QUICKLOGIC CORPORATION
NOTICE OF ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON THURSDAY, APRIL 23, 2015

The Annual Meeting of Stockholders of QUICKLOGIC CORPORATION, a Delaware corporation (“QuickLogic”), will be held at QuickLogic’s principal executive offices located at 1277 Orleans Drive, Sunnyvale, California 94089, on Thursday, April 23, 2015, at 10:00 a.m., local time, for the following purposes:

- 1 To elect three Class I directors to serve for a term of three years expiring on the date on which our Annual Meeting of Stockholders is held in 2018;
- 2 To approve an amendment to our 2009 Stock Plan to, among other things, reserve an additional 2,500,000 shares of common stock for issuance under the 2009 Stock Plan;
- 3 To approve an amendment to our 2009 Employee Stock Purchase Plan to reserve an additional 1,000,000 shares of common stock for issuance under the 2009 Employee Stock Purchase Plan;
- 4 To ratify the appointment of BDO USA, LLP as QuickLogic’s independent registered public accounting firm for the fiscal year ending January 3, 2016; and
- 5 To transact such other business as may properly come before the Annual Meeting or at any and all adjournments or postponements thereof.

The foregoing items of business are more fully described in the Proxy Statement accompanying this Notice. Only stockholders of record at the close of business on February 23, 2015 are entitled to notice of and to vote at the Annual Meeting and any adjournments or postponements thereof.

Again this year, we are using the U.S. Securities and Exchange Commission rule that allows companies to furnish their proxy materials over the Internet. This allows us to mail our stockholders a notice instead of a paper copy of the Proxy Statement and our 2014 Annual Report on Form 10-K. The notice contains instructions on how our stockholders may access our Proxy Statement and Annual Report over the Internet and how our stockholders can receive a paper copy of our proxy materials, including the Proxy Statement, our 2014 Annual Report and a form of proxy card. Stockholders who do not receive a notice, including stockholders who have previously requested to receive paper copies of proxy materials, will receive a paper copy of the proxy materials by mail unless they have previously requested delivery of proxy materials electronically. Employing this distribution process will help us to conserve natural resources and reduce the costs of printing and distributing our proxy materials. The Proxy Statement and form of proxy are being distributed and made available on or about March 11, 2015.

All stockholders are cordially invited to attend the Annual Meeting in person.

For the Board of Directors,

Andrew J. Pease
President and Chief Executive Officer
Sunnyvale, California
March 11, 2015

YOUR VOTE IS IMPORTANT

WHETHER OR NOT YOU PLAN TO ATTEND THE ANNUAL MEETING, WE HOPE YOU WILL VOTE AS SOON AS POSSIBLE. YOU MAY VOTE BY PROXY OVER THE INTERNET OR BY TELEPHONE, OR, IF YOU RECEIVED PAPER COPIES OF THE PROXY MATERIALS BY MAIL, BY FOLLOWING THE INSTRUCTIONS ON THE PROXY CARD OR VOTING INSTRUCTION CARD. VOTING OVER THE INTERNET, BY TELEPHONE OR BY WRITTEN PROXY OR VOTING INSTRUCTION CARD WILL ENSURE YOUR REPRESENTATION AT THE ANNUAL MEETING REGARDLESS OF WHETHER YOU ATTEND IN PERSON.

QUICKLOGIC CORPORATION
PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS

General

The accompanying proxy is solicited by the Board of Directors of QuickLogic Corporation, a Delaware corporation (“QuickLogic” or the “Company”), for use at the Annual Meeting of Stockholders to be held on Thursday, April 23, 2015, at 10:00 a.m., local time, or at any and all adjournments or postponements thereof, for the purposes set forth in this Proxy Statement and in the accompanying Notice of Annual Meeting of Stockholders. The meeting will be held at QuickLogic’s principal executive offices located at 1277 Orleans Drive, Sunnyvale, California 94089. QuickLogic’s telephone number at that address is (408) 990-4000. At the meeting, only stockholders of record at the close of business on February 23, 2015, the record date, will be entitled to vote. On February 23, 2015, QuickLogic’s outstanding capital stock consisted of 56,187,409 shares of common stock.

At the meeting, the stockholders will be asked:

- 1 To elect three Class I directors to serve for a term of three years expiring on the date on which our Annual Meeting of Stockholders is held in 2018;
- 2 To approve an amendment to our 2009 Stock Plan to, among other things, reserve an additional 2,500,000 shares of common stock for issuance under the 2009 Stock Plan;
- 3 To approve an amendment to our 2009 Employee Stock Purchase Plan to reserve an additional 1,000,000 shares of common stock for issuance under the 2009 Employee Stock Purchase Plan;
- 4 To ratify the appointment of BDO USA, LLP as QuickLogic’s independent registered public accounting firm for the fiscal year ending January 3, 2016; and
- 5 To transact such other business as may properly come before the Annual Meeting or at any and all adjournments or postponements thereof.

This Proxy Statement and form of proxy were first provided to stockholders entitled to vote at the Annual Meeting on or about March 11, 2015, together with our 2014 Annual Report to Stockholders.

Voting and Discretionary Voting

Each stockholder is entitled to one vote for each share of common stock held on all matters presented at the Annual Meeting. Stockholders do not have the right to cumulate votes in the election of directors. Voting instructions are included on the proxy or voting instruction card.

Properly executed proxies received prior to the meeting, and subsequently not revoked, will be voted in accordance with the instructions on the proxy. Where no instructions are given, proxies will be voted FOR the director nominees described herein, FOR the amendment to the 2009 Stock Plan, FOR the amendment to the 2009 Employee Stock Purchase Plan, and FOR the ratification of the independent registered public accounting firm and, with respect to any other matter that may properly be brought before the Annual Meeting, in accordance with the judgment of the proxy holders.

Election of Directors

Holders of all outstanding shares of QuickLogic’s common stock have the right to elect three Class I directors for a three-year term to the Board of Directors. The directors will be elected by a plurality of the votes of the shares of our common stock present in person or represented by proxy at the Annual Meeting. Votes withheld from any director are counted for purposes of determining the presence or absence of a quorum, but have no other legal effect under Delaware law.

Amendment to Increase the Number of Shares Reserved for Issuance Under the 2009 Stock Plan

The amendment of our 2009 Stock Plan to increase the number of shares reserved for issuance under the Plan by 2,500,000 shares will require the affirmative vote of a majority of the total voting power of the shares of our common stock represented in person or by proxy at the meeting and entitled to vote on the proposal.

Amendment to Increase the Number of Shares Reserved for Issuance Under the 2009 Employee Stock Purchase Plan

The amendment of our 2009 Employee Stock Purchase Plan to increase the number of shares reserved for issuance under the Plan by 1,000,000 shares will require the affirmative vote of a majority of the total voting power of the shares of our common stock represented in person or by proxy at the meeting and entitled to vote on the proposal.

Ratification of Appointment of Independent Registered Public Accounting Firm

Ratification of the appointment of BDO USA, LLP (“BDO”) as QuickLogic’s independent registered public accounting firm for the fiscal year ended January 3, 2016 will require the affirmative vote of a majority of the total voting power of the shares of our common stock represented in person or by proxy at the meeting and entitled to vote on the proposal.

Voting Electronically via the Internet, by Telephone or by Mail

Whether you hold shares directly as the stockholder of record or through a broker, trustee or other nominee as the beneficial owner, you may direct how your shares are voted without attending the Annual Meeting. If you hold your shares as a beneficial owner, it is critical that you cast your vote if you want it to count in the election of directors (Proposal No. 1), the amendment to increase the number of shares reserved for issuance under the 2009 Stock Plan (Proposal No. 2), and the amendment to increase the number of shares reserved for issuance under the 2009 Employee Stock Purchase Plan (Proposal No. 3). Your stockbroker, bank or other nominee will not be able to vote on these proposals unless they have your voting instructions so it is very important that you indicate your voting instructions to the institution holding your shares. If you hold your shares in street name and do not instruct your bank or broker how to vote in the election of directors (Proposal No. 1), the amendment to increase the number of shares reserved for issuance under the 2009 Stock Plan (Proposal No. 2), and the amendment to increase the number of shares reserved for issuance under the 2009 Employee Stock Purchase Plan (Proposal No. 3), no votes will be cast on your behalf. Your bank or broker has the discretion to vote any uninstructed shares on the ratification of the appointment of BDO as QuickLogic’s independent auditors (Proposal No. 4). Please ensure that you complete the voting instruction card sent by your bank or broker. There are three ways to vote by proxy:

By Internet—Stockholders who have received a notice of the availability of the proxy materials by mail may submit proxies over the Internet by following the instructions on the notice. Stockholders who have received notice of the availability of the proxy materials by e-mail may submit proxies over the Internet by following the instructions included in the e-mail. Stockholders who have received a paper copy of a proxy card or voting instruction card by mail may submit proxies over the Internet by following the instructions on the proxy card or voting instruction card.

By Telephone—Stockholders of record who live in the United States or Canada may submit proxies by telephone by calling 1-800-690-6903 and following the instructions. Stockholders of record who have received a notice of availability of the proxy materials by mail must have the control number that appears on their notice available when voting. Stockholders of record who received notice of the availability of the proxy materials by e-mail must have the control number included in the e-mail available when voting. Stockholders of record who have received a proxy card by mail must have the control number that appears on their proxy card available when voting. Most stockholders who are beneficial owners of their shares living in the United States or Canada and who have received a voting instruction card by mail may vote by phone by calling the number specified on the voting instruction card provided by their broker, trustee or nominee. Those stockholders should check the voting instruction card for telephone voting availability.

By Mail—Stockholders who have received a paper copy of a proxy card or voting instruction card by mail may submit proxies by completing, signing and dating their proxy card or voting instruction card and mailing it in the accompanying pre-addressed envelope.

Notice of Availability of Proxy Materials for the Annual Meeting of Stockholders to be Held on April 23, 2015

Our proxy materials including our Proxy Statement, Annual Report on Form 10-K and proxy card are available on the Internet and may be viewed free of charge and printed at <http://materials.proxyvote.com/74837P>.

Solicitation of Proxies

We have engaged The Proxy Advisory Group, LLC, to assist us with the solicitation of proxies and to provide related advice and informational support, for a services fee and the reimbursement of customary expenses that are not expected to exceed \$20,000 in the aggregate. We also will reimburse brokerage houses and other custodians, nominees and fiduciaries for forwarding proxy and solicitation materials to stockholders.

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by delivering to our Secretary a written notice of revocation or a duly executed proxy bearing a later date, or by attending the meeting and voting in person. Your presence at the Annual Meeting in and of itself is not sufficient to revoke your proxy. For shares you hold in street name, you may revoke your prior proxy by submitting new voting instructions to your broker or nominee.

Quorum; Abstentions; Broker Non-Votes

The presence at the Annual Meeting, in person or by proxy, of the holders of at least one-third of the voting power of our stock outstanding on the record date will constitute a quorum. As of the close of business on the record date, there were 56,187,409 shares of our common stock outstanding. Both abstentions and broker non-votes are counted for the purpose of determining the presence of a quorum. For the purpose of determining whether the stockholders have approved matters other than the election of directors, abstentions are treated as shares present or represented and voting, so abstaining has the same effect as a negative vote. Directors are elected based on a plurality of the votes cast. Shares held by brokers who do not have discretionary authority to vote on a particular matter and who have not received voting instructions from their customers are counted for determining the presence or absence of a quorum for conducting business but are not counted or deemed to be present or represented for the purpose of determining whether stockholders have approved that matter.

Stockholder Nominations and Proposals for Candidates to the Board of Directors

The Nominating and Corporate Governance Committee of our Board of Directors has established policies and procedures, available on our website at <http://www.quicklogic.com/corporate/about-us/management>, to consider recommendations for candidates to the Board of Directors from stockholders holding no less than 2,000 shares of the outstanding voting securities of the Company continuously for at least one-year prior to the date of the submission of the recommendation. Recommendations received after the date that is 120 days prior to the one year anniversary of the mailing of the previous year's proxy statement will likely not be considered timely for consideration at that year's annual meeting.

A stockholder that desires to recommend a candidate for election to the Board of Directors shall direct the recommendation in writing to the Nominating and Corporate Governance Committee, care of the Chief Financial Officer, 1277 Orleans Drive, Sunnyvale, California 94089, and must include the candidate's name, home and business contact information, detailed biographical data and qualifications and an explanation of the reasons why the stockholder believes this candidate is qualified for service on the Company's Board of Directors. The stockholder must also provide such other information about the candidate that would be required by the Securities and Exchange Commission ("SEC") rules to be included in a proxy statement. In addition, the stockholder must include the consent of the candidate and describe any arrangements or undertakings between the stockholder and the candidate regarding the nomination. The stockholder must submit proof of ownership of the requisite number of Company voting securities. A stockholder that instead desires to nominate a person directly for election to the Board of Directors must meet the deadlines and other requirements set forth in Section 2.4 of the Company's Bylaws and the rules and regulations of the SEC.

Deadlines for Submission of Other Stockholder Proposals

Stockholders are entitled to present proposals for consideration at the next annual meeting of stockholders provided that they comply with the proxy rules promulgated by the SEC and our Bylaws.

Stockholders wishing to present a proposal for inclusion in the proxy statement relating to our 2016 Annual Meeting of Stockholders must submit such proposal to us by the date that is 120 days prior to the one year anniversary of the date on which this proxy is first mailed, in order to be considered timely for stockholder proposals or nominations to be included in such proxy statement, which date is November 12, 2015. Proposals received after this date will likely not be considered timely for consideration at that year's annual meeting.

Householding

Householding is a cost-cutting procedure used by us and approved by the SEC. Under the householding procedure, we send only one Annual Report and Proxy Statement to stockholders of record who share the same address and last name, unless one of those stockholders notifies us that the stockholder would like a separate Annual Report and Proxy

Statement. A stockholder may notify us that the stockholder would like a separate Annual Report and Proxy Statement by telephone at (408) 990-4000 or at the following mailing address: 1277 Orleans Drive, Sunnyvale, California 94089, Attention: Investor Relations. If we receive such notification that the stockholder wishes to receive a separate Annual Report and Proxy Statement, we will promptly deliver such Annual Report and Proxy Statement. A separate proxy card is included in the materials for each

stockholder of record. If you wish to update your participation in householding, you may contact your broker or the mailing agent, Broadridge Financial Solutions, Inc., at (800) 542-1061.

