Corporate Governance and Committees of the Board of Directors

Corporate governance encompasses the internal policies and practices by which the Company is operated and controlled on behalf of its shareholders. Corporate governance at the Company is designed to drive superior performance by making the most effective use of the collective skills and experience of directors. The Company believes that a good system of corporate governance enables it to maintain the confidence of investors and is a source of competitive advantage.

The Board of Directors is responsible for the control and direction of the Company. The role of the Board of Directors is to effectively govern the affairs of the Company for the benefit of its shareholders and, to the extent appropriate under Minnesota law, other constituencies, such as the Company's employees, customers, suppliers and the communities in which it does business. The Board strives to ensure success and continuity of the Company's business through the election of qualified management. It is also responsible for ensuring that the Company's activities are conducted in a responsible and ethical manner.

The Board of Directors currently consists of seven directors, five of

Edgar Filing: CURATIVE HEALTH SERVICES INC - Form DEF 14A

whom are independent, non-employee directors. All of the Company's directors stand for re-election every year. At each regularly scheduled Board meeting, the non-employee directors meet in executive session without any members of management present.

The Board of Directors has five standing committees: an Executive Committee, an Audit Committee, a Compensation Committee, a Governance Committee and a Regulatory and Compliance Committee. Each of these committees operates under a written charter adopted by the Board of Directors. Under their respective charters, each of the Audit Committee, the Compensation Committee, the Governance Committee and the Regulatory and Compliance Committee is authorized to retain and consult with external advisors, consultants and counsel as needed to fulfill its responsibilities. Each of these committees maintains written minutes of its meetings and regularly reports to the Board regarding its determinations and recommendations on matters within the scope of its duties and responsibilities.

Executive Committee. The members of the Executive Committee are Messrs. English (as Chairman beginning in August 2002), and Feshbach (as Chairman until August 2002), Moufflet and Berce. The Executive Committee advises the Board regarding strategic, operational and legal matters, as appropriate from time to time. The Executive Committee may also exercise the authority of the Board between Board meetings when (i) the Chairman of the Board determines that it is not practical to defer action until a special or regular meeting of the Board, or (ii) the Board specifically has authorized the action being taken, or (iii) the matter being acted upon is administrative in nature, is not otherwise the responsibility of another standing committee of the Board and does not merit attention by the full Board. In 2002, the Executive Committee met five times.

Audit Committee. The members of the Audit Committee are Messrs. Berce (as Chairman), English and Maudlin, each of whom is an "independent director" as defined in Rule 4200(a)(14) of the NASDAQ Marketplace Rules. A copy of the charter of the Audit Committee, as amended in 2002, is attached as Appendix A to this proxy statement. The Audit Committee assists the Board of Directors in the oversight of the integrity of the Company's financial statements; the Company's compliance with financial reporting and other legal and regulatory reporting requirements; the independence, qualifications and performance of the Company's internal and external auditors; and the adequacy of the Company's internal controls. In performing these functions, the Audit Committee meets periodically with management and the independent auditors (including sessions without management present). In addition, as provided in its charter, the Audit Committee selects and engages the independent auditors for the Company, and approves in advance any engagement of the independent auditors to provide audit or non-audit services to the Company. In 2002, the Audit Committee met seven times.

Compensation Committee. In 2002, the members of the Compensation Committee (formerly known as the Compensation and Stock Option Committee) consisted of Messrs. English (as Chairman until June 2002), Berce (as Chairman beginning in June 2002), Maudlin and Auerbach (beginning in June 2002). Mr. English resigned from the Committee in June 2002. All the members of the Compensation Committee, are "outside directors" (as defined with respect to Section 162(m) of the Internal Revenue Code of 1986, as amended), and are "non-employee directors" (as defined by Rule 16b-3 under the Securities Exchange Act of 1934, as amended). The Compensation Committee has oversight

responsibility for director and executive compensation, benefits and perquisites policies and strategies of the Company; reviews and determines all forms of compensation to be provided to the executive officers of the Company, including equity compensation, benefits and perquisites; recommends to the Board of Directors forms of compensation to be provided to the directors of the Company;

Edgar Filing: CURATIVE HEALTH SERVICES INC - Form DEF 14A

reviews and provides general guidance with respect to the bonus and equity compensation of employees; and makes all determinations regarding the administration of the Company's equity compensation plans and awards. In 2002, the Compensation Committee met nine times.

