expectations for the third quarter and streamlining of the Tupperware U.S. business. A copy of the release is attached as Exhibit 99.1.

Item 2.05 Costs Associated with Exit or Disposal Activities.

On September 30, 2004, Tupperware Corporation (the Company) committed to a workforce restructuring plan in its Tupperware United States business. The business model associated with the implementation of a change in the Company's U.S. sales force compensation plan allows for a reduction in company-performed tasks necessary to support the business, primarily in the sales and marketing area. The resulting streamlined organization will be appropriate under the revised business model and for the current sales level. This action will result in the elimination 28 staffed positions and several others currently open. Pretax cash severance payments will total approximately \$900,000 and be paid out beginning in the fourth quarter of 2004 and extending into the second quarter of 2005. An additional \$100,000 will also be paid for outplacement assistance, primarily in the fourth quarter. Following this action, annualized cost savings of approximately \$2.7 million are expected to be realized.