6

PROPOSAL ONE**ELECTION OF DIRECTORS**

QuickLogic's Board of Directors (the "Board") is currently comprised of seven members, divided into three classes with overlapping three-year terms. As a result, a portion of our Board of Directors will be elected each year. Michael R. Farese, Andrew J. Pease and Daniel A. Rabinovitsj have been designated as Class I directors whose terms expire at the 2015 Annual Meeting of Stockholders. Arturo Krueger and Gary H. Tauss have been designated as Class II directors whose terms expire at the 2016 Annual Meeting of Stockholders and E. Thomas Hart and Christine Russell have been designated as Class III directors whose terms expire at the 2017 Annual Meeting of Stockholders. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of an equal number of directors. There are no family relationships between any of our directors or executive officers.

Nominees for Class I Directors

Three Class I directors are to be elected at the 2015 Annual Meeting of Stockholders for a three-year term ending in 2018. Pursuant to action by the Nominating and Corporate Governance Committee, the Board of Directors has nominated Michael R. Farese, Andrew J. Pease and Daniel A. Rabinovitsj as Class I directors. Unless otherwise instructed, the persons named in the enclosed proxy intend to vote proxies received by them for the election of Dr. Farese, Mr. Pease and Mr. Rabinovitsj. QuickLogic expects that Dr. Farese, Mr. Pease and Mr. Rabinovitsj will accept such nominations. In the event that any nominee is unable or declines to serve as a director at the time of the Annual Meeting, proxies will be voted for a substitute nominee or nominees designated by the Nominating and Corporate Governance Committee of the Board of Directors. The term of office of each person elected as director will continue until such director's term expires in 2018 or until such director's successor has been elected and qualified or until such director's earlier death, resignation or removal.

Required Vote

The nominees receiving a plurality, or the highest number of affirmative votes of the shares present or represented and entitled to be voted for them, shall be elected directors. Votes withheld from any director are counted for purposes of determining the presence or absence of a quorum for the transaction of business, but have no other legal effect in the election of directors under Delaware law.

Recommendation of the Board of Directors

QUICKLOGIC'S BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE CLASS I DIRECTOR NOMINEES LISTED ABOVE.

Directors and Nominees for Director

The following table sets forth information concerning the nominees for Class I director.

Nominees for Class I Director

Name	Age	Position
Michael R. Farese	68	Director
Andrew J. Pease	64	President and CEO; Director
Daniel A. Rabinovitsj	50	Director

Michael R. Farese (Ph.D) has served as a member of our Board of Directors since April 2008. Since January 2015, Dr. Farese has served as Chief Scientist at Antenna79, a consumer electronics company creating advanced antenna technology for wireless devices, and as a consultant at Entropic Communications Inc., a fabless semiconductor company that designs, develops and markets system solutions to enable connected home entertainment. Dr. Farese served as Chief Technology Officer and Senior Vice President of Global Engineering at Entropic from June 2010 to December 2014. Prior to joining Entropic Communications, he was President and Chief Executive Officer and member of the Board of Directors of BitWave Semiconductor, Inc., a fabless semiconductor company and innovator

of programmable radio frequency ICs, from September 2007 to May 2010. From September 2005 to September 2007, Dr. Farese was Senior Vice President, Engineering, of Palm, Inc., a leading mobile products company. He was President and Chief Executive Officer of WJ Communications, a radio frequency (RF) semiconductor company from March 2002 to July 2005 and President and CEO of Tropian Inc., a developer of high efficiency RF ASICs for 2.5 and 3G cellular phones, from October 1999 to March 2002. Prior to that time, Dr. Farese held

7

senior management positions at Motorola Corp., Ericsson Inc., Nokia Corp. and ITT Corp. Dr. Farese has held management positions at AT&T Corp. and Bell Laboratories, Inc. and has been in the telecommunications and semiconductor industry for more than 35 years. He has served on the board of PMC-Sierra, Inc., an Internet infrastructure semiconductor solution provider, since May 2006. Dr. Farese holds a B.S. degree and a Ph.D. in Electrical Engineering from Rensselaer Polytechnic Institute. He received his M.S. in Electrical Engineering from Princeton University.

Dr. Farese has extensive executive experience and knowledge of the wireless industry, cellular handsets and wireless devices, and the use of semiconductors for the wireless industry. His business acumen and strong technical and strategic planning skills bring an invaluable perspective to the Board.

Andrew J. Pease has served as a member of our Board of Directors since April 2011. He joined QuickLogic in November 2006 and has served as our President and Chief Executive Officer since January 2011 and as our President since March 2009. Prior to March 2009, Mr. Pease served as our Vice President of Worldwide Sales from November 2006. From July 2003 to June 2006, Mr. Pease was Senior Vice President of Worldwide Sales at Broadcom Corporation, a global leader in semiconductors for wired and wireless communications. From March 2000 to July 2003, Mr. Pease was Vice President of Sales at Synticity, Inc., a company providing software and services to better manage semiconductor production yields and improve design-to-production processes. From 1984 to 1996, Mr. Pease served in a number of sales positions at Advanced Micro Devices, or AMD, a global semiconductor manufacturer, where his last assignment was Group Director, Worldwide Headquarters Sales and Operations. Mr. Pease previously held Vice President of Sales positions at Integrated Systems Inc., an embedded software manufacturer (1996-1997), and Vantis Corporation, a programmable logic subsidiary of AMD (1997-1999). Mr. Pease holds a B.S. degree from the United States Naval Academy and an M.S. in computer science from the Naval Postgraduate School in Monterey, California.

Mr. Pease has many years of executive experience in the semiconductor industry, primarily in sales and operations. His vast understanding of the semiconductor industry coupled with his in-depth knowledge of the day-to-day operation and strategic direction of the Company makes him an invaluable resource and contributor to the Board.

Daniel A. Rabinovitsj was appointed to our Board of Directors on October 22, 2014. Mr. Rabinovitsj has served as Chief Operating Officer of Ruckus Wireless, Inc., a global supplier of advanced wireless systems for the mobile Internet infrastructure market, since October 2014. Prior to joining Ruckus, Mr. Rabinovitsj served as senior vice president of Qualcomm Atheros, Inc.'s wired and wireless networking and small cell infrastructure business from 2011 to September 2014. Prior to Qualcomm Atheros, Mr. Rabinovitsj served in a number of executive management positions at companies including Atheros Communications, NXP Semiconductors, ST Ericsson and Silicon Labs. Mr. Rabinovitsj received an M.A. in Asian Studies and a B.A. in Philosophy from the University of Texas at Austin.

Mr. Rabinovitsj has over twenty-five years of experience in the semiconductor industry where he has spent considerable time focusing on communications and networking. Drawing from his extensive background, he is able to provide invaluable insights into the mobile market, the Company's focused market. These insights coupled with his international business experience, make Mr. Rabinovitsj a significant and respected contributor to the Board.

Incumbent Class II Directors Whose Terms Expire in 2016

Name	Age	Position
Arturo Krueger	75	Director
Gary H. Tauss	60	Director

Arturo Krueger has served as a member of our Board of Directors since September 2004. Mr. Krueger has more than 40 years of experience in systems architecture, semiconductor design and development, operations and marketing, as well as general management. Since February 2001, Mr. Krueger has been a consultant to automobile manufacturers

and to semiconductor companies serving the automotive and telecommunication markets. Mr. Krueger was Corporate Vice President and General Manager of Motorola's Semiconductor Products Sector for Europe, the Middle East and Africa from January 1998 until February 2001. Mr. Krueger was the Strategic and Technology/Systems advisor to the President of Motorola's Semiconductor Products Sector from 1996 until January 1998. In addition, Mr. Krueger was the Director of the Advanced Architectural and Design Automation Lab at Motorola. Mr. Krueger has served as a director of Marvell Technology Group Ltd., a semiconductor provider of high-performance analog, mixed-signal, digital signal processing and embedded microprocessor integrated circuits, since August 2005. He holds an M.S. degree in Electrical Engineering from the Institute of Technology in Switzerland, and has studied Advanced Computer Science at the University of Minnesota.

Mr. Krueger's extensive executive experience in and knowledge of multiple facets of the semiconductor industry give him insights into the challenges facing the Company and his knowledge of the European market provides the Board with a global perspective.

Gary H. Tauss has served as a member of our Board of Directors since June 2002. Since January 2010, Mr. Tauss has served as the Executive Director and Chief Executive Officer of BizTech, a not-for-profit technology-focused business incubator. From October 2006 until February 2008, Mr. Tauss served as President and Chief Executive Officer of Mobidia Technology, Inc., a provider of performance management software that enables wireless operators to provide users with high-quality mobile content. From May 2005 until the sale of its assets to Transaction Network Services, Inc. in March 2006, Mr. Tauss served as President, Chief Executive Officer and director of InfiniRoute Networks Inc., a provider of software peering services for wireline and wireless carriers. From October 2002 until April 2005, Mr. Tauss served as President and Chief Executive Officer of LongBoard, Inc., a company specializing in fixed-to-mobile convergence application software for leading carriers and service providers. From August 1998 until June 2002, Mr. Tauss was President, Chief Executive Officer and a director of TollBridge Technologies, Inc., a developer of voice-over-broadband products. Prior to co-founding TollBridge, Mr. Tauss was Vice President and General Manager of Ramp Networks, Inc., a provider of Internet security and broadband access products, with responsibility for engineering, customer support and marketing. Mr. Tauss earned both a B.S. and an M.B.A. degree from the University of Illinois.

Mr. Tauss has a strong executive background with technology companies providing products for the mobile market. His in-depth understanding of the important attributes of products for the mobile market make him an invaluable resource as QuickLogic develops and markets devices for the mobile market.

Incumbent Class III Directors Whose Terms Expire in 2017

Name	Age	Position
E. Thomas Hart	73	Chairman of the Board
Christine Russell	65	Director

E. Thomas Hart has served as a member of our Board of Directors since June 1994, and as our Chairman since April 2001. On January 2, 2014, Mr. Hart became the non-employee Chairman of our Board. Prior to that time, Mr. Hart served as QuickLogic's Executive Chairman of the Board from January 2011 to January 2014, as our Chairman of the Board and Chief Executive Officer from March 2009 to January 2011, and as our President and Chief Executive Officer from June 1994 to March 2009. Prior to joining QuickLogic, Mr. Hart was Vice President and General Manager of the Advanced Networks Division at National Semiconductor Corporation, a semiconductor manufacturing company, where he worked from September 1992 to June 1994. Prior to joining National Semiconductor, Mr. Hart was a private consultant from February 1986 to September 1992 with Hart Weston International, a technology-based management consulting firm. Mr. Hart's prior experience includes senior level management responsibilities in semiconductor operations, engineering, sales and marketing with several companies including Motorola, Inc., an electronics provider. Mr. Hart holds a B.S.E.E. degree from the University of Washington.

Mr. Hart's extensive knowledge of the semiconductor industry and familiarity with the day-to-day operation of the Company bring important insights to the Board and invaluable experience with strategic planning and direction. In addition, Mr. Hart is a National Association of Corporate Directors (NACD) Board Leadership Fellow. He has demonstrated his commitment to boardroom excellence by completing NACD's comprehensive program of study for corporate directors. He supplements his skill sets through ongoing engagement with the director community and access to leading practices.

Christine Russell has served as a member of our Board of Directors since June 2005. From May 2014 to March 2015, Ms. Russell served as CFO of Vendavo, Inc., a pricing optimization enterprise software company, which was sold in late 2014 to a private equity firm. From May 2009 to October 2013, Ms. Russell was Chief Financial Officer of Evans Analytical Group (EAG), a leading international provider of materials characterization and microelectronic failure analysis and “release to production” services. From June 2006 to April 2009, Ms. Russell was at Virage Logic Corporation, a provider of advanced intellectual property for the design of integrated circuits, where she served as Executive Vice President of Business Development from September 2008 and as Vice President and Chief Financial Officer from June 2006 to September 2008. Ms. Russell served as Senior Vice President and Chief Financial Officer of OuterBay Technologies, Inc., a privately held software company enabling information lifecycle management for enterprise applications, from May 2005 until February 2006, when OuterBay was acquired by Hewlett-Packard Company. From October 2003 to May 2005, Ms. Russell served as the Chief

Financial Officer of Ceva, Inc., a company specializing in semiconductor intellectual property offering digital signal processing cores and application software. From October 1997 to October 2003, Ms. Russell served as the Chief Financial Officer of Persistence Software, Inc., a company specializing in enterprise software providing infrastructure for distributed computing. Prior to 1997, Ms. Russell served in various senior financial management positions with a variety of technology companies for a period of more than twenty years. Ms. Russell holds a B.A. degree and an M.B.A. degree from the University of Santa Clara.

Ms. Russell's extensive executive experience in corporate finance, accounting and operations, and her involvement in governance issues for boards of directors in her role as Chairman of the SVDX (Silicon Valley Directors Exchange) an organization that fosters excellence in corporate governance for Directors in affiliation with Stanford University and past service as President of the National Association of Corporate Directors, Silicon Valley Chapter, make her an important asset to the Company. In addition, her career background in semiconductor intellectual property companies provides her with specific industry knowledge.

Board Leadership Structure; Lead Independent Director

The Board of Directors does not currently have a policy on whether the roles of Chief Executive Officer and Chairman may be filled by one individual. This allows the Board flexibility to better address the leadership needs of the Company from time to time as it deems appropriate. We currently separate the positions of Chief Executive Officer and Chairman of the Board. Mr. Pease is our President and Chief Executive Officer and Mr. Hart has served as the non-employee Chairman of the Board since January 2014.

Michael J. Callahan, served as the Chairman of the Nominating and Corporate Governance Committee of our Board and as our Lead Independent Director from April 26, 2005 until his death on August 5, 2014. Mr. Farese replaced Mr. Callahan as the Chairman of the Nominating and Corporate Governance Committee in August 2014 and as the Lead Independent Director in January 2015. The Chairman of the Nominating and Corporate governance Committee has traditionally served as the Lead Independent Director. The responsibilities of the Lead Independent Director include presiding at all meetings of the Board at which the Chairman is not present; calling and presiding at all executive sessions of the independent directors; approving the agenda and materials for meetings of the independent directors; consulting with the Chairman regarding Board meeting agendas, materials and proposed meeting calendars and schedules; collaborating with the Chairman and acting as liaison between the Chairman and the independent directors; and serving as the Board's liaison for consultation and communication with stockholders as appropriate, including at the request of major stockholders.

Board's Oversight of Risk Management

The Board has an active role, as a whole and also at the committee level, in overseeing management of the Company's risks. The Board regularly reviews information regarding the Company's credit, liquidity, operations, and enterprise risks as well as the risks associated with each. The Company's Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The Audit Committee oversees management of financial, accounting and internal control risks. The Nominating and Corporate Governance Committee manages risks associated with the independence of the Board of Directors and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board of Directors is regularly informed through committee reports about such risks. The Board and its committees are committed to ensuring effective risk management oversight and work with management to ensure that effective risk management strategies are incorporated into the Company's culture and day-to-day business operations.

