Dear Stockholders:

You are invited to attend the 2015 Annual Meeting of Stockholders of Abraxas Petroleum Corporation to be held on May 5, 2015, at 9:00 a.m., local time, at our corporate office located at 18803 Meisner Drive, San Antonio, Texas 78258. We hope that you will be able to attend the meeting. Matters on which action will be taken at the meeting are explained in detail in the notice and proxy statement following this letter.

The annual report, notice of Annual Meeting, proxy statement and proxy card are enclosed. Proxy cards are being solicited on behalf of our Board of Directors.

Regardless of whether you plan to attend the Annual Meeting, we hope you will read the attached proxy statement carefully and vote your shares by promptly submitting a proxy by signing, dating and returning the enclosed proxy card in the postage-paid envelope provided or by submitting your proxy by telephone or the Internet as soon as possible. Instructions regarding telephone and Internet voting are included on the proxy card or voting instruction form (or, if applicable, your electronic delivery notice). Choosing one of these voting options ensures your representation at the Annual Meeting regardless of whether you attend in person.

If you have any questions or need assistance in voting your shares, please contact our proxy solicitor, Morrow & Co., LLC toll free at (888) 836-9724.

Thank you for your continued support of Abraxas Petroleum Corporation.

NOTICE OF ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD May 5, 2015

To the Stockholders of Abraxas Petroleum Corporation:

NOTICE IS HEREBY GIVEN that the Annual Meeting of Stockholders of Abraxas Petroleum Corporation (“Abraxas” or the “Company”) will be held at our corporate office located at 18803 Meisner Drive, San Antonio, Texas 78258, on May 5, 2015, at 9:00 a.m., local time, for the following purposes:

(1) To elect as directors to the Abraxas Board of Directors the three nominees named below for a term of three years:

W. Dean Karrash

Paul A. Powell, Jr.

Edward P. Russell

(2) To ratify the appointment of BDO USA, LLP as Abraxas’ independent registered public accounting firm for the year ending December 31, 2015;

(3) To approve an amendment and restatement of the Amended and Restated Abraxas Petroleum Corporation 2005 Employee Long-Term Equity Incentive Plan;

(4) To approve an amendment and restatement of the Abraxas Petroleum Corporation 2005 Non-Employee Directors Long-Term Equity Incentive Plan;

(5) To approve, by advisory vote, a resolution on executive compensation; and

(6) To transact any other business that has been properly brought before the meeting in accordance with the provisions of the Company’s Amended and Restated Bylaws.

Your Board recommends that you vote FOR the nominees named in Proposal 1 and FOR Proposals 2, 3 4 and 5. We invite you to attend the Annual Meeting in person. Whether or not you expect to attend the Annual Meeting, we urge you to mark, sign, date, and return the enclosed proxy card in the envelope provided or vote by telephone or over the Internet as soon as possible. If you are a beneficial holder, you may also vote your shares by telephone or the Internet using the instructions on each proxy card. You may revoke your proxy at any time prior to the Annual Meeting, and, if you attend the Annual Meeting, you may vote your shares of Abraxas common stock in person. The Board of Directors has fixed the close of business on March 17, 2015 as the record date for the determination of the stockholders entitled to notice of and to vote at the Annual Meeting and any adjournment thereof. Only stockholders of record at the close of business on March 17, 2015, will be entitled to vote at the Annual Meeting and any adjournments or postponements thereof. A list of stockholders entitled to vote at the Annual Meeting will be available for inspection at our offices, 18803 Meisner Drive, San Antonio, Texas 78258 for 10 days prior to the Annual Meeting. If you would like to review the stockholder list, please call our Investor Relations department at (210) 490-4788 to schedule an appointment.

All stockholders are cordially invited to attend the Annual Meeting. If you have any questions about the attached proxy or require assistance in voting your shares on the proxy card or voting instruction form, or need additional copies of the Company’s proxy materials, please contact the firm assisting us in the solicitation of proxies, Morrow & Co., LLC, toll free at (888) 836-9724.

PROXY STATEMENT

The Board of Directors of Abraxas Petroleum Corporation (“Abraxas” or the “Company”) is soliciting proxies to vote shares of common stock at the 2015 Annual Meeting of Stockholders to be held at 9:00 a.m., local time, on May 5, 2015, at Abraxas Petroleum Corporation located at 18803 Meisner Drive, San Antonio, Texas 78258, and at any adjournment thereof. This proxy statement and the accompanying proxy are first being mailed to stockholders on or about April 2, 2015. For ten days prior to the Annual Meeting, a complete list of stockholders entitled to vote at the Annual Meeting will be available for examination by any stockholder for any purpose relevant to the Annual Meeting during regular business hours at Abraxas’ executive offices, located at the address set forth above. If you would like to review the stockholder list, please call our Investor Relations department at (210) 490-4788 to schedule an appointment.

Record Date; Shares Entitled To Vote; Quorum

The Board of Directors has fixed the close of business on March 17, 2015 as the record date for Abraxas stockholders entitled to notice of and to vote at the Annual Meeting. Only holders of common stock as of the record date are entitled to vote at the Annual Meeting. As of the record date, there were 106,191,078 shares of Abraxas common stock outstanding, which were held by approximately 1,036 holders of record. Stockholders are entitled to one vote for each share of Abraxas common stock held as of the record date.

The holders of a majority of the outstanding shares of Abraxas common stock issued and entitled to vote at the Annual Meeting must be present in person or by proxy to establish a quorum for business to be conducted at the Annual Meeting. Abstentions and “broker non-votes” are treated as shares that are present and entitled to vote for purposes of determining the presence of a quorum.

A “broker non-vote” occurs when you fail to provide your broker with voting instructions and the broker does not have the discretionary authority to vote your shares on a particular proposal because the proposal is not a routine matter under New York Stock Exchange rules. A broker non-vote may also occur if your broker fails to vote your shares for any reason. Brokers cannot vote on their customers’ behalf on “non-routine” proposals such as Proposal One, the election of directors, Proposal Three, the approval of an amendment and restatement of the Abraxas Petroleum Corporation Amended and Restated 2005 Employee Long-Term Equity Incentive Plan, Proposal Four, the approval of the amendment and restatement of the Abraxas Petroleum Corporation 2005 Non -Employee Directors Long-Term Equity Incentive Plan, and Proposal Five, the advisory vote on executive compensation. Because brokers require their customers’ direction to vote on such non-routine matters, it is critical that stockholders provide their brokers with voting instructions. Proposal 2, ratification of the appointment of our independent registered public accounting firm, will be a “routine” matter for which your broker does not need your voting instruction in order to vote your shares.

Votes Required

The votes required for each proposal is as follows:

Election of Directors. Each share of our Common Stock is entitled to one vote with respect to the election of directors. The nominees for director who receive the most votes will be elected. Therefore, if you do not vote for a particular nominee or you indicate “withhold authority to vote” for a particular nominee on your proxy card, your abstention will have no effect on the election of directors. To be elected, each director must receive a plurality of the votes cast at the meeting. Non-votes are not considered votes cast “for” or “against” this proposal and will have no effect on the approval to elect directors.

If you sign and submit your proxy card or voting instruction form without specifying how you would like your shares voted, your shares will be voted FOR the Board’s recommendations specified below under Proposal One-Election of Directors, and in accordance with the discretion of the proxy holders with respect to any other matters that may be

voted upon at the Annual Meeting. Should the Company lawfully identify or nominate substitute or additional nominees before the Annual Meeting, we will file supplemental proxy material that identifies such nominee(s), discloses whether such nominee(s) has (have) consented to being named in the proxy material and to serve if elected and includes the relevant required disclosures with respect to such nominee(s).

The Board recommends a vote “FOR” each of its nominees on the proxy card.

Appointment of Independent Registered Public Accounting Firm. Each share of our Common Stock is entitled to one vote with respect to the ratification of the appointment of BDO USA, LLP as our independent registered public accounting firm. The affirmative vote of holders of a majority in voting power of the Company’s shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the matter will be considered to determine the outcome of this proposal. Abstentions from voting will have the same effect as a vote against this proposal. This proposal is a “routine” matter for which your broker does not need your voting instruction in order to vote your shares. The outcome of this proposal is advisory in nature and is non-binding.

The Board of Directors recommends a vote “FOR” the ratification of the selection of BDO USA, LLP, as Abraxas’ independent registered public accounting firm for the fiscal year ending December 31, 2015.

Approval of the amendment and restatement of the Abraxas Petroleum Corporation Amended and Restated 2005 Employee Long-Term Equity Incentive Plan. Each share of our Common Stock is entitled to one vote with respect to the approval of the amendment and restatement of the Abraxas Petroleum Corporation 2005 Amended and Restated Employee Long-Term Equity Incentive Plan, which we refer to as the LTIP. The affirmative vote of holders of a majority in voting power of the Company’s shares present at the Annual Meeting in person or represented by proxy and entitled to vote on the matter will be considered to determine the outcome of this proposal. Abstentions from voting will have the same effect as a vote against this proposal, and broker non-votes will have no effect on the outcome of this proposal. Brokers, as nominees for the beneficial owner, may not exercise discretion in voting on this matter and may only vote on this proposal as instructed by the beneficial owner of the shares.

The Board of Directors recommends a vote “FOR” the approval of the amendment and restatement of the LTIP.

Approval of the amendment and restatement of the Abraxas Petroleum Corporation 2005 Non-Employee Directors Long-Term Equity Incentive Plan. Each share of our Common Stock is entitled to one vote with respect to the approval of the amendment and restatement of the Abraxas Petroleum Corporation 2005 Amended and Restated Non-Employee Directors Long-Term Equity Incentive Plan, which we refer to as the Directors Plan. The affirmative vote of holders of a majority in voting power of the Company’s shares present at the Annual Meeting in person or represented by proxy and entitled to vote on the matter will be considered to determine the outcome of this proposal. Abstentions from voting will have the same effect as a vote against this proposal, and broker non-votes will have no effect on the outcome of this proposal. Brokers, as nominees for the beneficial owner, may not exercise discretion in voting on this matter and may only vote on this proposal as instructed by the beneficial owner of the shares.

The Board of Directors recommends a vote “FOR” the approval of the amendment and restatement of the Directors Plan.

Advisory Vote on Executive Compensation. Each share of our Common Stock is entitled to one vote with respect to the approval, in a non-binding, advisory vote, of the compensation of our named executive officers. The affirmative vote of holders of a majority in voting power of the Company’s shares present at the Annual Meeting in person or represented by proxy and entitled to vote on the matter will be considered to determine the outcome of this proposal. Abstentions from voting will have the same effect as a vote against this proposal, and broker non-votes will have no effect on the outcome of this proposal. Brokers, as nominees for the beneficial owner, may not exercise discretion in voting on this matter and may only vote on this proposal as instructed by the beneficial owner of the shares. The outcome of this proposal is advisory in nature and is non-binding.

The Board of Directors recommends a vote “FOR” the approval of the compensation of our named executive officers.

Voting of Proxies

If you are a stockholder whose shares are registered in your name, you may vote your shares by one of the following three methods:

- Vote by Internet, by going to the web address www.proxyvoting.com/axas and following the instructions for Internet voting shown on the enclosed proxy card.

- Vote by Telephone, by dialing (800) 730-7360 and following the instructions for telephone voting shown on the enclosed proxy card.

-

Edgar Filing: ABRAXAS PETROLEUM CORP - Form DEF 14A

Vote by Proxy Card, by completing, signing, dating and mailing the enclosed proxy card in the envelope provided. If you vote by Internet or telephone, please do not mail your proxy card.

The deadline for voting electronically through the Internet or by telephone is 11:59 p.m., Eastern Time, on May 4, 2015.

If your shares are held in "street name" (through a broker, bank or other nominee), you may receive a separate voting instruction form with this proxy statement, or you may need to contact your broker, bank or other nominee to determine whether you will be able to vote electronically using the Internet or telephone.

PLEASE NOTE THAT IF YOUR SHARES ARE HELD OF RECORD BY A BROKER, BANK OR OTHER NOMINEE AND YOU WISH TO VOTE AT THE MEETING, YOU WILL NOT BE PERMITTED TO VOTE IN PERSON AT THE MEETING UNLESS YOU FIRST OBTAIN A LEGAL PROXY ISSUED IN YOUR NAME FROM THE RECORD HOLDER.

The proxies identified on the proxy card will vote the shares of which you are stockholder of record in accordance with your instructions. If you sign and return your proxy card without giving specific voting instructions, the proxies will vote your shares "FOR" the nominated slate of directors and "FOR" each of the other proposals. The giving of a proxy will not affect your right to vote in person if you decide to attend the meeting.

Stockholder of Record. If your shares are registered directly in your name or with our transfer agent, American Stock Transfer & Trust Company, LLC, you are considered the stockholder of record with respect to those shares and these proxy materials are being sent directly to you by us. As a stockholder of record, you have the right to grant your voting proxy directly to us or to vote in person at the Annual Meeting. We have enclosed a proxy card for your use.
Beneficial Holder. If your shares are held in a brokerage account or by a bank or other nominee, you are considered the beneficial owner of the shares held in street name, and these proxy materials are being forwarded to you by your broker, bank or other nominee who is considered the stockholder of record with respect to those shares. As the beneficial owner, you have the right to direct your broker on how to vote and are also invited to attend the meeting. However, since you are not the stockholder of record, in order to vote these shares in person at the meeting you must obtain a legal proxy from your broker, bank or other nominee. Your broker, bank or other nominee has enclosed a proxy card for your use.

How to Vote By Proxy; Revocability of Proxies

To vote by proxy, you must mark, sign, date, and return the proxy card in the enclosed envelope. If you are a beneficial holder, you may also vote your shares by telephone or the Internet using the instructions on each proxy card. Any Abraxas stockholder who delivers a properly executed proxy may revoke the proxy at any time before it is voted.

Whether you vote by telephone, internet or by mail, you can change or revoke your proxy before it is voted at the meeting by:

- submitting a new proxy card bearing a later date;
- voting again by telephone or the Internet at a later time;
- giving written notice before the meeting to our Secretary at the address set forth on the cover of this proxy statement stating that you are revoking your proxy; or
- attending the meeting and voting your shares in person.

Attendance at the Annual Meeting will not, in and of itself, constitute revocation of a proxy. An Abraxas stockholder whose shares are held in the name of a broker, bank or other nominee must bring a legal proxy from his, her or its broker, bank or other nominee to the meeting in order to vote in person.

Deadline for Voting by Proxy

In order to be counted, votes cast by proxy must be received prior to the Annual Meeting.

Solicitation of Proxies

The cost of soliciting proxies in the accompanying form will be borne by Abraxas. Proxies are being solicited by mail, telephone, fax, email, town hall meetings, press releases, press interviews and the Company's Investor Relations website. In addition to solicitations by mail, a number of officers, directors and regular employees of ours may, at no additional expense to us, solicit proxies in person or by telephone. We have hired Morrow & Co., LLC to assist in the solicitation of proxies at a fee estimated not to exceed \$7,500. In addition, we have agreed to reimburse Morrow & Co., LLC for its reasonable out-of-pocket expenses. We will also make arrangements with brokerage firms, banks and other nominees to forward proxy materials to beneficial owners of shares and will reimburse such nominees for their reasonable costs.

Our website address is included several times in this proxy statement as a textual reference only and the information in the website is not incorporated by reference into this proxy statement.

Important Information Regarding Delivery of Proxy Material

The Securities and Exchange Commission has adopted rules regarding how companies must provide proxy materials to their stockholders. These rules are often referred to as “notice and access,” under which a company may select either of the following options for making proxy materials available to its stockholders:

- the full set delivery option; or
- the notice only option.

A company may use a single method for all of its stockholders, or use full set delivery for some while adopting the notice only option for others.

Full Set Delivery Option

Under the full set delivery option, a company delivers all proxy material to its stockholders by mail as it would have done prior to the change in the rules. In addition to delivery of proxy materials to stockholders, the company must post all proxy materials on a publicly-accessible website and provide information to stockholders about how to access the website.