Governance Committee. The members of the Governance Committee are Messrs. Maudlin (as Chairman), Auerbach and Moufflet. All the members of the Governance Committee are non-employee directors. The Governance Committee identifies and recommends nominees for the Board and for committees of the Board; oversees succession planning for the Company's Chief Executive Officer; and develops, recommends to the Board and oversees corporate governance principles applicable to the Company. The Governance Committee will consider nominees for director recommended by shareholders. In order to have nominees considered, shareholders must provide the Governance Committee with written notice of such proposal not later than 60 days following the end of the fiscal year to which the next annual meeting of shareholders relates. The Governance Committee is under no obligation to accept a nominee proposed by a shareholder. All nominations ultimately made by the Governance Committee are in such committee's sole discretion. In the alternative, a shareholder may nominate persons for election as directors by following the procedures set forth in the Company's bylaws. In 2002, the Governance Committee met one time.

The Governance Committee was established in September 2002. Prior to that time the Company had a Nominating Committee consisting of Messrs. Prior (as Chairman until May) and Feshbach (until May), and Messrs. English, Maudlin and Berce (each beginning in May). The purpose of the Nominating Committee was to identify and recommend to the Board nominees for election to the Board of Directors of the Company. The Nominating Committee was terminated in September 2002 upon the creation of the Governance Committee. In 2002, the Nominating Committee did not meet.

Regulatory and Compliance Committee. The members of the Regulatory and Compliance Committee are Dr. Auerbach (as Chairman) and Mr. Feshbach. The Committee reviews and oversees the compliance by the Company, and its agents and employees, with applicable legal requirements relating to providers and suppliers of healthcare services and products, the Company's Code of Business Conduct and compliance program, and any applicable corporate integrity agreement entered into or binding on the Company. In 2002, the Regulatory and Compliance Committee met five times.

During 2002, the Board of Directors met thirteen times. Each incumbent director attended at least 75% of all meetings of the Board and applicable committees held during 2002. The Board and the committees also act from time to time by written action.

Compensation of Directors

In 2002, each non-employee director was paid an annual retainer of \$12,000, \$1,000 for each Board meeting attended in person or \$350 for each Board meeting participated in by means of conference telephone. Each non-employee director also received an annual retainer of \$1,500 for each committee on which he served, and the chairman of each committee received an additional annual retainer fee of \$3,000. Non-employee directors also received a fee of \$500 for each committee meeting attended, except for meetings held on the same date as a Board meeting.

In December 2002, based in part on an analysis by an independent consulting firm of the Company's outside director compensation, the Board approved a change in compensation for non-employee directors. Beginning in 2003, each non-employee director will be paid an annual retainer of \$15,000, and will receive the following meeting fees: \$1,500 for each Board meeting attended in person; \$1,000 for each Board meeting participated in by means of conference

Edgar Filing: CURATIVE HEALTH SERVICES INC - Form DEF 14A

telephone; \$1,500 for each Audit Committee meeting attended in person (other than an Audit Committee meeting held on the same date as a Board meeting); \$1,000 for each Audit Committee meeting held on the same date as a Board meeting

or participated in by means of conference telephone; \$1,250 for each non-Audit Committee meeting attended in person (other than a non-Audit Committee meeting held on the same date as a Board meeting); and \$750 for each non-Audit Committee meeting held on the same date as a Board meeting or participated in by means of conference telephone. The chairman of the Audit Committee will also receive an additional annual retainer fee of \$4,000 and the chairman of each non-Audit Committee will receive an additional annual retainer fee of \$3,000.

In 1993, the Company established a Director Share Purchase Program (the "Program") to encourage ownership of its Common Stock by its directors. Under the program, each non-employee director can elect to forego receipt of annual retainer and meeting fees in cash and, in lieu thereof, receive shares of Common Stock having a market value at the date of issuance equal to the cash payment.