Board Meetings, Committees and Corporate Governance

The Board of Directors has determined that the Company's current directors, with the exception of Messrs. Hart and Pease, meet the independence requirements of the Nasdaq Global Market. No director qualifies as independent unless the Board of Directors determines that the director has no direct or indirect material relationship with the Company. In

making the determination that a particular director is independent, the Board considers the relationships that such director has with the Company and all other facts and circumstances deemed relevant in determining their independence, including information requested from and provided by each director concerning his or her background, employment and affiliations, including family relationships and other information received through annual directors' questionnaires.

It is the policy of the Board of Directors to have a separate meeting time for independent directors. During the last fiscal year, five sessions of the independent directors were held.

The standing committees of the Board of Directors include an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee.

We have written charters for the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee, copies of which are available on our website, free of charge, at

<http://www.quicklogic.com/corporate/about-us/management>. You can also obtain copies of the charters, free of charge, by writing to us at 1277 Orleans Drive, Sunnyvale, California 94089, Attention: Legal Department.

In accordance with applicable SEC requirements and Nasdaq Global Market listing standards, all the standing committees are comprised solely of non-employee, independent directors. The table below shows current membership for each of the standing committees.

Audit Committee	Nominating and Corporate Governance Committee	Compensation Committee
Christine Russell ⁽¹⁾⁽²⁾	Michael R. Farese ⁽¹⁾⁽³⁾	Gary H. Tauss ⁽¹⁾
Michael R. Farese	Arturo Krueger	Michael R. Farese
Arturo Krueger	Daniel A. Rabinovitsj Christine Russell	Daniel A. Rabinovitsj Christine Russell
	Gary H. Tauss	

(1)Committee Chairman

(2)Audit Committee Financial Expert

(3)Lead Independent Director

Audit Committee

The Audit Committee held five meetings in 2014. Ms. Russell has served as Chairman of the Audit Committee since April 2006. Dr. Farese and Mr. Krueger have served as members of the Audit Committee since February 2010. Each member meets the independence requirements of the SEC and Nasdaq Global Market. The Board of Directors has determined that Ms. Russell is an Audit Committee Financial Expert as defined by Item 407(d)(5) of Regulation S-K. The Audit Committee has sole and direct authority to select, evaluate and compensate our independent registered public accounting firm, and it reviews and approves in advance all audit, audit related and non-audit services, and the related fees, provided by the independent registered public accounting firm (to the extent those services are permitted by the Securities Exchange Act of 1934, as amended). The Audit Committee meets with our management and appropriate financial personnel regularly to consider the adequacy of our internal controls and financial reporting process and the reliability of our financial reports to the public. The Audit Committee also meets with the independent registered public accounting firm regarding these matters. The Audit Committee has established a Financial Information Integrity Policy, pursuant to which QuickLogic can receive, retain and treat employee complaints concerning questionable accounting, internal control or auditing matters, or the reporting of fraudulent financial information. The Audit Committee examines the independence and performance of our independent registered public accounting firm. In addition, among its other responsibilities, the Audit Committee reviews our critical accounting policies, our annual and quarterly reports on Forms 10-K and 10-Q, and our earnings releases before they are published. The Audit Committee has a written charter, a copy of which is available on our website, free of charge, at <http://www.quicklogic.com/corporate/about-us/management>.

Compensation Committee

The Compensation Committee held five meetings in 2014 and acted by unanimous written consent four times during the year. Mr. Tauss has served as Chairman of the Compensation Committee since September 2004. Mr. Callahan served as a member of the Compensation Committee from February 2010 until his death in early August 2014. Ms. Russell, Dr. Farese and Mr. Rabinovitsj have served as members of the Compensation Committee since February 2010, August 2014, and January 2015 respectively. Each member of the Compensation Committee meets the

independence requirements of the SEC and the Nasdaq Global Market and is an outside director in accordance with Section 162(m) of the Internal Revenue Code. The purpose of the Compensation Committee is to: (i) discharge the responsibilities of the Board of Directors relating to compensation of the Company's directors, Chief Executive Officer, and executive officers; (ii) review and recommend to the Board of Directors compensation plans, policies and benefit programs, as well as approve individual executive officer compensation packages; and (iii) review and discuss the Compensation Discussion and Analysis with management and prepare the Compensation Committee Report to be included in the Company's Proxy Statement and Annual Report on Form 10-K. The Compensation Committee's duties also include administering QuickLogic's stock option plans and employee stock purchase plans.

The Compensation Committee has the authority to retain and meet privately with independent advisors and compensation and benefits specialists as needed, and may request the assistance of any director, officer or employee of the Company whose advice and counsel are sought by the Compensation Committee. The Compensation Committee, after reviewing management's recommendations, determines the equity and non-equity compensation of the Company's executive officers and directors. Management generally provides internal compensation information, compensation survey information for similarly sized technology companies, and other information to the Compensation Committee, and the Chief Executive Officer recommends compensation amounts for the executive officers other than the Chief Executive Officer. Under the guidance of the Compensation Committee, the Chief Executive Officer or an executive officer of the Company makes recommendations to the Compensation Committee regarding the executive incentive compensation plan, including plan objectives and payments earned based on performance to those objectives. The Compensation Committee may delegate its responsibilities to subcommittees when appropriate. The Compensation Committee has a written charter, which is available on our website, free of charge, at <http://www.quicklogic.com/corporate/about-us/management>.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee held four meetings in 2014. Mr. Callahan served as Chairman of the Nominating and Corporate Governance Committee from January 2004 until his death in early August 2014. Dr. Farese has served as Chairman of the Nominating and Corporate Governance Committee since August 2014. Each of the directors on the Nominating and Corporate Governance Committee meets the independence requirements of the SEC and the Nasdaq Global Market. The purpose of the Nominating and Corporate Governance Committee is to: (i) assist the Board of Directors by identifying, evaluating and recommending to the Board of Directors, or approving as appropriate, individuals qualified to be directors of QuickLogic for either appointment to the Board of Directors or to stand for election at a meeting of the stockholders; (ii) review the composition and evaluate the performance of the Board of Directors; (iii) review the composition and evaluate the performance of the committees of the Board of Directors; (iv) recommend persons to be members of the committees of the Board of Directors; (v) review conflicts of interest of members of the Board of Directors and executive officers; and (vi) review and recommend corporate governance principles to the Board of Directors. Other duties of the Nominating and Corporate Governance Committee include overseeing the evaluation of management, succession planning and reviewing and monitoring the Company's Code of Conduct and Ethics. The Nominating and Corporate Governance Committee adopted our Corporate Governance Guidelines in December 2004. A copy of the Guidelines and a copy of the written charter of the Nominating and Corporate Governance Committee are available on our website, free of charge, at <http://www.quicklogic.com/corporate/about-us/management>.

The Nominating and Corporate Governance Committee regularly reviews the size and composition of the full Board of Directors and considers the recommendations properly presented by qualified stockholders as well as recommendations from management, other directors and search firms to attract top candidates to serve on the Board of Directors. Except as may be required by rules promulgated by the SEC and the Nasdaq Global Market, there are no specific, minimum qualifications that must be met by each candidate for the Board of Directors, nor are there specific qualities or skills that are necessary for one or more of the members of the Board of Directors to possess. In evaluating the qualifications of the candidates, the Nominating and Corporate Governance Committee considers many factors, including character, judgment, independence, expertise, length of service and other commitments, among others. Although the Nominating and Corporate Governance Committee does not have a formal policy with respect to diversity, the Nominating and Corporate Governance Committee does consider diversity when identifying director candidates and nominees with respect to differences of viewpoints, professional experiences, race, gender and other individual qualities and attributes that contribute to heterogeneity on the Board. The Committee evaluates such factors and does not assign any particular weight or priority to any of these factors. While the Nominating and Corporate Governance Committee has not established specific minimum qualifications for director candidates, the Nominating and Corporate Governance Committee believes that candidates and nominees must reflect a Board of Directors that is predominantly independent and is comprised of directors who (i) are of high integrity, (ii) have qualifications that will increase the overall effectiveness of the Board of Directors and (iii) meet other requirements as may be required by applicable rules, such as financial literacy or financial expertise with respect to Audit Committee members.

It is the policy of the Nominating and Corporate Governance Committee to consider recommendations for candidates to the Board of Directors from stockholders holding, continuously for at least one year prior to the date of the submission of the recommendation, either (i) shares of the outstanding voting securities of the Company in an amount equal to at least \$2,000 in market value or (ii) 1% of the Company's outstanding voting securities. Recommendations received after the date that is 120 days prior to the one year anniversary of the mailing of the previous year's proxy statement, will likely not be considered timely for consideration at that year's annual meeting. Stockholders may suggest qualified candidates for director by writing to the Nominating and Corporate Governance Committee, care of the Chief Financial Officer, 1277 Orleans Drive, Sunnyvale, California 94089 and must include the candidate's name, home and business contact information, detailed biographical data and qualifications and an explanation of the reasons why the stockholder believes this candidate is qualified for service on

QuickLogic's Board of Directors. The stockholder must also provide such other information about the candidate that would be required by the SEC rules to be included in a proxy statement. In addition, the stockholder must include the consent of the candidate and describe any arrangements or undertakings between the stockholder and the candidate regarding the nomination. The Nominating and Corporate Governance Committee will evaluate all director nominations that are timely and properly submitted by stockholders on the same basis as any other candidate. Our Nominating and Corporate Governance Committee's Policies and Procedures for Director Candidates is posted on our website at <http://www.quicklogic.com/corporate/about-us/management>.

During 2014, activities of the Nominating and Corporate Governance Committee included reviewing and approving any actual or potential conflicts of interest, assessing the structure and performance of the Board and the committees of the Board, and reviewing our Code of Conduct and Ethics and our Policy for Stockholder Communications with Directors. The Nominating and Corporate Governance Committee also assessed the independence and qualifications of our directors, reviewed the performance of the CEO and his assessment of our executive officers, and ensured our directors adhered to our Corporate Governance Guidelines, including reviewing, monitoring and, where appropriate, approving fundamental financial and business strategies and major corporate actions. A copy of the Code of Conduct and Ethics and a copy of the Policy for Stockholder Communications with Directors are posted on our website at <http://www.quicklogic.com/corporate/about-us/management>.

Non-Standing Committees and Participation

The Board of Directors has delegated to the Equity Incentive Committee, which currently consists of Andrew J. Pease, our President and Chief Executive Officer, Ralph S. Marimon, our Vice President of Finance and Chief Financial Officer, and Sue Cheung, our Corporate Controller, the authority to: (i) approve the grant of restricted stock units (RSUs) and options to purchase Company stock to employees other than executive officers and certain other individuals, up to a limit of 26,000 RSUs per award and 40,000 shares per option grant; (ii) grant refresh options to employees other than executive officers and certain other individuals, subject to the approval of the total number of such refresh options by the Board of Directors or the Compensation Committee; and (iii) amend options as authorized by the Board of Directors.

The Board of Directors held a total of six meetings during 2014 and acted by unanimous written consent five times during the year. During 2014, no incumbent director attended fewer than 75% of the aggregate of (i) the total number of meetings of the Board of Directors held during his or her term as a director and (ii) the total number of meetings held by all committees of the Board of Directors on which such director served during his or her term on such committee.

QuickLogic expects its directors to attend its annual meetings absent a valid reason. The April 24, 2014 Annual Meeting of Stockholders was attended by all then-current directors.

Stockholder Communications with the Board of Directors

The Nominating and Corporate Governance Committee has established a policy for stockholder communication with our Board of Directors. This policy, which is available on the investor relations portion of our website, provides a process for stockholders to send communications to the Board of Directors. Stockholders may contact QuickLogic's Board of Directors or any individual thereof, by writing, whether by mail or express mail, to: QuickLogic Corporation Board of Directors, 1277 Orleans Drive, Sunnyvale, California 94089. Communications received in writing are reviewed internally by management and then distributed to the Chairman, Lead Independent Director or other members of the Board, as appropriate. Stockholders who wish to contact the Board of Directors or any member of the Audit Committee to report questionable accounting or auditing matters may do so by using this address and designating the communication as "Compliance Confidential."

Code of Conduct and Ethics

QuickLogic adopted a Code of Conduct and Ethics applicable to all directors, officers and employees on February 12, 2004. The Code of Conduct and Ethics covers topics including, but not limited to, financial reporting, conflicts of interest, confidentiality of information, compliance with laws and regulations and the code of ethics for our Chief Executive Officer, Chief Financial Officer and controllers. A copy of the Code of Conduct and Ethics, as amended, is posted on our website at <http://www.quicklogic.com/corporate/about-us/management>. To date, there have been no waivers under our Code of Conduct and Ethics. We will post any waivers, if and when granted, on our website at

<http://www.quicklogic.com/corporate/about-us/management>.

13

Compensation Committee Interlocks and Insider Participation

During fiscal year 2014, the following directors were members of QuickLogic's Compensation Committee: Gary H. Tauss (Chairman), Michael J. Callahan (until his death in August 2014), Michael R. Farese (since August 2014) and Christine Russell. Daniel A. Rabinovitsj became a member of the Compensation Committee in January 2015. None of the Compensation Committee's members has at any time been an officer or employee of QuickLogic.

None of QuickLogic's Named Executive Officers serve, or in the past fiscal year have served, as a member of the board of directors or compensation committee of any entity that has one or more of its executive officers serving on QuickLogic's Board or Compensation Committee and none have engaged in any transaction with related persons, promoters or certain control persons requiring disclosure under Item 404 of Regulation S-K.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors, executive officers and beneficial owners of more than 10% of our common stock to file with the SEC initial reports of ownership on Form 3 and reports of changes in ownership of our common stock and other equity securities on Form 4 or 5. Based solely on our review of the copies of such reports received by us or written representations from reporting persons, we believe that during the fiscal year ended December 28, 2014, all of our directors and holders of more than 10% of our common stock complied with all Section 16(a) filing requirements.