In connection with its 2015 Annual Meeting of Stockholders, Abraxas has elected to use the full set delivery option. Accordingly, you should have received Abraxas’ proxy materials by mail. These proxy materials include the Notice of Annual Meeting of Stockholders, proxy statement, proxy card and Annual Report on Form 10-K. Additionally, Abraxas has posted these materials at www.abraxaspetroleum.com/proxy.

Notice Only Option

Under the notice only option, which we have elected NOT to use for the 2015 Annual Meeting, a company must post all proxy materials on a publicly-accessible website. Instead of delivering proxy materials to its stockholders, the Company instead delivers a “Notice of Internet Availability of Proxy Material.” The notice includes, among other matters:

- information regarding the date and time of the Annual Meeting of stockholders as well as the items to be considered at the meeting;
- information regarding the website where the proxy materials are posted; and
- various means by which a stockholder can request paper or e-mail copies of the proxy materials.

If a stockholder requests paper copies of the proxy materials, these materials must be sent to the stockholder within three business days and by first class mail.

Abraxas May Use the Notice Only Option in the Future

Although Abraxas elected to use the full set delivery option in connection with the 2015 Annual Meeting of Stockholders, it may choose to use the notice only option in the future. By reducing the amount of materials that a company needs to print and mail, the notice only option provides an opportunity for cost savings as well as conservation of paper products. Many companies that have used the notice only option have also experienced a lower participation rate resulting in fewer stockholders voting at the Annual Meeting. Abraxas plans to evaluate the future possible cost savings as well as the possible impact on stockholder participation as it considers future use of the notice only option.

Householding

The Securities and Exchange Commission has adopted rules that permit companies and intermediaries (e.g. brokers) to satisfy the delivery requirements for proxy materials with respect to two or more stockholders sharing the same address by delivering a single set of proxy materials. This process, which is commonly referred to as “householding,” potentially results in extra convenience for stockholders, cost savings for companies and conservation of paper products.

If, at any time, you no longer wish to participate in “householding” and would prefer to receive a separate set of proxy materials, you may:

- send a written request to Investor Relations, Abraxas Petroleum Corporation, 18803 Meisner Drive, San Antonio, Texas 78258, if you are a stockholder of record; or
- notify your broker, if you hold your shares in street name.

PROPOSAL ONE**Election of Directors**

Abraxas' Articles of Incorporation divide the Board of Directors into three classes of directors serving staggered three-year terms, with one class to be elected at each annual meeting. At this year's meeting, three Class I directors are to be elected for a term of three years to hold office until the expiration of their term in 2017, or until a successor has been elected and duly qualified. The nominees for Class I director are W. Dean Karrash, Paul A. Powell Jr, and Edward P. Russell. Messrs. Karrash, Powell and Russell are currently directors. Each of the director nominees named in this proxy statement has agreed to serve as a director if elected, and we have no reason to believe that any nominee will be unable to serve. In the event that before the annual meeting one or more nominees named in this proxy statement should become unable or unwilling to serve, the persons named in the enclosed proxy will vote the shares represented by any proxy received by our Board of Directors for such other person or persons as may thereafter be nominated for director by the Nominating and Corporate Governance Committee and our Board of Directors. Assuming the presence of a quorum, the nominees for director who receive the most votes will be elected. The enclosed proxy card provides a means for stockholders to vote for or to withhold authority to vote for the nominees for director. If a stockholder executes and returns a proxy, but does not specify how the shares represented by such stockholder's proxy are to be voted, such shares will be voted FOR the election of the nominees for director. In determining whether this item has received the required number of affirmative votes, abstentions will have no effect. Non-votes are not considered votes cast "for" or "against" this proposal at the Annual Meeting and will have no effect on the approval to elect directors.

The Board of Directors recommends a vote "FOR" the election of the nominees to the Board of Directors.

Board of Directors

The following table sets forth the names, ages, and positions of the directors of Abraxas. The term of the Class I directors expires in 2015, the term of the Class II directors expires in 2017 and the term of the Class III directors expires in 2016.

Name and Municipality of Residence	Age	Office	Class
Robert L.G. Watson San Antonio, Texas	64	Chairman of the Board, President and Chief Executive Officer	II

Director Nominees

The Board unanimously recommends using the enclosed proxy card to vote FOR each of the Board's three nominees for Director.

W. Dean Karrash, was an advisory director of Abraxas from November 2011 to May 2012 at which time he was elected to the Board of Directors. Mr. Karrash is the President and Chief Financial Officer of Burke, Lawton, Brewer & Burke, LLC, a securities brokerage firm. Mr. Karrash joined the firm in 2004 and also serves as a Portfolio Manager with BLB&B Advisors, LLC. Mr. Karrash has over thirty years of experience in the financial services industry and previously served as President and Chief Executive Officer of Rutherford, Brown & Catherwood, LLC and Chief Financial Officer of Walnut Asset Management, LLC. Early in Mr. Karrash's career, he served as Vice President of Finance for Lincoln Investment Planning Inc. and as a Senior Manager with Pricewaterhouse Coopers (formally Coopers & Lybrand). Mr. Karrash is currently a member of FINRA's Financial and Operations Committee and a past member of the Small Firm Advisory Board and District 9 Business Conduct Committee. Mr. Karrash is a Certified Public Accountant, Certified Financial Planner and is registered with FINRA and holds Series 7, 24, 27, 53 and 65 licenses. Mr. Karrash received a Bachelor of Science degree in Accounting from Pennsylvania State University and a Master of Business Administration degree from Temple University's Executive MBA program.

Through his role as President of Burke, Lawton, Brewer & Burke, Mr. Karrash provides our Board with investment and financial experience from the standpoint of an investor and as a stockholder. In addition, Mr. Karrash is a Certified Public Accountant and is an audit committee financial expert as defined by SEC rules.

Paul A. Powell, Jr., a director of Abraxas since August 2005, has served as Vice President and director of Mechanical Development Co., Inc. a maker of precision production machine parts, since 1984. Mr. Powell is a Managing Partner of Claytor Equity Partners, Cortland Partners, JWM Partners, Emory Partners and Burnett Partners. Mr. Powell is also manager of Westpoint (2002) LLC, Westpoint (2002) General Limited Partnership and WMP Properties LLC.

Mr. Powell currently serves on the board of trustees of Emory & Henry College and as trustee for numerous charitable trusts. Mr. Powell previously served as a director of Abraxas from 1987 to 1999 and as an advisory director from 1999 to August 2005, in addition to previously serving on the board of the Blue Ridge Mountain Council of the Boy Scouts of America. Mr. Powell attended Emory & Henry College and graduated from National Business College with a degree in Accounting.

Through his roles at various investment and operating companies, Mr. Powell provides our Board with investment and financial experience. Mr. Powell has extensive historical knowledge about our Company through his investment in a number of drilling partnerships which became a part of Abraxas in 1991.

Edward P. Russell, a director of Abraxas since October 2009, has served as a Managing Director of Tortoise Capital Advisors, one of the largest energy investors in the U.S. with over \$10 billion in assets under management since April 2007. From 2007 to 2012, Mr. Russell served as President of Tortoise Capital. Prior to joining Tortoise Capital Advisors, Mr. Russell was a Managing Director at Stifel, Nicolaus & Company, Inc. where he headed the energy and power group. Mr. Russell currently serves on the board of Arc Logistics GP LLC, which is the general partner of Arc Logistics Partners LP. Mr. Russell previously served as a director of Abraxas General Partner, LLC, the general partner of Abraxas Energy Partners, L.P.

We believe Mr. Russell's experience as an oil and gas investor and as an energy investment banker brings an important skill set to the Board.

Directors with Terms Expiring in 2015 and 2016

Robert L.G. Watson, has served as Chairman of the Board, President, Chief Executive Officer and a director of Abraxas since 1977. Prior to forming Abraxas, Mr. Watson held petroleum engineering positions with Tesoro Petroleum Corporation and DeGolyer and MacNaughton. Mr. Watson received a Bachelor of Science degree in Mechanical Engineering from Southern Methodist University in 1972 and a Master of Business Administration degree from the University of Texas at San Antonio in 1974.

Mr. Watson has been involved in the oil and gas industry for his entire business career and is the founder of Abraxas. He has developed a wide network of personal and business relationships within the oil and gas industry. His strong engineering and financial background combined with his many years of operational experience throughout changing conditions in the market and industry provide him with the ability to successfully lead the Company.

Harold D. Carter, a director of Abraxas since October 2003, has over 40 years of oil and gas industry experience and has been an independent consultant since 1990. Prior to consulting, Mr. Carter served as Executive Vice President of Pacific Enterprises Oil Company (USA). Before that, Mr. Carter was associated for 20 years with Sabine Corporation, ultimately serving as President and Chief Operating Officer from 1986 to 1989. Mr. Carter has served as a director of Longview Energy Company, a privately-owned oil and gas exploration and production company, since 1999. Mr. Carter also serves as Vice Chairman of the Board of Trustees for the Texas Scottish Rite Hospital for Children. Mr. Carter previously served as a director of Abraxas from 1996 to 1999 and as an advisory director from 1999 to 2003. Mr. Carter also previously served as a director of Brigham Exploration Company, a publicly-traded oil and gas company, from 1998 to 2011, and as a director of Energy Partners Ltd., a publicly-traded oil and gas exploration and production company, from 2000 to 2009.

Mr. Carter received a Bachelor of Business Administration degree in Petroleum Land Management from the University of Texas and completed the Program for Management Development at the Harvard University Business School.

Mr. Carter brings invaluable perspective and industry-specific business acumen and managerial experience to the Board as the former President and COO of Sabine Corporation and as an industry veteran with decades of exploration and production experience. In particular, we believe that Mr. Carter's tenure as a director of Brigham Exploration is particularly valuable to us because Brigham's principal area of activity was the Williston Basin, where it targeted the Bakken, Three Forks and Red River formations. Brigham was acquired in 2011 by Statoil ASA for approximately \$4.4 billion. The knowledge and experience Mr. Carter has attained through his service on other public company boards also enables Mr. Carter to provide a keen understanding of various corporate governance matters.

Ralph F. Cox, a director of Abraxas since December 1999, has over 50 years of oil and gas industry experience, over 30 of which was with Atlantic Richfield Company (ARCO). Mr. Cox retired from ARCO in 1985 after serving as Vice Chairman. Mr. Cox then joined Union Pacific Resources, retiring in 1989 as President and Chief Operating Officer. Mr. Cox then joined Greenhill Petroleum Corporation as President until leaving in 1994 to pursue a consulting business. Mr. Cox currently serves as a trustee for Fidelity Mutual Funds. Mr. Cox also serves as a director of Validus International, a company specializing in oil field drilling tools, and as a director of E-T Energy Ltd., a Canadian oil sands extraction company. Mr. Cox previously served as a director of Abraxas General Partner, LLC, the general partner of Abraxas Energy Partners, L.P., as a director of CH2M Hill Companies, an engineering and construction firm, as a director of World GTL Inc., a gas-to-liquids production facility, and as an advisory director of Impact Petroleum, an oil and gas exploration and production company. Mr. Cox received Bachelor of Science degrees in Petroleum Engineering and Mechanical Engineering from Texas A&M University in 1954 and completed advanced studies at Emory University.

Mr. Cox has many years of prior experience with major oil and gas companies. Mr. Cox continues his involvement in the industry through his other directorship positions. His executive-level perspective and decision making abilities continue to prove beneficial to the Company.

Jerry J. Langdon currently works as a private investor. Most recently, Mr. Langdon was Chief Administrative and Compliance Officer of Energy Transfer Partners, or ETP, a multi-billion dollar company specializing in the gathering, processing, transportation and storage of natural gas and natural gas liquids in the U.S. Prior to ETP, Mr. Langdon was Chief Administrative and Compliance Officer for Reliant Energy. Mr. Langdon has also held senior executive positions with El Paso Energy Partners and has served as a Director of several public and private boards. In October 1988, Mr. Langdon was appointed to the Federal Energy Regulatory Commission by President Ronald Reagan and served in that capacity until 1993. For a period of 38 days in 2012 (from May 21, 2012 until June 28, 2012), Mr. Langdon served as Chairman of the Board and Chief Executive Officer of Latitude Solutions, Inc., a company engaged in the development and deployment of water remediation technologies. On November 9, 2012, Latitude Solutions, Inc. filed for bankruptcy protection under the provisions of Chapter 7 of the United States Bankruptcy Code in the United States Bankruptcy Court for the Northern District of Texas. Mr. Langdon has authored numerous articles on the natural gas and electric industries, which have been published in various industry trade magazines.

Mr. Langdon holds a Bachelor of Science Communications from the University of Texas.

We believe Mr. Langdon's extensive experience in the energy industry make him a valuable addition to our Board.

Dennis E. Logue, a director of Abraxas since April 2003, has served as Chairman of the Board of Directors of Ledyard Financial Group, the holding company for Ledyard National Bank, since 2005. Mr. Logue served as Dean and Fred E. Brown Chair at the Michael F. Price College of Business at the University of Oklahoma from 2001 through 2005. Prior to joining Price College, Mr. Logue was the Steven Roth Professor at the Amos Tuck School at Dartmouth College where he had been since 1974. Mr. Logue has served as a director of Waddell & Reed Financial, Inc., a publicly-traded, national financial services organization, since 2002. Mr. Logue also serves on the board of Hypertherm, a privately-owned company specializing in plasma cutting tools and technology. Mr. Logue holds degrees from Fordham College, Rutgers, and Cornell University.

Mr. Logue has significant business, financial and administrative experience and his broad based experiences across a number of industries are particularly beneficial in his service on our Nominating and Compensation Committees.

Brian L. Melton has served on the Board of Directors Abraxas since October of 2009. He has served as Vice President of Pipeline Marketing & Business Development for Blueknight Energy Partners (Nasdaq: BKEP), a publicly traded master limited partnership (MLP) that specializes in providing crude oil and asphalt terminaling, pipeline and transportation services across the U.S., since December 2013. Prior to joining Blueknight, Mr. Melton served as Vice-President of Business Development / Corporate Strategy for Crestwood Equity Partners, L.P. (NYSE: CEQP), Crestwood Midstream Energy Partners, L.P. (NYSE: CMLP), and Inergy, L.P. (NYSE:NRGY) from September 2008 until December 2013. Crestwood and Inergy are publicly-traded MLPs that specialize in providing midstream crude oil, natural gas and natural gas liquids services to producers and midstream providers in many of the major U.S. shale plays including the Bakken, Eagle Ford, Marcellus / Utica, Barnett, Fayetteville, Haynesville and Niobrara U.S. shale regions. Prior to joining Inergy in 2008, Mr. Melton was a Director in the Energy Corporate Investment Banking groups of Wachovia Securities and A.G. Edwards, prior to its merger with Wachovia Securities in October of 2007. Mr. Melton joined A.G. Edwards in July 2000 and was a senior member of the energy corporate finance team. From November 1995 until July 2000, Mr. Melton served as Director of Finance & Corporate Planning

with TransMontaigne Inc., a downstream refined products supply, transportation and logistics company. Mr. Melton received a Bachelor of Science degree in Management and a Master of Business Administration degree from Arkansas State University.

We believe that Mr. Melton's operational and business experience (particularly in the U.S. shale plays in which the Company operates), as well as Mr. Melton's prior oil and gas investment banking experience help him bring unique insight to our Board and his financial experience is beneficial to our audit committee.

Director Emeritus

Franklin A. Burke, a director emeritus of Abraxas since 2012 and a director of Abraxas from 1992-2012, has previously served as President and Chief Executive Officer of Burke, Lawton, Brewer & Burke, a securities brokerage firm, from 1964 through 2014, as President of Venture Securities Corporation, since 1971, and as President, Director of Research and Portfolio Management of BLB&B Advisors, LLC, from 2006 through 2014. Mr. Burke also previously served as Trustee and Treasurer of The Williamson Free School of Mechanical Trades. Mr. Burke currently serves as a director of Starkey Chemical Process Company and was a director and President of Omega Institute, an allied health post-secondary school. Mr. Burke received a Bachelor of Science degree in Business Administration from Kansas State University in 1955, a Master's degree in Finance from University of Colorado in 1960 and studied at the graduate level at the London School of Economics from 1962 to 1963. The Board voted to appoint Mr. Burke as a Director Emeritus following his retirement in 2012.