In 1995, the Company established a Non-Employee Director Stock Option Plan (the "Director Plan"). The purpose of the Plan is to promote the success of the Company by attracting and retaining non-employee directors by supplementing their cash compensation and providing a means for such directors to increase their holdings of Common Stock. The Company believes it is important that the interest of the directors be aligned with those of its shareholders and that the Director Plan strengthens that link. The Director Plan provides for an automatic initial grant of options to purchase 15,000 shares of Common Stock, at market value on date of grant, to a non-employee director upon his or her initial election as a member of the Board. The Director Plan also provides for the automatic grant of an option to purchase 15,000 shares of Common Stock, at market value on the date of grant, each time a non-employee director is re-elected as a member of the Board. Further, the Director Plan provided for the automatic one time grant of an option to purchase 45,000 shares of Common Stock, at market value on date of grant, upon a non-employee director's election as a member of the Board at the 2002 Annual Meeting of Shareholders. Upon their election to the Board in May 2002, the non-employee members of the Board of Directors were each granted options to purchase 45,000 shares of Common Stock at \$13.16 per share, vesting immediately as to one-third of such shares, vesting after one year as to another third of such shares, and vesting after two years with respect to the final third of such shares, subject to certain conditions. The Director Plan also provides that for all directors who are granted the one time option to purchase 45,000 shares as described above, there shall be no grants under the Director Plan in connection with the Company's 2003 and 2004 Annual Meetings of Shareholders.

Prior to his employment by the Company in March 2002 as Interim Chief Executive Officer, Mr. Feshbach was paid a monthly retainer as Executive Chairman of the Board of \$20,000 per month. In March 2002, in consideration for extra services performed as directors, Mr. English and Mr. Maudlin were awarded options for 10,000 and 7,500 shares, respectively, with an exercise price of \$9.69 per share and, subject to certain conditions, vesting as to one-third of the shares after one year and thereafter in equal installments at the end of the next eight successive three-month periods.

Employment and Other Agreements

Each of Messrs. Feshbach, Tella, Prior, Axmacher and Ms. Lanis (the "Officers") has an employment agreement with the Company (an "Employment Agreement"). Except as noted, the Employment Agreements are on substantially identical terms. Under the Employment Agreements, each Officer receives an annual base salary and is entitled to participate in any incentive compensation program in effect from time to time for executives of the Company. The annual base salary of each of the Officers under his or her Employment Agreement as of December 31, 2002 was Mr. Feshbach (\$400,000), Mr. Tella (\$250,000), Mr. Prior (\$270,000), Mr. Axmacher (\$175,000) and Ms. Lanis (\$200,000). In addition, Ms. Lanis received a one-time signing bonus of \$15,000 under the terms of her Employment Agreement. The salary under the Employment Agreements is subject to annual review and increase by the Compensation Committee. Each Employment Agreement has an initial term of one year and renews automatically for additional one-year periods unless notice of termination is given at least three months prior to renewal.

The Company may terminate the Employment Agreement at any time with or without cause upon 30 days' prior written notice to the Officer, and the Officer may terminate the Employment Agreement at any time upon 30 days' prior written notice to the Company. In the event the Company terminates the Employment Agreement without cause prior to a change of control (defined below) or elects not to renew, the Officer will be entitled to receive a lump sum severance payment equal to the Officer's then current base salary plus the arithmetic average of payments made to the Officer pursuant to the Company's Executive Bonus Compensation Program with respect to the three years immediately preceding the fiscal year in which the date of termination occurs. In addition, to the extent not otherwise required under the Company's stock option plan, any

Edgar Filing: CURATIVE HEALTH SERVICES INC - Form DEF 14A

unvested stock option awards that would have vested during the twelve-month period following the date of termination shall vest and become immediately exercisable in full. If the Employment Agreement is terminated (or not renewed) by the Company without cause or by the Officer for good reason during the twelve-month period immediately following a change in control (or is terminated or not renewed prior to a change in control at the request or insistence of any person in connection with a change in control), the Officer shall be entitled to a lump sum severance payment equal to the product of two times the sum of the then current annual base salary plus the arithmetic average of payments made to the Officer pursuant to the Company's Executive Bonus Compensation Program with respect to the three fiscal years immediately preceding the fiscal year in which the date of termination occurs. In addition, to the extent not otherwise required under the Company's stock option plan any unvested stock option awards shall vest and become immediately exercisable in full. The Employment Agreement also restricts the Officer from competing with the Company under certain circumstances during the Officer's employment with the Company and for a period of two years thereafter.