PROPOSAL TWO
AMENDMENT TO THE COMPANY'S 2009 STOCK PLAN

Summary

Our Board is requesting that our stockholders approve an amendment (the "Amendment") to our 2009 Stock Plan (the "2009 Plan") to increase the number of shares reserved for issuance under the 2009 Plan by 2,500,000. On January 29, 2015, the Board adopted the Amendment, subject to approval from our stockholders at the Annual Meeting. As of December 28, 2014, there were 1,139,264 shares available for issuance under our 2009 Plan. If the stockholders approve the Amendment, it will be effective as of the date of the Annual Meeting. In the event stockholders do not approve the proposed Amendment, the Amendment will not take effect and our 2009 Plan will continue to be administered in its current form until the share reserve expires and all outstanding awards have been exercised, vested or terminated. However, this could limit our ability to successfully attract and retain highly skilled personnel. The Board has determined that it is in the best interests of the Company and its stockholders to have our 2009 Plan as amended by the Amendment and is asking our stockholders to approve the Amendment.

The Company's named executive officers and directors have an interest in this proposal.

Reasons for Voting for Amendment to 2009 Stock Plan

Long-Term Incentive Compensation is Critical to our Success. The 2009 Plan allows us to grant long-term incentives in the form of equity awards for purposes of attracting, retaining and motivating the best available personnel for the successful conduct of our business. Long-term incentive compensation is a key component of our compensation program because it enhances the link between employee and stockholder interests. We have, therefore, consistently included equity incentives as a significant component of employee compensation. With the high demand for highly skilled employees, especially in the technology industry, we believe it is critical to our success to maintain competitive compensation programs. If the proposed Amendment is not approved by the Company's stockholders, we may be restricted in our ability to offer competitive compensation to existing employees and qualified candidates, and our business could be adversely affected.

Key Considerations for Requesting Additional Shares

In determining the number of shares to be added to the 2009 Plan, the Board considered the following principal factors:

• Number of Shares Available for Grant under the 2009 Plan. As of December 28, 2014, 1,139,264 shares remained reserved and available for issuance under the 2009 Plan.

• Burn Rate. Burn rate measures our usage of shares for our stock plans as a percentage of our outstanding stock. For 2014, 2013, and 2012, our burn rate was 2.01%, 1.46%, and 0.12%, respectively. The rates were calculated by dividing the number of shares subject to awards granted during the fiscal year net of forfeitures and cancellations by the weighted average number of shares outstanding during the fiscal year. We have been advised by independent consultants that our average annual burn rate of 1.19% over this three-year period is considered reasonable by most institutional stockholders.

• Overhang. As of December 28, 2014, (i) 5,681,447 shares are subject to outstanding options and (ii) 650,067 shares are subject to outstanding restricted stock units resulting in an overhang of 11.01%. This is in line with the overhang of our peer groups and therefore the Board believes that the increase of 2,500,000 shares to the 2009 Plan share reserve is appropriate at this time to allow us to grant awards with the intent of maintaining a similar overhang for the next several years.

Key Features of the 2009 Stock Plan

We designed the 2009 Plan to conform to best practices in equity incentive plans, including:

- No repricing of equity awards without stockholder approval.
- An independent committee of the Board of Directors administers the 2009 Plan.
- A fungible share design is used whereby each award issued at a per share purchase price lower than the fair market value of the share on the date of grant results in a debit to the 2009 Plan share pool of 1.5 shares.
- Shares used to pay the exercise price or satisfy tax withholdings of an award will not be available for grant.

✦No automatic single trigger change of control vesting acceleration.

Tax Aspects. We are also seeking to re-approve the material terms of the 2009 Plan to allow us to the ability to grant awards that qualify as “performance-based compensation” under Section 162(m) of the Code (“Section 162(m)”). Section 162(m) generally denies a corporate tax deduction for annual compensation exceeding \$1 million paid to the Chief Executive Officer and other “covered employees” as determined under Section 162(m) of the Code and applicable guidance. However, certain types of compensation, including performance-based compensation, are generally excluded from this deductibility limit. To enable compensation to grant awards under the 2009 Plan to qualify as “performance-based” within the meaning of Section 162(m), the 2009 Plan limits the sizes of such awards as further described below. At our 2009 Annual Meeting, our stockholders approved a similar menu of performance-based compensation measures. By approving the Amendment, the stockholders will be re-approving, among other things, eligibility requirements for participation in the 2009 Plan, performance measures upon which specific performance goals applicable to certain awards would be based, limits on the numbers of shares or compensation that could be made to participants, and the other material terms of the 2009 Plan and awards to be granted under the 2009 Plan.

Required Vote

The approval of the amendment to the 2009 Plan requires the affirmative vote of a majority of the votes cast on the proposal at the Annual Meeting.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE “FOR” THE AMENDMENT OF THE QUICKLOGIC CORPORATION 2009 STOCK PLAN TO INCREASE THE NUMBER OF SHARES RESERVED FOR ISSUANCE UNDER THE 2009 PLAN BY 2,500,00 SHARES.

Summary of the 2009 Stock Plan

The following is a summary of the principal features of the 2009 Plan and its operation, assuming stockholder approval of this proposal. This summary is qualified in its entirety by reference to the 2009 Plan itself set forth in Appendix A.

General. The 2009 Plan provides for the grant of equity awards to employees, directors and consultants. Options granted under the 2009 Plan may either be “incentive stock options” as defined in Code Section 422 or nonstatutory stock options, as determined by the Administrator (as defined below).

Purpose. The general purposes of the 2009 Plan are to attract and retain the best available personnel for positions of substantial responsibility, to provide additional incentive to the employees, directors and consultants of the Company and to promote the success of the Company’s business.

Administration. The 2009 Plan is administered by the Board or a committee (“Committee”) designated by the Board (in either case, the “Administrator”).

Eligibility. The 2009 Plan provides that nonstatutory stock options, stock appreciation rights (“SARs”), restricted stock and restricted stock units may be granted to employees, directors and consultants of the Company and any parent or subsidiary. Incentive stock options may be granted only to employees. The Administrator determines which eligible persons will be granted awards. As of February 23, 2015, there are 97 employees, 6 directors, and 2 advisory board members of the Company and any parent or subsidiary of the Company participating in the 2009 Plan.

Shares Available under the 2009 Plan. The maximum aggregate number of shares that currently may be awarded under the 2009 Plan currently is 4,000,000 shares plus any shares subject to any outstanding options or similar awards granted under the 1999 Plan that subsequently expire or otherwise terminate without having been exercised in full and shares issued pursuant to awards granted under the 1999 Plan that are forfeited to or repurchased by the Company, up to a maximum of an additional 7,500,000 shares. The shares may be authorized, but unissued, or reacquired common stock. We are requesting that our stockholders approve this Amendment to increase the maximum number of shares that may be awarded or sold under the 2009 Plan by an additional 2,500,000 shares.

Any shares subject to options or SARs shall be counted against the 2009 Plan share pool as one share for every share subject thereto. Any awards granted on or after April 28, 2011 covering shares with a per share or per unit purchase price lower than 100% of fair market value of a share of our common stock on the date of grant shall be counted

against the 2009 Plan share pool as 1.5 shares for every one share subject thereto. To the extent that a share that was subject to an award that counted as 1.5 shares against the 2009 Plan share pool is recycled back into the 2009 Plan, the 2009 Plan share pool shall be credited with 1.5 shares.

If an award expires without being exercised in full or becomes unexercisable without having been exercised in full, or, with respect to restricted stock or restricted stock units, is forfeited to or repurchased by the Company due to its failure to vest, the unpurchased or unissued shares (or forfeited or repurchased shares) which were subject to such awards will become available for future grant under the 2009 Plan (unless the 2009 Plan has terminated).

Upon exercise of a SAR settled in shares, the gross number of shares covered by the portion of the award so exercised will cease to be available under the 2009 Plan. Shares actually issued under the 2009 Plan will not be returned to the 2009 Plan, except that if unvested shares subject to restricted stock or restricted stock units are repurchased by the Company at their original price or forfeited to the Company due to their failure to vest, such shares will become available for future grant under the 2009 Plan. Shares used to pay the exercise price of an award or to satisfy the tax withholding obligations related to an award will not become available for future grant or sale under the 2009 Plan. To the extent that an award under the 2009 Plan is paid out in cash, rather than shares, such cash payment will not result in reduction of the shares available for issuance under the 2009 Plan.

Prohibition on Repricings and Option or SAR Exchanges. The exercise price for an option or SAR granted under the 2009 Plan may not be reduced without the prior consent of the Company's stockholders. This includes, without limitation, a repricing of the option or SAR as well as an option or SAR exchange program whereby the participant agrees to cancel an existing option in exchange for an option, SAR or other award.

Option and SAR Grant Limitation. The 2009 Plan provides that no participant shall be granted options and SARs to purchase more than 1,000,000 shares in any fiscal year of the Company, except that a participant may be granted options and SARs covering up to 2,000,000 shares in connection with his or her initial service with the Company.

Option Exercise Price. The exercise price of options granted under the 2009 Plan is determined by the Administrator and must not be less than 100% of the fair market value of the Company's common stock on the date of grant. Options granted under the 2009 Plan expire as determined by the Administrator, but in no event later than 10 years from date of grant. No option may be exercised by any person after its expiration. Incentive stock options granted to stockholders owning more than 10% of the voting stock of the Company must have an exercise price per share no less than 110% of the fair market value at the time of grant and the term of such option may be no more than 5 years from the date of grant. The fair market value of the common stock is generally determined with reference to the closing sale price for the common stock (or the mean between the high bid and the low asked prices if no sales were reported) on the last market trading day on or before the date the option is granted.

Exercise of Options. Options become exercisable at such times as are determined by the Administrator and are set forth in the individual option agreements. An option is exercised by giving written notice to the Company specifying the number of full shares of common stock to be purchased and tendering payment of the purchase price. The method of payment of the exercise price for the shares purchased upon exercise of an option will be determined by the Administrator. The 2009 Plan permits payment to be made by cash, check, other shares of common stock, cashless exercise, any other form of consideration permitted by applicable law, or any combination thereof.

Exercise Price and Other Terms of Stock Appreciation Rights. The Administrator, subject to the provisions of the 2009 Plan, will have complete discretion to determine the terms and conditions of SARs granted under the 2009 Plan; provided that no SAR may have a term of more than 10 years from the date of grant and that the exercise price of a SAR may not have an exercise price below 100% of the fair market value of the common stock on the grant date. No SAR can be exercised by any person after its expiration.

Payment of Stock Appreciation Right Amount. Upon exercise of a SAR, the holder of the SAR will be entitled to receive payment from us in an amount determined by multiplying (i) the difference between the fair market value of a share on the date of exercise over the exercise price; times (ii) the number of shares with respect to which the SAR is exercised.

Payment upon Exercise of Stock Appreciation Right. Any SARs will typically be settled only in shares of our common stock. At the discretion of the Administrator, however, and as set forth in the applicable SAR agreement, payment to the holder of a SAR may be in cash, shares of our common stock or a combination thereof. In the event that payment to the holder of a SAR is settled in cash, the shares available for issuance under the 2009 Plan will not be diminished as a result of the settlement.

Stock Appreciation Right Agreement. Each SAR grant will be evidenced by an agreement that will specify the exercise price, the term of the SAR, the conditions of exercise, and such other terms and conditions as the Administrator, in its sole discretion, will determine.

Termination of Service. The 2009 Plan gives the Administrator the authority to vary the terms of the individual option and SAR agreements. However, generally, if a participant ceases to provide ongoing service as an employee, director or consultant for any reason other than death or disability or is provided with notice of termination of employment and ceases to provide ongoing service during the notice period, then the participant will generally have the right to exercise his or her outstanding options, to the extent vested on the earlier of the date of such cessation as a service provider or the last date of ongoing service after receiving a notice of termination of employment or such later date as required by applicable law, for the

amount of time set forth in his or her option agreement. In the absence of a specified time in the award agreement, the option or SAR will remain exercisable for 3 months after the date of termination, but only to the extent that the participant was entitled to exercise such option or SAR at the date of such termination. If such termination is due to death or disability, the participant (or the participant's legal representative) will have the right to exercise an existing unexercised option or SAR during the time set forth in his or her award agreement. In the absence of a specified time in the award agreement, the option or SAR will remain exercisable following a termination due to death or disability for 12 months following the termination date, but only to the extent that the participant was entitled to exercise such option or SAR at the date of such termination. In no event will an option or SAR be exercisable beyond its term.

Grant of Restricted Stock. Restricted stock awards may be granted to our employees, directors or consultants, either alone, in addition to, or in tandem with other awards granted under the 2009 Plan and/or cash awards made outside of the 2009 Plan, at any time and from time to time as will be determined by the Administrator, in its sole discretion.

Subject to the Plan fiscal year limits, the Administrator will have complete discretion to determine (i) the number of shares subject to a restricted stock award granted to any participant, and (ii) the conditions that must be satisfied, which typically will be based principally or solely on continued provision of services but may include a performance-based component, upon which is conditioned the grant or vesting of restricted stock. Once restricted stock is granted, the participant will have the rights equivalent to those of a stockholder and shall be a stockholder when the grant is entered on the records of the duly authorized transfer agent of the Company.

Restricted Stock Agreement. Each restricted stock grant will be evidenced by a restricted stock purchase agreement that will specify the purchase price (if any), vesting provisions, and such other terms and conditions as the Administrator, in its sole discretion, will determine.

Restricted Stock Share Limitations. No participant will be granted, in any fiscal year of the Company, more than 500,000 shares of restricted stock; provided, however, that such limit will be 1,000,000 shares in connection with a participant's initial service with the Company.

Grant of Restricted Stock Units. Restricted stock units may be granted to our employees, directors or consultants at any time and from time to time as determined by the Administrator. Restricted stock units result in a payment to a participant only if the vesting criteria the Administrator establishes are satisfied. For example, the Administrator may set vesting criteria based on the achievement of Company-wide, business unit, or individual goals (including continued employment), or any other basis determined by the Administrator in its discretion. The restricted stock units will vest at a rate determined by the Administrator; provided, however, that after the grant of restricted stock units, the Administrator, in its sole discretion, may reduce or waive any vesting criteria for such restricted stock units. Upon satisfying the applicable vesting criteria, the participant will be entitled to the payout specified in the restricted stock unit agreement as soon as practicable. The Administrator, in its sole discretion, may pay earned restricted stock units in cash, shares, or a combination thereof. Restricted stock units that are fully paid in cash will not reduce the number of shares available for grant under the 2009 Plan. On the date set forth in the restricted stock unit agreement, all unearned restricted stock units will be forfeited to the Company.

Restricted Stock Unit Agreement. Each restricted stock unit grant will be evidenced by an agreement that will specify such terms and conditions as the Administrator, in its sole discretion, will determine. On the date set forth in the restricted stock unit agreement, all unearned restricted stock units will be forfeited to the Company.