Mr. Burke serves at the pleasure of the Board and may be terminated as Directors Emeritus at any time upon consent of a majority of the Board of Directors. Mr. Burke has the right to receive timely notice and information regarding, and to attend and participate in all, meetings of the Board, but does not have the right to vote at the meetings. The Board may, in its discretion without Mr. Burke's consent, at any meetings at which he is in attendance, hold an executive session, at which Mr. Burke may not be present. Except for purposes of indemnification, Mr. Burke is not deemed to be a "director" of Abraxas.

Composition of the Board of Directors

The Company believes that its Board as a whole should encompass a diverse range of talent, skill, experience and expertise enabling it to provide sound guidance with respect to the Company's operations and business goals. In addition to considering a candidate's background and accomplishments, candidates are reviewed in the context of the current composition of the Board and the evolving needs of the Company. The Company's policy is to have at least a majority of its directors qualify as "independent" as determined in accordance with the listing standards of The NASDAQ Stock Market and Rule 10A-3 of the Exchange Act. The Nominating and Corporate Governance Committee identifies candidates for election to the Board of Directors and reviews their skills, characteristics and experience, and recommends nominees for director to the Board for approval.

The Nominating and Corporate Governance Committee believes that the Board of Directors should be composed of directors with experience in areas relevant to the strategy and operations of the Company, particularly in the oil and gas industry and complex business and financial dealings. Each of the nominees for election as a director at the Annual Meeting and each of the Company's current directors holds or has held senior executive positions in either the oil and gas industry or in the financial / banking community. In these positions, we believe that each nominee and current director has gained experience in core management skills, such as strategic and financial planning, public company financial reporting, corporate governance, risk management, and leadership development. Many of our directors also have experience serving on boards and board committees of other public companies, as well as charitable organizations and private companies. The Nominating and Corporate Governance Committee also believes that each nominee and current director has other key attributes that are important to an effective board: integrity and demonstrated high ethical standards; sound judgment; analytical skills; the ability to engage management and each other in a constructive and collaborative fashion; diversity of background, experience and thought; and the commitment to devote significant time and energy to service on the Board and its Committees. With respect to each of our current directors and director nominees, their biographies beginning on pages 7 through 9 detail their individual experience in the oil and gas industry and/or in the financial/banking community together with their past and current board positions. Messrs. Carter, Cox and Langdon have strong backgrounds in the oil and gas industry and Messrs.

Karrash, Logue and Powell have strong backgrounds in the financial/banking community. Messrs. Melton and Russell have strong backgrounds in both the oil and gas industry and the financial / banking community.

Meeting Attendance

During the fiscal year ended December 31, 2014, the Board of Directors held five meetings, the Audit Committee held four meetings, the Compensation Committee held three meetings and the Nominating and Corporate Governance Committee held one meeting. During 2014, each director attended at least 75% of all Board and applicable Committee meetings, and other than Mr. Watson, our Chairman of the Board, President and Chief Executive Officer, each director received compensation for their service to Abraxas for their role as director. See “Executive Compensation—Compensation of Directors.” Abraxas encourages, but does not require, directors to attend the annual meeting of stockholders; however, such attendance allows for direct interaction between stockholders and members of the Board of Directors. At Abraxas’ 2014 Annual Meeting, all members of the Board were present.

Committees of the Board of Directors

Abraxas has standing Audit, Compensation and Nominating and Corporate Governance Committees.

The Audit Committee is a separately-designated standing audit committee established in accordance with Section 3(a)(58)(A) of the Exchange Act. During 2014, the Audit Committee consisted of Messrs. Melton (Chairman), Karrash, Langdon and Powell. The Board of Directors has determined that each of Messrs. Melton and Karrash is an audit committee financial expert as defined by SEC rules. The Audit Committee Report, which appears on page 37, more fully describes the activities and responsibilities of the Audit Committee. Mr. King, Mr. Krog and representatives from BDO USA, LLP, the Company’s independent registered public accounting firm, attend each meeting of the Audit Committee. In addition, the representatives from BDO USA, LLP and the Audit Committee meet in executive session at each meeting.

The Compensation Committee consists of Messrs. Cox (Chairman), Carter and Logue. The Compensation Committee’s role is to establish and oversee Abraxas’ compensation and benefit plans and policies, administer its stock option plans, and to annually review and approve all compensation decisions relating to Abraxas’ executive officers. The Compensation Discussion & Analysis, which begins on page 17, more fully describes the activities and responsibilities of the Compensation Committee. The Compensation Committee submits its decisions regarding executive compensation to the independent members of the Board for approval. The agenda for meetings of the Compensation Committee is determined by its Chairman and the meetings are regularly attended by Mr. Watson. At each meeting, the Compensation Committee also meets in executive session. Mr. Cox reports the committee’s recommendations on executive compensation to the Board. The Company’s personnel support the Compensation Committee in its duties and, along with Mr. Watson, may be delegated authority to fulfill certain administrative duties regarding the Company’s compensation programs. The Compensation Committee has authority under its charter to retain, approve fees for and terminate advisors, consultants and agents as it deems necessary to assist in the fulfillment of its responsibilities. In December 2014, the Compensation Committee engaged Longnecker and Associates, which we refer to as “L&A” or the “Compensation Consultant”, as its independent compensation consultant and L&A remains in that capacity currently. For more information on the Compensation Committee’s processes and procedures, please see “Executive Compensation – Compensation Discussion and Analysis – Our Compensation Committee” and – “Elements of Executive Compensation.”

The Nominating and Corporate Governance Committee consists of Messrs. Logue (Chairman), Cox and Powell. The primary function of the Nominating and Corporate Governance Committee is to develop and maintain the corporate governance policies of Abraxas and to assist the Board in identifying, screening and recruiting qualified individuals to become Board members and determining the composition of the Board and its committees, including recommending nominees for the election at the annual meeting of stockholders or to fill vacancies on the Board.

Each of the Board’s committees has a written charter and copies of the charters are available for review on the Company’s website at www.abraxaspetroleum.com.

Director Independence

The Board of Directors has determined that each of the following members of the Board of Directors is independent as determined in accordance with the listing standards of The NASDAQ Stock Market and Rule 10A-3 of the Exchange Act: Harold D. Carter, Ralph F. Cox, W. Dean Karrash, Jerry J. Langdon, Brian L. Melton, Dennis E. Logue, Paul A.

Powell, Jr. and Edward P. Russell. All of the members of the Audit, Compensation and Nominating and Corporate Governance Committees are independent as determined in accordance with the listing standards of The NASDAQ Stock Market and Rule 10A-3 of the Exchange Act. The Board of Directors periodically conducts a self-evaluation on key Board and committee-related issues, which has proven to be a beneficial tool in the process of continuous improvement in the Board's functioning and communication.

Board Leadership Structure

The Board of Directors believes that the Chief Executive Officer is best situated to serve as Chairman because he is the director most familiar with Abraxas' business and industry, and most capable of effectively identifying strategic priorities and leading the discussion and execution of strategy. The Board believes this provides an efficient and effective leadership model for Abraxas. The Board believes that combining the Chairman and Chief Executive Officer roles fosters clear accountability, effective decision-making and alignment on corporate strategy. To assure effective independent oversight, the Board has adopted a number of governance practices, including:

- a strong, independent director role;
- regular executive sessions of the independent directors; and
- annual performance evaluations of the Chairman and Chief Executive Officer by the independent directors.

In addition, in 2006, the Board appointed Mr. Cox as lead independent director to provide the Board with additional independent oversight. Mr. Cox leads the regularly held executive sessions. The Board believes that the combined role of Chairman and Chief Executive Officer is in the best interest of Abraxas stockholders because it provides the appropriate balance between strategic development and independent oversight of management.

Risk Management

The Board of Directors has an active role, as a whole and also at the committee level, in overseeing management of the Company's risks. The Board reviews quarterly information regarding the Company's credit, liquidity and operations, as well as the risks associated with each. The Company's Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements to ensure that the compensation programs do not encourage excessive risk-taking. The Audit Committee oversees management of financial risks, as well as other identified risks, including information technology. The Nominating and Corporate Governance Committee manages the risks associated with the independence of the Board of Directors and potential conflicts of interest. While each committee is responsible for evaluating specific risks and overseeing the management of such risks, the entire Board of Directors is regularly informed through committee reports about such risks.

The Board of Directors, together with the Compensation Committee, the Audit Committee, and the Nominating and Corporate Governance Committee, coordinate with each other to provide company-wide oversight of our management and handling of risk. These committees report regularly to the entire Board of Directors on risk-related matters and provide the Board of Directors with integrated insight about the Company's management of strategic, credit, interest rate, financial reporting, liquidity, compliance and operational risks. While the Company has not developed a company-wide risk statement, the Board of Directors believes a well-balanced operational risk profile with heavier weighting towards exploitation projects as opposed to exploratory projects, together with a relatively conservative approach to managing liquidity, debt levels, and commodity price and interest rate risk contribute to an effective oversight of the Company's risks.

At meetings of the Board of Directors and its committees, directors receive regular updates from management regarding risk management. Outside of formal meetings, the Board, its committees and individual Board members have regular access to the executive officers of Abraxas.

Compensation Committee Interlocks and Insider Participation

Messrs. Cox, Carter and Logue served on the Compensation Committee during 2014. No member of the Compensation Committee was at any time during 2014, or at any other time an officer or employee of Abraxas, and no member had any relationship with Abraxas requiring disclosure as a related-party transaction in the section "Certain Relationships and Related Transactions" of this proxy statement. No executive officer of Abraxas has served on the Board of Directors or Compensation Committee of any other entity that has or has had one or more executive officers who served as a member of the Board of Directors or the Compensation Committee during 2014.

Code of Ethics

In April 2004, the Board of Directors unanimously approved Abraxas' Code of Ethics. This Code is a statement of Abraxas' high standards for ethical behavior, legal compliance and financial disclosure, and is applicable to all directors, officers, and employees. A copy of the Code of Ethics can be found in its entirety on Abraxas' website at

www.abraxaspetroleum.com. Additionally, should there be any changes to, or waivers from, Abraxas' Code of Ethics, those changes or waivers will be posted immediately on our website at the address noted above.

Stockholder Communications with the Board

The Board of Directors has implemented a process by which stockholders may communicate with the Board of Directors. Any stockholder desiring to communicate with the Board of Directors may do so in writing by sending a letter addressed to the Board of Directors, c/o Corporate Secretary. The Corporate Secretary has been instructed by the Board to promptly forward any communications received to the members of the Board.

Nominations

The Nominating and Corporate Governance Committee is responsible for determining the slate of director nominees for election by stockholders, which the committee recommends for consideration by the Board. All director nominees are approved by the Board prior to annual proxy material preparation and are required to stand for election by stockholders at the next annual meeting. For positions on the Board created by a director's leaving the Board prior to the expiration of his current term, whether due to death, resignation, or other inability to serve, Article III of the Company's Amended and Restated Bylaws provides that a director elected by the Board to fill a vacancy shall be elected for the unexpired term of his predecessor in office.

The Nominating and Corporate Governance Committee does not currently utilize the services of any third party search firm to assist in the identification or evaluation of Board member candidates. The Nominating and Corporate Governance Committee may engage a third party to provide such services in the future, as it deems necessary or appropriate at the time in question.

The Nominating and Corporate Governance Committee determines the required selection criteria and qualifications of director nominees based upon the needs of the Company at the time nominees are considered. A candidate must possess the ability to apply good business judgment and be in a position to properly exercise his or her duties of loyalty and care. Candidates should also exhibit proven leadership capabilities, high integrity and experience with a high level of responsibility within his or her chosen fields, and have the ability to quickly understand complex principles of, but not limited to, business, finance and the oil and gas business. Candidates with potential conflicts of interest or who do not meet independence criteria will be identified and disqualified. The Nominating and Corporate Governance Committee will consider these criteria for nominees identified by the Committee, by stockholders, or through some other source. When current Board members are considered for nomination for re-election, the Nominating and Corporate Governance Committee also takes into consideration their prior Board contributions, performance and meeting attendance records.

The Nominating and Corporate Governance Committee does not have a formal policy with regard to the consideration of diversity in identifying director nominees, but the Committee strives to nominate directors with a variety of complementary skills so that, as a group, the Board will possess the appropriate talent, skills, experience and expertise to oversee the Company's business. As part of this process, the Committee evaluates how a particular candidate would strengthen and increase the diversity of the Board in terms of how that candidate may contribute to the Board's overall balance of perspectives, backgrounds, knowledge, experience, skill sets and expertise in substantive matters pertaining to the Company's business.

The Nominating and Corporate Governance Committee will consider qualified candidates for possible nomination that are recommended by stockholders. Stockholders wishing to make such a recommendation may do so by sending the required information to the Nominating and Corporate Governance Committee, c/o Corporate Secretary at the address listed above. Any such nomination must comply with the advance notice provisions and provide all of the information required by Abraxas' Amended and Restated Bylaws. These provisions and required information are summarized under "Stockholder Proposals for 2016 Abraxas Annual Meeting" beginning on page 48 of this proxy statement. The Nominating and Corporate Governance Committee conducts a process of making a preliminary assessment of each proposed nominee based upon the resume and biographical information, an indication of the individual's willingness to serve and other background information. This information is evaluated against the criteria set forth above as well as the specific needs of the Company at that time. Based upon a preliminary assessment of the candidate(s), those who appear best suited to meet the needs of the Company may be invited to participate in a series of interviews, which are used for further evaluation. The Nominating and Corporate Governance Committee uses the same process for evaluating all nominees, regardless of the original source of the information.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires Abraxas' directors and executive officers and persons who own more than 10% of a registered class of Abraxas equity securities to file with the Securities and Exchange Commission and The NASDAQ Stock Market initial reports of ownership and reports of changes in ownership of Abraxas common stock. Officers, directors and greater than 10% stockholders are required by SEC regulation to furnish us with copies of all such forms they file. Based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, Abraxas believes that during 2014, all of its directors and executive officers complied on a timely basis with all applicable filing requirements under Section 16(a) of the Exchange Act.

Prior to joining Abraxas, Mr. Krog was an independent accountant in private practice. Mr. Krog received a Bachelor of Business Administration degree from the University of Texas at Austin in 1976 and is a Certified Public Accountant.

EXECUTIVE COMPENSATION

Compensation Discussion & Analysis

We compensate our executive officers through a combination of base salary, annual incentive bonuses and long-term equity based awards. The compensation is designed to be competitive with those of a peer group, which in 2014 was a group of exploration and production companies included in the William M. Mercer 2014 Energy Compensation Survey, which we refer to as the Mercer Study. We also compared the salary structure of the Abraxas group to the following exploration and production company peer group: Callon Petroleum Company, Comstock Resources, Clayton Williams Energy, Contango Oil and Gas Company, Double Eagle Petroleum Co., Emerald Oil, Evolution Petroleum Corp., Magnum Hunter Resources Corp., Midstates Petroleum Company, Northern Oil and Gas, Penn Virginia Corp, Swift Energy Co., Triangle Petroleum Corporation, Warren Resources Inc. and Zaza Energy Corporation.

This section discusses the principles underlying our executive compensation policies and decisions, and the most important factors relevant to an analysis of these policies and decisions. It provides qualitative information regarding the manner and context in which compensation is awarded to and earned by our executive officers and places in perspective the data presented in the tables and narrative that follow.

