and other liabilities.

TOTAL

\$1,317,600

Ninety percent of the proceeds set forth in the above chart was received by the trust and each of the above-named individuals at the closing and 10% was deposited into escrow, to be distributed in June 2009 as described above.

The Corporation strictly complied with its conflicts-of-interest policies during the consideration and negotiation of this share purchase. The shares were purchased at fair market value, as reasonably determined by the independent members of the board of directors. Neither Gregg E. Hunter nor Dorothy S. Hunter participated in any of the Corporation's deliberations or decisions concerning the transaction. All such deliberations and decisions were made by the convened independent members of the Board of Directors of the Corporation. At no time did either of the Hunters address the independent board or otherwise attempt to influence the independent board related to these matters. The Hunters were represented by separate counsel in the transaction.

---

The Corporation's wholly owned subsidiary, Commercial Bank & Trust of PA, has made loans to certain of the Corporation's directors, officers and employees and their businesses. However, all of such loans are made in the ordinary course of business, are made on substantially the same terms, including interest rates, collateral and application fees, as those prevailing at the time for comparable transactions with non-affiliated persons and do not involve more than the normal risk of collectibility or present other unfavorable features.

#### Potential Payments upon Termination or Change in Control

The following summaries set forth potential payments payable to our Chief Executive Officer upon termination of his employment or a change in control of the Corporation or Bank as under his current employment agreement and our other compensation programs. These potential payments are reflected in the Compensation Table. At the current time, payments upon termination or change in control are available only to the Corporation's Chief Executive Officer, Gregg E. Hunter.

Neither of the other executive officers named in the Compensation Table have a separate employment agreement, severance agreement or change of control agreement.

#### Employment Agreement - Gregg E. Hunter, CEO

The terms of the employment agreement that may result in potential payments that would be payable to Gregg E. Hunter upon his termination are as follows:

Mr. Hunter entered into an Employment Agreement with the Bank as of July 1, 2003. It was most recently amended as of January 22, 2009. The current term of the Employment Agreement will end on June 30, 2012, and such term will be automatically extended for successive one year periods unless either Mr. Hunter or the Bank provides notice at least one-hundred and twenty (120) days prior to the end of the then current term of such party's intent not to extend the term of the Employment Agreement.

The Employment Agreement provides for an annual base salary to be set on an annual basis by the Compensation Committee. The Employment Agreement also provides that Mr. Hunter is eligible to receive a performance bonus based on the performance of Mr. Hunter and the Bank. The amount and payment of such bonus is in the sole discretion of the Compensation Committee.

If Mr. Hunter's employment is terminated either by the Bank without cause or by Mr. Hunter "for good reason," Mr. Hunter is entitled to (a) payment of all accrued and unpaid salary and benefits through the date of such termination; and (b) continuation of his group health benefits for twelve (12) months; and (c) payment, for a period of twelve (12) months, of monthly severance payments equal to one-twelfth of the sum of (i) Mr. Hunter's annual salary, plus (ii) the amount credited to Mr. Hunter's account under the Bank's Profit-Sharing Plan for the most recently completed fiscal year, or, at the discretion of the Board, a single sum payment equal to the discounted present value of such monthly payments (discounted at the prime rate in effect at the Bank's principal banking subsidiary).

#### Change-in-Control Payments - Gregg E. Hunter, CEO

The potential payments that would be payable to Gregg E. Hunter upon a change in control of the Corporation or Bank are as follows:

If Mr. Hunter's employment is terminated due to a change in control of the Bank or the Corporation, then Mr. Hunter shall receive the same payments and health benefits coverage as described above except that such payments and coverage shall continue for a period of twenty-four (24) months and Mr. Hunter would be entitled to six (6) months of outplacement services at the Bank's expense.

---

If the employment is terminated for any other reason, Mr. Hunter's severance is limited to accrued but unpaid salary and benefits. Set forth below is a chart that summarizes Mr. Hunter's severance benefits.

Employment Agreement Details	Salary	Health Insurance	Profit Sharing	Outplacement	TOTAL
Severance:	1 year = \$200,683	1 year = \$10,206	1 year = \$11,922	NA	\$222,812
Change of Control:	2 years = \$401,366	2 years = \$20,412	2 years = \$23,845	6 months = \$10,000	\$455,623

Grant of Plan Based Awards. Where equity or non-equity incentive plan-based awards are made to included named executive officers, they should be detailed in tables that describe all grants of plan-based awards. Because the Corporation does not currently provide incentive plan awards to our executive officers or employees, we are not including such tables in this Proxy Statement.

#### COMPENSATION OF DIRECTORS

Directors of the Corporation are paid \$1,100 for attendance at stand-alone meetings and \$600 for attendance at meetings held in conjunction with a Bank Board meeting. The same payments are made to independent directors for attendance at meetings of only independent directors. Directors of the Bank are paid a fee of \$1,100 for attendance at meetings of the Board of Directors of the Bank, and in addition, directors who are not also officers of the bank are paid \$400 for attendance at the meetings of the committees of the Corporation and the Bank. All committee chairpersons are paid an additional \$200 per attendance at a meeting.