On September 17, 2001, the Company entered into an employment agreement with Mr. Blackford. Under the employment agreement, Mr. Blackford was entitled to receive an annual base salary of \$350,000 and to participate in any incentive compensation program in effect from time to time for executives of the Company. In addition, the Company agreed to grant Mr. Blackford options for the purchase of 380,000 shares of the Company's common stock. The employment agreement had an initial term of one year and renewed automatically for additional one-year periods unless notice of termination was given at least three months prior to renewal. The Company could terminate the employment agreement at any time with or without cause upon 30 days' prior written notice to Mr. Blackford, and Mr. Blackford could terminate the employment agreement at any time upon 60 days' prior written notice to the Company. In the event the Company terminated (or elected not to renew) the employment agreement without cause, or in the event Mr. Blackford terminated the agreement due to a breach by the Company, prior to a change of control, Mr. Blackford would be entitled to receive a lump sum severance payment equal to Mr. Blackford's then current base salary plus, subject to certain conditions, an amount equal to between 25% and 50% of his then current base salary. If the employment agreement was terminated (or not renewed) by the Company or by Mr. Blackford, for any reason, during the period following a change in control, Mr. Blackford would be entitled to a lump sum severance payment equal to the product of two times the sum of the then current annual base salary plus, subject to certain conditions, an amount equal to between 25% and 50% of his then current base salary. In addition, to the extent not otherwise required under the Company's stock option plan or any award agreement with Mr. Blackford, any unvested stock option awards would vest and become immediately exercisable in full after a change in control. Mr. Blackford's employment with the Company was terminated in March 2002. Pursuant to the terms of a separation agreement and mutual release executed with the Company in April 2003, the Company has agreed to pay Mr. Blackford \$539,000 in severance, bonus and vacation benefits, and to allow him to retain 63,333 of the 150,000 shares of Company common stock issued to him upon the exercise of options subject to certain vesting requirements. Mr. Blackford has agreed to forfeit 86,667 shares of Company common stock issued to him upon exercise of options which shares were subject to vesting requirements that were not satisfied due to his termination. Mr. Blackford has also agreed to pay approximately \$298,000 in principal and interest to the Company to repay the portion of his outstanding loans that related to the shares he is being allowed to retain. For additional information regarding these loans, see "Certain Transactions." Mr. Blackford may rescind the separation agreement and mutual release at any time prior to May 1, 2003.

In connection with the acquisition of eBioCare.com, Inc. in March 2001,

Edgar Filing: CURATIVE HEALTH SERVICES INC - Form DEF 14A

Mr. Leiker entered into an employment agreement with the Company. Under the employment agreement, Mr. Leiker initially received an annual salary of \$270,000 and was entitled to participate in any incentive compensation program in effect from time to time for executives of the Company. The salary under the employment agreement was subject to annual review and increase by the Compensation Committee. The employment agreement had an initial term of three years and

renewed automatically for additional one-year periods unless notice of termination was given at least three months prior to renewal. The Company could terminate the employment agreement at any time, if such termination were for cause, or, if for any reason other than for cause, upon 30 days' prior written notice to Mr. Leiker, and Mr. Leiker could terminate the employment agreement at any time without notice or, if the termination were for good reason, upon 60 days' prior written notice to the Company. In the event the Company terminated the employment agreement without cause, or elected not to renew, prior to a change of control, Mr. Leiker would be entitled to receive a lump sum severance payment equal to Mr. Leiker's then current base salary plus the arithmetic average of payments made to Mr. Leiker pursuant to the Company's Executive Bonus Compensation Program with respect to the three years immediately preceding the fiscal year in which the date of termination occurred. In addition, to the extent not otherwise required under the Company's stock option plan, any unvested stock option awards that would have vested during the twelve-month period following the date of termination would vest and become immediately exercisable in full. If the employment agreement were terminated, or not renewed, by the Company without cause or by Mr. Leiker for good reason during the twelve-month period immediately following a change in control (or was terminated or not renewed prior to a change in control at the request or insistence of any person in connection with a change in control), Mr. Leiker would be entitled to a lump sum severance payment equal to the product of two times the sum of the then current annual base salary plus the arithmetic average of payments made to Mr. Leiker pursuant to the Company's Executive Bonus Compensation Program with respect to the three fiscal years immediately preceding the fiscal year in which the date of termination occurred. In addition, to the extent not otherwise required under the Company's stock option plan any unvested stock option awards would vest and become immediately exercisable in full. The employment agreement also restricts Mr. Leiker from competing with the Company under certain circumstances during his employment with the Company and for a period of two years thereafter. Mr. Leiker terminated his employment with the Company in January 2003.