Our Compensation Committee

Our Compensation Committee approves, implements and monitors all compensation and awards to executive officers including the Chief Executive Officer, Chief Financial Officer and the other executive officers named in the Summary Compensation Table below, whom we refer to as the named executive officers or NEOs. The Committee's membership is determined by the Board of Directors and is composed of three independent directors. The Committee, in its sole discretion, has the authority to delegate any of its responsibilities to subcommittees as it deems appropriate. During 2014, the Compensation Committee engaged L&A to assist in providing a comprehensive assessment of our executive compensation programs. The Compensation Committee retained the sole authority to select, retain, terminate, and approve fees and other retention terms of the relationship with L&A.

During 2014, the Compensation Consultant performed the following services for the Committee:

- Conducted an evaluation of the total compensation for each of the NEOs;
- Presented information related to current trends and regulatory developments affecting executive compensation programs in our market; and
- Assisted with the analysis and selection of peer group companies for compensation purposes and for comparative TSR purposes.

The Committee periodically approves and adopts, or makes recommendations to the Board, for Abraxas' executive compensation decisions. In the first quarter of each year, Mr. Watson, the Chief Executive Officer, submits to the Compensation Committee his recommendations for salary adjustments and long-term equity incentive awards based upon his subjective evaluation of individual performance and his subjective judgment regarding each executive officer's salary and equity incentives, for each executive officer except himself. For more information on our Compensation Committee, please refer to the discussion under "Proposal One—Election of Directors—Committees of the Board of Directors."

The Committee reviews all components of compensation for our executive officers, including base salary, annual incentive bonuses, long-term equity based awards, the dollar value to the executive and cost to Abraxas of all benefits and all severance and change in control arrangements. Based on this review, the Compensation Committee has determined that the compensation paid to our executive officers reflects our compensation philosophy and objectives.

Compensation Philosophy and Objectives

Our underlying philosophy in the development and administration of Abraxas' annual and long-term compensation plans is to align the interests of our executive officers with those of Abraxas' stockholders. Key elements of this philosophy are:

- establishing compensation plans that deliver base salaries which are competitive with companies in our industry, within Abraxas' budgetary constraints and commensurate with Abraxas' salary structure.
- rewarding outstanding performance particularly where such performance is reflected by an increase in Abraxas' Net Asset Value, as adjusted for changes in factors beyond an employee's control.

providing equity-based incentives to ensure motivation over the long-term to respond to Abraxas' business challenges and opportunities as owners rather than just as employees.

15

The compensation currently paid to Abraxas' executive officers consists of three core elements: base salary, annual bonuses under the Abraxas Petroleum Corporation Bonus Plan, as amended, which is referred to as the Bonus Plan, and long-term equity based awards granted pursuant to our 2005 Employee Long-Term Equity Incentive Plan, which we refer to as the 2005 Employee Plan, plus other employee benefits generally available to all employees of Abraxas. We believe these elements support our underlying philosophy of aligning the interests of our executive officers with those of Abraxas' stockholders by providing the executive officers a competitive salary, an opportunity for annual bonuses, and equity-based incentives to ensure motivation over the long-term. We view the three core elements of compensation as related but distinct. Although we review total compensation, we do not believe that significant compensation derived from one component of compensation should increase or reduce compensation from another component. We determine the appropriate level for each component of compensation separately. We have not adopted any formal or informal policies or guidelines for allocating compensation among long-term incentives and annual base salary and bonuses, between cash and non-cash compensation, or among different forms of non-cash compensation. Abraxas' Board has adopted stock ownership guidelines. Please read "Stock Ownership Guidelines" for more information.

Abraxas does not have any other deferred compensation programs or supplemental executive retirement plans and no benefits are provided to Abraxas' executive officers that are not otherwise available to all employees of Abraxas, and no benefits are valued in excess of \$10,000 per employee per year.

Elements of Executive Compensation

Executive compensation consists of the following elements:

Base Salary. In determining base salaries for the executive officers of Abraxas, we aim to set base salaries at a level we believe enables us to hire and retain individuals in a competitive environment and to reward individual performance and contribution to our overall business goals. In addition, we take into consideration the responsibilities of each executive officer and determine compensation appropriate for the positions held and expectations of services rendered during the year. During 2014, we compared the salary structure of Abraxas to a group of exploration and production companies included in the Mercer Study. We also compared the salary structure of the Abraxas group to the following exploration and production company peer group: Callon Petroleum Company, Comstock Resources, Clayton Williams Energy, Contango Oil and Gas Company, Double Eagle Petroleum Co., Emerald Oil, Evolution Petroleum Corp., Magnum Hunter Resources Corp., Midstates Petroleum Company, Northern Oil and Gas, Penn Virginia Corp, Swift Energy Co., Triangle Petroleum Corporation, Warren Resources Inc. and Zaza Energy Corporation. During 2015, we will utilize a list of peer companies provided by L&A to analyze our salary structure. L&A has identified potential peer candidates based on 1) companies of similar size, 2) other similar companies in the oil and gas exploration industry, and 3) similar operations in comparable geographies. L&A then analyzed each company based on:

• Market capitalization;

• Revenue;

• Assets;

• Enterprise value; and

• Operational similarities.

Using these criteria, L&A has developed the following list of comparable companies: Approach Resources, Inc. (AREX), Callon Petroleum Company (CPE), Clayton Williams Energy, Inc. (CWEI), Comstock Resources, Inc. (CRK), Contango Oil & Gas Company (MCF), Emerald Oil (EOX), Evolution Petroleum Corp. (EPM), Gastar Exploration Inc. (GST), Magnum Hunter Resources Corp. (MHR), Northern Oil and Gas, Inc (NOG), Penn Virginia Corporation (PVA), Swift Energy Co. (SFY), Triangle Petroleum Corporation (TPLM) and Warren Resources Inc. (WRES).

Abraxas' salary range is set by reference to the salaries paid by other companies in our industry considering the responsibilities and expectations of each executive officer while remaining within Abraxas' budgetary constraints. We utilize salary information from other companies in our industry to compare Abraxas' salary structure with those other companies that compete with Abraxas for executives but without targeting salaries to be higher, lower or approximately the same as those in our industry. We believe that the base salary levels for our executive officers are

consistent with the practices of companies in our industry and increases in base salary levels from time to time are designed to reflect competitive practices in the industry, individual performance and the officer's contribution to our overall business goals. Individual performance and contribution to the overall business goals of Abraxas are subjective measures and evaluated by Mr. Watson and the Compensation Committee and, with respect to Mr. Watson only, the Compensation Committee.

The base salaries paid to our named executive officers in 2014 are set forth below in the Summary Compensation Table. For 2014, base salaries, paid as cash compensation, were \$1,455,000 with Mr. Watson receiving \$450,000. We believe that the base salaries paid achieved our objectives.

Annual Bonuses. Abraxas' Bonus Plan was initially adopted by our Board of Directors in 2003. The purpose of the Bonus Plan is to create financial incentives for our executive officers that are tied directly to increases in Net Asset Value, or NAV, per share of Abraxas common stock. We initially chose, and continue to utilize, NAV as the foundation of the Bonus Plan because we believe that NAV equates to the value of Abraxas' oil and gas reserve base, giving risked credit for non-proven reserves, and adjustments for other assets and liabilities. We believe that NAV is a better indicator of the health of Abraxas than its stock price, as the success of finding oil and gas is directly reflected in our NAV, while our stock price can be influenced by a number of factors outside the control of the executive officers of Abraxas. In addition, many exploration and production equity analysts use NAV per share comparisons to establish price targets for the companies they follow. Under the terms of Bonus Plan in effect for 2014, NAV was calculated at year-end after receipt of the reserve report from our independent petroleum engineering firm and the audited financials, subject to certain adjustments, as follows:

Net Asset Value Calculation

+	PV-10 Proved Developed Producing Reserves
+	PV-20 Proved Developed Non-Producing Reserves
+	PV-20 Proved Un-developed Reserves
+	PV-30 Probable Reserves
+	Property & Equipment
+	Other Assets
+	Net Working Capital
±	Debt
-	
=	Net Asset Value ("NAV")
÷	Shares Outstanding
=	NAV per share

The proved and probable reserves were estimated at year-end by our independent petroleum engineering firm of DeGolyer and MacNaughton in accordance with guidelines published by the Society of Petroleum Engineers, and all other items in the NAV calculation are derived from our year-end audited financial statements.

PV-10 is the estimated present value of the future net revenues from our proved oil and gas reserves before income taxes discounted using a 10% discount rate. PV-10 is considered a non-GAAP financial measure under SEC regulations because it does not include the effects of future income taxes, as is required in computing the standardized measure of discounted future net cash flows. We believe that PV-10 is an important measure that can be used to evaluate the relative significance of our oil and gas properties and that PV-10 is widely used by securities analysts and investors when evaluating oil and gas companies. Because many factors that are unique to each individual company impact the amount of future income taxes to be paid, the use of a pre-tax measure provides greater comparability of assets when evaluating companies. We believe that most other companies in the oil and gas industry calculate PV-10 on the same basis. PV-10 is computed on the same basis as the standardized measure of discounted future net cash flows but without deducting income taxes.

The following table provides a reconciliation of PV-10 to the standardized measure of discounted future net cash flows at December 31, 2013 and 2014:

(in thousands)	December 31,	
	2013	2014
PV-10	\$425,235	\$637,443
Present value of future income taxes discounted at 10%	(84,250)	(124,886)
Standardized measure of discounted future net cash flows	\$340,985	\$512,557

The annual bonuses for 2014 were calculated by the percentage increase in the 2014 year-end NAV per share over the 2013 year-end NAV per share up to the first 10%; after 10% has been achieved, all excess percentage increases are doubled, with a maximum award for any one-year of 70% of the executive officer's base annual salary. For example, if the percentage increase in NAV for a given year was 15%, the calculated bonus would be equal to 20% of the executive officer's annual base salary. In order to compare NAV year-over-year, the current year-end PV-10 for proved and probable reserves are calculated with commodity prices used in the previous year-end PV-10 calculations, in addition to other adjustments for other factors out of an employee's control. To account for risk, Proved Developed Producing Reserves are discounted 10%; Proved Developed Non-Producing Reserves are discounted 20%; Proved Undeveloped Reserves are discounted 20%; Probable Undeveloped Reserves are discounted 30%. Then, for the ensuing year, the PV-10 for proved and probable reserves are calculated with current commodity prices to establish the NAV per share at the beginning of a given year, thus the difference between the calculated NAV per share at the end of a given year and the calculated NAV per share at the beginning of the following year.

In the first quarter of each year, the NAV per share for the prior year-end is calculated after reserves are estimated by our independent petroleum engineering firm and audited financial statements are available. Mr. Watson then submits the annual bonus calculation to the Compensation Committee for review and discussion.

At the beginning of 2014, the calculated NAV per share was \$2.60 (utilizing commodity prices as of December 31, 2013 and the development costs included in our reserve report prepared by DeGolyer and MacNaughton) and the calculated NAV per share at the end of 2014 (utilizing commodity prices as of December 31, 2013 and the development costs included in our reserve report prepared by DeGolyer and MacNaughton) was \$3.69, a 41.9% increase equating to a 70.0% bonus.

The following table summarizes the bonuses paid to our NEOs for 2014:

Name	Base Salary ⁽¹⁾	Bonus Award Achieved (Percentage of Salary) ⁽²⁾	Maximum Award (Percentage of Salary)	Annual Bonus Awarded Under the Annual Bonus Plan
Robert L.G. Watson	\$460,000	70	% 70	% \$322,000
Geoffrey R. King	275,000	70	% 70	% 192,500
Lee T. Billingsley	250,000	70	% 70	% 175,000
Peter A. Bommer	250,000	70	% 70	% 175,000
William H. Wallace	250,000	70	% 70	% 175,000

(1) Base annual salaries in effect at the end of the year.

(2) 1% for the first 10%, then 2% for each percent increase over the first 10%.

The Compensation Committee has the discretion to defer all or any part of any bonus to future years, to pay all or any portion of any bonus, or deferred bonus, in shares of Abraxas common stock (which would be issued under the 2005 Employee plan) and has the discretion to pay bonuses even if no bonus would be payable under the bonus plan, and further has the discretion not to pay bonuses even if a bonus was earned under the bonus plan. In the past, the

Committee has elected to pay a portion of the annual bonus in shares of Abraxas common stock and may continue to do so in the future. The Committee reviews the cash position of the Company and the amount of the annual bonus when making such determinations. The Compensation Committee also has the discretion to pay bonuses outside of this plan.

Long-Term Equity Incentives. Our executive officers are eligible to receive long-term equity incentives under our 2005 Employee Plan.

In determining whether to grant long-term incentive awards, such awards will be substantially contingent upon the conclusion of Mr. Watson and the Board of Directors (and only the Board of Directors, with respect to awards made to Mr. Watson) as to whether individual and management's collective efforts have produced attractive long-term returns to Abraxas stockholders by increasing the market price of our common stock over time. In determining whether to grant long-term incentive awards, we anticipate that neither Mr. Watson nor the Board of Directors will have specific numerical targets, but rather will make a subjective determination based upon the state of the oil and gas exploration and production industry and other general economic factors at the time of their evaluation.

In the first quarter of each year, Mr. Watson submits his recommendations for long-term equity incentive awards to the Compensation Committee based upon his subjective evaluation of the individual performance of each executive officer, except himself. Mr. Watson also factors in the quantity and value of the long-term incentives that each executive officer has been previously awarded. The Compensation Committee reviews and discusses Mr. Watson's recommendations and makes final determinations, subject to final Board approval, as to such awards. For awards made to Mr. Watson, the Compensation Committee subjectively evaluates Mr. Watson's performance and, in their sole authority, subject to final Board approval, determines, how many, if any, long-term equity incentive awards to grant to Mr. Watson. The Compensation Committee also considers the quantity and value of the long-term equity incentive awards previously granted to Mr. Watson when considering making awards to him. In determining whether to grant long-term equity incentive awards, we seek to ensure that the total compensation package, including cash compensation, is comparable to other companies in our industry, yet such awards are substantially contingent upon the conclusion of Mr. Watson and the Compensation Committee, as to whether individual and management's collective efforts have produced attractive long-term returns to Abraxas stockholders. We also consider past grants to each executive officer and the level to which such past grants are (or are not) "in-the-money."

Abraxas has historically granted long-term equity incentives after Mr. Watson presents his recommendations to the Compensation Committee in the first quarter; however, we have not granted long-term equity incentives every year and we have awarded long-term equity incentive awards at other times during the year, principally in the event of a new hire, substantial promotion or significant event, such as the completion of a financing transaction or an accretive acquisition. We believe that such events warrant the granting of awards outside the normal course of business as these events are significant to the future success of Abraxas. We do not time award grants in coordination with the release of material non-public information.

2005 Employee Plan. Abraxas' 2005 Employee Plan, which was approved by our stockholders at the 2006 annual meeting and amended by our stockholders at the 2008 annual meeting and at a special meeting held on October 5, 2009, authorizes us to grant incentive stock options, non-qualified stock options and shares of restricted stock to our executive officers, as well as to all employees of Abraxas. We use equity incentives as a form of long-term compensation because it provides our executive officers an opportunity to acquire an equity interest in Abraxas and further aligns their interest with those of our stockholders. Options grants generally have a term of 10 years and vest in equal increments over four years. Restricted stock grants vest in accordance with each individual grant agreement. Vesting is accelerated in certain events described under "Employment Agreements and Potential Payments Upon Termination or Change in Control."

The purposes of this plan are to employ and retain qualified and competent personnel and to promote the growth and success of Abraxas, which can be accomplished by aligning the long-term interests of the executive officers with those of the stockholders by providing the executive officers an opportunity to acquire an equity interest in Abraxas. All grants are made with an exercise price of no less than 100% of the fair market value on the date of such grant. As of December 31, 2014, a total of 5,200,000 shares of Abraxas common stock are reserved under the 2005 Employee Plan, subject to adjustment following certain events, such as stock splits. The maximum annual award for any one employee is 500,000 shares of Abraxas common stock. If options, as opposed to restricted stock, are awarded, the exercise price shall be no less than 100% of the fair market value on the date of the award, unless the employee is awarded incentive stock options and at the time of the award, owns more than 10% of the voting power of all classes of stock of Abraxas. Under this circumstance, the exercise price shall be no less than 110% of the fair market value on the date of the award. Option terms and vesting schedules are at the discretion of the Compensation Committee. Employment Contracts, Change in Control Arrangements and Certain Other Matters. We provide the opportunity for our executive officers to be protected under the severance and change in control provisions contained in their employment agreements. We believe that these provisions help us to attract and retain an appropriate caliber of talent for these positions. Our severance and change in control provisions for the executive officers are summarized in "Employment Agreements and Potential Payments Upon Termination or Change in Control" below. We believe that our severance and change in control provisions are consistent with the programs and levels of severance and post-employment compensation of other companies in our industry and believe that these arrangements are reasonable.