Restricted Stock Unit Limitation. No participant shall be granted, in any fiscal year of the Company, more than 500,000 restricted stock units; provided, however, that such limit shall be 1,000,000 restricted stock units in connection with a participant's initial service with the Company.

Code Section 162(m) Performance Restrictions. For purposes of qualifying grants of restricted stock or restricted stock units as "performance-based compensation" under Code Section 162(m), the Administrator, in its discretion, may set restrictions based upon the achievement of performance goals. The performance goals will be set by the Administrator on or before the latest date permissible to enable the award grants to qualify as "performance-based compensation" under Code Section 162(m). In granting awards which are intended to qualify under Code Section 162(m), the Administrator will follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of the award under Code Section 162(m) (e.g., in determining the performance goals).

Performance Goals. The granting and/or the vesting of awards may be made subject to the attainment of performance goals determined by the Administrator relating to one or more business criteria within the meaning of Code Section 162(m) and may provide for a targeted level or levels of achievement including: (i) cash flow (including operating cash flow or free cash flow), (ii) revenue (on an absolute basis or adjusted for currency effects), (iii) gross margin, (iv) operating expenses or operating expenses as a percentage of revenue, (v) earnings (which may include earnings before interest and taxes, earnings before taxes and net earnings), (vi) earnings per share, (vii) stock price, (viii) return on equity, (ix) total stockholder return, (x) growth in stockholder value relative to the moving average of the S&P 500 Index or another index, (xi) return on capital, (xii) return on assets or net assets, (xiii) return on investment, (xiv) economic value added, (xv) operating profit or net

operating profit, (xvi) operating margin, (xvii) market share, (xviii) contract awards or backlog, (xix) overhead or other expense reduction, (xx) credit rating, (xxi) objective customer indicators, (xxii) new product invention or innovation, (xxiii) attainment of research and development milestones, (xxiv) improvements in productivity, (xxv) attainment of objective operating goals, and (xxvi) objective employee metrics. The objective performance criteria may be applied to either the Company as a whole or except with respect to stockholder return metrics, to a region, business unit, affiliate or business segment, and measured either on an absolute basis or relative to a pre-established target, to a previous period's results or to a designated comparison group, and, with respect to financial metrics, which may be determined in accordance with United States Generally Accepted Accounting Principles ("GAAP"), in accordance with accounting principles established by the International Accounting Standards Board ("IASB Principles"), or which may be adjusted when established to exclude any items otherwise includable under GAAP or under IASB Principles.

Non-Transferability of Awards. Unless determined otherwise by the Administrator, an award granted under the 2009 Plan may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the participant, only by the participant. If the Administrator makes an award granted under the 2009 Plan transferable, such award will contain such additional terms and conditions as the Administrator deems appropriate.

Adjustments upon Change in Capitalization. Subject to any required action by the Company's stockholders, the number of shares covered by each outstanding award, the shares issuable under the 2009 Plan (as to which no awards have yet been granted or which have been returned to the 2009 Plan upon cancellation, expiration, repurchase, or forfeiture of an award), the price per share of common stock covered by each outstanding award, and the Code Section 162(m) annual share limits shall be proportionately adjusted for any increase or decrease in the number of issued shares resulting from a change in the Company's capitalization, such as a stock split, reverse stock split, stock dividend, combination, reclassification or other similar change in the capital structure of the Company effected without the receipt of consideration. Such adjustment will be made by the Board, whose determination will be final and binding.

Adjustments upon Liquidation or Dissolution. In the event of a proposed liquidation or dissolution, the Administrator will notify each participant as soon as practicable prior to the effective date of such proposed transaction. The Administrator in its discretion may provide that each participant will have the right to exercise all of his or her options or SARs, including those not otherwise exercisable, until the date 10 days prior to the consummation of the liquidation or dissolution. In addition, the Administrator may provide that any Company repurchase option or forfeiture rights applicable to any award will lapse 100% and that any award vesting will accelerate 100%, provided the proposed dissolution or liquidation takes place at the time and in the manner contemplated. To the extent that an award has not been previously exercised (with respect to options and SARs) or vested (with respect to other awards), an award will terminate immediately prior to the consummation of such proposed action.

Change of Control.

Options and SARs. In the event of a merger of the Company with or into another corporation, or the sale of substantially all of the assets of the Company, each outstanding option or SAR will be assumed or an equivalent option or SAR substituted by the successor corporation or any parent or subsidiary of the successor corporation. If such options or SARs are not assumed, the participant will be notified that the option or SAR will be fully vested and exercisable for 15 days from the date of such notice, and the option or SAR will terminate upon the expiration of such period, or such earlier date as specified in the award agreement.

Restricted Stock and Restricted Stock Units. In the event of a merger of the Company with or into another corporation, or the sale of substantially all of the assets of the Company, each outstanding restricted stock and restricted stock unit award will be assumed or an equivalent restricted stock or restricted stock unit award substituted by the successor corporation or any parent or subsidiary of the successor corporation. If such restricted stock or restricted stock unit award is not assumed, the participant will fully vest in such awards including as to shares of common stock which would not otherwise be vested, and all restrictions will lapse immediately prior to the closing date of the transaction.

Amendment or Termination of the 2009 Plan. The Administrator may amend, alter, suspend or terminate the 2009 Plan or any part thereof from time to time, except that stockholder approval will be required for any amendment to the 2009 Plan to the extent required by any applicable laws. No amendment, alteration, suspension or termination of the 2009 Plan may impair the rights of any participant without their written consent. In any event, the 2009 Plan will terminate 10 years from its original adoption by the Board.

Number of Awards Granted to Employees, Directors and Consultants

Subject to the annual numerical limits, the number of awards that an employee, director or consultant may receive under the 2009 Plan is determined at the discretion of the Administrator and therefore cannot be determined in advance. The following table sets forth (i) the aggregate number of shares of common stock subject to options and SARs granted under the

2009 Plan during fiscal year 2014, (ii) the average per share exercise price of such options and (iii) the aggregate number of shares granted subject to restricted stock and restricted stock units.

Name of Individual or Group	Number of Options and SARs Granted	Average Per Share Option Exercise Price	Shares of Restricted Stock, and Restricted Stock Units Granted ⁽¹⁾
Andrew J. Pease	58,300	\$3.20	36,735
Maxime Bouvat-Merlin	33,500	\$3.20	10,813
Brian C. Faith	44,200	\$3.20	24,841
Ralph S. Marimon	46,000	\$3.20	24,455
Timothy Saxe	27,400	\$3.20	21,441
All executive officers, as a group	279,900	\$3.20	72,200
All directors who are not executive officers, as a group	40,000	\$3.33	23,212
All employees who are not executive officers, as a group	—	—	751,133

(1) The number of RSUs stated in this column include RSUs received by our NEOs in payment of 50% of the cash bonus compensation earned in 2013 under the 2005 Executive Bonus Plan as follows: Mr. Pease, 25,135; Mr. Bouvat-Merlin, 4,113; Mr. Faith, 16,041; Mr. Marimon, 15,355; and Mr. Saxe, 16,041.

Federal Income Tax Information

Nonstatutory Stock Options. No taxable income is reportable when a nonstatutory stock option with an exercise price equal to the fair market value of the underlying stock on the date of grant is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the excess of the fair market value (on the exercise date) of the shares purchased over the exercise price of the option. Any taxable income recognized in connection with an option exercise by an employee of the Company is subject to tax withholding by the Company.

Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Incentive Stock Options. No taxable income is reportable when an incentive stock option is granted or exercised (except for purposes of the alternative minimum tax, in which case taxation is generally similar to nonstatutory stock options). If the participant exercises the option and then later sells or otherwise disposes of the shares more than 2 years after the grant date and more than 1 year after the exercise date, the difference between the sale price and the exercise price will be taxed as capital gain or loss. If the participant exercises the option and then later sells or otherwise disposes of the shares before the end of the 2 or 1 year holding periods described above, he or she generally will have ordinary income at the time of the sale equal to the fair market value of the shares on the exercise date (or the sale price, if less) minus the exercise price of the option.

Stock Appreciation Rights (SAR). No taxable income is reportable when a SAR with an exercise price equal to the fair market value of the underlying stock on the date of grant is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the amount of cash received and the fair market value of any shares received. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Restricted Stock and Restricted Stock Units. A participant generally will not have taxable income at the time an award of restricted stock or restricted stock units are granted. Instead, he or she will recognize ordinary income in the first taxable year in which his or her interest in the shares underlying the Award becomes either (i) freely transferable, or (ii) no longer subject to substantial risk of forfeiture. However, the recipient of a restricted stock award may elect to recognize income at the time he or she receives the award in an amount equal to the fair market value of the shares underlying the award (less any cash paid for the shares) on the date the award is granted.

Tax Effect for the Company; Code Section 162(m). The Company generally will be entitled to a tax deduction in connection with an award under the 2009 Plan in an amount equal to the ordinary income realized by a participant and at the time the participant recognizes such income (for example, the exercise of a nonstatutory stock option). Special

rules limit the deductibility of compensation paid to the Company's Chief Executive Officer (i.e., its principal executive officer) and to each of its 3 most highly compensated executive officers for the taxable year (other than the Chief Financial Officer). Under Section 162(m), the annual compensation paid to any of these specified executives will be deductible only to the extent that it does not exceed \$1,000,000. However, the Company can preserve the deductibility of certain compensation in excess of \$1,000,000 if the conditions of Section 162(m) are met. These conditions include stockholder approval of the 2009 Plan, setting limits on the number of awards that any individual may receive and for awards other than certain stock options, and establishing performance criteria that must be met before the award actually will vest or be paid. The 2009 Plan has been designed to permit (but not require) the Administrator to grant awards that are intended to qualify as performance-based for

purposes of satisfying the conditions of Section 162(m), thereby permitting the Company the ability to receive a federal income tax deduction in connection with such awards.

Code Section 409A. Section 409A, which was added by the American Jobs Creation Act of 2004, provides certain new requirements on non-qualified deferred compensation arrangements. These include new requirements with respect to an individual's election to defer compensation and the individual's selection of the timing and form of distribution of the deferred compensation. Section 409A also generally provides that distributions must be made on or following the occurrence of certain events (e.g., the individual's separation from service, a predetermined date, or the individual's death). Section 409A imposes restrictions on an individual's ability to change his or her distribution timing or form after the compensation has been deferred. For certain individuals who are officers, subject to certain exceptions, Section 409A requires that such individual's distribution commence no earlier than 6 months after such officer's separation from service.

Awards granted under the 2009 Plan with a deferral feature will be subject to the requirements of Section 409A. If an award is subject to and fails to satisfy the requirements of Section 409A, the recipient of that award may recognize ordinary income on the amounts deferred under the award, to the extent vested, which may be prior to when the compensation is actually or constructively received. Also, if an award that is subject to Section 409A fails to comply with the provisions of Section 409A, Section 409A imposes an additional 20% federal income tax on compensation recognized as ordinary income, as well as interest on such deferred compensation. In addition, certain states such as California have adopted similar provisions.

THE FOREGOING IS ONLY A SUMMARY OF THE EFFECT OF FEDERAL INCOME TAXATION UPON THE PARTICIPANT AND THE COMPANY WITH RESPECT TO AWARDS UNDER THE 2009 PLAN. THE FOREGOING DOES NOT PURPORT TO BE COMPLETE AND REFERENCE SHOULD BE MADE TO THE APPLICABLE PROVISIONS OF THE INTERNAL REVENUE CODE. IN ADDITION, THIS SUMMARY DOES NOT DISCUSS THE TAX CONSEQUENCES OF A PARTICIPANT'S DEATH OR THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE OR FOREIGN COUNTRY IN WHICH THE PARTICIPANT MAY RESIDE.

**PROPOSAL THREE
AMENDMENT TO THE COMPANY'S 2009 EMPLOYEE STOCK PURCHASE PLAN**

Summary

Our Board is requesting that our stockholders approve an amendment (the "ESPP Amendment") to our 2009 Employee Stock Purchase Plan (the "2009 ESPP") to increase the number of shares reserved for issuance under the 2009 ESPP by 1,000,000. On January 29, 2015, the Board adopted the Amendment, subject to the approval of our stockholders at the Annual Meeting. As of December 28, 2014, there were 877,356 shares available for purchase under our 2009 ESPP. If the stockholders approve the ESPP Amendment, it will be effective as of the date of the 2015 Annual Meeting. In the event our stockholders do not approve the proposed ESPP Amendment, the ESPP Amendment will not take effect and our 2009 ESPP will continue to be administered in its current form until the share reserve expires and all outstanding purchase rights have been exercised or terminated. However, this could limit our ability to successfully attract and retain highly skilled personnel. The Board has determined that it is in the best interests of the Company and its stockholders to have our 2009 ESPP as amended by the ESPP Amendment and is asking the Company's stockholders to approve the ESPP Amendment.

The Company's executive officers have an interest in this proposal.

Reasons for Voting for Amendment to 2009 ESPP

ESPP is Valuable for Attracting and Retaining Talented Employees. The 2009 ESPP allows our employees to buy our shares at a discount through payroll deductions. In the highly competitive technology industry in which we compete for talent, we believe that offering an employee stock purchase program is critical to our ability to be competitive. If the proposed ESPP Amendment is not approved by the Company's stockholders, we may be restricted in our ability to offer competitive compensation to existing employees and qualified candidates, and our business could be adversely affected.

Key Considerations for Requesting Additional Shares

In determining the increase to the share reserve under the 2009 ESPP, the Board reviewed the number of shares currently available for grant. As of December 28, 2014, 877,356 shares remained reserved and available for issuance under the 2009 ESPP. We believe that the number of shares remaining available for issuance under the 2009 ESPP will not be sufficient for the expected levels of participation in the ESPP, and therefore may not meet the goals of our compensation structure and strategy.

Required Vote

The approval of the ESPP Amendment requires the affirmative vote of a majority of the votes cast on the proposal at the Annual Meeting.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE AMENDMENT OF THE QUICKLOGIC CORPORATION EMPLOYEE STOCK PURCHASE PLAN AND THE INCREASE IN THE NUMBER OF SHARES RESERVED FOR ISSUANCE UNDER THE 2009 ESPP.

Summary of the 2009 Employee Stock Purchase Plan

The following is a summary of the principal features of the 2009 ESPP and its operation. The summary is qualified in its entirety by reference to the 2009 ESPP as set forth in Appendix B.

General. The 2009 ESPP was adopted by the Board in March 2009, subject to stockholder approval at the Annual Meeting. The purpose of the 2009 ESPP is to provide eligible employees of the Company and its designated subsidiaries with an opportunity to purchase shares of the Company's common stock through payroll deductions, to enhance the employees' sense of participation in the Company and its participating subsidiaries, and to provide an incentive for continued employment.