The options held by the executive officers of the Company provide for the acceleration of vesting of the options upon a change in control of the Company. For the purpose of these options, the term "change in control" includes (i) a sale of substantially all of the Company's assets; (ii) the acquisition of more than 50% of the outstanding Common Stock; (iii) a reorganization of the Company in which the holders of Common Stock of the Company receive stock in another company; (iv) a merger of the Company with another company in which there is a 50% or greater change in the ownership of the Common Stock of the Company as a result of such merger; (v) any other transaction in which the Company (other than as the parent corporation) is consolidated for federal income tax purposes or is eligible to be consolidated for federal income tax purposes with another corporation; (vi) in the event that the Common Stock is traded on an established securities market, a public announcement that any person has acquired or has the right to acquire beneficial ownership of 50% or more of the then outstanding Common Stock, or the commencement of or public announcement of an intention to make a tender offer or exchange offer for 50% or more of the then outstanding Common Stock; (vii) a change in the members of the Board of Directors such that a majority of the Board of Directors was not recommended by the Board of Directors for election by the shareholder; (viii) and any other transaction in which there is a sufficient change in the share ownership of the Company to change the effective control of the Company.

CERTAIN TRANSACTIONS

In December 2001 and January 2002, in order to encourage the executive officers of the Company to increase their equity stake in the Company, the Board of Directors offered to accelerate the exercisability of certain options held by executive officers (provided that the underlying shares could not be sold until such time, if any, as the option would have become exercisable under its original terms) and to provide the directors and officers with loans to cover 80% of the aggregate exercise price of any options they elected to exercise. Under this program, in December 2001 Mr. Blackford borrowed \$354,000 and Mr. Maudlin borrowed \$133,683. In 2002, Mr. Blackford borrowed an additional \$708,000, Dr. Auerbach borrowed \$77,495, Mr. Prior borrowed \$600,870, Mr. Tella

borrowed \$489,958, Ms. Lanis borrowed \$78,200, Mr. McKinley borrowed \$245,345, Mr. Axmacher borrowed \$103,795 and Mr. Leiker borrowed \$303,997 to fund 80% of the exercise price of certain options. All of these loans bear interest at an annual rate of 2.46% and mature three years from the date of origination, provided that, to the extent that any of the shares acquired pursuant to the exercise of the related option are sold, the proceeds of that sale must be used to repay the principal and interest due on the loan. Except for the loan to Mr. Leiker which was repaid in January 2003, none of these loans has been repaid.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee (formerly known as the Compensation and Stock Option Committee) of the Board of Directors (the "Committee") is responsible for reviewing the performance of the Company's executive officers and establishing their compensation, including base salary, bonus incentive compensation and other benefits, if any, as well as grants to executive officers and other employees of long-term compensation incentives in the form of stock options pursuant to the Company's stock incentive plans. The Committee also makes recommendations as to compensation policies for the overall Company. The Committee is composed of three independent, non-employee directors. The key

Edgar Filing: CURATIVE HEALTH SERVICES INC - Form DEF 14A

objectives of the Committee in administering executive compensation are the following:

- o Aligning the economic interests of executive officers with both the short-and long-term interests of shareholders.
- o Motivating executive officers to undertake strategic business initiatives and rewarding them for the successful development and implementation of those initiatives.
- o Attracting and retaining key executive officers who will contribute to the long-term success of the Company.