Other Employee Benefits. Abraxas' executive officers are eligible to participate in all of our employee benefit plans, such as medical, dental, group life and long-term disability insurance, in each case on the same basis as other employees. Abraxas' executive officers are also eligible to participate in our 401(k) plan on the same basis as other employees. In 2008, Abraxas adopted the safe harbor provision for its 401(k) plan which requires Abraxas to contribute a fixed match to each participating employee's contributions to the plan. The fixed match is set at the rate of dollar for dollar for the first 1% of eligible pay contributed, then 50 cents on the dollar for each additional percentage point of eligible pay contributed, up to 5%. The fixed match is contributed in the form of Abraxas common stock. An employee's eligible pay with respect to calculating the fixed match is limited by IRS regulations. In addition, the Board of Directors, at its sole discretion, may authorize Abraxas to make additional contributions to each participating employee's plan. The employee contribution limit for 2014 was \$17,500 for employees under the age of 50 and \$23,000 for employees 50 years of age or older. The Board of Directors has also suggested a cap on the amount (or percentage) of Abraxas common stock that each employee should own in their individual 401(k) account to encourage diversification. The maximum suggested percentage has been set at 20% and each employee is encouraged to reduce their ownership of Abraxas common stock in their 401(k) account in the event such employee is over the suggested limit.

2015 Compensation Decisions

Base Salaries. Base salaries for 2015 have not been increased from 2014 for our named executive officers.

Assessment of Compensation Policies and Practices

The Company and the Compensation Committee have conducted an in-depth risk assessment of the Company's compensation policies and practices in response to public and regulatory concerns about the link between incentive compensation and excessive risk taking by companies. The Company and the Committee concluded that our compensation program does not motivate imprudent risk taking. In this regard, the Committee believes that:

• The Company's annual incentive compensation is based on performance metrics that promote a disciplined approach towards the long-term goals of the Company;

• The Company does not offer significant short-term incentives that might drive high-risk investments at the expense of the long-term value of the Company;

• The Company's compensation programs are weighted towards offering long-term incentives that reward sustainable performance, especially when considering the Company's stock ownership guidelines for executive officers;

• The Company's compensation awards are capped at reasonable levels, as determined by a review of the Company's financial position and prospects, as well as the compensation offered by companies in our industry; and

• The Board's high level of involvement in approving material investments and capital expenditures helps avoid imprudent risk taking.

The Company's compensation policies and practices were evaluated to ensure that they do not foster risk taking above the level of risk associated with the Company's business and the Company concluded that it has a balanced pay and performance program and that the risks arising from its compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

Impact of Regulatory Requirements

Deductibility of Executive Compensation. In 1993, the federal tax laws were amended to limit the deduction a publicly-held company is allowed for compensation paid to the chief executive officer and to the four most highly compensated executive officers other than the chief executive officer. Generally, amounts paid in excess of \$1.0 million to a covered executive, other than performance-based compensation, cannot be deducted. In order to constitute performance-based compensation for purposes of the tax law, stockholders must approve the performance measures. We will consider ways to maximize the deductibility of executive compensation, while retaining the discretion necessary to compensate executive officers in a manner commensurate with performance and the competitive environment for executive talent. Our bonus plan was approved by our stockholders on May 6, 2014.

Non-Qualified Deferred Compensation. On October 22, 2004, the American Jobs Creation Act of 2004 was signed into law, changing the tax rules applicable to non-qualified deferred compensation arrangements. We believe we are in compliance with the statutory provisions which were effective January 1, 2005 and the regulations which became effective on January 1, 2009.

Accounting for Stock-Based Compensation. On October 1, 2005 we began accounting for stock-based compensation in accordance with the requirements of Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 718 for all of our stock-based compensation plans. See the notes to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2014 filed with the Securities and Exchange Commission for a discussion of all assumptions made in the calculation of this amount.

Policy on Recovery of Compensation. Our Chief Executive Officer and Chief Financial Officer are required to repay certain bonuses and stock-based compensation they receive if we are required to restate our financial statements as a result of misconduct as required by Section 304 of the Sarbanes-Oxley Act of 2002.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of Abraxas has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement.

This report is submitted by the members of the Compensation Committee.

Reflects awards payable under our annual bonus plan. The annual bonus plan does not provide for a threshold level as the bonuses under the plan can range from 0 to the maximum, which equals 70% of the named executive (1) officers base salary. Please see the discussion under “Compensation Discussion and Analysis – Elements of Executive Compensation – Annual Bonuses” for more information. Please refer to column 5 of the Summary Compensation Table.

The amounts in this column reflect the aggregate grant date fair value of stock awards and options granted in 2014 to the named executive officer calculated in accordance with FASB ASC Topic 718. See the notes to our (2) consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2014 filed with the Securities and Exchange Commission for a discussion of all assumptions made in the calculation of this amount.

OUTSTANDING EQUITY AWARDS AT FISCAL YEAR END

(1) Options vest in twenty-five percent (25%) increments each year for four (4) years on the anniversary of the grant date.

In general, stock awards vest in twenty-five percent (25%) increments each year for four (4) years on the anniversary of the grant date. As each increment vests, a new award equal to the most recently vested portion is granted and vests on the 4th anniversary after the grant date.

(3) The market value was calculated from the closing price of Abraxas' common stock on December 31, 2014 of \$2.94 per share multiplied by the number of shares of stock that had not vested as of December 31, 2014.

OPTION EXERCISES AND STOCK VESTED

Pension Benefits

Abraxas does not sponsor any pension benefit plans and none of the named executive officers contribute to such a plan.

Non-Qualified Deferred Compensation

Abraxas does not sponsor any non-qualified defined compensation plans or other non-qualified deferred compensation plans and none of the named executive officers contribute to any such plans.

Stock Ownership Guidelines

Abraxas' Board has established stock ownership guidelines to strengthen the alignment of director and executive officer interests with those of our stockholders. As of December 31, 2014, we had eight non-employee directors and seven executive officers subject to the stock ownership guidelines. Under the guidelines below, each director and officer is precluded from selling any shares of Abraxas common stock until the director or officer satisfies the ownership guidelines set forth in the following table. Satisfaction of the ownership guidelines will fluctuate with the market value of Abraxas common stock.

Position	Stock Ownership Guidelines
Chief Executive Officer	5x annual base salary
All other Executive Officers	3x annual base salary

Non-employee Directors

3x all fees received during the prior 12-month period,
including the value of common shares awarded in lieu
of cash payments at the time of issuance

Abraxas' Board has discretion to review special situations; however, non-compliance without board approval can result in the loss of future bonuses and discretionary stock-based compensation. As of December 31, 2014, the market value of Abraxas common stock was \$2.94 per share. As an example, Mr. Watson, our chief executive officer, is required to own 782,313 shares of Abraxas common stock to meet the stock ownership guidelines at this price. As of December 31, 2014, three officers and two directors satisfied the minimum stock ownership guidelines.

Employment Agreements and Potential Payments Upon Termination or Change in Control

Abraxas has entered into employment agreements with each of our named executive officers pursuant to which each will receive compensation as determined from time to time by the Board in its sole discretion. Abraxas has also established the Abraxas Petroleum Corporation Severance Plan, effective December 31, 2008, for all employees that are not subject to an employment agreement. This plan

provides severance benefits in the event of a change in control and for certain other changes in conditions of employment. The affected employees would be entitled to receive one month of base salary for each year of service with Abraxas, up to a maximum of 12 months.

The employment agreement for Mr. Watson is scheduled to terminate on December 21, 2015, and is automatically extended for additional one-year terms unless Abraxas gives 120 days' notice of its intention not to renew the employment agreement. The employment agreements for Mr. King, Dr. Billingsley, Mr. Bommer and Mr. Wallace are scheduled to terminate on December 31, 2015, and are automatically extended for an additional year if by December 1 neither Abraxas nor Mr. King, Dr. Billingsley, Mr. Bommer or Mr. Wallace as the case may be, has given notice to the contrary.

The employment agreements contain the following defined terms:

“Cause” means termination upon

(i) the continued failure by the officer to substantially perform his duties with Abraxas (other than any such failure resulting from his incapacity due to physical or mental illness or any such actual or anticipated failure resulting from termination by him for Good Reason) after a written demand for substantial performance is delivered to the officer by the Board, which demand specifically identifies the manner in which the Board believes that he has not substantially performed his duties, or

(ii) the engaging by the officer in conduct which is demonstrably and materially injurious to the Company, monetarily or otherwise. The officer shall not be deemed to have been terminated for Cause unless and until the officer has been delivered a copy of a resolution duly adopted by the affirmative vote (which cannot be delegated) of not less than a majority of the members of the Board who are not officers of the Company at a meeting of the Board called and held for such purposes (after reasonable notice to the officer and an opportunity for the officer, together with the officer's counsel, to be heard before the Board), finding that in the good faith opinion of the Board, the officer was guilty of conduct set forth above in clauses (i) or (ii) above and specifying the particulars thereof in detail.

“Change in Control” means the occurrence of

(i) any “person” or “group” (as such terms are used in Section 13(d) and 14(d) of the Securities Exchange Act of 1934, as amended, (the “Exchange Act”)) becoming the “beneficial owner” (as defined in Rule 13d-3 under the Exchange Act), except that a person shall be deemed to be the “beneficial owner” of all shares that any such person has the right to acquire pursuant to any agreement or arrangement or upon exercise of conversion rights, warrants, options or otherwise, without regard to the sixty day period referred to in such Rule), directly or indirectly, of securities representing 20% or more of the combined voting power of the Company's then outstanding securities,

(ii) any person or group making a tender offer or an exchange offer for 20% or more of the combined voting power of the Company's then outstanding securities,

(iii) at any time during any period of two consecutive years, individuals who at the beginning of such period constituted the Board and any new directors, whose election by the Board or nomination for election by the Company's stockholders was approved by a vote of at least two-thirds (2/3) of the Company directors then still in office who either were the Company directors at the beginning of the period or whose election or nomination for election was previously so approved (“Current Directors”), ceasing for any reason to constitute a majority thereof,

(iv) the Company consolidating, merging or exchanging securities with any other entity and the stockholders of the Company immediately before the effective time of such transaction not beneficially owning, immediately after the effective time of such transaction, shares entitling such stockholders to a majority of all votes (without consideration of the rights of any class of stock entitled to elect directors by a separate class vote) to which all stockholders of the corporation issuing cash or securities in the consolidation, merger or share exchange would be entitled for the purpose of electing directors or where the Current Directors immediately after the effective time of the consolidation, merger or share exchange not constituting a majority of the Board of Directors of the corporation issuing cash or securities in the consolidation, merger or share exchange, or

(v) any person or group acquiring 50% or more of the Company's assets.

“Disability” means the incapacity of the officer due to physical or mental illness which causes the officer to have been absent from the full-time performance of his duties with the Company for six consecutive months, and within 30 days

after the Company gives the officer written notice of termination, the officer has not returned to the full-time performance of his duties.

“Good Reason” means, without the officer’s express written consent, any of the following:

- (i) a material adverse alteration in the nature or status of his position, duties or responsibilities,
- (ii) a reduction in his current annual base salary,
- (iii) a change in the principal place of his employment to a location more than twenty-five (25) miles from the Company’s current principal place of employment, excluding required travel on the Company’s business to an extent substantially consistent with the officer’s present business travel obligations,
- (iv) the failure by the Company, without his consent, to pay to him any portion of his current compensation, or to pay to him any portion of any deferred compensation, within ten (10) days of the date any such compensation payment is due,

(v) the failure by the Company to continue in effect any compensation plan in which he participates, or any substitute plans or the failure by the Company to continue his participation therein on the same basis, both in terms of the amount of benefits provided and the level of his participation relative to other participants, as existing,

(vi) the failure by the Company to continue to provide him with benefits at least as favorable to those enjoyed by him under any of the Company's pension, life insurance, medical, health and accident, disability, deferred compensation or savings plans in which he is currently participating, the taking of any action by the Company which would directly or indirectly materially reduce any of such benefits or deprive the officer of any material fringe benefit enjoyed by him, or the failure by the Company to provide him with the number of paid vacation days to which he is entitled on the basis of the Company's practice with respect to him,

(vii) the failure of the Company to obtain a satisfactory agreement from any successor to assume and agree to perform his employment agreement, or

(viii) any purported termination of his employment which is not effected pursuant to the employment agreement's termination provisions.

"Retirement" means termination in accordance with the Company's retirement policy, generally applicable to its salaried employees or in accordance with any retirement arrangement established with the officer's consent with respect to himself.

If, during the term of the employment agreement for officer or any extension thereof, an officer's employment is terminated other than for Cause or Disability, by reason of the officer's death or Retirement, or by such officer for Good Reason, then such officer will be entitled to receive the following:

Watson: a lump sum payment equal to the greater of (a) his annual base salary for the last full year during which he was employed by Abraxas or (b) his annual base salary for the remainder of the term of his employment agreement.

King, Billingsley, Bommer and Wallace: no provisions for termination of employment because at all times during the term of each officer's employment agreements, such officer's employment is at will and may be terminated by Abraxas for any reason without notice or cause. If, during the term of the employment agreement for each of Mr. King, Dr. Billingsley, Mr. Bommer and Mr. Wallace or any extension thereof, a change in control occurs, then such officer will be entitled to an automatic extension of the term of the officer's employment agreement for a period of 36 months beyond the term in effect immediately before the change in control.

If, following a Change in Control, an officer's employment is terminated other than for Cause or Disability, by reason of the officer's death or Retirement or by such officer for Good Reason, then such terminated officer will be entitled to the following:

Watson: a lump sum payment equal to 2.99 times his annual base salary.

King, Billingsley, Bommer and Wallace: a lump sum payment equal to three times his annual base salary.

If any lump sum payment to a named executive officer would individually or together with any other amounts paid or payable constitute an "excess parachute payment" within the meaning of Section 280G of the Internal Revenue Code of 1986, as amended, and applicable regulations thereunder, the amounts to be paid will be increased so that each named executive officer, as the case may be, will be entitled to receive the amount of compensation provided in his agreement after payment of the tax imposed by Section 280G.

In addition, unvested options and restricted stock that have been awarded to our named executive officers will vest upon any change in control. As of December 31, 2014, our named officers held 380,300 unvested options, of which 202,375 were "in-the-money". Additionally, our named officers held 622,608 shares of restricted stock, which were unvested.

The following table provides information concerning termination and change in control payments to each of our named executive officers as if the event occurred on December 31, 2014.

(1) These amounts reflect a lump sum payment equal to the officer's annual base salary as of December 31, 2014.

These amounts reflect a lump sum payment equal to 2.99x (Watson) and 3.0x (King, Billingsley, Bommer and Wallace) the named executive officer's annual base salary as of December 31, 2014. The amounts on the option acceleration row reflect 202,375 "in-the-money" unvested options for the named officers at an average potential value of \$0.75 per share (the difference between the fair market value on December 31, 2014 and the exercise price of the options). Our named officers held 622,608 shares of restricted stock valued at the fair market value as of December 31, 2014.

(3)

These amounts on the severance pay row reflect a 12-month extension (Watson) and a 36-month extension (King, Billingsley, Bommer, and Wallace) of each officer's respective employment agreement based on the named executive officer's annual base salary on December 31, 2014 and would be paid over the extension period. The amounts on the option acceleration row reflect 202,375 "in-the-money" unvested options for the named officers at an average potential value of \$0.75 per share (the difference between the fair market value on December 31, 2014 and the exercise price of the options). Our named officers held 622,608 shares of restricted stock valued at the fair market value as of December 31, 2014.