Shares Available for Issuance. The maximum number of shares of Common Stock currently available that have been authorized for purchases under the 2009 ESPP is 2,300,000. If our stockholders approve the ESPP Amendment, a total of 3,300,000 shares of Common Stock will be reserved for issuance under the 2009 ESPP.

Administration. The 2009 ESPP is administered by the Board or a committee of members of the Board appointed by the Board (in either case, the “Administrator”). Subject to the provisions of the 2009 ESPP, all questions of interpretation or application of the 2009 ESPP are determined by the Administrator and its decisions are final and binding upon all participants.

Eligibility. Each of the Company’s (or the Company’s participating subsidiaries) employees who are common law employees of the Company or a participating subsidiary on the first trading day of the applicable offering period and whose customary employment with the Company or one of the Company’s participating subsidiaries is at least 20 hours per week and more than 5 months in a calendar year is eligible to participate in the 2009 ESPP with respect to such offering period; except that no employee will be granted an option to purchase stock under the 2009 ESPP (i) to the extent that, immediately after the grant, such employee would own 5% or more of the total combined voting power of all classes of the Company’s capital stock or the capital stock of any Company parent or subsidiary, or (ii) to the extent that his or her rights to purchase stock under all of the Company’s employee stock purchase plans accrues at a rate which exceeds \$25,000 worth of stock (determined at the fair market value of the shares at the time such option is granted) for each calendar year in which such option is outstanding. As of February 23, 2015, there are 97 employees who are eligible to participate in the 2009 ESPP. As of February 23, 2015, 57 employees participate in the 2009 ESPP.

Offering Period. Each offering period under the 2009 ESPP will have a duration of approximately 6 months, commencing on the first trading day on or after May 15 and November 15 of each year of the 2009 ESPP and terminating on the last trading day of the applicable period ending 6 months later. During each offering period, shares of Common Stock may be purchased on behalf of the participant in accordance with the terms of the 2009 ESPP. Eligible employees may participate in the 2009 ESPP by (i) delivering a subscription agreement in a form determined by the Administrator, or (ii) following an electronic or other enrollment procedure prior to the first trading day of each offering period (the “enrollment date”) authorizing payroll deductions pursuant to the 2009 ESPP. Such payroll deductions may not exceed 20% of the compensation a participant receives on each pay day during the offering period. For purposes of the 2009 ESPP, “compensation” shall mean an employee’s base straight time gross earnings, overtime and incentive/variable compensation, but exclusive of bonuses and other compensation. Once an employee becomes a participant in the 2009 ESPP, the employee automatically will participate in each successive offering period at the same rate of contribution until the employee withdraws from the 2009 ESPP or the employee’s employment with the Company or one of the Company’s participating subsidiaries terminates. On the first trading day of each offering period (the “enrollment date”), each participant automatically is granted an option to purchase shares of the Common Stock. The option expires at the end of the offering period or upon termination of employment, whichever is earlier, but is exercised on the last trading day of an offering period to the extent of the payroll deductions accumulated during such offering period.

Purchase Price. The Administrator has the discretion to implement one of two types of offering periods to determine the purchase price: (i) an offering period with a purchase price equal to 85% of the fair market value of the Common Stock on the last day of the offering period (a “Purchase Date Offering Period”) or (ii) an offering period with a purchase price equal to 85% of the fair market value of the Common Stock on (x) the enrollment date, or (y) the last day of the offering period, whichever is lower (a “Look-Back Offering Period”). The purchase price for subsequent offering periods may be determined by the Administrator, subject to compliance with the Code and the terms of the 2009 ESPP.

Payment of Purchase Price. The purchase price of the shares is accumulated by payroll deductions made during each offering period. The number of whole shares that a participant may purchase in each offering period will be determined by dividing the total amount of payroll deductions withheld from the participant’s compensation during that offering period by the purchase price; provided, however, that in no event will a participant be permitted to purchase during each offering period more than 20,000 shares, subject to automatic adjustment upon certain changes in capitalization. No fractional shares will be purchased under the 2009 ESPP and any payroll deductions accumulated in a participant’s account which are not sufficient to purchase a full share will be retained in a participant’s account for the subsequent offering period.

Payroll Deductions. All payroll deductions made for a participant are credited to the participant's account under the 2009 ESPP, are withheld in whole percentages only, and are included with the Company's general funds. Funds received by the Company pursuant to exercises under the 2009 ESPP may be used for general corporate purposes. A participant may not make any additional payments into his or her account under the 2009 ESPP other than through payroll deductions.

Withdrawal. A participant may withdraw all but not less than all of his or her payroll deductions from an offering period prior to the end of such offering period by (i) delivering a written notice of withdrawal to the Company's payroll office on a form provided by the Company for such purpose or (ii) following an electronic or other withdrawal procedures. A participant's withdrawal from the 2009 ESPP will not affect his or her eligibility to participate in future offering periods. Once a participant withdraws from a particular offering period, however, that participant may not participate again in the same offering period. To participate in a subsequent offering period, the participant must re-enroll in the 2009 ESPP in

accordance with the 2009 ESPP enrollment procedures; payroll deductions will not resume at the beginning of the succeeding offering period unless the employee re-enrolls in the 2009 ESPP.

Termination of Employment. Upon termination of a participant's employment for any reason, his or her participation in the 2009 ESPP will immediately terminate and the payroll deductions credited to the participant's account will be returned to him or her and such participant's option will automatically terminate.

Changes in Capitalization. In the event any dividend or other distribution (whether in the form of cash, shares, or other securities or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of shares or other securities of the Company, or other similar change in the corporate structure of the Company affecting the shares occurs, the number and class of shares of Common Stock deliverable under the 2009 ESPP, the purchase price per share and the number of shares covered by each option under the 2009 ESPP which has not been exercised, and the numerical limits under the 2009 ESPP will be proportionately and automatically adjusted.

Dissolution or Liquidation. In the event of the Company's proposed dissolution or liquidation, the offering period will be shortened by setting a new exercise date and the 2009 ESPP will terminate immediately prior to such proposed dissolution or liquidation, unless otherwise provided by the Board. The Board will notify each participant in writing at least 10 business days prior to the new exercise date that the purchase date for the participant's option has been changed to the new exercise date and that the participant's option will be exercised automatically on the new exercise date unless the participant withdraws from the 2009 ESPP prior to such date.

Merger or Asset Sale. In the event of a proposed sale of all or substantially all of the assets of the Company, or the merger of the Company with or into another corporation, each outstanding option under the 2009 ESPP will be assumed or an equivalent option will be substituted by the successor corporation or a parent or subsidiary of such successor corporation. In the event the successor corporation refuses to assume or substitute for the options, any offering period then in progress will be shortened by setting a new exercise date on which such offering period will end. The new exercise date will be prior to the proposed sale or merger. The Board will notify each participant in writing at least 10 business days prior to the new exercise date that the purchase date for the participant's option has been changed to the new exercise date and that the participant's option will be exercised automatically on the new exercise date unless the participant withdraws from the 2009 ESPP prior to such date.

Amendment and Termination of the 2009 ESPP. The Board may amend, terminate or suspend the 2009 ESPP at any time and for any reason. If the 2009 ESPP is terminated, the Board, in its sole discretion, may elect to terminate all outstanding offering periods either immediately or upon completion of the purchase of shares on the next exercise date (which may be sooner than originally scheduled, if determined by the Board in its discretion) or may elect to permit offering periods to expire in accordance with their terms. If the offering periods are terminated prior to expiration, all amounts then-credited to participants' accounts which have not been used to purchase shares will be returned to participants as soon as administratively practicable.

Without stockholder consent, the Administrator is entitled to change the offering periods, limit the frequency and/or number of changes in the amount withheld during an offering period, establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars, permit payroll withholding in excess of the amount designated by a participant in order to adjust for delays or mistakes in the Company's processing of properly completed withholding elections, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of shares for each participant properly correspond with amounts withheld from the participant's compensation, and establish such other limitations or procedures as the Administrator determines in its sole discretion advisable which are consistent with the 2009 ESPP.

The 2009 ESPP will continue until the earlier to occur of (i) the termination of the 2009 ESPP by the Board, or (ii) March 6, 2019 (the date which is 10 years from the adoption of the 2009 ESPP by the Board).

Number of Shares Purchased by Employees

Participation in the 2009 ESPP is voluntary and is dependent on each eligible employee's election to participate and his or her determination as to the level of payroll deductions. Accordingly, future purchases under the 2009 ESPP are not

determinable. Non-employee directors are not eligible to participate in the 2009 ESPP. The following table sets forth the number of shares of our Common Stock that were purchased during fiscal year 2014 under the 2009 ESPP.

24

Name of Individual or Group	Number of Shares Purchased
Andrew J. Pease	—
Maxime Bouvat-Merlin ⁽¹⁾	11,439
Brian C. Faith	—
Ralph S. Marimon	—
Timothy Saxe ⁽²⁾	7,081
All executive officers, as a group ⁽³⁾	26,090
All directors who are not executive officers, as a group	—
All employees who are not executive officers as a group ⁽⁴⁾	251,582

Mr. Bouvat-Merlin purchased 5,649 shares on the May 14, 2014 purchase date at the price of \$2.79 per share. The fair market value of the shares on the purchase date was \$3.48 per share. On the November 14, 2014 purchase date, (1) Mr. Bouvat-Merlin purchased 5,790 shares at the price of \$2.72 per share. The fair market value of the shares on the purchase date was \$3.20.

Mr. Saxe purchased 3,497 shares on the May 14, 2014 purchase date at the price of \$2.79 per share. The fair market value of the shares on the purchase date was \$3.48 per share. On the November 14, 2014 purchase date, Mr. (2) Saxe purchased 3,584 shares at the price of \$2.72 per share. The fair market value of the shares on the purchase date was \$3.20.

15,907 of these shares were purchased on the May 14, 2014 purchase date at the price of \$2.79 per share. The fair market value of these shares on the date of purchase was \$3.48 per share. 10,183 of these shares were purchased on (3) the November 14, 2014 purchase date at the price of \$2.72 per share. The fair market value of these shares on the date of purchase was \$3.20 per share.

137,107 of these shares were purchased on the May 14, 2014 purchase date at the price of \$2.79 per share. The fair market value of these shares on the date of purchase was \$3.48 per share. 114,475 of these shares were purchased (4) on November 14, 2014 at the price of \$2.72 per share. The fair market value of these shares on the date of purchase was \$3.20 per share.

Certain Federal Income Tax Information

The following brief summary of the effect of federal income taxation upon the participant and the Company with respect to the shares purchased under the 2009 ESPP does not purport to be complete, and does not discuss the tax consequences of a participant's death or the income tax laws of any state or foreign country in which the participant may reside.

The 2009 ESPP, and the right of participants to make purchases thereunder, is intended to qualify under the provisions of Sections 421 and 423 of the Code. Under these provisions, no income will be taxable to a participant until the shares purchased under the 2009 ESPP are sold or otherwise disposed of. Upon sale or other disposition of the shares, the participant will generally be subject to tax in an amount that depends upon the holding period. If the shares are sold or otherwise disposed of more than 2 years from the first day of the applicable offering period and 1 year from the applicable date of purchase, the participant will recognize ordinary income measured as the lesser of (a) the excess of the fair market value of the shares at the time of such sale or disposition over the purchase price, or (b) an amount equal to 15% of the fair market value of the shares as of the first day of the applicable offering period. Any additional gain will be treated as long-term capital gain. If the shares are sold or otherwise disposed of before the expiration of these holding periods, the participant will recognize ordinary income generally measured as the excess of the fair market value of the shares on the date the shares are purchased over the purchase price. Any additional gain or loss on such sale or disposition will be long-term or short-term capital gain or loss, depending on how long the shares have been held from the date of purchase. The Company generally is not entitled to a deduction for amounts taxed as ordinary income or capital gain to a participant except to the extent of ordinary income recognized by participants upon a sale or disposition of shares prior to the expiration of the holding periods described above.

THE FOREGOING IS ONLY A SUMMARY OF THE EFFECT OF FEDERAL INCOME TAXATION UPON THE PARTICIPANT AND THE COMPANY WITH RESPECT TO THE 2009 ESPP AND DOES NOT PURPORT TO

BE COMPLETE, AND REFERENCE SHOULD BE MADE TO THE APPLICABLE PROVISIONS OF THE INTERNAL REVENUE CODE. IN ADDITION, THIS SUMMARY DOES NOT DISCUSS THE TAX CONSEQUENCES OF A PARTICIPANT'S DEATH OR THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE OR FOREIGN COUNTRY IN WHICH THE PARTICIPANT MAY RESIDE.

**PROPOSAL FOUR
RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC
ACCOUNTING FIRM**

The Audit Committee of the Board of Directors has appointed BDO USA, LLP (“BDO”), an independent registered public accounting firm, to audit QuickLogic’s consolidated financial statements for the fiscal year ending January 3, 2016 and, as a matter of good corporate governance, seeks ratification of such appointment. In the event of a negative vote on such ratification, the Audit Committee will reconsider its appointment.

Representatives of BDO are expected to be present at the 2015 Annual Meeting of Stockholders, will have the opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions.

PricewaterhouseCoopers LLP (“PricewaterhouseCoopers”) was the principal independent registered public accountant for QuickLogic during the year ended December 29, 2013.

Fees billed to QuickLogic by BDO USA, LLP during Fiscal Year 2014 and Fees billed to QuickLogic by PricewaterhouseCoopers during Fiscal Year 2013

BDO, the Company’s current independent registered public accounting firm, and PricewaterhouseCoopers, the Company’s prior independent registered public accounting firm, billed QuickLogic for the following professional services during fiscal year 2014 and fiscal year 2013, respectively:

	Fiscal Years	
	2014	2013
Audit fees	\$399,000	\$687,817
Audit-related fees	\$—	\$—
Tax fees	\$25,000	\$39,630
All other fees	\$—	\$2,100

The Audit Committee pre-approved all services and fees provided by BDO and PricewaterhouseCoopers during fiscal years 2014 and 2013.

Descriptions of fees billed are as follows:

Audit Fees

Audit fees consist of the aggregate fees for professional services rendered by BDO and/or PricewaterhouseCoopers: (i) for the audit of QuickLogic’s consolidated financial statements and the effectiveness of the Company’s internal control over financial reporting and reviews of QuickLogic’s unaudited condensed consolidated interim financial statements for fiscal years 2014 and 2013, totaling \$399,000 and \$530,418, respectively; (ii) for the audits of local statutory financial statements in India; and (iii) in connection with the review of the Registration Statement on Form S-8, the Registration Statement on Form S-3 and the Prospectus Supplement filed by the Company with the SEC during fiscal year 2013.