At present, there are three main components of compensation for executive officers: base salary, short-term incentive compensation in the form of annual bonuses and long-term incentive compensation in the form of stock options.

Base Salary

The Committee sets base salaries for executive officers (including the Chief Executive Officer) with reference to the specific responsibilities of the executive officer, his or her experience in the industry, his or her performance, and other competitive factors. The Committee reviews each executive officer's base salary annually and makes appropriate adjustments depending upon industry trends in executive salaries, Company financial and operating performance, and such individual's performance and contribution to the Company's growth and success. In 2002, Mr. Feshbach recommended, and the Committee approved, base salary increases for two executive officers to reflect promotions. As a result, the base salaries of the Company's executive officers (other than the Chief Executive Officer) generally increased for the year ended December 31, 2002 by an average of approximately 8.5 percent over their base salaries for the prior year.

The Committee's decisions during 2002 regarding base compensation for the chief executive officer reflected several transitions in the persons holding this office. In March 2002, the Company terminated the employment of Mr. Blackford, who had served as the Company's Chief Executive Officer since September 2001, and hired Mr. Feshbach as the Company's Interim Chief Executive Officer. Mr. Feshbach's retainer of \$20,000 per month for serving as Executive Chairman of the Board was increased to a salary of \$35,000 per month upon becoming a full-time employee of the Company. As part of the selection process to hire a Chief Executive Officer, the Company engaged an independent consulting firm to conduct an analysis of chief executive officer compensation. In performing its analysis, the consulting firm conducted a review of the Company's compensation policies and practices with respect to its other executive officers and a review of chief executive officer compensation of companies competing in the same industry as the Company, and comparable in size and revenue to the Company. In July 2002, Mr. Feshbach was hired as the Company's Chief Executive

Officer. Under the employment agreement executed with Mr. Feshbach, he was entitled to an annual base salary of \$400,000 for 2002. Based on the consulting firm's analysis, this amount was deemed to be competitive in comparison to the compensation paid to the chief executive officers of comparable companies. In determining Mr. Feshbach's base salary compensation, the Committee also considered Mr. Feshbach's experience and prior performance at the Company.

Bonus Incentive Compensation

The executive officers of the Company (including the Chief Executive

Edgar Filing: CURATIVE HEALTH SERVICES INC - Form DEF 14A

Officer) participate in the Company's Annual Bonus Compensation Program, pursuant to which each executive officer is eligible to earn a cash bonus for each fiscal year of the Company equal to a predetermined percentage of such officer's base salary, based on achievement of Company operating earnings goals, business unit performance and individual performance milestones.

At the beginning of the fiscal year of the Company, the Committee approves pre-determined percentages of the executive officers' base salary that will be paid in the form of a cash bonus if the Company achieves certain targeted earnings goals as approved by the Committee. In addition, at the beginning of each fiscal year the Committee establishes certain operational milestones for the Company related to patient satisfaction results, sales and profit margin measurements, the achievement of healing outcomes of patients treated at the wound care programs, and other meaningful corporate goals which the Company's Specialty Pharmacy and Specialty Healthcare Services units might expect to accomplish in such fiscal year, and individual milestones for each officer. The Committee also establishes specified percentages of the executive officers' base salaries that will be paid in relation to the achievement of individual milestones. The earnings goals and the special milestones established by the Committee will permit the executive officers, except the Chief Executive Officer, to earn between fifty and seventy percent of their base salary, depending on an officer's position, in the form of a cash bonus. The executive officers' actual bonuses are awarded and paid in the following fiscal year once the Company's financial results and milestone achievements for the prior fiscal year have been finally determined.

For 2002, the Company achieved the operating earnings expectations and, as a result, the officers of the Company earned 100 percent payout potential for the operating earnings portion of the program. Additionally, the executive officers, except the Chief Executive Officer, achieved from zero to 100 percent of the individual milestones that were determined for the year. The executive officers, except the Chief Executive Officer, on average were awarded 58 percent of their base salary in the form of cash bonus compensation related to the operating earnings and milestone achievements for 2002. Approximately 76 percent related to the achievement of operating earnings goals and 24 percent related to the accomplishment of special milestones. In addition, Mr. Tella and Mr. Axmacher were each awarded aggregate bonuses of \$25,000 for their efforts in connection with acquisitions consummated by the Company in 2002, and Ms. Lanis was awarded an aggregate bonus of \$25,000 for her efforts in connection with acquisitions consummated by the Company in 2002 and other special situations.