Compensation of Directors

All compensation paid to directors is limited to non-employee directors. We use a combination of cash and stock-based incentive compensation to attract and retain qualified individuals to serve on the Board.

Compensation . During 2014, the annual retainer fee paid to each director was \$40,000 to be paid in four quarterly cash payments, in addition to reimbursement for travel expenses to attend the quarterly meetings.

During 2014, each director was paid \$1,600 for each board meeting attended and \$1,100 for each committee meeting attended. The chairman of the Audit Committee received an additional annual fee of \$10,500, the chairman of the Compensation Committee received an additional annual fee of \$5,300 and the chairman of the Nominating and Governance Committee received an additional annual fee of \$2,100.

Stock Options. Abraxas has awarded each director stock options, depending on each director's length of service, with exercise prices equal to the prevailing market prices at the time of issuance, ranging from \$0.99 to \$4.59 per share. Each year at the first regular board meeting following the annual meeting, Abraxas awards each director 12,000 options, in accordance with the terms of the Directors Plan. As amended and restated, the Directors Plan reserves 1,500,000 shares of Abraxas common stock, subject to adjustment following certain events, such as stock splits. The maximum annual award for any one director is 100,000 shares. The exercise price of all options awarded is no less than 100% of the fair market value on the date of the award while the option terms and vesting schedules are at the discretion of the Compensation Committee.

Unless otherwise provided in the applicable award agreement, vested awards granted under the Directors Plan shall expire, terminate, or otherwise be forfeited as follows:

three months after the date the Company delivers a notice of termination of a participant's active status, other than in circumstances covered by the following three circumstances:

• immediately upon termination for misconduct;

• 12 months after the date of death; and

• 36 months after the date on which the director ceased performing services as a result of retirement.

The following table sets forth a summary of compensation for the fiscal year ended December 31, 2014 that Abraxas paid to each director. Abraxas does not sponsor a pension benefits plan, a non-qualified deferred compensation plan or a non-equity incentive plan for its directors; therefore, these columns have been omitted from the following table.

Except for reimbursement of travel expenses to attend board and committee meetings, no other or additional compensation for services were paid to any of the directors.

The options awarded to each non-employee director at the first regular board meeting following the annual meeting (1) vest immediately. Other option awards vest in twenty-five percent (25%) increments each year for four (4) years on the anniversary of the grant date.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

General

On February 21, 2007, the Board of Directors adopted a formal written related person transaction approval policy, which sets out Abraxas' policies and procedures for the review, approval, or ratification of "related person transactions." For these purposes, a "related person" is a director, nominee for director, executive officer, or holder of more than 5% of our common stock, or any immediate family member of any of the foregoing. This policy applies to any financial transaction, arrangement or relationship or any series of similar financial transactions, arrangements or relationships in which Abraxas is a participant and in which a related person has a direct or indirect interest, other than the following: payment of compensation by Abraxas to a related person for the related person's service in the capacity or capacities that give rise to the person's status as a "related person;"

• transactions available to all employees or all stockholders on the same terms;

• purchases of supplies from Abraxas in the ordinary course of business at the same price and on the same terms as offered to any other purchasers, regardless of whether the transactions are required to be reported in Abraxas' filings with the SEC; and

• transactions which when aggregated with the amount of all other transactions between the related person and Abraxas involve less than \$10,000 in a fiscal year.

Our Audit Committee is required to approve any related person transaction subject to this policy before commencement of the related person transaction, provided that if the related person transaction is identified after it commences, it shall be brought to the Audit Committee for ratification, amendment or rescission. The chairman of our Audit Committee has the authority to approve or take other actions in respect of any related person transaction that arises, or first becomes known, between meetings of the Audit Committee, provided that any action by the chairman must be reported to our Audit Committee at its next regularly scheduled meeting.

Our Audit Committee will analyze the following factors, in addition to any other factors the members of the Audit Committee deem appropriate, in determining whether to approve a related person transaction:

• whether the terms are fair to Abraxas;

• whether the transaction is material to Abraxas;

• the role the related person has played in arranging the related person transaction;

• the structure of the related person transaction; and

• the interest of all related persons in the related person transaction.

Related Party Transactions in 2014

There were no related party transactions during 2014.

Our Audit Committee may, in its sole discretion, approve or deny any related person transaction. Approval of a related person transaction may be conditioned upon Abraxas and the related person following certain procedures designated by the Audit Committee.

PROPOSAL TWO

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Abraxas Board of Directors has selected BDO USA, LLP to serve as its independent registered public accounting firm for the fiscal year ending December 31, 2015. Although stockholder ratification is not required, the Board of Directors has directed that such appointment be submitted to the stockholders of Abraxas for ratification at the Annual Meeting. Even if the selection is ratified, the Audit Committee, in its discretion, may select a different independent registered public accounting firm at any time if the Audit Committee believes that such a change would be in the best interests of our company and its stockholders. If our stockholders do not ratify the selection of BDO USA, LLP, the Audit Committee will take that fact into consideration, together with such other factors it deems relevant, in determining its next selection of an independent registered public accounting firm.

BDO USA, LLP provided audit services to Abraxas for the year ended December 31, 2014. A representative of BDO USA, LLP will be present at the Annual Meeting, will have an opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions.

No report of BDO USA, LLP on Abraxas' financial statements for either of Abraxas' last two fiscal years contained any adverse opinion or disclaimer of opinion, nor was any such report qualified or modified as to uncertainty, audit scope or accounting principles.

In connection with the audits of Abraxas' financial statements for the last two fiscal years, there were no disagreements with BDO USA, LLP on any matters of accounting principles, financial statement disclosure or audit scope and procedures which, if not resolved to the satisfaction of BDO USA, LLP, would have caused the firm to make reference to the matter in its report.

Assuming the presence of a quorum, the affirmative vote of the holders of a majority of the total votes cast is necessary to ratify the appointment of Abraxas' independent registered public accounting firm. The enclosed proxy card provides a means for stockholders to vote for the ratification of the selection of Abraxas' independent registered public accounting firm, to vote against it or to abstain from voting with respect to it. If a stockholder executes and returns a proxy, but does not specify how the shares represented by such stockholder's proxy are to be voted, such shares will be voted FOR the ratification of selection of Abraxas' independent registered public accounting firm.

Abstentions will have the same legal effect as a vote against the proposal. This proposal is a "routine" matter for which your broker does not need your voting instruction in order to vote your shares.

The Board of Directors recommends a vote "FOR" the ratification of the selection of BDO USA, LLP, as Abraxas' independent registered public accounting firm for the fiscal year ending December 31, 2015.

AUDIT COMMITTEE REPORT

The Audit Committee represents and assists the Board in fulfilling its responsibilities for general oversight of the integrity of Abraxas' financial statements, Abraxas' compliance with legal and regulatory requirements, the independent auditor's qualifications and independence, the performance of Abraxas' internal audit function, and risk assessment and risk management. The Audit Committee manages Abraxas' relationship with its independent auditors (which report directly to the Audit Committee). The Audit Committee has the authority to obtain advice and assistance from outside legal, accounting or other advisors as the Audit Committee deems necessary to carry out its duties and receives appropriate funding, as determined by the Audit Committee, from Abraxas for such advice and assistance.

Abraxas' management is primarily responsible for Abraxas' internal control and financial reporting process. Abraxas' independent auditors, BDO USA, LLP, are responsible for performing an independent audit of Abraxas' consolidated financial statements and internal control over financial reporting, and issuing opinions on the conformity of those audited financial statements with United States generally accepted accounting principles. The Audit Committee monitors Abraxas' financial reporting process and reports to the Board on its findings.

In this context, the Audit Committee hereby reports as follows:

1. The Audit Committee has reviewed and discussed the audited financial statements with Abraxas' management.
2. The Audit Committee has discussed with the independent auditors the matters required to be discussed by Public Company Accounting Oversight Board ("PCAOB") Auditing Standards 16.
3. The Audit Committee has received the written disclosures and the letter from the independent accountants required by applicable requirements of the PCAOB regarding the independent accountants' communications with the Audit Committee concerning independence, and has discussed with the independent accountants their independence.
4. Based on the review and discussions referred to in paragraphs (1) through (3) above, the Audit Committee recommended to the Board, and the Board has approved, that the audited financial statements be included in Abraxas' Annual Report on Form 10-K for the year ended December 31, 2014, and for filing with the Securities and Exchange Commission.

This report is submitted by the members of the Audit Committee.

PRINCIPAL AUDITOR FEES AND SERVICES

Audit Fees. The aggregate fees billed by BDO USA, LLP for professional services rendered for the audit of Abraxas' annual financial statements for the years ended December 31, 2014 and December 31, 2013 and the reviews of the condensed consolidated financial statements included in Abraxas' quarterly reports on Form 10-Q for the years ended December 31, 2014 and December 31, 2013, were \$484,300 and \$455,563, respectively.

Audit-Related Fees. The aggregate fees billed by BDO USA, LLP for assurance and related services that were reasonably related to the performance of the audit or review of Abraxas' financial statements which are not reported in "audit fees" above, for the years ended December 31, 2014 and December 31, 2013, were \$0 and \$0, respectively.

Tax Fees. The aggregate fees billed by BDO USA, LLP for professional services rendered for tax compliance, tax advice or tax planning for the years ended December 31, 2014 and December 31, 2013, were \$187,210 and \$208,445, respectively.

All Other Fees. The aggregate fees billed by BDO USA, LLP for other services, exclusive of the fees disclosed above relating to financial statement audit and audit-related services and tax compliance, advice or planning, for the years ended December 31, 2014 and December 31, 2013, were \$0 and \$0, respectively.

Consideration of Non-audit Services Provided by the Independent Auditors. The Audit Committee has considered whether the services provided for non-audit services are compatible with maintaining BDO USA, LLP's independence, and has concluded that the independence of such firm has been maintained.

AUDIT COMMITTEE PRE-APPROVAL POLICY

The Audit Committee's policy is to pre-approve all audit, audit-related and non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. The Audit Committee approved all of the fees described above. The Audit Committee may also pre-approve particular services on a case-by-case basis. The independent public accountants are required to periodically report to the Audit Committee regarding the extent of services provided by the independent public accountants in accordance with such pre-approval. The Audit Committee may also delegate pre-approval authority to one or more of its members. Such member(s) must report any decisions to the Audit Committee at the next scheduled meeting.

PROPOSAL THREE

AMENDMENT AND RESTATEMENT OF LTIP

General

On September 13, 2005, subject to stockholder approval, the Board adopted the Abraxas Petroleum Corporation 2005 Employee Long-Term Equity Incentive Plan, or LTIP, which was approved by our stockholders at the 2006 annual meeting and amended by our stockholders at the 2008 annual meeting.

On June 29, 2009, the Board amended the LTIP, subject to stockholder approval, to increase the number of shares of common stock reserved for issuance under the LTIP to 5,200,000 shares, which was approved on October 5, 2009.

On March 3, 2015, the Board amended and restated the LTIP, subject to stockholder approval, to increase the number of shares of common stock reserved for issuance under the LTIP to 6,600,000 shares.

Reasons for the Amendment of the LTIP

The Abraxas Petroleum Board believes that the purpose of the LTIP is to employ and retain qualified and competent personnel and promote the growth and success of Abraxas Petroleum by aligning the long-term interests of Abraxas Petroleum's key employees with those of Abraxas Petroleum's stockholders by providing an opportunity to acquire an interest in Abraxas Petroleum and by providing both rewards for exceptional performance and long-term incentives for future contributions to the success of Abraxas Petroleum. Abraxas Petroleum believes that this purpose will be furthered through the granting of awards, as authorized under the LTIP, so that such key employees will be encouraged and enabled to acquire a substantial personal interest in the continued success of Abraxas Petroleum. Abraxas Petroleum believes the additional shares to be reserved pursuant to the amendment to the LTIP are necessary for Abraxas Petroleum to continue its policy of emphasizing equity compensation and to remain competitive with industry equity grant practices.

If the new shares are not approved for issuance under the LTIP, Abraxas Petroleum may be required to curtail use of long-term incentives and the Board may consider other alternatives to compensate employees.

The proposed amendment to the LTIP increases the number of shares of common stock available for issuance under the LTIP to 6,600,000 from 5,200,000 shares, which together with Proposal Four, will contribute to a potential dilution of approximately 4.4%. This potential dilution was calculated by adding (i) the total number of shares available for issuance under the LTIP, (ii) the total number of shares available for issuance under the Directors Plan (including the additional shares requested in Proposal Four), and (iii) all unvested shares and unexercised stock options previously awarded and outstanding under the Company's prior equity incentive plans; divided by the total number of shares of outstanding common stock of the Company. Based on information received from the Compensation Committee's independent consultant, L&A, we believe a potential dilution of 4.4% approximates the median dilution of other companies in our peer group. In considering this proposal, stockholders should also be aware that the average number of shares granted per year under all long-term incentive plans over the last three fiscal years, divided by the number of shares outstanding, is approximately 0.9%, a percentage we believe is below the average of our peer group based on information provided by L&A. The Company anticipates that the requested number of shares for the LTIP will be sufficient to meet the needs of our long-term incentive program for at least two years.

Vote required

Approval of the amendment to the LTIP requires the affirmative vote of the holders of a majority of the shares of Abraxas Petroleum common stock present or represented by proxy and entitled to vote at the annual meeting.

Abstentions from voting will have the same effect as a vote against this proposal, and broker non-votes will have no effect on the outcome of this proposal. Brokers, as nominees for the beneficial owner, may not exercise discretion in voting on this matter and may only vote on this proposal as instructed by the beneficial owner of the shares.

Summary of the LTIP

The following summary of the LTIP is qualified in its entirety by the full text of the LTIP as set forth in Annex A to this proxy statement. The effectiveness of the amendment and restatement of the LTIP is subject to approval by Abraxas Petroleum stockholders.

Administration and Eligibility. The LTIP is administered by the Compensation Committee of the Board and authorizes the Board to grant non-qualified stock options, incentive stock options or issue shares of restricted stock to

those persons who are employees of Abraxas Petroleum. As of March 10, 2015, Abraxas Petroleum had 123 full-time employees, all of whom are eligible to participate in the LTIP.

Shares Reserved and Awards. If this proposal is approved, the LTIP will reserve 6,600,000 shares of Abraxas Petroleum common stock, subject to adjustment following certain events, as discussed below. The maximum annual award for any one employee is 500,000 shares of Abraxas Petroleum common stock. If options, as opposed to restricted stock, are awarded, the exercise share price shall be no less than 100% of the fair market value on the date of the award, unless the employee is awarded incentive stock options and at the time of the award, owns more than 10% of the voting power of all classes of stock of Abraxas Petroleum. Under this circumstance, the exercise share price shall be no less than 110% of the fair market value on the date of the award. Option terms and vesting schedules are at the discretion of the Compensation Committee.

Option Exercise. An option is exercised when proper notice of exercise has been given to Abraxas Petroleum, or the brokerage firm or firms approved by Abraxas Petroleum, if any, to facilitate exercises and sales under the LTIP and full cash payment for the shares with respect to which the option is exercised has been received by Abraxas Petroleum or the brokerage firm or firms, as applicable.

Stockholder Rights. Except as otherwise provided in the LTIP, until the issuance of the share certificates evidencing the award shares, no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to the award shares.

Transferability of Awards. An award may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in exchange for consideration, except that an award may be transferred by will or by the laws of descent or distribution and may be exercised, during the lifetime of the employee, only by the employee, unless the Compensation Committee permits further transferability, on a general or specific basis, in which case the Compensation Committee may impose conditions and limitations on any permitted transferability.