In addition, the non-executive Chairman of the Corporation is paid a monthly retainer of \$3,000. The Chair of the Audit Committee, as the Financial Expert, is paid a monthly retainer of \$1,500. Compensation paid to our Directors during 2009 is shown on the Director Compensation Table, below.

#### AUDITOR AND AUDIT FEES

##### Independent Auditors

The Audit Committee of the Corporation, at a meeting held March 10, 2010, selected ParenteBeard as the independent auditors for the Corporation for 2010 subject to shareholder approval. A resolution will be presented at the Annual Meeting for the ratification by the shareholders of the appointment of ParenteBeard as the independent auditors for the Corporation for 2010. Each shareholder may cast one vote for each share of common stock held by such shareholder. The affirmative vote of the holders of a majority of the outstanding shares of common stock represented and entitled to vote at the Annual Meeting on such proposal is required to approve the proposal. No executive officer or director has any substantial direct or indirect interest in the ratification of ParenteBeard.

The Board of Directors recommends the shareholders vote in favor of the proposal to ratify the appointment of ParenteBeard as the Corporation's independent auditors for the fiscal year ending December 31, 2010.

A representative of ParenteBeard will be present at the Annual Meeting with the opportunity to make statements and to respond to appropriate questions from shareholders.

Beard Miller Company LLP ("BMC") was appointed as the independent auditors for the Corporation and its subsidiaries for fiscal year ended December 31, 2009, and such appointment was ratified by the shareholders of the Corporation at the Annual Meeting held on May 19, 2009.

On October 1, 2009, the Corporation was notified that the audit practice of BMC an independent registered public accounting firm, was combined with ParenteBeard in a transaction pursuant to which BMC combined its operations with ParenteBeard and certain of the professional staff and partners of BMC joined ParenteBeard either as employees or partners of ParenteBeard. On October 1, 2009, BMC resigned as the auditors of the Corporation and, with the approval of the Audit Committee of the Corporation's Board of Directors, ParenteBeard was engaged as its independent registered public accounting firm.

Prior to engaging ParenteBeard, the Corporation did not consult with ParenteBeard regarding the application of accounting principles to a specific completed or contemplated transaction or regarding the type of audit operations that might be rendered by ParenteBeard on the Corporation's consolidated financial statements, and ParenteBeard did not provide any written or oral advice that was an important factor considered by the Corporation in reaching a

decision as to any such accounting, auditing or financial reporting issue.

The report of the independent registered public accounting firm of BMC regarding the Corporation's financial consolidated statements for the fiscal years ended December 31, 2008 and 2007 did not contain any adverse opinion or disclaimer of opinion and was not qualified or modified as to uncertainty, audit scope or accounting principles.

---

During the years ended December 31, 2008 and 2007, and during the interim period from the end of the most recently completed fiscal year through October 1, 2009, the date of resignation, there were no disagreements with BMC on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedures, which disagreements, if not resolved to the satisfaction of BMC would have caused it to make reference to such disagreement in its reports.

The Corporation provided BMC and ParenteBeard with a copy of this proxy statement prior to its filing with the Securities and Exchange Commission and gave each accountant the opportunity to review the above description of the change in accountants and to provide a brief statement of its views if the accountant believed that description of the change in accountants was incomplete or incorrect. Neither accountant chose to provide any such corrective statement.

#### Audit Fees and All Other Fees

The accounting fees over the past two years were paid by the Corporation to ParenteBeard and Beard Miller Company, LLP ("BMC"). Neither ParenteBeard nor BMC rendered any service to any director or principal officer of the Corporation or the Bank. There is no agreement to place any limit on current or future auditors' fees.

**Audit Fees.** BMC charged aggregate fees of \$71,000 in 2008 and BMC and ParenteBeard, combined, charged aggregate fees of \$75,532 in 2009 for audit of the Corporation's consolidated financial statements and for review of the interim financial statements included in the Corporation's quarterly reports on Form 10-Q.

**Audit Related Fees.** BMC billed \$1,500 in 2008 and BMC and ParenteBeard billed \$12,650 in 2009 for assurance and related services related to preparation of Forms 5500.

**Tax Fees.** Fees billed by BMC for tax services, including tax advice and tax planning, totaled approximately \$6,000 in 2008 and fees billed for such tax services performed by BMC and ParenteBeard totaled approximately \$8,650 in 2009. Such tax services consisted primarily of preparation of state and federal tax returns.

**All Other Fees.** The aggregate fees billed by BMC for all other services not described above totaled approximately \$11,056 in 2008. There were no aggregate fees billed by BMC and ParenteBeard for all other services not described above in 2009. Services principally include accounting work related to exploration of potential business opportunities.

#### Audit and Non-Audit Services

All audit related services, tax services and other services were pre-approved by the Audit Committee, which concluded that the provision of such services by BMC and ParenteBeard, for the periods during which they performed services for the Corporation, was compatible with the maintenance of the respective auditor's independence in the conduct of its auditing functions. The charter of the Audit Committee provides for pre-approval of audit, audit-related, tax services and other services on an annual basis, including a review of the independent auditor's audit procedures and risk assessment process in establishing the scope of the services, proposed fees and reports to be rendered. The Audit Committee approved all services performed by BMC and ParenteBeard and described above.