Mr. Feshbach was awarded a bonus for 2002 of \$333,333 in accordance with the Company's Annual Bonus Compensation Program, pursuant to which he was eligible to earn a cash bonus equal to 100 percent of his base salary if the Company achieved certain targeted earnings goals approved by the Committee. Mr. Feshbach earned 100 percent payout potential based on achievement of Company operating earnings goals, which were met for 2002. In accordance with the terms of his employment agreement, the amount of Mr. Feshbach's bonus was based on the prorated base salary he earned in 2002 during the period he served as Chief Executive Officer.

Stock Options and Restricted Stock Awards

Although the Committee did not make an across the board grant of options to the executive officers during 2002, it did grant options to various officers for specific reasons. Mr. Tella was awarded options to purchase 100,000 shares in connection with his promotion in 2002 to President of the Specialty Pharmacy Services business unit, and Ms. Lanis was awarded options to purchase 100,000 shares of the Company's common stock to make parity adjustments in relation to other executive officers and for her performance in resolving governmental investigations and other matters. In addition, Mr. Axmacher was

Edgar Filing: CURATIVE HEALTH SERVICES INC - Form DEF 14A

granted options to purchase 25,000 shares of the Company's common stock in recognition of his special efforts in connection with acquisitions consummated by the Company in 2002. Mr. Feshbach was granted options to purchase 50,000 shares of the Company's common stock upon commencement of his employment as Interim Chief Executive Officer and options to purchase 300,000 shares of the Company's common stock upon commencement of his employment as Chief Executive Officer of the Company. The number options granted to the Chief Executive Officer was derived based on a peer company compensation analysis performed by an independent consulting firm engaged by the Company. The Committee did not award shares of restricted stock in 2002.

In January 2003, the Committee engaged an independent outside consulting firm to examine the Company's annual stock option grant process. In February 2003, the report of this consultant was presented to the Committee. The Committee intends to refer to and rely on this report in connection with its stock option grant decisions for 2003.

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, sets a \$1.0 million limit on the amount of deductible compensation that can be paid in any year to an executive officer of the Company. "Qualified performance-based compensation" (as defined under Section 162(m)) is excluded from the calculation of this \$1.0 million limit. Although the Committee does not believe that the annual compensation for 162(m) purposes for any of the Company's executive officers will exceed \$1.0 million in 2002, the Company has taken the necessary steps to allow stock options granted under the 2000 Stock Incentive Plan to qualify as "qualified performance-based compensation" and so be excluded from this calculation.

AUDIT COMMITTEE REPORT

The Audit Committee oversees the Company's internal controls and financial reporting process on behalf of the Board of Directors. All of the members of the Audit Committee are independent for purposes of the Nasdaq listing requirements. The Audit Committee operates under a written charter adopted by the Board of Directors. The written charter, as amended in 2002, is attached as Appendix A to this proxy statement. The Audit Committee recommends to the Board of Directors the appointment of the Company's independent auditors.

Management is responsible for the Company's internal controls and the financial reporting process. The Company's independent accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and to issue a report on the Company's financial statements. The Audit Committee's responsibility is to monitor and oversee these processes.

In this context, the Audit Committee has met and held discussions with management and the independent accountants. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit

Edgar Filing: CURATIVE HEALTH SERVICES INC - Form DEF 14A

Committee has reviewed and discussed the consolidated financial statements with management and the independent accountants. The Audit Committee discussed with the independent accountants matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees).

The Company's independent accountants also provided to the Audit Committee the written disclosure required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent accountants the accounting firm's independence. The Committee also considered whether non-audit services provided by the independent accountants during the last fiscal year were compatible with maintaining the independent accountants' independence.

Based upon the Audit Committee's discussion with management and the independent accountants and the Audit Committee's review of the representations of management and the report of the independent accountants to the Audit Committee, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual report on Form 10-K for the fiscal year ended December 31, 2002 for filing with the Securities and Exchange Commission.