Termination of Awards. Unless otherwise provided in the applicable award agreement, vested options granted under the LTIP will expire and cease to be exercisable as follows:

• three (3) months after the date of the termination of the employee, other than in circumstances covered by the following three circumstances;

• immediately upon termination of the employee for misconduct;

• twelve (12) months after the date of the termination of the employee if such termination was by reason of disability; and

• twelve (12) months after the date of the death of the employee.

U.S. Federal Tax Consequences

The following discussion summarizes the material federal income tax consequences of participation in the LTIP. This discussion is general in nature and does not address issues related to the tax circumstances of any particular employee. The discussion is based on federal income tax laws in effect on the date hereof and is, therefore, subject to possible future changes in law. This discussion does not address state, local and foreign tax consequences.

Stock Options. In general, the grant of an option will not be a taxable event to the recipient and it will not result in a deduction to Abraxas Petroleum. The tax consequences associated with the exercise of an option and the subsequent disposition of shares of common stock acquired on the exercise of such option depend on whether the option is a nonqualified stock option or an incentive stock option.

Upon the exercise of a nonqualified stock option, the participant will recognize ordinary taxable income equal to the excess of the fair market value of the shares of common stock received upon exercise over the exercise price. Abraxas Petroleum will generally be able to claim a deduction in an equivalent amount. Any gain or loss upon a subsequent sale or exchange of the shares of common stock will be capital gain or loss, long-term or short-term, depending on the holding period for the shares of common stock.

Generally, a participant will not recognize ordinary taxable income at the time of exercise of an incentive stock option and no deduction will be available to Abraxas Petroleum, provided the option is exercised while the participant is an employee or within three months following termination of employment (longer, in the case of disability or death). If an incentive stock option granted under the LTIP is exercised after these periods, the exercise will be treated for federal income tax purposes as the exercise of a nonqualified stock option. Also, an incentive stock option granted

under the LTIP will be treated as a nonqualified stock option to the extent it (together with other incentive stock options granted to the participant by Abraxas Petroleum) first becomes exercisable in any calendar year for shares of common stock having a fair market value, determined as of the date of grant, in excess of \$100,000.

If shares of common stock acquired upon exercise of an incentive stock option are sold or exchanged more than one year after the date of exercise and more than two years after the date of grant of the option, the participant will not recognize ordinary income in connection with such sale or exchange, and any gain or loss will be long-term capital gain or loss. If shares of common stock acquired upon exercise of an incentive stock option are disposed of prior to the expiration of these one-year or two-year holding periods (a "Disqualifying Disposition"), the participant will recognize ordinary income at the time of disposition, and Abraxas Petroleum will generally be entitled to a deduction, in an amount equal to the excess of the fair market value of the shares of common stock at the date of exercise over the exercise price. Any additional gain following the date of exercise will be treated as capital gain, long-term or short-

term, depending on how long the shares of common stock have been held. Where shares of common stock are sold or exchanged in a Disqualifying Disposition (other than certain related party transactions) for an amount less than their fair market value at the date of exercise, any ordinary income recognized in connection with the Disqualifying Disposition will be limited to the amount of gain, if any, recognized in the sale or exchange, and any loss will be a long-term or short-term capital loss, depending on how long the shares of common stock have been held.

If an option is exercised through the use of shares of common stock previously owned by the participant, such exercise generally will not be considered a taxable disposition of the previously owned shares and, thus, no gain or loss will be recognized with respect to such previously owned shares upon such exercise. The amount of any built-in gain on the previously owned shares generally will not be recognized until the new shares acquired on the option exercise are disposed of in a sale or other taxable transaction.

Although the exercise of an incentive stock option as described above would not produce ordinary taxable income to the participant, it would result in an increase in the participant's alternative minimum taxable income and may result in an alternative minimum tax liability.

Restricted Shares. A participant who receives restricted shares will generally recognize ordinary income at the time that they "vest", i.e., when they are not subject to a substantial risk of forfeiture. The amount of ordinary income so recognized will generally be the fair market value of the common stock at the time the shares vest, less the amount, if any, paid for the shares. This amount is generally deductible for federal income tax purposes by Abraxas Petroleum. Dividends paid with respect to common stock that is nonvested will be ordinary compensation income to the participant (and generally deductible by Abraxas Petroleum). Any gain or loss upon a subsequent sale or exchange of the shares of common stock, measured by the difference between the sale price and the fair market value on the date the shares vest, will be capital gain or loss, long-term or short-term, depending on the holding period for the shares of common stock. The holding period for this purpose will begin on the date following the date the shares vest.

In lieu of the treatment described above, a participant may elect to recognize income under Section 83(b) of the Internal Revenue Code in the year of grant of such restricted shares. In such event, the participant will recognize income in the amount of the fair market value of the restricted shares at the time of grant (determined without regard to any restrictions other than restrictions which by their terms will never lapse), less the amount, if any, paid for the shares and Abraxas Petroleum will generally be entitled to a corresponding deduction. Dividends paid with respect to shares as to which a proper Section 83(b) election has been made will not be deductible to Abraxas Petroleum. If a Section 83(b) election is made and the restricted shares are subsequently forfeited, the participant will not be entitled to any offsetting tax deduction, and will recognize a loss equal to the excess (if any) of the amount paid for such shares (if any) and the amount realized upon such forfeiture (if any).

Amendments. The Board or the Compensation Committee may amend or terminate the LTIP from time to time in such respects as the Board may deem advisable (including, but not limited to, amendments which the Board deems appropriate to enhance Abraxas Petroleum's ability to claim deductions related to stock option exercises); provided, that to the extent an amendment to the LTIP increases the maximum number of shares available under the plan, changes the class of individuals eligible to receive awards under the plan, or requires stockholder approval under the rules of the NASDAQ, such other exchange upon which Abraxas Petroleum common stock is either quoted or traded, or the SEC, stockholder approval shall be required for any such amendment of the LTIP. Subject to the foregoing, it is specifically intended that the Board or Compensation Committee may amend the LTIP without stockholder approval to comply with legal, regulatory and listing requirements and to avoid unanticipated consequences deemed by the Committee to be inconsistent with the purpose of the LTIP or any award agreement.

Adjustments . If the outstanding shares of Abraxas Petroleum's common stock shall be changed into or exchanged for a different number or kind of shares of stock or other securities or property of Abraxas Petroleum or of another corporation, or if the number of such shares of common stock shall be increased by a stock dividend or stock split, there shall be substituted for or added to each share of common stock reserved for the purposes of the LTIP, whether or not such shares are at the time subject to outstanding awards, the number and kind of shares of stock or other securities or property into which each outstanding share of common stock shall be so changed or for which it shall be so exchanged, or to which each such share shall be entitled, as the case may be. Outstanding awards shall also be

considered to be appropriately amended as to price and other terms as may be necessary or appropriate to reflect the foregoing events. If there shall be any other change in the number or kind of the outstanding shares of Abraxas Petroleum's common stock, or of any stock or other securities or property into which such common stock shall have been changed, or for which it has been exchanged, and if the Compensation Committee shall in its sole discretion determine that such change equitably requires an adjustment in the number or kind or price of the shares then reserved for the purposes of the LTIP, or in any award previously granted or which may be granted under the LTIP, then such adjustment shall be made by the Compensation Committee and shall be effective and binding for all purposes of the LTIP.

In addition, the Compensation Committee shall have the power, in the event of any merger or consolidation involving Abraxas Petroleum to amend all outstanding awards to permit the exercise thereof in whole or in part at any time, or from time to time, prior to the effective date of any such merger or consolidation and to terminate each such award as of such effective date.

New Plan Benefits

The benefits that will be awarded or paid under the LTIP are not currently determinable. Such awards are within the discretion of the Compensation Committee, and the Compensation Committee has not determined future awards or who might receive them. Information about awards granted in 2014 to our NEOs can be found in the table under the heading “Grants of Plan-Based Awards” on page 26 of this Proxy Statement. In March 2015, the Compensation Committee granted options to our NEOs, which were not contingent on the amendment and restatement, as follows:

NEW PLAN BENEFITS

⁽¹⁾ The dollar value of the option awards was calculating using the Black Scholes valuation method using the closing stock price of \$3.16 on the grant date of the option award of March 3, 2015.

Effectiveness. Upon effectiveness, the LTIP shall remain in effect until the tenth anniversary of the effective date or until terminated under the terms of the plan or extended by an amendment approved by Abraxas stockholders.

Votes Required. Assuming the presence of a quorum, the affirmative vote of the holders of a majority of the shares of common stock present in person or by proxy and entitled to vote on this item at the annual meeting is necessary to approve the amendment and restatement of the LTIP. The enclosed form of proxy provides a means for stockholders to vote for the approval of the amendment and restatement of the LTIP, to vote against it or to abstain from voting with respect to it. If a stockholder executes and returns a proxy, but does not specify how the shares represented by such stockholder’s proxy are to be voted, such shares will be voted FOR the LTIP. Under applicable Nevada law, in

determining whether this item has received the requisite number of affirmative votes, abstentions and broker non-votes will not be counted and will have no effect.

The Board recommends that you vote "FOR" the amendment and restatement of the amendment and restatement of the LTIP.

PROPOSAL FOUR

APPROVAL OF AMENDMENT AND RESTATEMENT OF DIRECTORS PLAN

General

The Directors Plan was adopted and approved by our stockholders in 2005. On March 3, 2015, subject to stockholder approval, the Abraxas Board of Directors approved an amendment and restatement of the Directors Plan.

Reasons for the Amendment of the Directors Plan

The Board believes that the purpose of the Directors Plan is to attract and retain members of the Board of Directors, and to promote the growth and success of the Company's business, by aligning the long-term interests of the Company's Directors with those of the Company's stockholders by providing an opportunity to acquire an interest in the Company and by providing both rewards for exceptional performance and long term incentives for future contributions to the success of the Company and its Subsidiaries.

Abraxas believes the additional shares to be reserved pursuant to the amendment and restatement of the Directors Plan are necessary for Abraxas to continue its policy of emphasizing equity compensation and to attract and retain qualified directors.

If the new shares are not approved for issuance under the Directors Plan, Abraxas Petroleum may be required to curtail use of long-term incentives and the Board may consider other alternatives to compensate employees.

The proposed amendment to the Directors Plan increases the number of shares of common stock available for issuance under the Directors Plan from 1,500,000 to 1,900,000 shares, which together with Proposal Three, will contribute to a potential dilution of approximately 4.4%. This potential dilution was calculated by adding (i) the total number of shares available for issuance under the LTIP, (ii) the total number of shares available for issuance under the Directors Plan (including the additional shares requested in Proposal Three), and (iii) all unvested shares and unexercised stock options previously awarded and outstanding under the Company's prior equity incentive plans; divided by the total number of shares of outstanding common stock of the Company. Based on information received from the Compensation Committee's independent consultant, L&A, we believe a potential dilution of 4.4% approximates the median dilution of other companies in our peer group. In considering this proposal, stockholders should also be aware that the average number of shares granted per year under all long-term incentive plans over the last three fiscal years ending December 31, 2014, divided by the number of shares outstanding, is approximately 0.9%, a percentage we believe is below the average of our peer group based on information provided by L&A. The Company anticipates that the requested number of shares for the Directors Plan, together with the 25,649 shares remaining, will be sufficient to meet the needs of our long-term incentive program for at least two years.

Vote required

Approval of the amendment to the Directors Plan requires the affirmative vote of the holders of a majority of the shares of our common stock present or represented by proxy and entitled to vote at the annual meeting. Abstentions from voting will have the same effect as a vote against this proposal, and broker non-votes will have no effect on the outcome of this proposal. Brokers, as nominees for the beneficial owner, may not exercise discretion in voting on this matter and may only vote on this proposal as instructed by the beneficial owner of the shares.

Summary of the Directors Plan

The following summary of the Directors Plan is qualified in its entirety by the full text of the Directors Plan as set forth in Annex B to this proxy statement. The effectiveness of the amendment and restatement of the Directors Plan is subject to approval by Abraxas Petroleum stockholders.

Administration and Eligibility. The Directors Plan will be administered by the Compensation Committee and authorizes the Board to grant non-qualified stock options or issue restricted stock to those persons who are non-employee directors of Abraxas, including advisory directors of Abraxas, which currently amounts to a total of ten people.

Shares Reserved and Awards. The Directors Plan reserves 1,900,000 shares of Abraxas common stock, subject to adjustment following certain events, as discussed below. The Directors Plan provides that each year, at the first regular meeting of the Board of Directors immediately following Abraxas' annual stockholder's meeting, each non-employee director shall be granted or issued awards of 25,000 shares of Abraxas common stock, for participation

in Board and Compensation Committee meetings during the previous calendar year. The maximum annual award for any one person is 25,000 shares of Abraxas common stock. If options, as opposed to shares, are awarded, the exercise share price shall be no less than 100% of the fair market value on the date of the award while the option terms and vesting schedules are at the discretion of the Compensation Committee.

Option Exercise. An option is exercised when proper notice of exercise has been given to Abraxas, or the brokerage firm or firms approved by Abraxas, if any, to facilitate exercises and sales under the Directors Plan and full payment for the shares with respect to which the option is exercised has been received by Abraxas or the brokerage firm or firms, as applicable. The consideration to be paid and the method of payment, shall be determined by the Compensation Committee and may include: (i) a cashless exercise, whereby the exercise price is paid to Abraxas from the proceeds of a same-day sale of a portion of the stock underlying the option; (ii) cash; and (iii) tender of shares of common stock owned by the participant. Option shares used to pay the exercise price shall be valued at their fair market value on the exercise date. Payment of the aggregate exercise price by means of tendering previously-owned shares of common stock shall not be permitted when the same may, in the reasonable opinion of Abraxas, cause Abraxas to record a loss or expense as a result thereof.

Stockholder Rights. Except as otherwise provided in the Directors Plan, until the issuance of the share certificates evidencing the award shares, no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to the award shares.

Transferability of Awards. An award may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in exchange for consideration, except that an award may be transferred by will or by the laws of descent or distribution and may be exercised, during the lifetime of the participant, only by the participant, unless the Compensation Committee permits further transferability, on a general or specific basis, in which case the Compensation Committee may impose conditions and limitations on any permitted transferability.

Termination of Awards. Unless otherwise provided in the applicable award agreement or any severance agreement, vested awards granted under the Directors Plan shall expire, terminate, or otherwise be forfeited as follows:

- three (3) months after the date the Company delivers a notice of termination of a Participant's Active Status, other than in circumstances covered by the following three circumstances;
- immediately upon termination of a Participant's Active Status for Misconduct;
- twelve (12) months after the date of the death of a Participant whose Active Status terminated as a result of his or her death; and
- thirty-six (36) months after the date on which the Participant ceased performing services as a result of Retirement.

U.S. Federal Tax Consequences.

Options. Participants will not recognize taxable income at the time an option is granted under the Directors Plan unless the option has a readily ascertainable market value at the time of grant. The Board understands that options to be granted under the Directors Plan will not have a readily ascertainable market value; therefore, income will not be recognized by participants before the time of exercise of an option. The difference between the fair market value of the shares at the time an option is exercised and the option price generally will be treated as ordinary income to the optionee, in which case Abraxas will be entitled to a deduction equal to the amount of the optionee's ordinary income.

Restricted Stock. A participant who receives a grant of restricted stock who does not elect to be taxed at the time of grant will not recognize income upon an award of shares of common stock, and Abraxas will not be entitled to a deduction until the termination of the restrictions. Upon such termination, the participant will recognize ordinary income in an amount equal to the fair market value of the common stock at the time (less any amount paid by the employee for such shares), and Abraxas will be entitled to a deduction in the same amount after satisfying federal income tax withholding requirements. However, the participant may elect to recognize ordinary income in the year the restricted stock is granted in an amount equal to the fair market value of the shares at that time, determined without regard to the restrictions. In that event, Abraxas will be entitled to a deduction in such year and in the same amount. Any gain or loss recognized by the participant upon subsequent disposition of the stock will be capital in nature.