Audit-Related Fees

The Company will pay PricewaterhouseCoopers approximately \$15,000 in connection with its review of the prior year financials as presented in the Company’s Annual Report on Form 10-K for the year ended December 28, 2014.

Tax Fees

Tax fees consist of the aggregate fees for professional services rendered by BDO and PricewaterhouseCoopers for tax compliance, tax advice and tax planning for the fiscal years 2014 and 2013.

All Other Fees

All other fees consist of the aggregate fees for professional services rendered by BDO and PricewaterhouseCoopers other than those described above. In fiscal year 2013, fees for professional services amounts included fees for accounting library software.

Pursuant to the Audit Committee Charter, the Audit Committee must pre-approve all audit and non-audit services, and related fees, provided to QuickLogic by our independent registered public accounting firm, or subsequently approve non-audit services in those circumstances where a subsequent approval is necessary and permissible under the

Securities Exchange Act of

26

1934, as amended, or the rules of the SEC. The Audit Committee pre-approved these services and fees regularly throughout the year.

The Audit Committee must approve all audit-related and permitted non-audit services to be performed by the independent auditors prior to the commencement of such services. The Audit Committee approves such services on the basis that the services are compatible with the maintenance of the auditor's independence in the conduct of its auditing functions. The independent auditors present a fee proposal to the Audit Committee at mid-year for review. The approved fees determine the scope of their fiscal year services. Any audit or non-audit services outside that scope (whether service or amount) must be approved by the Audit Committee.

Change of Independent Registered Public Accounting Firm

On February 26, 2014, PricewaterhouseCoopers informed the company that it was declining to stand for re-election as the Company's independent registered accounting firm for fiscal year 2014.

The reports of PricewaterhouseCoopers on the financial statements for the fiscal years ended December 29, 2013 and December 30, 2012, contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope, or accounting principles. During the fiscal years ended December 29, 2013 and December 30, 2012, and through the period ending on March 4, 2014, there were no disagreements with PricewaterhouseCoopers on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures which, if not resolved to PricewaterhouseCoopers's satisfaction, would have caused PricewaterhouseCoopers to make reference to the subject matter of such disagreement in connection with its reports on the financial statements of QuickLogic. There were also no "reportable events", as defined in Item 304(a)(1)(v) of Regulation S-K during such period.

In accordance with Item 304(a)(3) of Regulation S-K, QuickLogic provided PricewaterhouseCoopers with a copy of the disclosures and requested that PricewaterhouseCoopers furnish QuickLogic with a letter addressed to the SEC stating whether or not PricewaterhouseCoopers agrees with the above statements. A copy of such letter, dated March 4, 2014, is filed as Exhibit 16.1 to QuickLogic's Current Report on Form 8-K filed on March 4, 2014.

In our Annual Report on Form 10-K for the year ended December 29, 2013, filed with the SEC on March 6, 2014, the PricewaterhouseCoopers report on our financial statements for fiscal year 2013 contained no adverse opinion or disclaimer of opinion and was not qualified or modified as to uncertainty, audit scope or accounting principles.

On March 4, 2014, QuickLogic appointed its new independent registered public accountant, BDO, for the fiscal year ending December 28, 2014. The decision to engage BDO was approved by the Audit Committee of the Board of Directors. During the fiscal years ended December 29, 2013 and December 30, 2012, and subsequent interim period through March 4, 2014, QuickLogic did not consult with BDO on the application of accounting principles to a specific transaction, either completed or proposed prior to BDO's retention, or any other matters of the type contemplated by Item 304(a)(2) of Regulation S-K.

Required Vote

The affirmative vote of the holders of a majority of the votes cast will be required to ratify the appointment of BDO as QuickLogic's independent registered public accounting firm for the fiscal year ending January 3, 2016.

Recommendation of the Audit Committee of the Board of Directors

THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF BDO USA LLP AS QUICKLOGIC'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING JANUARY 3, 2016.

REPORT OF THE AUDIT COMMITTEE

This section shall not be deemed to be “soliciting material,” or to be “filed” with the Securities and Exchange Commission, is not subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, as amended, and is not to be incorporated by reference into any filing of QuickLogic under the Securities Act of 1933 or the Securities Exchange Act of 1934, each as amended, regardless of date or any other general incorporation language in such filing. In accordance with the written charter adopted by the Audit Committee on December 20, 2004, the Audit Committee consists of three members and operates under such written charter.

Membership of the Audit Committee

Throughout fiscal year 2014, the Audit Committee consisted of Michael R. Farese, Arturo Krueger and Christine Russell. Ms. Russell became Chairman of the Committee in April 2006. Dr. Farese, Mr. Krueger, and Ms. Russell, have been determined by our Board of Directors to be independent according to SEC rules and the Nasdaq Global Market’s listing standards.

Audit Committee Financial Expert

As required by the Sarbanes-Oxley Act of 2002, our Board of Directors has determined that Ms. Russell has the qualifications to be our “Audit Committee Financial Expert”, as defined in the SEC rules and regulations and also meets the standards of independence adopted by the SEC and the Nasdaq Global Market for membership on an audit committee.

Role of the Audit Committee

Management is responsible for the financial reporting process, including the system of internal controls, and for the preparation of consolidated financial statements in accordance with generally accepted accounting principles (“GAAP”). Our independent registered public accounting firm is responsible for auditing those financial statements and expressing an opinion as to their conformity with accounting principles generally accepted in the United States. Our independent registered public accounting firm is also responsible for auditing our system of internal control over financial reporting. The Audit Committee’s responsibility is: (i) to monitor and review these processes; (ii) to provide our Board of Directors with the results and recommendations derived from this monitoring; and (iii) to select, appoint for ratification by the Company’s stockholders and compensate the independent registered public accounting firm. However, the members of the Audit Committee are not professionally engaged in the practice of accounting or auditing and are not experts in the fields of accounting or auditing, including with respect to the independence of the registered public accounting firm. The Audit Committee relies, without independent verification, on the information provided to it and on the representations made by management and the independent registered public accounting firm. The Audit Committee held five meetings during 2014. The meetings were designed to, among other things, facilitate and encourage communication among the Audit Committee, management and QuickLogic’s independent registered public accounting firm for fiscal year 2014, BDO. The Audit Committee discussed with BDO the overall scope and plans for their audits and met with BDO, with and without management present, to discuss the results of their examinations and their evaluation of QuickLogic’s internal controls. The purpose of the Audit Committee is to fulfill the Board of Director’s oversight responsibilities relating to our corporate accounting and reporting practices, the quality and integrity of our financial reports, compliance with laws, the maintenance of ethical standards and effective internal controls. During the meetings held in 2014 and thereafter, the Audit Committee reviewed and discussed, among other things:

- the results of the 2013 independent audit of the financial statements and review of the Annual Report on Form 10 K and Proxy Statement;
- issues regarding accounting, administrative and operating matters noted during the 2013 audit;
- requirements and responsibilities for audit committees;
- QuickLogic’s significant policies for accounting and financial reporting and the status and anticipated effects of changes in those policies;
- the quarterly and annual procedures performed by our independent registered public accounting firm;
-

the adequacy of our internal controls and financial reporting process and the reliability of our financial reports to the public;
the ability and responsibility to institute special investigations, if necessary, and obtain advice and assistance from independent outside legal, accounting or other services, with funding from the Company;
the quarterly consolidated unaudited financial statements and filings with the SEC;
related party transactions; and

28

other matters concerning QuickLogic's accounting, financial reporting and potential conflicts of interest.

Review of QuickLogic's Audited Financial Statements for the Fiscal Year Ended December 28, 2014

The Audit Committee reviewed and discussed the 2014 audited financial statements and the Company's internal control over financial reporting with management and BDO, the Company's independent registered public accounting firm. Specifically, the Audit Committee discussed with BDO the matters required to be discussed by Statement of Financial Accounting Standards No. 16. In addition, the Audit Committee discussed with BDO, BDO's independence from management and QuickLogic, including the matters covered by the written disclosures and letter received by QuickLogic from BDO as required by the applicable requirements of the Public Company Accounting Oversight Board.

On March 4, 2015, the Audit Committee reviewed QuickLogic's audited financial statements and footnotes for inclusion in QuickLogic's Annual Report on Form 10 K for the fiscal year ended December 28, 2014 and the Company's internal control over financial reporting. Based on this review and prior discussions with management and the independent registered public accounting firm, the Audit Committee recommended to the Board of Directors that QuickLogic's audited financial statements be included in its Annual Report on Form 10 K for the fiscal year ended December 28, 2014, for filing with the SEC.

MEMBERS OF THE AUDIT COMMITTEE

Christine Russell, Chairman (member since June 2005, Chairman since April 2006)

Michael R. Farese (member since February 24, 2010)

Arturo Krueger (member since February 24, 2010)

EXECUTIVE COMPENSATION COMPENSATION DISCUSSION AND ANALYSIS

Overview

QuickLogic's compensation program is overseen and administered by the Compensation Committee of the Board of Directors (for purposes of this Compensation Discussion and Analysis, the Compensation Committee is referred to as the "Committee"), which consists entirely of independent directors as determined in accordance with various SEC, Nasdaq and Internal Revenue Code rules. The Committee operates under a written charter adopted by our Board. A copy of the charter is available free of charge at <http://www.quicklogic.com/corporate/about-us/management/>. The Committee has the responsibility of setting the compensation and evaluating the performance of our executive officers including our named executive officers ("NEOs"). Our NEOs for 2014 were:

- Andrew J. Pease, President and Chief Executive Officer;
- Maxime Bouvat-Merlin, Vice President, Worldwide Engineering;
- Brian C. Faith, Vice President, Worldwide Sales and Marketing;
- Ralph S. Marimon, Vice President Finance and Chief Financial Officer;
- and
- Timothy Saxe, Senior Vice President and Chief Technology Officer.

Executive Summary

Our pay-for-performance philosophy forms the foundation of all decisions regarding the compensation of our NEOs and is important to our ability to attract and retain the highly qualified executive officers required to guide us as we continue to develop and execute on our strategic plan to build a solid revenue base and strategic relationships with key customers and leading silicon suppliers.

In 2014, we continued to provide compensation consistent with our philosophy, policies and objectives:

- no salary or target cash incentive increases for 2014;
- highly challenging performance objectives under the 2014 annual cash incentive plan that required significant effort and skill to achieve;
- total target cash compensation (i.e., base salary plus target cash incentive) for our NEOs at generally the 25th percentile of our peer group;
- long-term equity incentive compensation intended to further align the interests of our NEOs with those of our stockholders and provide retention incentive. Long-term incentive compensation was targeted at generally the 25th percentile of our peer group;
- reasonable, "double trigger" change of control severance benefits that become payable only upon an involuntary termination in connection with a change of control of the Company;
- no tax gross-ups in connection with a change of control of the Company;
- insider trading policy that prohibits our executives, directors and other employees from hedging or pledging our stock; and
- no club memberships, personal use of corporate aircraft, or any other excessive executive perquisites.

Results of Prior Advisory Vote

At the 2014 Annual Meeting of Stockholders of the Company, our stockholders overwhelmingly approved the compensation of our NEOs, with over 88% of stockholder votes cast in favor of our say-on-pay proposal. As we evaluated our compensation program for 2014, we considered the strong support our stockholders expressed in our approach to setting reasonable executive compensation that both retains and motivates our NEOs and closely aligns their interests with those of our stockholders. Accordingly, we determined to retain the general philosophy and structure of our executive compensation program for 2014.

Compensation Philosophy and Objectives

The Company's philosophy in setting its compensation policies for executive officers is to maximize stockholder value over time. The executive compensation programs and practices of the Company also are designed to, among other things:

-

attract and retain highly qualified executive officers by offering overall compensation that is competitive with that offered for comparable positions in comparable companies in the technology industry;
motivate executive officers to achieve the Company's business objectives through the use of an incentive compensation plan based on those objectives that ties incentive compensation to threshold performance levels and rewards the achievement of performance that exceeds objectives;

30

reward achievement of the Company's short-term and long-term goals;
align the interests of executive officers with the long-term interests of stockholders through executive participation in equity-based compensation plans, and by making a significant amount of cash compensation dependent upon the achievement of business objectives; and
set compensation that is fair and reasonable and that discourages executives from exposing the Company to excessive risk.

Elements of Executive Compensation

The key elements of the compensation program for our NEOs are:

base salary;
performance-based incentive cash compensation earned based on achieving corporate objectives under our 2005 Executive Bonus Plan; and
equity-based incentive compensation programs.

The Committee sets base salary with the goal of attracting and retaining highly qualified executive officers, including our NEOs, and adequately compensating and rewarding them on a day-to-day basis for the time they spend, the services they perform, and the skills and experience they bring to the Company. The Committee sets target cash incentive compensation and performance objectives to motivate our executive officers, including our NEOs, to achieve the performance objectives, thereby directly and meaningfully linking the achievement of the Company's goals with their compensation. The Committee grants executive officers, including our NEOs, equity incentives to provide an incentive and reward for performance of key long-term business objectives and to help attract and retain these individuals. The Committee believes that the cash incentive performance objectives and equity incentives align the interests of our NEOs and our stockholders while not encouraging our NEOs to expose the Company to excessive risk. In setting individual compensation levels for our NEOs, the Committee considers competitive market factors such as comparable compensation of similar individuals in similar companies as well as qualitative factors, such as experience, level of contribution, potential impact on company performance and relative internal pay; and quantitative factors relating to corporate and individual performance. The Committee does not base its compensation decisions on any single performance factor nor does it specifically assign relative weights to factors; rather, it considers a mix of factors and individual performance is evaluated against that mix.

We have change of control arrangements with each of our NEOs. These arrangements are designed to provide our NEOs with certain payments and benefits if their employment with the Company is terminated. These arrangements are discussed in detail under the heading "Change of Control Agreements" below. The Board has determined that such payments and benefits are necessary to attract and retain our NEOs.

The Committee believes that our key elements of compensation, when combined, are effective, and will continue to be effective, in achieving the objectives of the Company's compensation program.