Amendments. Abraxas' Board or the Compensation Committee may amend or terminate the Directors Plan from time to time in such respects as the Board may deem advisable (including, but not limited, to amendments which the Board deems appropriate to enhance Abraxas' ability to claim deductions related to stock option exercises); provided, that to the extent required by the Internal Revenue Code of 1986, as amended, or the rules of the NASDAQ, such other exchange upon which Abraxas common stock is either quoted or traded, or the SEC, stockholder approval shall be

required for any material amendment of the Directors Plan. Subject to the foregoing, it is specifically intended that the Board or Compensation Committee be able to amend the Directors Plan without stockholder approval to comply with legal, regulatory and listing requirements and to avoid unanticipated consequences deemed by the Committee to be inconsistent with the purpose of the Directors Plan or any award agreement.

Adjustments . If the outstanding shares of Abraxas' common stock shall be changed into or exchanged for a different number or kind of shares of stock or other securities or property of Abraxas or of another corporation, or if the number of such shares of common stock shall be increased by a stock dividend or stock split, there shall be substituted for or added to each share of common stock reserved for the purposes of the Directors Plan, whether or not such shares are at the time subject to outstanding awards, the number and kind of

shares of stock or other securities or property into which each outstanding share of common stock shall be so changed or for which it shall be so exchanged, or to which each such share shall be entitled, as the case may be. Outstanding awards shall also be considered to be appropriately amended as to price and other terms as may be necessary or appropriate to reflect the foregoing events. If there shall be any other change in the number or kind of the outstanding shares of Abraxas' common stock, or of any stock or other securities or property into which such common stock shall have been changed, or for which it shall have been exchanged, and if the Compensation Committee shall in its sole discretion determine that such change equitably requires an adjustment in the number or kind or price of the shares then reserved for the purposes of the Directors Plan, or in any award previously granted or which may be granted under the Directors Plan, then such adjustment shall be made by the Compensation Committee and shall be effective and binding for all purposes of the Directors Plan.

In addition, the Compensation Committee shall have the power, in the event of any merger or consolidation involving Abraxas to amend all outstanding awards to permit the exercise thereof in whole or in part at any time, or from time to time, prior to the effective date of any such merger or consolidation and to terminate each such award as of such effective date.

Although the benefits and amounts that will be received by the Non-Executive Director Group are not determinable, the benefits and amounts which would have been received by the Non-Executive Director Group for the last completed fiscal year if the Directors Plan had been in effect are provided in the table below:

New Plan Benefits

Name and Position	Dollar Value (\$)	Number of Shares
Non-Executive Director Group ⁽¹⁾	\$ 852,236	200,000

Calculated by multiplying the Number of Shares by the grant date fair value of each option using the Black Scholes (1) method as of May 6, 2014, the date of the first Board of Directors meeting immediately following the 2014 Annual Stockholders Meeting.

Effectiveness. Upon effectiveness, the Directors Plan shall remain in effect until the tenth anniversary of the effective date or until terminated under the terms of the plan or extended by an amendment approved by Abraxas stockholders.

Votes Required. Assuming the presence of a quorum, the affirmative vote of the holders of a majority of the shares of common stock present in person or by proxy and entitled to vote on this item at the annual meeting is necessary to approve the amendment and restatement of the Directors Plan. The enclosed form of proxy provides a means for stockholders to vote for the approval of the amendment and restatement of the Directors Plan, to vote against it or to abstain from voting with respect to it. If a stockholder executes and returns a proxy, but does not specify how the shares represented by such stockholder's proxy are to be voted, such shares will be voted FOR the Directors Plan.

Under applicable Nevada law, in determining whether this item has received the requisite number of affirmative votes, abstentions and broker non-votes will not be counted and will have no effect.

The Board of Directors recommends a vote "FOR" the approval of the amendment and restatement of the Directors Plan.

PROPOSAL FIVE

ADVISORY VOTE ON EXECUTIVE COMPENSATION

Abraxas asks that you indicate your support for our executive compensation policies and practices as described in our Compensation Discussion and Analysis, accompanying tables and related narrative contained in this proxy statement beginning on page 17. Your vote is advisory and will not be binding on the Board of Directors; however, the Board of Directors will review the voting results and take them into consideration when making future decisions regarding executive compensation.

The Compensation Committee is responsible for executive compensation and works to structure a compensation plan that reflects Abraxas' underlying compensation philosophy of aligning the interests of our executive officers with those of our stockholders. Key elements of this philosophy are:

• Establishing compensation plans that deliver base salaries which are competitive with companies in our industry.

• Rewarding outstanding performance particularly where such performance is reflected by an increase in Abraxas' Net Asset Value.

• Providing equity-based incentives to ensure motivation over the long-term to respond to Abraxas' business challenges and opportunities as owners rather than just as employees.

The Board of Directors recommends a vote "FOR" the following resolution:

RESOLVED: That the stockholders approve, on an advisory basis, the compensation of Abraxas' executive officers named in the Summary Compensation Table, as disclosed in this proxy statement pursuant to the executive compensation disclosure rules of the Securities and Exchange Commission, which disclosure includes the Compensation Discussion and Analysis, the compensation tables and other executive compensation disclosures and related material set forth in this proxy statement.

STOCKHOLDER PROPOSALS FOR 2016 ABRAXAS ANNUAL MEETING

Abraxas intends to hold its next annual meeting during the second quarter of 2016, according to its normal schedule. In order to be included in the proxy material for the 2016 Annual Meeting, Abraxas must receive eligible proposals from stockholders intended to be presented at the annual meeting on or before January 5, 2016, directed to the Abraxas Secretary at the address indicated on the first page of this proxy statement.

According to our Amended and Restated Bylaws, Abraxas must receive timely written notice of any stockholder nominations and proposals to be properly brought before the 2016 Annual Meeting. To be timely, such notice must be delivered to the Abraxas Secretary at the principal executive offices set forth on the first page of this proxy statement between February 5, 2016 and the close of business on March 7, 2016. The written notice must set forth, as to the stockholder giving the notice and the beneficial owner, if any, on whose behalf the nomination or proposal is made: (i) the name and address of such stockholder, as they appear on Abraxas' books, and of such beneficial owner, if any, (ii) (a) the class or series and number of Abraxas shares which are, directly or indirectly, owned beneficially and of record by such stockholder and such beneficial owner, (b) any option, warrant, convertible security, stock appreciation right, or similar right with an exercise or conversion privilege or a settlement payment or mechanism at a price related to any class or series of Abraxas shares or with a value derived in whole or in part from the value of any class or series of Abraxas shares, whether or not such instrument or right shall be subject to settlement in the underlying class or series of Abraxas capital stock or otherwise (a "Derivative Instrument") directly or indirectly owned beneficially by such stockholder and any other direct or indirect opportunity to profit or share in any profit derived from any increase or decrease in the value of Abraxas shares, (c) any proxy, contract, arrangement, understanding, or relationship pursuant to which such stockholder has a right to vote any shares of any Abraxas security, (d) any short interest in any Abraxas security (a person shall be deemed to have a short interest in a security if such person, directly or indirectly, through any contract, arrangement, understanding, relationship or otherwise, has the opportunity to profit or share in any profit derived from any decrease in the value of the subject security), (e) any rights to dividends on the Abraxas shares owned beneficially by such stockholder that are separated or separable from the underlying Abraxas shares, (f) any proportionate interest in Abraxas shares or Derivative Instruments held, directly or indirectly, by a general or limited partnership in which such stockholder is a general partner or, directly or indirectly, beneficially owns an interest in a general partner and (g) any performance-related fees (other than an asset-based fee) that such stockholder is entitled to, based on any increase or decrease in the value of Abraxas shares or Derivative Instruments, if any, as of the date of such notice including, without limitation, any such interests held by members of such stockholder's immediate family sharing the same household (which information shall be supplemented by such stockholder and beneficial owner, if any, not later than 10 days after the record date for the meeting to disclose such ownership as of the record date), and (iii) any other information relating to such stockholder and beneficial owner, if any, that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for, as applicable, the proposal and/or for the election of directors in a contested election pursuant to Section 14 of the Exchange Act, and the rules and regulations promulgated thereunder.

If the notice relates to any business other than a nomination of a director or directors that the stockholder proposes to bring before the meeting, the notice must set forth (i) a brief description of the business desired to be brought before the meeting, the reasons for conducting such business at the meeting and any material interest of such stockholder and beneficial owner, if any, in such business and (ii) a description of all agreements, arrangements and understandings between such stockholder and beneficial owner, if any, and any other person or persons (including their names) in connection with the proposal of such business by such stockholder.

As to each person, if any, whom the stockholder proposes to nominate for election or reelection to the Board of Directors (i) all information relating to such person that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors in a contested election pursuant to Section 14 of the Exchange Act and the rules and regulations promulgated thereunder (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected) and (ii) a description of all direct and indirect compensation and other material monetary agreements, arrangements and understandings during the past three years, and any other material relationships, between or among such stockholder and beneficial owner, if any, and their respective affiliates and associates, or others acting in concert

therewith, on the one hand, and each proposed nominee, and his or her respective affiliates and associates, or others acting in concert therewith, on the other hand, including, without limitation all information that would be required to be disclosed pursuant to Rule 404 promulgated under Regulation S-K (or any successor rule) if the stockholder making the nomination and any beneficial owner on whose behalf the nomination is made, if any, or any affiliate or associate thereof or person acting in concert therewith, were the “registrant” for purposes of such rule and the nominee were a director or executive officer of such registrant, include a completed, date and signed questionnaire, representation and agreement.

To be eligible to be a nominee for election or reelection as a director of Abraxas, a person must deliver (in accordance with the time periods prescribed above for delivery of notice) to the Secretary at the principal executive offices of Abraxas a written questionnaire with respect to the background and qualification of such person and the background of any other person or entity on whose behalf the nomination is being made (which questionnaire shall be provided by the Secretary upon written request) and a written representation and agreement (in the form provided by the Secretary upon written request) that such person (i) is not and will not become a party to (a) any agreement, arrangement or understanding with, and has not given any commitment or assurance to, any person or entity as to how such person, if elected as a director of Abraxas, will act or vote on any issue or question (a “Voting Commitment”) that has not been disclosed

to Abraxas or (b) any Voting Commitment that could limit or interfere with such person's ability to comply, if elected as a director of Abraxas, with such person's fiduciary duties under applicable law, (ii) is not and will not become a party to any agreement, arrangement or understanding with any person or entity other than Abraxas with respect to any direct or indirect compensation, reimbursement or indemnification in connection with service or action as a director that has not been disclosed therein, and (iii) in such person's individual capacity and on behalf of any person or entity on whose behalf the nomination is being made, would be in compliance, if elected as a director of Abraxas, and will comply with all applicable publicly disclosed corporate governance, conflict of interest, confidentiality and stock ownership and trading policies and guidelines of Abraxas. Abraxas may also require any proposed nominee to furnish such other information as may reasonably be required by Abraxas to determine the eligibility of such proposed nominee to serve as an independent director of Abraxas or that could be material to a reasonable stockholder's understanding of the independence, or lack thereof, of such nominee.

In the event that the 2016 Annual Meeting is more than 30 days from May 5, 2016 (the anniversary of the 2015 Annual Meeting), the dates for submission of proposals to be included in the proxy materials and for business to be properly brought before the 2016 Annual Meeting will change according to Abraxas' Amended and Restated Bylaws and Regulation 14A under the Exchange Act. A copy of Abraxas' Amended and Restated Bylaws setting forth the advance notice provisions and requirements for submission of stockholder nominations and proposals may be obtained from the Abraxas Secretary at the address indicated on the first page of this proxy statement.

OTHER MATTERS

No business other than the matters set forth in this proxy statement is expected to come before the meeting, but should any other matters requiring a stockholder's vote arise, including a question of adjourning the meeting, the persons named in the accompanying proxy will vote thereon according to their best judgment in the interests of Abraxas. If a nominee for office of director should withdraw or otherwise become unavailable for reasons not presently known, the persons named as proxies may vote for another person in his place in what they consider the best interests of Abraxas. Upon the written request of any person whose proxy is solicited hereunder, Abraxas will furnish without charge to such person a copy of its annual report filed with the Securities and Exchange Commission on Form 10-K, including financial statements and schedules thereto, for the fiscal year ended December 31, 2014. Such written request is to be directed to Investor Relations, 18803 Meisner Drive, San Antonio, Texas 78258.

ABRAXAS PETROLEUM CORPORATION
AMENDED AND RESTATED
2005 EMPLOYEE LONG-TERM EQUITY INCENTIVE PLAN
(As Amended March 11, 2008, June 29, 2009 and March 3, 2015)

A-1

ABRAXAS PETROLEUM CORPORATION

Amended and Restated

2005 Employee Long-Term Equity Incentive Plan

PART I

PURPOSE, ADMINISTRATION AND RESERVATION OF SHARES

SECTION 1. Purpose of this Plan. The purposes of this Plan are to (a) employ and retain qualified and competent personnel and (b) promote the growth and success of the Company's and its Subsidiaries' business by (i) aligning the long-term interests of the Company's key employees with those of the Company's stockholders by providing an opportunity to acquire an interest in the Company and (ii) providing rewards for exceptional performance and long-term incentives for future contributions to the success of the Company and its Subsidiaries.

This Plan permits the grant of Non-Qualified Stock Options, Incentive Stock Options or Restricted Stock, at the discretion of the Committee and as reflected in the terms of the Award Agreement. Each Award will be subject to conditions specified in this Plan.

SECTION 2. Definitions. As used herein, the following definitions shall apply:

(a) "Award" means any award or benefit granted under this Plan, including Options and Restricted Stock.

(b) "Award Agreement" means a written or electronic agreement between the Company and the Participant setting forth the terms of the Award.

(c) "Beneficial Ownership" has the meaning set forth in Rule 13d-3 promulgated under the Exchange Act.

(d) "Board" means the Company's Board of Directors.

(e) "Change of Control" means the first day that any one or more of the following conditions has been satisfied:

(i) the sale, transfer, or assignment to, or other acquisition by any other entity or entities (other than a Subsidiary), of all or substantially all of the Company's assets and business in one or a series of related transactions;

(ii) a third person, including a "group" as determined in accordance with Section 13(d) or 14(d) of the Exchange Act, obtains the Beneficial Ownership of Common Stock having thirty percent (30%) or more of the then total number of votes that may be cast for the election of members of the Board; or

(iii) during any 12-consecutive month period, the individuals who, at the beginning of such period, constitute the Board ("Incumbent Directors") cease for any reason other than death to constitute at least a majority of the members of the Board; provided, however, that except as set forth in this Section 2(e)(iii), an individual who becomes a member of the Board subsequent to the beginning of the 12-month period, shall be deemed to have satisfied such 12-month requirement and shall be deemed an Incumbent Director if such Director was elected by or on the recommendation of, or with the approval of, at least two-thirds of the Directors who then qualified as Incumbent Directors either actually (because they were Directors at the beginning of such period) or by operation of the provisions of this Section; if any such individual initially assumes office as a result of or in connection with either an actual or threatened solicitation with respect to the election of Directors (as such terms are used in Rule 14a-12(c) of Regulation 14A promulgated under the Exchange Act) or other actual or threatened solicitations of proxies or consents by or on behalf of a person other than the Board, then such individual shall not be considered an Incumbent Director; or

(iv) a merger, consolidation, reorganization or other business combination (a "Transaction"), as a result of which the shareholders of the Company immediately prior to such Transaction own directly or indirectly immediately following such Transaction less than 50% of the combined voting power of the outstanding voting securities of the entity resulting from such Transaction.

(f) "Change in Control Value" has the meaning set forth in Section 5(b).

(g) "Code" means the Internal Revenue Code of 1986, as amended.

(h) "Committee" means the Compensation Committee appointed by the Board, which shall be comprised of two or more outside Directors (within the meaning of the term "outside directors" as used in section 162(m) of the Code, and applicable interpretive authority under the Code, and within the meaning of "Non-Employee Director" under SEC Rule 16b-3 promulgated under the Exchange Act and who meet any other qualifications required by the applicable stock exchange on which the Common Stock is traded).