2014 Peer Group

Compensia, a management consulting firm providing executive compensation advisory services to compensation committees and senior management of knowledge-based companies, has served as the Committee's independent executive compensation advisor since March 2013. At the direction of the Committee, in April 2014, Compensia reviewed the peer group previously approved by the Committee in July 2013. On April 24, 2014, based on the review and recommendations presented by Compensia, the Committee established the criteria for and selected 21 publicly traded companies constituting the updated peer group to be used by the Committee when evaluating executive compensation, Board of Director compensation and equity trends ("Compensation Peer Group"). This resulted in eight new companies that were added to the Compensation Peer Group and nine companies (AXT, Inc., CyberOptics Corporation, GigOptix, Inc., iGo, Inc., InTEST Corporation, MEMSIC, Inc., Netlist, Inc., Qualstar Corporation and TranSwitch Corporation) that were removed. The Compensation Peer Group was selected based on industry and financial comparability on the key metrics of (a) revenue of less than \$120 million over the prior four quarters and (b) a 30-day market capitalization of \$100 to \$600 million. Although the parameters enabled the potential inclusion of a diverse set of companies, ultimately the Committee focused on those companies that were similar to us in revenue and

market capitalization, while also including those companies with which we compete for executive talent and/or compete with respect to business. Other criteria considered included whether the company was based in California, whether the company was included in QuickLogic's prior peer group, whether the company identified QuickLogic as a peer for compensation purposes and whether the company was a fabless semiconductor company. These additional factors assisted the Committee in choosing companies that would allow meaningful comparison given the primary region from which QuickLogic recruits key talent and the similarities in the business and operations with and among other fabless companies. The 2014 modified Compensation Peer Group established by the Committee is as follows:

31

Adept Technology, Inc.
 Alliance Fiber Optic Products, Inc.*
 Aware, Inc.
 CEVA Inc.*
 CVD Equipment Corporation*
 Energy Recovery Inc.*
 GSI Technology, Inc.
 Immersion Corporation

Mattson Technology, Inc.*
 MaxLinear, Inc.
 MoSys, Inc.
 Neonode Inc.
 NVE Corporation
 Pixelworks, Inc.
 PLX Technology, Inc.*
 Rubicon Technology, Inc.

Inphi Corporation

Supertex, Inc.

Intermolecular, Inc.*

Violin Memory, Inc.*

Intevac, Inc.*

* Companies newly added to the Compensation Peer Group for 2014.

For 2014, the Committee used the Compensation Peer Group as one of various factors in determining the total target cash compensation, base salary and target cash incentive compensation, of our NEOs as well as the equity awards granted to our NEOs.

Cash-Based Compensation

Total Target Cash Compensation

NEO total target cash compensation consists of base salary and target cash incentive compensation. The Committee determines the base salary and target cash incentive compensation of the President and Chief Executive Officer and reviews and approves the base salaries and target cash incentive compensation for each of our other NEOs. The President and Chief Executive Officer may make recommendations to the Committee with respect to these elements of compensation of the NEOs other than himself, although the Committee retains complete discretion to accept or reject any recommendations.

During July 2013, the Committee directed Compensia to assess the competitiveness of the Company's executive compensation programs. In making its assessment, Compensia analyzed market data consisting of an equal blend of peer proxy data where available and data from Radford's High-Tech Executive Compensation Survey consisting of high-tech companies with revenues less than \$50 million. Based on Compensia's report to the Committee indicating that executive compensation currently matched to the 25th percentile of the data analyzed for total target cash compensation and equity awards, and the observation that the Company's financial performance approximates the 25th percentile relative to its peers, the Committee determined that no adjustments would be made to the base salaries and target cash incentive compensation of our NEOs during 2013 and no additional adjustments were made during 2014. Accordingly, in 2014, the total target cash compensation of our NEOs was as follows:

Name	Base Salary	Target Bonus as a Percentage of Base Salary	Target Bonus Amount	Total Target Cash Compensation
Andrew J. Pease	\$275,000	50	% \$137,500	\$412,500
Maxime Bouvat-Merlin	\$210,000	43	% \$90,300	\$300,300
Brian C. Faith	\$195,000	45	% \$87,750	\$282,750
Ralph S. Marimon	\$210,000	40	% \$84,000	\$294,000
Timothy Saxe	\$195,000	45	% \$87,750	\$282,750

Cash Incentive Compensation

2014 Bonus Plan

Under our 2005 Executive Bonus Plan (the “Bonus Plan”), our NEOs participate in a performance-based cash incentive compensation plan. Our Bonus Plan is a pay for performance plan that places each NEO’s incentive compensation at risk. Our Bonus Plan is intended to: (i) increase stockholder value and the success of the Company by motivating key employees to perform to the best of their abilities and achieve or exceed the Company’s objectives; and (ii) to reward achievement of the Company’s short-term and long-term business goals. Certain performance thresholds must be achieved before our NEOs earn incentive compensation under the Bonus Plan payouts. In addition, the Bonus Plan increases bonus incentive awards when performance exceeds Bonus Plan objectives. Under the Bonus Plan, our NEOs are eligible to earn cash bonus incentive compensation based upon achieving certain quarterly performance goals and objectives relating to the Company. We have designed our Bonus Plan with the intent of encouraging NEOs to rise to a high level of performance and to motivate performance in line with the Company’s approved operating plan. The Company’s operating plan is developed by management and reviewed and approved by our Board on an annual basis. Achievement of the objectives set forth in the operating plan requires significant effort and skillful execution, because these objectives are intended to be challenging in order to foster the growth and development of QuickLogic. Likewise, the performance goals established under the Bonus Plan are intended to be greatly challenging and require very high levels of performance to achieve at target levels. The Committee has discretion to increase, reduce or eliminate bonuses under the Bonus Plan. However, it did not use such discretion in determining the bonuses for 2014.

The Committee establishes quarterly and annual performance goals and objectives for the Bonus Plan. The Committee believes that setting performance metrics on both a quarterly and annual basis enables the Committee to prioritize critical objectives under the Company’s annual operating plan while providing for flexibility to respond rapidly to changing business needs during the year by setting some of the performance goals on a quarterly basis. Bonuses, if any, were accrued quarterly and payable annually.

In December 2013, the Committee established the target bonuses and performance objectives under the Bonus Plan for 2014. The Committee determined that the primary business objectives for 2014 were to achieve the new product revenue, annual gross margin, and roadmap milestone objectives set forth in the Company’s annual operating plan. New product revenue growth remained an important objective due to the strategic importance of our new products. Accordingly, the Committee determined that 80% of the annual new product revenue goal must be achieved in order for any bonus to be paid. Annual new product revenue in excess of 100% to 125% of the revenue objective earned a bonus multiplier of 1.25 and annual new product revenue in excess of 125% earned a bonus multiplier of 1.5. Bonuses for the achievement of annual roadmap milestone objectives were categorized into two elements. The weighting of the performance goals was 50% for the achievement of new product revenue, 25% for gross margin and 25% for milestone objectives.

2014 Bonus Plan Results

Eighty percent of the annual new product revenue goal was not achieved during 2014; therefore, there were no bonus incentive payouts for our NEOs under the Bonus Plan for 2014.

Equity-Based Compensation

The Committee believes that equity awards are an essential component of executive compensation. Equity awards are subject to vesting provisions to encourage our NEOs to remain employed with the Company and to align their interests with the long-term interests of our stockholders.

Our NEOs generally receive an equity award, approved by the Committee or the Board of Directors, when they join the Company. During each fiscal year, the Committee may grant our NEOs additional stock options or other equity awards. The Committee determines the equity awards made to the President and Chief Executive Officer in light of executive compensation survey information for the Compensation Peer Group and the relative size of our other NEO grants. The Committee also takes into consideration the President and Executive Officer’s relative responsibility, performance and anticipated future contribution to Company performance. The Committee receives recommendations from the President and Chief Executive Officer on the amounts and terms of equity compensation to be awarded to the

other NEOs. The Chief Executive Officer's recommendations are based on the Company's Compensation Peer Group survey in addition to each NEO's anticipated future performance, responsibilities and potential impact on Company results. The Committee takes these factors as well as the compensation Peer Group data into account when approving such awards.

The Committee also reviews prior equity awards to each NEO, including the number of shares that continue to be subject to vesting under prior option grants, in determining the size of option grants to each of our NEOs. Stock options are granted with an exercise price per share equal to the closing market price of the Company's common stock on the date of grant. In December 2014, the Committee, following the above procedures, granted a mix of 75% stock options and 25% restricted stock units, or RSUs, to our NEOs. The stock option awards vest over a period of four years with the initial 25% vesting one year from the grant date and the remainder on a monthly basis thereafter. The RSU awards vest over four years with the initial 25% vesting one year from the grant date and the remainder every six months thereafter. Each officer must remain employed on the vesting date to vest in the option. Equity incentive grants to our NEOs in 2014 are reflected in the Summary Compensation Table and the Grants of Plan-Based Awards table of this Proxy Statement. Each officer must remain employed on the vesting date to vest in the equity award. The equity awards granted to the NEOs resulted in equity compensation at approximately the 25th percentile as compared to the Compensation Peer Group with respect to each NEO.

The equity awards granted to our NEOs in 2014 were as follows:

Name	Stock Options (Number of Options Granted)	Restricted Stock Units ⁽¹⁾ (Number of Shares Granted)
Andrew J. Pease	58,300	11,600
Maxime Bouvat-Merlin	33,500	6,700
Brian C. Faith	44,200	8,800
Ralph S. Marimon	46,000	9,100
Timothy Saxe	27,400	5,400

⁽¹⁾ The RSUs reported in this column do not include the RSUs received by each NEO as payment in lieu of cash of 50% of the bonus award earned in 2013 and paid in February 2014.

Stock-based Policies

We do not currently have any equity or other security ownership policy that mandates ownership of certain amounts of our common stock by our NEOs. Under our insider trading policy, directors, officers or employees are not allowed to margin the Company's securities, use the Company's securities as collateral to purchase the Company's securities or the securities of any other issuer, short sell Company securities, either directly or indirectly, or trade in derivative securities related to the Company's securities.

Change of Control Severance Arrangements

Consistent with our goals to attract and retain highly qualified executive officers and maintain a competitive executive compensation program, we previously entered into change of control agreements with each of our NEOs. These arrangements provide for certain "double trigger" severance benefits in connection with our change of control, as discussed in detail under the heading "Change of Control Agreements" below. It is expected that from time to time we may consider the possibility of a corporate transaction such as a change of control. These transactions may be a distraction to our NEOs and can cause our NEOs to consider alternative employment opportunities. We entered into these change of control agreements in order to better ensure their continued dedication and objectivity notwithstanding the possibility or threat of a change of control, provide incentive for the NEO to continue employment with us and maximize stockholder value, and provide the NEO with enhanced financial security in these specified circumstances. The Committee believes that these change of control severance benefits are appropriate and reasonable as they are provided only upon an involuntary termination in connection with a change of control and do not become payable merely upon the occurrence of our change of control; provide for no tax gross-up or other excessive benefits to the NEOs; and are subject to the condition that the NEO agree to a release of claims in our favor. These benefits generally do not affect the Committee's decisions regarding other elements of compensation.

Executive Perquisites

The Company's NEOs are eligible to participate in the Company's 401(k) Plan, the Company's stockholder approved equity incentive plans and other benefits available generally to other employees of the Company. Messrs. Pease and

Saxe each receive a car allowance. Messrs. Bouvat-Merlin, Faith and Marimon do not receive car allowances. Our NEOs do not receive club memberships, personal use of corporate aircraft, or any other perquisites or personal benefits other than nominal gifts.

Tax Considerations

Our Board has reviewed the impact of tax and accounting treatment on the various components of our executive compensation program and has determined that limitations on deductibility of compensation may occur under Section 162(m) of the Internal Revenue Code, which generally limits the tax deductibility of compensation paid by a public company to its chief executive officer and other highly compensated executive officers to one million dollars per year. There is an exception to the limit on deductibility for performance-based compensation that meets certain requirements.

Although deductibility of compensation is preferred, tax deductibility is not a primary objective of our compensation programs, due in part to the large net operating loss carry forward available to the Company for tax reporting purposes. We believe that achieving the compensation objectives discussed earlier is more important than the benefit of tax deductibility and our executive compensation programs may, from time to time, limit the tax deductibility of compensation.

Equity Incentive Grant Policies

The Committee administers our equity-based plans, although either our Board or the Committee may grant stock options or other equity awards to our NEOs. During 2014, equity awards for our NEOs were granted by the Committee. All of the grants made to date are in the form of RSUs or stock options. Our NEOs are generally granted equity awards when they join the Company and they may receive additional equity grants as part of a refresh grant, upon promotion or for individual performance. Our President and Chief Executive Officer recommends the timing, size and terms of equity awards for NEOs other than himself, although the Committee is not obligated to approve these recommendations. Individual grants are based on position, individual performance, expected contribution and market data for similar positions, if available.

The Compensation Committee has implemented certain general policies relating to grants of stock options, RSUs and other awards, which policies apply to our NEOs. Specifically, the Committee has determined that stock options shall be granted on: (i) the second and fourth Thursdays of the Company's fiscal month (each a "Regular Grant Date"), or on the date the last director or Committee member approves such grants if not approved prior to the Regular Grant Date; (ii) on the date of a pre-scheduled Board of Directors or Committee meeting; or (iii) on such other date established by the Board of Directors or Committee. The Company intends that future equity awards be made on a similar schedule. Option grants or other equity awards to NEOs may be approved at a properly constituted meeting of the Board of Directors or Committee or by the unanimous written consent of the directors or Committee members. Generally, our unanimous written consents are executed electronically, to ensure the date of approval is certain. All required documentation, including the list of recommended equity awards by recipient and the terms of the award, are sent to the Board of Directors or Committee prior to the meeting. The Committee believes that this practice will ensure that the exercise price of the options or other awards are based on the fair market value of our common stock on the date of grant and that the approval process results in grants made on a planned grant date. We have not and do not plan in the future to coordinate the timing of the release of material non-public information for the purpose of affecting the value of executive compensation (including equity award grants).

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with our management.

Based on the Compensation Committee's review and discussion noted above, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement on Schedule 14A.

MEMBERS OF THE COMPENSATION COMMITTEE

Gary H. Tauss (Chairman since September 2004)

Michael R. Farese (member since August 2014)

Daniel A. Rabinovitsj (member since January 2015)

Christine Russell (member since February 24, 2010)

SUMMARY COMPENSATION TABLE

For Fiscal Years Ended December 28, 2014, December 29, 2013 and December 30, 2012

The following table sets forth 2014, 2013 and 2012 compensation information for: (i) the President and CEO; (ii) the Chief Financial Officer; and (iii) three other executive officers of QuickLogic, who, based on their total compensation, were the most highly compensated in 2014 (collectively, the “NEOs”).

(a)	(b)	(c)	(d)	(e)	(f)	(g)	(h)	(i)	(j)
